DEPARTMENT OF TRANSPORTATION

*Victoria F. Sheehan*  
Commissioner

*William Cass, P.E.*  
Assistant Commissioner

Bureau of Construction  
August 23, 2018

His Excellency, Governor Christopher T. Sununu  
and the Honorable Council  
State House  
Concord, New Hampshire 03301

**REQUESTED ACTION**

Authorize the Department of Transportation to enter into a contract amendment, (Contract # 41298) with Evroks Corporation (Vendor # 155652), 31 Bay Road, Winnisquam, NH 03289 by increasing the contract amount by \$265,000.00 (from \$1,564,424.00 to \$1,829,424.00) for bridge preservation work on three bridges in the Towns of Andover and Danbury effective upon Governor and Council approval. 100 % Federal Funds.

Funding is available as follows:

FY 2019

04-96-96-963515-3054

Consolidated Federal Aid

400-500870 Highway Contract Payments

\$265,000.00

**EXPLANATION**

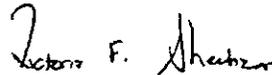

The Andover-Danbury X-A004(590), 41298 contract was approved by Governor and Council on December 20, 2017 (Item # 37) on a basis of a low bid for an original contract encumbrance of \$1,564,424.00. The contract is proposed to be increased by \$265,000.00 to address the following items:

1. Additional deteriorated concrete was discovered on the northeast bridge coping and bridge deck, Br.# 044/088 (Andover). The work to make the repairs includes removing and reinstalling the existing bridge rail system, additional demolition, new concrete, new bridge rail anchors and new reinforcing steel. This work is necessary to extend the service life of the bridge and provide a safe guardrail system. Estimated Cost: \$100,000.00
2. Additional deteriorated concrete and corroded bridge shoes were discovered on the existing pier, Br.# 044/088 (Andover). The work required includes temporarily supporting the beams, making repairs to the deteriorated concrete, and replacing the existing 14 bridge shoes. This work will extended the service life of the bridge and correct a structural deficiency with the new beam support and expansion system. Estimated Cost: \$110,000.00

3. Additional deteriorated concrete was discovered on the bottom portion of the bridge deck, Br.#120/092 (Andover). Per recommendations from the Departments Bridge Design Bureau the work required to correct this deficiency includes a steel reinforced concrete deck overlay. This work will extend the service life of the deck system. Estimated Cost: \$55,000.00
4. This Contract includes a contingency amount of \$156,442.40. We propose to reduce the contingency amount to \$75,000.00 in recognition of the bridge work completed. Additional work remains on Br.# 178/091 (Danbury) and the potential risk of unforeseen work requiring repairs still exists.

Your approval of this resolution is respectfully requested.

Sincerely,

Victoria F. Sheehan  
Commissioner

Bureau of Construction  
November 9, 2017

His Excellency, Governor Christopher T. Sununu  
and the Honorable Council  
State House  
Concord, New Hampshire 03301

**REQUESTED ACTION**

1. Authorize the Department of Transportation to enter into a contract with Evroks Corporation (Vendor 155652) of Northfield, NH on the basis of a low bid of \$1,564,424.00 for bridge preservation work on three bridges in the Towns of Andover and Danbury, from the date of Governor and Council approval through October 19, 2018 unless extended by the Department in accordance with the Standard Specifications. 100% Federal Funds.

Funding is available in State Fiscal Year 2018 and 2019 as follows, with the ability to adjust encumbrances through the Budget Office between State Fiscal Years if needed and justified:

Funding is available as follows:	<u>FY 2018</u>	<u>FY 2019</u>
04-96-96-963515-3054		
Consolidated Federal Aid		
400-500870 Highway Contract Payments	\$1,000,000.0	\$564,424.00

2. Further authorize that a contingency in the amount of \$156,442.40 be approved for payment of latent conditions, which may appear during the construction of the project. The contingency requested is 10% of the contract amount.

Funding is available as follows:	<u>FY 2018</u>	<u>FY 2019</u>
04-96-96-963515-3054		
Consolidated Federal Aid		
400-500870 Highway Contract Payments		\$156,442.40

**EXPLANATION**

This project is part of the State's Ten Year Transportation Improvement Plan under the Bridge T1/T2 Maintenance and Preservation Program. This project consists of bridge preservation work on three bridges. The scope of work for all three bridges includes replacement of the bridge deck pavement and membrane and partial and full depth deck repair and the additional work listed below.

