EXPLANATION

This item is **Sole Source** because the five (5) Community Action Agencies (CAAs) are the only entities eligible to receive Community Services Block Grant funding in accordance with Public Law 105 – 285 – October 27, 1998 – Community Opportunities, Accountability, and Training and Educational Services Act of 1998. This item is **Retroactive** because the grant award required the Department to disburse the funding as quickly as possible. Due to the COVID-19 public health emergency, Community Services Block Grant CARES Act funds were allocated to the Department for the CAAs to ensure critically needed resources were and will continue to be available to meet the needs of the community, with a focus on individuals and families who are local low-income. The Community Services Block G CARES Act funds included in the contract amendments must be used to help prevent, prepare for, or respond to the coronavirus.

At this time, the Department cannot determine the number of individuals to be served, as the agencies are in the process of assessing the need. The funding is available from January 20 2020, to September 30, 2022.

The vendors provide services to individuals and families across the state in their local communities to assist them with becoming or remaining financially and socially independent. Activities and services are designed to assist individuals and families who are low income, including children and seniors. Services provided have a focus on poverty reduction in local communities and the State. The vendors provide services to individuals and families who are vulnerable and, during a state of emergency such as the COVID-19 pandemic, this vulnerability is intensified and the vendors must respond with essential and critical services and supports.

Some of the services provided are crisis, emergency response, and "stop gap" measures that are used in instances when an individual or family does not financially qualify for government assistance. The household may be in need of temporary assistance in order to get through a temporary emergency, such as the COVID-19 pandemic, that if not provided would put the individual or family in a dire circumstance or require additional financial assistance.

These vendors administer a variety of programs including, but not limited to:

- Fuel and utility assistance.
- Neighbor Helping Neighbor programs.
- Rental assistance, security deposits and senior housing.
- Senior Community Service Employment Programs.

- Head Start.
- Supplemental Foods Women, Infants and Children (WIC).
- Weatherization.

The amount of funding provided to each community program is calculated using a formula that is based on poverty demographics available from the US Census Bureau. According to the Community Services Block Grant State Plan, these funds are to be used primarily for the provision of assistance to individuals and families whose incomes are at or below the 200th percentile of the poverty level.

Area served: Statewide

Source of Funds: CFDA #93.569FAIN #2001NHCSC3.

In the event that the Federal Funds become no longer available, General Funds will not be requested to support this program.

Respectfully submitted,

Lori A. Shabinette

INDEPENDENT AUDITORS' REPORT

Report on the Financial Statements

We have audited the accompanying financial statements of Community Action Partnership of Strafford County (a New Hampshire nonprofit organization), which comprise the statements of financial position as of December 31, 2018 and 2017, and the related statements of activities, functional expenses, and cash flows for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Community Action Partnership of Strafford County as of December 31, 2018 and 2017, and the changes in its net assets and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The accompanying schedule of expenditures of federal awards, as required by Title 2 U.S. Code of Federal Regulations (CFR) Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*, is presented for purposes of additional analysis and is not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated, in all material respects, in relation to the financial statements as a whole.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated September 11, 2019, on our consideration of Community Action Partnership of Strafford County's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Community Action Partnership of Strafford County's internal control over financial reporting and compliance.

COMMUNITY ACTION PARTNERSHIP OF STRAFFORD COUNTY

NOTES TO FINANCIAL STATEMENTS
FOR THE YEARS ENDED DECEMBER 31, 2018 AND 2017

NOTE 1. ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Nature of Organization

Community Action Partnership of Strafford County (the Agency) is a 501(c)(3) private New Hampshire non-profit organization established under the provisions of the Equal Opportunity Act of 1964. Without services provided by the Agency, many local residents would be without a means to provide for their basic needs, including food, education, child care, utilities assistance, transportation, housing, emergency shelter and access to other services. The mission of the Agency is to educate, advocate and assist people in Strafford County to help meet their basic needs and promote self-sufficiency. The vision of the Agency is to eliminate poverty in Strafford County through compassion, education, self-sufficiency, transparency, accountability, team work, client focus and professionalism.

In addition to its administrative office located in Dover, the Agency maintains its outreach capacity by operating program offices in Farmington, Milton, Rochester, Dover and Somersworth. The Agency is funded by Federal, state, county and local funds, as well as United Way grants, public utilities, foundation and charitable grant funds, fees for service, private business donations, and donations from individuals. The Agency is governed by a tripartite board of directors made up of elected officials, community leaders from for-profit and non-profit organizations and residents who are low income. The board is responsible for assuring that the Agency continues to assess and respond to the causes and conditions of poverty in its community, achieve anticipated family and community outcomes, and remain administratively and fiscally sound. The Agency administers a wide range of coordinated programs to more than 15,000 people annually, and the programs are designed to have a measurable impact on poverty and health status among the most vulnerable residents: those under the age of 6, the elderly and those living in poverty. This coordinated approach is accomplished by providing a broad array of services that are locally defined, planned and managed with community agencies.

Basis of Accounting

The financial statements have been prepared using the accrual basis of accounting in accordance with Generally Accepted Accounting Principles (GAAP) of the United States.

Financial Statement Presentation

The financial statement presentation follows the recommendations of the Accounting Standard Codification No. 958-210, *Financial Statements of Not-For-Profit Organizations*. Under FASB ASC No. 958-210, the Agency is required to report information regarding its financial position and activities according to the following net asset classifications:

Net assets without donor restrictions: Net assets that are not subject to donor-imposed restrictions and may be expended for any purpose in performing the primary objectives of the Agency. These net assets may be used at the discretion of the Agency's management and board of directors.

Net assets with donor restrictions: Net assets subject to stipulations imposed by donors and grantors. Some donor restrictions are temporary in nature; those restrictions will be met by actions of the Agency or by passage of time. Other donor restrictions are perpetual in nature, whereby the donor has stipulated the funds be maintained in perpetuity.

Donor restricted contributions are reported as increases in net assets with donor restrictions. When restriction expires, net assets are reclassified from net assets with donor restrictions to net assets without donor restrictions in the statement of activities.

At December 31, 2018 and 2017, the Agency had net assets without donor and with donor restrictions.

Refundable Advances

Grants received in advance are recorded as refundable advances and recognized as revenue in the period in which the related services are performed or expenditures are incurred.

Contributions

All contributions are considered to be available for unrestricted use unless specifically restricted by the donor. Amounts received that are restricted by the donor for future periods or for specific purposes are reported as temporarily restricted or permanently restricted support, depending on the nature of the restriction. However, if a restriction is fulfilled in the same period in which the contribution is received, the Agency reports the support as unrestricted.

Contributed Services

Donated services are recognized as contributions in accordance with FASB ASC No. 958, *Accounting for Contributions Received and Contributions Made*, if the services (a) create or enhance non-financial assets or (b) require specialized skills and would otherwise be purchased by the Agency.

Volunteers provided various services throughout the year that are not recognized as contributions in the financial statements since the recognition criteria under FASB ASC No. 958 were not met.

Fair Value of Financial Instruments

Accounting Standard Codification No. 825, "Financial Instruments," requires the Agency to disclose estimated fair value for its financial instruments. The carrying amounts of cash, accounts receivable, inventory, prepaid expenses, accounts payable, accrued expenses, and refundable advances approximate fair value because of the short maturity of those instruments.

Inventory

Inventory materials are fixtures for installation and recorded at cost or contributed value, using the first-in, first-out method.

Property and Depreciation

Property and equipment, which have a cost greater than \$5,000, are capitalized at cost or, if donated, at the approximate fair value at the date of donation. Specific grants and awards may have a threshold lower than this amount and that program will abide by those guidelines. Assets are depreciated over their estimated useful lives using the straight-line method as follows:

Buildings and improvements	15 - 40 years
Furniture, equipment and machinery	3 - 10 years
Vehicles	5 - 7 years

Depreciation expense aggregated \$116,390 and \$84,398 for the years ended December 31, 2018 and 2017, respectively.

Accrued Earned Time

The Agency has accrued a liability of \$94,084 and \$100,965 at December 31, 2018 and 2017, respectively, for future compensated leave time that its employees have earned and which is vested with the employee.

Income Taxes

The Agency is exempt from income taxes under Section 501(c)(3) of the Internal Revenue Code. The Internal Revenue Service has determined the Agency to be other than a private foundation. The Agency is also exempt from the New Hampshire Business Enterprise Tax.

Accounting Standard Codification No. 740, "Accounting for Income Taxes", establishes the minimum threshold for recognizing, and a system for measuring, the benefits of tax return positions in financial statements. Management has analyzed the Agency's tax position taken on its information returns for the years 2015 through 2018 and has concluded that no additional provision for income taxes is necessary in the Agency's financial statements.

Cash and Cash Equivalents

The Agency considers all highly liquid financial instruments with original maturities of three months or less to be cash equivalents.

New Accounting Pronouncement

On August 18, 2016, FASB issued ASU 2016-14, Not-for-Profit Entities (Topic 958) – *Presentation of Financial Statements of Not-for-Profit Entities*. The update addresses the complexity and understandability of net asset classification, deficiencies in information about liquidity and availability of resources, and the lack of consistency in the type of information provided about expenses and investment return. The Organization has adjusted the presentation of these statements accordingly. The ASU has been applied retrospectively to all periods presented.

Use of Estimates

The presentation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Advertising Expenses

The Agency expenses advertising costs as they are incurred. Total advertising costs for the years ended December 31, 2018 and 2017 amounted to \$22,000 and \$22,984, respectively.

Debt Issuance Costs

As required under FASB Accounting Standards Update No. 2015-03, amortization expense of \$719 has been included with interest expense in the statement of activities for 2018. There were no debt issuance costs for 2017. The unamortized deferred financing costs have been included as a reduction of the long term debt (See Note 9).

In-kind Donations

The Agency pays below-market rent for the use of certain facilities. In accordance with generally accepted accounting principles, the difference between amounts paid for the use of the facilities and the fair value of the rental space has been recorded as an in-kind donation and as an in-kind expense in the accompanying financial statements. The estimated fair value of the donation was determined to be \$255,313 and \$232,667 for the years ended December 31, 2018 and 2017, respectively.

The Agency also receives contributed professional services that are required to be recorded in accordance with FASB ASC No. 958. The estimated fair value of these services was determined to be \$150,442 and \$86,313 for the years ended December 31, 2018 and 2017, respectively.

The Agency also receives contributed food commodities and other goods that are required to be recorded in accordance with FASB ASC No. 958. The estimated fair value of these food commodities and goods was determined to be \$181,461 and \$58,114, respectively, for the year ended December 31, 2018. For the year ended December 31, 2017, the estimated fair value of these food commodities and goods was determined to be \$121,757 and \$294,332, respectively.

Functional Allocation of Expenses

The costs of providing the various programs and other activities have been summarized on a functional basis. Accordingly, costs have been allocated among the program services and supporting activities benefited. Occupancy costs have been grouped and allocated to the programs as a line item. NOTE 13. CONCENTRATION OF RISK

A large percentage of the Agency's total revenue was received from two contractors, the Federal Government and the State of New Hampshire. The Agency maintains its cash balances at several financial institutions in New Hampshire. The balances are insured by the Federal Deposit Insurance Corporation up to \$250,000. **INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER FINANCIAL
REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON
AN AUDIT OF FINANCIAL STATEMENTS PERFORMED
IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS**

To the Board of Directors of
Community Action Partnership of Strafford County
Dover, New Hampshire

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of Community Action Partnership of Strafford County (a New Hampshire nonprofit organization), which comprise the statements of financial position as of December 31, 2018 and 2017, and the related statements of activities, functional expenses, and cash flows, and the related notes to the financial statements, and have issued our report thereon dated September 11, 2019.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered Community Action Partnership of Strafford County's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Community Action Partnership of Strafford County's internal control. Accordingly, we do not express an opinion on the effectiveness of Community Action Partnership of Strafford County's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material

weaknesses or significant deficiencies may exist that have not been identified. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. We did identify certain deficiencies in internal control, described in the accompanying schedule of findings and questioned costs as items 2018-001 and 2018-002 that we consider to be a significant deficiency.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether Community Action Partnership of Strafford County's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Community Action Partnership of Strafford County's Response to Findings

Community Action Partnership of Strafford County's response to the findings identified in our audit is described in the accompanying schedule of findings and questioned costs. Community Action Partnership of Strafford County's response was not subjected to the auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on it.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the organization's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the organization's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

**INDEPENDENT AUDITORS' REPORT ON COMPLIANCE FOR
EACH MAJOR PROGRAM AND ON INTERNAL CONTROL
OVER COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE**

To the Board of Directors of
Community Action Partnership of Strafford County
Dover, New Hampshire

Report on Compliance for Each Major Federal Program

We have audited Community Action Partnership of Strafford County's compliance with the types of compliance requirements described in the *OMB Compliance Supplement* that could have a direct and material effect on each of Community Action Partnership of Strafford County's major federal programs for the year ended December 31, 2018. Community Action Partnership of Strafford County's major federal programs are identified in the summary of auditors' results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with federal statutes, regulations, and the terms and conditions of its federal awards applicable to its federal programs.

Auditors' Responsibility

Our responsibility is to express an opinion on compliance for each of Community Action Partnership of Strafford County's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Those standards and the Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about Community Action Partnership of Strafford County's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of Community Action Partnership of Strafford County's compliance.

Opinion on Each Major Federal Program

In our opinion, Community Action Partnership of Strafford County complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended December 31, 2018.

Report on Internal Control Over Compliance

Management of Community Action Partnership of Strafford County is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered Community Action Partnership of Strafford County's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of Community Action Partnership of Strafford County's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

Monthly reconciliations are on track and completed by the Finance Department as part of the monthly close out procedures. The auditor completed a visit with CAPSC to review reconciliation progress as well as the system put in place to continue timely reconciliations. The Finance Committee of the Board of Directors also receives updates at the finance meetings on the progress and any outstanding issues.

EXPLANATION

These agreements are sole source because the five (5) Community Action Agencies are the only entities eligible to receive Community Services Block Grant funding in accordance with Public Law 105-285 October 27, 1998 – Community Opportunities, Accountability, and Training and Educational Services Act of 1998.

The purpose of this request is to continue providing funds to community programs at the local level to ensure eligible individuals and families receive community-based services that enable them to receive the assistance needed in order to meet their basic needs.

Approximately 275,792 unduplicated individuals will be served collectively by the five (5) contractors from October 1, 2019 through September 30, 2022.

The original agreement included language in the Exhibit C-1 that allows the Department to renew these contracts for up to three (3) additional years, subject to the continued availability of funding, satisfactory performance of service, parties' written authorization and approval from the Governor and Executive Council. The Department is in agreement with renewing services for three (3) years at this time.

The vendors provide services to individuals at the local level that assist them with becoming or remaining financially and socially independent. Activities and services are designed to assist individuals and families who are low income, including children and seniors. Services provided have a focus on poverty reduction in local communities and the state.

Some services provided may be 'stop-gap' measures that are used in instances when an individual or family does not financially qualify for public assistance. The household may be in need of temporary assistance in order get through a particular crisis, such as, but not limited to: heating season, or a temporary emergency that would otherwise result in the individual or family requiring other public assistance.

These vendors administer a variety of programs including, but not limited to:

- Fuel and utility assistance;
- Neighbor Helping Neighbor programs;
- Rental assistance, security deposits and senior housing;
- Senior Community Service Employment Programs;
- Head Start;
- Supplemental Foods;
- Women, Infants and Children (WIC); and
- Weatherization.

In addition to the services provided to individuals, the vendors must provide an annual community action plan to the Department that describes the agency's delivery system; linkages to fill identified gaps; and coordination with other public and private resources. The vendors also conduct an annual community needs assessment. The Community Services Block Grant is administered by a tripartite board that participates in the development, planning, implementation and evaluation of the agency and its programs.

The amount of funding provided to each community program is calculated using a formula that is based on poverty demographics available from the US Census Bureau. According to the Community Services Block Grant State Plan, these funds are to be used primarily for the provision of assistance to individuals and families whose incomes are at or below the 125th percentile of the poverty level.

Should the Governor and Executive Council not approve this request, funding to community programs, statewide, may be limited. Limiting funds at the community level will directly, and negatively, impact the citizens of New Hampshire. With the rising cost of essentials, such as heat and food, the federal funding for community programs is necessary in order to deliver the assistance needed to eligible citizens statewide.

