REQUESTED ACTION

Authorize the Department of Health and Human Services, Division of Public Health Services, to enter into a **sole source** agreement with Qiagen, LLC. (Vendor # 176232), 19300 Germantown Road, Germantown, MD 20874, to provide repair and system maintenance services for one QIAxtractor/QIAcube HT System in an amount not to exceed \$10,862 effective upon Governor and Executive Council approval, through June 30, 2021. 74% Federal Funds and 26% General Funds.

Funds are available in the following account for State Fiscal Years 2020 and 2021, with authority to adjust amounts within the price limitation and adjust encumbrances between State Fiscal Years through the Budget Office, if needed and justified.

05-95-90-902510-7545 HEALTH AND SOCIAL SERVICES, DEPT OF HEALTH AND HUMAN SVS, HHS: DIVISION OF PUBLIC HEALTH, BUREAU OF INFECTIOUS DISEASE, PH EMERGENCY PREPAREDNESS

State Fiscal Year	Class/Account	Class Title	Job Number	Total Amount
2020	102-500731	Contracts for Prog Svc	90077410	\$6,816
2021	102-500731	Contracts for Prog Svc	90077410	\$4,046
			Total	\$10,862

EXPLANATION

This request is **sole source** because Qiagen LLC is the only vendor that can service and repair the QIAxtractor/QIAcube HT instrument. There is no other vendor that is able to service and repair these highly sophisticated devices to ensure high quality laboratory testing.

The purpose of this request is to enter in to a service agreement with Qiagen, LLC. When the devices were purchased in 2014, the instruments included a one-year warranty and an additional 2-year service contract for maintenance. These instruments require regular services in order to maintain the laboratory capacity for high quality laboratory testing.

The Department utilizes the devices to test mosquitos for the West Nile Virus and Eastern Equine Encephalitis (EEE) Virus. The vendor will be servicing the device to ensure the system is thoroughly

inspected and running to its optimal performance. The Department and statewide constituents benefit from accurate results from these instruments to safeguard the spread of infectious diseases.

The Department will monitor the delivery of services under this agreement using the following performance measures:

- The Contractor will provide a narrative description of services performed
- The Contractor will provide a list of parts that were replaced
- The Contractor will provide the total service hours

As referenced in the C-1 of this contract, the parties have the option to extend contract services for up to two (2) additional years, contingent upon satisfactory delivery of services, available funding, agreement of the parties and approval of the Governor and Executive Council.

Should the Governor and Executive Council not authorize this request, the instruments will not be inspected and serviced, which will result in the inability to perform West Nile and EEE tests conducted on mosquitos in New Hampshire. During the testing season (July to October) in previous years, the PHL has tested upwards of 10,000 mosquito batches to provide timely surveillance results that direct public health actions. These public health actions have an ultimate goal of preventing human EEE and WNV illness, which can affect NH residents and visitors to the State.

Area served: Statewide

Source of Funds: 74% Federal Funds from Centers for Disease Control and Prevention, Injury Prevention and Control Research and State and Community Based Programs CFDA# 93.069 and FAIN# NU90TP922018 and 26% General Funds

In the event that the Federal Funds become no longer available, additional General Funds will not be requested to support this program.

Respectfully submitted,

Kerrin A. Rounds
Acting Commissioner

Subject: OIAxtractor/OIAcube HT System Maintenance

The certification or explanation will be considered in connection with the NH Department of Health and Human Services' (DHHS) determination whether to enter into this transaction. However, failure of the prospective primary participant to furnish a certification or an explanation shall disqualify such person from participation in this transaction.
3. The certification in this clause is a material representation of fact upon which reliance was placed when DHHS determined to enter into this transaction. If it is later determined that the prospective primary participant knowingly rendered an erroneous certification, in addition to other remedies available to the Federal Government, DHHS may terminate this transaction for cause or default.
4. The prospective primary participant shall provide immediate written notice to the DHHS agency to whom this proposal (contract) is submitted if at any time the prospective primary participant learns that its certification was erroneous when submitted or has become erroneous by reason of changed circumstances.

A participant may decide the method and frequency by which it determines the eligibility of its principals. Each participant may, but is not required to, check the Nonprocurement List (of excluded parties).
