The term of the contract shall be the date of Governor and Council approval through June 30, 2015. Funds are anticipated to be available in the following account for State Fiscal Year 2014 and State Fiscal Year 2015 with the authority to adjust amounts between State Fiscal Years if needed and justified:

EXPLANATION

New Hampshire Hospital's Food and Nutrition Department operates a full service kitchen that supports the dietary and nutritional needs of patients. Many of the patients have unique or special dietary requirements. Well-maintained and fully operational refrigeration equipment is vital for the Hospital to meet these essential patient care needs. In addition to patient meals, the Food and Nutrition Department operates a full-service cafeteria that provides meals to staff and visitors as well as patients. In addition, the Food and Nutrition Department operates a full service kitchen in the Brown building for employees. Attachment I lists the kitchen equipment to be maintained and serviced.

A Request for Proposals for the maintenance and repair of kitchen equipment was posted on the New Hampshire Department of Health and Human Services website from April 8, 2013 through April 22, 2013. In addition, an advertisement was placed in the New Hampshire Union Leader for three (3) days, April 11, April 12, and April 14, 2013.

A single proposal was received as a result of this Request for Proposals from Ecolab, Inc., our current vendor. A team of three (3) reviewers from New Hampshire Hospital, who were chosen for participation on this team based on their background and many years of experience evaluated the proposals and scored each according to the criteria as defined in the Request for Proposals. Points were awarded based on the proposal's: a) competitive cost structure; and; b) experience (see Attachment II).

New Hampshire Hospital anticipates a high rate of service calls due to our kitchen equipment approaching approximately 20 years of usage. The staff of the New Hampshire Hospital lacks the specialized training and expertise to perform these services to keep the kitchen equipment running smoothly and efficiently. There would be a negative impact on patient care dietary needs if this equipment did not perform correctly.

The pricing of \$17,500 per year consist of two components: \$3,200 per year for performing quarterly preventative maintenance on each piece of equipment and \$14,300 to allow for service calls at the hourly rate of \$95 per hour and \$90 per trip (no return trip).

The performance measurement for this agreement will be the timely response to service calls as specified in the Request for Proposals.

Area served: statewide.

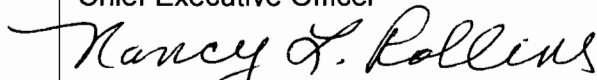

Source of funds: 66% general funds, 29% federal funds and 5% agency income.

In the event that federal funds become no longer available, general funds will not be requested to support this contract.

Respectfully submitted,

Robert J. MacLeod, DHA, FACHE

No express failure to enforce any Event of Default shall be deemed a waiver of the right of the State to enforce each and all of the provisions hereof upon any further or other Event of Default on the part of the Contractor.

Exhibit A

Scope of Services

The Contractor shall address and perform the following task elements under the contract:

1. The Contractor shall furnish all labor, materials, tools, and equipment necessary to properly service and repair the food service equipment used in the main kitchen, cafeteria, and diet kitchen of the Acute Psychiatric Services (APS) building and the kitchen located at the Brown Building. A list of specific equipment covered under this service agreement is in Exhibit A-1 List of Kitchen Equipment. Contractor shall check in with kitchen manager prior to commencing any work onsite.
2. The Contractor shall perform appropriate Preventive Maintenance (PM) on each piece of equipment listed on Attachment I at the Acute Psychiatric Services (APS) Building three (3) times per State Fiscal Year (SFY) and at the Brown Building one (1) time per SFY. The goal of PM is to minimize unscheduled maintenance and to provide written feedback to the Hospital's Food and Nutrition Department Director on the condition of its equipment.
3. PM shall include manufacturers' recommended maintenance such as lubrication, cleaning, de-scaling, adjustments, inspections, tightening of components, etc.
4. Contractor shall schedule PM work with the Hospital's Food and Nutrition Department Director.
5. Equipment requiring PM shall only be out of service for less than four (4) hours. The Contractor shall notify the Hospital's Food and Nutrition Department Director if any equipment will be out of service overnight due to PM.
6. The Contractor shall immediately notify the Hospital's Food and Nutrition Department Director of any equipment they find in need of repairs beyond those called for in PM procedures.
7. The Contractor shall perform appropriate corrective maintenance on each piece of listed equipment when advised by the Hospital that the equipment requires servicing.
8. The Contractor shall complete repairs in emergency situations within twenty-four (24) hours. If the Contractor cannot complete the emergency repairs within twenty-four (24) hours, the Contractor shall contact the Hospital's Food and Nutrition Department Director to indicate why the repair cannot be completed and when the equipment shall be available for use.
9. The Contractor shall complete all PM and repairs on the APS and Brown Building premises, unless the repairs must be completed on the Contractor's premises due to unusual circumstances. The Contractor must notify the Hospital's Food and Nutrition Department Director and leave a receipt for any equipment it removes from the APS or Brown Building.

