EXPLANATION

The asphalt shingle roofing on the Seacoast Science Center at Odiorne Point State Park has worn out and is in need of replacement. The present roofing was installed around 1999 and the shingles have deteriorated to a point of no longer being effective at preventing leaks. Therefore, replacement of the roofing material is necessary to protect the integrity of this building.

In August 2013, an invitation to submit bids for roof replacement on the Seacoast Science Center at Odiorne Point State Park was advertised through 5 companies known to the Department and the construction industry, and on the Department of Administrative Services’ and the Division of Parks and Recreation’s websites. Seven (7) bids were received and Property Logistics was selected as the low-bid contractor for this project.

The Attorney General’s Office has approved this contract as to form, substance and execution.

Respectfully submitted,

Philip A. Bryce

Concurred,

In addition, the Contractor shall comply with all applicable copyright laws. 6.2 During the term of this Agreement, the Contractor shall not discriminate against employees or applicants for employment because of race, color, religion, creed, age, sex, handicap, sexual orientation, or national origin and will take affirmative action to prevent such discrimination. 6.3 If this Agreement is funded in any part by monies of the United States, the Contractor shall comply with all the provisions of Executive Order No. 11246 ("Equal Employment Opportunity"), as supplemented by the regulations of the United States Department of Labor (41 C.F.R. Part 60), and with any rules, regulations and guidelines as the State of New Hampshire or the United States issue to implement these regulations.
