### Requested Action

Pursuant to RSA 21-P:43, the Department of Safety, Division of Homeland Security and Emergency Management requests authorization to enter into a grant agreement with the Town of Amherst (VC#177351-B001) for the purchase of a portable emergency message board for a total amount of \$7,713.00. Effective upon Governor and Council approval through September 30, 2013. Funding source: 100% Federal Funds.

Funding is available in the SFY 2013 operating budget as follows:

02-23-23-236010-80920000	Dept. of Safety	Homeland Sec-Emer Mgmt	100% EMPG Local Match

The grant listed above is funded from the FFY'11 Emergency Management Performance Grant (EMPG), which was awarded to the Department of Safety, Division of Homeland Security and Emergency Management (HSEM) from the Federal Emergency Management Agency (FEMA). The grant funds are to be used to measurably improve all-hazard planning and preparedness capabilities/activities, to include mitigation, preparedness, response, and recovery initiatives at the state and local level. Grant guidance and applications are sent out to all Emergency Management Directors and other qualified organizations in the State. Grantees submit applications to this office, which are reviewed and approved by the HSEM Planning Chief, Assistant Planning Chief and Field Representatives. The criteria for approval are based on grant eligibility in accordance with FFY'11 grant guidance and the documented needs of the local jurisdictions; a copy of this guidance is attached.

The Emergency Management Performance Grants are 50% federally funded by FEMA with a 50% match requirement supplied by the grantee. The grantee acknowledges their match obligation as part of Exhibit A to their grant agreement.

In the event that Federal Funds are no longer available, General Funds and/or Highway Funds will not be requested to support this program.

Respectfully submitted,

**New Hampshire Homeland Security and Emergency Management (NHHSEM)  
Emergency Management Performance Grant (EMPG) Guidance  
FY 2011**

*(Grant Performance Period: Oct. 1, 2010 – Sept. 30, 2013)*

The purpose of the FY 2011 Emergency Management Performance Grant (EMPG) Program is to assist State and Local Governments and other eligible agencies in preparing for all hazards. EMPG focuses on Planning, Organization/Administrative, Equipment, Training, Exercises, Mitigation and Maintenance/Sustainment to enhance and sustain all-hazards emergency management capabilities.

As part of the FY 2011 EMPG Program, DHS-FEMA identified an overarching *priority*:

*Advancing “Whole Community” Security and Emergency Management: “Whole Community” fosters a national emergency management approach and considers all aspects of a community to effectively prepare for, protect against, respond to, recover from, and mitigate against any terrorist attack or natural disaster. As the country experiences threats of terrorist attacks (foreign and domestic) and natural disasters, communities are challenged to develop collective, local abilities to withstand the potential impacts of these events, respond quickly, and recover in a way that sustains or improves the community’s overall well-being. Achieving this collective capacity calls for innovative approaches across the community, including emergency management to build up existing practices, institutions, and organizations that help make local communities successful, and that can leverage this infrastructure if and when an incident occurs.*

**Effectiveness Measures:** As part of the EMPG Program administration, grantees are required to provide quarterly reports that provide sufficient detail for NH HSEM to measure the effectiveness of this grant program and the impact it has state-wide.

**Cost Match:** The EMPG Program has a 50 percent (50%) Federal and 50 percent (50%) Local cost match (cash or in-kind) requirement. Unless otherwise authorized by law, Federal funds cannot be matched with other Federal funds. To meet matching requirements, the grantee contributions must be *reasonable, allowable, allocable, and necessary* under the grant program and must comply with all Federal requirements and regulations.

**Allowable Costs:** EMPG funding is available for projects that fall into the categories of – *Planning, Organization/Administrative, Equipment, Training, Exercises, Mitigation and Maintenance & Sustainment*. The following list of possible projects and activities is meant to guide you in selecting projects for an EMPG grant submission. This list of suggested projects is not intended to be all-inclusive. Local communities or agencies may have other specific projects and activities that reflect specific local needs based on local capability assessments and local hazards.

***Planning***

FY 2011 EMPG Program funds may be used for a range of emergency management planning activities. Planning provides a methodical way to engage the whole community in thinking through the life cycle of potential crises, determining required capabilities, and establishing a framework for roles and responsibilities. Planning must include participation from all stakeholders in the community who are able to contribute critical perspectives and may have a role in executing the plan. Planning should be flexible enough to address incidents of varying types and magnitudes.

