**Requested Action**

Pursuant to RSA 21-P:43, the Department of Safety, Division of Homeland Security and Emergency Management requests authorization to enter into a grant agreement with the Town of Plymouth (VC#159942-B001) to purchase and install a generator at the community's Town Hall which is the designated Emergency Operations Center (EOC) for a total amount of \$26,000.00. Effective upon Governor and Council approval through September 30, 2014. Funding source: 100% Federal Funds.

Funding is available in the SFY 2014 operating budget as follows:

02-23-23-236010-80920000	Dept. of Safety	Homeland Sec-Emer Mgmt	100% EMPG Local Match
072-500574	Grants to Local Gov't - Federal		
Activity Code: 23EM128092			\$26,000.00

**Explanation**

The purpose of this project is to purchase and install a generator at the Town Hall to provide sufficient emergency power for department operations during power outages. The Town Hall is used as the main Emergency Operations Center (EOC) during times of emergency. This critical infrastructure needs to be fully operational at all times for the safety of the responders and the citizens of the community. The grant listed above is funded from the FFY'12 Emergency Management Performance Grant (EMPG), which was awarded to the Department of Safety, Division of Homeland Security and Emergency Management (HSEM) from the Federal Emergency Management Agency (FEMA). The grant funds are to be used to measurably improve all-hazard planning and preparedness capabilities/activities, to include mitigation, preparedness, response, and recovery initiatives at the state and local level. Grant guidance and applications are sent out to all Emergency Management Directors and other qualified organizations in the State. Grantees submit applications to this office, which are reviewed and approved by the HSEM Planning Chief, Assistant Planning Chief and Field Representatives. The criteria for approval are based on grant eligibility in accordance with FFY'12 grant guidance and the documented needs of the local jurisdictions; a copy of this guidance is attached.

The Emergency Management Performance Grants are 50% federally funded by FEMA with a 50% match requirement supplied by the grantee. The grantee acknowledges their match obligation as part of Exhibit A to their grant agreement.

In the event that Federal Funds are no longer available, General Funds and/or Highway Funds will not be requested to support this program.

Respectfully submitted,

John J. Barthelmes  
Commissioner of Safety

**New Hampshire Homeland Security and Emergency Management (NHHSEM)  
Emergency Management Performance Grant (EMPG) Guidance  
FFY 2012**

***(Grant Performance Period: October 1, 2011 through September 30, 2014)***

The purpose of the FY 2012 Emergency Management Performance Grant (EMPG) Program is to assist State and Local Governments and other eligible agencies in preparing for all hazards. EMPG focuses on Planning, Organization/Administrative, Equipment, Training, Exercises, Mitigation and Maintenance/Sustainment to enhance and sustain all-hazards emergency management capabilities.

As part of the FY 2012 EMPG Program, DHS-FEMA identified an overarching **priority**:

***Advancing “Whole Community” Security and Emergency Management:*** *“Whole Community” fosters a national emergency management approach and considers all aspects of a community to effectively prepare for, protect against, respond to, recover from, and mitigate against any terrorist attack or natural disaster. As the country experiences threats of terrorist attacks (foreign and domestic) and natural disasters, communities are challenged to develop collective, local abilities to withstand the potential impacts of these events, respond quickly, and recover in a way that sustains or improves the community’s overall well-being. Achieving this collective capacity calls for innovative approaches across the community, including emergency management to build up existing practices, institutions, and organizations that help make local communities successful, and that can leverage this infrastructure if and when an incident occurs.*

**Effectiveness Measures – Quarterly Progress Reporting:** As part of the EMPG Program administration, grantees are **required** to provide quarterly reports that provide sufficient detail for NH HSEM to measure progress of the funded project(s). The EMPG Quarterly Report form is available on NH HSEM’s website at: <http://www.nh.gov/safety/divisions/hsem/grants/documents/empg-quarterly-form.doc>

**Cost Match:** The EMPG Program has a 50 percent (50%) Federal and 50 percent (50%) Local cost match (cash or in-kind) requirement. Unless otherwise authorized by law, Federal funds cannot be matched with other Federal funds. To meet matching requirements, the grantee contributions must be *reasonable, allowable, allocable, and necessary* under the grant program and must comply with all Federal requirements and regulations.

**Allowable Costs:** EMPG funding is available for projects that fall into the categories of – ***Planning, Organization/Administrative, Equipment, Training, Exercises, Mitigation and Maintenance & Sustainment***. The following list of possible projects and activities is meant to guide you in selecting projects for an EMPG grant submission. This list of suggested projects is not intended to be all-inclusive. Local communities or agencies may have other specific projects and activities that reflect specific local needs based on local capability assessments and local hazards.

