**THE STATE OF NEW HAMPSHIRE**  
**DEPARTMENT OF TRANSPORTATION**

*Victoria F. Sheehan*  
*Commissioner*

*William Cass, P.E.*  
*Assistant Commissioner*

His Excellency, Governor Christopher T. Sununu  
and the Honorable Council  
State House  
Concord, New Hampshire 03301

Bureau of Construction  
March 31, 2020

**REQUESTED ACTION**

Authorize the Department of Transportation to enter into a contract with TMI Services, Inc. (Vendor 278612) of Franklin, MA on the basis of a low bid of \$1,010,152.35 for placement of pavement markings along the Turnpike system, from the date of Governor and Council approval through August 27, 2021, unless extended by the Department in accordance with the Standard Specifications. 100% Turnpike Funds.

Funding is available in State Fiscal Year 2020 and Fiscal Year 2021 as follows, and is anticipated to be available in Fiscal Year 2022, upon the continued appropriation of funds in the future operating budget, with the ability to adjust encumbrances through the Budget Office between State Fiscal Years, if needed and justified:

Funding is available as follows:	<u>FY 2020</u>	<u>FY 2021</u>	<u>FY 2022</u>
04-96-96-961017-7025			
Turnpike Renewal & Replacement			
400-500870 Highway Contract Payments	\$303,045.72	\$606,091.44	\$101,015.19

**EXPLANATION**

This project is part of the Turnpike's Renewal and Replacement Program. This project will place approximately 6 million feet of pavement markings during the 2020 and 2021 construction seasons. The pavement markings will be placed along the Turnpike system roadway segments, excluding areas within construction project limits or roadways with durable markings previously applied. The work will include Turnpike's mainline, secondary roads and ramps.

Due to resource constraints, the Bureau of Traffic is not able to apply pavement markings for Turnpikes. This project will allow for continued application of pavement markings providing proper lane delineation for the safety of the traveling public.

Although the bid costs exceeded the Department's estimate by 6.64%, the low bid of 2 responsive bids received is felt to be reasonable for the work involved. A third bid was submitted. This bid was the lowest; however, it was rejected due to the firm's debarment status. The contract is being awarded to the lowest responsive bidder. Re-advertising this project would result, in our opinion, in higher prices and prevent the completion of the work in a timely manner. The Department considers it to be in the best interest of the State to accept this bid to accomplish these needed repairs.

The Contractor has been prequalified by this Department. The Contract has been approved by the Attorney General as to form and execution, and the Department has certified that the necessary funds are available and the bid reasonably conforms to the engineer's estimate in accordance with State procedure. Copies of the fully executed contract are on file at the Secretary of State's Office and the Department of Administrative Service's Office, and subsequent to Governor and Council approval will be on file at the Department of Transportation.

A copy of the Tabulation of Bids received for this project is attached along with the Contract Supplemental Sheet and a map indicating the location of the project.

Your approval of this resolution is respectfully requested.

Sincerely,

Victoria F. Sheehan  
Commissioner

VFS/pcj

## STATEWIDE STRIPING (TURNPIKES)

41823

January 21, 2020

### SUPPLEMENTAL PROJECT INFORMATION SHEET

**DESCRIPTION:** This project will place approximately 6 million feet of pavement markings during the 2020 & 2021 construction seasons. The pavement markings will be placed along the Turnpike system roadway segments, excluding areas within construction project limits or roadways with durable markings previously applied. The work will include Turnpike's mainline, secondary roads and ramps.

**FEDERAL FUNDING:** 0% (100% Turnpike funded from Turnpike's Renewal & Replacement Program)

**CONTINGENCY:** No contingency is requested given the nature of the project and minimal risk for cost overruns.

**PROJECT INITIATED:** Bureau of Turnpike's Renewal & Replacement Program

**EXPLANATION:** Due to resource constraints, the Bureau of Traffic is not able to apply pavement markings for Turnpikes. This project will allow for continued application of pavement markings providing proper lane delineation for the safety of the traveling public.

**TRAFFIC IMPLICATIONS:** Minimal traffic impacts are anticipated. Traffic control will be a mobile operation and follow the same procedures the Traffic Bureau uses for striping operations. Lane and shoulder closure timeframes will be consistent with those developed by the Turnpike Bureau for maintenance operations or will follow more stringent requirements based upon location/lane configuration. Normal traffic patterns will be re-established prior to the beginning of peak hour traffic volumes.

