## EXPLANATION

This amendment is **sole source** due to funding requested for Technical Assistance Collaborative (TAC) and Data Analysis because Community Action Partnership of Belknap-Merrimack Counties (BMCAP) has the structure in place both financially and administratively to oversee these contracts, which provide administrative support to the Bureau of Homeless and Housing Services. The following two paragraphs further outline why the **sole source** funding is being requested.

The Technical Assistance Collaborative (TAC) funds technical assistance provided by TAC to the Bureau of Homelessness and Housing (BHHS) and the New Hampshire Homeless Continuum of Care. BMCAP is the only New England organization that has the specialized knowledge of both New Hampshire's homeless service system and the HUD Homeless Assistance Programs. They assist with the Department's annual application for federal funding, and provide technical assistance on HUD initiatives and requirements to help ensure compliance.

The Data Analysis line is salary/benefits and a small amount of funds for travel for the BHHS data analyst contract consultant position located in BHHS. The data analyst is a specialist trained in HUD data standards and requirements of the NH Homeless Management Information System (HMIS) and works with BHHS staff and contracted service providers to meet various federal requirements regarding data collection and reporting.

The purpose of this request is for the provision of Intervention Services, Gaps Funding, Technical Assistance Collaborative (TAC), and Data Analysis. The State Grant-in-Aid (SGIA) Funds program provides funding support for Community Action Program Belknap-Merrimack for the following:

**Intervention Services** are non-shelter services that assist persons who are homeless, or at imminent risk of homelessness through case management, assisted referrals, or other targeted services intended to assist persons experiencing homelessness obtain or maintain shelter. Examples of intervention activities include, but are not limited to information and referrals to assist clients in exiting homelessness, assessing a client's eligibility for shelter/housing placement, legal services, HMIS, and drop-in centers or other facilities where clients have access to case managers as well as telephone/internet access for education, housing, employment purposes.

**Gaps funds** are used to fill emergency gaps in services. These funds are a last resort for homeless individuals who are unable to find room in an emergency shelter due to lack of space or other resources. These funds help provide emergency shelter for a homeless individual or family until the next business day when they are able to access municipal welfare and other community homeless service providers.

**Technical Assistance Collaborative (TAC) funds** provide technical assistance to BHHS and the Balance of State Continuum of Care for the United States Housing and Urban Development (HUD) homeless assistance program. TAC is the only New England organization that has the specialized knowledge of both New Hampshire's homeless services system, and the HUD homeless assistance programs. They assist the Balance of State Continuum of Care with their annual application for federal funding,

and provide technical assistance on HUD initiatives and requirements to help ensure compliance.

**Data Analysis funds** provide the salary, benefits, and a small amount of travel funds for a contracted position for BHHS. The data analyst is a specialist trained in HUD data standards and requirements of the New Hampshire Homeless Management Information System (HMIS). This position works with BHHS staff, and all contracted service providers to meet federal data requirements. This position ensures high data quality for federal application purposes. The travel funds are included to ensure participation at federally required data conferences held twice a year.

The original contract was competitively bid. The Department of Health of Human Services received a total of thirty-eight (38) applications from twenty-eight (28) agencies for State Grant-in-Aid Funding Program in response to a Request for Applications that was posted to the Department's website from December 5, 2014 through February 13, 2015. After review of the applicants by a team of qualified personnel from the Bureau of Homeless and Housing, twenty-seven (27) agencies were chosen. Priority was given to vendors that provide Emergency, Specialty and Transitional Shelter services. BMCAP was one of the vendors selected.

The Department is satisfied with the services provided by the vendor. The original agreement reserved the Department's right to renew the agreements for up to two (2) additional years, based upon satisfactory delivery of services, and continued availability of funds and Governor and Executive Council approval. The attached amendment requests the renewal of the provision of these services for one (1) year, leaving one (1) year of renewal remaining.

As stated in the amendment, notwithstanding any other provision of the Contract to the contrary, no services shall continue after June 30, 2017, and the Department shall not be liable for any payments for services provided after June 30, 2017, unless and until an appropriation for these services has been received from the state legislature and funds encumbered for the SFY 2018-2019 biennia.

Should Governor and Executive Council not authorized this request for GAPS funding, individuals and families who are without housing and resources may be left without shelter in an emergency. Without TAC and Data Analysis funds, BHHS and the Balance of State Continuum of Care may not score well on the federal applications due to the decrease in guidance, which could lead to a decrease in federal funding. If New Hampshire were to lose federal funding, individuals and families currently being served by those programs could become homeless.

