EXPLANATION

Improper disposal of household hazardous waste may leach toxic chemicals into water supplies, rivers, ponds and farmland, thereby endangering public health and the environment. Of particular concern is the danger of contaminating groundwater used for drinking water supplies. The Legislature, under RSA 147-B:6, established a program to grant monies to municipalities or their authorized representatives to partially fund household hazardous waste collection projects. Funding is determined on a per capita basis. A grantee is required to match the funds received from the state.

The grant agreement specifies that collection projects will be conducted by a New Hampshire registered hazardous waste transporter and that all waste collected at the project site be transported, at the end of the

day, to an authorized hazardous waste facility for proper disposal. DES will make payment to a grantee upon successful completion of the project as defined in the agreement. In October of 2012, communities were notified that grant funds were available and that applications would be accepted for assisting with household hazardous waste disposal projects in FY 2014. A total of 24 applications were submitted to the household hazardous waste program for consideration. Although this is a competitive grant program, the FY 2014 budget is sufficient to allow funding for all applicants this fiscal year. A list of household hazardous waste grant fund applicants for FY 2014 is provided as Attachment 1.

The grant agreements have been approved by the Office of the Attorney General as to form, substance and execution.

We respectfully request your approval.

Commissioner

3. Grantee expenses not directly associated with the Project shall not be reimbursable by the Department. the Grantee agrees that no Grant Monies shall be paid by the Department unless and until the Department has reviewed and determined that such costs or expenditures qualify for funding under the terms of this agreement, and all applicable state and federal requirements; provided that the Department's payment of funds to the Grantee shall not be construed as a waiver of any past, present or future right, claim or cause of action related to the performance of this agreement or any applicable state or federal law.

7. The Grantee agrees to submit an invoice to the State for the Grant Monies specified in this agreement. Said invoice shall be submitted to the NH Department of Environmental Services, 29 Hazen Drive, Concord, NH 03301-6509.

EXHIBIT C

11.2.3 set off against any other obligation the State may owe to the Grantee any damages the State suffers by reason of any Event of Default; and
11.2.4 treat the agreement as breached and pursue any of its remedies at law or in equity, or both.

Successful completion shall mean that (1) the Grantee has fulfilled the terms and conditions of this agreement, (2) the Grantee's accounting records, submitted to the Department have been reviewed by the Department, (3) the contractor has fulfilled the terms and conditions of its contract with the Grantee, and (4) the State has received and reviewed all Project manifest forms required in accordance with this contract and all applicable state and federal requirements. No Grant Monies shall be paid to the Grantee until the Department has determined that all the Project's collected hazardous wastes have been delivered to a permitted hazardous waste facility and the Department has reviewed the handling, transportation, and storage, treatment, recycling and/or disposal of the Project's collected hazardous wastes for compliance with applicable state and federal requirements. Said requirements shall include RSA 147-A, Chapter Env-Wm 100 through Chapter Env-Wm 1000, and those of the state(s) through which and to which the waste has been sent. 3. Grantee expenses not directly associated with the Project shall not be reimbursable by the Department. Only costs that otherwise would not have been spent by the Grantee were it not for the Project, and the Grantee's coordination thereof, shall be reimbursed by the Department. Nonreimbursable items shall include, but not be limited to, the following: employee benefits, payroll taxes, insurance, rent, utilities, dues, and depreciation.

4. The Grantee agrees to expend monies on the Project in an amount not less than the Project's Grant Monies, in fulfillment of the matching requirement set forth in RSA 147-B:6, I-a and in Part Env-Wm 1003.

5. The Grantee agrees to pay for all Project costs beyond the amount of Grant Monies.

6. Prior to the Department's awarding of the Grant Monies specified in this agreement, the Grantee agrees to provide the Department with records showing an accounting for all monies spent and/or costs incurred from the Project, including the Project's Grant Monies. Further,
the Grantee agrees that no Grant Monies shall be paid by the Department unless and until the Department has reviewed and determined that such costs or expenditures qualify for funding under the terms of this agreement, and all applicable state and federal requirements; provided that the Department's payment of funds to the Grantee shall not be construed as a waiver of any past, present or future right, claim or cause of action related to the performance of this agreement or any applicable state or federal law.

7. The Grantee agrees to submit an invoice to the State for the Grant Monies specified in this agreement. Said invoice shall be submitted to the NH Department of Environmental Services, 29 Hazen Drive, Concord, NH 03301-6509.

EXHIBIT C

1. The State reserves the right to audit the Grantee's expenditures for the Project and to retract and/or seek reimbursement for Grant Monies paid to the Grantee whenever, subsequent to payment of Grant Monies, it becomes known that any of the terms and conditions of this agreement were, in fact, not fulfilled.

   c. That the contractor must have all necessary permits and licenses to handle and transport hazardous wastes in New Hampshire and other states associated with the conduct of the project;

   d. That the contractor may not assign or subcontract any of the duties to be performed under the contract without prior written approval by the Grantee and by the Department. The Department's payment of funds to the Grantee shall not be construed as a waiver of any past, present or future right, claim, or cause of action related to the performance of this agreement or the enforcement of any applicable State of federal law;

h. That the contractor shall adhere to a work plan and a site safety plan, such plans to be reviewed by the Department and to be set forth as exhibits within the hazardous waste collection contract;

7. The Grantee shall allow the Department to have access to and conduct any monitoring of the Project deemed necessary by the Department to ensure its compliance with the terms of the contract and with state and federal statutes and regulations.