- Andover Br. No. 044/088 NH Route 11 over Pleasant Stream (replace expansion joint)
- Andover Br. No. 120/092 US Route 4 over Blackwater River (new coping and bridge rail, T-beams repair)
- Danbury Br. No. 178/091 US Route 4 over NH Railroad (Abandoned) (bridge painting)

Two of the existing bridges (Br. No. 044/088 and Br. No.120/092) were built in 1933 and 1959 and have not been addressed by a preservation contract, and the third bridge (Br. No. 178/091) has not been addressed since the deck

was replaced in 1986. The current condition rating of Br. No. 044/088 is 6 (Deck, satisfactory), 6 (Superstructure, satisfactory) and 6 (Substructure, satisfactory). The current condition rating of Br. No. 120/092 is 6 (Deck, satisfactory), 6 (Superstructure, satisfactory) and 6 (Substructure, satisfactory). The current condition of Br. No. 178/091 is 7 (Deck, good), 5 (Superstructure, Fair) and 7 (Substructure, good). The concrete decks of all three bridges are showing signs of deterioration, the expansion joint of Br. No. 044/088 is damaged and leaking over the pier, the coping and bridge rail of Br. No. 120/092 are in need of replacement, and the superstructure of Br. No. 178/091 is in need of painting. This preservation project will address and fix these issues to extend the life of these structures and keep them off the State's Red List.

The contingency amount is proposed to be 10%. This work preserves three bridges built in 1933 (Br. No. 120/092), 1937/Rebuilt 1986 (Br. No. 178/091) and 1959 (Br. No. 044/088). These bridges have not received preservation activities except for a deck replacement of Br. No. 178/091 in August 1986. The work includes partial and full depth deck repairs. The extent of this work has been estimated, but the full extent of the work won't be fully known until the existing asphalt and membrane are removed from the bridge. These factors increase the risk of overruns.

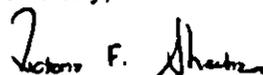

Although the bid costs exceeded the Department's estimate by 11.03%, the low bid is felt to be reasonable for the work involved. In summary, six bids were received and the top three bids were within 11% of one another. 74% (\$115,000.00) of the overage was in the painting items and the top 3 bids had similar totals for those items. Re-advertising this project would result, in our opinion, in higher prices and prevent the completion of the work in a timely manner. The Department considers it to be in the best interest of the State to accept this bid to accomplish these needed repairs.

The Contractor has been prequalified by this Department. The Contract has been approved by the Attorney General as to form and execution, and the Department has certified that the necessary funds are available and the bid reasonably conforms to the engineer's estimate in accordance with State procedure. Copies of the fully executed contract are on file at the Secretary of State's Office and the Department of Administrative Service's Office, and subsequent to Governor and Council approval will be on file at the Department of Transportation.

This project funding is 80% federal funds with 20% state match. Turnpike toll credit is being utilized for match requirements, effectively using 100% federal funds.

A copy of the Tabulation of Bids received for this project is attached along with the Contract Supplemental Sheet and a map indicating the location of the project.

Sincerely,

Victoria F. Sheehan  
Commissioner

VFS/md

Department Estimate: \$1,409,033.50  
Contract Amount: \$1,564,424.00  
Over Estimate: \$ 155,390.50

**SUPPLEMENTAL PROJECT INFORMATION SHEET**

**DESCRIPTION:** This project consists of bridge preservation work on three bridges. The first bridge carries NH Route 11 over Pleasant Stream (Br. No. 044/088) in the Town of Andover. The second and third bridges carry US Route 4 over Blackwater River (Br. No. 120/092) in the Town of Andover and NH Railroad (Abandoned) (Br. No. 178/091) in the Town of Danbury. The work on Br. No. 044/088 begins approximately 220 feet west of the west end of the bridge and continues 605 feet east across the bridge. Work on this bridge includes the replacement of an expansion joint. The work on Br. No. 120/092 begins approximately 175 feet west of the west end of the bridge and continues 410 feet east across the bridge. Work on this bridge includes new coping and bridge rail as well as repairs on wing wall corners and T-beams. The work on Br. No. 178/091 begins approximately 215 feet south of the south end of the bridge and continues 555 feet north across the bridge. Work on this bridge includes painting the bridge. Additionally, the scope of work for all three bridges includes replacement of the bridge deck pavement and membrane and partial and full depth deck repair.