Exhibit A

10. The Contractor shall only employ trained mechanics that are skilled and competent to service and repair all equipment covered under this contract.
11. The Contractor shall assure that technicians who work with refrigerant in any refrigerated kitchen equipment have the appropriate Environmental Protection Agency certification to work with those refrigerants.
12. The Contractor shall have access to a reasonable inventory of parts to provide for routine preventive maintenance and repairs. It is desired that most repairs be accomplished during the first service call, or the next day if parts must be obtained from the Contractor's stores.
13. The Contractor shall only use new parts and materials, unless specifically exempted in writing by the Hospital's Food and Nutrition Department Director.
14. The Contractor shall provide replacement components that are of the same type and quality as those being replaced. The Hospital may reject any replacement item, except that any rejection shall not be unreasonable. Changes in brand names will be accepted upon request provided that the quality of the substitute item matches that which was originally used.
15. The Contractor shall respond by sending a service technician to the APS or Brown Building within twenty-four (24) hours of being called with a repair request. The Contractor shall notify the Hospital's Food and Nutrition Department Director upon arrival at the APS or Brown Building for PM or repairs and then again when they depart. Before departure, the Contractor must provide a slip to the Hospital's Food and Nutrition Department Director indicating the work performed.
16. If the Contractor anticipates that the cost of a repair of any one item will exceed \$1,000.00 for labor and materials combined, the Contractor shall provide a pre-repair estimate within forty-eight (48) hours. This estimate may be telephoned to the Hospital's Food and Nutrition Department Director with verbal approval being granted to continue with the repairs but a written copy of the estimate shall be sent to the Hospital's Food and Nutrition Department Director immediately after this verbal communication. The Contractor shall guarantee that the repair cost shall not exceed the estimate by more than ten percent (10%).
17. On June 30th of each state fiscal year (SFY), the Contractor shall provide to the Director of the Food and Nutrition Department a list of the equipment repaired during the SFY and the total cost of repairs per each piece of equipment.

STANDARD EXHIBIT C

SPECIAL PROVISIONS

1. Contractors Obligations: The Contractor covenants and agrees that all funds received by the Contractor under the Contract shall be used only as payment to the Contractor for services provided to eligible individuals and, in the furtherance of the aforesaid covenants, the Contractor hereby covenants and agrees as follows:

2. Compliance with Federal and State Laws: If the Contractor is permitted to determine the eligibility of individuals such eligibility determination shall be made in accordance with applicable federal and state laws, regulations, orders, guidelines, policies and procedures.

3. Time and Manner of Determination: Eligibility determinations shall be made on forms provided by the Department for that purpose and shall be made and remade at such times as are prescribed by the Department.

4. Documentation: In addition to the determination forms required by the Department, the Contractor shall maintain a data file on each recipient of services hereunder, which file shall include all information necessary to support an eligibility determination and such other information as the Department requests. The Contractor shall furnish the Department with all forms and documentation regarding eligibility determinations that the Department may request or require.

5. Fair Hearings: The Contractor understands that all applicants for services hereunder, as well as individuals declared ineligible have a right to a fair hearing regarding that determination. The Contractor hereby covenants and agrees that all applicants for services shall be permitted to fill out an application form and that each applicant or re-applicant shall be informed of his/her right to a fair hearing in accordance with Department regulations.

6. Gratuities or Kickbacks: The Contractor agrees that it is a breach of this Contract to accept or make a payment, gratuity or offer of employment on behalf of the Contractor, any Sub-Contractor or the State in order to influence the performance of the Scope of Work detailed in Exhibit A of this Contract. The State may terminate this Contract and any sub-contract or sub-agreement if it is determined that payments, gratuities or offers of employment of any kind were offered or received by any officials, officers, employees or agents of the Contractor or Sub-Contractor.

