

14:05:13 From Pat Grant : I don't have a cell phone to call in on
14:05:30 From Sysadmin : i'm not able to hear anyone....
14:05:34 From Sysadmin : Stoddard here.
14:05:45 From lynn : can hear everyone
14:05:45 From Sysadmin : is it just me with no audio?
14:05:49 From Claudine : I'm hearing most folks
14:05:49 From Beverly : All audio is breaking up
14:05:50 From Megan Suokko : Dublin here!
14:05:51 From Jean Lightfoot : I hear everyone.
14:05:52 From Darryl Perry : people may be interested to look at these links:
[https://ballotpedia.org/Changes_to_election_dates,_procedures,_and_administration_in_response_to_the_coronavirus_\(COVID-19\)_pandemic,_2020](https://ballotpedia.org/Changes_to_election_dates,_procedures,_and_administration_in_response_to_the_coronavirus_(COVID-19)_pandemic,_2020)
[https://ballotpedia.org/Lawsuits_about_state_actions_and_policies_in_response_to_the_coronavirus_\(COVID-19\)_pandemic,_2020#Lawsuits_related_to_election_date_and_procedure_changes](https://ballotpedia.org/Lawsuits_about_state_actions_and_policies_in_response_to_the_coronavirus_(COVID-19)_pandemic,_2020#Lawsuits_related_to_election_date_and_procedure_changes)
14:06:01 From Judy Strakalaitis : Can you please remind everyone how to raise their hands?
14:06:05 From Sysadmin : must be my end... working on it.
14:06:09 From Martha Hulsman : had trouble signing into meeting
14:06:21 From Stella : I'm Stella Butterfield of Canaan. By myself. My cell phone says the maximum has been reached. On my computer. I can hear you but you won't be able to hear me.
14:06:30 From mary villaume : This is Mary Villaume,from Gilford....I cannot be seen or heard on my computer
14:06:43 From Kyri : What do you do to raise your hand?
14:06:50 From Pat Grant : I can't hear or see myself
14:07:13 From Darryl Perry : abovethe chat window, there's a button that says "Raise Hand"
14:08:06 From EuniceJ : Please review how to raise our hand. When i put the curser over my name I do not see how to raise my hand.
14:08:17 From Jean Lightfoot : Click on Participants icon and then at bottom of window, click on "Raise Hand"
14:09:03 From Pat Grant : what should I do I can't hear
14:09:04 From Candy : is everyone muted?
14:09:20 From Darryl Perry : everyone who is not on the Committee is muted
14:09:27 From Katy Cutshall : Tp "raise your hand" on the bottom bar, click on Participants. It will bring up a list on the right hand side of your screen. Right below the list, there is a gray button "Raise Hand"/
14:09:32 From Vicky Nawoichyk : Yes you need to raise your hand to get unmuted
14:09:35 From Pat Grant : what good is it to be here then
14:09:38 From Judy Strakalaitis : Thank you. Using a different laptop today so things are in diff places.
14:09:56 From Kyri : Got it finally! Thank you all
14:09:57 From Pat Grant : where do I raise my hand
14:10:14 From Kelly Roberts Clerk Deerfield : Where can we find the minutes?
14:10:22 From Pam Schwotzer : I believe we are all muted. You can hold down the space bar to unmute temporarily.
14:10:30 From Darryl Perry : Approved Minutes are here: <http://sos.nh.gov/2020selectcommittee.aspx>
14:11:07 From Vicky Nawoichyk : Will we get invites to those sessions too?
14:11:59 From Ann : Some people cannot seem to get in. We thought the limit was 500.
14:12:07 From Kelly Roberts Clerk Deerfield : Thank you Darryl
14:12:10 From Vicky Nawoichyk : The limit was hit
14:12:15 From Sysadmin : dud for Stoddard... no volume.
14:12:15 From Jeanne : Can we provide written comments to the committee, and if so, what is the best way to do that?
14:12:18 From Vicky Nawoichyk : Apparently there are only 300 allowed

14:12:24 From Vicky Nawoichyk : PPL cannot get in this is a shame
14:12:30 From Vicky Nawoichyk : MAny SUPS cannot get in
14:12:38 From Carol Pfister : Carol Pfister Effingham I am by myself.
14:12:47 From Kelly Roberts Clerk Deerfield : Stream on facebook
14:13:01 From DEE ANN DECKER : YES
14:13:13 From Darryl Perry : will need a new Zoom Meeting ID
14:13:28 From Jean Lightfoot : Will we need a new number?
14:13:33 From Vicky Nawoichyk : How will we get the new link
14:14:00 From DEE ANN DECKER : How will we get the new link?
14:14:03 From Vicky Nawoichyk : But what is the link
14:14:14 From Judy Strakalaitis : will we lose our access if it is recessed?
14:14:34 From Judy Strakalaitis : Gene is right!
14:14:47 From David Stamps : I keep getting low bandwidth message when different people popup
14:14:51 From Denise Sachse : agreed - recess in place is best method and less havoc

14:14:52 From Kate Coon : Gene is right. "recess in place"
14:14:58 From Barbara Chagnon : Let's wait and see what happens. Then tell us if we need to re-enter.
14:15:23 From Kyri : Remember to save the chat box on your computer because if we go away, the chat
box will too.
14:15:51 From klc01 : Kathy Collins from Laconia here-- my first meeting can hear all
14:16:00 From bonniewinonamackinnon : I cannot raise my hand! The participant icon is not live.
14:16:14 From Vicki : How do I receive minutes of meetings?
14:16:18 From Dennis Raymond : I agree to recess in place
14:16:22 From Louise Spencer : If internet speed is slow, it helps to turn off video.
14:16:25 From Victoria Turner : If latency is a problem, it might help if we voluntarily disable our video
14:16:26 From Kate Coon : how do you save the chat?
14:16:40 From Louise Spencer : Minutes are on the SoS wbesite.
14:16:52 From Jean Lightfoot : Save chat by clicking on 3 dots below it and say "Save Chat"
14:17:07 From Vicki : Thank you Louise Spencer.
14:17:08 From Victoria Turner : save chat by hitting the three dots at bottome right
14:17:11 From Jean Lightfoot : That saves up to that point, so you probably need to keep saving it
periodically.
14:17:13 From Pam Schwotzer : save chat by clicking on lower right of chat column next to "file"
14:17:14 From Kyri : To save the chat, put your cursor over the little box with the three dots right above
where you type your message. That should pop up save.
14:17:29 From Kyri : You have to save constantly.
14:19:34 From Victoria Turner : Just think, if this were an in person meeting, they'd have to seat us in the
hall of reps!
14:19:56 From Rebecca : Is the meeting going to start soon?
14:20:00 From Kate Coon : chat saved. thank you
14:21:04 From Steven Goldstein : On my pc I have an icon called reactions which has the hand raiserd
option.
14:21:42 From Carolyn Garretson : Mine only shows thumbs up or clapping!
14:22:15 From Judy Strakalaitis : delayed while SOS talks to Zoom support abt why participation is
limited to 300. Some people cldnt get on. Meeting is set for 500. Dave said the first day that if more than 500
wanted to join, the meeting would have to be rescheduled bc of RTK.
14:22:43 From Mark Vallone : Is anyone talking? I hear what sounds like a mouse clicking but that's all.
14:23:02 From Mark Vallone : Thanks!!
14:23:28 From Ron Goggans : where are meeting minutes posted or how are they distributed?
14:23:38 From Vicky Nawoichyk : <http://sos.nh.gov/2020selectcommittee.aspx>

14:23:44 From Ervin Connary : If you want to raise you hand, select participants and at the bottom of the list there will be a raise hand option.

14:23:44 From Louise Spencer : The problem is that people who have not been able to join will not know to come back. Is the anything that can be posted on the website?

14:23:54 From Ron Goggans : sorry, what url?

14:23:58 From Jean Lightfoot : Good point, Louise.

14:23:59 From Judy Strakalaitis : On SOS site. Follow link re committee announcement on the home page.

14:24:12 From Ron Goggans : thank you

14:24:18 From Mark Vallone : Can some of us go on the phone line to get thecount under 300? If so, is number on the web site?

14:24:23 From John Lisle, Moderator Ward 8 Nashua : <https://sos.nh.gov/2020selectcommittee.aspx>

14:24:32 From Louise Spencer : Seems like it would be prudent to get the 1000 person plan.

14:24:41 From Ervin Connary : It tried the phone and it said the meeting was full

14:24:58 From Mark Vallone : Technology Gotta love it.

14:25:02 From Judy Strakalaitis : the tribulations of being so popular, Brad.

14:25:25 From Judy Strakalaitis : and no competing state meetings today.

14:26:13 From Vicki : Is the recorded audio from Tuesday's meeting available? I was not able to attend.

14:26:18 From Liz Tentarelli : Mr. Cook, when we reconvene would you please repeat the agenda for the 3 days next week?

14:26:20 From Barbara Chagnon : Will there be a separate set of meetings for input on how to handle the tasks of the upcoming elections during this state of emergency?

14:26:32 From Kyri : Some of us are at home. We can touch our faces.

14:26:33 From Louise Spencer : People can still sign in by phone. I just tried.

14:26:43 From Judy Strakalaitis : I am allowed. I have been inside sooo long.