Area served: Statewide

Source of Funds: 100% Federal Funds, Catalog of Federal Domestic Assistance (CFDA) #93.569, U.S. Department of Health and Human Services, Administration for Children and Families, Office of Community Services, Community Services Block Grant, FAIN #G-19B1NHCOSR.

In the event that Federal Funds are no longer available, General Funds will not be requested to support this program.

Respectfully submitted,

Jeffrey A. Meyers
Commissioner

EXPLANATION

These agreements are sole source because the five (5) Community Action Agencies are the only entities eligible to receive Community Services Block Grant funding in accordance with Public Law 105 – 285–October 27, 1998 – Community Opportunities, Accountability, and Training and Educational Services Act of 1998.

The purpose of this request is to provide funding to community programs at the local level to ensure eligible participants receive community based services that include, but are not limited to; health, food and financial assistance, employment services, financial planning, and other necessary services. These services allow individuals and families to receive the assistance needed in order to meet their basic needs.

The vendors provide services to individuals at the local level that will assist them to become or remain financially and socially independent. Services provided have a major impact on poverty in the community. Activities and services are designed to assist low-income participants, including the elderly poor.

As referenced in the Exhibit C-1, paragraph 3, of this contract, this Agreement has the option to extend for up to three (3) additional years, contingent upon satisfactory delivery of services, available funding, agreement of the parties and approval of the Governor and Council.

Some services provided may be 'stop gap' measures that are used in instances when an individual or family does not financially qualify for government assistance. The household may be in need of temporary assistance in order get through a heating season or a temporary emergency that would otherwise result in the individual or family becoming eligible for full government assistance.

These vendors administer a variety of programs including, but not limited to:

- Fuel assistance.
- Utility assistance.
- Neighbor Helping Neighbor programs.

- Rental assistance.
- Security deposits.
- Senior Community Service Employment Programs.
- Head Start.
- Supplemental Foods Women, Infants and Children (WIC).
- Weatherization.
- Senior Housing.

In addition to the services provided to individuals, the vendors must provide an annual community action plan to the Department that describes the agency's delivery system; linkages to fill identified gaps; and coordination with other public and private resources. The vendors also conduct an annual community needs assessment. The Community Services Block Grant is administered by a tripartite board that participates in the development, planning, implantation and evaluation of the agency and its programs.

The amount of funding provided to each community program is calculated using a formula that is based on poverty demographics available from the US Census Bureau. According to the Community Services Block Grant State Plan, these funds are to be used primarily for the provision of assistance to individuals and families whose incomes are at or below the 125th percentile of the poverty level.

Should the Governor and Executive Council not approve this request, funding to community programs, statewide, may be limited. Limiting funds at the community level will directly, and negatively, impact the citizens of New Hampshire. With heating and food costs rising on a daily basis, the federal funding for community programs is needed in order to deliver the assistance needed to eligible citizens, statewide.

Area served: Statewide

Source of Funds: 100% Federal Funds, Catalog of Federal Domestic Assistance (CFDA) #93.569 Agency: Department of Health and Human Services; Office: Administration for Children and Families; Office of Community Services, Community Services Block Grant.

In the event that Federal Funds are no longer available, General Funds will not be requested to support this program.

Respectfully submitted,

Jeffrey A. Meyers

INSTRUCTIONS FOR CERTIFICATION

1. By signing and submitting this proposal (contract), the prospective primary participant is providing the certification set out below.
2. The inability of a person to provide the certification required below will not necessarily result in denial of participation in this covered transaction. If necessary, the prospective participant shall submit an explanation of why it cannot provide the certification. The certification or explanation will be considered in connection with the NH Department of Health and Human Services' (DHHS) determination whether to enter into this transaction. However, failure of the prospective primary participant to furnish a certification or an explanation shall disqualify such person from participation in this transaction.
3. The certification in this clause is a material representation of fact upon which reliance was placed when DHHS determined to enter into this transaction. If it is later determined that the prospective primary participant knowingly rendered an erroneous certification, in addition to other remedies available to the Federal Government, DHHS may terminate this transaction for cause or default.
4. The prospective primary participant shall provide immediate written notice to the DHHS agency to whom this proposal (contract) is submitted if at any time the prospective primary participant learns that its certification was erroneous when submitted or has become erroneous by reason of changed circumstances.

7. The prospective primary participant further agrees by submitting this proposal that it will include the clause titled "Certification Regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion - Lower Tier Covered Transactions," provided by DHHS, without modification, in all lower tier covered transactions and in all solicitations for lower tier covered transactions.
8. A participant in a covered transaction may rely upon a certification of a prospective participant in a lower tier covered transaction that it is not debarred, suspended, ineligible, or involuntarily excluded from the covered transaction, unless it knows that the certification is erroneous. A participant may decide the method and frequency by which it determines the eligibility of its principals. Each participant may, but is not required to, check the Nonprocurement List (of excluded parties).
9. Nothing contained in the foregoing shall be construed to require establishment of a system of records in order to render in good faith the certification required by this clause. The knowledge and

information of a participant is not required to exceed that which is normally possessed by a prudent person in the ordinary course of business dealings.

10. Except for transactions authorized under paragraph 6 of these instructions, if a participant in a covered transaction knowingly enters into a lower tier covered transaction with a person who is suspended, debarred, ineligible, or voluntarily excluded from participation in this transaction, in addition to other remedies available to the Federal government, DHHS may terminate this transaction for cause or default.

- l. Within ten (10) business days of termination of the Agreement, for any reason, the Business Associate shall return or destroy, as specified by Covered Entity, all PHI received from, or created or received by the Business Associate in connection with the Agreement, and shall not retain any copies or back-up tapes of such PHI. INDEPENDENT AUDITORS' REPORT

Report on the Financial Statements

We have audited the accompanying financial statements of Community Action Program Belknap-Merrimack Counties, Inc. (a nonprofit organization), which comprise the statements of financial position as of February 28, 2019 and 2018, and the related statements of activities, functional expenses and cash flows, and notes to the financial statements for the years then ended.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Community Action Program Belknap-Merrimack Counties, Inc. as of February 28, 2019 and 2018, and the changes in their net assets and their cash flows for the years then ended, in accordance with accounting principles generally accepted in the United States of America.

Other Information

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The accompanying schedule of expenditures of federal awards, as required by Title 2 U.S. Code of Federal Regulations (CFR) Part 200, *Uniform Administrative Requirements, Cost Principles and Audit Requirements for Federal Awards*, is presented for purposes of additional analysis and is not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated, in all material respects, in relation to the financial statements as a whole.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated January 16, 2020, on our consideration of Community Action Program Belknap-Merrimack Counties, Inc.'s internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Community Action Program Belknap-Merrimack Counties, Inc.'s internal control over financial reporting and compliance.

**NOTES TO FINANCIAL STATEMENTS
FOR THE YEARS ENDED FEBRUARY 28, 2019 AND 2018**

1. ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Nature of Organization

Community Action Program Belknap – Merrimack Counties, Inc. (the Organization) is a New Hampshire nonprofit organization that serves nutritional, health, living and support needs of the low income and elderly clients in the two county service areas, as well as state wide. These services are provided with the financial support of various federal, state, county and local organizations.

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with the accounting principles generally accepted in the United State of America.

New Accounting Pronouncement

On August 18, 2016, FASB issued ASU 2016-14, Not-for-Profit Entities (Topic – 958) - Presentation of Financial Statements of Not-for-Profit Entities. The update addresses the complexity and understandability of net asset classification, deficiencies in information about liquidity and availability of resources, and the lack of consistency in the type of information provided about expenses and investment return. The Organization has presented these statements accordingly. The ASU has been applied retrospectively to all periods presented.

Financial Statement Presentation

The financial statements of the Organization have been prepared in accordance with U.S. generally accepted accounting principles, which require the Organization to report information regarding its financial position and activities according to the following net asset classifications:

Net assets without donor restrictions include net assets that are not subject to any donor-imposed restrictions and may be expended for any purpose in performing the primary objectives of the Organization. These net assets may be used at the discretion of the Organization's management and board of directors.

Net assets with donor restrictions include net assets subject to stipulations imposed by donors and grantors. Some donor restrictions are temporary in nature; those restrictions will be met by actions of the Organization or by passage of time. Other donor restrictions are perpetual in nature, whereby the donor has stipulated the funds be maintained in perpetuity.

Donor restricted contributions are reported as increases in net assets with donor restrictions. When restrictions expire, net assets are reclassified from net assets with donor restrictions to net assets without donor restrictions in the statement of activities. The Organization had net assets with donor restrictions of \$507,415 and \$702,853 at February 28, 2019 and 2018, respectively. See Note 13.

Income Taxes

The Organization is organized as a nonprofit corporation and is exempt from federal income taxes under Internal Revenue Code Section 501(c)(3). The Internal Revenue Service has determined them to be other than a private foundation.

The Organization files information returns in the United States and the State of New Hampshire. The Organization is no longer subject to examinations by tax authorities for years before 2015.

Accounting Standard Codification No. 740 (ASC 740), *Accounting for Income Taxes*, established the minimum threshold for recognizing, and a system for measuring, the benefits of tax return positions in financial statements. The Organization has analyzed its tax position taken on its information returns for the years (2016 through 2019), and has concluded that no additional provision for income taxes is necessary in the Organization's financial statements.

Property

Property and equipment is recorded at cost or, if donated, at the approximate fair value at the date of the donation. Assets purchased with a useful life in excess of one year and exceeding \$5,000 are capitalized unless a lower threshold is required by certain funding sources. Depreciation is computed on the straight-line basis over the estimated useful lives of the related assets as follows:

Buildings and improvements	40 years
Equipment, furniture and vehicles	3 - 7 years

Use of Estimates

The preparation of financial statements in conformity with United States generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Cash and Cash Equivalents

For purposes of the statement of cash flows, the Organization considers all liquid investments purchased with original maturities of three months or less to be cash equivalents. The Organization maintains its cash in bank deposit accounts, which at times may exceed federally insured limits. The Organization has not experienced any losses in such accounts and believes it is not exposed to any significant risk with respect to these accounts.

Contributed Services

Donated services are recognized as contributions in accordance with FASB ASC No. 958, *Accounting for Contributions Received and Contributions Made*, if the services (a)

create or enhance non-financial assets or (b) require specialized skills, and would otherwise be purchased by the Agency.

Volunteers provided various services throughout the year that are not recognized as contributions in the financial statements since the recognition criteria under FASB ASC No. 958 were not met.

In-Kind Donations / Noncash Transactions

Donated facilities, services and supplies are reflected as revenue and expense in the accompanying financial statements, if the criteria for recognition is met. This represents the estimated fair value for the service, supplies and space that the Organization might incur under normal operating activities. The Organization received \$829,924 and \$1,147,978 in donated facilities, services and supplies for the years ended February 28, 2019 and 2018, respectively, as follows:

The Organization receives contributed professional services that are required to be recorded in accordance with FASB ASC No. 958. The estimated fair value of these services was determined to be \$35,519 and \$292,141 for the years ended February 28, 2019 and 2018, respectively.

The Organization also receives contributed food commodities and other goods that are required to be recorded in accordance with FASB ASC No. 958. The estimated fair value of these food commodities and goods was determined to be \$793,945 and \$846,237 for the years ended February 28, 2019 and 2018, respectively.

The Agency pays below-market rent for the use of certain facilities. In accordance with generally accepted accounting principles, the difference between amounts paid for the use of the facilities and the fair market value of the rental space has been recorded as an in-kind donation and as an in-kind expense in the accompanying financial statements. The estimated fair value of the donation was determined to be \$9,600 for the year ended February 28, 2018. There was no donation for the year ended February 28, 2019.

Advertising

The Organization expenses advertising costs as they are incurred. Total advertising costs for the years ended February 28, 2019 and 2018 totaled \$54,461 and \$32,655, respectively.

Inventory

Inventory consists of weatherization supplies and work in process and is valued at the lower of cost or net realizable value, using the first-in, first-out method.

Functional Allocation of Expenses

The costs of providing the various programs and other activities have been presented in the Statements of Functional Expenses. Accordingly, certain costs have been allocated among the program services and supporting activities benefited. Expenses are charged to each program based on the direct expenses incurred or estimated usage based on time spent on each program by staff.

<u>Expense</u>	<u>Method of allocation</u>

Depreciation	Actual assets used by program
All other expenses	Direct assignment

8. **BANK LINE OF CREDIT**

The Organization has a \$200,000 revolving line of credit agreement (the line) with a bank that is due on demand. The Organization receives grant funding from various sources. Under the terms of these agreements, the Organization is required to use the funds within a certain period and for purposes specified by the governing laws and regulations. If expenditures were found not to have been made in compliance with the laws and regulations, the Organization might be required to repay the funds. No provisions have been made for this contingency because specific amounts, if any, have not been determined or assessed as of February 28, 2019.

During the year ended February 28, 2018, the Corporation for National and Community Service (CNCS) conducted a monitoring of its program and found that the Organization was not in full compliance with the program requirements. As a result, CNCS disallowed \$37,000 of grant expenditures. The Organization returned the funds in full during April 2018.

12. CONCENTRATION OF RISK

For the years ended February 28, 2019 and 2018, approximately \$12,000,000 (48%) and \$11,000,000 (47%), respectively, of the Organization's total revenue was received from the Department of Health and Human Services. The future scale and nature of the Organization is dependent upon continued support from this department.

15. **RECLASSIFICATION**

Certain amounts and accounts from the prior year financial statements have been reclassified to enhance the comparability with the presentation of the current year.

16. **FAIR VALUE OF FINANCIAL INSTRUMENTS**

Community Action Program Belknap-Merrimack Counties, Inc. has also invested money relating to its Fix-it program in certain mutual funds. The fair value of the mutual funds totaled \$101,522 and \$97,753 at February 28, 2019 and 2018, respectively.

ASC Topic No. 825-10, Financial Instruments, provides a definition of fair value which focuses on an exit price rather than an entry price, establishes a framework in generally accepted accounting principles for measuring fair value which emphasizes that fair value is a market-based measurement, not an entity-specific measurement, and requires expanded disclosures about fair value measurements. In accordance with FASB ASC 820, the Organization may use valuation techniques consistent with market, income and cost approaches to measure fair value. As a basis for considering market participant assumptions in fair value measurements, FASB ASC 820 establishes a fair value hierarchy, which prioritizes the inputs used in measuring fair values. The hierarchy gives the highest priority to Level 1 measurements and the lowest priority to Level 3 measurements. The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are quoted prices available in active markets for identical investments as of the reporting date.

Level 2 - Inputs to the valuation methodology are other than quoted market prices in active markets, which are either directly or indirectly observable as of the reporting date, and fair value can be determined through the use of models or other valuation methodologies.

Level 3 - Inputs to the valuation methodology are unobservable inputs in situations where there is little or no market activity for the asset or liability and the reporting entity makes estimates and assumptions related to the pricing of the asset or liability including assumptions regarding risk.

At February 28, 2019 and 2018, the Organization's investments were classified as Level 1 and were based on fair value.

Fair Value Measurements using Significant Observable Inputs (Level 1)

	<u>2019</u>	<u>2018</u>
Beginning balance – mutual funds	\$ 97,753	\$ 84,225
Total gains (losses) – mutual funds	3,769	9,528
Purchases	<u>-</u>	<u>4,000</u>
Ending balance – mutual funds	<u>\$ 101,522</u>	<u>\$ 97,753</u>

The carrying amount of cash, current assets, other assets and current liabilities, approximates fair value because of the short maturity of those instruments.

The Organization also has \$1,000 invested in a Partnership, The Lakes Region Partnership for Public Health, at February 28, 2019 and 2018.

17. FISCAL AGENT

Community Action Program Belknap-Merrimack Counties, Inc. acts as the fiscal agent for the following community organizations: Franklin Community Services Building (Franklin), the Common Pantry (Laconia), the Caring Fund (Meredith), the NH Food Pantry Coalition, the NH Rotary Food Challenge and FGP/SCP Association Region 1. The Agency provides the management and oversight of the revenues received (donations) and the expenses (utilities, food and emergency services).

18. SUBSEQUENT EVENTS

Subsequent events are events or transactions that occur after the statement of financial position date, but before the financial statements are available to be issued. Recognized subsequent events are events or transactions that provide additional evidence about conditions that existed at the statement of financial position date, including the estimates inherent in the process of preparing financial statements. Non-recognized subsequent events are events that provide evidence about conditions that did not exist at the statement of financial position date, but arose after that date. Management has evaluated subsequent events through January 16, 2020, the date the financial statements were available to be issued.

**INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER FINANCIAL
REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON
AN AUDIT OF FINANCIAL STATEMENTS PERFORMED
IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS**

To the Board of Directors
Community Action Program Belknap-Merrimack Counties, Inc.
Concord, New Hampshire

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of Community Action Program Belknap-Merrimack Counties, Inc. (a nonprofit organization), which comprise the statement of financial position as of February 28, 2019 and 2018, and the related statements of activities, cash flows, and functional expenses for the years then ended, and the related notes to the financial statements, and have issued our report thereon dated January 16, 2020.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered Community Action Program Belknap-Merrimack Counties, Inc.'s internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Community Action Program Belknap-Merrimack Counties, Inc.'s internal control. Accordingly, we do not express an opinion on the effectiveness of Community Action Program Belknap-Merrimack Counties, Inc.'s internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that have not been identified. We did identify a deficiency in internal control, described in the accompanying schedule of findings and questioned costs as item 2019-001 that we consider to be a material weakness.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether Community Action Program Belknap-Merrimack Counties, Inc.'s financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Organization's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Organization's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

**INDEPENDENT AUDITORS' REPORT ON COMPLIANCE FOR EACH
MAJOR PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE
REQUIRED BY THE UNIFORM GUIDANCE**

To the Board of Directors

Report on Compliance for Each Major Federal Program

We have audited Community Action Program Belknap-Merrimack Counties, Inc.'s compliance with the types of compliance requirements described in the *OMB Compliance Supplement* that could have a direct and material effect on each of Community Action Program Belknap-Merrimack Counties, Inc.'s major federal programs for the year ended February 28, 2019. Community Action Program Belknap-Merrimack Counties, Inc.'s major federal programs are identified in the summary of auditors' results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with federal statutes, regulations, and the terms and conditions of its federal awards applicable to its federal programs.

Auditors' Responsibility

Our responsibility is to express an opinion on compliance for each of Community Action Program Belknap-Merrimack Counties, Inc.'s major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Those standards and the Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about Community Action Program Belknap-Merrimack Counties, Inc.'s compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of Community Action Program Belknap-Merrimack Counties, Inc.'s compliance.

Opinion on Each Major Federal Program

In our opinion, Community Action Program Belknap-Merrimack Counties, Inc. complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended February 28, 2019.

Report on Internal Control Over Compliance

Management of Community Action Program Belknap-Merrimack Counties, Inc. is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered Community Action Program Belknap-Merrimack Counties, Inc.'s internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of Community Action Program Belknap-Merrimack Counties, Inc.'s internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A material weakness in internal control over compliance is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

FINDINGS - FINANCIAL STATEMENTS AUDIT

MATERIAL WEAKNESS

2019-001

Condition: The financial statements presented to the auditor at the beginning of fieldwork understated net income by a material amount. This was primarily the result of improper cut off due to revenue related to the fiscal year under audit being recorded to the subsequent period.

Criteria: The Organization's internal control procedures should be structured so that accounts are reconciled and reviewed on a timely basis and a review is completed prior to closing the financial records for the year.

Cause: The Organization lost staff and their accumulated knowledge of Fiscal Department processes and procedures. This led to general ledger entries being posted late or mis-posted.

Effect: Significant adjusting journal entries were proposed by the auditor to ensure accurate revenue cut off for the period under audit. Additionally, the auditor proposed a significant adjusting entry to reduce expenses as a result of workers' compensation insurance expenses being over-accrued.

Recommendations: The auditors recommend that the Organization implement procedures so that balance sheet accounts are reconciled and reviewed by management on a monthly basis. Further, the auditors recommend that the financial closing process be simplified and include a review of all significant balance sheet and profit and loss accounts.

Views of Responsible Officials: Staff turnover and short staffing resulted in the errors leading to this finding. Agency Officials recognize the need to ensure the presence of qualified staff for operational continuity. The Organization will implement procedures so that balance sheet accounts are reconciled and reviewed by management on a monthly basis. The Director of Finance will also develop procedures to produce financial reports on a periodic basis.

EXPLANATION

These agreements are sole source because the five (5) Community Action Agencies are the only entities eligible to receive Community Services Block Grant funding in accordance with Public Law 105-285 October 27, 1998 – Community Opportunities, Accountability, and Training and Educational Services Act of 1998.

The purpose of this request is to continue providing funds to community programs at the local level to ensure eligible individuals and families receive community-based services that enable them to receive the assistance needed in order to meet their basic needs.

Approximately 275,792 unduplicated individuals will be served collectively by the five (5) contractors from October 1, 2019 through September 30, 2022.

The original agreement included language in the Exhibit C-1 that allows the Department to renew these contracts for up to three (3) additional years, subject to the continued availability of funding, satisfactory performance of service, parties' written authorization and approval from the Governor and Executive Council. The Department is in agreement with renewing services for three (3) years at this time.

The vendors provide services to individuals at the local level that assist them with becoming or remaining financially and socially independent. Activities and services are designed to assist individuals and families who are low income, including children and seniors. Services provided have a focus on poverty reduction in local communities and the state.

Some services provided may be 'stop-gap' measures that are used in instances when an individual or family does not financially qualify for public assistance. The household may be in need of temporary assistance in order get through a particular crisis, such as, but not limited to: heating season, or a temporary emergency that would otherwise result in the individual or family requiring other public assistance.

These vendors administer a variety of programs including, but not limited to:

- Fuel and utility assistance;
- Neighbor Helping Neighbor programs;
- Rental assistance, security deposits and senior housing;
- Senior Community Service Employment Programs;
- Head Start;
- Supplemental Foods;
- Women, Infants and Children (WIC); and
- Weatherization.

In addition to the services provided to individuals, the vendors must provide an annual community action plan to the Department that describes the agency's delivery system; linkages to fill identified gaps; and coordination with other public and private resources. The vendors also conduct an annual community needs assessment. The Community Services Block Grant is administered by a tripartite board that participates in the development, planning, implementation and evaluation of the agency and its programs.

The amount of funding provided to each community program is calculated using a formula that is based on poverty demographics available from the US Census Bureau. According to the Community Services Block Grant State Plan, these funds are to be used primarily for the provision of assistance to individuals and families whose incomes are at or below the 125th percentile of the poverty level.

Should the Governor and Executive Council not approve this request, funding to community programs, statewide, may be limited. Limiting funds at the community level will directly, and negatively, impact the citizens of New Hampshire. With the rising cost of essentials, such as heat and food, the federal funding for community programs is necessary in order to deliver the assistance needed to eligible citizens statewide.

Area served: Statewide

Source of Funds: 100% Federal Funds, Catalog of Federal Domestic Assistance (CFDA) #93.569, U.S. Department of Health and Human Services, Administration for Children and Families, Office of Community Services, Community Services Block Grant, FAIN #G-19B1NHCOSR.

In the event that Federal Funds are no longer available, General Funds will not be requested to support this program.

Respectfully submitted,

Jeffrey A. Meyers
Commissioner

EXPLANATION

These agreements are sole source because the five (5) Community Action Agencies are the only entities eligible to receive Community Services Block Grant funding in accordance with Public Law 105 – 285–October 27, 1998 – Community Opportunities, Accountability, and Training and Educational Services Act of 1998.

The purpose of this request is to provide funding to community programs at the local level to ensure eligible participants receive community based services that include, but are not limited to; health, food and financial assistance, employment services, financial planning, and other necessary services. These services allow individuals and families to receive the assistance needed in order to meet their basic needs.

The vendors provide services to individuals at the local level that will assist them to become or remain financially and socially independent. Services provided have a major impact on poverty in the community. Activities and services are designed to assist low-income participants, including the elderly poor.

As referenced in the Exhibit C-1, paragraph 3, of this contract, this Agreement has the option to extend for up to three (3) additional years, contingent upon satisfactory delivery of services, available funding, agreement of the parties and approval of the Governor and Council.

Some services provided may be 'stop gap' measures that are used in instances when an individual or family does not financially qualify for government assistance. The household may be in need of temporary assistance in order get through a healing season or a temporary emergency that would otherwise result in the individual or family becoming eligible for full government assistance.

These vendors administer a variety of programs including, but not limited to:

- Fuel assistance.
- Utility assistance.
- Neighbor Helping Neighbor programs.

- Rental assistance.
- Security deposits.
- Senior Community Service Employment Programs.
- Head Start.
- Supplemental Foods Women, Infants and Children (WIC).
- Weatherization.
- Senior Housing.

In addition to the services provided to individuals, the vendors must provide an annual community action plan to the Department that describes the agency's delivery system; linkages to fill identified gaps; and coordination with other public and private resources. The vendors also conduct an annual community needs assessment. The Community Services Block Grant is administered by a tripartite board that participates in the development, planning, implantation and evaluation of the agency and its programs.

The amount of funding provided to each community program is calculated using a formula that is based on poverty demographics available from the US Census Bureau. According to the Community Services Block Grant State Plan, these funds are to be used primarily for the provision of assistance to individuals and families whose incomes are at or below the 125th percentile of the poverty level.

Should the Governor and Executive Council not approve this request, funding to community programs, statewide, may be limited. Limiting funds at the community level will directly, and negatively, impact the citizens of New Hampshire. With heating and food costs rising on a daily basis, the federal funding for community programs is needed in order to deliver the assistance needed to eligible citizens, statewide.

Area served: Statewide

Source of Funds: 100% Federal Funds, Catalog of Federal Domestic Assistance (CFDA) #93.569 Agency: Department of Health and Human Services; Office: Administration for Children and Families; Office of Community Services, Community Services Block Grant.

In the event that Federal Funds are no longer available, General Funds will not be requested to support this program.

Respectfully submitted,

Jeffrey A. Meyers
Commissioner

However, failure of the prospective primary participant to furnish a certification or an explanation shall disqualify such person from participation in this transaction.

If it is later determined that the prospective primary participant knowingly rendered an erroneous certification, in addition to other remedies available to the Federal Government, DHHS may terminate this transaction for cause or default.

A participant may decide the method and frequency by which it determines the eligibility of its principals. Each participant may, but is not required to, check the Nonprocurement List (of excluded parties).

 - 6. Remove obstacles and solve problems which block the achievement of self-sufficiency
 - 7. Achieve greater participation in the affairs of the community, and
 - 8. Make more effective use of other programs related to the purposes of the enabling federal legislation.
- C. To provide on an emergency basis for the provision of such supplies and services, nutritious foodstuffs, and related services, as may be necessary to counteract conditions of starvation and malnutrition among the poor.
- D. To coordinate and establish linkages between governmental and other social service programs to assure the effective delivery of such services to low-income individuals.
- E. To encourage the use of entities in the private sector of the community in efforts to ameliorate poverty in the community.

**Independent Auditor's Report on Internal Control over Financial Reporting and on
Compliance and Other Matters Based on an Audit of Financial
Statements Performed in Accordance with *Government Auditing Standards***

To the Board of Directors
Southern New Hampshire Services, Inc. and Affiliate
Manchester, New Hampshire

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the combined financial statements of Southern New Hampshire Services, Inc. (the Organization) and affiliate, which comprise the combined statement of financial position as of July 31, 2019, and the related combined statements of activities, functional expenses and cash flows for the year then ended, and the related notes to the combined financial statements, and have issued our report thereon dated February 12, 2020.

Internal Control over Financial Reporting

In planning and performing our audit of the combined financial statements, we considered the Organization's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the combined financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Organization's internal control. Accordingly, we do not express an opinion on the effectiveness of the Organization's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the Organization's combined financial statements will not be prevented or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether Southern New Hampshire Services, Inc. and affiliate's combined financial statements are free from material misstatement, we performed tests of their compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Organization's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Organization's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Independent Auditor's Report on Compliance for Each Major Program and on Internal Control over Compliance and Schedule of Expenditures of Federal Awards Required by the Uniform Guidance

To the Board of Directors
Southern New Hampshire Services, Inc. and Affiliate
Manchester, New Hampshire

Report on Compliance for Each Major Federal Program

We have audited Southern New Hampshire Services, Inc. (the Organization) and affiliate's compliance with the types of compliance requirements described in the *OMB Compliance Supplement* that could have a direct and material effect on each of Southern New Hampshire Services, Inc. and affiliate's major federal programs for the year ended July 31, 2019. Southern New Hampshire Services, Inc. and affiliate's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with federal statutes, regulations, and the terms and conditions of its federal awards applicable to its federal programs.

Auditor's Responsibility

Our responsibility is to express an opinion on compliance for each of Southern New Hampshire Services, Inc. and affiliate's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Those standards and the Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about Southern New Hampshire Services, Inc. and affiliate's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of Southern New Hampshire Services, Inc. and affiliate's compliance.

Opinion on Each Major Federal Program

In our opinion, Southern New Hampshire Services, Inc. and affiliate complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended July 31, 2019.

Report on Internal Control over Compliance

Management of Southern New Hampshire Services, Inc. and affiliate is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered Southern New Hampshire Services, Inc. and affiliate's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of Southern New Hampshire Services, Inc. and affiliate's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

Report on Schedule of Expenditures of Federal Awards Required by Uniform Guidance

We have audited the combined financial statements of Southern New Hampshire Services, Inc. and affiliate as of and for the year ended July 31, 2019, and have issued our report thereon dated February 12, 2020, which contained an unmodified opinion on those combined financial statements. Our audit was conducted for the purpose of forming an opinion on the combined financial statements as a whole. The accompanying schedule of expenditures of federal awards is presented for purposes of additional analysis as required by the Uniform Guidance and is not a required part of the combined financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the combined financial statements. The information has been subjected to the auditing procedures applied in the audit of the combined financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the combined financial statements or to the combined financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the schedule of expenditures of federal awards is fairly stated in all material respects in relation to the combined financial statements as a whole.

INDEPENDENT AUDITOR'S REPORT

To the Board of Directors
Southern New Hampshire Services, Inc. and Affiliate
Manchester, New Hampshire

Report on the Financial Statements

We have audited the accompanying combined financial statements of Southern New Hampshire Services, Inc. (a nonprofit organization) and affiliate, which comprise the combined statements of financial position as of July 31, 2019 and 2018, and the related combined statements of activities, functional expenses, and cash flows for the years then ended, and the related notes to the combined financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these combined financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of the financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these combined financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the combined financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the combined financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the combined financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Organization's preparation and fair presentation of the combined financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Organization's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the combined financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the combined financial statements referred to above present fairly, in all material respects, the financial position of Southern New Hampshire Services, Inc. and affiliate, as of July 31, 2019 and 2018, and the changes in its net assets and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated February 12, 2020, on our consideration of Southern New Hampshire Services, Inc. and affiliate's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of Southern New Hampshire Services, Inc. and affiliate's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Southern New Hampshire Services, Inc. and affiliate's internal control over financial reporting and compliance.

NOTES TO COMBINED FINANCIAL STATEMENTS

JULY 31, 2019 AND 2018

NOTE 1: ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Nature of the Organization

Southern New Hampshire Services, Inc. (SNHS) is an umbrella corporation that offers an array of services to the elderly, disabled, and low-income households in New Hampshire's Hillsborough County and Rockingham County. The Organization's programs provide assistance in the areas of education, child development, employment, energy and its conservation, housing and homelessness prevention. The Organization is committed to providing respectful support services and assisting individuals and families in achieving self-sufficiency by helping them overcome the causes of poverty. The primary source of revenues is derived from governmental contracts. Services are provided through Southern New Hampshire Services, Inc. and SNHS Management Corporation.

Basis of Accounting and Presentation

The Organization prepares its combined financial statements in accordance with accounting principles generally accepted in the United States of America, which involves the application of accrual accounting; and accordingly reflect all significant receivables, payables, and other liabilities. The financial statement presentation follows the recommendation of the Financial Accounting Standards Board (FASB) Accounting Standards Update (ASU) 2016-14, *Not-For-Profit Entities (Topic 958): Presentation of Financial Statements of Not-for-Profit Entities*. Under ASU 2016-14, net assets, revenues, expenses, gains, and losses are classified based on the existence or absence of donor-imposed restrictions. Accordingly, net assets of the Organization and changes therein are classified and reported as follows:

Net Assets without Donor Restrictions - Net assets that are not subject to donor-imposed restrictions and may be expended for any purpose in performing the primary objectives of the Organization. These net assets may be used at the discretion of the Organization's management and the board of directors.

