REQUESTED ACTION

Approval is requested to accept private funds for the Spark NH, Early Childhood Advisory Council. Governor and Executive Council approval is required as a stipulation of Executive Order 2011-03. The Department of Health and Human Service is required by the Order to submit requests on behalf of Spark NH, Early Childhood Advisory Council. This request is in the amount of \$64,400 from the Endowment for Health to increase the capacity of Spark NH to reach a broader audience to promote the importance of investing in early childhood and raising awareness of Spark NH, effective upon the date of Governor and Executive Council approval, through March 31, 2016. 100% Other (Private Grant) Funds.

EXPLANATION

The Department of Health and Human Services seeks approval on behalf of Spark NH, Early Childhood Advisory Council to accept and expend private funds in the amount of \$64,400.00 from the Endowment for Health. A copy of the Endowment for Health grant award letter is attached. Spark NH is a federally mandated, Governor appointed early childhood advisory council established on September 7, 2011 by Governor John Lynch by Executive Order 2011-03, An Order Establishing the Early Childhood Advisory Council (attached). Item six stipulates that: "The Council shall be allowed to accept grants and other assistance to support its work upon the approval of the Governor and Council. Any such items shall be brought forward by the Department of Health and Human Services on behalf of the Council." Early Learning NH is a private, non-profit organization designated by Governor John Lynch as the coordinating body for Spark NH.

Should Governor and Executive Council determine not to approve this request, Spark NH will be unable to promote the importance of investing in early childhood by increasing the capacity of Spark NH to reach a broad audience of influential leaders with "Children: The Bedrock of the Granite State" messaging. Currently, Spark NH's capacity to deliver this research-based messaging is limited due to current demands on Council staff time. Funding from the Endowment for Health would enable Spark NH to engage the services of a consultant to carry out this work throughout New Hampshire.

Geographic area served: Statewide.

Source of Funds: 100% Private.

If private funds become no longer available, general funds will not be requested to support the program expenditures.

Respectfully submitted:

Director