14:26:55 From Dennis Raymond : No one is wearing a mask

14:27:05 From Kelly Roberts Clerk Deerfield : Can you livestream to Facebook or YouTube? May help

14:27:08 From Darrell Scott : I notice that the earlier chats are saved on the SOS website along with the minutes of the select committee meetings

14:27:25 From Judy Strakalaitis : Louise, someone just reported they were not able to get on by phone a minute ago.. Happenstance.

14:27:35 From Kelly Roberts Clerk Deerfield : Livestream to facebook, website, youtube

14:27:36 From Joyce's iPhone to Orville Fitch(Privately) : can we break apart the under 10,000 and over 10,000? Have the 2nd group come in at a certain time and make sure the first group

14:27:41 From Jean Lightfoot : Seems like the right decision.

14:28:03 From Margaret Doody : Is there a group meeting to determine issues for June 2 SOC session?? A subcommittee or someone?

14:28:14 From Darryl Perry : Mr Chair, I kow these are being recorded. Where could one go to find the recordings?

14:28:18 From Judy Strakalaitis : No mask and allowed face touching here bc my family has been home since March 15.

14:28:24 From Margaret Doody : WE have deadlines coming up to notice the meeting and need to know what to do.

14:28:27 From Joyce's iPhone to Orville Fitch(Privately) : although seems like adjournment is the better option

14:28:45 From Pete Basiliere to Orville Fitch(Privately) : Bud, Zoom gets hit hard on the hour and the half hour. If Dave is having difficulty getting through, rather than adjourn now can the recess be extended by 15 minutes?

14:28:45 From Margaret Doody : Most urgent are those who want to change party and have the June 2 deadline.

14:28:50 From DEE ANN DECKER : Very good question Margaret

14:29:02 From Kyri : Margaret, this is a question that needs resolution ASAP.

14:29:11 From Maggie Bochynski Paul : Supervisors are running out of time to advertise wha and how we will handle the June 2nd meeting.

14:29:23 From Louise Spencer : I was able to join even when the participant number was 300.

14:29:26 From Chuck Mitchell : if I did not save the chats, where can I go to download the chat of a specific meeting

14:29:26 From Darryl Perry : thank you!

14:29:29 From DEE ANN DECKER : May 22 is the deadline for posting a corrected checklist, we need direction from the SOS NOW

14:29:39 From Judy Strakalaitis : Right, on the session. We need to have a session before we can post the checklist on May 22. That means notice is reqd by May 15. Otherwise, the c hecklist we post will not be as current as possible.

14:29:41 From Mark Vallone : So both phone and video are not allowing more than 300? Would it be possible to work out that kink so that phone can serve as backup?

14:29:46 From Bambi Miller : I have received a text asking me to please take a survey of local New Hampshire politics, conducted by the public opinion research. is this something the state is doing or just another survey ?

14:29:51 From Barry Hantman - Moderator, Danville : I had submitted some suggestions in writing. Can you tell me if those have been received and are under consideration. If so, I won't take up everyone's time with them today (assuming we resume).

14:30:00 From AB : what if everyone just went to audio no video except the 5 that make it a meeting

14:30:13 From Ann : I have written SOS with some questions regarding June 2, etc. I was pretty adamant we get a response quickly

14:30:18 From Darryl Perry : <http://sos.nh.gov/2020selectcommittee.aspx>

14:30:47 From Judy Strakalaitis : Additional issue is posting a physical copy with town clerk and library does not give the public opportunity to review when town buildings are closed. Do we provide it anyway?

14:30:49 From Martha Hulsman : I am a new supervisor and want to know about training. Especially since I have no access to town hall to sign into computers to learn system.

14:31:27 From Judy Strakalaitis : The Electionet tutorials for SOC are no longer available online.

14:32:49 From Judy Strakalaitis : We must kick off the process in a few days by providing notice of the pre-May 22 session. How do we hold a session safely? How can the public access physical copies of the checklist we post?

14:33:42 From Justin ODonnell : has the committee made any recomendation with regards to relief of traditional petitioning requirements for non party candidates?

14:34:29 From Kyri : I don't have the agenda. Are they asking for city supervisors last?

14:34:45 From Beth DiFrancesco : still cant raise my hand...

14:35:13 From Ann : Yes, Kyri

14:35:14 From Darryl Perry : Agenda: <http://sos.nh.gov/WorkArea/DownloadAsset.aspx?id=8589998569>

14:35:37 From Darrell Scott : We should direct people to the SOS website to find out their own party affiliation. They don't have to come the town office as in the case of our town.

14:35:41 From Michelle Berke : does anyone need help figuring out how to "raise your hand" digitally?

14:35:46 From lynn : on the bottom click on the "Participants and it will bring up a windo that you can raise your hand

14:36:10 From Jean Lightfoot : Betty DiFrancesco - Click on the participants icon below the screen then on the list on the right at the bottom, there is a "Raise Hand" link. Click on that.

14:36:16 From Michelle Berke : yes, but some people are raising in the physical way...worried they won't seen

14:36:34 From Vicky Nawoichyk : Can those on the committee mute yourselves so that we don't get your cross talking please?

14:36:43 From Jean Lightfoot : They need to do it electronically - they have over 300 people's faces to look at and can't possibly see the physical hands raised.

14:37:25 From DEE ANN DECKER : Can people please turn off tv's and radios the noise is distracting in the background

14:37:33 From Louise Spencer : It seems like it would be extremely helpful for the SOS and AG to have a training and info session for election officials as soon as possible to address questions that don't require executive orders, advisories or spending or changes in statute.

14:37:49 From Darrell Scott : I recommend change of party and registration forms be filled out thru a window. SOC on the inside, person on outside or thru car windows, forms can be dropped in a box, and paper forms can disinfect themselves by sitting there for days.

14:38:00 From nclavette : Nancy Clavette finally present - Supervisor from Rollinsford

14:38:38 From Louise Spencer : There are many procedural questions that the SOS and AG should be working on now.

14:42:17 From Kyri : That's a very good idea.

14:42:46 From Angela Matthews : I had the same election question about districts and towns that have had their annual meetings postponed 3 times. we need a solution before September elections

14:42:56 From Kate Coon : can you post link to Cordell Johnson's letter?

14:42:58 From Joyce's iPhone : can you please speak up a little louder than you would normally speak?

14:43:09 From Vicky Nawoichyk : Proper protective gear

14:43:20 From Kyri : medical grade PPE

14:44:12 From Angela Matthews to Orville Fitch(Privately) : We are circulating a petition in Rollinsford out of sheer frustration over our right to address the budget and leadership.

14:44:40 From Mark Vallone : Electioneering by social distance. Maybe move electioneering to approach roads, streets or parking lots?

14:45:45 From Karen Yeaton : reminder about HPPA laws in querying people on their health

14:46:04 From Kyri : A very large percentage of infected people are asymptomatic.

14:46:45 From Karen Yeaton : polls are not an infection detection center

14:47:15 From Denise Sachse : Karen Yeaton - but the purpose is to try and keep others safe

14:47:25 From klcol : poll workers will not wear medical grade PPE. If that dangerous....will not work

14:47:28 From Darryl Perry : 659:20 Assistance in Voting. – Any voter who declares to the moderator under oath that said voter needs assistance marking his or her ballot shall, upon the voter's choice and request after the moderator has informed the voter of the accessible voting options that are available at the polling place, receive the assistance of one or both of the inspectors of election detailed for that purpose by the moderator or of a person of the voter's choice provided that the person is not the voter's employer or union official. Such person so assisting shall be sworn, shall mark the ballot as directed by said voter, and shall thereafter give no information regarding the same. Such person so assisting shall leave the space within the guardrail with the voter.

659:20-a Assistance in Voting; Disabled Voter. – Any voter, after appearing at the polling place location prior to the closing of the polls to vote in person, who declares to the moderator under oath that said voter is unable to access a polling place due to disa

14:47:58 From Rose Zacher : great points, Bonnie!

14:48:10 From Darryl Perry : these two RSAs could be used for anyone who feels unsafe going into the polling place, OR who is determined to be unsafe to go into the polling place

14:48:28 From Denise Sachse : Thanks Darryl!!

14:48:41 From Darryl Perry : you're welcome

14:48:58 From Kate Coon : Good source to go to re. Bonnie's point about what Select Boards are responsible for: Money, set-up, record keeping?

14:49:28 From Justin ODonnell : Hi Mr Scanlan, I'm just curious if there is anything being discussed regarding LPNH's request for relief of the traditional petitioning requirements given the exigent circumstances created by COVID19 and social distancing requirements that have led to wodespread advance cancellations of public events.

14:50:00 From Barbara Chagnon : Major cost increase for flat. At least double if I understand correctly.

14:51:00 From Michelle Berke : but it could save enough time to be worth it.

14:51:36 From Bill Klein : as of now (I believe) , the re-opening requirement for a "hair dresser, and some other businesses" requires a temp check and question screening before entering salon. Sept ? - there might be a gov mandate to screen voters

14:51:45 From Pete Basiliere : Envelope cost goes up but a 9x12 envelope uses the same postage per ounce as a letter size envelope does. Mail is by the ounce. Don't forget that in towns with hundreds and thousands of absentee ballots, the manual folding and stuffing process will be significantly shorter if a 9x12 envelope is used.