### ***Planning***

ANY 2012 EMPG Program funds may be used for a range of emergency management planning activities. Planning provides a methodical way to engage the whole community in thinking through the life cycle of potential crises, determining required capabilities, and establishing a framework for roles and responsibilities. Planning must include participation from all stakeholders in the community who are able to contribute critical perspectives and may have a role in executing the plan. Planning should be flexible enough to address incidents of varying types and magnitudes.

#### **Planning activities may include, but are not limited to, the following:**

- **Create/update your Local Emergency Operations Plan (LEOP) \*\*** consistent with the Comprehensive Preparedness Guide (CPG) 101 v.2 November 2010 which serves as the foundation for State and local emergency planning. CPG 101 can be found at:  
[http://www.fema.gov/pdf/about/divisions/mpd/CPG\\_101\\_V2.pdf](http://www.fema.gov/pdf/about/divisions/mpd/CPG_101_V2.pdf).
- **Develop/Enhance an All-Hazards Mitigation Plan\*\*** for your community, approvable by the Federal Emergency Management Agency (FEMA).

- Develop/enhance a local shelter plan.
- Develop/enhance emergency management and operations plans to integrate citizen/volunteer and other non-governmental organization resources and participation.
- Develop/enhance other response and recovery plans, following the DHS program guidance.

\*\* A community must have the following two plans in place before NH HSEM will consider funding other projects: an updated LEOP and a FEMA approvable All-Hazards Mitigation Plan. Applicants may apply for funding for these plans in conjunction with other items.

***Organization/Administrative***

EMPG Program funds may be used for all-hazards emergency management operations, staffing, and other day-to-day activities in support of emergency management. Proposed staffing activities should be linked to accomplishing emergency management-related projects and activities. This grant is project-driven.

### ***Equipment***

Allowable equipment categories for the FY 2012 EMPG Program are listed on the web-based version of the Authorized Equipment List (AEL) on the Responder Knowledge Base (RKB), which is sponsored by FEMA at <http://www.rkb.us>. Unless otherwise stated, equipment must meet all mandatory regulatory and/or FEMA-adopted standards to be eligible for purchase using these funds. In addition, agencies will be responsible for obtaining and maintaining all necessary certifications and licenses for the requested equipment.

The **select allowable equipment** includes equipment from the following AEL Categories:

- [04] Information Technology
- [05] Cyber Security Enhancement Equipment
- [06] Interoperable Communications Equipment (see note below)
- [07] Detection Equipment
- [10] Power Equipment (i.e., generators)
- [11] CBRNE Reference Materials
- [12] CBRNE Incident Response Vehicles \*\*
- [14] Physical Security Enhancement Equipment

All applications for this type of activity will be kept on file. Funding will be considered at the end of the grant performance period, and after all non-vehicle related Emergency Management project requests have been funded.

If you have questions concerning the eligibility of equipment not specifically addressed in the AEL, please contact the State EMPG Program Manager for clarification.

**NOTE:** Grantees that are using FY 2012 EMPG Program funds to support emergency communications activities should comply with the *FY 2012 SAFECOM Guidance on Emergency Communication Grants*. The guidance provides recommendations to grantees seeking funding for interoperable emergency communications projects, including allowable costs, items to consider when funding emergency communications projects, grants management best practices for emergency communications grants, and information on standards that ensure greater interoperability. The guidance is intended to ensure that Federally-funded investments are compatible and support national goals and objectives for improving interoperability nationwide. SAFECOM guidance can be found at <http://www.safecomprogram.gov/library/lists/library/DispForm.aspx?ID=334>.

The recipient shall also ensure projects support the Statewide Communication Interoperability Plan (SCIP).

***Training***

FY 2012 EMPG Program funds may be used for a range of emergency management-related training activities to enhance the capabilities of State and local emergency management personnel through the establishment, support, conduct, and attendance of training. In no case is dual compensation allowable. That is, an employee of a unit of government may not receive compensation from their unit or agency of government AND from an award for a single period of time (e.g., 1:00 p.m. to 5:00 p.m.), even though such work may benefit both activities.
- **Travel** - Travel costs (e.g., airfare, mileage, per diem, hotel) are allowable as expenses by employees who are on travel status for official business related to approved training.