**Planning activities may include, but are not limited to, the following:**

- **Create/update your Local Emergency Operations Plan (LEOP) \*\*** consistent with the Comprehensive Preparedness Guide (CPG) 101 v.2 November 2010 which serves as the foundation for State and local emergency planning. CPG 101 can be found at:  
[http://www.fema.gov/pdf/about/divisions/npd/CPG\\_101\\_V2.pdf](http://www.fema.gov/pdf/about/divisions/npd/CPG_101_V2.pdf).
- **Develop/Enhance an All-Hazards Mitigation Plan\*\*** for your community, approvable by the Federal Emergency Management Agency (FEMA).
- Community-based planning to advance “whole community” security and emergency management.
- Modify existing incident management and emergency operations plans.
- Develop/enhance comprehensive emergency management plans.
- Develop/enhance large-scale and catastrophic event incident plans.

- Develop a local debris management plan.
- Develop/enhance a local shelter plan.
- Develop/enhance emergency management and operations plans to integrate citizen/volunteer and other non-governmental organization resources and participation.
- Develop/enhance other response and recovery plans, following the DHS program guidance.

**\*\* A community must have the following two plans in place before NH HSEM will consider funding other projects: an updated LEOP and a FEMA approvable All-Hazards Mitigation Plan. Applicants may apply for funding for these plans in conjunction with other items.**

***Organization/Administrative***

EMPG Program funds may be used for all-hazards emergency management operations, staffing, and other day-to-day activities in support of emergency management. Proposed staffing activities should be linked to accomplishing emergency management-related projects and activities. This grant is project-driven.

- Program evaluations.
- Develop/enhance systems to monitor training programs.

***Equipment***

Allowable equipment categories for the FY 2011 EMPG Program are listed on the web-based version of the Authorized Equipment List (AEL) on the Responder Knowledge Base (RKB), which is sponsored by FEMA at <http://www.rkb.us>. Unless otherwise stated, equipment must meet all mandatory regulatory and/or FEMA-adopted standards to be eligible for purchase using these funds. In addition, agencies will be responsible for obtaining and maintaining all necessary certifications and licenses for the requested equipment.

The **select allowable equipment** includes equipment from the following AEL Categories:

- [04] Information Technology
- [05] Cyber Security Enhancement Equipment
- [06] Interoperable Communications Equipment (see note below)
- [07] Detection Equipment
- [10] Power Equipment (i.e., generators)

If you have questions concerning the eligibility of equipment not specifically addressed in the AEL, they should contact the State EMPG Program Manager for clarification.

**NOTE:** Grantees that are using FY 2011 EMPG Program funds to support emergency communications activities should comply with the *FY 2011 SAFECOM Guidance for Emergency Communication Grants*, including provisions on technical standards that ensure and enhance interoperable communications. Emergency communications activities include the purchase of Interoperable Communications Equipment and technologies such as voice-over-internet protocol bridging or gateway devices, or equipment to support the build out of wireless broadband networks in the 700 MHz public safety band under the Federal Communications Commission Waiver Order. Grantees interested in developing a public safety broadband network in the 700 MHz band in their jurisdictions must adhere to the technical standards set forth in the FCC Waiver Order, or any succeeding FCC orders, rules, or regulations pertaining to broadband operations in the 700 MHz public safety band. The recipient shall also ensure projects support the Statewide Communication Interoperability Plan (SCIP).

***Training***

FY 2011 EMPG Program funds may be used for a range of emergency management-related training activities to enhance the capabilities of State and local emergency management personnel through the establishment, support, conduct, and attendance of training. Exercise activities should follow HSEEP Guidance which can be found at <https://hseep.dhs.gov>. Grantees are encouraged to develop exercises that test their Local EOPs. *Before applying for EMPG funds for an exercise, please contact the State's Exercise/Training Officer on availability for HSEEP funding which is 100% compared to 50% under EMPG.*

**Allowable exercise-related costs include:**

- Overtime and Backfill - The entire amount of overtime costs, including payments related to backfilling personnel, which are the direct result of time spent on the design, development and conduct of exercises are allowable expenses. These costs are allowed only to the extent the payment for such services is in accordance with the policies of the State or unit(s) of local government and has the approval of the State or the awarding agency, whichever is applicable. In no case is dual compensation allowable. That is, an employee of a unit of government may not receive compensation from their unit or agency of government AND from an award for a single period of time (e.g., 1:00 p.m. to 5:00 p.m.), even though such work may benefit both activities.

