Her Excellency, Governor Margaret Wood Hassan
and the Honorable Council
State House
Concord, NH 03301

Requested Action

Authorize the Department of Health and Human Services, Office of Human Services, Division of Community Based Services to retroactively amend an existing sole source agreement with Harbor Homes, Inc., 45 High Street Nashua, NH 03060 (Vendor Code 155358-B001) to provide services for homeless individuals and families by increasing the contract amount by $147,344 from $173,787 to $321,131, and extending the completion date from July 31, 2013 to July 31, 2014, effective the date of Governor and Council approval.

Governor and Executive Council approved the original agreement on July 11, 2012 (Item #43A) and a subsequent amendment on December 5, 2012 (Item #35).

Funds to support this request are available in the following account for State Fiscal Years 2014 and 2015 upon the availability and continued appropriation of funds in the future operating budgets, with authority to adjust amounts within the price limitation and amend the related terms of the contract without further approval from Governor and Executive Council:

Explaination

The purpose of this sole source retroactive request is to fund the New Hampshire Statewide Homeless Management Information System serving homeless individuals and families through July 31, 2014. This agreement provides funds from the Department of Housing and Urban Development McKinney-Vento Act’s Homeless Assistance Continuum of Care Competition. The Department of Housing and Urban Development requires a Continuum process for communities seeking these funds and provides a Homeless Management Information System grant to each Continuum. A Continuum is a coordinated planning approach to setting priorities for the housing and service needs of homeless people within a specific area. New Hampshire has three Continua (Manchester, Nashua, and Balance of State). Each Continuum includes broad participation of community stakeholders. This is a sole source contract because the Department of Housing and Urban Development requires these funds be utilized through a single Lead or Sponsor agency, as a result, the additional funds could not be allocated through a bid process. This contract is retroactive because of the vendors delay in returning the executed contract.

The additional funding of $147,344 is through the Department of Housing and Urban Development McKinney-Vento Act’s Homeless Assistance Continuum of Care funding for the New Hampshire Statewide Homeless Management Information System and the Emergency Solutions Grant program. The Emergency Solutions Grant funds will improve the operational capacity of the NH Homeless Information System and meet the data entry and reporting needs of all NH programs engaged in Homelessness Prevention and Rapid Re-Housing actions as defined in Department of Housing and Urban Development Emergency Solutions Grant policies issued December 5, 2011.

The Homeless Management Information System program is a Federal mandate set forth in the Conference Report (H.R. Report 106-988) on the Federal Fiscal Year 2001 Department of Housing and Urban Development Appropriations Act and is described in the July 30, 2004 Federal Register (Homeless Management Information Systems; Data and Technical Standards Final Notice; Notice). This action is funded through McKinney-Vento Homeless Assistance grants provided to the NH Department of Health and Human Services, Bureau of Homeless and Housing by the Department of Housing and Urban Development. The grants fund the acquisition, implementation, training, and operation of a web-based Homeless Management Information System by Harbor Homes, Inc., a nonprofit organization. Harbor Homes, Inc. shall utilize the McKinney-Vento Homeless Management Information System Grant pursuant to this Agreement to enable homeless shelters and service providers throughout the State to collect uniform information about clients satisfying the Congressional requirement for nationwide unduplicated client-level homelessness data reporting. The grant budget includes equipment, software licenses, program management, training and technical-support labor resources.

This system is regulated through policies and procedures that all participating shelters and programs are required to follow. The policies and procedures define responsibilities by all system users in actions that include system security, local system administration, and client confidentiality.

This is the only Homeless Management Information System project funded by the Department of Housing and Urban Development in New Hampshire and is consistent with the centralized statewide Homeless Management Information System architecture developed and adopted by the New Hampshire Continuums in 2002 with the Department of Housing and Urban Development’s technical assistance.
Alternatives and Benefits

Alternatives to contracting these services include utilizing funds from local community organizations such as emergency homeless shelters to support this system. This would result in a decentralized data system that could only be supported in regions that can accrue the necessary local funds for software and services. Many, if not all, of New Hampshire’s homeless shelters and permanent and transitional supportive housing and outreach programs that currently receive federal funding through the Department of Housing and Urban Development will not be able to utilize the federally mandated Homeless Management Information System and, therefore, will no longer be eligible to receive that federal funding. This will eliminate the capacity for many community programs supporting homeless individuals and families to operate. Based on State Fiscal Year 2012 data on persons served, approximately 728 individuals would not receive transitional housing services; 875 individuals would not receive permanent housing services; 3,574 homeless individuals would not receive outreach services; 4,825 individuals, including 847 children would have severely limited access to emergency shelter; and countless full time jobs would be eliminated.

