EXPLANATION

OSI is responsible for administering New Hampshire's statewide Weatherization Assistance Program (NH WAP). The objective of the program is to weatherize homes to reduce energy consumption, to improve safety, and to reduce energy costs for low income households. Priority is given to the elderly, the disabled, households with children, and households with high energy usage. The state's five Community Action Agencies (CAAs) are the WAP subgrantees delivering the program in New Hampshire, under separate contracts with OSI.

The New Hampshire Weatherization Assistance Program is funded by a grant from the United States Department of Energy (US DOE). US DOE regulations require that a minimum of 10% of all units completed under this program be inspected for quality of workmanship, quality and appropriateness of installed measures, accuracy of billing, and program compliance. For each of the program years covered here, that requires a minimum of 23 quality assurance inspections of completed units. In addition, US DOE regulations require that health and safety inspections be completed on at least one "in process"

weatherization job in the service territory of each NH WAP subgrantee. This proposed contract includes both types of inspections, and requires reports that must be provided to OSI in writing in accordance with the NH WAP *Policies and Procedures Manual*.

OSI issued a request for proposals (RFP) on September 7, 2018. Horizon Residential Energy Services, NH LLC, was the only bidder for the contract and was selected as Contractor after OSI reviewed and approved the proposal. Horizon met or exceeded all contract requirements delineated in the RFP and OSI's previous work with this contractor, which includes a two-year contract in 2016 and 2017 for which Horizon competed against two other bidders, was an excellent collaboration, fully satisfying all federal and state requirements.

In the event Federal Funds are no longer available, General Funds will not be requested to support this contract.

Respectfully submitted,

A handwritten signature in black ink, appearing to read 'Jared Chicoine', written over a horizontal line.

The Contractor identified in Section 1.3 of the General Provisions agrees to comply with the provisions of Executive Office of the President, Executive Order 12529 and 45 CFR Part 76 regarding Debarment, Suspension, and Other Responsibility Matters, and further agrees to have the Contractor's representative, as identified in Sections 1.11 and 1.12 of the General Provisions execute the following Certification:

CERTIFICATION REGARDING DEBARMENT, SUSPENSION, AND OTHER RESPONSIBILITY MATTERS - PRIMARY COVERED TRANSACTIONS

Instructions for Certification

- (1) By signing and submitting this proposal (contract), the prospective primary participant is providing the certification set out below.
- (2) The inability of a person to provide the certification required below will not necessarily result in denial of participation in this covered transaction. If necessary, the prospective participant shall submit an explanation of why it cannot provide the certification. The certification or explanation will be considered in connection with the NH Department of Health and Human Services' (DHHS) determination whether to enter into this transaction. However, failure of the prospective primary participant to furnish a certification or an explanation shall disqualify such person from participation in this transaction.
- (3) The certification in this clause is a material representation of fact upon which reliance was placed when DHHS determined to enter into this transaction. If it is later determined that the prospective primary participant knowingly rendered an erroneous certification, in addition to other remedies available to the Federal Government, DHHS may terminate this transaction for cause or default.
- (4) The prospective primary participant shall provide immediate written notice to the DHHS agency to whom this proposal (contract) is submitted if at any time the prospective primary participant learns that its certification was erroneous when submitted or has become erroneous by reason of changed circumstances.
- (5) The terms "covered transaction," "debarred," "suspended," "ineligible," "lower tier covered transaction," "participant," "person," "primary covered transaction," "principal," "proposal," and "voluntarily excluded," as used in this clause, have the meanings set out in the Definitions and Coverage sections of the rules implementing Executive Order 12549: 45 CFR Part 76. See the attached definitions.
- (6) The prospective primary participant agrees by submitting this proposal (contract) that, should the proposed covered transaction be entered into, it shall not knowingly enter into any lower tier covered transaction with a person who is debarred, suspended, declared ineligible, or voluntarily excluded from participation in this covered transaction, unless authorized by DHHS.
- (7) The prospective primary participant further agrees by submitting this proposal that it will include the clause titled "Certification Regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion - Lower Tier Covered Transactions," provided by DHHS, without modification, in all lower tier covered transactions and in all solicitations for lower tier covered transactions.
- (8) A participant in a covered transaction may rely upon a certification of a prospective participant in a lower tier covered transaction that it is not debarred, suspended, ineligible, or involuntarily excluded from the covered transaction, unless it knows that the certification is erroneous. A participant may decide the method and frequency by which it determines the eligibility of its principals. Each participant may, but is not required to, check the Non-procurement List (of excluded parties).
- (9) Nothing contained in the foregoing shall be construed to require establishment of a system of records in order to render in good faith the certification required by this clause. The knowledge and information of a participant is not required to exceed that which is normally possessed by a prudent person in the ordinary course of business dealings.
- (9) Except for transactions authorized under paragraph 6 of these instructions, if a participant in a covered transaction knowingly enters into a lower tier covered transaction with a person who is suspended, debarred, ineligible, or voluntarily excluded from participation in this transaction, in addition to other remedies available to the Federal government, DHHS may terminate this transaction for cause or default.

 - (c) are not presently indicted for otherwise criminally or civilly charged by a governmental entity (Federal, State or local) with commission of any of the offenses enumerated in paragraph (1) (b) of this certification; and
 - (d) have not within a three-year period preceding this application/proposal had one or more public transactions (Federal, State or local) terminated for cause or default.
- (2) Where the prospective primary participant is unable to certify to any of the statements in this certification, such prospective participant shall attach an explanation to this proposal (contract).
