Dept. of Safety Office of the Commissioner "Grants to Local (State) Gov't – Federal"

Homeland State Agency Grants \$103,600.00

Explanation

This grant award from the FFY 2011 Homeland Security Grant program to the Department of Health and Human Services would provide for the continuation of the initial exercise work completed under the 2010 Homeland Security grant award. This award would fund the design, implementation and evaluation of higher-level functional exercises in each of the 13 Public Health Regions, in order to assess their operational proficiency in providing low-flow oxygen in Alternate Care Sites and Mass Care Shelters. A stipend would allow for a regional private sector oxygen vendor to act as technical consultants and participate in each of the exercises. The exercises would include two certified evaluators, materials and supplies for participants, backfill support for local Emergency Medical Service personnel, and Metropolitan Medical Response System deployment.

This State Agency award is funded as part of the Federal Fiscal Year 2011 Department of Homeland Security Grant Program allocation to assist State agencies in securing their State and communities by participating in or purchasing training, equipment, and exercising to prevent, respond to, and recover from potential acts of terrorism and other potential disasters. Eligibility is based upon federal first responder criteria, grant specific criteria, responsibilities for the State's Emergency Support Functions, and inclusion in the State's emergency prevention, response, recovery, critical infrastructure, and mitigation framework.

Highway Funds or General Funds will not be used should Federal Funds become unavailable.

Respectfully submitted,

John J. Barthelmes Commissioner of Safety

Grant Terms and Conditions 2011

NOTE: The grant terms and conditions must be submitted with grant application

- Allowable Costs: The allowability of costs incurred under any grant shall be determined in accordance with the general principles of allowability and standards for selected cost items as set forth in the applicable OMB Circulars and the FFY 2011 U.S. Department of Homeland Security, Grant Program Guidance and Application Kit.
- 2. Freedom of Information Act (FOIA): FEMA recognizes that much of the information submitted in the course of applying for funding under this program or provided in the course of its grant management activities may be considered law enforcement sensitive or otherwise important to national security interests. While this information under Federal control is subject to requests made pursuant to the Freedom of Information Act (FOIA), 5. U.S.C. §552, all determinations concerning the release of information of this nature are made on a case-by-case basis by the FEMA FOIA Office, and may likely fall within one or more of the available exemptions under the Act. The applicant is encouraged to consult its own State and local laws and regulations regarding the release of information, which should be considered when reporting sensitive matters in the grant application, needs assessment and strategic planning process. The applicant may also consult FEMA regarding concerns or questions about the release of information under State and local laws. The grantee should be familiar with the regulations governing Sensitive Security Information (49 CFR Part 1520), as it may provide additional protection to certain classes of homeland security information.
- 3. Americans with Disabilities Act of 1990 (ADA): The sub grantee must comply with all requirements of the Americans with Disabilities Act of 1990 (ADA), as applicable.
- 4. <u>Integrating Individuals with Disabilities into Emergency Planning:</u> Section 504 of the Rehabilitation Act of 1973, as amended, prohibits discrimination against people with disabilities in all aspects of emergency mitigation, planning, response, and recovery by entities receiving financial assistance from FEMA. In addition, Executive Order #13347, "Individuals with Disabilities in Emergency Preparedness" signed in July 2004, requires the Federal Government to support safety and security for individuals with disabilities in situations involving disasters, including earthquakes, tornadoes, fires, floods, hurricanes, and acts of terrorism. Executive Order 13347 requires the Federal government to encourage consideration of the needs of individuals with disabilities served by State, local, and tribal governments in emergency preparedness planning.

FEMA has several resources available to assist emergency managers in planning and response efforts related to people with disabilities and to ensure compliance with Federal civil rights laws:

Comprehensive Preparedness Guide 301 (CPG-301): Interim Emergency Management Planning Guide for Special Needs Populations: CPG-301 is designed to aid tribal, State, territorial, and local governments in planning for individuals with special needs. CPG-301 outlines special needs considerations for: Developing informed Plans; Assessments and Registries; Emergency Public Information/Communication; Sheltering and Mass Care; Evacuation; Transportation; Human Services/Medical Management; Congregate Settings; Recovery; and Training and Exercises. CPG-301 is available at http://www.fema.gov/pdf/media/2008/301.pdf.

Guidelines for Accommodating Individuals with disabilities in Disaster: The Guidelines synthesize the array of existing accessibility requirements into a user friendly tool for use by response and recovery personnel in the field. The Guidelines are available at http://www.fema.gov/oer/reference/.

Disability and Emergency Preparedness Resource Center: A web-based "Resource Center" that includes dozens of technical assistance materials to assist emergency managers in planning and response efforts related to people with disabilities. The "Resource Center" is available at http://www.disabilitypreparedness.gov.

Lessons Learned Information Sharing (LLIS) resource page on Emergency Planning for Persons with Disabilities and Special Needs: This resource page provides more than 250 documents, including lessons learned, plans, procedures, policies, and guidance, on how to include citizens with disabilities and other special needs in all phases of the emergency management cycle. LLIS.gov is available to emergency response providers and homeland security officials from the Federal, State, and local levels. To access the resource page, log onto http://www.LLIS.gov and click on Emergency Planning for Persons with Disabilities and Special Needs under Featured Topics.

Recipient must comply with all conditions placed on the project as the result of the EHP review. Any change to the approved project scope of work will require re-evaluation for compliance with these EHP requirements. If ground disturbance activities occur during project implementation, the recipient must ensure monitoring of ground disturbance and if any potential archeological resources are discovered, the recipient will immediately cease construction in that area and notify FEMA and the appropriate State Historic Preservation Office. Any construction activities that have been initiated prior to the full environmental and historic preservation review could result in non-compliance finding. For your convenience, here is the screening form link: (The Screening From is available at: (www.fema.gov/doc/government/grant/bulletins/info329 final screening memo.doc). For these types of projects, grantees must complete the FEMA EHP Screening Form (OMB Number 1660-0115/FEMA Form 024-0-01) and submit it, with all supporting documentation, to the GPD EHP team at GPDEHPinfo@fema.dhs.qov for review.