In addition, an option to build this system in-house using DoIT staff was considered. However, it was determined that DoIT would not have the resources available for this project.

Benefits to the Department include improved capacity to measure the aspects of homelessness in New Hampshire, and improving the ability for local programs that assist people who are homeless maintain eligibility for continued federal funding. Collateral project goals are to use Homeless Management Information System software to improve homeless shelter resource sharing, automated eligibility determinations, and linkages to mainstream assistance programs for New Hampshire homeless clients. Improve coordination of essential services and supports that address and alleviate homelessness.

INDEPENDENT AUDITORS' REPORT

To the Board of Directors of
Harbor Homes, Inc.

We have audited the accompanying statement of financial position of Harbor Homes, Inc., a (nonprofit organization) as of June 30, 2012, and the related statements of activities, functional expenses, and cash flows, for the year then ended. These financial statements are the responsibility of the Organization's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and the significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Harbor Homes, Inc., as of June 30, 2012, and the changes in its net assets and its cash flows for the year then ended in conformity with accounting principles generally accepted in the United States of America.

In accordance with Government Auditing Standards, we also have issued our report dated January 8, 2013 on our consideration of the Organization's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with Government Auditing Standards and should be considered in assessing the results of our audit.
statements and, in our opinion, is fairly stated in all material respects, in relation to the basic financial statements taken as a whole.

In accordance with Government Auditing Standards, we have also issued our report dated September 10, 2012 on our consideration of the Project’s internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. Explanation

The purpose of this action is to fund the New Hampshire Statewide Homeless Management Information System serving homeless individuals and families through July 31, 2013. This agreement provides funds from the Department of Housing and Urban Development McKinney-Vento Act's Homeless Assistance Continuum of Care competition. The Department of Housing and Urban Development requires a Continuum process for communities seeking these funds and provides a Homeless Management Information System grant to each Continuum. A Continuum is a coordinated planning approach to setting priorities for the housing and service needs of homeless people within a specific area. New Hampshire has three Continuums (Manchester, Nashua, and Balance of State). Each Continuum includes broad participation of community stakeholders.

Through this process, New Hampshire submits an annual application in response to the Department of Housing and Urban Development’s Notice of Funding Availability. Once the Notice is announced, the Bureau notifies all participants in the Continuum to submit project renewal applications. The Department of Housing and Urban Development scores the application and awards funding based on their criteria. The Bureau receives notification from the Department of Housing and Urban Development several months later regarding the awards.
His Excellency, Governor John H. Lynch
and the Honorable Executive Council
Page 2

The Homeless Management Information System program is a Federal mandate set forth in the Conference Report (H.R. Report 106-988) on the Federal Fiscal Year 2001 Department of Housing and Urban Development Appropriations Act and is described in the July 30, 2004 Federal Register (Homeless Management Information Systems; Data and Technical Standards Final Notice, Notice). This action continues the New Hampshire Homeless Management Information System program, and the consolidation of the three McKinney-Vento Homeless Assistance competitive grant funds provided to the Bureau by the Department of Housing and Urban Development. The grants fund the acquisition, implementation, training, and operation of a web-based Homeless Management Information System by Harbor Homes, Inc., a nonprofit organization. Harbor Homes, Inc. shall utilize McKinney-Vento Homeless Management Information System Grant pursuant to this Agreement to enable homeless shelters and service providers throughout the State to collect uniform information about clients satisfying the Congressional requirement for nationwide unduplicated client-level homelessness data reporting. Collateral project goals are to use Homeless Management Information System software to improve homeless shelter resource sharing, automated eligibility determinations, and linkages to mainstream assistance programs for New Hampshire homeless clients. The grant budget includes equipment, software licenses, program management, training and technical-support labor resources.