Net Assets with Donor Restrictions - Net assets subject to stipulations imposed by donors, and grantors. Some donor restrictions are temporary in nature; those restrictions will be fulfilled and removed by actions of the Organization pursuant to those stipulations or by passage of time. Other donor restrictions are perpetual in nature, whereby the donor has stipulated the funds be maintained in perpetuity.

Donor restricted contributions are reported as an increase in net assets with donor restrictions. When a restriction expires, net assets are reclassified from net assets with donor restrictions to net assets without donor restrictions in the statement of activities.

The Organization has no net assets with donor restrictions at July 31, 2019 and 2018.

Combined Financial Statements

All significant intercompany items and transactions have been eliminated from the basic combined financial statements. The combined financial statements include the accounts of SNHS Management Corporation because Southern New Hampshire Services, Inc. controls more than 50% of the voting power.

Use of Estimates

The preparation of combined financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts of assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reported period. Actual results may differ from these amounts.

NOTE 1: ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Cash and Cash Equivalents

For the purpose of the combined statements of cash flows, the Organization considers all unrestricted highly liquid debt instruments purchased with a maturity of three months or less to be cash equivalents.

Current Vulnerabilities Due to Certain Concentrations

The Organization maintains its cash balances at several financial institutions located in New Hampshire and Maine. The balances are insured by the Federal Deposit Insurance Organization (FDIC) up to \$250,000 per financial institution. In addition, on October 2, 2008, the Organization entered into an agreement with its principal banking partner to collateralize deposits in excess of the FDIC insurance limitation on some accounts. The balances, at times, may exceed amounts covered by the FDIC and collateralization agreements. It is the opinion of management that there is no significant risk with respect to these deposits at either July 31, 2019 or 2018.

Accounts and Contracts Receivable

All accounts and contracts receivable are stated at the amount management expects to collect from balances outstanding at year-end. Receivables are recorded on the accrual basis of accounting primarily based on reimbursable contracts, grants and agreements. Balances outstanding after management has used reasonable collection efforts are written off through a charge to bad debt expense and a credit to the applicable accounts receivable. Management does not believe an allowance for uncollectible accounts receivable is necessary at July 31, 2019 and 2018.

Revenue Recognition

The Organization's revenue is recognized primarily from federal and state grants and contracts generally structured as reimbursed contracts for services and therefore revenue is recognized based on when their individual allowable budgeted expenditures occur. Refundable advances result from unexpended balances from these exchange transactions. Federal and state grant revenue comprised approximately 91% and 90% of total revenue in the fiscal years ended July 31, 2019 and 2018, respectively.

Contributions and In-Kind Donations

Support that is restricted by the donor is reported as an increase in net assets without donor restrictions, if the restriction expires in the reporting period in which the support is recognized. All other donor-restricted support is reported as an increase in net assets with donor restrictions, depending on the nature of the restriction. When a restriction expires, (that is, when a stipulated time restriction ends or purpose restriction is accomplished), net assets with donor restrictions are reclassified to net assets without donor restrictions and reported in the combined statements of activities as net assets released from restrictions. In-kind revenues and expenses represent fair market value of volunteer services and non-paid goods which were donated to the Organization during the current fiscal year. All in-kind revenues in the fiscal year 2019 and 2018 were generated through the Head Start and Economic Workforce Development programs. Since the recognition criteria is not met, no in-kind revenues are recognized as contributions in the combined financial statements and the in-kind expenses have been eliminated.

NOTE 1: ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Investments

The Organization carries investments in marketable securities with readily determinable fair values and all investments in debt securities at their fair values in the combined statements of financial position. Unrealized gains and losses are included in the change in net assets in the accompanying combined statements of activities.

Fixed Assets

Fixed assets acquired by the Organization are capitalized at cost if purchased or fair value if donated. It is the Organization's policy to capitalize expenditures for these items in excess of \$5,000. Major additions and renewals are capitalized, while repairs and maintenance are expensed as incurred. Depreciation is calculated using the straight-line basis over the estimated useful lives of the assets, which range from three to forty years. Depreciation expense for July 31, 2019 and 2018 was \$499,974 and \$427,069, respectively.

Fixed assets purchased with grant funds are owned by the Organization while used in the program for which they were purchased or in other future authorized programs. However, the various funding sources have a reversionary interest in the fixed assets purchased with grant funds. The disposition of fixed assets, as well as the ownership of any proceeds is subject to funding source regulations.

Advertising

The Organization uses advertising to promote programs among the people it serves. The production costs of advertising are expensed as incurred.

Functional Allocation of Expenses

The Organization allocates its expenses on a functional basis among its various programs and support services. Expenses that can be identified with a specific program and support services are allocated directly according to their natural expenditure classification. Other expenses, that are common to several functions, are allocated by management based on effort. Supporting services are those related to operating and managing the Organization and its programs on a day-to-day basis. Supporting services have been sub-classified as follows:

Management and General - includes all activities related to the Organization's internal management.

Subsequent Events

Management has made an evaluation of subsequent events through February 12, 2020, which represents the date on which the combined financial statements were available to be issued and determined that any subsequent events that would require recognition or disclosure have been considered in the preparation of these combined financial statements.

Recently Adopted Accounting Pronouncements

In August 2016, the FASB issued Accounting Standards Update (ASU) No. 2016-14, *Not-for-Profit Entities (Topic 958): Presentation of Financial Statements of Not-for-Profit Entities*. ASU 2016-14 requires significant changes to the financial reporting model of organizations who follow the not-for-profit reporting model. The changes include reducing the classes of net assets from three to two – net assets with donor restrictions and net assets without donor restrictions. The ASU will also require changes in the way certain information is aggregated and reported by the Organization, including required disclosures about liquidity and availability of resources.

The new standard is effective for the Organization's year ending July 31, 2019 and thereafter and must be applied on a retrospective basis. The Organization adopted the ASU effective August 1, 2018. Adoption of the ASU did not result in any reclassifications or restatements of net assets or changes in net assets.

Recent Accounting Pronouncements

Revenue Recognition

In May 2014, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) 2014-09, *Revenue from Contracts with Customers*, to clarify the principles for recognizing revenue and to develop a common revenue standard for U.S. GAAP and International Financial Reporting Standards. The core principle of the guidance requires entities to recognize revenue to depict the transfer of promised goods or services to customers in an amount that reflects the consideration to which the entity expects to be entitled in exchange for those goods or services. The guidance is effective for the Organization's year ending July 31, 2020. Management is currently evaluating the impact of adoption on the Organization's financial statements.

Leases

In February 2016, the FASB released ASU 2016-02, *Leases* (Topic 842), which provides users of the financial statements a more accurate picture of the assets and the long-term financial obligations of organizations that lease. The standard is for a dual-model approach; a lessee will account for most existing capital leases as Type A leases, and most existing operating leases as Type B leases. Both will be reported on the statement of financial condition of the organization for leases with a term exceeding 12 months. Lessors will see changes as well, primarily made to align with the revised model. The guidance is effective for the Organization's year ended July 30, 2022. Management is currently evaluating the impact of adoption on the Organization's financial statements.

NOTE 2: RESTRICTED CASH

The Organization, as stipulated in many of the loan agreements associated with the housing projects included in SNHS Management Corporation, is required to maintain separate accounts and make monthly deposits into certain restricted reserves for the replacement of property and other expenditures. In addition, the Organization is required to maintain separate accounts for tenant security deposits and any surplus cash that may result from annual operations. These accounts are also not available for operating purposes and generally need additional approval from oversight agencies before withdrawal and use of these funds can occur.

NOTE 3: FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The three levels of the fair value hierarchy under Financial Accounting Standards Board Accounting Standards Codification 820, *Fair Value Measurements*, are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the organization has the ability to access at the measurement date.

Level 2: Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs that are unobservable for the asset or liability.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at July 31, 2019 and 2018.

Mutual Funds: Valued at the net asset value of shares held on the last trading day of the fiscal year, which is the basis for transactions at that date.

In addition, the Organization maintains several reserve funds for property taxes, insurance expenses, and repair and replacement or emergency needs which are required by financing authorities. These funds may be withdrawn only with the approval of the financing authority and are not considered by the Organization to have donor restrictions.

The Organization manages its liquidity by developing and adopting annual operating budgets that provide sufficient funds for general expenditures in meeting its liabilities and other obligations as they become due.

The leases expire at various times through October 2020. Some of the leases contain renewal options that are contingent upon federal funding and some contain renewal options subject to renegotiation of lease terms.

The following is a schedule of future minimum lease payments for the operating leases as of July 31, 2019:

2020	\$ 319,979
2021	<u>33,189</u>
Total	<u>\$ 353,168</u>

NOTE 8: RETIREMENT BENEFITS

The Organization has an Employer-Sponsored 403(b) plan offering coverage to all of its employees. Participating employees must contribute at least 1% of their wages, while the Organization contributes 10% of their wages. The pension expense for the years ended July 31, 2019 and 2018 was \$861,928 and \$838,296, respectively.

NOTE 9: RISKS AND UNCERTAINTIES

The Organization is operated in a heavily regulated environment. The operations of the Organization are subject to the administrative directives, rules and regulations of federal, state and local regulatory agencies. Such administrative directives, rules, and regulations are subject to change by an act of Congress or Legislature. Such changes may occur with little notice or inadequate funding to pay for the related cost, including the additional administrative burden, to comply with a change.

NOTE 10: CONTINGENCIES AND CONTINGENT LIABILITIES

The Organization receives contract funding from various sources. Under the terms of these agreements, the Organization is required to use the funds within a certain period and for purposes specified by the governing laws and regulations. If expenditures were found not to have been made in compliance with the laws and regulations, the Organization might be required to repay the funds. No provisions have been made for this contingency because specific amounts, if any, have not yet been determined.

Cotton Mill Square

In 2015, SNHS Management Corporation entered into a contract as part of the Community Development Investment Tax Credit Program with the Community Development Finance Authority (CDFA) and was awarded \$1,000,000 to provide funding for the development and adaptive reuse of an abandoned historic cotton mill in downtown Nashua, NH. Under this program, the Project (Cotton Mill Square) created 109 units of housing and was required to reserve 55 of these units for low to moderate income households.

NOTE 10: CONTINGENCIES AND CONTINGENT LIABILITIES (Continued)

Cotton Mill Square (Continued)

As stipulated by the contract and after a 20% program fee retained by the CDFA, SNHS Management Corporation entered into a subrecipient agreement with the owners of the Project (Cotton Mill Square LLC) to provide a promissory note and mortgage of the remaining award amount of \$800,000. The 20 year note to Cotton Mill Square LLC is non-interest bearing and the principal is forgivable at a rate of 5% each year the Project maintains the required minimum of 55 low to moderate income household units.

The Cotton Mill Square Project was awarded the certificate of occupancy on August 22, 2014 and remains in full compliance with the required regulations as of July 31, 2019 and 2018. SNHS Management Corporation feels that it is extremely unlikely that the Project will fall into noncompliance in future periods. Therefore, SNHS Management Corporation has not recorded any contingent receivable or liability related to this transaction. The note repayment is accelerated if the units fall out of compliance.

In October of 2017, the subrecipient agreement with Cotton Mill Square LLC was amended to cease the annual 5% debt forgiveness. This modification effectively holds the promissory note balance at \$720,000 which will now be forgiven in full at the end of the agreement as long as the Project maintains compliance with the original agreement's terms. This modification did not change the contingent receivable or liability with SNHS Management Corporation.

J. Brown Homestead Property

On July 1, 2011, Rockingham Community Acton (RCA) was acquired by SNHS. As part of this merger, SNHS assumed all the assets, liabilities and obligations of RCA which included the J. Brown Homestead Property.

The J. Brown Homestead Property was conveyed to RCA in 1999 by the Town of Raymond for \$1 and a mortgage lien of \$604,418. The property contains four apartments limited to low-income seniors, office space for the Outreach operations, space for the Food Pantry operation, and a common meeting room for use by Town of Raymond organizations. The Town of Raymond included a requirement that the property be used for a social service center for a period of 20 years, called the benefit period, after which this requirement terminates.

In the event that SNHS sells or otherwise conveys the property within the benefit period, the remaining lien will be either paid from the proceeds of the sale or remain with the land to any subsequent purchaser for the remaining benefit period.

This mortgage lien has no scheduled principal or interest payments and is forgivable at a rate of 5% each year of the benefit period until it is completely forgiven in year 2019. The value of this lien at July 31, 2019 and 2018 is \$30,221 and \$60,442, respectively. SNHS has no plans to sell or transfer this property. Therefore, the contingent mortgage lien liability has not been included in the financial statements.

EXPLANATION

These agreements are sole source because the five (5) Community Action Agencies are the only entities eligible to receive Community Services Block Grant funding in accordance with Public Law 105-285 October 27, 1998 – Community Opportunities, Accountability, and Training and Educational Services Act of 1998.

The purpose of this request is to continue providing funds to community programs at the local level to ensure eligible individuals and families receive community-based services that enable them to receive the assistance needed in order to meet their basic needs.

Approximately 275,792 unduplicated individuals will be served collectively by the five (5) contractors from October 1, 2019 through September 30, 2022.

The original agreement included language in the Exhibit C-1 that allows the Department to renew these contracts for up to three (3) additional years, subject to the continued availability of funding, satisfactory performance of service, parties' written authorization and approval from the Governor and Executive Council. The Department is in agreement with renewing services for three (3) years at this time.

The vendors provide services to individuals at the local level that assist them with becoming or remaining financially and socially independent. Activities and services are designed to assist individuals and families who are low income, including children and seniors. Services provided have a focus on poverty reduction in local communities and the state.

Some services provided may be 'stop-gap' measures that are used in instances when an individual or family does not financially qualify for public assistance. The household may be in need of temporary assistance in order get through a particular crisis, such as, but not limited to: heating season, or a temporary emergency that would otherwise result in the individual or family requiring other public assistance.

These vendors administer a variety of programs including, but not limited to:

- Fuel and utility assistance;
- Neighbor Helping Neighbor programs;
- Rental assistance, security deposits and senior housing;
- Senior Community Service Employment Programs;
- Head Start;
- Supplemental Foods;
- Women, Infants and Children (WIC); and
- Weatherization.

In addition to the services provided to individuals, the vendors must provide an annual community action plan to the Department that describes the agency's delivery system; linkages to fill identified gaps; and coordination with other public and private resources. The vendors also conduct an annual community needs assessment. The Community Services Block Grant is administered by a tripartite board that participates in the development, planning, implementation and evaluation of the agency and its programs.

The amount of funding provided to each community program is calculated using a formula that is based on poverty demographics available from the US Census Bureau. According to the Community Services Block Grant State Plan, these funds are to be used primarily for the provision of assistance to individuals and families whose incomes are at or below the 125th percentile of the poverty level.

Should the Governor and Executive Council not approve this request, funding to community programs, statewide, may be limited. Limiting funds at the community level will directly, and negatively, impact the citizens of New Hampshire. With the rising cost of essentials, such as heat and food, the federal funding for community programs is necessary in order to deliver the assistance needed to eligible citizens statewide.

Area served: Statewide

Source of Funds: 100% Federal Funds, Catalog of Federal Domestic Assistance (CFDA) #93.569, U.S. Department of Health and Human Services, Administration for Children and Families, Office of Community Services, Community Services Block Grant, FAIN #G-19B1NHCOSR.

In the event that Federal Funds are no longer available, General Funds will not be requested to support this program.

Jeffrey A. Meyers

EXPLANATION

These agreements are sole source because the five (5) Community Action Agencies are the only entities eligible to receive Community Services Block Grant funding in accordance with Public Law 105 – 285–October 27, 1998 – Community Opportunities, Accountability, and Training and Educational Services Act of 1998.

The purpose of this request is to provide funding to community programs at the local level to ensure eligible participants receive community based services that include, but are not limited to; health, food and financial assistance, employment services, financial planning, and other necessary services. These services allow individuals and families to receive the assistance needed in order to meet their basic needs.

The vendors provide services to individuals at the local level that will assist them to become or remain financially and socially independent. Services provided have a major impact on poverty in the community. Activities and services are designed to assist low-income participants, including the elderly poor.

As referenced in the Exhibit C-1, paragraph 3, of this contract, this Agreement has the option to extend for up to three (3) additional years, contingent upon satisfactory delivery of services, available funding, agreement of the parties and approval of the Governor and Council.