**FEDERAL FUNDING:** 80% with anticipated utilization of Turnpike Toll Credits for the State's 20% match

**CONTINGENCY:** The contingency amount is proposed to be 10%. This work preserves three bridges built in 1933 (Br. No. 120/092), 1937/Rebuilt 1986 (Br. No. 178/091) and 1959 (Br. No. 044/088). These bridges have not received preservation activities except for a deck replacement of Br. No. 178/091 in August 1986. The work includes partial and full depth deck repairs. The extent of this work has been estimated, but the full extent of the work won't be fully known until the existing asphalt and membrane are removed from the bridge. These factors increase the risk of overruns.

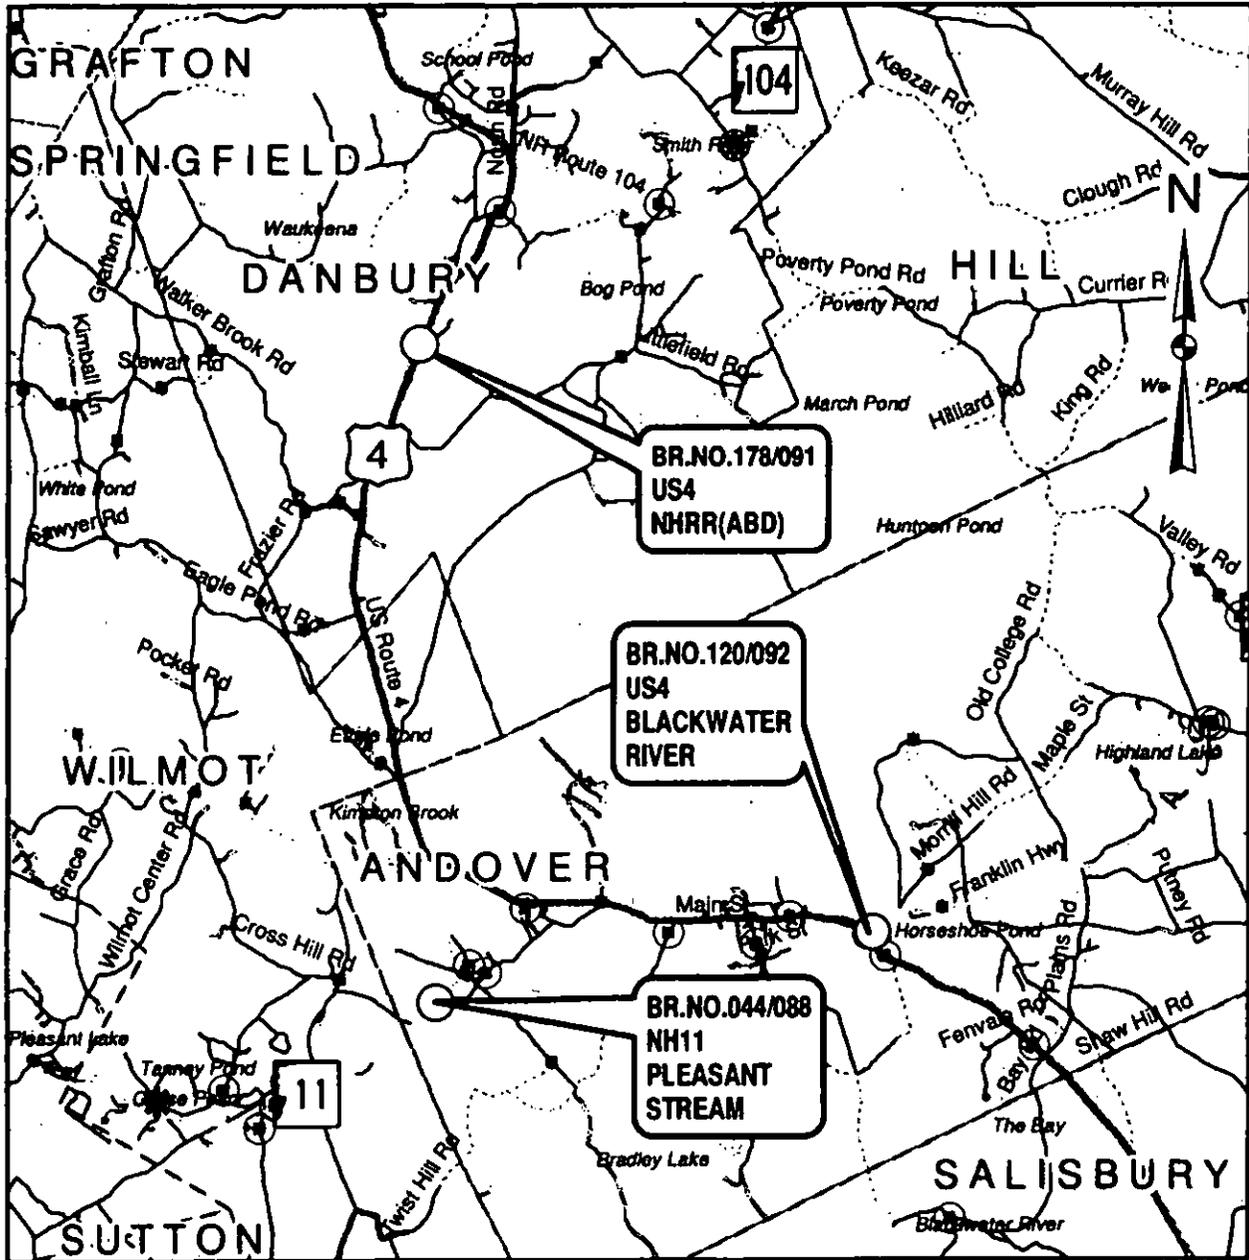

**PROJECT INITIATED:** 2017 M&P Priority List

**PROJECT EXPLANATION:** Two of the existing bridges (Br. No. 044/088 and Br. No. 120/092) were built in 1933 and 1959 and have not been addressed by a preservation contract, and the third bridge (Br. No. 178/091) has not been addressed since the deck was replaced in 1986. The current condition rating of Br. No. 044/088 is 6 (Deck, satisfactory), 6 (Superstructure, satisfactory) and 6 (Substructure, satisfactory). The current condition rating of Br. No. 120/092 is 6 (Deck, satisfactory), 6 (Superstructure, satisfactory) and 6 (Substructure, satisfactory). The current condition of Br. No. 178/091 is 7 (Deck, good), 5 (Superstructure, Fair) and 7 (Substructure, good). The concrete decks of all three bridges are showing signs of deterioration, the expansion joint of Br. No. 044/088 is damaged and leaking over the pier, the coping and bridge rail of Br. No. 120/092 are in need of replacement, and the superstructure of Br. No. 178/091 is in need of painting. This preservation project will address and fix these issues to extend the life of these structures and keep them off the State's Red List.

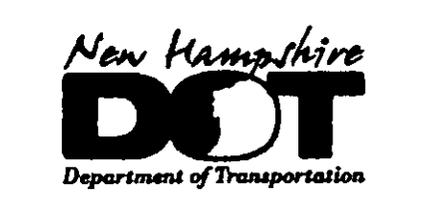

