Her Excellency, Governor Margaret Wood Hassan
and the Honorable Council
State House
Concord, New Hampshire 03301

REQUESTED ACTION

Authorize the Department of Health and Human Services, New Hampshire Hospital, to enter into an Agreement with Viking Controls, Inc., (Vendor # 156204), 2 Townsend West, Unit 2, Nashua NH, 03063, to implement an upgrade to the existing Metasys Energy Management System, in an amount not to exceed \$42,950, effective upon Governor and Executive Council approval through April 30, 2015. 100% General Funds.

Funds to support this request are available in the following account for State Fiscal Year 2015:

01-14-14-140030-1249000 Department of Administrative Services; Statewide Energy Efficiency Improvements

State Fiscal Year	Class/Object	Class Title	Amount
2015	034-500155	Capital Projects	\$42,950

EXPLANATION

The purpose of this request is to upgrade a portion of the Energy Management System at New Hampshire Hospital that provides climate control for the 195,000 square foot institution. The upgrade to the Energy Management System is necessary because the computer system for New Hampshire Hospital was recently upgraded from the Windows XP operating system to a Windows 7 operating system. The upgrade to the New Hampshire Hospital computer system resulted in the current Metasys Energy Management System not being fully supported, which has resulted in the need to upgrade to the Energy Management System.

The Air Handling Units at New Hampshire Hospital need their existing pneumatic actuators and controls re-commissioned so they interface with the existing Metasys Energy Management System. Additionally, all necessary global temperature and humidity sensors must be tied in to the existing controls system until a full upgrade can be completed. Thirty-six (36) existing pneumatic actuators and sensors must be replaced with new Direct Digital Control actuators and controls. The pneumatic actuators must also be re-commissioned to correctly operate on the new Direct Digital Controls. The upgrade will include the installation of two newly installed CO2 controls, which need to be synced to the

new Direct Digital Controls as well as the reconfiguration and reprogramming of two (2) existing Variable Air Volume boxes/controls. This involves the removal of the existing pneumatic actuators and replacing them with Direct Digital Controls actuators.

New Hampshire Hospital does not have staff trained in completing the aforementioned upgrade. Therefore, once the upgrade is completed, staff will need to be trained on the new equipment and be provided with ongoing support, as necessary, throughout the product warrantee period.

The Department of Administrative Services, through the Office of Energy Management, is funding this contract. The project is estimated to save \$14,800 in annual energy costs, resulting in a 2.9 year payback. The New Hampshire Climate Action Plan issued in March 2009 emphasized that future economic growth in New Hampshire as well as mitigation of and adaptation to a changing climate will depend in large part on more efficient use of energy. The New Hampshire Climate Plan also recommended that the state of New Hampshire lead by example in its activities to reduce energy use associated with heating and cooling buildings.

This contract was competitively bid. On September 17, 2014 and on October 8, 2014 the Department issued a Request for Proposals to solicit proposals from qualified vendors trained and certified in the Johnson Controls Metasys Energy Management System and the Facility Explorer Management System in order to implement a partial upgrade to the existing Energy Management System. The request for proposals was available on the Department of Health and Human Services' website as well as the Department of Administrative Services website from September 17, 2014 through October 8, 2014 and from October 8, 2014 through November 14, 2014. One proposal was received.

The proposal was evaluated by a team of Department of Health and Human Services employees with knowledge of the program requirements. The team also included staff with significant business and management expertise. Viking Controls, Inc. was selected as the vendor able to provide the needed services. The bid summary is attached.

Should Governor and Council not approve this request; the New Hampshire Hospital Energy Management System will not be able to function properly, causing patient care as well as patient and employee wellbeing to be negatively impacted. The inability for the Energy Management System to function properly could lead to poor habitability standards within the hospital, which could endanger the health and wellbeing of both patients and staff.

Area served: New Hampshire Hospital's Acute Psychiatric Services Building.

Source of funds: 100% general funds.

