Dept Environmental Services, Drinking Water and Groundwater Trust, Grants Non-Federal	\$250,000

EXPLANATION

The Drinking Water and Ground Water Trust Fund was created in 2016, using \$276 million of MtBE trial judgement funds, as authorized by RSA 485-F. The purpose of the Trust Fund is to provide sustainable, long-term funding for the protection, preservation, and enhancement of the drinking water and groundwater resources of the state. The Drinking Water and Groundwater Advisory Commission was established to administer the Trust Fund and to provide guidance to the State on the use of the Trust Fund.

On June 10, 2019, the Advisory Commission voted to authorize \$250,000 as a grant to the Sanbornville Water Precinct for payment for capital improvements including the installation of new water main to create a loop that improves the system reliability and flows required for critical services such as fire response and the school. This agreement has been approved by the Attorney General's Office as to form, substance and execution.

We respectfully request your approval.
