Requested Action

Pursuant to RSA 21-P:37, II, authorize the Department of Safety, Division of Homeland Security and Emergency Management (HSEM) to enter into a contract with the New Hampshire Association of Broadcasters (NHAB), (VC#154938-B001), 707 Chestnut Street, Manchester, NH 03104 for non-commercial sustaining announcements (NCSAs) on emergency management and preparedness for an amount of \$52,500.00. Effective upon Governor and Council approval through June 30, 2016. Funding Source: 66.5% Private and Local Funds/ 32% Federal Funds/ 1.5% Agency Income.

Funding is available in the SFY2016 operating budget as follows:

02-23-23-2360010-27400000	Dept. of Safety – Homeland Sec-Emer Mgmt – Emergency Mgmt. Admin	<u>SFY 2016</u>
020-500247	Current Expenses – Advertising and Publication	\$52,500.00
Activity Code: 2360		

Explanation

This contract will provide for non-commercial sustaining announcements (NCSAs) to be aired over NH radio stations statewide for the purpose of increasing public awareness of emergency preparedness for natural and manmade hazards and stimulating preparedness measures for communities in order to provide NH residents with critical information on protecting themselves and their families during disasters. NCSAs provided by this contract will help increase the involvement of and interaction between local governments, the private sector, residential communities, school systems and populations with special needs, i.e., elderly, handicapped, minorities, etc., through a statewide public awareness campaign. The messages aired will provide information on winter storm preparedness, hurricanes, earthquakes, flooding, ice jams, hazardous materials spills, and other topics as deemed necessary. These messages will also contain information on the availability of a toll-free information line.

The NHAB will coordinate with its member radio and television stations to air the NCSA spots. All commercial radio stations in New Hampshire and all five television stations are members of the association. NHAB will provide DOS/HSEM with **five times more airtime** than if purchased on a station-by-station basis at full commercial rates. This \$5.00 to \$1.00 ratio enables DOS/HSEM to reach the public statewide on a broad variety of topics.

A Request for Proposals (RFP) was posted on the State's Administrative Services website from August 31, 2015 through September 11, 2015. On September 4, 2015 at 1:00pm a free and open conference call (outlined in the RFP) was held for prospective bidders for 30 minutes to review the RFP and allow potential bidders to ask questions and seek clarifications. The only potential bidder in attendance was the NHAB. A total of one proposal was received, which was from the NHAB. The review panel included Elizabeth Peck, State Hazard Mitigation Officer and Assistant to the Department of Safety Public Information Officer, Ryan Nix, Department of Safety Emergency Management Specialist and Michael Todd, Department of Safety Public Information Officer.

Her Excellency, Governor Margaret Wood Hassan
and the Honorable Council

RE: Workers' Compensation for Department of Safety "Emergency Preparedness" NCSA campaign

To whom it may concern,

New Hampshire Workers' Compensation Coverage is not applicable to the New Hampshire Association of Broadcasters as we do not have any employees. I, as the Executive Director, am employed by M5 Marketing Communication of Manchester, New Hampshire, who is contracted biannually as an Association Management firm.

All of my compensation comes directly from M5 and not from NHAB.

Sincerely,

Jordan Walton
Executive Director
New Hampshire Association of Broadcasters
