

THE STATE OF NEW HAMPSHIRE
DEPARTMENT OF TRANSPORTATION

95 Beal

CHRISTOPHER D. CLEMENT, SR.
COMMISSIONER

JEFF BRILLHART, P.E.
ASSISTANT COMMISSIONER

Bureau of Construction
July 16, 2013

Her Excellency, Governor Margaret Wood Hassan
and the Honorable Council
State House
Concord, New Hampshire 03301

REQUESTED ACTION

1. Authorize the Department of Transportation to enter into a contract with Continental Industries, Inc. (Vendor 155350) of Londonderry, NH on the basis of a low bid of \$4,158,111.00 for pavement rehabilitation on 13.6 miles of NH 9 east of Granite Lake Road in the Towns of Stoddard and Hillsborough, from the date of Governor and Council approval through July 18, 2014 unless extended by the Department in accordance with the Standard Specifications. 100% Federal Funds.

Funding is available as follows:	<u>FY 2014</u>
04-96-96-963515-3054	
Consolidated Federal Aid	
400-500870 Highway Contract Payments	\$4,158,111.00

2. Further authorize that a contingency in the amount of \$291,067.77 be approved for payment of latent conditions, which may appear during the construction of the project. The contingency requested is 7% of the contract amount.

Funding is available as follows:	<u>FY 2014</u>
04-96-96-963515-3054	
Consolidated Federal Aid	
400-500870 Highway Contract Payments	\$291,067.77

EXPLANATION

This project is part of the annual Federal Resurfacing Program. The work involves pavement rehabilitation consisting of a 1 1/2" full width overlay with spot areas of inlay to address localized areas of high distress. The work also involves rehabilitation of one bridge consisting of deck repairs, pavement and membrane. This section of NH 9 was constructed in the late 1950's and 60's, and was last resurfaced between 2003 and 2005. Overall, the pavement is in relatively good condition. However, there are sections starting to exhibit cracking and pavement rutting. The roadway is mainly in need of surface treatment to preserve the integrity of the roadway and prevent more costly treatments in the future. Antrim Bridge No. 137/146 is in need of routine maintenance on the deck.

The contingency amount is proposed to be 7% of the contract amount to account for a large quantity of paving to be performed during a time of unpredictable fuel and asphalt prices; approximate quantities due to the lack of survey on this project; unanticipated bridgework, because the extent of deck repairs on Antrim Bridge No. 137/146 is unknown; and the two-year duration of this project.

Although the bid costs exceeded the Department's estimate, the low bid is felt to be reasonable for the work involved. Re-advertising this project would result, in our opinion, in higher prices and prevent the completion of the work in a timely manner. The Department considers it to be in the best interest of the State to accept this bid to accomplish these needed repairs.

The Contractor has been prequalified by this Department. The Contract has been approved by the Attorney General as to form and execution, and the Department has certified that the necessary funds are available. Copies of the fully executed contract are on file at the Secretary of State's Office and the Department of Administrative Service's Office, and subsequent to Governor and Council approval will be on file at the Department of Transportation.

This project funding is 80% federal funds with 20% state match. Turnpike toll credit is being utilized for match requirements, effectively using 100% federal funds.

A copy of the Tabulation of Bids received for this project is attached along with the Contract Supplemental Sheet and a map indicating the location of the project.

Sincerely,

Christopher D. Clement, Sr.
Commissioner

CDC/md

Department Estimate:	\$4,127,290.00
Contract Amount:	<u>\$4,158,111.00</u>
Over Estimate:	\$ 30,821.00

SUPPLEMENTAL PROJECT INFORMATION SHEET

DESCRIPTION: This project begins on NH 9 at a pavement joint located approximately 300 feet east of Granite Lake Road in Stoddard, and proceeds east approximately 13.6 miles to a pavement joint located approximately 1,800 feet west of NH 31N in Hillsborough. Work involves a 1-½" full-width wearing course pavement overlay, step widening the paved shoulder through one section, minor drainage improvements, a 1-½" full-width inlay at one location, and spot inlays to address isolated areas of high distress as identified by the Engineer. Four bridges are located throughout the project, but only Antrim Bridge No. 137/146 over the North Branch River will require work under this contract. Rehabilitation work to this bridge involves removing the existing pavement and membrane, partial and full depth deck reconstruction, abutment and wing-wall repairs, bearing and plate replacement, waterproofing exposed concrete, cleaning and painting steel, adjusting the rail height as needed, and installing plug joints.

FEDERAL FUNDING: 80% Federal Resurfacing Program, 20% NHDOT utilizing Turnpike Toll Credits

CONTINGENCY: The contingency amount is proposed to be 7% of the contract amount to account for a large quantity of paving to be performed during a time of unpredictable fuel and asphalt prices; approximate quantities due to the lack of survey on this project; unanticipated bridgework, because the extent of deck repairs on Antrim Bridge No. 137/146 is unknown; and the two-year duration of this project.