Respectfully submitted,

Robert J. MacLeod

- b. The Business Associate shall immediately perform a risk assessment when it becomes aware of any of the above situations. The risk assessment shall include, but not be limited to:

- d. - e. Business Associate shall require all of its business associates that receive, use or have access to PHI under the Agreement, to agree in writing to adhere to the same restrictions and conditions on the use and disclosure of PHI contained herein, including the duty to return or destroy the PHI as provided under Section 3 (l). - f. Within five (5) business days of receipt of a written request from Covered Entity, Business Associate shall make available during normal business hours at its offices all records, books, agreements, policies and procedures relating to the use and disclosure of PHI to the Covered Entity, for purposes of enabling Covered Entity to determine Business Associate's compliance with the terms of the Agreement.
- g. Within ten (10) business days of receiving a written request from Covered Entity, Business Associate shall provide access to PHI in a Designated Record Set to the Covered Entity, or as directed by Covered Entity, to an individual in order to meet the requirements under 45 CFR Section 164.524.

- i. Business Associate shall document such disclosures of PHI and information related to such disclosures as would be required for Covered Entity to respond to a request by an individual for an accounting of disclosures of PHI in accordance with 45 CFR Section 164.528.
- j. Within ten (10) business days of receiving a written request from Covered Entity for a request for an accounting of disclosures of PHI, Business Associate shall make available to Covered Entity such information as Covered Entity may require to fulfill its obligations to provide an accounting of disclosures with respect to PHI in accordance with 45 CFR Section 164.528.

In the event any individual requests access to, amendment of, or accounting of PHI directly from the Business Associate, the Business Associate shall within two (2) business days forward such request to Covered Entity. Covered Entity shall have the responsibility of responding to forwarded requests. However, if forwarding the individual's request to Covered Entity would cause Covered Entity or the Business Associate to violate HIPAA and the Privacy and Security Rule, the Business Associate shall instead respond to the individual's request as required by such law and notify Covered Entity of such response as soon as practicable.
- l. Within ten (10) business days of termination of the Agreement, for any reason, the Business Associate shall return or destroy, as specified by Covered Entity, all PHI received from, or created or received by the Business Associate in connection with the Agreement, and shall not retain any copies or back-up tapes of such PHI. If return or destruction is not feasible, or the disposition of the PHI has been otherwise agreed to in the Agreement, Business Associate shall continue to extend the protections of the Agreement, to such PHI and limit further uses and disclosures of such PHI to those purposes that make the return or destruction infeasible, for so long as Business

Exhibit I

Associate maintains such PHI. If Covered Entity, in its sole discretion, requires that the Business Associate destroy any or all PHI, the Business Associate shall certify to Covered Entity that the PHI has been destroyed.

(4) Obligations of Covered Entity

- a. Covered Entity shall notify Business Associate of any changes or limitation(s) in its Notice of Privacy Practices provided to individuals in accordance with 45 CFR Section 164.520, to the extent that such change or limitation may affect Business Associate's use or disclosure of PHI.
- b. Covered Entity shall promptly notify Business Associate of any changes in, or revocation of permission provided to Covered Entity by individuals whose PHI may be used or disclosed by Business Associate under this Agreement, pursuant to 45 CFR Section 164.506 or 45 CFR Section 164.508.
- c. Covered entity shall promptly notify Business Associate of any restrictions on the use or disclosure of PHI that Covered Entity has agreed to in accordance with 45 CFR 164.522, to the extent that such restriction may affect Business Associate's use or disclosure of PHI.

(5) Termination for Cause

In addition to Paragraph 10 of the standard terms and conditions (P-37) of this Agreement the Covered Entity may immediately terminate the Agreement upon Covered Entity's knowledge of a breach by Business Associate of the Business Associate Agreement set forth herein as Exhibit I. The Covered Entity may either immediately terminate the Agreement or provide an opportunity for Business Associate to cure the alleged breach within a timeframe specified by Covered Entity. If Covered Entity determines that neither termination nor cure is feasible, Covered Entity shall report the violation to the Secretary.

(6) Miscellaneous

- a. Definitions and Regulatory References. All terms used, but not otherwise defined herein, shall have the same meaning as those terms in the Privacy and Security Rule, amended from time to time. A reference in the Agreement, as amended to include this Exhibit I, to a Section in the Privacy and Security Rule means the Section as in effect or as amended.
- b. Amendment. Covered Entity and Business Associate agree to take such action as is necessary to amend the Agreement, from time to time as is necessary for Covered Entity to comply with the changes in the requirements of HIPAA, the Privacy and Security Rule, and applicable federal and state law.
- c. Data Ownership. The Business Associate acknowledges that it has no ownership rights with respect to the PHI provided by or created on behalf of Covered Entity.
- d. Interpretation. The parties agree that any ambiguity in the Agreement shall be resolved to permit Covered Entity to comply with HIPAA, the Privacy and Security Rule.