7. Retroactive Payments: Notwithstanding anything to the contrary contained in the Contract or in any other document, contract or understanding, it is expressly understood and agreed by the parties hereto, that no payments will be made hereunder to reimburse the Contractor for costs incurred for any purpose or for any services provided to any individual prior to the Effective Date of the Contract and no payments shall be made for expenses incurred by the Contractor for any services provided prior to the date on which the individual applies for services or (except as otherwise provided by the federal regulations) prior to a determination that the individual is eligible for such services.

8. Conditions of Purchase: Notwithstanding anything to the contrary contained in the Contract, nothing herein contained shall be deemed to obligate or require the Department to purchase services hereunder at a rate which reimburses the Contractor in excess of the Contractor's costs, at a rate which exceeds the amounts reasonable and necessary to assure the quality of such service, or at a rate which exceeds the rate charged by the Contractor to ineligible individuals or other third party funders for such service. If at any time during the term of this Contract or after receipt of the Final Expenditure Report hereunder, the Department shall determine that the Contractor has used payments hereunder to reimburse items of expense other than such costs, or has received payment in excess of such costs or in excess of such rates charged by the Contractor to ineligible individuals or other third party funders, the Department may elect to:

8.1 Renegotiate the rates for payment hereunder, in which event new rates shall be established;

8.2 Deduct from any future payment to the Contractor the amount of any prior reimbursement in excess of costs;

8.3 Demand repayment of the excess payment by the Contractor in which event failure to make such repayment shall constitute an Event of Default hereunder. When the Contractor is permitted to determine the eligibility of individuals for services, the Contractor agrees to reimburse the Department for all funds paid by the Department to the Contractor for services provided to any individual who is found by the Department to be ineligible for such services at any time during the period of retention of records established herein.

RECORDS: MAINTENANCE, RETENTION, AUDIT, DISCLOSURE AND CONFIDENTIALITY:

9. Maintenance of Records: In addition to the eligibility records specified above, the Contractor covenants and agrees to maintain the following records during the Contract Period:

9.1 Fiscal Records: books, records, documents and other data evidencing and reflecting all costs and other expenses incurred by the Contractor in the performance of the Contract, and all income received or collected by the Contractor during the Contract Period, said records to be maintained in accordance with accounting procedures and practices which sufficiently and properly reflect all such costs and expenses, and which are acceptable to the Department, and to include, without limitation, all ledgers, books, records, and original evidence of costs such as purchase requisitions and orders, vouchers, requisitions for materials, inventories, valuations of in-kind contributions, labor time cards, payrolls, and other records requested or required by the Department.

9.2 Statistical Records: Statistical, enrollment, attendance or visit records for each recipient of services during the Contract Period, which records shall include all records of application and eligibility (including all forms required to determine eligibility for each such recipient), records regarding the provision of services and all invoices submitted to the Department to obtain payment for such services.

9.3 Medical Records: Where appropriate and as prescribed by the Department regulations, the Contractor shall retain medical records on each patient/recipient of services.

10. Audit: Contractor shall submit an annual audit to the Department within 60 days after the close of the Contractor fiscal year. It is recommended that the report be prepared in accordance with the provision of Office of Management and Budget Circular A-133, "Audits of States, Local Governments, and Non Profit Organizations" and the provisions of Standards for Audit of Governmental Organizations, Programs, Activities and Functions, issued by the US General Accounting Office (GAO standards) as they pertain to financial compliance audits.

10.1 Audit and Review: During the term of this Contract and the period for retention hereunder, the Department, the United States Department of Health and Human Services, and any of their designated representatives shall have access to all reports and records maintained pursuant to the Contract for purposes of audit, examination, excerpts and transcripts.

10.2 Audit Liabilities: In addition to and not in any way in limitation of obligations of the Contract, it is understood and agreed by the Contractor that the Contractor shall be held liable for any state or federal audit exceptions and shall return to the Department, all payments made under the Contract to which exception has been taken or which have been disallowed because of such an exception.

11. Confidentiality of Records: All information, reports, and records maintained hereunder or collected in connection with the performance of the services and the Contract shall be confidential and shall not be disclosed by the Contractor, provided however, that pursuant to state laws and the regulations of the Department regarding the use and disclosure of such information, disclosure may be made to public officials requiring such information in connection with their official duties and for purposes directly connected to the administration of the services and the Contract; and provided further, that the use or disclosure by any party of any information concerning a recipient for any purpose not directly connected with the administration of the Department or the Contractor's responsibilities with respect to purchased services hereunder is prohibited except on written consent of the recipient, his attorney or guardian.

