THE STATE OF NEW HAMPSHIRE
DEPARTMENT OF TRANSPORTATION

106

CHRISTOPHER D. CLEMENT, SR.
COMMISSIONER

JEFF BRILLHART, P.E.
ASSISTANT COMMISSIONER

Bureau of Construction
April 22, 2013

Her Excellency, Governor Margaret Wood Hassan
and the Honorable Council
State House
Concord, New Hampshire 03301

REQUESTED ACTION

1. Authorize the Department of Transportation to enter into a contract with Pike Industries, Inc. (Vendor 177300) of Belmont, NH on the basis of a low bid of $2,972,302.43 for pavement rehabilitation on 3.75 miles NH Route 12 in Westmoreland, from the date of Governor and Council approval through June 27, 2014 unless extended by the Department in accordance with the Standard Specifications. 100% Federal Funds.

Funding is available as follows:	FY 2013
04-96-96-963515-3054	
Consolidated Federal Aid	
400-500870 Highway Contract Payments	$2,972,302.43

2. Further authorize that a contingency in the amount of $297,230.24 be approved for payment of latent conditions, which may appear during the construction of the project. The contingency requested is 10% of the contract amount.

Funding is available as follows:	FY 2013
04-96-96-963515-3054	
Consolidated Federal Aid	
400-500870 Highway Contract Payments	$297,230.24

EXPLANATION

This project is part of the 2013 Secondary System Reclamation/Rehabilitation Program (SSRR). The project involves two different paving treatments including reclaiming and repaving (5") along 3 miles, and a 1.5" overlay along a central section that was reconstructed after 2007 floods. The work also involves guardrail replacement, minor bridge deck rehabilitation at 3 bridges and minor drainage work. The purpose of this project is to repair and extend the life of the pavement.

JOHN O. MORTON BUILDING • 7 HAZEN DRIVE • P.O. BOX 483 • CONCORD, NEW HAMPSHIRE 03302-0483
TELEPHONE: 603-271-3733 • FAX: 603-271-1558 • TDD: RELAY NH 1-800-735-2964 • INTERNET: WWW.NHDOT.COM

The contingency amount of 10% of the contract amount is proposed to account for: (1) a large quantity of paving to be performed during a time of unpredictable fuel and asphalt prices, (2) an indeterminate amount of bridge work, because the true extent of deck repairs on the three bridges is unknown until the decks are exposed, (3) the fact that the project will extend over two construction seasons, and (4) traffic control associated with the project.

The Contractor has been prequalified by this Department. The Contract has been approved by the Attorney General as to form and execution, and the Department has certified that the necessary funds are available. Copies of the fully executed contract are on file at the Secretary of State's Office and the Department of Administrative Service's Office, and subsequent to Governor and Council approval will be on file at the Department of Transportation.

This project funding is 80% federal funds with 20% state match. Turnpike toll credit is being utilized for match requirements, effectively using 100% federal funds.

A copy of the Tabulation of Bids received for this project is attached along with the Contract Supplemental Sheet and a map indicating the location of the project.

Sincerely,

Christopher D. Clement, Sr.
Commissioner

CDC/md

Department Estimate:	$3,171,862.60
Contract Amount:	$2,972,302.43
Under Estimate:	$ 199,560.17

SUPPLEMENTAL PROJECT INFORMATION SHEET

DESCRIPTION: This project is located on NH Route 12 in Westmoreland and is part of the 2013 Secondary System Reclamation / Rehab Program (SSRR). Work will begin just north of the intersection with NH Route 63 and proceed southeasterly 3.75 miles, ending at South Village Road.

Two different pavement treatments are recommended over three segments. The first 1.5-mile section, between NH 63 and Aldrich/Capron Road, and the last 1.6-mile section, from 1300' east of Goodrums Cross Road to South Village Road (in East Westmoreland), will be reclaimed, re-graded to specified superelevations, and repaved with 5 1/2" of pavement. The middle 0.7-mile section, between Aldrich/Capron Road and 1300' east of Goodrums Cross Road, will only require a 1.5" overlay having been reconstructed after the 2007 flood.

Additional work includes guardrail replacement, three bridge deck rehabilitations, and minor drainage work just north of the NH 63 intersection.

FEDERAL FUNDING: Construction funding is 80% Federal Funding utilizing Turnpike Toll credits as the State's 20% match. Roadway rehabilitation funds are from the Statewide Federal Secondary System Reclamation / Rehab Program. Bridge rehabilitation funds are from the Federal Bridge Rehabilitation, Preservation & Improvement (FRBPI formerly BRPPI) Program fund.