## **INDEPENDENT AUDITORS' REPORT**

### **Report on the Financial Statements**

We have audited the accompanying financial statements of Community Action Program Belknap-Merrimack Counties, Inc. (a nonprofit organization), which comprise the statements of financial position as of February 29, 2016 and February 28, 2015, and the related statements of cash flows for the years then ended and the statements of activities and functional expenses and the related notes to the financial statements for the year ended February 29, 2016.

### **Management's Responsibility for the Financial Statements**

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

### **Auditors' Responsibility**

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

**Opinion**

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Community Action Program Belknap-Merrimack Counties, Inc. as of February 29, 2016 and February 28, 2015, and its cash flows for the years then ended, and the changes in its net assets for the year ended February 29, 2016 in accordance with accounting principles generally accepted in the United States of America.

**Report on Summarized Comparative Information**

We have previously audited Community Action Program Belknap-Merrimack Counties, Inc.'s 2015 financial statements, and we expressed an unmodified audit opinion on those audited financial statements in our report dated October 2, 2015. In our opinion, the summarized comparative information presented herein as of and for the year ended February 28, 2015, is consistent, in all material respects, with the audited financial statements from which it has been derived.

**Other Matters**

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The accompanying schedule of expenditures of federal awards, as required by Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles and Audit Requirements for Federal Awards*, is presented for purposes of additional analysis and is not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated, in all material respects, in relation to the financial statements as a whole.

**Other Reporting Required by Government Auditing Standards**

In accordance with *Government Auditing Standards*, we have also issued our report dated October 25, 2016, on our consideration of Community Action Program Belknap-Merrimack Counties, Inc.'s internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Community Action Program Belknap-Merrimack Counties, Inc.'s internal control over financial reporting and compliance.

**NOTES TO FINANCIAL STATEMENTS  
FOR THE YEAR ENDED FEBRUARY 29, 2016**

**1. ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

**Nature of Organization**

Community Action Program Belknap – Merrimack Counties, Inc. (the Organization) is a New Hampshire nonprofit organization that serves nutritional, health, living and support needs of the low income and elderly clients in the two county service areas, as well as state wide. These services are provided with the financial support of various federal, state, county and local organizations.

**Basis of Accounting**

The financial statements are prepared on the accrual basis of accounting in accordance with Generally Accepted Accounting Principles (GAAP) of the United States.

**Financial Statement Presentation**

Financial statement presentation follows the recommendations of the FASB in its Accounting Standard Codification No. 958 *Financial Statements of Not-For-Profit Organizations*. Under FASB ASC No. 958, the Organization is required to report information regarding its financial position and activities according to three classes of net assets: unrestricted net assets, temporarily restricted net assets, and permanently restricted net assets. The classes of net assets are determined by the presence or absence of donor restrictions. As of February 29, 2016 the Organization had no permanently restricted net assets and had temporarily restricted net assets of \$616,264.

The financial statements include certain prior-year summarized comparative information in total but not by net asset class. Such information does not include sufficient detail to constitute a presentation in conformity with generally accepted accounting principles. Accordingly, such information should be read in conjunction with the Organization's financial statements for the year ended February 28, 2015, from which the summarized information was derived.

**Income Taxes**

Community Action Program Belknap – Merrimack Counties, Inc. is organized as a nonprofit corporation and is exempt from federal income taxes under Internal Revenue Code Section 501(c)(3). The Internal Revenue Service has determined them to be other than a private foundation.

Community Action Program Belknap – Merrimack Counties, Inc. files information returns in the United States and the State of New Hampshire. Community Action Program Belknap – Merrimack Counties, Inc. is no longer subject to examinations by tax authorities for years before 2012.

Accounting Standard Codification No. 740 (ASC 740), *Accounting for Income Taxes*, established the minimum threshold for recognizing, and a system for measuring, the benefits of tax return positions in financial statements. The Organization has analyzed

its tax position taken on its information returns for the years (2012 through 2015), and has concluded that no additional provision for income taxes is necessary in the Organization's financial statements.

**Property**

Property and equipment is recorded at cost or, if donated, at the approximate fair value at the date of the donation. Assets purchased with a useful life in excess of one year and exceeding \$5,000 are capitalized unless a lower threshold is required by certain funding sources. Depreciation is computed on the straight line basis over the estimated useful lives of the related assets as follows:

Buildings and improvements	40 years
Equipment, furniture and vehicles	3 - 7 years

**Use of Estimates**

The preparation of financial statements in conformity with United States generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

**Cash and Cash Equivalents**

For purposes of the statement of cash flows, the Organization considers all liquid investments purchased with original maturities of three months or less to be cash equivalents. The Organization maintains its cash in bank deposit accounts, which at times may exceed federally insured limits. The Organization has not experienced any losses in such accounts and believes it is not exposed to any significant risk with respect to these accounts.