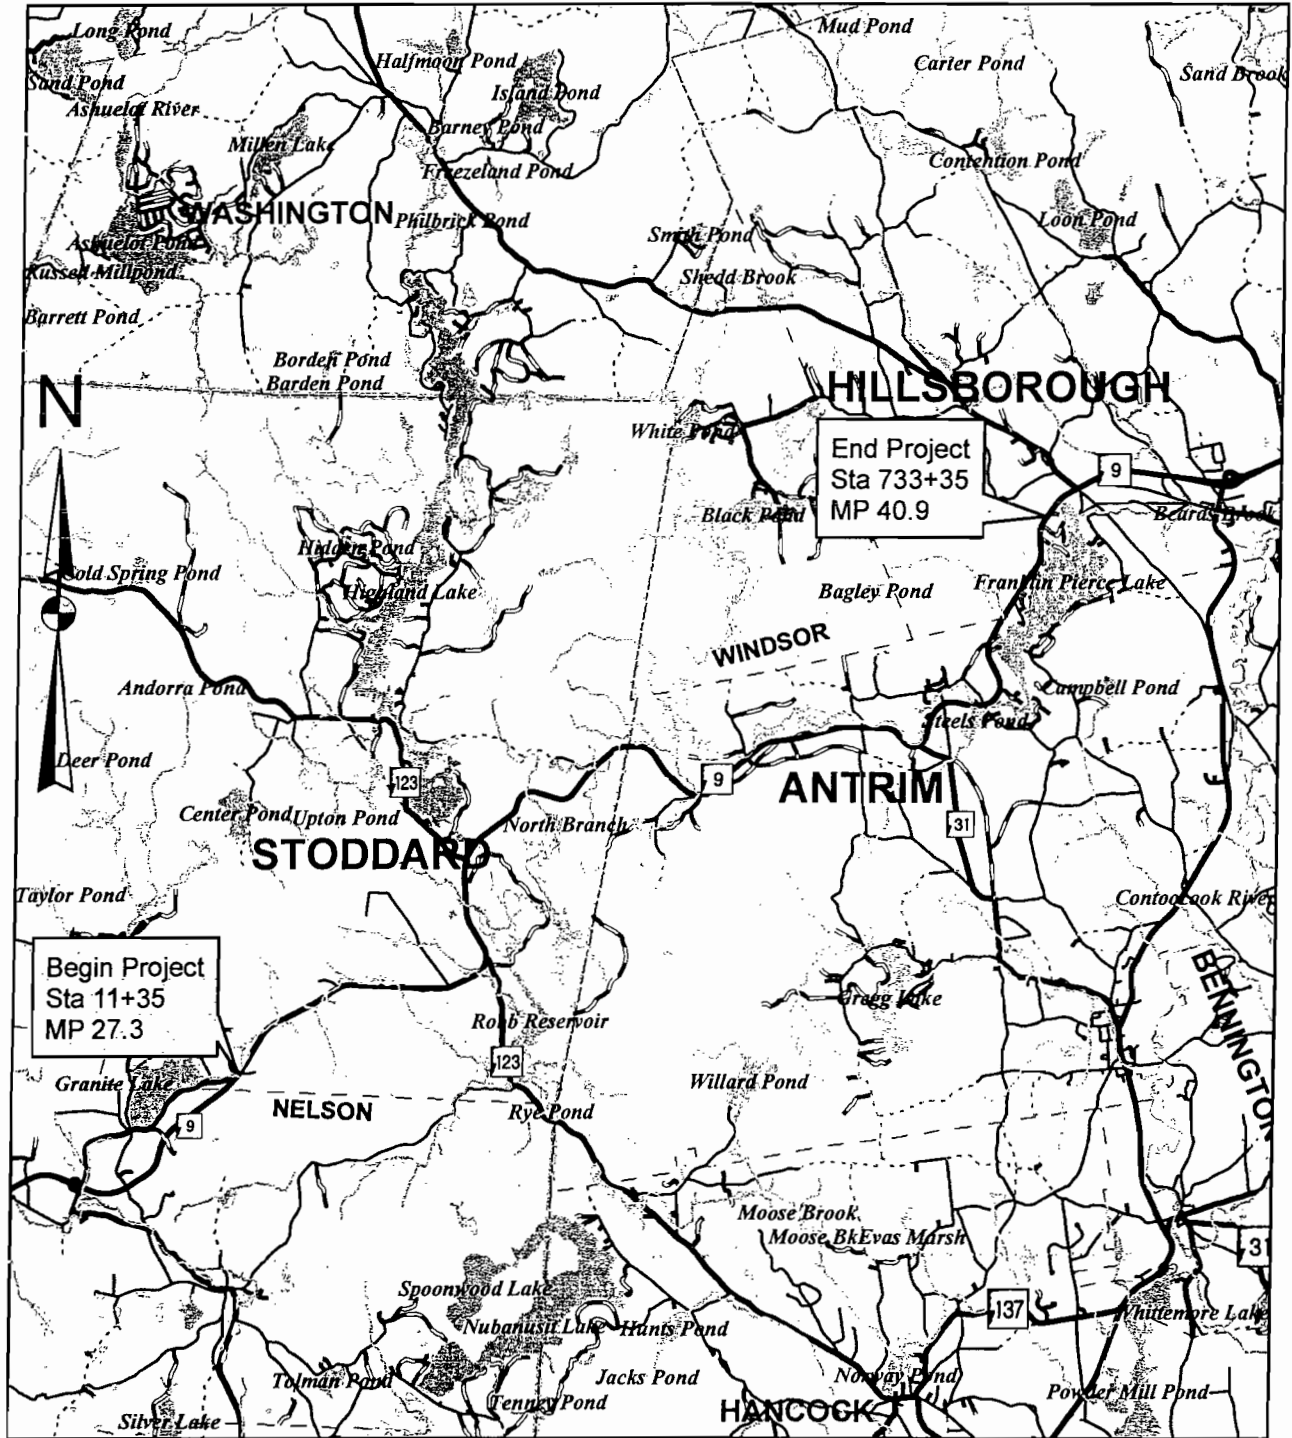

PROJECT INITIATED: This project was initiated under the 2013 Statewide Federal Resurfacing Program.

PROJECT EXPLANATION: This section of NH 9 was constructed in the late 1950s and 60s, and was last resurfaced between 2003 and 2005. Overall, the pavement is in good condition. However, there are sections starting to exhibit cracking and pavement rutting. The roadway is mainly in need of surface treatment to preserve the integrity of the roadway. Antrim Bridge No. 137/146 is thought to be in good condition but in need of routine maintenance on the deck.

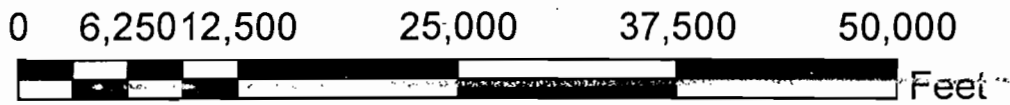

TRAFFIC IMPLICATIONS: Highway paving and guardrail work will be daytime operations. Milling and paving operations are intended to be done during the daytime but night work will be considered at no additional cost to the contract. Bridgework will involve daytime operations, using temporary traffic signals for alternating one-way traffic to maintain traffic movement on NH 9, as well as emergency vehicle access from the Antrim Fire Department that abuts the bridge.

COMPLETION DATE: Friday, July 18, 2014

23797 Stoddard-Hillsborough Pavement Rehabilitation