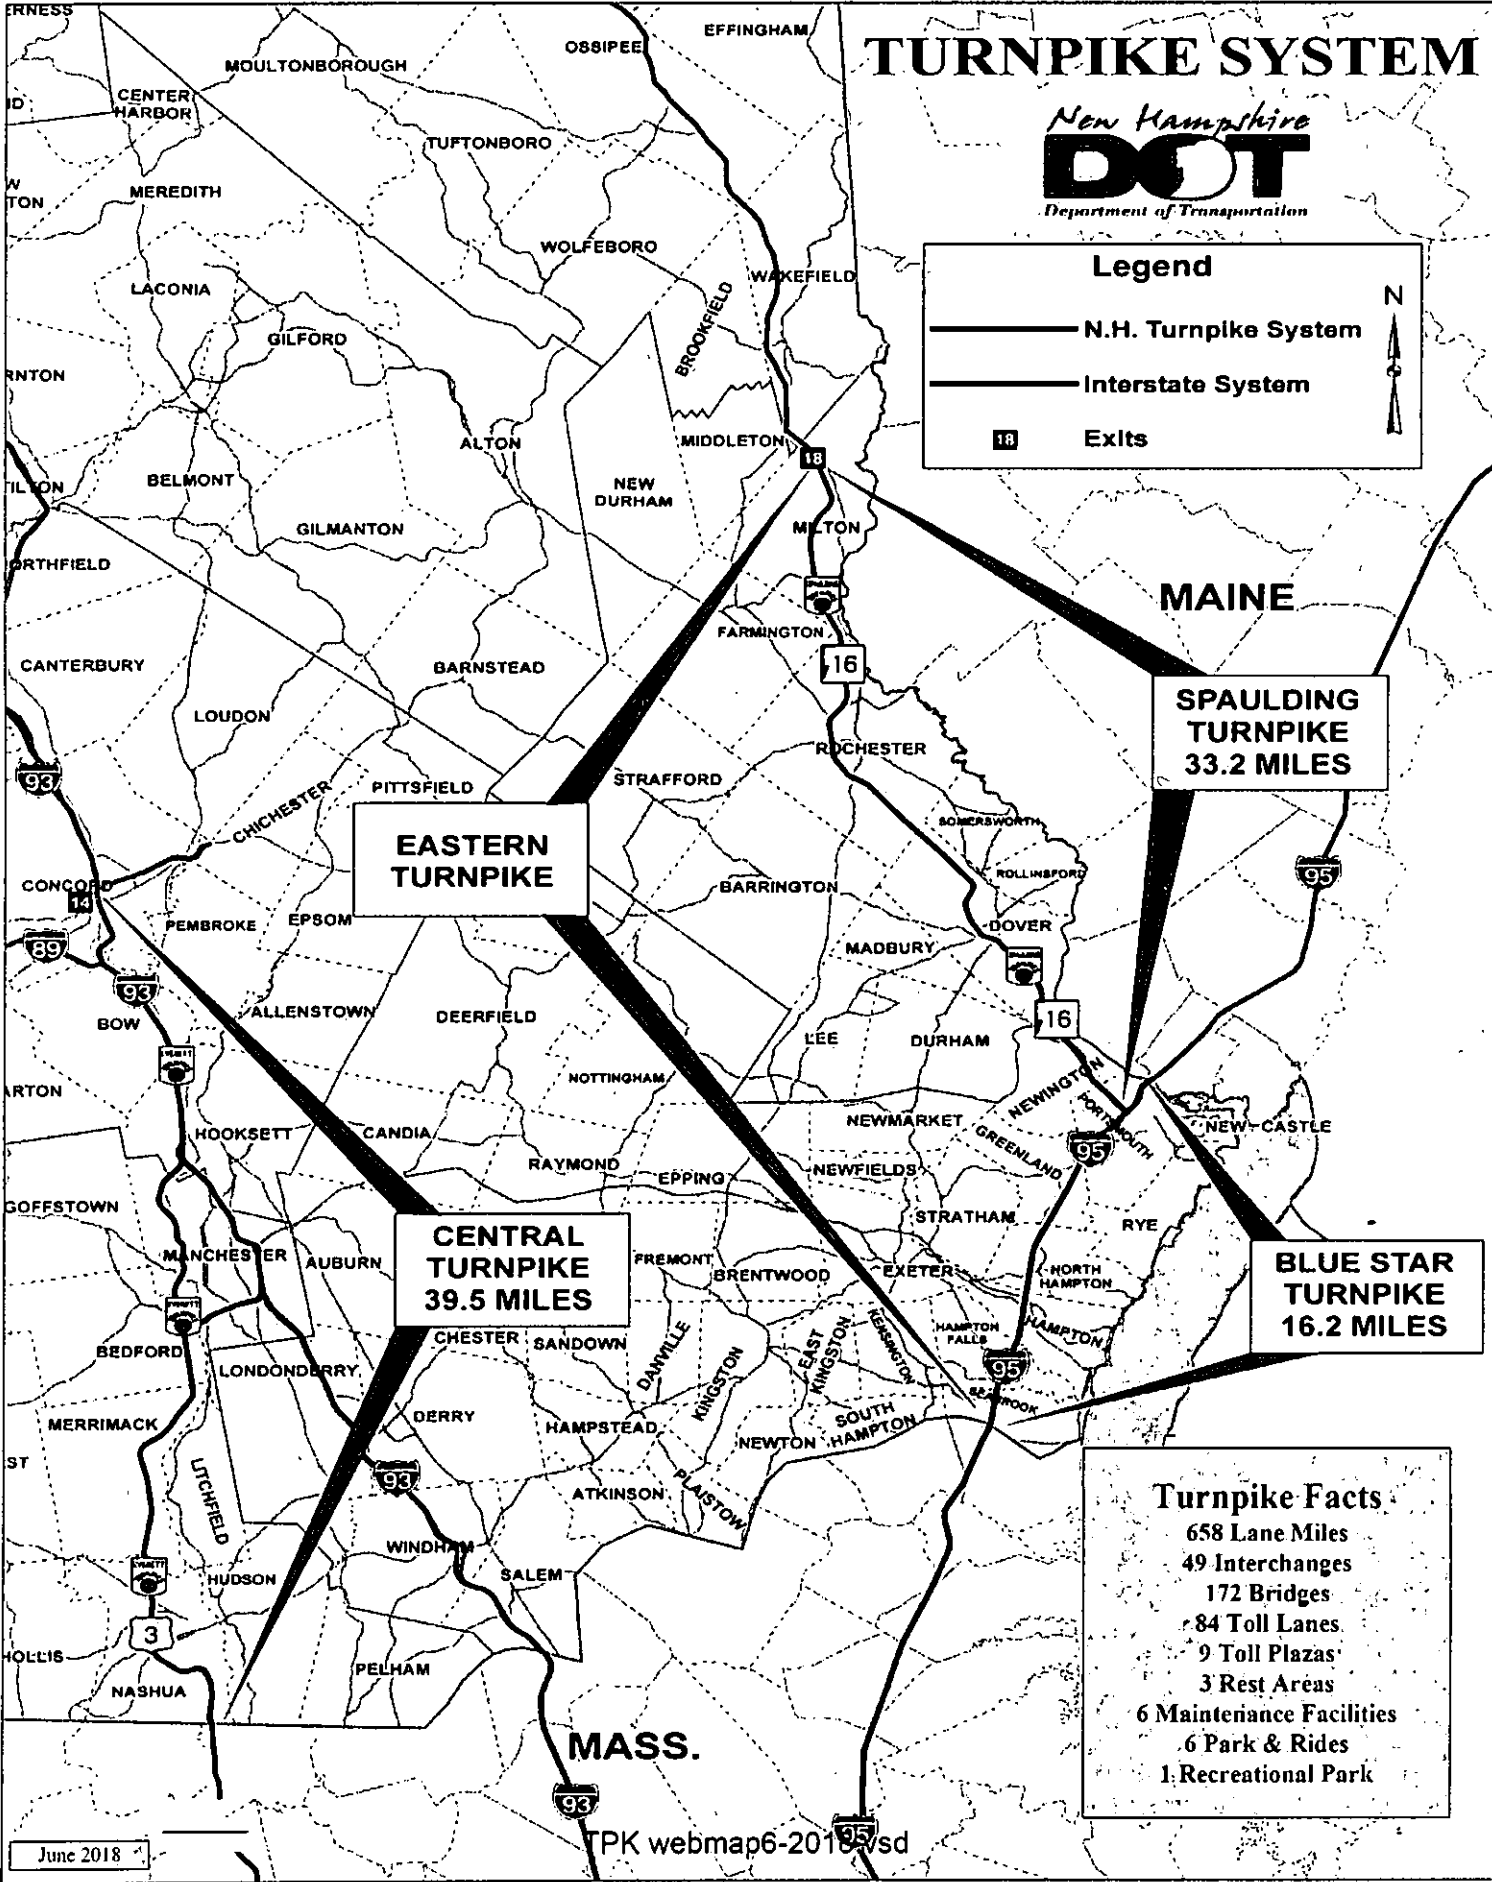

**COMPLETION DATE:** August 27, 2021