**Contributions**

All contributions are considered to be available for unrestricted use unless specifically restricted by the donor. Amounts received that are restricted by the donor for future periods or for specific purposes are reported as temporarily restricted or permanently restricted support, depending on the nature of the restriction. However, if a restriction is fulfilled in the same period in which the contribution is received, the Organization reports the support as unrestricted.

**Contributed Services**

Donated services are recognized as contributions in accordance with FASB ASC No. 958, *Accounting for Contributions Received and Contributions Made*, if the services (a) create or enhance non-financial assets or (b) require specialized skills, and would otherwise be purchased by the Agency.

Volunteers provided various services throughout the year that are not recognized as contributions in the financial statements since the recognition criteria under FASB ASC No. 958 were not met.

**In-Kind Donations / Noncash Transactions**

Donated facilities, services and supplies are reflected as revenue and expense in the accompanying financial statements, if the criteria for recognition is met. This represents the estimated fair value for the service, supplies and space that the Organization might incur under normal operating activities. The Organization received \$906,423 in donated facilities, services and supplies for the year ended February 29, 2016 as follows:

The Organization receives contributed professional services that are required to be recorded in accordance with FASB ASC No. 958. The estimated fair value of these services was determined to be \$511,159 for the year ended February 29, 2016.

The Organization also receives contributed food commodities and other goods that are required to be recorded in accordance with FASB ASC No. 958. The estimated fair value of these food commodities and goods was determined to be \$390,584 for the year ended February 29, 2016.

The Agency pays below-market rent for the use of certain facilities. In accordance with generally accepted accounting principles, the difference between amounts paid for the use of the facilities and the fair market value of the rental space has been recorded as an in-kind donation and as an in-kind expense in the accompanying financial statements. The estimated fair value of the donation was determined to be \$4,680 for the year ended February 29, 2016.

### **Advertising**

The Organization expenses advertising costs as they are incurred. Total advertising costs for the year ended February 29, 2016 amounted to \$24,277.

## **2. ACCOUNTS RECEIVABLE**

Accounts receivable are stated at the amount management expects to collect from balances outstanding at year end. Balances that are still outstanding after management has used reasonable collection efforts are written off through a charge to the valuation allowance and a credit to accounts receivable. The allowance for uncollectible accounts was estimated to be zero at February 29, 2016. The Organization has no policy for charging interest on overdue accounts.

## **3. REFUNDABLE ADVANCES**

Grants received in advance are recorded as refundable advances and recognized as revenue in the period in which the related services or expenditures are performed or incurred. Funds received in advance of grantor conditions being met aggregated \$1,122,035 as of February 29, 2016.

## **4. RETIREMENT PLAN**

The Organization has a qualified contributory pension plan which covers substantially all employees. The cost of the plan is charged to programs administered by the Organization. The expense of the plan for the year ended February 29, 2016 totaled \$258,117.

## **5. LEASED FACILITIES**

Facilities occupied by the Organization for its community service programs are leased under various operating leases. The lease terms range from month to month to every two years. For the year ended February 29, 2016, the annual lease expense for the leased facilities was \$455,024.

The approximate future minimum lease payments on the above leases are as follows:

<u>Year Ended February 28</u>	<u>Amount</u>
2017	\$33,355
2018	16,631
2019	<u>4,923</u>
Total	<u>\$54,909</u>

6. **ACCRUED EARNED TIME**

The Organization has accrued a liability for future annual leave time that its employees have earned and vested with the employees in the amount of \$401,279 at February 29, 2016.

7. **BANK LINE OF CREDIT**

The Organization has a \$200,000 revolving line of credit agreement (the line) with a bank that is due on demand. The line calls for monthly variable interest payments based on the Wall Street Journal Prime Rate (3.25% for the year ended February 29, 2016) plus 1%, but not less than 6% per annum. **15. FAIR VALUE OF FINANCIAL INSTRUMENTS**

Community Action Program Belknap-Merrimack Counties, Inc. has also invested money relating to its Fix-it program in certain mutual funds. The fair value of the mutual funds totaled \$72,306 at February 29, 2016.

ASC Topic No. 825-10, Financial Instruments, provides a definition of fair value which focuses on an exit price rather than an entry price, establishes a framework in generally accepted accounting principles for measuring fair value which emphasizes that fair value is a market-based measurement, not an entity-specific measurement, and requires expanded disclosures about fair value measurements. In accordance with FASB ASC 820, the Organization may use valuation techniques consistent with market, income and cost approaches to measure fair value. As a basis for considering market participant assumptions in fair value measurements, FASB ASC 820 establishes a fair value hierarchy, which prioritizes the inputs used in measuring fair values. The hierarchy gives the highest priority to Level 1 measurements and the lowest priority to Level 3 measurements. The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are quoted prices available in active markets for identical investments as of the reporting date.