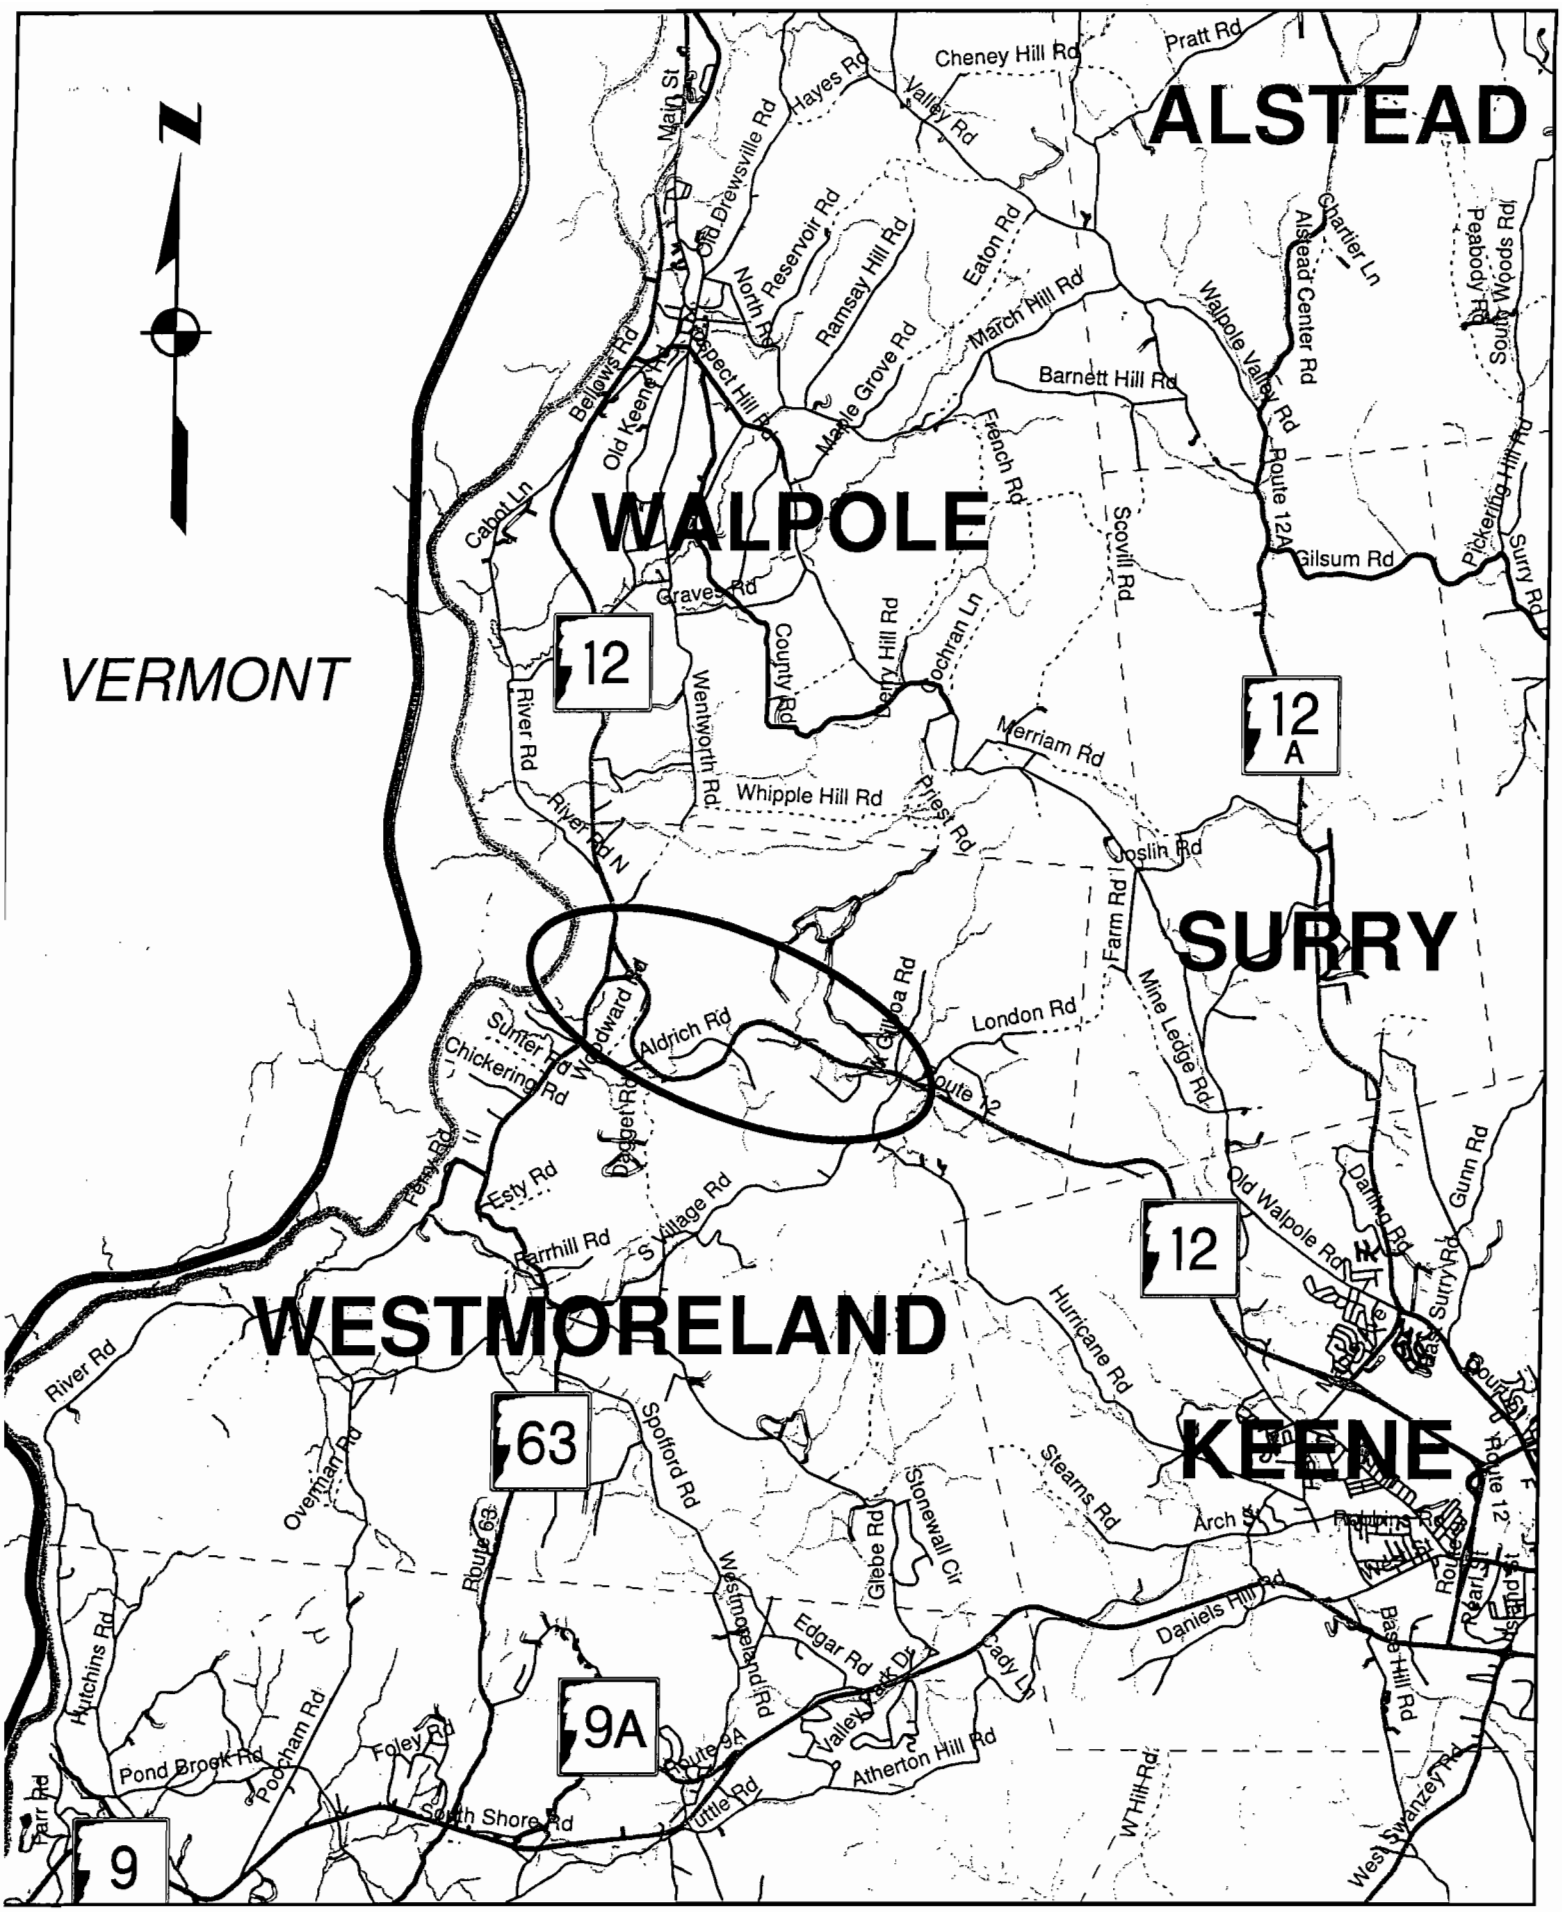
CONTINGENCY: A contingency amount of 10% of the contract amount is proposed to account for: (1) A large quantity of paving to be performed during a time of unpredictable fuel and asphalt prices, (2) An indeterminate amount of bridgework, because the true extent of deck repairs on the three bridges is unknown until the decks are exposed, (3) the fact that the project will extend over two construction seasons, and (4) traffic control associated with the project.

PROJECT INITIATED: State's 10-Year Transportation Improvement Program.

PROJECT EXPLANATION: The primary focus of this project is to extend the life of the pavement.

TRAFFIC IMPLICATIONS: To promote safer working conditions within the construction zone, the legal posted speed will be reduced in work zones using automated trailer-mounted speed signs. The Department anticipates replacement of the guardrail along this corridor using traffic shifts (maintaining two-lanes of traffic), and is requiring that paving efforts within the travel way be completed utilizing lane closures with alternating one-way traffic. The proposed three-phase bridgework will be completed utilizing lane closures with signalized alternating one-way traffic.

FINAL COMPLETION DATE: June 27, 2014



WESTMORELAND 15867