Some services provided may be 'stop gap' measures that are used in instances when an individual or family does not financially qualify for government assistance. The household may be in need of temporary assistance in order get through a heating season or a temporary emergency that would otherwise result in the individual or family becoming eligible for full government assistance.

These vendors administer a variety of programs including, but not limited to:

- Fuel assistance.
- Utility assistance.
- Neighbor Helping Neighbor programs.

- Rental assistance.
- Security deposits.
- Senior Community Service Employment Programs.
- Head Start.
- Supplemental Foods Women, Infants and Children (WIC).
- Weatherization.
- Senior Housing.

In addition to the services provided to individuals, the vendors must provide an annual community action plan to the Department that describes the agency's delivery system; linkages to fill identified gaps; and coordination with other public and private resources. The vendors also conduct an annual community needs assessment. The Community Services Block Grant is administered by a tripartite board that participates in the development, planning, implantation and evaluation of the agency and its programs.

The amount of funding provided to each community program is calculated using a formula that is based on poverty demographics available from the US Census Bureau. According to the Community Services Block Grant State Plan, these funds are to be used primarily for the provision of assistance to individuals and families whose incomes are at or below the 125th percentile of the poverty level.

Should the Governor and Executive Council not approve this request, funding to community programs, statewide, may be limited. Limiting funds at the community level will directly, and negatively, impact the citizens of New Hampshire. With heating and food costs rising on a daily basis, the federal funding for community programs is needed in order to deliver the assistance needed to eligible citizens, statewide.

The Contractor identified in Section 1.3 of the General Provisions agrees to comply with the provisions of Executive Office of the President, Executive Order 12549 and 45 CFR Part 76 regarding Debarment, Suspension, and Other Responsibility Matters, and further agrees to have the Contractor's representative, as identified in Sections 1.11 and 1.12 of the General Provisions execute the following Certification:

INSTRUCTIONS FOR CERTIFICATION

1. By signing and submitting this proposal (contract), the prospective primary participant is providing the certification set out below.
2. The inability of a person to provide the certification required below will not necessarily result in denial of participation in this covered transaction. If necessary, the prospective participant shall submit an explanation of why it cannot provide the certification. The certification or explanation will be considered in connection with the NH Department of Health and Human Services' (DHHS) determination whether to enter into this transaction. However, failure of the prospective primary participant to furnish a certification or an explanation shall disqualify such person from participation in this transaction.
3. The certification in this clause is a material representation of fact upon which reliance was placed when DHHS determined to enter into this transaction. If it is later determined that the prospective primary participant knowingly rendered an erroneous certification, in addition to other remedies available to the Federal Government, DHHS may terminate this transaction for cause or default.
4. The prospective primary participant shall provide immediate written notice to the DHHS agency to whom this proposal (contract) is submitted if at any time the prospective primary participant learns that its certification was erroneous when submitted or has become erroneous by reason of changed circumstances.
5. The terms "covered transaction," "debarred," "suspended," "ineligible," "lower tier covered transaction," "participant," "person," "primary covered transaction," "principal," "proposal," and "voluntarily excluded," as used in this clause, have the meanings set out in the Definitions and Coverage sections of the rules implementing Executive Order 12549: 45 CFR Part 76. See the attached definitions.
6. The prospective primary participant agrees by submitting this proposal (contract) that, should the proposed covered transaction be entered into, it shall not knowingly enter into any lower tier covered transaction with a person who is debarred, suspended, declared ineligible, or voluntarily excluded from participation in this covered transaction, unless authorized by DHHS.
7. The prospective primary participant further agrees by submitting this proposal that it will include the clause titled "Certification Regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion - Lower Tier Covered Transactions," provided by DHHS, without modification, in all lower tier covered transactions and in all solicitations for lower tier covered transactions.
8. A participant in a covered transaction may rely upon a certification of a prospective participant in a lower tier covered transaction that it is not debarred, suspended, ineligible, or involuntarily excluded from the covered transaction, unless it knows that the certification is erroneous. A participant may decide the method and frequency by which it determines the eligibility of its principals. Each participant may, but is not required to, check the Nonprocurement List (of excluded parties).
9. Nothing contained in the foregoing shall be construed to require establishment of a system of records in order to render in good faith the certification required by this clause. The knowledge and

information of a participant is not required to exceed that which is normally possessed by a prudent person in the ordinary course of business dealings.

10. Except for transactions authorized under paragraph 6 of these instructions, if a participant in a covered transaction knowingly enters into a lower tier covered transaction with a person who is suspended, debarred, ineligible, or voluntarily excluded from participation in this transaction, in addition to other remedies available to the Federal government, DHHS may terminate this transaction for cause or default.

PRIMARY COVERED TRANSACTIONS

11. The prospective primary participant certifies to the best of its knowledge and belief, that it and its principals:
- 11.1. are not presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from covered transactions by any Federal department or agency;

 - 11.4. have not within a three-year period preceding this application/proposal had one or more public transactions (Federal, State or local) terminated for cause or default.
12. Where the prospective primary participant is unable to certify to any of the statements in this certification, such prospective participant shall attach an explanation to this proposal (contract).

LOWER TIER COVERED TRANSACTIONS

 - j. Within ten (10) business days of receiving a written request from Covered Entity for a request for an accounting of disclosures of PHI, Business Associate shall make available to Covered Entity such information as Covered Entity may require to fulfill its obligations to provide an accounting of disclosures with respect to PHI in accordance with 45 CFR Section 164.528.

 - l. Within ten (10) business days of termination of the Agreement, for any reason, the Business Associate shall return or destroy, as specified by Covered Entity, all PHI received from, or created or received by the Business Associate in connection with the Agreement, and shall not retain any copies or back-up tapes of such PHI. If return or destruction is not feasible, or the disposition of the PHI has been otherwise agreed to in the Agreement, Business Associate shall continue to extend the protections of the Agreement, to such PHI and limit further uses and disclosures of such PHI to those purposes that make the return or destruction infeasible, for so long as Business

(4) Obligations of Covered Entity

- a. Covered Entity shall notify Business Associate of any changes or limitation(s) in its Notice of Privacy Practices provided to individuals in accordance with 45 CFR Section 164.520, to the extent that such change or limitation may affect Business Associate's use or disclosure of PHI.

- c. Covered entity shall promptly notify Business Associate of any restrictions on the use or disclosure of PHI that Covered Entity has agreed to in accordance with 45 CFR 164.522, to the extent that such restriction may affect Business Associate's use or disclosure of PHI.

(5) Termination for Cause

In addition to Paragraph 10 of the standard terms and conditions (P-37) of this Agreement the Covered Entity may immediately terminate the Agreement upon Covered Entity's knowledge of a breach by Business Associate of the Business Associate Agreement set forth herein as Exhibit I. The Covered Entity may either immediately terminate the Agreement or provide an opportunity for Business Associate to cure the alleged breach within a timeframe specified by Covered Entity. If Covered Entity determines that neither termination nor cure is feasible, Covered Entity shall report the violation to the Secretary.

- a. Definitions and Regulatory References. All terms used, but not otherwise defined herein, shall have the same meaning as those terms in the Privacy and Security Rule, amended from time to time. A reference in the Agreement, as amended to include this Exhibit I, to a Section in the Privacy and Security Rule means the Section as in effect or as amended.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the consolidated financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the consolidated financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the consolidated financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the consolidated financial statements referred to above present fairly, in all material respects, the financial position of Southwestern Community Services, Inc. and related companies as of May 31, 2019 and 2018, and the changes in their net assets and their cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Report on Summarized Comparative Information

We have previously audited Southwestern Community Services, Inc. and related companies' 2018 financial statements, and we expressed an unmodified audit opinion on those audited financial statements in our report dated September 17, 2018. In our opinion, the summarized comparative information presented herein as of and for the year ended May 31, 2018, is consistent, in all material respects, with the audited financial statements from which it has been derived.

Other Information

Our audit was conducted for the purpose of forming an opinion on the consolidated financial statements as a whole. The accompanying schedules of expenditures of federal awards, as required by Title 2 U.S. Code of Federal Regulations (CFR) Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*, and the Schedules of Functional Revenues and Expenses, are presented for purposes of additional analysis and are not a required part of the consolidated financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the consolidated financial statements. The information has been subjected to the auditing procedures applied in the audit of the consolidated financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the consolidated financial statements or to the consolidated financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated, in all material respects, in relation to the consolidated financial statements as a whole.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated November 5, 2019, on our consideration of Southwestern Community Services, Inc.'s internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Southwestern Community Services, Inc.'s internal control over financial reporting and compliance.

Basis of Accounting

The consolidated financial statements of Southwestern Community Services, Inc. and related companies have been prepared utilizing the accrual basis of accounting in accordance with generally accepted accounting principles.

Basis of Presentation

The financial statements of the Organization have been prepared in accordance with U.S. generally accepted accounting principles (US GAAP), which require the Organization to report information regarding its financial position and activities according to the following net asset classifications. The classes of net assets are determined by the presence or absence of donor-imposed restrictions.

Net assets without donor restrictions: Net assets that are not subject to donor-imposed restrictions and may be expended for any purpose in performing the primary objectives of the Organization. These net assets may be used at the discretion of the Organization's Board of Directors.

Net assets with donor restrictions: Net assets subject to stipulations imposed by donors and grantors. Some donor restrictions are temporary in nature; those restrictions will be met by actions of the Organization or by passage of time. Other donor restrictions are perpetual in nature, whereby the donor has stipulated the funds be maintained in perpetuity.

As of May 31, 2019 and 2018, the Organization had net assets without donor restrictions and with donor restrictions.

The financial statements include certain prior-year summarized comparative information in total but not by net asset class. Such information does not include sufficient detail to constitute a presentation in conformity with generally accepted accounting principles. Accordingly, such information should be read in conjunction with the Organization's financial statements for the year ended May 31, 2018 from which the summarized information was derived.

Refundable Advances

The Organization records grant and contract revenue as refundable advances until it is expended for the purpose of the grant or contract, at which time it is recognized as revenue.

In-Kind Support

The Organization records various types of in-kind support including professional services and materials. Contributed professional services are recognized if the service received creates or enhances long-lived assets or requires specialized skill, are provided by individuals possessing those skills, and would typically need to be purchased if not provided by donation. Contributions of tangible assets are recognized at fair value when received.

Estimates

The presentation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Cash and Cash Equivalents

For purposes of the statement of cash flows, the Organization considers all liquid investments purchased with original maturities of three months or less to be cash equivalents.

Accounts Receivable

Accounts receivable are stated at the amount management expects to collect from balances outstanding at year end. Balances that are still outstanding after management has used reasonable collection efforts are written off through a charge to the valuation allowance and a credit to accounts receivable. The allowance for uncollectible accounts was estimated to be zero at May 31, 2019 and 2018. The Organization has no policy for charging interest on overdue accounts.

Notes Receivable

The Organization has two notes receivable from an unrelated third party. The notes receivables are stated at the amount that is expected to be collected at year end. Interest is accrued at a rate of 4% annually. The balance of the notes receivable and related interest receivable was \$112,000 and \$45,547, respectively, at May 31, 2019 and 2018.

Current Vulnerability Due to Certain Concentrations

The Organization is operated in a heavily regulated environment. The operations of the Organization are subject to the administrative directives, rules and regulations of federal, state and local regulatory agencies. Such administrative directives, rules and regulations are subject to change by an act of Congress or Legislature. Such changes may occur with little notice or inadequate funding to pay for the related cost, including the additional administrative burden, to comply with a change. For the years ended May 31, 2019 and 2018, approximately 68% and 75%, respectively, of the Organization's total revenue was received from government agencies. The future nature of the organization is dependent upon continued support from the government.

Concentration of Credit Risk

The Organization maintains its cash accounts in several financial institutions, which at times may exceed federally insured limits. The Organization has not experienced any losses in such accounts and believes it is not exposed to any significant risk with respect to these accounts.

Property and Depreciation

Purchased property and equipment are stated at cost at the date of acquisition or at fair value at the date of receipt in the case of donated property. The Organization generally capitalizes and depreciates all assets with a cost greater than \$5,000 and an expected life greater than one year. Depreciation is provided for using the straight-line method in amounts designed to amortize the cost of the assets over their estimated useful lives as follows:

Buildings and improvements	10 - 40 Years
Vehicles and equipment	5 - 10 Years
Furniture and fixtures	7 Years

The use of certain assets is specified under the terms of grants received from agencies of the federal government. These grants also place liens on certain assets and impose restrictions on the use of funds received from the disposition of the property. Depreciation expense for the years ended May 31, 2019 and 2018 totaled \$580,115 and \$467,929, respectively.

Advertising

The Organization expenses advertising costs as incurred.

Revenue Recognition

Amounts received from conditional grants and contracts received for specific purposes are generally recognized as income to the extent that related expenses and conditions are incurred or met. Conditional grants received prior to the conditions being met are reported as refundable advances. Contributions of cash and other assets are reported as with donor restrictions if they are received with donor imposed stipulations that limit the use of the donated assets. However, if a restriction is fulfilled in the same period in which the contribution is received, the Organization reports the support as without donor restrictions.

Income Taxes

Southwestern Community Services, Inc. and SCS Management Corporation are exempt from Federal income taxes under Section 501(c)(3) of the Internal Revenue Code and are not private foundations. As such, they are exempt from income tax on their exempt function income.

SCS Housing, Inc., SCS Development Corporation and SCS Housing Development, Inc. are taxed as corporations. SCS Housing Inc. has federal net operating loss carryforwards totaling \$1,012,604 and \$915,425 at May 31, 2019 and 2018, respectively. These loss carryforwards may be offset against future taxable income and, if not used, will begin to expire in 2027. SCS Development Corporation has federal net operating loss carryforwards totaling \$579 and \$607 at May 31, 2019 and 2018, respectively. These loss carryforwards may be offset against future taxable income and, if not used, will begin to expire in 2022.

The tax effects of the carryforwards as related to deferred tax assets is as follows as of May 31, 2019 and 2018:

	<u>2019</u>	<u>2018</u>
Tax benefit from loss carryforwards	\$212,768	\$137,408
Valuation allowance	<u>(212,768)</u>	<u>(137,408)</u>
Deferred tax asset	<u>\$ -</u>	<u>\$ -</u>

Drewsville, Jaffrey, Troy Senior, Winchester, Keene East Side, Swanzey, and Snow Brook are taxed as partnerships. Federal income taxes are not payable by, or provided for these entities. Earnings and losses are included in the partners' federal income tax returns based on their share of partnership earnings. Partnerships are required to file income tax returns with the State of New Hampshire and pay an income tax at the state's statutory rate.

Accounting Standard Codification No. 740, "Accounting for Income Taxes," established the minimum threshold for recognizing, and a system for measuring, the benefits of tax return positions in financial statements. Management has analyzed the Organization's tax position taken on its income tax returns for all open years (tax years ending May 31, 2017 – 2019), and has concluded that no additional provision for income taxes is necessary in the Organization's financial statements.

Fair Value of Financial Instruments

FASB ASC Topic No. 820-10, Financial Instruments, provides a definition of fair value which focuses on an exit price rather than an entry price, establishes a framework in generally accepted accounting principles for measuring fair value which emphasizes that fair value is a market-based measurement, not an entity-specific measurement, and requires expanded disclosures about fair value measurements. In accordance with ASC 820-10, the Organization may use valuation techniques consistent with market, income and cost approaches to measure fair value. As a basis for considering market participant assumptions in fair value measurements, Topic 820-10 establishes a fair value hierarchy, which prioritizes the inputs used in measuring fair values. The hierarchy gives the highest priority to Level 1 measurements and the lowest priority to Level 3 measurements. The three levels of the fair value hierarchy under ASC Topic 820-10 are described as follows:

Level 1 – Inputs to the valuation methodology are quoted prices available in active markets for identical investments as of the reporting date.

Level 2 - Inputs to the valuation methodology are other than quoted market prices in active markets, which are either directly or indirectly observable as of the reporting date, and fair value can be determined through the use of models or other valuation methodologies.

Level 3 - Inputs to the valuation methodology are unobservable inputs in situations where there is little or no market activity for the asset or liability and the reporting entity makes estimates and assumptions related to the pricing of the asset or liability including assumptions regarding risk.

The carrying amount of cash, accounts receivables, prepaid expenses, accounts payable, accrued expenses, and refundable advances approximates fair value because of the short maturity of those instruments.