This is the only Homeless Management Information System project funded by the Department of Housing and Urban Development in New Hampshire and is consistent with the centralized statewide Homeless Management Information System architecture developed and adopted by the New Hampshire Continuums in 2002 with the Department of Housing and Urban Development's technical assistance.

Should Governor and Executive Council determine not to approve this Request, New Hampshire homeless shelters and permanent and transitional supportive housing and outreach programs that currently receive federal funding through the Department of Housing and Urban Development will not be able to utilize the federally mandated Homeless Management Information System and, therefore, will no longer be eligible to receive that federal funding. This will eliminate the capacity for many community programs supporting homeless individuals and families to operate. Based on State Fiscal Year 2011 data on persons served, approximately 1,142 individuals would not receive transitional housing services; 901 individuals would not receive permanent housing services; 3,231 homeless individuals would not receive outreach services; and countless full time jobs would be eliminated.

Area served: statewide.

Source of funds: 100% Federal Funds.

In the event that the federal funds become no longer available, general funds will not be requested to support this program.

Respectfully submitted,

Nancy L. Rollins
Associate Commissioner

Dear Commissioner Toumpas:

This letter represents formal notification that the Department of Information Technology (DoIT) has approved your agency's request to enter into a contract with Harbor Homes Corporation of Nashua, NH as described below and referenced as DoIT No. 2012-161.

This is a request to enter into a contract to fund the New Hampshire Statewide Homeless Management Information System serving New Hampshire homeless individuals and families. The system collects uniform information about clients satisfying the federal requirement for nationwide unduplicated client-level homelessness data reporting. The grant budget includes equipment, software licenses, program management, training and technical-support labor resources. Requested Action and Explanation

The Department of Health and Human Services (DHHS), Division of Community Based Care Services (DCB-CS), Bureau of Homeless and Housing Services (BHHS), respectfully requests approval to enter into an agreement with Harbcr Homes, Inc., 45 High Street Nashua, NH 03060 (Vendor Code 155358-B001) to provide services for homeless individuals and families in the amount of $141,219.00.

This amount represents an award effective August 1, 2012, through July 31, 2013. Funds are available in the following account for State Fiscal Year 2013 as appropriated and are anticipated to be available in State Fiscal Year 2014 upon the availability and continued appropriation of funds in the future operating budgets, with authority to adjust amounts if needed and justified between State Fiscal Years.

Explanation

The purpose of this action is to fund the New Hampshire Statewide Homeless Management Information System serving homeless individuals and families through July 31, 2013. This agreement provides funds from the Department of Housing and Urban Development McKinney-Vento Act's Homeless Assistance Continuum of Care competition. The Department of Housing and Urban Development requires a Continuum process for communities seeking these funds and provides a Homeless Management Information System grant to each Continuum. A Continuum is a coordinated planning approach to setting priorities for the housing and service needs of homeless people within a specific area. New Hampshire has three Continua (Manchester, Nashua, and Balance of State). Each Continuum includes broad participation of community stakeholders.

The Homeless Management Information System program is a Federal mandate set forth in the Conference Report (H.R. Report 106-988) on the Federal Fiscal Year 2001 Department of Housing and Urban Development Appropriations Act and is described in the July 30, 2004 Federal Register (Homeless Management Information Systems; Data and Technical Standards Final Notice; Notice). This action is funded through McKinney-Vento Homeless Assistance.
grants provided to the BHHS by the Department of Housing and Urban Development. The grants fund the acquisition, implementation, training, and operation of a web-based Homeless Management Information System by Harbor Homes, Inc., a nonprofit organization. Harbor Homes, Inc. shall utilize the McKinney-Vento Homeless Management Information System Grant pursuant to this Agreement to enable homeless shelters and service providers throughout the State to collect uniform information about clients satisfying the Congressional requirement for nationwide unduplicated client-level homelessness data reporting. The grant budget includes equipment, software licenses, program management, training and technical-support labor resources.