Level 2 - Inputs to the valuation methodology are other than quoted market prices in active markets, which are either directly or indirectly observable as of the reporting date, and fair value can be determined through the use of models or other valuation methodologies.

Level 3 - Inputs to the valuation methodology are unobservable inputs in situations where there is little or no market activity for the asset or liability and the reporting entity makes estimates and assumptions related to the pricing of the asset or liability including assumptions regarding risk.

At February 29, 2016, the Organization's investments were classified as Level 1 and were based on fair value.

Fair Value Measurements using Significant Observable Inputs (Level 1)

Beginning balance – mutual funds	\$ 70,897
Total gains (losses) - realized /unrealized	(2,153)
Purchases	<u>3,562</u>
Ending Balance – mutual funds	<u>\$ 72,306</u>

The carrying amount of cash, current assets, other assets and current liabilities, approximates fair value because of the short maturity of those instruments.

**16. FISCAL AGENT**

Community Action Program Belknap-Merrimack Counties, Inc. acts as the fiscal agent for the following community organizations: Franklin Community Services Building (Franklin), the Common Pantry (Laconia), the Caring Fund (Meredith), the NH Food Pantry Coalition, the NH Rotary Food Challenge and FGP/SCP Association Region 1. Recognized subsequent events are events or transactions that provide additional evidence about conditions that existed at the statement of financial position date, including the estimates inherent in the process of preparing financial statements. Nonrecognized subsequent events are events that provide evidence about conditions that did not exist at the statement of financial position date, but arose after that date. **INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER FINANCIAL  
REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON  
AN AUDIT OF FINANCIAL STATEMENTS PERFORMED  
IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS**

To the Board of Directors  
Community Action Program Belknap-Merrimack Counties, Inc.  
Concord, New Hampshire

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of Community Action Program Belknap-Merrimack Counties, Inc. (a nonprofit organization), which comprise the statement of financial position as of February 29, 2016, and the related statements of activities, cash flows, and functional expenses for the year then ended, and the related notes to the financial statements, and have issued our report thereon dated October 25, 2016.

**Internal Control Over Financial Reporting**

In planning and performing our audit of the financial statements, we considered Community Action Program Belknap-Merrimack Counties, Inc.'s internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Community Action Program Belknap-Merrimack Counties, Inc.'s internal control. Accordingly, we do not express an opinion on the effectiveness of the Community Action Program Belknap-Merrimack Counties, Inc.'s internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

**Compliance and Other Matters**

As part of obtaining reasonable assurance about whether Community Action Program Belknap-Merrimack Counties, Inc.'s financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

**Purpose of this Report**

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Organization's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Organization's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

**INDEPENDENT AUDITORS' REPORT ON COMPLIANCE FOR EACH  
MAJOR PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE  
REQUIRED BY THE UNIFORM GUIDANCE**

To the Board of Directors  
Community Action Program Belknap-Merrimack Counties, Inc.  
Concord, New Hampshire

**Report on Compliance for Each Major Federal Program**

We have audited Community Action Program Belknap-Merrimack Counties, Inc.'s compliance with the types of compliance requirements described in the *OMB Compliance Supplement* that could have a direct and material effect on each of Community Action Program Belknap-Merrimack Counties, Inc.'s major federal programs for the year ended February 29, 2016. Community Action Program Belknap-Merrimack Counties, Inc.'s major federal programs are identified in the summary of auditors' results section of the accompanying schedule of findings and questioned costs.

**Management's Responsibility**

Management is responsible for compliance with federal statutes, regulations, and the terms and conditions of its federal awards applicable to its federal programs.

**Auditors' Responsibility**

Our responsibility is to express an opinion on compliance for each of Community Action Program Belknap-Merrimack Counties, Inc.'s major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Those standards and the Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about Community Action Program Belknap-Merrimack Counties, Inc.'s compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of Community Action Program Belknap-Merrimack Counties, Inc.'s compliance.

**Opinion on Each Major Federal Program**

In our opinion, Community Action Program Belknap-Merrimack Counties, Inc. complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended February 29, 2016.

### **Report on Internal Control Over Compliance**

Management of Community Action Program Belknap-Merrimack Counties, Inc. is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered Community Action Program Belknap-Merrimack Counties, Inc.'s internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of Community Action Program Belknap-Merrimack Counties, Inc.'s internal control over compliance.