- Equipment that is purchased for permanent installation and/or use, beyond the scope of exercise conduct (e.g., electronic messaging signs).
- Durable and non-durable goods purchased for installation and/or use beyond the scope of exercise conduct.

***Mitigation***

**Mitigation Activities** may include:

- Brick and mortar projects, such as, installing drainage ditches, enlarging culverts, or installing riprap. No annual maintenance activities allowed, such as brush removal, or drainage clearing.
- Communications activities, such as communications studies, compatibility studies, and/or purchasing of communications equipment for interoperability.

***Maintenance and Sustainment***

The use of FEMA preparedness grant funds for maintenance contracts, warranties, repair or replacement costs, upgrades, and user fees are allowable under all active and future grant awards, unless otherwise noted. Grantees are reminded that **supplanting is not permitted under the EMPG Program**. Maintenance contracts and warranties, repair and replacement costs, upgrades, and/or user fees for equipment that was not originally purchased with preparedness grant funding may not be subsequently paid for with preparedness grant funding.

**Maintenance and Sustainment** may include:

- Maintenance Contracts and Warranties - To increase the useful life of the equipment, FEMA has determined that maintenance contracts and warranties may be purchased using grant funding from one FY to cover equipment purchased with funding from a different FY. The use of grant funding for the purchase of maintenance contracts and warranties must meet the following conditions:
  - Maintenance contracts and warranties may only be purchased for equipment that has been purchased using FEMA preparedness grant funding
  - To avoid supplementing Congressional appropriations for specific programs, maintenance contracts and warranties must be purchased using funds from the same grant program used to purchase the original equipment
  - The term of the maintenance contract or warranty shall not exceed the period of performance of the grant to which the contract is being charged.

*Maintenance and Sustainment*

**Maintenance and Sustainment may include (cont.):**

- Repair and Replacement Costs - The cost of repair and replacement parts for equipment purchased using FEMA preparedness grant funding is an allowable expense
  - Repair and replacement parts may only be purchased for equipment that has been purchased using FEMA preparedness grant funding
  - To avoid supplementing Congressional appropriations for specific programs, repair and replacement parts must be purchased using the same grant program used to purchase the original equipment
- Upgrades - FEMA preparedness grant funding may be used to upgrade previously purchased allowable equipment. For example, if the grantee purchased risk management software with EMPG Program funds in FY 2005 and would like to use FY 2011 grant funding to upgrade the software, this is allowable.
  - Upgrades may only be purchased for equipment that has been purchased using FEMA preparedness grant funding.
  - To avoid supplementing Congressional appropriations for specific programs, upgrades must be purchased using the same grant program used to purchase the original equipment.
- User fees - User fees are viewed as costs for specific services required to maintain and provide continued operation of equipment or systems. An example would be the recurring service fees associated with handheld radios or mobile data computers
  - User fees may only be paid for equipment that has been purchased using FEMA preparedness grant funding
  - To avoid supplementing congressional appropriations for specific programs, user fees must be paid for using the same grant program used to purchase the original equipment.
  - The service time purchased shall not exceed the period of performance of the grant to which the user fee is being charged.