This system is regulated through policies and procedures that all participating shelters and programs are required to follow. The policies and procedures define responsibilities by all system users in actions that include system security, local system administration, and client confidentiality.

This is the only Homeless Management Information System project funded by the Department of Housing and Urban Development in New Hampshire and is consistent with the centralized statewide Homeless Management Information System architecture developed and adopted by the New Hampshire Continuums in 2002 with the Department of Housing and Urban Development’s technical assistance.

**Alternatives and Benefits**

Alternatives to contracting these services include utilizing funds from local community organizations such as emergency homeless shelters to support this system. This would result in a decentralized data system that could only be supported in regions that can accrue the necessary local funds for software and services. Many, if not all, of New Hampshire’s homeless shelters and permanent and transitional supportive housing and outreach programs that currently receive federal funding through the Department of Housing and Urban Development will not be able to utilize the federally mandated Homeless Management Information System and, therefore, will no longer be eligible to receive that federal funding. This will eliminate the capacity for many community programs supporting homeless individuals and families to operate. Based on State Fiscal Year 2011 data on persons served, approximately 1,142 individuals would not receive transitional housing services; 901 individuals would not receive permanent housing services; 3,231 homeless individuals would not receive outreach services; 4,942 individuals, including 940 children would have severely limited access to emergency shelter; and countless full time jobs would be eliminated.

In addition, an option to build this system in-house using DoIT staff was considered. However, it was determined that DoIT would not have the resources available for this project.

Benefits to the DHHS include improved capacity to measure the aspects of homelessness in New Hampshire, and improving the ability for local programs that assist people who are homeless maintain eligibility for continued federal funding. Collateral project goals are to use Homeless Management Information System software to improve homeless shelter resource sharing, automated eligibility determinations, and linkages to mainstream assistance programs for New Hampshire homeless clients. Improve coordination of essential services and supports that address and alleviate homelessness.

Explanation

The purpose of this action is to add funds from an additional federal grant to fund the New Hampshire Statewide Homeless Management Information System serving homeless individuals and families through July 31, 2013. The existing agreement provides funds from the Department of Housing and Urban Development McKinney-Vento Act’s Homeless Assistance Continuum of Care competition. The Department of Housing and Urban Development requires that these funds be utilized through a single Lead, or Sponsor agency. Because of this, the additional funds could not be allocated through a bidding process. Continuum process for communities seeking these funds and provides a Homeless Management Information System grant to each Continuum. A Continuum is a coordinated planning approach to setting priorities for the housing and service needs of homeless people within a specific area. New Hampshire has three Continua (Manchester, Nashua, and Balance of State). Each Continuum includes broad participation of community stakeholders.

The additional funding of $32,568.00 is through the Emergency Solutions Grants program, and will improve the operational capacity of NH Homeless Management Information System to meet the data entry and reporting needs of all NH programs engaged in Homelessness Prevention and Rapid Re-Housing actions as defined in Department of Housing and Urban Development Emergency Solutions Grants policies issued on December 5, 2011.

The Homeless Management Information System program is a Federal mandate set forth in the Conference Report (H.R. Report 106-988) on the Federal Fiscal Year 2001 Department of Housing and Urban Development Appropriations Act and is described in the July 30, 2004 Federal Register (Homeless Management Information Systems; Data and Technical Standards Final Notice; Notice). This action is funded through McKinney-Vento Homeless Assistance grants provided to the Bureau of Homeless and Housing Services by the Department of Housing and Urban Development. The grants fund the acquisition, implementation, training, and operation of a web-based Homeless Management Information System by Harbor Homes, Inc., a nonprofit organization. Harbor Homes, Inc. shall utilize the McKinney-Vento Homeless Management Information System Grant pursuant to this Agreement to enable homeless shelters and service providers throughout the State to collect uniform information about clients satisfying the Congressional requirement for nationwide unduplicated client-level homelessness data reporting. The grant budget includes equipment, software licenses, program management, regulation of policies and procedures, system security, client confidentiality, training and technical-support labor resources.

This is the only Homeless Management Information System project funded by the Department of Housing and Urban Development in New Hampshire and is consistent with the centralized statewide Homeless Management Information System architecture developed and adopted by the New Hampshire Continuums in 2002 with the Department of Housing and Urban Development’s technical assistance.