*A deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. *A significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

**EXPLANATION**

This request is **retroactive** because the awards were not made until June 9<sup>th</sup>, 2015.

The purpose of this request is for the provision of intervention services and/or emergency shelter and related services, including essential services, to homeless individuals.

This package includes twenty-three (23) of the twenty-seven (27) vendors chosen to receive State Grant-in-Aid Program funding, and represents \$5,759,549 of the total \$6,569,941 being funded.

The State Grant-in-Aid (SGIA) Funds program provides funding support for the following:

**Emergency Shelter** - Any facility, the primary purpose of which is to provide temporary shelter for homeless individuals or families. Non-permanent shelter, which is crisis-oriented and designed to meet the basic needs of homeless clients. Allowable activities include: Essential Services, such as assistance in finding permanent housing, employment counseling, substance abuse counseling, assistance in accessing other community services; staff salaries and benefits; and shelter operational costs such as administration, rent, utilities, insurance, and supplies.

**Transitional Shelter** - A time-limited independent housing residence, designed to provide a person or family, safe semi-private housing and comprehensive supportive services. Case management, educational or rehabilitative programs and referrals help to strengthen resiliency, enhance life skills and financial independence, and prepare for a successful transition to permanent housing. Allowable activities include: Essential Services, such as assistance in finding permanent housing, employment counseling, substance abuse counseling, assistance in accessing other community services; staff salaries and benefits; and transitional shelter operational costs such as administration, rent, utilities, insurance, and supplies.

**Specialty Shelter** - An emergency shelter for designed solely to serve the specialized needs of an identifiable subgroup of homeless individuals. Allowable activities include: Essential Services, such as assistance in finding permanent housing, employment counseling, substance abuse counseling, assistance in accessing other community services; staff salaries and benefits; and specialty shelter operational costs such as administration, rent, utilities, insurance, and supplies.

**Intervention Services** – Non-shelter services that assist persons who are homeless, or at imminent risk of homelessness through case management, assisted referrals, or other targeted services intended to assist persons experiencing homelessness obtain or maintain shelter. Examples of intervention activities include (but are not limited to) information and referrals to assist clients in exiting homelessness, assessing a client's eligibility for shelter/housing placement, legal services, HMIS, and drop-in centers or other facilities where clients have access to case managers as well as telephone/internet access for education, housing, employment purposes.

The Department of Health of Human Services received a total of thirty-eight (38) applications from twenty-eight (28) agencies for State Grant-in-Aid Funding Program in response to a Request for Applications that was posted to the Departments website from December 5, 2014 through February 13, 2015. After review of the applicants, by a team of qualified personnel from the Bureau of Homeless and Housing, twenty-seven (27) agencies were chosen. Priority was given to vendors that provide Emergency, Specialty and Transitional Shelter services.

The attached agreements call for the provision of these services for two years and reserves the Department's right to renew the agreements for up to two (2) additional years, based upon satisfactory delivery of services, and continued availability of funds and Governor and Executive Council approval.

Should Governor and Executive Council not authorized this request, Individuals and families who are without housing and resources will resort to seeking local shelter in places that are not fit for people to live in, or will attempt to travel to shelters in other communities. This will increase the likelihood that homeless people will be in danger of injury or death, and will be cut off from basic supports for health, education and treatment.

BMCAP is being funded ahead of Veteran's Inc for the New Start program, although Veteran's Inc (VI) scored higher than BMCAP. The reason is because BMCAP is providing a homeless intervention program to the general population in 2 counties. If not funded, there would be no Homeless Intervention services available in Belknap and Merrimack counties, which is unacceptable. The VI program is a new project, and although statewide, serves a specific subpopulation of homeless (veterans) that represent less than 9% of the total homeless population in the state. Given the limited resources available I believe it is imperative we fund services accessible to all over those accessible to a small sub population.

5.3 The State reserves the right to offset from any amounts otherwise payable to the Contractor under this Agreement those liquidated amounts required or permitted by N.H. RSA 80:7 through RSA 80:7-c or any other provision of law.

A participant may decide the method and frequency by which it determines the eligibility of its principals. Each participant may, but is not required to, check the Nonprocurement List (of excluded parties).

10. Except for transactions authorized under paragraph 6 of these instructions, if a participant in a covered transaction knowingly enters into a lower tier covered transaction with a person who is suspended, debarred, ineligible, or voluntarily excluded from participation in this transaction, in addition to other remedies available to the Federal government, DHHS may terminate this transaction for cause or default.
