"Live Free or Die"

From a statement made by Gen. John Stark in a letter of July 31, 1809, became NH's official motto by act of the General Court in 1945 ..... (Laws of New Hampshire, 1945, Chapter 152, p.199). We do not know where the letter is, but we have the information from a letter of 1810 asking General Stark again to attend a reunion dinner with veterans of the Battle of Bennington. The letter is at the NH Historical Society as of Feb. 12, 2007, per information of NHHS Librarian William Copeley.

Perambulations **See under Individual Town Entries** V45
[The earliest NH Law pertaining to perambulation that we've found is June 8, 1686]
Prior to 1969 town selectmen were required to record the returns of perambulation in the record books of the respective towns.
Under Chapter 67 of 1969 the requirement was changed to filing the returns with the Secretary of State.
The "Perambulation Records" of the New Hampshire State Archives collection start in the late 1960s with a scattering of earlier returns added in.
Note:
As of May 2005 Brian Nelson Burford has counted 624 distinct town lines of which 589 run over land. Between 1996 and April 2005 the Archives had acknowledged receipt of 132 perambulations. Dividing the 132 by 111 months averaged 14 perambulations per year received. This suggests that 16-17% of town lines are perambulating in each seven year period. These calculations were done in response to testimony on HB70 in(2005) which suggested abandoning the need for perambulations. [See The TBM: Newsletter of the NHLSA (May 2005), p.9-13]

Most of these manuscripts were once a part of a series of scrapbooks assembled by John Farmer in the 1830s and entitled "State Papers" which is how they are referenced in the New Hampshire State Papers volumes. The scrapbooks were dissembled around 1978 and their documents were placed in this and other collections according to types of documents they are.
An index and database of information was created by St. Anselm College Intern Katelyn Giovino in January-May 2003. The database is in ACCESS under Personal Papers. Ms. Giovino read all the papers, placed them into new acid-free folders and back into the two original document cases in chronological order.
