REQUESTED ACTION

Authorize the Department of Environmental Services to award a Local Source Water Protection grant to the Town of Frankestown (VC #159861 B001) in the amount of \$10,000 to complete a project to protect public drinking water supplies, effective upon Governor and Council approval through May 31, 2021. 100% Federal Funds.

EXPLANATION

The Department of Environmental Services issued a request for proposals for 2020 Local Source Water Protection Grants. These grants are funded by set-asides under the Drinking Water State Revolving Loan Fund. Eighteen proposals were received. The proposals were evaluated and ranked based on criteria included in the request for proposals, such as whether the project fulfills a component of a source water protection program, that the proposed project addresses appropriate threats, and that the project will deliver a valuable and useful product. Based on the available loan management fee funding, the Department determined that it could offer grants to nine source protection planning projects and four source security projects. See Attachment A for the full list of grants awarded and list of reviewers.

The Town of Frankestown will use the source water protection grant funds to study and create the Town's first Master Plan chapter explicitly dedicated to the protection of the community's water sources, to be included in the Frankestown Master Plan.

This agreement has been approved as to form, substance, and execution by the Office of the Attorney General. In the event that the fee funds are no longer available, General funds will not be requested to support this program.

We respectfully request your approval of this item.

Robert R. Scott, Commissioner

11.2.2 give the Grantee a written notice specifying the Event of Default and suspending all payments to be made under this Agreement and ordering that the portion of the Grant Amount which would otherwise accrue to the grantee during the period from the date of such notice until such time as the State determines that the Grantee has cured the Event of Default shall never be paid to the Grantee; and

11.2.3 set off against any other obligation the State may owe to the Grantee any damages the State suffers by reason of any Event of Default; and

12.4 Notwithstanding anything in this Agreement to the contrary, either the State or except where notice default has been given to the Grantee hereunder, the Grantee, may terminate this Agreement without cause upon thirty (30) days written notice.

13. CONFLICT OF INTEREST. No officer, member or employee of the Grantee and no representative, officer of employee of the State of New Hampshire or of the governing body of the locality or localities in which the Project is to be performed, who exercises any functions or responsibilities in the review or approval of the undertaking or carrying out of such Project, shall participate in any decision relating to this Agreement which affects his or her personal interests or the interest of any corporation, partnership, or association in which he or she is directly or indirectly interested, nor shall he or she have any personal or pecuniary interest, direct or indirect, in this Agreement or the proceeds thereof.

person, on account of, based on, resulting from, arising out of (or which may be claimed to arise out of) the acts or omissions of the Grantee of Subcontractor, or subgrantee or other agent of the Grantee. Notwithstanding the foregoing, nothing herein contained shall be deemed to constitute a waiver of the sovereign immunity of the State, which immunity is hereby reserved to the State. This covenant shall survive the termination of this agreement.

17. INSURANCE AND BOND.

17.1 The Grantee shall, at its sole expense, obtain and maintain in force, or shall require any subcontractor, subgrantee or assignee performing Project work to obtain and maintain in force, both for the benefit of the State, the following insurance:

17.1.2 comprehensive public liability insurance against all claims of bodily injuries, death or property damage, in amounts not less than \$2,000,000 for bodily injury or death any one incident, and \$500,000 for property damage in any one incident; and

17.2 The policies described in subparagraph 17.1 of this paragraph shall be the standard form employed in the State of New Hampshire, issued by underwriters acceptable to the State, and authorized to do business in the State of New Hampshire. Each policy shall contain a clause prohibiting cancellation or modification of the policy earlier than ten (10) days after written notice has been received by the State.

18. WAIVER OF BREACH. No failure by the State to enforce any provisions hereof after any Event of Default shall be deemed a waiver of its rights with regard to that Event, or any subsequent Event. No express waiver of any Event of Default shall be deemed a waiver of any provisions hereof. No such failure or waiver shall be deemed a waiver of the right of the State to enforce each and all of the provisions hereof upon any further or other default on the part of the Grantee.

The captions and contents of the "subject" blank are used only as a matter of convenience, and are not to be considered a part of this Agreement or to be used in determining the intent of the parties hereto.

22. THIRD PARTIES. The parties hereto do not intend to benefit any third parties and this Agreement shall not be construed to confer any such benefit.

23. ENTIRE AGREEMENT. This Agreement, which may be executed in a number of counterparts, each of which shall be deemed an original, constitutes the entire agreement and understanding between the parties, and supersedes all prior agreements and understandings relating hereto.

