

THE STATE OF NEW HAMPSHIRE DEPARTMENT OF TRANSPORTATION

Victoria F. Sheehan Commissioner

> Bureau of Environment October 12, 2016

Her Excellency, Governor Margaret Wood Hassan and the Honorable Council State House Concord, NH 03301

REQUESTED ACTION

Authorize the Department of Transportation (DOT) to make payments to the Department of Environmental Services (DES) (Vendor #177894) for permit application fees, and in lieu mitigation fees pursuant to RSA 482-A, for Department construction projects and maintenance activities requiring fill and dredge in wetlands, as well as other areas under the jurisdiction of RSA 482-A. The DOT requests that these payments be approved and effective upon Governor and Executive Council approval through June 30, 2017.

Funding for this request is available for FY 2017 based upon the source of funds for each particular project or activity.

EXPLANATION

Pursuant to RSA 482-A, "no person shall excavate, remove, fill, dredge, or construct any structures in or on any bank, flat, marsh, or swamp in and adjacent to any waters of the state without a permit from [DES]." The law includes prescribed fees for such impacts which DES uses to fund delivery of this fee funded permitting program. In addition, to compensate for the loss of jurisdictional areas, DES adopted rules that require mitigation for major impact projects, certain minor impact projects with jurisdictional impacts of 10,000 square feet or greater, and projects involving stream impact (Env-Wt 303.02). The ARM Fund authorizes DES to collect mitigation funds in lieu of wetland restoration, wetland creation, or upland buffer preservation, as part of a wetlands permit application. These funds are then pooled by DES with payments from other permit applications to fund projects that have greater conservation value within the same watershed. The ARM program was authorized in legislation that became effective in August 2006.

Similar to the Governor and Executive Council approved processes for rented equipment (G&C Item #62, March 12, 2014) and force account agreements (G&C Item #179, June 18, 2014), at the conclusion of each fiscal year, an informational item will be presented to the Governor and Executive Council identifying the permit fees and ARM Fund payments made during the prior fiscal year, while requesting continued approval for payments in the next fiscal year. ARM Fund payments up to now have been individual authorized and this new process will streamline approval and reporting.

Having flexibility for these payments is critical to the nature of the work performed and completed by DOT.

Below is a summary of the payments made by the DOT for permit application fees and ARM Fund payments for the past four (4) fiscal years:

RSA 482-A Payments Made to the Department of Environmental Services

| State FY | # of Fee Applications | Application Fees | # of ARM Fund Projects | ARM Fund Payments | Total |
|------------|--------------------------|---------------------|---------------------------|----------------------|----------------|
| 2017 (YTD) | 12 | \$8,287.40 | 11 | \$196,015.31 | \$204,302.71 |
| 2016 | 58 | \$94,130.20 | 6 | \$2,194,227.28 | \$2,288,357.48 |
| 2015 | 47 | \$45,879.40 | 7 | \$731,656.33 | \$777,535.73 |
| 2014 | 42 | \$55,442.80 | 9 | \$934,453.93 | \$989,896.73 |
| Total | 159 | \$203,739.80 | 33 | \$4,056,352.85 | \$4,260,092.65 |

Approval of this method will ensure the timeliness of project and maintenance work, as the DOT cannot begin work on a project within RSA 482-A jurisdiction without permits or without having made required ARM Fund payments. We believe the reporting system being proposed will further assist the Governor and Executive Council in understanding this permitting component of the DOT's work.

Your approval of this resolution is respectfully requested.

Sincerely,

Victoria F. Sheehan

Commissioner

VFS/ktn