Notwithstanding anything to the contrary contained herein the covenants and conditions contained in the Paragraph shall survive the termination of the Contract for any reason whatsoever.

12. Reports: Fiscal and Statistical: The Contractor agrees to submit the following reports at the following times if requested by the Department.

12.1 Interim Financial Reports: Written interim financial reports containing a detailed description of all costs and non-allowable expenses incurred by the Contractor to the date of the report and containing such other information as shall be deemed satisfactory by the Department to justify the rate of payment hereunder. Such Financial Reports shall be submitted on the form designated by the Department or deemed satisfactory by the Department.

12.2 Final Report: A final report shall be submitted within thirty (30) days after the end of the term of this Contract. The Final Report shall be in a form satisfactory to the Department and shall contain a summary statement of progress toward goals and objectives stated in the Proposal and other information required by the Department.

13. Completion of Services: Disallowance of Costs: Upon the purchase by the Department of the maximum number of units provided for in the Contract and upon payment of the price limitation hereunder, the Contract and all the obligations of the parties hereunder (except such obligations as, by the terms of the Contract are to be performed after the end of the term of this Contract and/or survive the termination of the Contract) shall terminate, provided however, that if, upon review of the Final Expenditure Report the Department shall disallow any expenses claimed by the Contractor as costs hereunder the Department shall retain the right, at its discretion, to deduct the amount of such expenses as are disallowed or to recover such sums from the Contractor.

14. Credits: All documents, notices, press releases, research reports and other materials prepared during or resulting from the performance of the services of the Contract shall include the following statement:

14.1 The preparation of this (report, document etc.) was financed under a Contract with the State of New Hampshire, Department of Health and Human Services, with funds provided in part by the State of New Hampshire and/or such other funding sources as were available or required, e.g., the United States Department of Health and Human Services.

15. Prior Approval and Copyright Ownership:

All materials (written, video, audio) produced or purchased under the contract shall have prior approval from DHHS before printing, production, distribution or use. The DHHS will retain copyright ownership for any and all original materials produced, including, but not limited to, brochures, resource directories, protocols or guidelines, posters, or reports. Contractor shall not reproduce any materials produced under the contract without prior written approval from DHHS.

16. Operation of Facilities: Compliance with Laws and Regulations: In the operation of any facilities for providing services, the Contractor shall comply with all laws, orders and regulations of federal, state, county and municipal authorities and with any direction of any Public Officer or officers pursuant to laws which shall impose an order or duty upon the contractor with respect to the operation of the facility or the provision of the services at such facility. If any governmental license or permit shall be required for the operation of the said facility or the performance of the said services, the Contractor will procure said license or permit, and will at all times comply with the terms and conditions of each such license or permit. In connection with the foregoing requirements, the Contractor hereby covenants and agrees that, during the term of this Contract the facilities shall comply with all rules, orders, regulations, and requirements of the State Office of the Fire Marshal and the local fire protection agency, and shall be in conformance with local building and zoning codes, by-laws and regulations.

17. Subcontractors: DHHS recognizes that the Contractor may choose to use subcontractors with greater expertise to perform certain health care services or functions for efficiency or convenience, but the Contractor shall retain the responsibility and accountability for the function(s). Prior to subcontracting, the Contractor shall evaluate the subcontractor's ability to perform the delegated function(s). This is accomplished through a written agreement that specifies activities and reporting responsibilities of the subcontractor and provides for revoking the delegation or imposing sanctions if the subcontractor's performance is not adequate. Subcontractors are subject to the same contractual conditions as the Contractor and the Contractor is responsible to ensure subcontractor compliance with those conditions.

When the Contractor delegates a function to a subcontractor, the Contractor shall do the following:

- Evaluate the prospective subcontractor's ability to perform the activities, before delegating the function
- Have a written agreement with the subcontractor that specifies activities and reporting responsibilities and how sanctions/revocation will be managed if the subcontractor's performance is not adequate
- Monitor the subcontractor's performance on an ongoing basis
- Provide to DHHS an annual schedule identifying all subcontractors, delegated functions and responsibilities, and when the subcontractor's performance will be reviewed
- DHHS shall review and approve all subcontracts.