14:52:52 From Vicky Nawoichyk : HAs anyone thought about children in the polling place??

14:53:10 From LibraryAdmin : Outside in November???

14:53:13 From Justin ODonnell : @bill screening voters entering the polls is useless, because you cannot prohibit someone from entering the polling place as is their constitutional right.

14:53:23 From Vicky Nawoichyk : Will we be limiting the number of ppl in the voting place ? If so who will be monitoring how many come in & leave?

14:53:27 From Christopher Messier : are we wiping down pens after each use ? or disposables ?

14:53:36 From Vicky Nawoichyk : IT will be freezing in November

14:53:39 From Grammy : Outdoor voting-what if it is inclement weather?

14:53:42 From David Stamps : I don't know how us SOCL can do outdoor registration

14:53:45 From nclavette : supplying all necessary items for safety of all voters is best. Now try and get them. I am still waiting for supply of gloves.

14:54:06 From Vicky Nawoichyk : What about pen sanitation & clipboards?

14:54:07 From DEE ANN DECKER - Supervisor, Nottingham : Voter registration outside?

14:54:09 From nclavette : rent tents

14:54:19 From Kelly Roberts Clerk Deerfield : Where would the ballot box be?

14:54:25 From DEE ANN DECKER - Supervisor, Nottingham : In November it could be raining and very cold

14:54:31 From Vicky Nawoichyk : How will those if voting outside drop their ballot

14:54:32 From Julie Semprebon : awfully cold in Clarksville in November

14:54:36 From Justin ODonnell : y'all have an awful lot of faith in New England Weather in November

14:54:45 From Jeanne : I don't think it voting from vehicles and outdoor voting will work in wards and communities that have in excess of 5000 voters in November.

14:54:53 From Jean Lightfoot : In November? That could be a problem for poll workers. Pretty cold in Hopkinton, even then.

14:55:05 From Christopher Messier : if it's windy like today the whole operation will get blown into the next rown

14:55:07 From Justin ODonnell : in 2018, election day had non stop all day torrential rains.

14:55:17 From Kyri : And it was very cold

14:55:31 From Barbara Chagnon : Jeanne. Agreed.

14:55:36 From Maggie Bochynski Paul : Sounds like voting outside would need MORE volunteers. Going to be tough getting enough as it is.

14:55:40 From Vicky Nawoichyk : What if we have a noreaster like we did a few March elections ago?

14:55:41 From David Irwin : How did the drive through voting go in Bow for their school meeting?

14:55:46 From Rep.Heidi Hamer : November voting outside? What if we're having a snowstorm? I cannot think of anyone who would be outside going from car to car

14:56:07 From Vicky Nawoichyk : numbers will increase

14:56:17 From Justin ODonnell : we're getting ready for a surprise May Blizzard, and you think you can guarantee a nice day in November 6 months in advance

14:56:20 From DEE ANN DECKER - Supervisor, Nottingham : Dave - school meeting = no registration and in April not Nov

14:56:22 From Vicky Nawoichyk : HAVe you not listened to the science?

14:56:47 From Vicky Nawoichyk : What about IDing ppl with masks

14:56:51 From Jeann773487e : We should be encouraging absentee voting to reduce the number of in person voting.

14:57:00 From Vicky Nawoichyk : Our voting laws are the most stringent in the nation

14:57:07 From Dennis Raymond : inclement weather is certainly an issue

14:57:08 From Angela : Would certainly work for towns and district whose annual meetings have been postponed. Summer outdoor voting.

14:57:11 From Kyri : Poll workers in other states have gotten infected from doing their jobs.

14:57:25 From Christopher Messier : will we allow use of restrooms in polling places for voting ? who would clean continually in there ?

14:57:32 From LibraryAdmin : The virus is mutating even now. I do not think in person voting can be made safe for voters or poll workers by decisions made now for Sept and Nov.

14:57:45 From jenn : Our school meeting in Bow with drive thru voting went very smoothly

14:57:48 From Todd Rainier : Science indicates virus active on paper for 24 hours. In person voting ...may be a problem.

14:57:53 From Jean Lightfoot : Bow did drive up for their Annual School Meeting and Hopkinton is trying it for our Annual School Meeting on May 16. But, weather is a lot nicer in May than in November!

14:58:03 From Denise Sachse : Weather is just too unpredictable to be a reasonable alternative here in northern NH

14:58:03 From Bambi Miller : The state should order and distribute to all towns/cities plexiglass shields for registering voters and receiving ballots that work for standing voter and sitting poll worker. I think it would be cheaper in the long run or each town ordering their own.

14:58:06 From Grammy : Any possibility of using an alternative voting place. A larger facility with more than 1 door in and out. A place with a gym or large social area (as in a rec center).

14:58:10 From Barbara Chagnon : In Bow they had about 700 voters. In September we'll have at least four times that - or more.

14:58:11 From Vicky Nawoichyk : How will we manage this in larger towns with 14k or more reg voters??

14:58:27 From Chuck Mitchell : move on

14:58:42 From Kyri : I would think consulting with an elections expert would be helpful in answering these very specific technical questions.

14:59:08 From fclave's iPad : YOU COULD HAVE FIVE LANES

14:59:10 From Dennis Raymond : My ward's parking lot is very small and congested, even on a non-voting day

14:59:49 From jenn : we used the high school lot

15:00:08 From brenda : I would worry about the driver and their capability of driving within an outside polling area... great idea but I would fear for my life of someone stepping of gas verses their BRAKE

15:00:12 From fclave's iPad : perhaps save drive thru for people not feeling well

15:00:13 From Louise Spencer : Bow had a 6 fold increase in normal turnout for its recent election which used drive-up voting

15:00:14 From Kelly Roberts Clerk Deerfield : We need to maintain security of the ballots at all times

15:00:17 From Ruth Larson : try to have everybody vote absentee

15:00:34 From Cathy Lovas : Weather?

15:00:35 From Dennis Raymond : This would require major traffic control procedures and would require more personnel

15:00:38 From Denis : Lets just have the election as we always do with older and at risk people doing absentee. We are making a mountain out of a mole hill.

15:00:43 From Ann : What about voter registration? ??

15:00:46 From Kelly Roberts Clerk Deerfield : That sounds chaotic

15:00:51 From Barbara Chagnon : We have at least 12 tables ...

15:01:02 From Justin ODonnell : what about petition certification for non party candidates?

15:01:39 From Kyri : Perhaps this discussion could continue with Bob off line.

15:01:41 From nclavette : I will be there with my mask, gloves and sanitizer to allow anyone to vote

15:01:45 From Kelly Roberts Clerk Deerfield : It would be different if we had experience in the past doing car voting, but we don't.

15:01:55 From Chuck Mitchell : Suggestion accepted

15:02:08 From Kelly Roberts Clerk Deerfield : This is not the time to try this - too many variables

15:02:23 From Maggie Bochynski Paul : none of the suggestions here are feasible if the weather is poor. Volunteers cannot be outside all day!

15:02:41 From Susan Moore : What will happen if it's cold, rainy, or snowing?

15:02:49 From Louise Spencer : I thought that Bud Fitch said yesterday that drive through driving couldn't be done in State and Federal election.

15:02:54 From Julie Semprebson : push for increased absentee voting!!!

15:03:24 From David Stamps : Certainly it would also raise the cost for police for traffic management.

15:03:35 From Jeann773487e : Wonder how much latitude each community will be given to create solutions to the social distancing/health safety problems. Maybe drive thru would work for some but other solutions might be better for others.

15:03:35 From Grammy : At this point in time there is a maximum of 10 people allowed to gather in an area at one time. This means long waiting lines outside the building. If there is a larger facility available, people could use separate doors to come in (e.g. 1 for voters A-M, 1 for voters N-Z, one for same day registration) with separate doors for exiting the polling place.

15:03:40 From Christopher Messier : who puts the ballot in the accu vote machine ?

15:03:41 From Kyri : Have the members of this committee taken some time to look at the election laws to be more familiar with what is possible?

15:03:44 From jenn : one difference between the Nov election and the Bow voting is that we had over half of the voters that had already filled out their ballot so they just had to drop it in the box. Having every person having to fill out the ballot would make for very long lines of waiting cars

15:03:56 From Kelly Roberts Clerk Deerfield : Are there other moderators willing to speak?

15:04:36 From Kyri : There are a lot of people who want to speak

15:04:52 From Melinda : We live up in Coos County. The weather up here is not good enough to plan outside drive through voting. Absentee and limiting numbers inside will work for us.

15:05:00 From Carol Pfister : Can Supervisors/Clerk have a meeting day before voting for new voters and hand out absentee ballots that would then be collected by Clerk right there? Then have absentee only voting?

15:05:08 From Maggie Bochynski Paul : Mr. Cook - please thank this moderator and move to the next question.

15:05:17 From klcol : need to limit the amount of time people can speak- lot of people wish to still speak

15:05:20 From William Bordy, Hillsborough 28 : Audio distortion here then program exited. Rejoined.

15:05:33 From Justin ODonnell : have we considered opening up early voting along with no cause absentee voting?

15:06:22 From William Bordy, Hillsborough 28 : Perhaps limited voting to a single day is not a viable solution.