New Accounting Pronouncement

On August 18, 2016, FASB issued ASU 2016-14, Not-for-Profit Entities (Topic 958) *Presentation of Financial Statements of Not-for-Profit Entities*. The update addresses the complexity and understandability of net asset classification, deficiencies in information about liquidity and availability of resources, and the lack of consistency in the type of information provided about expenses and investment return. The Organization has adjusted the presentation of these statements accordingly. The ASU has been applied retrospectively to all periods presented.

Functional Allocation of Expenses

The costs of providing the various programs and other activities have been summarized on a functional basis. Natural expenses are defined by their nature, such as salaries, rent, supplies, etc. Functional expenses are classified by the type of activity for which expenses are incurred, such as management and general and direct program costs. Expenses are allocated by function using a reasonable and consistent approach that is primarily based on function and use. The costs of providing certain program and supporting services have been directly charged.

The Organization submits an indirect cost rate proposal for the paid leave, fringe benefits and other indirect costs to the U.S. Department of Health and Human services. The indirect cost rate is 11.96% effective from June 1, 2017 through May 31, 2020.

NOTE 2 BANK LINE OF CREDIT

The Organization has a \$250,000 revolving line of credit agreement with a bank. Interest is due monthly and is stated at the Wall Street Journal Prime Rate. The line is secured by all the Organization's assets. As of May 31, 2019 and 2018, the interest rate was 5.50% and 4.75%, respectively. There was no outstanding balance at May 31, 2019 and 2018.

**INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL
OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS
BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED
IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS**

To the Board of Directors of
Southwestern Community Services, Inc.
Keene, New Hampshire

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the consolidated financial statements of Southwestern Community Services, Inc. (a New Hampshire nonprofit corporation) and related companies, which comprise the consolidated statement of financial position as of May 31, 2019, and the related consolidated statements of activities, cash flows, and functional expenses for the year then ended, and the related consolidated notes to the financial statements, and have issued our report thereon dated November 5, 2019.

Internal Control Over Financial Reporting

In planning and performing our audit of the consolidated financial statements, we considered Southwestern Community Services, Inc.'s internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the consolidated financial statements, but not for the purpose of expressing an opinion on the effectiveness of Southwestern Community Services, Inc.'s internal control. Accordingly, we do not express an opinion on the effectiveness of Southwestern Community Services, Inc.'s internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's consolidated financial statements will not be prevented, or detected and corrected, on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of the internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether Southwestern Community Services, Inc.'s consolidated financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of consolidated financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Organization's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Organization's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

**INDEPENDENT AUDITORS' REPORT ON COMPLIANCE
FOR EACH MAJOR PROGRAM AND ON INTERNAL CONTROL
OVER COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE**

To the Board of Directors of
Southwestern Community Services, Inc.
Keene, New Hampshire

Report on Compliance for Each Major Federal Program

We have audited Southwestern Community Services, Inc. (a New Hampshire nonprofit corporation) and related companies' compliance with the types of compliance requirements described in the *OMB Compliance Supplement* that could have a direct and material effect on each of Southwestern Community Services, Inc.'s major federal programs for the year ended May 31, 2019. Southwestern Community Services, Inc.'s major federal programs are identified in the summary of auditors' results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with the federal statutes, regulations, and the terms and conditions of its federal awards applicable to its federal programs.

Auditors' Responsibility

Our responsibility is to express an opinion on compliance for each of Southwestern Community Services, Inc.'s major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Those standards and the Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about Southwestern Community Services, Inc.'s compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of Southwestern Community Services, Inc.'s compliance.

Opinion on Each Major Federal Program

In our opinion, Southwestern Community Services, Inc. complied, in all material respects, with the compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended May 31, 2019.

Report on Internal Control Over Compliance

Management of Southwestern Community Services, Inc. is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered Southwestern Community Services, Inc.'s internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of Southwestern Community Services, Inc.'s internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A material weakness in internal control over compliance is a deficiency, or combination of deficiencies in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that were not identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

EXPLANATION

These agreements are sole source because the five (5) Community Action Agencies are the only entities eligible to receive Community Services Block Grant funding in accordance with Public Law 105-285 October 27, 1998 – Community Opportunities, Accountability, and Training and Educational Services Act of 1998.

The purpose of this request is to continue providing funds to community programs at the local level to ensure eligible individuals and families receive community-based services that enable them to receive the assistance needed in order to meet their basic needs.

Approximately 275,792 unduplicated individuals will be served collectively by the five (5) contractors from October 1, 2019 through September 30, 2022.

The original agreement included language in the Exhibit C-1 that allows the Department to renew these contracts for up to three (3) additional years, subject to the continued availability of funding, satisfactory performance of service, parties' written authorization and approval from the Governor and Executive Council. The Department is in agreement with renewing services for three (3) years at this time.

The vendors provide services to individuals at the local level that assist them with becoming or remaining financially and socially independent. Activities and services are designed to assist individuals and families who are low income, including children and seniors. Services provided have a focus on poverty reduction in local communities and the state.

Some services provided may be 'stop-gap' measures that are used in instances when an individual or family does not financially qualify for public assistance. The household may be in need of temporary assistance in order get through a particular crisis, such as, but not limited to: heating season, or a temporary emergency that would otherwise result in the individual or family requiring other public assistance.

These vendors administer a variety of programs including, but not limited to:

- Fuel and utility assistance;
- Neighbor Helping Neighbor programs;
- Rental assistance, security deposits and senior housing;
- Senior Community Service Employment Programs;
- Head Start;
- Supplemental Foods;
- Women, Infants and Children (WIC); and
- Weatherization.

In addition to the services provided to individuals, the vendors must provide an annual community action plan to the Department that describes the agency's delivery system; linkages to fill identified gaps; and coordination with other public and private resources. The vendors also conduct an annual community needs assessment. The Community Services Block Grant is administered by a tripartite board that participates in the development, planning, implementation and evaluation of the agency and its programs.

His Excellency, Governor Christopher T. Sununu
and the Honorable Council
Page 3 of 3

The amount of funding provided to each community program is calculated using a formula that is based on poverty demographics available from the US Census Bureau. According to the Community Services Block Grant State Plan, these funds are to be used primarily for the provision of assistance to individuals and families whose incomes are at or below the 125th percentile of the poverty level.

Should the Governor and Executive Council not approve this request, funding to community programs, statewide, may be limited. Limiting funds at the community level will directly, and negatively, impact the citizens of New Hampshire. With the rising cost of essentials, such as heat and food, the federal funding for community programs is necessary in order to deliver the assistance needed to eligible citizens statewide.

Area served: Statewide

Source of Funds: 100% Federal Funds, Catalog of Federal Domestic Assistance (CFDA) #93.569, U.S. Department of Health and Human Services, Administration for Children and Families, Office of Community Services, Community Services Block Grant, FAIN #G-19B1NHCOSR.

In the event that Federal Funds are no longer available, General Funds will not be requested to support this program.

Respectfully submitted,

Jeffrey A. Meyers
Commissioner

EXPLANATION

These agreements are sole source because the five (5) Community Action Agencies are the only entities eligible to receive Community Services Block Grant funding in accordance with Public Law 105 – 285–October 27, 1998 – Community Opportunities, Accountability, and Training and Educational Services Act of 1998.

The purpose of this request is to provide funding to community programs at the local level to ensure eligible participants receive community based services that include, but are not limited to; health, food and financial assistance, employment services, financial planning, and other necessary services. These services allow individuals and families to receive the assistance needed in order to meet their basic needs.

The vendors provide services to individuals at the local level that will assist them to become or remain financially and socially independent. Services provided have a major impact on poverty in the community. Activities and services are designed to assist low-income participants, including the elderly poor.

As referenced in the Exhibit C-1, paragraph 3, of this contract, this Agreement has the option to extend for up to three (3) additional years, contingent upon satisfactory delivery of services, available funding, agreement of the parties and approval of the Governor and Council.

Some services provided may be 'stop gap' measures that are used in instances when an individual or family does not financially qualify for government assistance. The household may be in need of temporary assistance in order get through a heating season or a temporary emergency that would otherwise result in the individual or family becoming eligible for full government assistance.

These vendors administer a variety of programs including, but not limited to:

- Fuel assistance.
- Utility assistance.
- Neighbor Helping Neighbor programs.

- Rental assistance.
- Security deposits.
- Senior Community Service Employment Programs.
- Head Start.
- Supplemental Foods Women, Infants and Children (WIC).
- Weatherization.
- Senior Housing.

In addition to the services provided to individuals, the vendors must provide an annual community action plan to the Department that describes the agency's delivery system; linkages to fill identified gaps; and coordination with other public and private resources. The vendors also conduct an annual community needs assessment. The Community Services Block Grant is administered by a tripartite board that participates in the development, planning, implantation and evaluation of the agency and its programs.

The amount of funding provided to each community program is calculated using a formula that is based on poverty demographics available from the US Census Bureau. According to the Community Services Block Grant State Plan, these funds are to be used primarily for the provision of assistance to individuals and families whose incomes are at or below the 125th percentile of the poverty level.

Should the Governor and Executive Council not approve this request, funding to community programs, statewide, may be limited. Limiting funds at the community level will directly, and negatively, impact the citizens of New Hampshire. With heating and food costs rising on a daily basis, the federal funding for community programs is needed in order to deliver the assistance needed to eligible citizens, statewide.

Area served: Statewide

Source of Funds: 100% Federal Funds, Catalog of Federal Domestic Assistance (CFDA) #93.569 Agency: Department of Health and Human Services; Office: Administration for Children and Families; Office of Community Services, Community Services Block Grant.

In the event that Federal Funds are no longer available, General Funds will not be requested to support this program.

Respectfully submitted,

Jeffrey A. Meyers

INSTRUCTIONS FOR CERTIFICATION

1. By signing and submitting this proposal (contract), the prospective primary participant is providing the certification set out below.
2. The inability of a person to provide the certification required below will not necessarily result in denial of participation in this covered transaction. If necessary, the prospective participant shall submit an explanation of why it cannot provide the certification. The certification or explanation will be considered in connection with the NH Department of Health and Human Services' (DHHS) determination whether to enter into this transaction. However, failure of the prospective primary participant to furnish a certification or an explanation shall disqualify such person from participation in this transaction.
3. The certification in this clause is a material representation of fact upon which reliance was placed when DHHS determined to enter into this transaction. If it is later determined that the prospective primary participant knowingly rendered an erroneous certification, in addition to other remedies available to the Federal Government, DHHS may terminate this transaction for cause or default.

A participant may decide the method and frequency by which it determines the eligibility of its principals. Each participant may, but is not required to, check the Nonprocurement List (of excluded parties).
9. Nothing contained in the foregoing shall be construed to require establishment of a system of records in order to render in good faith the certification required by this clause. The knowledge and

Information of a participant is not required to exceed that which is normally possessed by a prudent person in the ordinary course of business dealings.

INDEPENDENT AUDITORS' REPORT

Report on the Financial Statements

We have audited the accompanying consolidated financial statements of Tri-County Community Action Program, Inc. and Affiliate (New Hampshire nonprofit organizations), which comprise the consolidated statements of financial position as of June 30, 2019 and 2018, the related consolidated statements of cash flows and functional expenses for the years then ended, the related consolidated statement of activities for the year ended June 30, 2019 and the related notes to the consolidated financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these consolidated financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these consolidated financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the consolidated financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the consolidated financial statements. The procedures selected depend on the auditors' judgement, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the consolidated financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the consolidated financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the consolidated financial statements referred to above present fairly, in all material respects, the consolidated financial position of Tri-County Community Action Program, Inc. and Affiliate as of June 30, 2019 and 2018, and its consolidated cash flows for the years then ended, and the changes in its net assets for the year ended June 30, 2019, in accordance with accounting principles generally accepted in the United States of America.

Report on Summarized Comparative Information

We have previously audited Tri-County Community Action Program, Inc. and Affiliate's 2018 consolidated financial statements, and we expressed an unmodified audit opinion on those consolidated financial statements in our report dated October 19, 2018. In our opinion, the summarized comparative information presented herein as of and for the year ended June 30, 2018, is consistent, in all material respects, with the audited consolidated financial statements from which it has been derived.

Other Information

Our audit was conducted for the purpose of forming an opinion on the consolidated financial statements as a whole. The accompanying schedule of expenditures of federal awards, as required by Title 2 U.S. Code of Federal Regulations (CFR) Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*, is presented for purposes of additional analysis and is not a required part of the consolidated financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the consolidated financial statements. The information has been subjected to the auditing procedures applied in the audit of the consolidated financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the consolidated financial statements or to the consolidated financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated, in all material respects, in relation to the consolidated financial statements as a whole.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated October 21, 2019, on our consideration of Tri-County Community Action Program, Inc.'s internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of Tri-County Community Action Program, Inc.'s internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Tri-County Community Action Program, Inc.'s internal control over financial reporting and compliance.

Agency

Tri-County CAP Administration provides central program management support and oversight to the Organization's many individual programs. This includes planning and budget development, bookkeeping and accounting, payroll and HR services, legal and audit services, IT support, management support, financial support and central policy development.

Tri-County CAP Administration is the liaison between Tri-County Community Action Program, Inc., Board of Directors and its programs, ensuring that programs comply with agreements made by the Board to funding sources and vendors.

Other responsibilities include the management and allocation of funding received through a Community Services Block Grant, as well as management of the Organization's real estate property.

Head Start

Head Start provides comprehensive services to low-income children and their families. Head Start supports children's growth and development in a positive learning environment through a variety of activities as well as providing services, which include in addition to early learning, health and family well-being. All children receive health and development screenings, nutritious meals, oral health and mental health support. Parents and families are supported in achieving their own goals, such as housing stability, continued education, and financial stability.

Programs support and strengthen parent-child relationships as their child's primary educator. Head Start staff work as partners with parents to identify and provide individualized activities that support their child's growth and development.

Tri County Community Action Head Start serves 217 children in Carroll, Coos & Grafton counties in 9 locations with 13 center-based classrooms and 1 home-based option.

Guardianship

The Organization's Guardianship program provides advocacy and guardian services for the vulnerable population of New Hampshire residents (developmentally disabled, chronically mentally ill, traumatic brain injury, and the elderly suffering from Alzheimer's, dementia, and multiple medical issues) who need a guardian and who have no family member or friend willing, able, or suitable to serve in that capacity. This program serves 414 individuals. Additional services include, conservatorship, representative payee-ship, federal fiduciary services, benefit management services and private probate accounting services.

Transportation

The Organization's transit program provides various transportation services: public bus routes, door-to-door service by request, long distance medical travel to medical facilities outside our regular service area, and special trips for the elderly to go shopping and enjoy other activities that are located outside the regular service area. The Organization's fleet of 17 wheelchair accessible vehicles offers transportation options to the elderly and disabled, as well as to the general public.

The Coos County Retired & Senior Volunteers Program (RSVP) maintains a minimum group of 394 volunteers, ages 55 and older, of which 287 actively served during the last reporting period. These volunteers share their skills, life experiences, and time with over 60 local non-profit and public agencies throughout Coos County that depend on volunteer assistance to meet the needs of their constituents. Our volunteers donate over 46,764 hours yearly.

Workforce Development

The Organization is assisting transitional and displaced workers as they prepare for new jobs, and also assisting currently-employed workers to gain the skills required for better jobs.

The Organization is helping to implement New Hampshire's Unified State Plan for Workforce Development, in line with the federal Workforce Investment Act. Workforce training programs, with training facilities in three towns, provide temporary assistance for needy families (TANF) recipients with 20-30 hours per week of training in the areas of employment skills, computer skills, and business experience, and also place participating TANF recipients in community-based work experience sites.

Alcohol & Other Drugs (AOD)

Services provided through the AOD program included assisting the alcoholic/addicted person on the road to recovery, through three phases: Crisis Intervention, Sobriety Maintenance, and Assessment and Referral to appropriate treatment facilities.

The Residential Treatment Programs (Friendship House) provided chemically dependent individuals with the fundamental tools of recovery, including educational classes, group and individual counseling, work and recreational therapy, and attendance at in-house and community-based alcoholics anonymous and narcotics anonymous meetings. The AOD program also offered assistance with its impaired driver programs.

Effective October 1, 2017, the Organization is no longer responsible for the Alcohol & Other Drugs (AOD) program. The grants for the program were transferred to North Country Health Consortium (NCHC), as they took over the program. The Friendship House was sold to Affordable Housing Education and Development (AHEAD).

