This is a fixed amount for SFY 2015. The original agreement between DOT and DOS was approved by Governor and Council on February 7, 2007, Item #119, with the last renewal of said agreement approved by Governor and Council on May 1, 2013, Item #97. Effective upon Governor and Council approval from July 1, 2014 to June 30, 2015. Funding: 100% Federal Funds.

Explanation

The Division of State Police currently utilizes this facility to provide adequate cover and security for two Crime scene vehicles, a large scale advanced response vehicle (EOD), total containment vessel (bomb trailer), mobile thermal destruction unit (burn trailer), bomb suits, ancillary equipment, and a spare EOD cruiser.

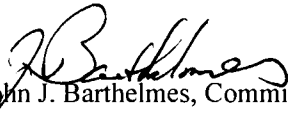

The Stickney Avenue Facility will provide DOS weather-tight, heated, and secure storage for all its various vehicles at a convenient and accessible location in Concord.

The DOT property on Stickney Avenue in Concord, commonly known as the Highway Garage, became vacant in July 2006 when the Bureau of Materials and Research relocated to its new facility on Hazen Drive. Because of the uncertainty associated with the future impacts on the property resulting from the final design of the Bow-Concord I-93 reconstruction project, DOT is reluctant to sell the property until the public hearing phase of the project is completed when the right-of-way impacts of the project will be more clearly defined. Because this phase is not anticipated to be