Should Governor and Executive Council determine not to approve this Request, New Hampshire homeless shelters and permanent and transitional supportive housing and outreach programs that currently receive federal funding through the Department of Housing and Urban Development will not be able to utilize the federally mandated Homeless Management Information System and, therefore, will no longer be eligible to receive that federal funding. This will eliminate the capacity for many community programs supporting homeless individuals and families to operate. Based on State Fiscal Year 2011 data on persons served, approximately 1,142 individuals would not receive transitional housing services; 901 individuals would not receive permanent housing services; 3,237 homeless individuals would not receive outreach services; and countless full time jobs would be eliminated.
The original contract was approved by Governor and Executive Council on July 11, 2012, item #43A. See copy attached.

Area served: Statewide

Source of funds: 100% Federal Funds.

In the event that the federal funds become no longer available, general funds will not be requested to support this program.

Requested Action and Explanation

The Department of Health and Human Services, Office of Human Services, Bureau of Homeless and Housing Services, respectfully requests approval to amend an agreement with Harbor Homes, Inc., 45 High Street, Nashua, NH 03060 (Vendor Code 155358-B001) to provide services for homeless individuals and families from the amount of $141,219.00 to the amount of $173,787.00. This amount amends an award effective November 1, 2012, through July 31, 2013. Funds are available in the following account for State Fiscal Year 2013 as appropriated and are anticipated to be available in State Fiscal Year 2014 upon the availability and continued appropriation of funds in the future operating budgets, with authority to adjust amounts if needed and justified between State Fiscal Years.

Explaination

The purpose of this action is to add funds from an additional federal grant to fund the New Hampshire Statewide Homeless Management Information System serving homeless individuals and families through July 31, 2013. The existing agreement provides funds from the Department of Housing and Urban Development McKinney-Vento Act’s Homeless Assistance Continuum of Care competition. AMENDMENT TO AGREEMENT

This Amendment to Agreement (hereinafter called the “Amendment”), dated this __________ day of __________________ 2012 between the State of New Hampshire, acting by and through the Bureau of Homeless and Housing Services, and Harbor Homes, Inc., a non-profit organization organized under the laws of the State of New Hampshire with a place of business at 45 High Street, Nashua, NH 03060 (hereinafter referred to as the “Contractor”)

WHEREAS, pursuant to an Agreement dated February 22, 2012, the Contractor has agreed to provide certain services upon the terms and conditions specified in the Agreement, in consideration of payment by the Bureau of Homeless and Housing Services of certain sums specified therein; and

WHEREAS, pursuant to paragraph 18 of the Agreement, the Agreement may be amended, waived, or discharged only by an instrument in writing signed by the parties thereto and only after the approval of such amendment, waiver or discharge by the Governor and Council of the State of New Hampshire;

WHEREAS, the Bureau of Homeless and Housing Services and the Contractor have agreed to amend the Agreement in certain respects;

NOW THEREFORE, in consideration of the foregoing and of the covenants and conditions contained in the Agreement and set forth herein, the parties do hereby agree as follows:

1. Amendment and Modification of Agreement

The contract is hereby amended as follows:

1.1 By deleting, in subparagraph 1.8 of the General Provisions the number $141,219.00 and substituting therefor the number $173,787.00.

2. Amendment and Modification of Exhibit A, Scope of Services

2.1 By replacing 2. Services with the following: Based on the continued receipt/availability of federal funds, the Contractor shall utilize $144,519.00 for State Fiscal Year 2013 and $29,268.00 for State Fiscal Year 2014 for a total of $173,787.00 from the HUD Supported Housing Program (SHP) and the HUD Emergency Solutions Grants (ESG), to allow the Contractor to implement the HMIS final data and technical standards in a statewide HMIS system, with authority to adjust amounts between State Fiscal Years if needed and justified.

3. Amendment and Modification of Exhibit B, Payment Method

3.1 By changing Program Title in Federal Funds: to Supportive Housing Program and Emergency Solutions Grants, Homeless Management Information System.

