The New Hampshire Racing and Charitable Gaming Commission, in compliance with the requirements of RSA 20:7, respectfully submits the following report of activities for the fiscal year ended June 30, 2014.

Charitable Gaming in New Hampshire continues to evolve. Maximum bets have remained statutorily unchanged at \$4 per individual wagers in games of chance, \$1 per bingo strip of 3 games, and .50 cents per lucky-7 ticket. Currently the Commission regulates 10 games of chance facilities, 9 game operator employers, 13 commercial bingo halls and approximately 500 charities associated with charitable gaming activities in addition to the oversight of 8 manufacturers and 3 distributors of bingo and lucky-7 equipment and paraphernalia.

Charitable gaming continues to be a valuable fund raising resource for those charities that have chosen to participate in these events. In fiscal year 2014 (July 1, 2013 through June 30, 2014) charities have realized over \$12.2 million to further their charitable causes. This profit was driven by lucky-7 ticket sales of \$53.3 million, bingo sales of \$13.0 million and \$68.3 million in games of chance betting.

Our compliance and audit sections have conducted numerous audits, reviews and inspections to ensure compliance with the various statutes and promulgated rules. These included 111 audits and financial reviews and over 1,043 field inspections of licensees.

The inspections resulted in the issuance of 41 written warnings. A total of 89 investigations were initiated and conducted including 24 complaints received from outside sources. Six of the investigations were referred to the Department of Justice or the local authorities for further review and disposition.

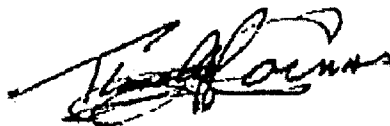

Total pari-mutuel wagering amounted to \$65.8 million for the year, all of which was from simulcast wagering. There has been no live horse racing since 2010, although live horse racing is still statutorily permitted. There are two simulcast wagering facilities in the state: Rockingham Park in Salem and Seabrook Park in Seabrook. A total of 199 occupational licenses were issued at these facilities.

This session, the legislature passed and the governor signed into law HB-1630, a bill to revamp charitable gaming and strengthen oversight. Much of HB-1630 requires further resources than we currently have; consequently, the legislature made an effective date for the majority of the bill as July 2015. That would enable this agency through the budget process and support from the executive branch and legislature to fund the additional resources necessary to fulfill its new duties and requirements associated with HB-1630. In addition to strengthening oversight, HB-1630 establishes a study committee to review charitable gaming to see if it is right for New Hampshire and if so how to enhance it; and if not, how to fund charitable causes. This part of HB-1630 became effective 60 days after the governor's signature; the study committee report is due December 2015.

The Commission will continue to seek the support of the executive branch and the legislature for changes in rules and statutes that will protect the public, improve the wagering experience and maximize revenue to the state and charities.

The members of the New Hampshire Racing and Charitable Gaming Commission wish to thank the Governor, members of the Executive Council, and the General Court and all agency personnel with whom we have worked, for their continued support.

Respectfully submitted,

Timothy J. Connors

HORSE RACING PARI-MUTUEL TAX HISTORY

Pari-Mutuel wagering on horse racing became legal in New Hampshire in 1933. The tables below show the tax structure for horse racing in the state. The tax structure for harness from 1957 to 1982 was on a graduated scale based on handle. WPS indicates that the rates apply to win, place, and show pools only. Multi indicates all other pools, such as daily doubles, trifectas, and quinellas. Breakage in 1933 was kept by the track. From 1939 to 1997 it was split evenly with the state. In 1997, the legislature changed the law to require that 50% of the state's share of breakage be returned to licensee for live racing purse enhancement.

GREYHOUND RACING PARI-MUTUEL TAX HISTORY

Live Greyhound racing had been legal in New Hampshire from 1971 to 2010. The tax structure has been quite complicated at times, because of a system of tax credits and graduated tax rates based on handle. The table below shows the range of tax rates in place since 1971 as well as the tax credits. Breakage on greyhound racing has been split 50:50 between the track and the state. In 1997, the legislature changed the law to require that 50% of the state's share of breakage be returned to licensee for live racing purse enhancement.

BINGO HISTORY

Bingo, formerly regulated as beano, has been legal in New Hampshire since 1949. In 1949, RSA 287 was enacted to regulate beano. In 1983, RSA 287 was repealed and re-enacted as RSA 287-E to regulate bingo. A tax of 5% was imposed in 1983 on winner-take-all games pursuant to RSA 287-E:8. The tax was raised to its current level of 7% in 1990. Pursuant to Chapter 257 of the Laws of NH 2004, authority for administration of bingo was transferred from the Lottery Commission and enforcement of bingo was transferred from the Department of Safety to the Racing and Charitable Gaming Commission on January 1, 2005.

LUCKY 7 HISTORY

Lucky 7 has been legal in New Hampshire since 1949. In 1949, RSA 287 was enacted to regulate lucky 7. In 1983, RSA 287 was repealed and re-enacted as RSA 287-E to regulate lucky 7. A fee of \$15 per deal of pull tab tickets and \$6 per deal of bag tickets was enacted in 1990 under RSA 287-E:22, I. Pursuant to Chapter 257 of the Laws of NH 2004, authority for administration of lucky 7 was transferred from the Lottery Commission and enforcement of lucky 7 was transferred from the Department of Safety to the Racing and Charitable Gaming Commission on January 1, 2005.
