*William Cass, P.E.*  
Assistant Commissioner

Bureau of Construction  
March 30, 2020

His Excellency, Governor Christopher T. Sununu  
and the Honorable Council  
State House  
Concord, New Hampshire 03301

**REQUESTED ACTION**

Authorize the Department of Transportation to enter into a contract with Continental Paving, Inc. of Londonderry, NH (Vendor 155350) on the basis of a low bid of \$2,582,312.98 for resurfacing approximately 25 miles of various Tier 2, 3 and 4 roadways in District 5, from the date of Governor and Council approval through September 18, 2020, unless extended by the Department in accordance with the Standard Specifications. 100% Agency Income (SB367 Capital Investment).

Funding is available in State Fiscal Year 2020 and 2021 as follows, with the ability to adjust encumbrances through the Budget Office between State Fiscal Years if needed and justified:

Funding is available as follows:	<u>FY 2020</u>	<u>FY 2021</u>
04-96-96-963015-8910		
SB 367 Capital Investment		
400-500870 Highway Contract Payments	\$1,015,623.69	\$1,566,689.29

**EXPLANATION**

This project is included in the State's Ten Year Transportation Improvement Plan, under the Highway Betterment Pave-Tier 2-Resurfacing, and Pave-Tier 3/4-Resurfacing Programs. This project resurfaces seven (7) sections of Tier 2, 3 and 4 roads within eleven (11) towns of District 5. The sections total approximately 24.7 miles in length.

This project is part of the CY 2020 District Resurfacing Program. The sections will be resurfaced via paver shim overlay, high strength inlay, and spot inlays. Eighteen (18) sidewalk curb ramps within 3 sections will be improved or added. All impacted towns and utilities will be notified of the work.

- 19525 – Hudson-Pelham, Kimball Hill Rd/ Keyes Hill Rd, 0.75" full width paver shim, 3.1 miles
- 20505 – Londonderry-Manchester, NH 28/ NH 28A, 1.25" full width high strength overlay (1.7 miles), 2" full width high strength inlay (2.0 miles), 2.7 miles
- 20508 – Warner-Sutton-Warner, NH 103, 0.75" full width paver shim (6.9 miles), 1.5" full width wearing course inlay (0.3 miles), 7.2 miles

- 20509 – Amherst, NH 122, 0.75” full width paver shim (2.9 miles), 1.5” full width Hot Bituminous Pavement inlay (0.1 miles), 3.0 miles
- 20512 – Candia, NH 43, 0.75” full width paver shim, 4.0 miles
- 20513 – Goffstown-Dunbarton, NH 13, 0.75” full width paver shim, 4.2 miles
- 22501 – Milford, NH 101, 0.75” full width paver shim (0.4 miles) 1.5” full width high strength inlay (0.1 miles), 0.5 miles

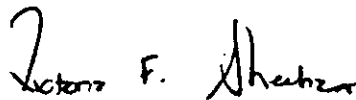

Although the bid costs exceeded the Department’s estimate by 6.65%, the low bid of 2 bids received is felt to be reasonable for the work involved. There were 2 items of significance that resulted in 60% of the overage (high strength pavement and PMST paver shim). The balance of the overage was distributed across the remaining items in the contract. Re-advertising this project would result, in our opinion, in higher prices and prevent the completion of the work in a timely manner. The Department considers it to be in the best interest of the State to accept this bid to accomplish these needed repairs.

The Contractor has been prequalified by this Department. The Contract has been approved by the Attorney General as to form and execution, and the Department has certified that the necessary funds are available and the bid reasonably conforms to the engineer’s estimate in accordance with State procedures. Copies of the fully executed contract are on file at the Secretary of State’s Office and the Department of Administrative Service’s Office, and subsequent to Governor and Council approval will be on file at the Department of Transportation.

A copy of the Tabulation of Bids received for this project is attached along with the Contract Supplemental Sheet and a map indicating the location of the project.

Your approval of this resolution is respectfully requested.

Sincerely,

Victoria F. Sheehan  
Commissioner
