**If source is a Corporation or other Entity:**

Name of Corporation or Entity:  
Name of Corporate/Entity Representative:  
Work Address of Representative:

Value of Expense Reimbursement: \$1500.00 Date Received: The money will be given to the individual when she arrives at the conference being held August 14-17, 2011. A copy of the agenda or an equivalent document must be attached to this filing.

Briefly describe the service or event this Honorarium or Expense Reimbursement relates to: The National Association of Surveillance and Utilization Review Officials (NASO) began in 1985 when a group of Medicaid Program Integrity officials met to discuss how they could improve communication and information sharing among the states. These officials determined a method of connecting professionals responsible for Medicaid surveillance and utilization review functions through a single organization. NASO. In 2006, NASO changed its name to NAMPI, to better reflect its mission. NAMPI's Mission Statement is: to support its members in their efforts to safeguard the fiscal, operational, and program integrity of their Medicaid programs; to enhance and or develop lines of communication between its members, other agencies and associations with similar goals; to expose its members to new techniques and technologies; to provide a mechanism for the dissemination of collective information to its members and the federal government; to promote the directions, ideals and accomplishments of the membership. NAMPI's Objectives are: to actively participate in monitoring trends in Medicaid policy that affect the utilization of Medicaid services; to act as a single body in the presentation of information to other associations, and federal and state agencies; to actively support member states by sharing information through a regularly published newsletter; to prepare and disseminate

an annual report of the membership's accomplishments; to encourage all states to participate in the membership of the organization; to enhance membership participation in the organizationally sponsored annual conference; to create an atmosphere through membership that provides the opportunity to have connectivity and promote synergy. The National Association for Medicaid Program Integrity hosts a national conference. At these conferences, program integrity officials from across the nation gather to obtain information, exchange insights and grow in their knowledge and understanding of program integrity. The NAMPI conference has workshops on a number subjects, including Electronic Health Records, MIC Audits, PERM, recovery Audit Contractors. These workshops will benefit them and they will be able to come back and share the information with other SURS staff.

"I have read RSA 15-B and hereby swear or affirm that the foregoing information is true and complete to the best of my knowledge and belief."
