

Victoria F. Sheehan
Commissioner

THE STATE OF NEW HAMPSHIRE
DEPARTMENT OF TRANSPORTATION

MAY 14 '20 10:12 AM

William Cass, P.E.
Assistant Commissioner

31 lam

His Excellency, Governor Christopher T. Sununu
and the Honorable Council
State House
Concord, New Hampshire 03301

Bureau of Construction
April 21, 2020

REQUESTED ACTION

Authorize the Department of Transportation to enter into a contract with L & D Safety Marking Corp. (Vendor 260129) of Barre, VT on the basis of a low bid of \$208,870.75 for pavement marking, from the date of Governor and Council approval through November 6, 2020, unless extended by the Department in accordance with the Standard Specifications. 100% Other Funds (Betterment).

Funding is available in State Fiscal Year 2020 and 2021 as follows, with the ability to adjust encumbrances through the Budget Office between State Fiscal Years if needed and justified:

Funding is available as follows:	<u>FY 2020</u>	<u>FY 2021</u>
04-96-96-963015-3039		
Highway Betterment Aid		
400-500870 Highway Contract Payments	\$91,380.96	\$117,489.79

EXPLANATION

This project is included in the State's Ten Year Transportation Improvement Plan under the Highway Betterment Program. This project is to perform maintenance of select stenciled and transverse line pavement markings using retroreflective paint and thermoplastic marking materials at specific locations in the state. This is considered a high priority contract from a safety perspective. This work is to be performed during the 2020 season. Work locations will be on state-maintained roads at intersections and along corridors. Locations are determined by the Bureau of Traffic Pavement Marking section based on condition of existing markings, roadway priority/volume, and locations not subject to resurfacing. Scope includes select locations along the US 1 corridor Seabrook to Hampton, NH 101A corridor Milford to Merrimack, NH 125 corridor Plaistow to Rochester, Lee and Keene roundabouts, as well as other locations.

This project is needed to ensure and enhance the safety of the traveling public by maintaining effective pavement markings. Pavement marking maintenance is normally performed by NHDOT forces but continually expanding inventory and the hiring freeze due to COVID19 necessitates outsourcing a portion of the annual work.

Although the bid costs exceeded the Department's estimate by 0.14%, the only bid received is felt to be reasonable for the work involved. Re-advertising this project would result, in our opinion, in higher prices and prevent the completion of the work in a timely manner. The Department considers it to be in the best interest of the State to accept this bid to accomplish these needed repairs.

Page 2

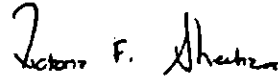

The Contractor has been prequalified by this Department. The Contract has been approved by the Attorney General as to form and execution, and the Department has certified that the necessary funds are available and the bid reasonably conforms to the engineer's estimate in accordance with State procedures. Copies of the fully executed contract are on file at the Secretary of State's Office and the Department of Administrative Service's Office, and subsequent to Governor and Council approval will be on file at the Department of Transportation.

This project is funded with 100% Betterment funds.

A copy of the Tabulation of Bids received for this project is attached along with the Contract Supplemental Sheet and a map indicating the location of the project.

Your approval of this resolution is respectfully requested.

Sincerely,

Victoria F. Sheehan
Commissioner

VFS/pcj

SUPPLEMENTAL PROJECT INFORMATION SHEET

DESCRIPTION: Contract is to perform maintenance of select stenciled and transverse line pavement markings using retroreflective paint and thermoplastic marking materials at specific locations in the state. This work is to be performed during the 2020 season. Work locations will be on state-maintained roads at intersections and along corridors. Locations are determined by Bureau of Traffic Pavement Marking section based on condition of existing markings, roadway priority/volume, and locations not subject to resurfacing. Scope includes select locations along the US 1 corridor Seabrook to Hampton, NH 101A corridor Milford to Merrimack, NH 125 corridor Plaistow to Rochester, Lee and Keene roundabouts, as well as other locations.

FEDERAL FUNDING: 0% (100% Betterment)

CONTINGENCY: There is no contingency for this project.

PROJECT INITIATED: Under the Bureau pavement marking improvement program as highest priority locations within funding constraints.