15:06:22 From LibraryAdmin : I am a supervisor and I still had trouble filling out an absentee ballot the one time I had to miss an election! Clear instructions are absolutely a good idea...and not having the ballots folded so they won't jam the machines.

15:06:29 From EuniceJ : The future path of this virus is very uncertain. I believe we need to proceed with creating proposals that enable us to implement AV with ease and efficiency.

15:06:47 From Cathy Fountain, Dalton : return to undeclared form is in HAVA can be used.

15:06:54 From Pete Basiliere : Kidding about snowstorms aside, remember that 9/11 happened on a Tuesday.

15:07:18 From Denise Sachse : re - return to UNdeclared with a card good point but will inhibit batch processing

15:07:34 From Stella : Yes. Unable to use mic

15:07:34 From Darryl Perry : <https://www.nbcnews.com/news/weather/potentially-historic-may-snowstorm-headed-northeast-new-england-n1201946>

15:07:42 From Jeann773487e : Is there any reason why we can't just automatically return everyone to undeclared after the election?

15:08:21 From Darrell Scott : I am thinking alphabetizing the return to und cards, then highlight the barcode checklist, than you can barcode scan as usual

15:08:23 From Vicky Nawoichyk : Any town with a college or Boarding school has the same issue

15:08:51 From LibraryAdmin : There is no way to safely register voters on election day.

15:08:57 From Denise Sachse : Darrell, that works

15:09:10 From Kyri : If we had OVR, people could keep their registration information up to date.

15:09:20 From Justin ODonnell : dont have a choice, same day registration is anconstitutional function that cant be eliminated

15:09:31 From Darryl Perry : with absentee voting available for everyone by extending disability to mean "health concern over COVID-19"... it seems only logical to extend 659:20 & 20-a to use the same definition

15:09:43 From Maggie Bochynski Paul : Amherst supervisors are suggesting we return all undeclared voters back to undeclared after election.

15:10:36 From Jean Lightfoot : The legislature needs to change the law to allow mail in voting. I don't see how we can do that this year.

15:11:20 From Michelle Berke : Mr. Thaire Bryant has is hand physically up...any way to help him?

15:11:29 From Justin ODonnell : this committee has the ability to propose to the governor an exercise of executive authority to pass an emergency order to such effect

15:11:33 From Kyri : Mail in voting is the same as absentee voting. If we had no-excuse absentee voting it would really be almost the same

15:12:11 From Darrell Scott : I don't normally get involved with ABs, do they have to be dropped off in person rather than mailed in?

15:12:31 From Barbara Chagnon : Yes Darrell. Just terminology

15:12:42 From Darlene Bouffard : I agree with Amherst, after an undeclared casts their vote we just put them back to UNDeclared

15:12:58 From Kyri : AB can be delivered or mailed, as far as I know.

15:13:05 From Jean Lightfoot : I agree with Amherst. Why can't we do that? Automatically change UND back to UND.

15:14:00 From Jean Lightfoot : No excuse absentee voting requires there to be in person, too. If we had all mail in, there would be no need for the expense of setting up polling places all over the state and paying all those people for all that time on election day.

15:14:26 From David Stamps : The return to undeclared list is also to verify which party they voter for because ballot clerks sometimes don't mark the checklist.

15:15:31 From LibraryAdmin : Thank You jgarrity....would the parties agree?

15:15:40 From Sharon Kierstead - Alton SOC : Great point JGarrity!

15:15:47 From Kelly Roberts Clerk Deerfield : @Jean but there is a huge expense of time on the Town Clerks - what support will they get?

15:15:48 From Justin ODonnell : here's a question

I'm in the process of moving.

I am unable to go to city hall to change my address or vehicle registration because they are closed. I am also unable to register to vote in my new city, because they are closed, and I'm unable to get the official change of address on my license and vehicle registration to serve as proof of address when trying to register to vote.

15:15:49 From fclave's iPad : Jim Gray... that was brilliant!

15:15:49 From Christopher Messier : you cant " assume" anything for anyone --- we don't do that laborious thing on the checklist anymore @ end of the night in manchesyer

15:16:20 From Melinda : Justin call for an appt

15:16:40 From Mark Vallone : Suspending that part about undeclared voters is good idea. Maybe to allow any independent who wants to permanently switch to a party to be the only ones who have to check back in

15:17:00 From Jean Lightfoot : We don't do that bingo sheet in Hopkinton until a couple days after so we can get a good count after our scanning. AND, it can be done without our bleery eyes from being up and working for 15 hours!

15:17:06 From Darryl Perry : RSA 659:20 & 659:20-a can be applied

15:17:24 From Barbara Chagnon : Generally for first responders. (to the car)

15:17:38 From Justin ODonnell : Melinda, its more complicated, because I am also a declared candidate for a statewide race as a non party candidate who needs to petition 3,000 voters to appear on the general election ballot.

15:17:50 From Dennis Raymond : Use executive order to allow for suspension of going from undeclared to party and back

15:18:13 From Barbara Chagnon : You carry out the absentee ballot according to statute

15:18:25 From Vicky Nawoichyk : What about our elder communities they come on a bus, how the heck will we handle them as a drive up

15:18:43 From Barbara Chagnon : Elder communities, I think, should be looking at absentee

15:19:04 From Kelly Roberts Clerk Deerfield : Just want to mention that it is Municipal Clerk Appreciation Week - Please show some love to your clerks as they have a lot on their plates!!!!!!

15:19:08 From Vicky Nawoichyk : Also Accessibility will be an issue , IE those who are site impaired will need to have everything read to them

15:19:30 From Barbara Chagnon : We are required to have ADA access for voting. Aren't we.

15:20:07 From Vicky Nawoichyk : Are we assuming that 1 voter per car? Many families come in to vote

15:21:00 From Vicky Nawoichyk : Barbara, I agree but many still come to vote, I am shcoked at how many are out shopping without protection

15:21:51 From Darryl Perry : I had to get some prescriptions from Hannaford a couple of days ago, and saw several people with masks under their chin

15:22:06 From Steve Russell : How will we be publishing for our next Sups. Are we going to physically met with voters? Last day to publish is May 26th and need to now how to post?

15:22:23 From David Stamps : Can an in-person voter without PPE be denied right to enter polling place?

15:22:37 From Kyri : I'm guessing that's unconstitutional David

15:22:46 From Celeste Cook : Is there any direction for the Supervisor session to register voters or change party affiliation scheduled for June 2.

15:22:55 From Vicky Nawoichyk : Live free or die

15:23:06 From David Irwin : Did we have a time limit for the meeting?

15:23:11 From Ann : Celeste, not in writing yet.

15:23:37 From Vicky Nawoichyk : Celeste this committee is only to take issues, no solutions have been provided

15:24:04 From Vicky Nawoichyk : However they need to take action ASAP as we need to post our sessions by the 26th while we are still in SOE & all the locations to post checklist are closed.

15:24:19 From Vicky Nawoichyk : And what if SOE is extended?

15:24:30 From Barbara Chagnon : I thought these sessions were supposed to be how to spend the federal \$3.4M

15:25:08 From Mary Wilke : I think they can't decide how to spend the money until they understand the problems and possible solutions that might cost money.

15:25:09 From nclavette : Nancy Clavette Supervisor from Rollinsford, we have 2280 registered voters with almost 950 UND. Good news is that the voter will stay UND if an Absentee Ballot

15:25:18 From Melinda : the normal absentee peeps in Northumberland have already gotten absentee applications sent to them. We also have the link posted on our web site and FB page

15:25:25 From Vicky Nawoichyk : Yes Barbara that is correct but they are taking all issues so they will than decide how to use the mnies to solve the issues

15:28:08 From Justin ODonnell : how do all you Supervisors feel about having to validate tens of thousands of petitions this summer from Non Party candidates for Senate, Governor, and President trying to get on the ballot?

15:28:11 From Christopher Messier : is the june meeting you're all referring to the march town meetings that were postponed? (I'm in a city)

15:28:44 From DEE ANN DECKER - Supervisor, Nottingham : No Christopher, it is the session to correct the checklist before the filing period

15:29:13 From DEE ANN DECKER - Supervisor, Nottingham : And it's the deadline for changing party before the sept primary

15:29:27 From Kyri : All excellent points, Carolyn. Thank you.

15:29:44 From Justin ODonnell : how does everyone feel about requiring those candidates to meet with and collect petitions from 10s of thousands of voters during a pandemic, and then delivering their materials to you to validate personally?

15:30:02 From Grammy : I agree. Too many of us election officials are older and many have spouses who are at high risk. I personally am in this situation

15:30:07 From Beverly : Thank you, Carolyn. Well stated.

15:30:15 From KM Pobst : Please don't say things that have already been said. Please.

15:31:28 From JoAnna Arendarczyk : a thought about the ID verification- maybe a magnifying glass set up for the voter to hold the ID up to and the clerk can see it from a distance... just tried it here... it works

15:31:53 From Christopher Messier : that would limit opportunity to change their mind and vote on election day — wouldn't that require a change of statute

15:32:46 From David Stamps : Re AV Voter legal right to vote on election day... how often is that actually the case? Why should some get two changes to

15:32:51 From sheila dodge : I agree with Brian

15:32:56 From David Stamps : chances to vote.

15:33:25 From Melanie levesque : HB556 is a bill we are going to work with when we get back in session targeting June.