**Unallowable Costs/Items Not Funded**

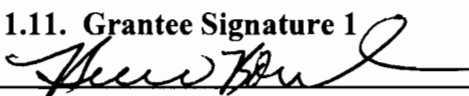

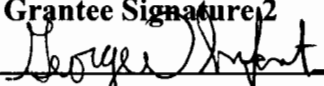

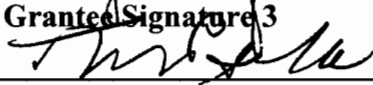

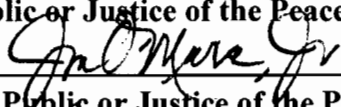

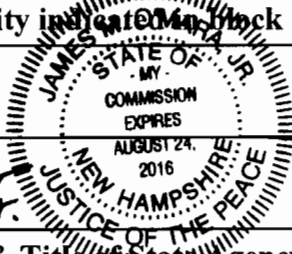

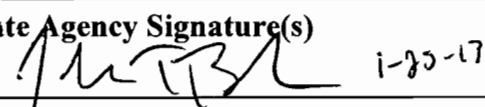

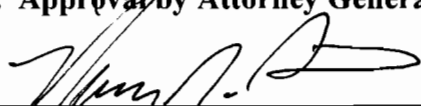

- General administrative projects. Administrative expenses must be directly connected to a specific Emergency Management-related project.
- The same/similar project will not be funded year after year.
- Expenditures for weapons systems and ammunition.
- Costs to support the hiring of sworn public safety officers for the purposes of fulfilling traditional public safety duties or to supplant traditional public safety positions and responsibilities.
- Activities unrelated to the completion and implementation of the EMPG Program.
- Other items not in accordance with the portions of the AEL and allowable costs listed above.

  - 11.2.2 Give the Grantee a written notice specifying the Event of Default and suspending all payments to be made under this Agreement and ordering that the portion of the Grant Amount which would otherwise accrue to the grantee during the period from the date of such notice until such time as the State determines that the Grantee has cured the Event of Default shall never be paid to the Grantee; and

I. Call to Order  
Chairman Bruce Bowler called the meeting to order at 6:35pm. Attendees: Chairman, Bruce Bowler; Vice-Chair, Dwight Brew; Selectmen, Tom Grella, Brad Galinson, George Infanti. Also present: Town Administrator, Jim O'Mara; DPW Director, Bruce Berry; Tax Collector, Gail Stout; Finance Director, Paul Hebert; Zoning Director, Sarah Marchant; Library Director, Amy Lapointe. Members of the Ways & Means Committee. Executive Assistant, Torrey Demanche taking minutes.

II. Pledge of Allegiance George Infanti led us in the Pledge of Allegiance.

IV. Citizens' Forum: Jonathan Prew [REDACTED] He has lived there for the past twenty-nine years. He discusses his property line, from Woodland Drive to the top of the hill, and the reconstruction of Mack Hill Rd. road surfaces. The Town has stated there were no concerns on the west side. He states the Town used excessive fill, which has caused a concern when cars travel past his home. The road was below the wall before construction. You could not see the headlights or the cars passing his house. He now has headlights going through his house. He is trying to come to a resolution for the inconvenience and one resolve would be to add a fence. He does not want a fence and does not believe he should be required to pay for one. He has had the Town Administrator O'Mara to his home to witness the concern. His purpose for coming to the meeting is to put the Town and the Board of Selectmen on notice that he will commence legal proceedings for damages he believes has occurred to his property and his abutting property. He expects the Town to own up to its mistake. Before the work began, the Town cut nineteen of his trees, all on the west side of Mack Hill and on the west side of a stone wall, which is a natural boundary. The Town committed a trespass against him, without compensation. He believes it does not matter if it was an intentional or unintentional mistake. He wants it on record that unless they come to a conclusion, he will proceed with legal action. He has hired a company to install a fence at this expense, because the Town has taken away his property. The Board, Engineers, and DPW should have been aware of this potential problem. He has to protect himself against the Town. He wants to work with the Town Administrator O'Mara for a resolution. Any and all violations of the scenic road will be transferred to the Attorney General's office for their review.

100 Each warrant suggestion is discussed (see listing at the end of these minutes). They discuss  
101 LUCT funds available and the possible uses of placing wording on an Expendable Trust warrant  
102 for the repairs of the building, noting that the Selectmen are agents to expend. They will also  
103 discuss with the DRA to calculate the bottom line of the default budget before they can make  
104 clear decisions on which warrants to keep or amend. We should have the number by the second  
105 week of January. In addition, they discuss the language needed for the warrants and how to  
106 dissolve capital reserve accounts that are stagnant. They discuss the Grant Match Capital Reserve  
107 fund and Disaster Management Expendable Trust fund. Chairman Bowler will be bringing  
108 forward two warrant requests for wage adjustments for Fire and EMS