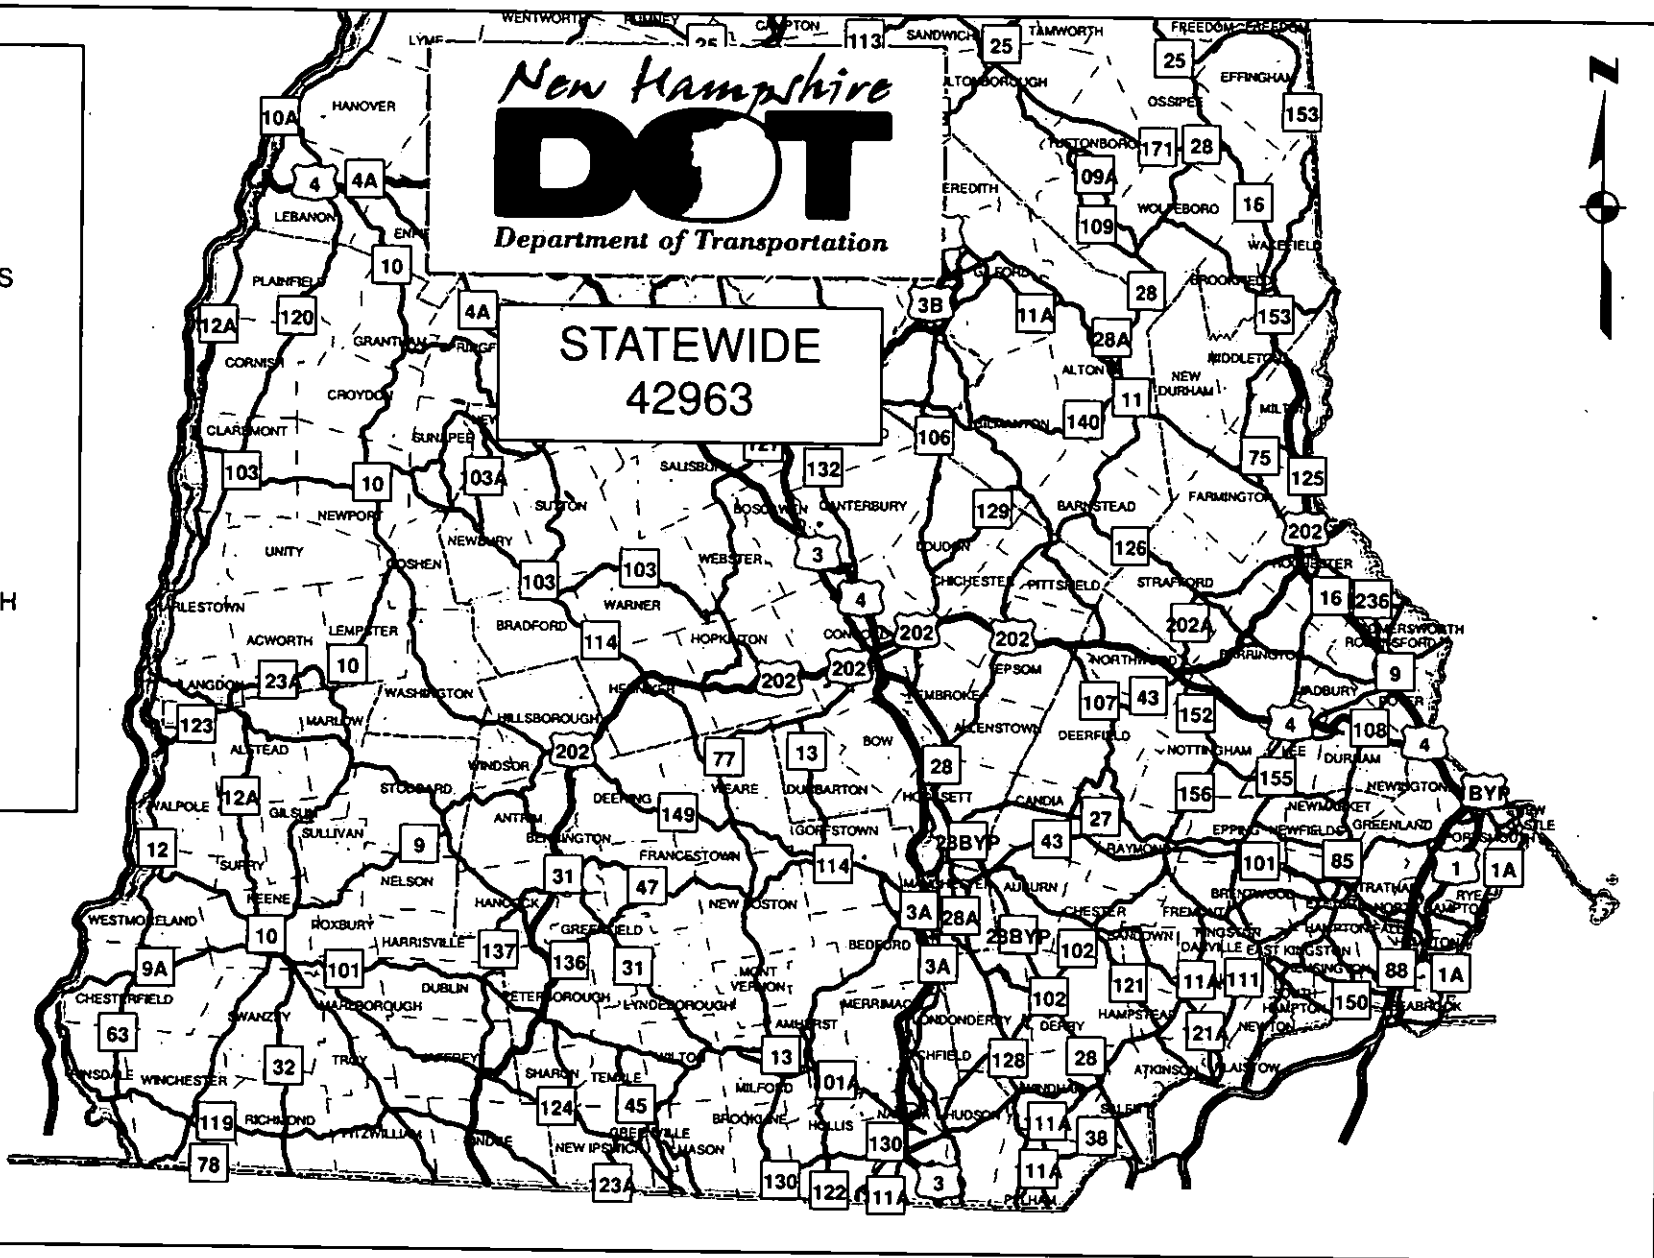

PROJECT EXPLANATION: Project is needed to ensure and enhance the safety of traveling public by maintaining effective pavement markings. Pavement marking maintenance is normally performed by NHDOT forces but continually expanding inventory suggested outsourcing a portion of the annual work.

TRAFFIC IMPLICATIONS: Traffic impacts are expected to be minimal. Traffic Control for short-term operations will be performed by contractor personnel, specific to the work activity and locations. Generally, traffic control involves lane closure during application of marking material. Select locations require night work in areas of high daytime traffic volumes and other locations will be considered if requested by Contractor. Flaggers will be used for all operations except where uniformed officers may be warranted due to traffic volumes.
