EXPLANATION

The CRJC will provide management and administrative assistance for the CRVRC to assist with carrying out RSA 227-E to protect the resources of the Connecticut River Valley while guiding growth and development. The CRJC will provide the CRVRC with services including, but not limited to, permit review, meeting facilitation and record-keeping, grant writing, general accounting services and implementation of the Connecticut River Water Resources Management Plan. This contract is **SOLE SOURCE** because the CRJC has been the administrative agent of the CRVRC and the Vermont Connecticut River Watershed Area Commission (CRWAC) since 1990.

The CRVRC, created by the legislature in 1987 and the CRWAC, similarly created in 1988, were directed to cooperate with each other to preserve and protect the resources of the Connecticut River Valley, and to guide its growth and development. They have met together as the CRJC since 1989.

His Excellency, Governor Christopher T. Sununu  
and The Honorable Council

The total appropriation from the State of New Hampshire is \$70,000. The CRJC receives comparable operating funds from the State of Vermont and raises other funds from federal and private sources to address its legislative mandates for the Connecticut River.

This agreement has been approved by the Office of the Attorney General as to form, execution, and content.

We respectfully request your approval.