Carroll County Dental

The Tamworth Dental Center (the Center) offers high quality oral health care to children with NH Medicaid coverage. The Organization also serves uninsured and underinsured children and adults using a sliding fee scale that offers income-based discounts for care. The Center accepts most common dental insurances for those who have commercial dental insurance coverage. A school-based project of the Dental Center, School Smiles, offers oral health education, screening, treatment and referrals for treatment to over 1,000 children in 9 schools in the vicinity of the Center.

Support Center

The Organization's Support Center at Burch House provides direct service and shelter to victims and survivors of domestic and sexual violence and stalking in Northern Grafton County. Support Center services are accessible 24 hours a day, 365 days a year. They include: crisis intervention; supportive counseling; court, hospital and policy advocacy and accompaniment; emergency shelter; support groups; community education and outreach; violence prevention programs for students; information, referrals and assistance accessing other community resources.

Homeless

Homeless services include an outreach intervention and prevention project that strives to prevent individuals and families from becoming homeless, and assists the already homeless in securing safe, affordable housing. The Organization provides temporary shelter space for homeless clients.

The Organization also provides some housing rehabilitation services to help preserve older housing stock.

Energy Assistance and Outreach

Energy Assistance Services provide fuel and electric assistance through direct pay to vendors or a discount on the client's bill. Community Contact sites allow local participants access to energy assistance programs and other emergency services. The offices provide information to the Organization's clients about other programs offered, as well as other programs available through other organizations in the community.

Low-Income Weatherization

The NH weatherization program helps low-income families, elderly, disabled, small children and individuals lower their home energy costs; increase their health, safety, and comfort; and improve the quality of living while improving housing stock in communities around the state utilizing energy cost saving, health and safety and carbon lowering measures. The NH Weatherization Assistance Program also creates local NH jobs.

Elder

The Organization's elder program provides senior meals in 15 community dining sites, home delivered meals (Meals on Wheels) to the frail and homebound elderly, and senior nutrition education and related programming. The Coos County ServiceLink Aging & Disability Resource Center assists with person-centered counseling, Medicare counseling, Medicaid assistance, long-term care counseling services, and caregiver supports.

Housing Services

Cornerstone Housing North, Inc. is subject to a Project Rental Assistance Contract (PRAC) with the United States Department of Housing and Urban Development (HUD), and a significant portion of their rental income is received from HUD.

The Organization includes a 12-unit apartment complex in Berlin, New Hampshire for the elderly. This operates under Section 202 of the National Housing Act and is regulated by HUD with respect to the rental charges and operating methods.

The Organization has a Section 202 Capital Advance. Under guidelines established by the U.S. Office of Management and Budget *Uniform Guidance, Title 2 U.S. Code of Federal Regulations (CFR) part 200, Uniform Administrative Requirements, Cost Principles and Audit Requirements for Federal Awards*, the Section 202 Capital Advance is considered to be a major program.

Method of accounting

The consolidated financial statements of Tri-County Community Action Program, Inc. have been prepared utilizing the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America, as promulgated by the Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC). Under this basis, revenue, other than contributions, and expenses are reported when incurred without regard to the date of receipt or payment of cash.

Basis of presentation

The financial statements of the Organization have been prepared in accordance with U.S. generally accepted accounting principles (US GAAP), which require the Organization to report information regarding its financial position and activities according to the following net asset classifications:

Net assets without donor restrictions include net assets that are not subject to any donor-imposed restrictions and may be expended for any purpose in performing the primary objectives of the Organization. These net assets may be used at the discretion of the Organization's management and board of directors.

Net assets with donor restrictions include net assets subject to stipulations imposed by donors and grantors. Some donor restrictions are temporary in nature; those restrictions will be met by actions of the Organization or by passage of time. Other donor restrictions are perpetual in nature, whereby the donor has stipulated the funds be maintained in perpetuity.

The Organization has net assets with donor restrictions of \$678,254 and \$817,791 at June 30, 2019 and 2018, respectively. See **Note 13**.

Contributions

Contributions received are recorded as net assets without donor restrictions or net assets with donor restrictions, depending on the existence and/or nature of any donor-imposed restrictions. Support that is restricted is reported as an increase in net assets without donor restrictions if the restriction expires in the reporting period in which the contribution is recognized. All other donor restricted contributions are reported as net assets with donor restrictions, depending on the nature of the restriction. When a restriction expires (that is, when a stipulated time restriction ends or purpose restriction is accomplished), net assets with donor restrictions are reclassified to net assets without donor restrictions and reported in the statement of activities as net assets released from restrictions.

Accounts Receivable

Accounts receivable are stated at the amount management expects to collect from balances outstanding at year-end. Most of the receivables are amounts due from federal and state awarding agencies and are based on reimbursement for expenditures made under specific grants or contracts. A portion of the accounts receivable balance represents amounts due from patients at Carroll County Dental program. Past due receivables are written off at management's discretion using the direct write off method; this is not considered a departure from accounting principles generally accepted in the United State because the effects of the direct write method approximate those of the allowance method. Management selects accounts to be written off after analyzing past payment history, the age of the accounts receivable, and collection rates for receivables with similar characteristics, such as length of time outstanding. The Organization does not charge interest on outstanding accounts receivable.

Property and Depreciation

Acquisitions of buildings, equipment, and improvements in excess of \$5,000 and all expenditures for repairs, maintenance, and betterments that materially prolong the useful lives of assets are capitalized. Buildings, equipment, and improvements are stated at cost less accumulated depreciation. Depreciation is provided using the straight-line method over the estimated useful lives of the related assets.

Depreciation expense related to assets used solely by an individual program is charged directly to the related program. Depreciation expense for assets used by more than one program is charged to the program based upon a square footage or other similar allocation.

Depreciation expense related to administrative assets is included in the indirect cost pool and charged to the programs in accordance with the indirect cost plan. Maintenance and repairs that do not materially prolong the useful lives of assets are charged to expense as incurred.

Estimated useful lives are as follows:

Buildings and improvements	20 to 40 years
Vehicles	5 to 8.5 years
Furniture and equipment	5 to 15 years

Client Rents and HUD Rent Subsidy

Cornerstone Housing North, Inc.'s rents are approved on an annual basis by the Department of Housing and Urban Development. Rental increases are prohibited without such approval. The clients are charged rent equal to 30% of their income less adjustments allowed by the Department of Housing and Urban Development. Rent subsidies are received from the Department of Housing and Urban Development for the difference between the allowed rents and the amounts received from the clients.

Refundable Advances

Grants received in advance are recorded as refundable advances and recognized as revenue in the period in which the related services or expenditures are performed or incurred. Funds received in advance of grantor conditions being met aggregated \$197,157 and \$191,069 as of June 30, 2019 and 2018, respectively.

Nonprofit tax status

The Organization is a *not-for-profit* Section 501(c)(3) organization in accordance with the Internal Revenue Code. It has been classified as an organization that is not a private foundation under the Internal Revenue Code and qualifies for a charitable contribution deduction for individual donors. The Organization files information returns in the United States. The Organization's Federal Form 990 (Return of Organization Exempt from Income Tax), is subject to examination by the IRS, generally for three years after it is filed. The Organization is no longer subject to examinations by tax authorities for years prior to 2015.

The Organization follows FASB ASC, *Accounting for Uncertainty in Income Taxes*, which clarifies the accounting for uncertainty in income taxes and prescribes a recognition threshold and measurement attribute for financial statement recognition and measurement of tax positions taken or expected to be taken in a tax return. The Organization does not believe they have taken uncertain tax positions, therefore, a liability for income taxes associated with uncertain tax positions has not been recognized.

Due to changes in the tax law in the 2017 Tax Cuts and Jobs Act, the Organization is subject to file an Unrelated Business Income Tax Return for unallowed expenses for the year ended June 30, 2019. These expenses fall under the qualified taxable fringe benefits. The total tax due for the year ended June 30, 2019 is approximately \$8,900.

Cornerstone Housing North, Inc. is exempt from income taxes under Section 501(c)(3) of the Internal Revenue Code. The Internal Revenue Service has determined the Organization to be other than a private foundation within the meaning of Section 509(a).

Retirement plan

The Organization maintains a tax-sheltered annuity plan under the provisions of Section 403(b) of the Internal Revenue Code. All employees are eligible to contribute to the plan beginning on the date they are employed. Each employee may elect salary reduction agreement contributions in accordance with limits allowed in the Internal Revenue Code. Employer contributions are at the Organization's annual discretion. In January 2013, employer contribution payments ceased, therefore as of June 30, 2019 and 2018, there were no discretionary contributions recorded. Further information can be obtained from the Organization's 403(b) audited financial statements.

Donated services and goods

Contributions of donated services that create or enhance non-financial assets or that require specialized skills and would typically need to be purchased if not provided by donation are recorded at their fair values in the period received.

Contributed noncash assets are recorded at fair value at the date of donation. If donors stipulate how long the assets must be used, the contributions are recorded as net assets with donor restrictions. In the absence of such stipulations, contributions of noncash assets are recorded as net assets without donor restrictions.

Donated property and equipment

Donations of property and equipment are recorded as support at their estimated fair value at the date of donation. Such donations are reported as net assets without donor restrictions unless the donor has restricted the donated asset to a specific purpose. Assets donated with explicit restrictions regarding their use and contributions of cash that must be used to acquire property and equipment are reported as net assets with donor restrictions. Absent donor stipulations regarding how long those donated assets must be maintained, the Organization reports expirations of donor restrictions when the donated or acquired assets are placed in service as instructed by the donor. The Organization reclassifies net assets with donor restrictions to net assets without donor restrictions at that time.

Promises to Give

Conditional promises to give are not recognized in the financial statements until the conditions are substantially met. Unconditional promises to give that are expected to be collected within one year are recorded at the net realizable value. Unconditional promises to give that are expected to be collected in more than one year are recorded at fair value, which is measured as the present value of their future cash flows. The discounts on those amounts are computed using risk-adjusted interest rates applicable to the years in which the promises are received. Amortization of the discounts is included in contribution revenue. In the absence of donor stipulations to the contrary, promises with payments due in future periods are restricted to use after the due date. Promises that remain uncollected more than one year after their due dates are written off unless the donors indicate that payment is merely postponed. When a restriction expires, net assets with donor restrictions are reclassified to net assets without donor restrictions.

As of June 30, 2019 and 2018, there were promises to give that were absent of donor stipulations, but restricted in regards to timing, and therefore classified as net assets with donor restrictions in the amount of \$231,161 and \$212,207, respectively. This amount was included in grants and contracts on the Consolidated Statement of Activities.

Use of estimates

The presentation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. Accordingly, actual results could differ from those estimates.

Fair Value of Financial Instruments

Accounting Standards Codification No. 825 (ASC 825), *Disclosures of Fair Value of Financial Instruments*, requires the Organization to disclose fair values of its financial instruments. The carrying amount of the Organization's financial instruments which consists of cash, accounts receivable, deposits and accounts payable, approximate fair value because of the short-term maturity of those instruments.

Functional allocation of expenses

The costs of providing the various programs and other activities have been summarized on a functional basis in the statement of activities. Accordingly, certain costs have been allocated among the program services and supporting activities benefited.

Program salaries and related expenses are allocated to the various programs and supporting services based on actual or estimated time employees spend on each function as reported on a timesheet.

Workers Compensation expenses are charged to each program based upon the classification of each employee and allocated to the various program based upon the time employees spend on each function as noted above.

Paid Leave is charged to a leave pool and is allocated to each program as a percentage of total salaries.

Fringe Benefits are charged to a Fringe Benefit Pool. These expenses include employer payroll taxes, pension expenses, health and dental insurance and unemployment compensation. The pool is allocated to each program based upon a percentage of salaries.

Depreciation expense is allocated to each program based upon specific assets used by the program and is reported as depreciation expense on the statements of functional expenses.

Other occupancy expenses are applicable to assets which are used by multiple programs. Buildings are primarily charged to the benefiting program based upon an analysis of square footage. Costs related to a building include depreciation, insurance, utilities, building maintenance, etc. These costs are reported as space costs on the statements of functional expenses.

Insurance: automobile insurance is allocated to programs based on vehicle usage; building liability insurance is allocated to programs based on square footage of the buildings; and insurance for furniture and equipment is allocated to programs using the book basis of the insured assets.

The remaining shared expenses are charged to an Indirect Cost Pool and are allocated to each program based upon a percentage of program expenses. The expenses include items such as administrative salaries, general liability insurance, administrative travel, professional fees and other expenses which cannot be specifically identified and charged to a program.

The Organization submits an indirect cost rate proposal for the paid leave, fringe benefits and other indirect costs to the U.S. Department of Health and Human Services. The proposal, effective for the fiscal year beginning July 1, 2018, received provisional approval and is effective, until amended, at a rate of 12.50%. Per the agreement with the U.S. Department of Health and Human Services, the Organization's final rate for the year ended June 30, 2018 was 11.45%. The actual rate for the year ended June 30, 2019 was approximately 10.44%, which is allowable because it is less than the provisional rate.

Advertising policy

The Organization uses advertising to inform the community about the programs it offers and the availability of services. Advertising is expensed as incurred. The total cost of advertising for the years ended June 30, 2019 and 2018 was \$11,698 and \$18,616, respectively.

Debt Issuance Costs

During the year ended June 30, 2019, the Organization retrospectively adopted the provisions of the FASB Accounting Standards Update (ASU) No. 2015-03, "*Simplifying the Presentation of Debt Issuance Costs.*" The ASU is limited to simplifying the presentation of debt issuance costs, and the recognition and measurement guidance for debt issuance costs is not affected by the ASU. Amortization expense of \$887 has been included with interest expense in the consolidated statements of functional expenses for both 2019 and 2018.

New Accounting Pronouncement

On August 18, 2016, FASB issued ASU 2016-14, Not-for-Profit Entities (Topic 958) – *Presentation of Financial Statements of Not-for-Profit Entities*. The update addresses the complexity and understandability of net asset classification, deficiencies in information about liquidity and availability of resources, and the lack of consistency in the type of information provided about expenses and investment return. The Organization has adjusted the presentation of these statements accordingly. The ASU has been applied retrospectively to all periods presented.

NOTE 3. CASH AND CASH EQUIVALENTS

Cash and cash equivalents consist of cash on hand, funds on deposit with financial institutions, and investments with original maturities of three months or less. At year end and throughout the year, the Organization's cash balances were deposited with multiple financial institutions. At June 30, 2019 and 2018, the balances in interest and non-interest-bearing accounts were insured by the FDIC up to \$250,000. At June 30, 2019 and 2018, there was approximately \$1,750,000 and \$1,200,000, of deposits held in excess of the FDIC limit, respectively. Management believes the Organization is not exposed to any significant credit risk on cash and cash equivalents and considers this a normal business risk.

Cash Restrictions

The Organization is required to maintain a deposit account with a bank as part of the loan security agreement disclosed at **Note 7**. It is required to maintain a balance of \$19,968 in the account, which is restricted from withdrawal except to make payments of debt service or as approved by the US Department of Agriculture.

Amounts withdrawn to make payments of debt service must be replenished with monthly deposits until the maximum required deposit balance is achieved. The balance as of June 30, 2019 and 2018 was \$20,010 and \$19,980, respectively. The Organization has made all of their scheduled deposits for the years ended June 30, 2019 and 2018. These amounts are included in restricted cash on the Statements of Financial Position.

The balance in the account is restricted for use on behalf of these clients and an offsetting liability is reported on the financial statements as other current liabilities. The total current liability related to this restriction at June 30, 2019 and 2018 was \$582,116 and \$378,605, respectively. These amounts are included in other liabilities on the Statements of Financial Position. The total restricted cash within this account at June 30, 2019 and 2018 was \$582,116 and \$378,605, respectively, and is included in the restricted cash balance on the Statements of Financial Position.

NOTE 4. INVENTORY

In 2019 and 2018, inventory included weatherization materials which had been purchased in bulk. These items are valued at the most recent cost. A physical inventory is taken annually. Cost is determined using the first-in, first-out (FIFO) method. Inventory at June 30, 2019 and 2018, consists of weatherization materials totaling \$85,886 and \$87,569, respectively.

During the year ended June 30, 2018, the Organization adopted the provisions of the FASB Accounting Standard Update (ASU) 2015-11, *Inventory*, (Topic 330): *Simplifying the Measurement of Inventory*, which simplifies the subsequent measurement of inventory by requiring inventory to be measured at the lower of cost or net realizable value. Net realizable value is the estimated selling price of inventory in the ordinary course of business, less reasonably predictable costs of completion, disposal and transportation. The Organization has evaluated ASU 2015-11 and has determined that there is no material impact to the financial statements.

