EXPLANATION

On October 22, 2021, the Governor and Council approved the accept and expend of \$12,000,000 in American Rescue Plan Act (ARPA) State Fiscal Recovery Funds (SFRF) to grant funds for a safety and emergency equipment matching grant program for cities and towns, which would reimburse for such investments incurred by December 31, 2022, that are allowable expenses under ARPA SFRF.

This request is to finalize the agreements using the attached terms and conditions that have been accepted in the grant application by each applicant (example provided because all signed terms and conditions are the same). Each award notice for the eligible amounts to each awardee are also attached.

The twelve prior batches of grant applications (see list below) came before you for approval on January 26, 2022, February 16, 2022, March 9, 2022, April 20, 2022, May 4, 2022, May 18, 2022, June 1, 2022, June 15, 2022, June 29, 2022, July 12, 2022, July 27, 2022, and August 17, 2022, totaling \$8,331,121.45 leaving \$3,668,878.55 available for approval and allocation. Your approval of this request would reduce the current remaining balance by \$54,281 for a total of \$8,385,402.45 leaving a new remaining balance of \$3,614,597.55 for future requests that GOFERR may bring forward for review and approval.

This and any potential future batches for approval request is designed to ensure administrative efficiency and reduce administrative burden, as well as be similar to requests by other agencies where specific awards can be separately considered and approved, if needed, by using the unique identifiers in the table (Exhibit A, B, C, Etc.).

GOFERR started accepting applications to this program on October 29, 2021, and it reviews and determines eligibility on a rolling basis. As a result, requests for award authorizations will continue to be submitted to the Governor and Executive Council on a rolling basis in batches. Such "batch" approval requests will occur from now through the application deadline and final review. The application period for the program closed June 3, 2022.

GOFERR is conducting review of the applications received as of that closing date and anticipates bringing the final batches forward for approval over the course of the next several Council meetings. GOFERR will accept grant applications until the program deadline and issue award notices that are subject to final approval by the Governor and Executive Council in accordance with the program's application with terms and conditions (example attached), which are signed as part of an application submission by each applicant. Upon approval of this request, the terms and conditions become the grant agreement under which an award is approved and subsequently issued or paid.

As part of the program, cities and towns throughout the state can apply for reimbursement of eligible safety and emergency equipment needed to assist in response to the COVID-19 health crisis, up to \$50,000 and taking into account a 90% match by the State. Meaning, cities and towns must contribute 10% of the cost of the equipment. Due to that 10% match, applicants must submit expenses in excess of \$50,000 in order to reach the program's maximum award.

Towns are allowed to apply for awards, and awards have been issued, based on review of eligible expenses within the application. Documentation justifying an award notice could range from already paid invoices to quotes for the cost of equipment. However, payment is issued on a reimbursement basis once the equipment has either been paid for by the Locality or the Locality has sufficiently incurred the cost,

such as with a purchase order. GOFERR works with each applicant to navigate this process and provides information on what expenses will be paid immediately (subject to approval by Governor and Executive Council) versus which may need further documentation and will be paid at a later date. This process was designed to help provide confidence to Localities that they would have the funds available for these eligible purchases.

As a result, the tables in this item reflect authorized awards, some of which will not immediately be paid in full, unless or until the necessary documentation verifying the incurred expense is provided. For example, a town may apply for and receive an award notice that reaches the program cap of \$50,000, but may have not yet entered into an agreement with an obligation to purchase a piece of equipment within that application with a cost of \$10,000. That town would receive payment of the already documented \$40,000 upon approval by Governor and Executive Council and would later receive payment of the remaining \$10,000 once it provides documentation of that incurred expense.

Cities and towns may submit more than one application for additional equipment costs in order to achieve the full benefit of the program. GOFERR tracks any remaining balance of the available \$50,000 per eligible applicant. GOFERR has sent reminders to all towns in February, March, April and twice in May that have remaining balances.

This matching grant program is designed to assist the State's cities and towns as they continue to respond to the pandemic and related public safety challenges.

In the event that Federal Funds become no longer available, General Funds will not be requested to support this program.

Respectfully submitted,

Taylor Caswell,
Executive Director, GOFERR