If the Contractor identifies deficiencies or areas for improvement are identified, the Contractor shall take corrective action.

INSTRUCTIONS FOR CERTIFICATION

1. By signing and submitting this proposal (contract), the prospective primary participant is providing the certification set out below.
2. The inability of a person to provide the certification required below will not necessarily result in denial of participation in this covered transaction. If necessary, the prospective participant shall submit an explanation of why it cannot provide the certification. The certification or explanation will be considered in connection with the NH Department of Health and Human Services' (DHHS) determination whether to enter into this transaction. However, failure of the prospective primary participant to furnish a certification or an explanation shall disqualify such person from participation in this transaction.
3. The certification in this clause is a material representation of fact upon which reliance was placed when DHHS determined to enter into this transaction. If it is later determined that the prospective primary participant knowingly rendered an erroneous certification, in addition to other remedies available to the Federal Government, DHHS may terminate this transaction for cause or default.
4. The prospective primary participant shall provide immediate written notice to the DHHS agency to whom this proposal (contract) is submitted if at any time the prospective primary participant learns that its certification was erroneous when submitted or has become erroneous by reason of changed circumstances.
5. The terms "covered transaction," "debarred," "suspended," "ineligible," "lower tier covered transaction," "participant," "person," "primary covered transaction," "principal," "proposal," and "voluntarily excluded," as used in this clause, have the meanings set out in the Definitions and Coverage sections of the rules implementing Executive Order 12549: 45 CFR Part 76. See the attached definitions.
6. The prospective primary participant agrees by submitting this proposal (contract) that, should the proposed covered transaction be entered into, it shall not knowingly enter into any lower tier covered transaction with a person who is debarred, suspended, declared ineligible, or voluntarily excluded from participation in this covered transaction, unless authorized by DHHS.

- _____
7. The prospective primary participant further agrees by submitting this proposal that it will include the clause titled "Certification Regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion - Lower Tier Covered Transactions," provided by DHHS, without modification, in all lower tier covered transactions and in all solicitations for lower tier covered transactions.
 8. A participant in a covered transaction may rely upon a certification of a prospective participant in a lower tier covered transaction that it is not debarred, suspended, ineligible, or involuntarily excluded from the covered transaction, unless it knows that the certification is erroneous. A participant may decide the method and frequency by which it determines the eligibility of its principals. Each participant may, but is not required to, check the Nonprocurement List (of excluded parties).
 9. Nothing contained in the foregoing shall be construed to require establishment of a system of records in order to render in good faith the certification required by this clause. The knowledge and information of a participant is not required to exceed that which is normally possessed by a prudent person in the ordinary course of business dealings.
 10. Except for transactions authorized under paragraph 6 of these instructions, if a participant in a covered transaction knowingly enters into a lower tier covered transaction with a person who is suspended, debarred, ineligible, or voluntarily excluded from participation in this transaction, in addition to other remedies available to the Federal government, DHHS may terminate this transaction for cause or default.

PRIMARY COVERED TRANSACTIONS

 - (a) are not presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from covered transactions by any Federal department or agency;
 - (b) have not within a three-year period preceding this proposal (contract) been convicted of or had a civil judgment rendered against them for commission of fraud or a criminal offense in connection with obtaining, attempting to obtain, or performing a public (Federal, State or local) transaction or a contract under a public transaction; violation of Federal or State antitrust statutes or commission of embezzlement, theft, forgery, bribery, falsification or destruction of records, making false statements, or receiving stolen property;
 - (c) are not presently indicted for otherwise criminally or civilly charged by a governmental entity (Federal, State or local) with commission of any of the offenses enumerated in paragraph (1)(b) of this certification; and
 - (d) have not within a three-year period preceding this application/proposal had one or more public transactions (Federal, State or local) terminated for cause or default.
- (2) Where the prospective primary participant is unable to certify to any of the statements in this certification, such prospective participant shall attach an explanation to this proposal (contract).

LOWER TIER COVERED TRANSACTIONS

By signing and submitting this lower tier proposal (contract), the prospective lower tier participant, as defined in 45 CFR Part 76, certifies to the best of its knowledge and belief that it and its principals:

- (a) are not presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from participation in this transaction by any federal department or agency.
- (b) where the prospective lower tier participant is unable to certify to any of the above, such prospective participant shall attach an explanation to this proposal (contract).
