EXPLANATION

This project includes replacing the parade/playing field's sod surface with synthetic turf and adding underground drainage structures. Improvements to the field will also include: site lighting; a sound system; bleachers; provisions for a score board; and a pavilion with toilet rooms and storage. The site improvements will include vehicle parking; sidewalks; a circulation drive; and new underground utilities such as gas, water, drainage and electrical.

The Army implemented a new physical fitness test in 2020. The Edward Cross Training Center (ECTC) is one of two locations authorized for the New Hampshire Army National Guard to conduct this test. Installation of the turf field at ECTC is necessary to implement the new Army Combat Fitness Test. Additional parking, latrine and storage facilities are necessary supporting infrastructure for the increased usage of the site. The installation of bleachers will allow this athletic field to serve multiple purposes, including functioning as a parade field for the Regional Training Institute when hosting official military events such as Change of Command and retirement ceremonies.

The contractor has been pre-qualified by the Department of Transportation. The contract has been approved by the Attorney General as to form and execution; and the Department of Administrative Services has certified that the necessary funds are available. Copies of the fully executed contract are on file at the Secretary of State's Office and the Department of Administrative Services, Division of Public Works Design and Construction.

Attached please find a copy of the tabulation of bids for this project along with the contract supplemental information sheet.

Respectfully submitted,

Charles M. Arlinghaus,
Commissioner

CONTRACT SUPPLEMENTAL INFORMATION SHEET

PROJECT: DPW Project No. 81186R, Contract B
REBID - ECTC Site Improvements, Pembroke NH

DESCRIPTION: This project includes replacing the parade/playing field's sod surface with synthetic turf and adding underground drainage structures. Improvements to the field will also include: site lighting; a sound system; bleachers; provisions for a score board; and a pavilion with toilet rooms and storage. The site improvements will include vehicle parking; sidewalks; a circulation drive; and new underground utilities such as gas, water, drainage and electrical.

EXPLANATION: The Army implemented a new physical fitness test in 2020. The Edward Cross Training Center (ECTC) is one of two locations authorized for the New Hampshire Army National Guard to conduct this test. Installation of the turf field at ECTC is necessary to implement the new Army Combat Fitness Test. Additional parking, latrine and storage facilities are necessary supporting infrastructure for the increased usage of the site. The installation of bleachers will allow this athletic field to serve multiple purposes, including functioning as a parade field for the Regional Training Institute when hosting official military events such as Change of Command and retirement ceremonies.

ALTERNATES

EXPLANATION: **Alternate #3, ADD \$120,000.** The work includes the installation of sports floodlights, foundations and a concrete pad for the electric enclosure.
Alternate #4, ADD \$110,000. The work includes an additional 75' x 20.5' concrete pad, adjacent 5' wide concrete sidewalk and vender-supplied bleachers.
Alternate #6, ADD \$24,000. The work includes all field markings associated with the football field.

OVER ESTIMATE

EXPLANATION: The low bid is approximately 14% over the Department estimate which was based on the prices received for the first bidding of this project in June 2021, with a modest increase for inflation. However, due to the current and ongoing cost escalations, the prices received for this REBID were higher than anticipated.
