This agreement is between the State and the sub-recipient to delineate responsibilities for providing services necessary to plan, layout, design, and/or provide oversight supervision for this Federal Aid Bridge and State Aid Bridge project.

The purpose of the Federal MOBRR Program and State Aid Bridge Program is to provide federal and State funding for improvements to municipally owned bridges.

This project will replace the Bedford Road Bridge (Bridge #113/159) over the Baboosic Brook in the Town of Merrimack. The main purpose of this project is to increase hydraulic capacity. The existing culvert is severely undersized and is deteriorating. Bedford Road overtops frequently from flooding from Baboosic Brook, causing roadway closures, roadway damage, transportation detours and delays.

State Aid Bridge funds (80% State and 20% Town) will be used for Preliminary Engineering, Right-of-Way and Construction. Due to overall costs, Federal MOBRR funds will also be used to fund part of the Construction. For reference; the following table shows the funding allocations:

This request:

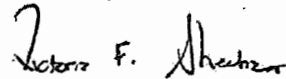

AGENCY	FEDERAL AID BRIDGE FUNDS	STATE AID BRIDGE FUNDS	TOWN OF MERRIMACK FUNDS	PROJECT TOTAL
COST	\$800,000	\$2,887,119.20	\$921,779.80	\$4,608,899

Authorization is requested to allow the Department to enter into an agreement with the sub-recipient to ensure compliance with Federal Aid and State Aid requirements and to permit State personnel to supervise the project and the Department to expend State and Federal funds.

Expenses incurred will be charged against the designated project account number and reimbursement for costs shall be borne by the Federal Aid Bridge Program and the State Aid Bridge Program and in the amount of \$3,687,119.20.

Your approval of this submission is respectfully requested.

Sincerely,

Victoria F. Sheehan  
Commissioner