### ***Exercises***

Exercises implemented with grant funds should evaluate performance of the capabilities required to respond to the exercise scenario. Exercise activities should follow HSEEP Guidance which can be found at <https://hseep.dhs.gov>. Grantees are encouraged to develop exercises that test their Local EOPs. *Before applying for EMPG funds for an exercise, please contact the State's Exercise/Training Officer on availability for HSEEP funding which is 100% compared to 50% under EMPG.*

### **Allowable exercise-related costs include:**

- Overtime and Backfill - The entire amount of overtime costs, including payments related to backfilling personnel, which are the direct result of time spent on the design, development and conduct of exercises are allowable expenses. These costs are allowed only to the extent the payment for such services is in accordance with the policies of the State or unit(s) of local government and has the approval of the State or the awarding agency, whichever is applicable. In no case is dual compensation allowable. That is, an employee of a unit of government may not receive compensation from their unit or agency of government AND from an award for a single period of time (e.g., 1:00 p.m. to 5:00 p.m.), even though such work may benefit both activities.

*Exercises (cont.)*

**Unauthorized exercise-related costs include:**

- Equipment that is purchased for permanent installation and/or use, beyond the scope of exercise conduct (e.g., electronic messaging signs).
- Durable and non-durable goods purchased for installation and/or use beyond the scope of exercise conduct.

***Mitigation***

**Mitigation Activities may include:**

- Brick and mortar projects, such as, installing drainage ditches, enlarging culverts, or installing riprap. No annual maintenance activities allowed, such as brush removal, or drainage clearing.
- Communications activities, such as communications studies, compatibility studies, and/or purchasing of communications equipment for interoperability.

***Maintenance and Sustainment***

The use of FEMA preparedness grant funds for maintenance contracts, warranties, repair or replacement costs, upgrades, and user fees are allowable under all active and future grant awards, unless otherwise noted. Grantees are reminded that **supplanting is not permitted under the EMPG Program**. Maintenance contracts and warranties, repair and replacement costs, upgrades, and/or user fees for equipment that was not originally purchased with preparedness grant funding may not be subsequently paid for with preparedness grant funding.

**Maintenance and Sustainment may include:**

- Maintenance Contracts and Warranties - To increase the useful life of the equipment, FEMA has determined that maintenance contracts and warranties may be purchased using grant funding from one FY to cover equipment purchased with funding from a different FY. The use of grant funding for the purchase of maintenance contracts and warranties must meet the following conditions:
  - Maintenance contracts and warranties may only be purchased for equipment that has been purchased using FEMA preparedness grant funding
  - To avoid supplementing Congressional appropriations for specific programs, maintenance contracts and warranties must be purchased using funds from the same grant program used to purchase the original equipment
  - The term of the maintenance contract or warranty shall not exceed the period of performance of the grant to which the contract is being charged.

### *Maintenance and Sustainment*

#### **Maintenance and Sustainment may include (cont.):**

- Repair and Replacement Costs - The cost of repair and replacement parts for equipment purchased using FEMA preparedness grant funding is an allowable expense
  - Repair and replacement parts may only be purchased for equipment that has been purchased using FEMA preparedness grant funding
  - To avoid supplementing Congressional appropriations for specific programs, repair and replacement parts must be purchased using the same grant program used to purchase the original equipment
  
- Upgrades - FEMA preparedness grant funding may be used to upgrade previously purchased allowable equipment. For example, if the grantee purchased risk management software with EMPG Program funds in FY 2005 and would like to use FY 2012 grant funding to upgrade the software, this is allowable.
  - Upgrades may only be purchased for equipment that has been purchased using FEMA preparedness grant funding.
  - To avoid supplementing Congressional appropriations for specific programs, upgrades must be purchased using the same grant program used to purchase the original equipment.
  
- User fees - User fees are viewed as costs for specific services required to maintain and provide continued operation of equipment or systems. An example would be the recurring service fees associated with handheld radios or mobile data computers
  - User fees may only be paid for equipment that has been purchased using FEMA preparedness grant funding
  - To avoid supplementing congressional appropriations for specific programs, user fees must be paid for using the same grant program used to purchase the original equipment.
  - The service time purchased shall not exceed the period of performance of the grant to which the user fee is being charged.

