REQUESTED ACTION

Authorize the NH Department of Corrections to amend Governor and Executive Council item #16, approved on January 14, 2015, a sub grant made available through the Swift and Certain Sanctions (SAC)/Replicating HOPE Project from the NH Department of Justice, by extending the end date only, with no increase in funding, from the current end date of September 30, 2016, to a new end date of September 30, 2017. 100% Agency Income (federal funds at origin).

Funds are available in account: 02-46-46-460510-0856, Department of Corrections, Corrections Grant, Swift and Certain Sanctions: Replicating Hope Project.

EXPLANATION

The NH Department of Corrections was awarded a Swift and Certain Sanctions(SAC)/Replicating HOPE Project sub grant from the NH Department of Justice in 2015, which was approved by the Governor and Executive Council on January 14, 2015 Item #16, with an original project end date of September 30, 2016. The US Department of Justice has approved the NH Department of Justice's request to extend the grant project end date, with no increase in funding, to a new project end date of September 30, 2017.

The Swift and Certain/Replication HOPE project sub grant funds are being utilized to support overtime costs incurred by the NH Department of Corrections Probation/Parole Officers from the Manchester District Office to conduct random urinalysis testing of program participants, enable the capacity for swift and certain arrest of program participants, and field supervision, when applicable. The HOPE Project sub grant funds will also allow for the purchase of urine testing supplies to provide additional immediate testing capacity for program participants.

The Swift and Certain Sanctions/Replicating HOPE Project is replicating a program founded by Judge Steven Alm in Hawaii which was the first successful large-scale implementations of swift and certain sanctions in a criminal justice setting, designed to change the behavior of high risk probationers. This program is designed to add regular random drug testing, deliver sanctions within days of violation, and deliver short-term jail stays as sanctions. The premise behind the HOPE Project is to send a consistent message to probationers about personal responsibility and accountability.

The SAC/Replicating HOPE Project award budget does not include Indirect Costs or Post Retirement as these costs are not identified as part of the sub grant award. Audit Fee Set Aside is not included in the grant budget as it is the responsibility of the direct recipient of the federal grant (NHDOJ) to include Audit Fee Set Aside as part of their agency's budget.

Source of Funds: 100% Agency Income (federal funds at origin).

In the event that these grant funds no longer become available additional state general funds will not be requested to support this program.

Respectfully Submitted,