15:34:16 From Barbara Cooper : I would like to see the state encourage in every way possible that all qualified voters vote by absentee ballot. To this end it is encumbant on us to contact each voter, and if mailing the actual ballot is too risky, then certainly mailing a postcard with instructions on how to obtain the absentee ballot to every voter would show the interst in encouraging absentee voting. Election workers need to be protected from this very serious virus. I am certainly willing to work with anyone in any way I can to make this happen,

15:34:43 From Christopher Messier : it is what it is— what if a big change in things occurs the day before or election day which impacts a particular candidate ? that's why i oppose " early voting"

15:34:48 From Rosemary F. Lounsbury : Barry, that is a great idea!

15:35:19 From David Irwin : I like Barbara coopers suggestion and I would be willing to work on that too.
Virginia Irwin

15:35:48 From Jean Lightfoot : With printing absentee ballot list separately, how would you know that the voter hadn't come in and voted in person before the AV was processed? There would have to be some way to control that. Good idea, otherwise.

15:36:13 From Judy Strakalaitis : Absentee counters could have additional copy of the checklist used at check in.

15:36:28 From Darlene Bouffard : agree with postcard with instructions on how to obtain absentee ballot to every voter - at the cost of the State through the CARES Act for reimbursement

15:36:34 From Christopher Messier : it happens every once in a while & people DO have that right

15:37:16 From Vicky Nawoichyk : IS it legal?

15:37:24 From Vicky Nawoichyk : What if they appear in person?

15:37:31 From Victoria Turner : Just send an absentee ballot request to everyone on the checklist with instructions on how to do it and WHY everyone can do it.

15:37:31 From Barbara Chagnon : Some people get them the day before.

15:37:35 From nclavette : I like the idea of highlighting

15:37:40 From Christopher Messier : thats been my point bicki

15:37:48 From Darlene Bouffard : The absentee voter list can be produced separately for checking off when ballots are processed

15:37:50 From Christopher Messier : "vicki"

15:38:04 From Barbara Chagnon : Maybe in a smaller community, but would not work in larger.

15:38:15 From Justin ODonnell : I feel like this is just an awful lot of cross talk and debate on ideas rather than a raising points of order and questions

15:38:26 From Jean Lightfoot : I don't see how that would work. Ballot clerks would have to be looking at two lists for every voter.

15:38:38 From Darlene Bouffard : Can we move on to towns with more than 10000 voters?

15:38:45 From NL Moderator : So how does one administer the oath to the supervisors, if the checklist is not complete? If part of the checklist is non absentee, and the absentte are on another report?

15:38:53 From David Stamps : Even if you have a separate checklist for AV you will need additional ballot clerks and tables accessible to the public. The public has a right to hear who is voting by AV

15:39:27 From Vicky Nawoichyk : WE have no legal right to demand that

15:39:35 From Vicky Nawoichyk : What about kids in the polling place

15:40:04 From Mark Vallone : Shouldn't voters who don't want to wear PPE to the polls be encouraged to vote absentee?

15:40:27 From Darlene Bouffard : The absentee ballots would still be processed at the polls publicly by the moderator and town clerk announcing the ballots as they are opened and checked off, it would not need to be processed by a ballot clerk

15:40:46 From Dennis Raymond : gloves are needed by poll workers to handle ballots, in addition to masks and Plexiglas shields

15:41:31 From Karen Yeaton : The total volume of voters is an absolute. Regardless of whether they show up or are absentee, the town is obligated to process tem on the day of the election

15:41:34 From Jean Lightfoot : But the Ballot Clerks would still have those ABS voters on their list, would they must be removed from the regular checklist if the separate list was printed? That's my issue.

15:42:29 From Barbara Chagnon : So if they are not on their alpha list they now go to a second table of AVs? If they aren't there, they are now going to a third place? Not sure how feasible this would be.

15:42:31 From Darlene Bouffard : Epoll books could not be introduced with all of the covid related issues, they need to be tested and vetted in the towns, only two or three towns have gone through the testing in NH there is also different training for this method, it should be considered in a non covid election

15:43:20 From Darryl Perry : meeting was recessed, not adjourned

15:45:08 From Barbara Chagnon : Can we use some money to get a number of zoom accounts for public meetings?

15:45:16 From Victoria Turner : The memo on holding virtual meetings in compliance with 91-A was sent out to all supervisors, etc. about 3 weeks ago

15:45:39 From EuniceJ to Orville Fitch(Privately) : How do we send our comments to the committee? I don't have new questions but would like to share my thoughts as a reinforcement of some of the comments made.

15:45:57 From David Stamps : As a SOCL, when you have a large number of AV you will also have a large number of registration problems to resolve in cities with wards. Often voters put down the wrong ward, or address and other issues. Every election moderators have to consult on several AVs to determine registration issues.

15:46:03 From Darrell Scott : how do you check IDs over the open zoom meeting and keep their info private

15:46:43 From Judy Strakalaitis : Exactly!

15:46:44 From Vicky Nawoichyk : They will not be open

15:46:47 From Vicky Nawoichyk : We are in SOE

15:46:53 From Vicky Nawoichyk : until the end of the month

15:47:06 From Darrell Scott : We post our checklists outside on a bulletin board

15:47:19 From nclavette : could we post on the town/city website?

15:47:34 From Victoria Turner : nearly 10% of our checklist could be new voters

15:47:34 From Vicky Nawoichyk : Darrell, hard to post to a bulletinboard when you have a list that is over 400 pages

15:47:53 From Darryl Perry : posting on website would be great

15:48:33 From DEE ANN DECKER - Supervisor, Nottingham : If yo posted on the website how would you keep people from printing and miss using the info?

15:48:38 From Kelly Roberts Clerk Deerfield : Can Supervisors help the Clerk's with the absentee processing? This would be a great help

15:49:05 From Darlene Bouffard : Agree with Amherst - voting absentee and REGISTERING absentee should be allowed to minimize same day registration.

15:49:15 From David Irwin : Every solution seems to raise another problem!

15:49:24 From Kyri : Maggie made excellent points.

15:49:25 From David Stamps : I posted 1,500 names on bulletin board .. folder paper and clip lol

15:49:31 From Barbara Chagnon : Can we get a legal follow-up to those that register not in person?

15:49:36 From Margaret Doody : So where DO we post the checklist??

15:50:00 From Barbara Chagnon : We PUT/post our checklist at the Library.

15:50:26 From Jean Lightfoot : Our library and Town Hall are both closed in Hopkinton until May 31, at least.

15:50:49 From Justin ODonnell : how do you plan to accomodate those homeless without a valid mailing address who want to exercise their right to vote?

15:50:56 From Margaret Doody : Our library and town office are also closed.

15:50:56 From Barbara Chagnon : Our TH is by appointment. Our Library is closed.

15:51:24 From Kelly Roberts Clerk Deerfield : Clerk's are going to need help processing the absentees,

15:51:44 From alfriedaenglund : 100% vote by mail is the best option.

15:51:45 From Richard Manzo : In a similar vein, I suggest that people should not have to choose between their health and their constitutionally guaranteed right to run for office. Nonparty candidates should be granted relief from the requirement to collect thousands of petitions to be placed on the ballot, which would protect the candidate, thousands of voters, and town clerks across the state from the risk posed by the risk collecting petitions poses.

15:51:54 From Jean Lightfoot : I can leave a list with the Town Clerk, who, by appointment, could hand it through a plexiglass window to anyone who wanted to see it.

15:51:56 From Kelly Roberts Clerk Deerfield : Support your clerks.

15:51:57 From Margaret Doody to Orville Fitch(Privately) : So where DO we post the checklist if regular venues are closed to public? Thanks

15:53:02 From Vicky Nawoichyk : Thank you Ann, I have the same concern

15:53:20 From Jeann773487e : Didn't mean to send to Barbara --- should be to everyone. Need to post alphalist in two places.

15:54:07 From Judy Cook : Post at Police Station

15:54:49 From Margaret Doody : Judy, we don't have a police station!

15:55:33 From Jean Lightfoot : Great idea on Police Station. Maybe we could post at Fire Station, too.

15:55:34 From Darryl Perry : <https://www.courtlistener.com/docket/17039697/26/libertarian-party-of-illinois-v-pritzker/> "the court notes that even after some restrictions are lifted, until a vaccine is available, voters are likely to continue practicing social distancing and avoiding any physical hand contact with other persons or objects."
"

15:55:50 From Thaire Bryant : Is there anything that would prevent us from encouraging absentee voting? Can we automatically (for the primary) change all undeclared back to undeclared? Can we start processing AV earlier?

15:56:10 From Darryl Perry : <https://www.courtlistener.com/docket/17039697/27/libertarian-party-of-illinois-v-pritzker/>

15:56:47 From Jeann773487e : Perfect essential questions, Darryl. Wish we had the answers.

15:57:07 From Vicky Nawoichyk : Police is a good idea however the COVID regs state limit anything with PD to emergency only

15:57:12 From Jeann773487e : Oop, meant to respond to Thaire.