- 12.2. In the event of Termination under paragraphs 10 or 12.4 of these general provisions, the approval of such a Termination Report by the State shall entitle the Grantee to receive that portion of the Grant amount earned to and including the date of termination.
- 12.3. In the event of Termination under paragraphs 10 or 12.4 of these general provisions, the approval of such a Termination Report by the State shall in no event relieve the Grantee from any and all liability for damages sustained or incurred by the State as a result of the Grantee's breach of its obligations hereunder.
- 12.4. Notwithstanding anything in this Agreement to the contrary, either the State or, except where notice default has been given to the Grantee hereunder, the Grantee, may terminate this Agreement without cause upon thirty (30) days written notice.
13. CONFLICT OF INTEREST. Neither the Grantee nor any of its officers, employees, agents, members, subcontractors or subgrantees, shall have authority to bind the State nor are they entitled to any of the benefits, workmen's compensation or emoluments provided by the State to its employees.
  15. ASSIGNMENT AND SUBCONTRACTS. The Grantee shall not assign, or otherwise transfer any interest in this Agreement without the prior written consent of the State. None of the Project Work shall be subcontracted or subgranted by the Grantee other than as set forth in Exhibit A without the prior written consent of the State.
  16. INDEMNIFICATION. The Grantee shall defend, indemnify and hold harmless the State, its officers and employees, from and against any and all losses suffered by the State, its officers and employees, and any and all claims, liabilities or penalties asserted against the State, its officers and employees, by or on behalf of any person, on account of, based on, resulting from, arising out of (or which may be claimed to arise out of) the acts or omissions of the Grantee or Subcontractor, or subgrantee or other agent of the Grantee. Notwithstanding the foregoing, nothing herein contained shall be deemed to constitute a waiver of the sovereign immunity of the State, which immunity is hereby reserved to the State. This covenant shall survive the termination of this agreement.
  17. INSURANCE AND BOND.
    - 17.1 The Grantee shall, at its own expense, obtain and maintain in force, or shall require any subcontractor, subgrantee or assignee performing Project work to obtain and maintain in force, both for the benefit of the State, the following insurance:

No express waiver of any Event of Default shall be deemed a waiver of any provisions hereof. No such failure of waiver shall be deemed a waiver of the right of the State to enforce each and all of the provisions hereof upon any further or other default on the part of the Grantee.
  19. NOTICE. Any notice by a party hereto to the other party shall be deemed to have been duly delivered or given at the time of mailing by certified mail, postage prepaid, in a United States Post Office addressed to the parties at the addresses first above given.

- Mrs. Scarborough stated that the CCC meeting was canceled due to weather and has been re-scheduled to a future date. Mr. Tim Keefe announced that the new date was March 25th

**New/Other Business:**

- Mr. Freitas discussed writing a letter to New Hampshire Department of Transportation (NHDOT) regarding the lights at the intersection of Highland Street and Tenney Mountain Highway.
  - It has been noted by emergency departments that when the lights are adjusted so the emergency vehicles can get through the lights don't function afterward. The timing of the lights is off and a traffic study is needed from NHDOT.
  - There have also been numerous complaints regarding the right turn onto Highland Street. Not only do people not know what to do at that light but the angle is wrong.
  - A letter will be written to NHDOT to correct immediate problems in order of priority as follows:
    1. Get lights to function properly after safety vehicles pass through

2. Place a sign for right turn on red
  3. Over traffic study on intersections
- Mr. Freitas will speak with Chief Lefebvre to see if there are any other issues that need mentioning.

**Public Comment:**

- Mr. Miller mentioned that the right turn from Rte 25 onto Highland is at the wrong height for the stop sign.
- Mr. Keefe mentioned how an accident almost occurred due to the flashing yellow light/left turn west on to Rte 25.

**Public Hearing is opened at 6:30 PM to accept unanticipated funds from a Homeland Security Grant for the purchase of a generator for the Town Hall previously approved at the 2012 Town Meeting.**

- Paul Hatch, Field Representative for the Department of Homeland Security, explained the grant to the Select Board. The grant application process was approved by the Select Board at a prior meeting. The generator purchase was approved at the 2012 March Town Meeting with the town being 50% responsible and Homeland Security supplying the other 50% to offset part of the purchase. Once the grant is accepted and approved by the Select Board it will then need to go before the Governor and Council for final approval. This will occur within three (3) months of the vote of acceptance by the Select Board. Funds will be dispersed upon final acceptance by the Council.
- Mrs. Scarborough asked for public comment on the generator grant.
- The question was asked how long will the generator run on one tank of fuel. The response was approximately one week.
- Other questions were "which is more efficient? Diesel or Propane?", "what do other towns use" and "is one preferred over the other"?
- Mr. Hatch responded with it's about 50/50 on the use of diesel or propane and the same for use and preference. It all depends on the town itself.

**Public Hearing is closed at 6:40 PM**

- A motion was made by Mr. Conklin and seconded by Mr. Bolton to accept and approve the grant from Homeland Security. All in favor.

**Adjourn: 6:41 PM**

- Mr. McIver made a motion seconded by Mr. Conklin to adjourn the meeting. All in favor

*Respectfully Submitted,*