3.2 By changing the amount in Federal Funds: from $141,219.00 to $173,787.00.

4. Effective Date of Amendment: The effective date of this action is the date of Governor and Council approval through July 31, 2013.

5. Continuance of Agreement: Except as specifically amended and modified by the terms and conditions of the Agreement, the Agreement and the obligation of the parties thereunder shall remain in full force and effect in accordance with the terms and conditions set forth therein.
IN WITNESS WHEREOF, the parties have hereunto set their hands as of the day and year written above.

- Security assessments.

1.4. The Contractor shall provide a comprehensive monitoring and data validation process for all participating agencies, and will report results of those processes to the State as requested.

1.5. The Contractor shall pursue any and all appropriate public sources of funds that are applicable to the funding of the services, operations, prevention, acquisition, or rehabilitation. Appropriate records shall be maintained by the Contractor to document actual funds received or denials of funding from such public sources of funds.

1.6. The Contractor shall provide report information data by service modality that includes, but is not limited to:

Contractor Initials / \\
Date 6/5/12
• HMIS Annual Progress Reports for each NH Continuum of Care (CoC), as required by the U.S. Department of Housing and Urban Development (HUD);

• HMIS data necessary for the Annual Point-in-Time Count, as required by HUD;

• Annual Homeless Assessment Report for each CoC, as defined by HUD; and

• HMIS data required for successful completion of funding applications by each CoC, as specified in the HUD Notice of Funding Availability.

1.7. Failure to submit above reports in agreed upon timelines could result in the delay or withholding of reimbursements until such reports are received in a manner that is consistent with the requirements of the State.

2. SERVICES:

Based on the continued receipt/availability of federal funds, the Contractor shall utilize $129,519.00 for State Fiscal Year 2013 and $11,700.00 for State Fiscal Year 2014 for a total of $141,219.00 from the HUD Supported Housing Program (SHP), to allow the Contractor to implement the HMIS final data and technical standards in a statewide HMIS system.

3. DATA SECURITY:

3.1. The Contractor shall be strictly prohibited from releasing or using data or information obtained in its capacity as a collector and processor of the data for any purposes other than those specifically authorized by DHHS. Failure to comply could be a violation of NH laws and rules and may lead to voiding of the Contract.

3.2. As the state's agent, the Contractor must comply with the requirements of the Health Insurance Portability & Accountability Act (HIPAA), HITECH ACT, and DHHS's standard business associate agreement.

3.3. The Contractor shall be solely liable for costs associated with any breach of data, including but not limited to notification and any damages assessed by the courts.

3.4. The Contract must comply with all provisions in the NH-HMIS Policy and Procedures Manual.

3.5. The Contractor shall provide confirmation of a biannual security assessment of HMIS software, performed by an independent third-party security Contractor, to verify that the environment containing the contractor's project data is secure. Broader Contractor-wide assessments that include the project's systems are acceptable. The Contractor shall provide confirmation of this assessment to DHHS.

3.6. In carrying out the duties of this Contract, the Contractor shall be the agent and business associate of DHHS. As such, it is bound by applicable State and federal laws regarding health care information.

3.6.1. The Contractor recognizes that some clients function as Covered Entities under the Health Insurance Portability and Accountability Act of 1996 (HIPAA). Work for these clients (or related entities) may require the Contractor to have access to Protected Health Information. In such instances, these clients are obligated to enter into a written Business Associates Agreement (BAA) which imposes HIPAA mandated requirements on the Contractor to limit its use of the Protected Health Information to certain specified purposes, safeguard the Information from misuse, and help Covered Entities comply with some of their duties under the regulations. The BAA addresses the parties' expanded

obligations as outlined in the HITECH Act. These obligations include, but are not limited to, the Contractor's implementation of appropriate administrative, physical and technical safeguards as described in the HIPAA Security Rule and the Contractor's duty to provide the client with notice of any breach of unsecured protected health information, as defined in the HITECH Act.

3.6.2. The Contractor's Chief Executive Officer has overall responsibility to see that the Contractor takes steps to comply with HIPAA by controlling the disclosure and use of such Protected Health Information, and establishing and maintaining guidance and educational material to assist Contractor employees in that effort.