15:57:15 From Vicky Nawoichyk : so ppl just popping in will be an issue

15:57:30 From Martha Hulsman : no one has spoken of training new supervisors. with town hall closed can't get to use computers for training

15:57:32 From Kelly Roberts Clerk Deerfield : @Thaire - Clerks would need support, additional help

15:58:52 From David Irwin : This has been very enlightening. I didn't know how much I needed to worry about. Thank you for doing this and I look forward to the committee's guidance, Virginia Irwin Newport

16:00:06 From Lynn : thank you !

16:00:07 From Kelly Roberts Clerk Deerfield : SUPPORT YOUR CLERKS!

16:00:13 From Justin ODonnell : when can we get to public comment!

16:00:22 From Jean Lightfoot : Thank you! Look forward to next week's meetings.

16:00:32 From Darryl Perry : Public Comment is last item on Agenda

16:00:36 From Barbara Cooper : Will posting of the alpha list online on the town's website meet the regulatory requirement for posting?

16:00:59 From Barbara Chagnon : I think we need to set up another set of meetings for specific process ideas.

16:01:26 From Jean Lightfoot : Judi is exactly right. My concern, too.

16:02:42 From Judy Strakalaitis : Supervisors dont record that. They give unmarked cl to town clerk. They can highlight AB sent out. That helps moderators find the abs ballots returned to check off on the CL.

16:02:52 From Darryl Perry : @Barbara, that's a good question. I could see 91-A:2 being interpreted to allow that; but I'm not a lawyer

16:02:59 From Vicky Nawoichyk : If there are any SOC on this call that want to meet offline from this meeting please reach out to me via email at soc@exeternh.gov & I will add you to the list & we can chat

16:03:17 From Judy Strakalaitis : You cant post the checklist online. It is only available for sale.

16:03:35 From Barbara Chagnon : Right now there is a cost factor with checklist accessibility.

16:03:59 From NC112 : Counting machines for towns that do not have them to minimise having to touch paper that may be infected is a good suggestion since we can't wait to count ballots for 24 hours.

16:03:59 From Jeann773487e : Barbara Cooper -- there is concern that posting the alphalist on line would give access to anyone who wanted a free copy. Right now, they need to request and pay for a copy.

16:04:16 From Barry Hantman - Moderator, Danville : 1. We can print the checklist the night before the election. 2. The portion of the checklist would include with the names of those that Requested absentee ballots, not those that were received back. There is no RSA that says the Checklist must be alphabetical. Having the people who requested absentee at the end is no different than separating the books by letters of the alphabet.

16:04:22 From Judy Strakalaitis : Use a tent

16:04:36 From Darryl Perry : there are plenty of states that give the voter registration lists for free

16:04:40 From Judy Strakalaitis : CL is due to TC by the Friday before the election

16:05:23 From Darryl Perry : NH and Alabama however charge ridiculous fees for the statewide list

16:05:33 From Barbara Chagnon : If you wait to print the night before and have printer issues, you are . . . dead in the water.

16:06:15 From Dennis Raymond : Tents are not cheap & they do not address the humidity problem

16:06:16 From fclave's iPad : Highlight the names of AV voters in yellow. The ballot clerks can find the names much quicker.

16:06:19 From Barbara Cooper : The springfield supervisors have had some conversations with HAVA about adding a fiels for absentee voter onto the checklist. We will share our proposal with the committee, however in order for it to work all of the absentee voter information would need to be completely entered before the checklist could be generated. It adds another element of risk to postpone the printing of the official checklist until right before the election day.

16:06:54 From Justin ODonnell : in CT The voter lists are all published online for free. NH is one of the only states that sells voter data for a profit

16:06:56 From Barbara Chagnon : We do the yellow highlight as well. And when AV ballots come back, highlight the barcode in green so that you don't accidentally scan it.

16:07:15 From Ann : And what if the copy machine chooses that day to go down!

16:07:28 From DEE ANN DECKER - Supervisor, Nottingham to Orville Fitch(Privately) : Bud is there a reason I have not been called on today? I have had my hand up. Maybe I can't be seen?

16:07:44 From Darryl Perry : statewide voter list for NH ~\$8,000!

16:08:22 From Barbara Chagnon : NH has fewer taxes than CT. We need to get funding/expense reimbursement where we can.

16:08:48 From Mark Vallone : High speed machines being shared by different cities and towns seems to me to be a dicey proposition as far as voter/election fraud.....

16:09:53 From Louise Spencer : We have \$15 million in unused HAVA funds. This is the time to use them!!

16:10:09 From Todd Rainier : UND is what all LIB were reverted to automatically. Bill Klein, your idea has merit and perhaps precedent

16:11:16 From Barbara Chagnon : And if folks don't put a party on their registration, they are UND

16:12:04 From Jeann773487e : Seems like a no brainer to return all to UND who came to election UND. No need for lists or cards.

16:12:35 From Judy Cook : If your polling pace burns down there must be some provision for changing places.

16:13:36 From Vicky Nawoichyk : We need N95 not just regular masks

16:14:12 From Carolyn Garretson : Nice suggestions Mr. Basiliere.

16:14:53 From Maggie Bochynski Paul : Really like Pete's idea of a postcard to every mailing address directing voters on how to register and vote absentee.

16:15:01 From Justin ODonnell : what are the clerks and supervisors plans to process the thousands of individual voter petitions I'll be delivering to you all?

16:15:58 From Vicky Nawoichyk : Did we lose audio?

16:16:00 From Ann : Regarding those postcards - what about the college students?

16:16:22 From Barbara Chagnon : He is speaking very softly

16:16:47 From Vicky Nawoichyk : I cannot hear anything

16:16:50 From Vicky Nawoichyk : PLEASE SPEAK UP

16:16:50 From Judy Strakalaitis : Rows of booths often backed up against each other now.

16:17:14 From NC112 : I am not having a problem hearing.

16:17:16 From Ken's iPad : loud and clear on mu iPad

16:17:23 From Darlene Bouffard : Pete is soft spoken

16:17:26 From Judy Strakalaitis : Certifying nomination papers can be done by supervisors working from home.

16:17:27 From Vicky Nawoichyk : Thank you

16:17:31 From Darryl Perry : NH Supreme Court ruled in Green v SAU55 that government records stored electronically should be available for free!
<https://www.courts.state.nh.us/supreme/opinions/2016/2016034green.pdf>

16:17:47 From Darryl Perry : this SHOULD apply to copies of checklist

16:18:32 From Todd Rainier : Who pays the labor cost to reproduce the checklist? Materials cost? Ink?

16:18:33 From Judy Strakalaitis : Problematic at a primary though. Person handing out ballots must be certain voter can get that party;s ballot

16:18:52 From Maggie Bochynski Paul : Postcards would only be one way to advertise voting procedures. I recommend advertising through multiple media outlets - WMUR, npr, local radio stations, facebook town websites, newsletters from the library, etc. A comprehensive outreach. UNH has texting methods to notify all students - could this be a possibility ?

16:18:57 From Justin ODonnell : I'll pay you \$10 to copy and paste the file from computer to flash drive

16:19:17 From Barbara Chagnon : There is an RSA that covers the cost of sharing a CL

16:19:25 From Chris Goodnow to Orville Fitch(Privately) : Bud, Milford's process, as just delineated by their Moderator, conforms to NH Law?

16:19:35 From Rene Ouellet : Couldn't we have one ballot clerk do all the check in work while the other, standing six feet behind, observes?

16:19:38 From Louise Spencer : Lynn can you post your question here?

16:19:56 From Jeann773487e : Agree with Maggie Paul about use of media to publicize Mail in voter registration and absentee ballots.

16:20:09 From Rene Ouellet : that would be great!

16:20:26 From Vicky Nawoichyk : YES!!!! Thank you Kyri

16:20:27 From Kelly Roberts Clerk Deerfield : Nice good questions!!!!!!!

16:20:32 From NC112 : Need to ensure we get the test results in a timely manner

16:20:35 From Judy Strakalaitis : Great points, Kyri.

16:20:54 From Rosemary F. Lounsbury : YES KYRI! Statewide PPE full medical PPE assigned to each town based on nnumber of election workers. Please, please do this!

16:20:56 From Barbara Cooper : Thank you Kyri. Excellent points.

16:21:01 From Louise Spencer : Thank you Kyri!

16:21:34 From Darryl Perry : it doesn't cost \$8,000 to copy the statewide voter list onto my flash drive!

16:22:25 From Louise Spencer : Kyri, this would also save accounting costs, which were talked about at the first meeting of this committee.

16:23:06 From Todd Rainier : I'm speaking of marked checklist, which is what towns receive requests for.

16:25:08 From Jeann773487e : Senator Levesque is right on!!

16:25:16 From Barbara Chagnon : Marked CL is a photocopy.

16:25:19 From Judy Strakalaitis : Always.

16:25:28 From Barbara Chagnon : Some towns have already mailed tax bills.

16:25:32 From Dennis Raymond : not every voter can or will go to a government website to get information on voting, esp. in a time of change

16:25:57 From Judy Strakalaitis : Marked CL purchased is usually in electronic format so buyer can sort.

16:26:51 From Barbara Chagnon : This is not a political forum. Thank you.

16:26:57 From Louise Spencer : Thank you, Senator Levesque! It is essential that we align our laws with the unique demands of this pandemic crisis.