NOTE 5. ACCRUED EARNED TIME

During the year ended June 30, 2017, the Company leased an additional copier under the terms of a capital lease, expiring in May 2021. The assets and liabilities under the capital leases are recorded at the lower of the present value of the minimum lease payments or the fair value of the assets. The assets are depreciated over their estimated lives.

The obligations included in capital leases at June 30, 2019 and 2018, consisted of the following:

NOTE 9. DEMAND NOTE PAYABLE

The Organization has available a \$750,000 line of credit with its primary financial institution which is secured by real estate mortgages and assignments of leases and rents on various properties as disclosed in the line of credit agreement. Borrowings under the line bear interest at 5.00% per annum, and totaled \$316,000 at June 30, 2018. There was no balance outstanding at June 30, 2019. The line is subject to renewal each January.

The Organization was issued an unsecured revolving line of credit in 2014 with the New Hampshire Department of Administration Services. The Organization was not required to make payments of interest or principal prior to maturity. At June 30, 2018, the outstanding debt totaled \$200,022, which included accrued interest of \$21,434. The unsecured revolving line of credit was paid off in full during the year ended June 30, 2019.

NOTE 10. OPERATING LEASES

The Organization has entered into numerous lease commitments for space. Leases under non-cancelable lease agreements have various starting dates, lengths, and terms of payment and renewal. Additionally, the Organization has several facilities which are leased on a month to month basis. For the years ended June 30, 2019 and 2018, the annual rent expense for leased facilities totaled \$181,127 and \$165,227, respectively.

Future minimum lease payments under non-cancelable operating leases having initial terms in excess of one year as of June 30, 2019, are as follows:

<u>Years ending</u> <u>June 30</u>	<u>Amount</u>
2020	\$ 147,778
2021	65,003
2022	<u>3,301</u>
	<u>\$ 216,082</u>

NOTE 11. IN-KIND CONTRIBUTIONS

The Organization records the value of in-kind contributions according to the accounting policy described in Note 1. The Head Start, transportation and elder programs rely heavily on volunteers who donate their services to the Organization. These services are valued based upon the comparative market wage for similar paid positions.

The Organization is also the beneficiary of a donation of in kind in the form of below market rent for some of the facilities utilized by the Head Start and elder programs. The value of the in-kind rent is recorded at the difference between the rental payment and the market rate for the property based upon a recent appraisal.

Many other individuals have donated significant amounts of time to the activities of the Organization. The financial statements do not reflect any value for these donated services since there is no reliable basis for making a reasonable determination.

NOTE 12. CONCENTRATION OF RISK

Tri-County Community Action Program, Inc. receives a majority of its support from federal and state governments. For the years ended June 30, 2019 and 2018, approximately \$13,951,828 (77%) and \$13,773,803 (75%), respectively, of the Organization's total revenue was received from federal and state governments. If a significant reduction in the level of support were to occur, it would have a significant effect on the Organization's programs and activities.

Cornerstone Housing North, Inc. receives a large majority of its support from the U.S. Department of Housing and Urban Development. For the years ended June 30, 2019 and 2018, approximately 69% of the Organizations total revenue was derived from the U.S. Department of Housing and Urban Development. In the absence of additional revenue sources, the future existence of Cornerstone Housing North, Inc. is dependent upon the funding policies of the U.S. Department of Housing and Urban Development.

The majority of Cornerstone Housing North, Inc.'s assets are apartment projects, for which operations are concentrated in the elderly person's real estate market. In addition, the Organization operates in a regulated environment. The operation of the Organization is subject to administrative directives, rules and regulations of federal, state and local regulatory agencies, including, but not limited to, HUD. Such administrative directives, rules and regulations are subject to change by an act of Congress or an administrative change mandated by HUD. Such changes may occur with little notice or inadequate funding to pay for the related cost, including the administrative burden, to comply with the change.

NOTE 13. NET ASSETS WITH DONOR RESTRICTIONS

NOTE 14. COMMITMENTS AND CONTINGENCIES

Grant Compliance

The Organization receives funds under several federal and state grants. Under the terms of the grants the Organization is required to comply with various stipulations including use and time restrictions. If the Organization was found to be noncompliant with the provisions of the grant agreements, the Organization could be liable to the grantor or face discontinuation of funding.

Environmental Contingencies

On March 30, 2009, the Organization's Board of Directors agreed to secure ownership of a 1.2-acre site located in Berlin, New Hampshire. There are 2 buildings on this site designated as the East Wing and West Wing Buildings which were formerly used as a research and development facility for the Berlin Mills Company.

The exterior soil and interior parts of the East Wing Building contained contaminants which required environmental remediation. In a letter dated May 2, 2012, the State of New Hampshire Department of Environment Services (the Department) noted that the remedial actions for the exterior soils and parts of the East Wing Building had been completed to the Department's satisfaction.

In addition, the Department noted that the contaminants related to the West Wing Building did not pose an exposure hazard to site occupants, area residents, and the environment, provided the West Wing Building is maintained to prevent further structural deterioration. If further deterioration occurs and contaminants are released into the environment, the Organization could be required to take additional action including containment and remediation.

Loss Contingencies

During the year ended June 30, 2018, legal actions were brought against the Organization. Due to the uncertainty of the outcome of such cases as of June 30, 2019, as well as the uncertainty of the Organization's potential liability, no amount has been accrued by the Organization at this time.

NOTE 15. REPLACEMENT RESERVE AND RESIDUAL RECEIPTS ACCOUNTS

Under Cornerstone Housing North, Inc.'s regulatory agreement with HUD, the Organization is required to set aside amounts into a replacement reserve for the replacement of property and other project expenditures approved by HUD. HUD-restricted deposits of \$129,407 and \$106,548 were held in a segregated account at June 30, 2019 and 2018, respectively. HUD-restricted deposits generally are not available for operating purposes.

Cornerstone Housing North, Inc.'s use of the residual receipts account is contingent upon HUD's prior written approval. Residual receipts of \$46,514 and \$21,326 were held in a segregated account for the years ended June 30, 2019 and 2018, respectively.

HUD has initiated policies to recapture funds built up in residual receipts accounts upon renewal of the Organization's project rental assistance contract. The policies direct that the amounts in excess of certain limits in the residual receipts account be (a) used to offset rent subsidies due from HUD under HAP contracts, or (b) remitted directly to HUD. The policies generally require project owners to limit the monies accumulated in the residual receipts account to \$250 per unit.

In accordance with the policy noted above, subsequent to year end the Organization was required to remit funds to HUD totaling \$31,412. In addition to the funds remitted, HUD approved the Organization to withdraw \$11,852 from the residual receipts account for equipment.

NOTE 16. SUBSEQUENT EVENTS

Subsequent events are events or transactions that occur after the statement of financial position date, but before financial statements are available to be issued. Recognized subsequent events are events or transactions that provide additional evidence about conditions that existed at the statement of financial position date, including the estimates inherent in the process of preparing financial statements. Non-recognized subsequent events are events that provide evidence about conditions that did not exist at the statement of financial position date, but arose after that date. Management has evaluated subsequent events through October 21, 2019, the date the financial statements were available to be issued.

NOTE A - BASIS OF PRESENTATION

The accompanying schedule of expenditures of Federal Awards (this Schedule) includes the federal grant activity of Tri-County Community Action Program, Inc. under programs of the federal government for the year ended June 30, 2019. The information in this Schedule is presented in accordance with the requirements of Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Because the Schedule presents only a selected portion of the operations of Tri-County Community Action Program, Inc., it is not intended to and does not present the financial position, changes in net assets, or cash flows of the Organization.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Expenditures reported on the Schedule are reported on the accrual basis of accounting. **INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER FINANCIAL
REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON
AN AUDIT OF FINANCIAL STATEMENTS PERFORMED
IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS**

To the Board of Directors of
Tri-County Community Action Program, Inc.
Berlin, New Hampshire

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of Tri-County Community Action Program, Inc. (a nonprofit organization), which comprise the statement of financial position as of June 30, 2019, and the related statements of activities, functional expenses and cash flows for the year then ended, and the related notes to the financial statements, and have issued our report thereon dated October 21, 2019.

Internal Control Over Financial Reporting

In planning and performing our audit of the consolidated financial statements, we considered Tri-County Community Action Program, Inc.'s internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the consolidated financial statements, but not for the purpose of expressing an opinion on the effectiveness of Tri-County Community Action Program, Inc.'s internal control. Accordingly, we do not express an opinion on the effectiveness of Tri-County Community Action Program, Inc.'s internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether Tri-County Community Action Program Inc.'s financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of consolidated financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the organization's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the organization's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

FOR EACH MAJOR PROGRAM AND ON INTERNAL CONTROL

Tri-County Community Action Program, Inc.

Report on Compliance for Each Major Federal Program

We have audited Tri-County Community Action Program Inc.'s compliance with the types of compliance requirements described in the *OMB Compliance Supplement* that could have a direct and material effect on each of Tri-County Community Action Program Inc.'s major federal programs for the year ended June 30, 2019. Tri-County Community Action Program Inc.'s major federal programs are identified in the summary of auditors' results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with the requirements of laws, regulations, contracts, and grants applicable to its federal programs.

Auditors' Responsibility

Our responsibility is to express an opinion on compliance for each of Tri-County Community Action Program Inc.'s major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Those standards and Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about Tri-County Community Action Program Inc.'s compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of Tri-County Community Action Program Inc.'s compliance.

Opinion on Each Major Federal Program

In our opinion, Tri-County Community Action Program, Inc. complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2019.

Report on Internal Control over Compliance

Management of Tri-County Community Action Program, Inc. is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered Tri-County Community Action Program Inc.'s internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of Tri-County Community Action Program, Inc.'s internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

EXPLANATION

These agreements are sole source because the five (5) Community Action Agencies are the only entities eligible to receive Community Services Block Grant funding in accordance with Public Law 105-285 October 27, 1998 --Community Opportunities, Accountability, and Training and Educational Services Act of 1998.

The purpose of this request is to continue providing funds to community programs at the local level to ensure eligible individuals and families receive community-based services that enable them to receive the assistance needed in order to meet their basic needs.

Approximately 275,792 unduplicated individuals will be served collectively by the five (5) contractors from October 1, 2019 through September 30, 2022.

The original agreement included language in the Exhibit C-1 that allows the Department to renew these contracts for up to three (3) additional years, subject to the continued availability of funding, satisfactory performance of service, parties' written authorization and approval from the Governor and Executive Council. The Department is in agreement with renewing services for three (3) years at this time.

The vendors provide services to individuals at the local level that assist them with becoming or remaining financially and socially independent. Activities and services are designed to assist individuals and families who are low income, including children and seniors. Services provided have a focus on poverty reduction in local communities and the state.

Some services provided may be 'stop-gap' measures that are used in instances when an individual or family does not financially qualify for public assistance. The household may be in need of temporary assistance in order get through a particular crisis, such as, but not limited to: heating season, or a temporary emergency that would otherwise result in the individual or family requiring other public assistance.

These vendors administer a variety of programs including, but not limited to:

- Fuel and utility assistance;
- Neighbor Helping Neighbor programs;
- Rental assistance, security deposits and senior housing;
- Senior Community Service Employment Programs;
- Head Start;
- Supplemental Foods;
- Women, Infants and Children (WIC); and
- Weatherization.

In addition to the services provided to individuals, the vendors must provide an annual community action plan to the Department that describes the agency's delivery system; linkages to fill identified gaps; and coordination with other public and private resources. The vendors also conduct an annual community needs assessment. The Community Services Block Grant is administered by a tripartite board that participates in the development, planning, implementation and evaluation of the agency and its programs.

His Excellency, Governor Christopher T. Sununu
and the Honorable Council
Page 3 of 3

The amount of funding provided to each community program is calculated using a formula that is based on poverty demographics available from the US Census Bureau. According to the Community Services Block Grant State Plan, these funds are to be used primarily for the provision of assistance to individuals and families whose incomes are at or below the 125th percentile of the poverty level.

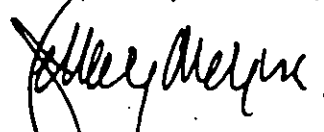

Should the Governor and Executive Council not approve this request, funding to community programs, statewide, may be limited. Limiting funds at the community level will directly, and negatively, impact the citizens of New Hampshire. With the rising cost of essentials, such as heat and food, the federal funding for community programs is necessary in order to deliver the assistance needed to eligible citizens statewide.

Area served: Statewide

Source of Funds: 100% Federal Funds, Catalog of Federal Domestic Assistance (CFDA) #93.569, U.S. Department of Health and Human Services, Administration for Children and Families, Office of Community Services, Community Services Block Grant, FAIN #G-19B1NHCOSR.

In the event that Federal Funds are no longer available, General Funds will not be requested to support this program.

Respectfully submitted,

Jeffrey A. Meyers
Commissioner

EXPLANATION

These agreements are sole source because the five (5) Community Action Agencies are the only entities eligible to receive Community Services Block Grant funding in accordance with Public Law 105 – 285—October 27, 1998 – Community Opportunities, Accountability, and Training and Educational Services Act of 1998.

The purpose of this request is to provide funding to community programs at the local level to ensure eligible participants receive community based services that include, but are not limited to; health, food and financial assistance, employment services, financial planning, and other necessary services. These services allow individuals and families to receive the assistance needed in order to meet their basic needs.

The vendors provide services to individuals at the local level that will assist them to become or remain financially and socially independent. Services provided have a major impact on poverty in the community. Activities and services are designed to assist low-income participants, including the elderly poor.

As referenced in the Exhibit C-1, paragraph 3, of this contract, this Agreement has the option to extend for up to three (3) additional years, contingent upon satisfactory delivery of services, available funding, agreement of the parties and approval of the Governor and Council.

Some services provided may be 'stop gap' measures that are used in instances when an individual or family does not financially qualify for government assistance. The household may be in need of temporary assistance in order get through a heating season or a temporary emergency that would otherwise result in the individual or family becoming eligible for full government assistance.

These vendors administer a variety of programs including, but not limited to:

- Fuel assistance.
- Utility assistance.
- Neighbor Helping Neighbor programs.

- Rental assistance.
- Security deposits.
- Senior Community Service Employment Programs.
- Head Start.
- Supplemental Foods Women, Infants and Children (WIC).
- Weatherization.
- Senior Housing.

In addition to the services provided to individuals, the vendors must provide an annual community action plan to the Department that describes the agency's delivery system; linkages to fill identified gaps; and coordination with other public and private resources. The vendors also conduct an annual community needs assessment. The Community Services Block Grant is administered by a tripartite board that participates in the development, planning, implantation and evaluation of the agency and its programs.

The amount of funding provided to each community program is calculated using a formula that is based on poverty demographics available from the US Census Bureau. According to the Community Services Block Grant State Plan, these funds are to be used primarily for the provision of assistance to individuals and families whose incomes are at or below the 125th percentile of the poverty level.

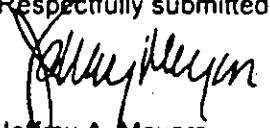

Should the Governor and Executive Council not approve this request, funding to community programs, statewide, may be limited. Limiting funds at the community level will directly, and negatively, impact the citizens of New Hampshire. With heating and food costs rising on a daily basis, the federal funding for community programs is needed in order to deliver the assistance needed to eligible citizens, statewide.

Area served: Statewide

Source of Funds: 100% Federal Funds, Catalog of Federal Domestic Assistance (CFDA) #93.569 Agency: Department of Health and Human Services; Office: Administration for Children and Families; Office of Community Services, Community Services Block Grant.

In the event that Federal Funds are no longer available, General Funds will not be requested to support this program.

Respectfully submitted,

Jeffrey A. Meyers
Commissioner

The certification or explanation will be considered in connection with the NH Department of Health and Human Services' (DHHS) determination whether to enter into this transaction. However, failure of the prospective primary participant to furnish a certification or an explanation shall disqualify such person from participation in this transaction.
3. The certification in this clause is a material representation of fact upon which reliance was placed when DHHS determined to enter into this transaction. If it is later determined that the prospective primary participant knowingly rendered an erroneous certification, in addition to other remedies available to the Federal Government, DHHS may terminate this transaction for cause or default.

A participant may decide the method and frequency by which it determines the eligibility of its principals. Each participant may, but is not required to, check the Nonprocurement List (of excluded parties).