EXHIBIT A
SCOPE OF WORK

Town of Frankestown:

The Town of Frankestown will use New Hampshire Department of Environmental Services (NHDES) grant funds to conduct a spatial analysis focused on evaluating and protecting drinking water resources. The analysis will be used to update the Frankestown Master Plan to support community efforts to protect drinking water resources. Educational materials and a local workshop will also be completed.

Specifically, the following tasks, as described in the application submitted to NHDES, will be accomplished:

TASK 1: REVIEW EXISTING DATA & ANALYSIS

Using existing GIS data, the project will complete a natural resource co-occurrence map and analysis to determine tax map parcels that have the greatest conservation value to the town. This will provide an in-depth compilation of existing aquifers and incorporation of Favorable Gravel Well Areas, as defined by NHDES, together with potential and known contamination sources. The analysis will characterize development intensity and trends at the parcel level to help prioritize opportunities to protect unprotected drinking water resources. A description of the spatial analysis process with GIS layers will be forwarded to NHDES for review and comment.

A Quality Assurance Project Plan (QAPP) will be prepared for secondary data use consistent with US EPA guidance. The QAPP will be forwarded to NHDES for comment and final signatures and then to US EPA Region 1 for approval and signature. Analysis and findings will be summarized for inclusion in the Frankestown Master Plan and will be forwarded to NHDES for review and comment.

Deliverables: A summary of methods and resulting GIS spatial analysis, final GIS layers that reflect the analysis, and a US EPA approved QAPP for use of secondary data.

TASK 2: MASTER PLAN UPDATE (Drinking Water Focus)

The Master Plan will be updated through the drafting of a water resources chapter that will establish drinking water goals and an implementation strategy informed by the spatial analysis in Task 1. The strategy will contain reasonable and feasible priority action items and a timeline reviewed and considered by the Planning Board. A summary of comments from the Planning Board's review and intent to revise and adopt all or some of the implementation strategy at a public hearing will be provided to NHDES.

Deliverable: Master Plan Water Resources chapter updated to include an implementation strategy with actions that clearly work toward improving drinking water protection. Minutes of the public hearing and Planning Board comments will be forwarded to NHDES.

TASK 3: OUTREACH AND ENGAGEMENT

The town's Planning Board will conduct public outreach and education to promote the final Water Resources Section of Master Plan. Public education and outreach and resource protection workshop will be planned in order to educate and inform the final Plan. NHDES will be provided a summary of outreach measures and description of a long-term educational outreach program that will be repeated on a regular basis.

Date 7.22.20

Deliverables: Public education materials and outreach events

Quarterly progress report forms must be completed by grant recipients or their subcontractor and submitted to NHDES every three months, beginning with the first full three (3) month quarter after grant approval from Governor & Council.

EXHIBIT B
BUDGET & PAYMENT METHOD

All services shall be performed to the satisfaction of the Department of Environmental Services before payment is made. All payments shall be made upon receipt and approval of stated outputs and upon receipt of the associated invoice. **If the invoice is less than the initial estimate, only the amount on the invoice will be paid.** Payments shall be made in accordance with the following schedule, based upon completion of specific tasks:

Task Number/Description	Source Water Protection Grant
Task 1: REVIEW EXISTING DATA & ANALYSIS	\$3,500
Task 2: MASTER PLAN UPDATE (Drinking Water Focus)	\$3,500
Task 3: OUTREACH AND ENGAGEMENT	\$3,000
TOTAL	\$10,000

EXHIBIT C
SPECIAL PROVISIONS

Subparagraph 1.7 of the General Provisions shall not apply to this Agreement. The comprehensive public liability insurance against all claims of bodily injuries, death, or property damage under Subparagraph 17.1.2 of the General Provisions shall be increased from \$2,000,000 to \$5,000,000 for bodily injury or death in any one incident. An increase from the State's standard liability coverage is warranted given the provided coverage amount exceeds the requirement under this contract.

Changes to the Scope of Work or reallocation of grant funds require NHDES approval in advance.

Work must be completed by the completion date listed on the grant agreement (section 1.6). Requests for payment along with required proof of work must be submitted no later than 90 days after the completion date or the grant will be closed out and funds will no longer be available.

If a deadline extension is requested, the grantee must make that request for approval at least two months before the completion date. Failure to do so may result in lower rankings of future grant applications.