16:27:09 From Justin ODonnell : hi Senator, could you address the fact that the SoS and Governors Office have refused to respond to requests from The Libertarian Party of New Hampshire for an emergency order to waive the Petitioning requirements for non party candidates seeking to be certified on the ballot this fall? without relaxing these petitioning requirements we will be required to hold a number of very crowded very public events throughout the state to collect individual Petitions from tens of thousands of registered voters across the state, and then deliver these potentially contaminated petitions to the supervisors of the checklist in every jurisdiction for validation before presenting them to Secretary Gardner.

We are being asked to make a choice between our health and public safety, and our rights to appear on the ballot as candidates for election.

16:27:18 From Pete Basiliere : The day before Sept. 8th is Labor Day. At least write the bill to allow processing the business day prior to an election.

16:27:40 From Judy Strakalaitis : People can purchase the CL and receive the voter history EHAV for a specific election in electronic format. Far less work for supervisors too,

16:28:06 From Kyri : Thank you Senator Levesque!

16:28:35 From Judy Cook : Thank you Senator Levesque

16:28:40 From Steve Russell : Need to put info. out ASAP after SOS has guidelines. Need to highly encourage all people do absentee ballots to safely vote not just for themselves for all their neighbors!!

16:28:51 From Kelly Roberts Clerk Deerfield : thank you melanie - I like a lot of your suggestions, however, I hope the plan for absentee voting supports the town clerks and how to handle the mountain of requests we will be dealing with

16:29:13 From Louise Spencer : Thank you Senator Levesque. I hope the Select Committee will continue to seek your input.

16:29:37 From Steve Russell : Legislature needs to move fast!!!

16:30:40 From Justin ODonnell : the filing deadline is June 12th, so the legislature coming back to session after that will exclude the possibility of ballot access relief for non incumbents

16:31:58 From Judy Strakalaitis : That would be a huge cost saving!

16:32:07 From Kyri : People will be disenfranchised if there is no in person voting.

16:32:26 From Ann : AGREE!

16:32:30 From Judy Strakalaitis : I agree Justin. It needs to be addressed ASAP.

16:32:39 From Kelly Roberts Clerk Deerfield : If we don't have in person voting - - HELP YOUR CLERKS!

16:33:27 From Darryl Perry : Governor has thus far been non-responsive to requests for petitioning relief for nonparty and independent candidates

16:33:54 From Judy Strakalaitis : We will be very busy with the 4500 registrations in Derry we anticipate from October-election day

16:34:07 From Steve Russell : Then if SOS is the key player to make the decision then we need to pressure him!

16:34:26 From Kyri : Yes, Steve.

16:34:33 From Dennis Raymond : I don't imagine that in person will go away completely

16:34:40 From Jeann773487e : Agree, Steve.

16:34:55 From Barbara Chagnon : Yes Nick.

16:35:04 From Dennis Raymond : I agree, Nick

16:35:26 From Steve Russell : Not terminate - suspend!

16:35:36 From Louise Spencer : Given the restrictions and limitations of absentee registration, and how many people depend on using the same day option, we cannot move to a system that does not include in-person options.

16:35:46 From Justin ODonnell : without ballot access relief, I plan on suing the SoS soon to deal with the petitioning requirements that are impossible in the current climate of social distancing.

16:36:04 From Kyri : I hope they plan on more than 60% absentee voting.

16:36:14 From bobbi : I would like to emphasize how important including postage paid return envelopes - with all absentee ballots and absentee registrations that are mailed out. Money must be allocated for return postage. It's extremely important. Thank you.

16:37:04 From Louise Spencer : We have an archaic voter registration system. Without online or other options, many non-traditional eligible voters would be excluded. We must fix our voter registration system!

16:37:38 From Judy Strakalaitis : Absolutely Louise

16:37:58 From Judy Strakalaitis : And address security of using IE for database.

16:38:02 From Vicky Nawoichyk : Louise, I agree with you however the state is really unfriendly to getting into the current technological climate

16:38:26 From Victoria Turner : We need to move into the 21st century

16:38:47 From Rosemary F. Lounsbury : Archaic? Let's discuss the fact that HAVA and Election net are available only (ONLY) on internet explorer...does anyone else find this to be a bit of a concern?!

16:38:52 From Judy Cook : We are in the 21st Century. e should act like it.

16:39:03 From Louise Spencer : Vicky, without user friendly technology, we must have same day, in-person voter registration.

16:39:10 From Barbara Chagnon : Did anyone notice we are down to 182 participants?

16:40:36 From Vicky Nawoichyk : I have been begging for us to start to use technology. ElectroNet is so old and archaic as stated. The fact we use IE the most unsafe browser for registration is mind boggling

16:40:37 From Victoria Turner : Yes, Louise, and that forces us into an in=person situation, which could be dangerous. We are at an impasse with voter registration

16:40:48 From Vicky Nawoichyk : YEs Barbara I notices

16:40:51 From Vicky Nawoichyk : noticed

16:40:55 From Rene Ouellet : I am a town moderator. I do not have a budget. The selectmen pay for setting up the voting space and the town clerk pays all the poll workers who want to be paid.

16:41:05 From NC112 : Suspend the requirement that there be a Dem and A Rep ballot clerk. Allow Underdeclared to work the polls

16:41:29 From Louise Spencer : Yes, and not only are there CARES funds available there are also HAVA funds. The time to get this done is now.

16:41:37 From NC112 : I am a Moderator and I do not have budget responsibility. That belongs to the Selectmen.

16:42:01 From Judy Strakalaitis : We have had that but it is rare

16:43:03 From Vicki Lemire - Goffstown : Not everyone have cellphones or computers...

16:43:08 From bonniewinonamackinnon : I have had people come to the polls who sent in an absentee. BUT I think the powers that be should eliminate that for these two elections...they are very few but it is not never. I am talking about absentees showing up in person...

16:43:18 From Judi : But will you disenfranchise one voter? Springfield has had at least one person come in to vote after submitting an absentee ballot at each elections.

16:44:15 From Judy Strakalaitis : Their abs counts though. You don't get a do-over if you vote in person. Once you submit the ballot, you are done.

16:44:26 From Victoria Turner : The voter has voted. They are not disenfranchised if they change their mind.

16:44:55 From Judi : You can vote in person until your absentee ballot has been processed.

16:45:22 From Vicki Lemire - Goffstown : Bud spoke yesterday that every voter has the right to vote in person on election day. Even if a voter has sent in an absentee ballot, they still have the right to vote in person on voting day (however, there are very definite timelines involved).

16:45:43 From NC112 : In small towns can we suspend ID verification if the ballot clerk personally knows the voter.

16:46:01 From Rene Ouellet : Identifying the voter is less of a problem in small towns where at least one poll worker will know almost each voter who comes to vote.

16:46:13 From Claudine Dias : if you're not willing to remove your mask then absentee vote

16:46:20 From Judy Strakalaitis : Yes. before the abs ballot is processed. Once they are checked off on CL by the moderator, they cannot vote in person. We start abs processing at 9am.

16:46:24 From Vicky Nawoichyk : Current standards we need to assume will stay in place & we will be in flu season
There is no medication or vaccine
That is not going anywhere

16:46:42 From Rene Ouellet : I believe town clerks, moderators and supervisors of checklist are the only poll workers who can id a voter

16:46:58 From Kyri : We have to assume we will have to take precautions until there is a vaccine. And that won't be by fall.

16:47:17 From Judy Strakalaitis : Important point Kate!

16:47:24 From NC112 : Yes that is the current law - I am looking for a change for these 2 elections to add the Ballot Clerks

16:48:50 From Steve Russell : Need ex. order to do temporary voter changes.

16:50:02 From Martha : Take temperatures of everyone who enters

16:50:05 From Kyri : That's disrespectful

16:50:10 From Rosemary F. Lounsbury : Can election workers (Moderators, Ballot Clerks, Supervisors, etc) get tested for Covid on Thurs or Fri after election day? We should!

16:50:14 From Barbara Chagnon : They are also supposed to have public input.

16:50:59 From Rene Ouellet : Temperature is not very accurate way to determine if person has Covid

16:51:21 From Louise Spencer : We need an executive order with that makes clear these changes will be in place to cover November election. We need predictability so we can plan and educate the public.

16:51:25 From Kyri : Temperature isn't helpful if the person is asymptomatic.

16:51:28 From Barbara Chagnon : The temperature check issue has been brought up and is going to be looked at.

16:51:50 From Louise Spencer : Thank you Vicky Turner for you persistence! Great questions.

16:52:01 From Darryl Perry : my regular temperature is closer to 96.5

16:52:06 From Kyri : Thanks Vicky Turner. We should already be in ERIC.

16:52:42 From Judi : Newbie here what is ERIC?

16:52:59 From Judy Strakalaitis : SoS has ability to send statewide list of voters registering here to last state registered in now. Should be doing so regularly,

16:53:08 From Kyri : We are paying the price for not having used any of the \$15 million HAVA funds to modernize some of our election systems.

16:53:18 From Judy Strakalaitis : Exactly!!!

16:53:23 From Vicky Nawoichyk : <https://ericstates.org/>

16:53:32 From Vicky Nawoichyk : This is the site to ERIC

16:53:45 From Judy Strakalaitis : We need to ensure CARES money is spent for intended purposes

16:54:02 From Louise Spencer : Yes, Vicky! real concerns about purging...particularly if same day registration is limited and mail system operating slowly.