NH Route 9 Stoddard to Hillsborough - 13.6 miles

BIDDER SUMMARY

PROJECT NAME: STODDARD-HILLSBOROUGH X-A002(768), 23797
PROJECT NUMBER: 23797
COUNTY: CHESHIRE COUNTY (005), HILLSBOROUGH (011)
BID OPENING DATE: 06/27/2013
SCOPE OF WORK: PAVEMENT REHABILITATION

NH 9 EAST OF GRANITE LAKE ROAD IN
STODDARD PROCEEDING WEST OF NH 31
NORTH IN HILLSBOROUGH
COMPLETION DATE: 07/18/2014

CERTIFICATE OF LIABILITY INSURANCE

DATE (MM/DD/YYYY)
7/8/2013

THIS CERTIFICATE IS ISSUED AS A MATTER OF INFORMATION ONLY AND CONFERS NO RIGHTS UPON THE CERTIFICATE HOLDER. THIS CERTIFICATE DOES NOT AFFIRMATIVELY OR NEGATIVELY AMEND, EXTEND OR ALTER THE COVERAGE AFFORDED BY THE POLICIES BELOW. THIS CERTIFICATE OF INSURANCE DOES NOT CONSTITUTE A CONTRACT BETWEEN THE ISSUING INSURER(S), AUTHORIZED REPRESENTATIVE OR PRODUCER, AND THE CERTIFICATE HOLDER.

IMPORTANT: If the certificate holder is an ADDITIONAL INSURED, the policy(ies) must be endorsed. If SUBROGATION IS WAIVED, subject to the terms and conditions of the policy, certain policies may require an endorsement. A statement on this certificate does not confer rights to the certificate holder in lieu of such endorsement(s).