**TRAFFIC IMPLICATION:** Beginning in the spring of 2018. All three bridges will be reduced to one-lane, alternating two-way traffic using signals and driveway assistance devices (on Br. No. 044/088 and Br. No. 120/092 only). Br. No. 044/088 will be reduced to one 14' traffic lane for two phases, Br. No. 120/092 will be reduced to one 10'-4" lane for Phase 1 and one 9'-10" lane for Phase 2, and Br. No. 178/091 will be reduced to one 10'-6" lane for two phases. Br. No. 120/092 will require an oversized load detour through Franklin and Salisbury for both phases. Additionally, the speed on NH Route 11 over Br. No. 044/088 will be reduced from 50 mph to 40 mph.

**FINAL COMPLETION DATE:** October 19, 2018

# CERTIFICATE OF LIABILITY INSURANCE

DATE (MM/DD/YYYY)  
11/17/2017

THIS CERTIFICATE IS ISSUED AS A MATTER OF INFORMATION ONLY AND CONFERS NO RIGHTS UPON THE CERTIFICATE HOLDER. THIS CERTIFICATE DOES NOT AFFIRMATIVELY OR NEGATIVELY AMEND, EXTEND OR ALTER THE COVERAGE AFFORDED BY THE POLICIES BELOW. THIS CERTIFICATE OF INSURANCE DOES NOT CONSTITUTE A CONTRACT BETWEEN THE ISSUING INSURER(S), AUTHORIZED REPRESENTATIVE OR PRODUCER, AND THE CERTIFICATE HOLDER.

IMPORTANT: If the certificate holder is an ADDITIONAL INSURED, the policy(ies) must be endorsed. If SUBROGATION IS WAIVED, subject to the terms and conditions of the policy, certain policies may require an endorsement. A statement on this certificate does not confer rights to the certificate holder in lieu of such endorsement(s).