16:54:54 From Dennis Raymond : temps can be read by infrared sensors. That is a cost for purchasing the sensors, which are hand held devices that are non-invasive. Many businesses are using such sensors for their workers.

16:55:10 From Louise Spencer : Deputy Secretary Scanlon. Can you refer me to information that tells us how it takes to get ERIC up and running?

16:56:04 From Kyri : Thank you Vicky Turner for persisting to be able to include all your points.

16:56:17 From Judy Strakalaitis : That's been my point, Vicky. Thanks for saying it. People can't sign nomination papers, charter petitions, run for office if not regd. TCs need to understand it is available anytime

16:56:42 From Norman Head : Is that person going to talk all day?

16:56:57 From Kyri : Probably not as long as some of the men.

16:57:23 From Claudine Dias : she seems very invested in our election integrity

16:57:25 From Vicky Nawoichyk : Dave Scanlon you unraised my hand so I put it back up
16:57:25 From jdargie : has been on every call took up town clerks time
16:57:44 From Vicky Nawoichyk : I deserve to be heard
16:58:40 From Vicky Nawoichyk : You are putting down the hand of another Vicky! That is V Turner talking I am Vicky Nawoichyk
16:58:44 From Judy Strakalaitis : Vicky absolutely has relevant points not addressed so far. The good thing about her continuing is it will shorten what I plan to say,
16:59:44 From Louise Spencer : Thank you Vicky Turner...important points.
17:01:11 From Vicky Nawoichyk : you need to all agree as a group of SOC
17:01:41 From Barbara Chagnon : Yes, on Nursing Home verification. It makes life much more simple.
17:02:30 From Louise Spencer : Good points Vicky S.
17:03:18 From Kyri : Other SOCs, please join our supervisor "discussion" group. Vicky N put her email above. Contact her or me at kyriclaflin@comcast.net if you can't find her email.
17:03:40 From Vicky Nawoichyk : or Vickah@aol.com is mine
17:03:44 From Vicky Nawoichyk : Thanks Kyri
17:03:54 From Kyri : thanks vicky
17:04:12 From Justin ODonnell : on this topic, i got a call from my mother today to tell me I'm still registered to vote at her house in Massachusetts. I have not lived there in 10 years, and in 2018 even ran for Congress here in NH.
17:05:06 From Kyri : Massachusetts just joined ERIC, so they'll probably fix things like that soon.
17:05:21 From Victoria Turner : And we are supposed to have reciprocity with New England States, but we have to do it manually
17:05:30 From bonniewinonamackinnon : Its not against the law to be registered in two places but it is against the aw to vote in both.
17:05:52 From Kyri : exactly
17:06:37 From Kyri : It's just nice to have clean checklists with minimal errors.
17:06:48 From Claudine Dias : why are the SOC's sending emails?
17:07:18 From Margaret Doody : HAVA told me a student couldn't register here where she lives and then also at UNH
17:07:56 From Ken's iPad : Claudine, Vicky offering to meet after this session
17:08:07 From Kyri : HAVA seems to be giving out a lot of misinformation.
17:08:37 From Bambi Miller : what if they do not receive their AB so they come to the polls to vote
17:08:45 From Ann : If the person register in Durham while at UNH they will automatically be taken off of your (Margaret) checklist, just like moving from one town to another. It's only when people are registered in 2 different states that they might be on more than one checklist
17:09:21 From Steve Russell : Let's not argue this point -
17:09:56 From Darlene Bouffard : not the forum for arguing
17:10:17 From Martha : You can't compare this election to others
17:10:17 From Steve Russell : We don't separate AV checklist so not a problem - move on
17:10:19 From Barry Hantman - Moderator, Danville : That's why the name should only be printed on one list, nit both
17:10:22 From Maggie Bochynski Paul : Thank you for your comments. Is there anyone else waiting to speak?
17:10:29 From Vicky Nawoichyk : YEs I am
17:10:38 From Steve Russell : yes I am
17:10:39 From Vicky Nawoichyk : I am waiting to speak
17:10:55 From Todd Rainier : Kathy is correct. move on. One official checklist.
17:11:39 From nclavette : I MUST HAVE MISSED SOMETHING BUT IT SEEMS TO ME sorry forgot caps the town clerk can print the absentee list and share with supervisor

17:11:50 From Norman Head : This started out as a good meeting but now is just different people telling war stories, Comments should be limited by time

17:11:59 From Judy Strakalaitis : Dee-Ann is your hand up,

17:12:31 From Robert Dezmelyk : Separate checklists for different polling places are used. The same approach works for absentee ballots. In that case the list is of people who received an absentee ballot. If they arrive on election day they are not on the normal checklist, they are on the absentee voter list.

17:13:03 From Judy Strakalaitis : Sorry you didnt appreciate my comments. Opportunity for a cure is a huge issue. It is why the court eliminated signature matching.

17:13:07 From Barry Hantman - Moderator, Danville : Robert, you got it 100% correct. That was my point earlier.

17:14:09 From Justin ODonnell : so time for public comment next?

17:14:19 From Bill Klein : how many registered voters are there in Derry?

17:14:46 From Louise Spencer : Judy Strakalaitis...I definitely appreciated your comments. Thank you!

17:14:54 From Kyri : Me too Judy.

17:14:55 From Victoria Turner : Good points on fixing things, Judy. I have been looking at the forms, and they are soooo complicated. A lot of first time absentee voters will be participating this year.

17:15:01 From Judy Strakalaitis : 23,000 on one CL

17:15:21 From Pete Basiliere : Oh, my!

17:15:47 From Gloria MacVane : Bill Klein ... Sally looked it up. 23,246

17:15:54 From Barbara Chagnon : I believe you can assign a co-host if you'd like to close the meeting and leave communications open.

17:16:28 From Justin ODonnell : lol. ie is actually more secure than chrome

17:16:42 From Judy Strakalaitis : I was answering question. That was the only time what I had to say wasnt relevant. It was new points not covered thus far. I didn't repeat points Vicky already made,

17:16:46 From Victoria Turner : YES! Internet Explorer is a fossil. I waste 10-15 minutes a session just tinkering with it

17:16:49 From Louise Spencer : Thank you Vicky Naiwochyk!! Well said.

17:17:11 From Martha Hulsman : yea,,,finally someone said ditch internet explorer!!!!

17:17:30 From Sarah Chalsma SOC Webster : IE is horrible!!! thank you for bringing it up!!

17:17:39 From Bob Switzer : I'm on a Macintosh at home and I'm not able to use Electionet. I have to use the computer at the Town Hall which is a PC. Not good.

17:18:11 From Rosemary F. Lounsbury : Amen, Vicky! (re: internet explorer!)

17:18:14 From Barbara Chagnon : I understand that to upgrade software to something other than IE is very costly.

17:18:16 From Ann : It needs to be something we can get to from either PC or MAC

17:18:19 From Vicky Nawoichyk : What are we doing about contact tracing post election?

17:18:22 From Vicky Nawoichyk : Does the state use it

17:18:27 From Dennis Raymond : Lots of gloves needed

17:18:55 From Judy Strakalaitis : The software is horrible. Numbers for reports that should be the same from type of report to report but arent. Cant print minutes reports that cover required reports.

17:19:23 From Darryl Perry : On Tuesday, in response to my statements about minor party and independent candidates facing petitioning burdens; Bud Fitch said "People running in the primary in any party confront the same issues: They can't engage in usual campaigning as they would. This is not a challenge unique to third party candidates."

Campaigning for office is vastly different than petitioning for placement onto the ballot. Aside from the fact that nearly half of primary candidates face no primary opposition, and almost ¼ of candidates face no opposition in the general election; minor party and independent candidates must interact with tens of thousands of people in order to obtain the thousands of petitions required to even BE on the ballot. There are serious health concerns in regards to candidates for public office that need to be addressed.

17:20:10 From Carolyn Garretson : Ditto on using Microsoft Explorer. It is obsolete and there is no allowance for using Apple Mac Books.

17:20:12 From Judy Strakalaitis : For state rep, it is either 100 or 300 sigs. But still formidable.

17:21:54 From Darryl Perry : <https://www.courtlistener.com/docket/17039697/26/libertarian-party-of-illinois-v-pritzker/> Libertarian Party of Illinois v. Pritzker
"voters are likely to continue practicing social distancing and avoiding any physical hand contact with other persons or objects."

17:23:13 From Victoria Turner : Kind of makes sense. Nomination papers are just another process that will be way more complicated.

17:23:17 From Judy Strakalaitis : Appreciate your comments re filing for office and nomination papers , Justin.

17:23:43 From Judy Strakalaitis : Has to be addressed soon

17:23:46 From Barbara Chagnon : Down to 113

17:24:22 From Victoria Turner : Thanks committee members

17:24:39 From Cathleen Fountain : thankyou

17:24:46 From Louise Spencer : Thank you to the committee and to the participants.

17:24:54 From Dennis Raymond : Thank you for the meeting and comments

17:24:57 From Melanie Levesque : Thank you! Be Safe everyone!

17:25:03 From Sarah Chalsma SOC Webster : thank you! very helpful

17:25:04 From NC112 : Thank you to all committee members

17:25:21 From Dennis Raymond : be sfe, bye

17:26:02 From Margaret Doody : Everyone stay safe!