109 Petition warrants are due January 8<sup>th</sup>. Last day for Public Hearing is January 15<sup>th</sup>.

110

#### 111 VII. Road Work updates

112 DPW Director Berry gave a presentation of the road work and reconstruction completed in the  
113 community over this summer. From start to finish he provided photos of before and after the  
114 projects were completed – Thornton Ferry Road I had 4,825 ft completed with a cost of  
115 \$345,455; Seaverns Bridge Road has 3,950 ft with a cost of \$394,268; Woodbine Lane 884 ft  
116 and \$44,772; Lyndeborough Rd was 4,515 ft at a cost of \$44,772; General Amherst Rd was  
117 2,000 ft for \$221,671; Winding Hollow was 1,415 ft at a cost of \$109,920; Courthouse Rd was  
118 2,235 ft for \$241,852; Pierce Lane was 236 ft for \$12,516 and Boston Post Road was 13,147 ft  
119 for \$506,101. The total construction was 5.7 miles or 30,107 ft for a total cost of \$2,514,428. The  
120 remaining work is loaming and minor regarding work on Courthouse Road and Pierce Lane.  
121 There will be some touch-up work on General Amherst Rd. Lyndeborough Road, some  
122 driveways are completed and some are in binder, all will be completed next summer when we fill  
123 in the center section west of Winding Hollow and do topcoat between Amherst St and  
124 Candlewood Drive.

125

#### 126 VIII. Emergency Management Grant – Highway Equipment Chipper

127 Town Administrator O'Mara brings back the topic of the EMP Grant that was previously  
128 presented for a signboard. That discussion morphed into a discussion of the need for a chipper.  
129 There was a question as to if the Board is authorized to expend as agents against the Highway  
130 Equipment fund. According to the DRA you are the agents to do so. The signboard has a match  
131 of \$7,713 where you were considering taking the funds out of the road bond and the chipper can  
132 come out of the Highway Equipment fund.

133 Selectman Galinson moves to un-table the signboard and chipper discussion. Selectman Grella  
134 2nd.

135 DPW Director Berry presents quotes for a chipper on two machines. One submittal for MD  
136 Tractor – Mobark Beaver and the Bandit.

137 Vice Chair Brew motions to authorize the Bandit 200 XP for \$26,134.25 chipper from MB  
138 Tractor – using Highway Capital Reserve fund. Selectman Grella 2<sup>nd</sup>. Vote 5 -0

139 Selectman Galinson motions to accept the terms and conditions of the EMP Grant and authorize  
140 the purchase of a signboard with the matching funds to come from the Highway Road Bond in  
141 the amount of \$7,713.00. Selectman Grella 2<sup>nd</sup>. Vote 5 – 0

142

143 IX. Temporary Employee – Director Berry request the ability to hire a temporary 25 week  
144 employee to fill gaps where he has been down two employees due to medical leaves. The  
145 temporary position will utilize funds the department has saved while the two employees pay has  
146 been covered by insurance.

147 Grella moves to hire a temporary bases \$12,800 second Selectman Infanti 2<sup>nd</sup> for discussion.

148 Director Berry discusses how one employee is recovering from heart surgery. The plan is to use  
149 the temporary laborer for plowing and building maintenance. Chairman Bowler is not in support  
150 of the request to hire a temporary employee, but would be in favor of an on call position to fill in  
151 for maintenance or storm assistance. The discussion moves to concerns of the overall budget  
152 shortage of finding funds for the truck. There are transfers and considerations that must be made  
153 before authorizing the expense of additional staff can be considered.

154 Town Administrator notes that there will be a check coming forward from the Ambulance  
155 Capital Reserve that was not requested in the proper fiscal year. He states that at a future meeting  
156 the Board will need to accept unanticipated revenue in the amount of \$150,000.

157 Selectman Grella motions to table the discussion to next week to give the DPW Director and  
158 Town Administrator time to come up with a plan of transfers before the will authorize hiring  
159 assistance.

160 Town Treasurer Liz Overholt –Speaks on behalf of the DPW department and the needs the  
161 department has because of the shortage in staffing.

162 Vice Chair Brew motions that if the DPW Director and Town Administrator can come up with  
163 funding recommendations and transfers the Board will approve the temporary position.

164 Selectman Grella 2nd Vote 4 -1 - 0 (Chairman Bowler opposed)

165 Selectman Galinson motion to approve one (1) FY13 Payroll Manifest in the amount of \$324.96  
166 dated November 30, 2012 subject to review and audit. Vice Chair Brew 2<sup>nd</sup> Vote 5-0