EXHIBIT B
Method of Payment

1. The State agrees to pay the Grantee the Grant Monies upon the successful completion of the Project. Successful completion shall mean that (1) the Grantee has fulfilled the terms and conditions of this agreement, (2) the Grantee's accounting records, submitted to the Department have been reviewed by the Department, (3) the contractor has fulfilled the terms and conditions of its contract with the Grantee, and (4) the State has received and reviewed all Project manifest forms required in accordance with this contract and all applicable state and federal requirements. No Grant Monies shall be paid to the Grantee until the Department has determined that all the Project's collected hazardous wastes have been delivered to a permitted hazardous waste facility and the Department has reviewed the handling, transportation, and storage, treatment, recycling and/or disposal of the Project's collected hazardous wastes for compliance with applicable state and federal requirements. Said requirements shall include RSA 147-A, Chapter Env-Wm 100 through Chapter Env-Wm 1000, and those of the state(s) through which and to which the waste has been sent. However, the payment of funds to the Grantee shall not be construed as a waiver by the Department of any past, present or future right, claim or cause of action related to the performance of this agreement of the enforcement of all applicable state or federal laws.

2. Upon fulfillment of the terms and conditions of this contract, including all of the conditions of a successful completion of the Project, the Department shall pay to the Grantee Grant Monies in the amount not to exceed **$5,860.** This amount is based on a rate of **$0.177 per capita** and on a population base of **33,109** to be made to the Grantee within 30 days of either the Department's receipt of the Grantee to be served by this Project. However, in no case shall the Department pay more than fifty percent (50%) of the total costs of the Project. Payment shall be made to the Grantee within 30 days of either the Department's receipt of the Grantee's invoice or the Department's determination that the Project has been successfully completed in accordance with this contract, whichever is later.

3. Grantee expenses not directly associated with the Project shall not be reimbursable by the Department. Only costs that otherwise would not have been spent by the Grantee were it not for the Project, and the Grantee's coordination thereof, shall be reimbursed by the Department. Nonreimbursable items shall include, but not be limited to, the following: employee benefits, payroll taxes, insurance, rent, utilities, dues, and depreciation.

4. The Grantee agrees to expend monies on the Project in an amount not less than the Project's Grant Monies, in fulfillment of the matching requirement set forth in RSA 147-B:6, I-a and in Part Env-Wm 1003.

5. The Grantee agrees to pay for all Project costs beyond the amount of Grant Monies.

6. Prior to the Department's awarding of the Grant Monies specified in this agreement, the Grantee agrees to provide the Department with records showing an accounting for all monies spent and/or costs incurred from the Project, including the Project's Grant Monies. Further,
the Grantee agrees that no Grant Monies shall be paid by the Department unless and until the Department has reviewed and determined that such costs or expenditures qualify for funding under the terms of this agreement, and all applicable state and federal requirements; provided that the Department's payment of funds to the Grantee shall not be construed as a waiver of any past, present or future right, claim or cause of action related to the performance of this agreement or any applicable state or federal law.

7. The Grantee agrees to submit an invoice to the State for the Grant Monies specified in this agreement. Said invoice shall be submitted to the NH Department of Environmental Services, 29 Hazen Drive, Concord, NH 03301-6509.

EXHIBIT C
Special Provisions

1. The State reserves the right to audit the Grantee's expenditures for the Project and to retract and/or seek reimbursement for Grant Monies paid to the Grantee whenever, subsequent to payment of Grant Monies, it becomes known that any of the terms and conditions of this agreement were, in fact, not fulfilled.

2. Paragraph 15 of the General Provisions is amended in that the parties intend the Grantee to retain a Contractor in accordance with Exhibit A of this agreement.

3. Grantee expenses not directly associated with the Project shall not be reimbursable by the Department. the Grantee agrees that no Grant Monies shall be paid by the Department unless and until the Department has reviewed and determined that such costs or expenditures qualify for funding under the terms of this agreement, and all applicable state and federal requirements; provided that the Department's payment of funds to the Grantee shall not be construed as a waiver of any past, present or future right, claim or cause of action related to the performance of this agreement or any applicable state or federal law.

7. The Grantee agrees to submit an invoice to the State for the Grant Monies specified in this agreement. Said invoice shall be submitted to the NH Department of Environmental Services, 29 Hazen Drive, Concord, NH 03301-6509.

the Grantee agrees that no Grant Monies shall be paid by the Department unless and until the Department has reviewed and determined that such costs or expenditures qualify for funding under the terms of this agreement, and all applicable state and federal requirements; provided that the Department's payment of funds to the Grantee shall not be construed as a waiver of any past, present or future right, claim or cause of action related to the performance of this agreement or any applicable state or federal law.

7. The Grantee agrees to submit an invoice to the State for the Grant Monies specified in this agreement. Said invoice shall be submitted to the NH Department of Environmental Services, 29 Hazen Drive, Concord, NH 03301-6509.
