His Excellency, Governor Christopher T. Sununu
and the Honorable Council
State House
Concord, New Hampshire 03301

REQUESTED ACTION

Authorize the Department of Health and Human Services, Division for Children, Youth and Families, to enter into a **Sole Source** amendment to an existing contract with New Hampshire Coalition Against Domestic and Sexual Violence, (Vendor #15510-B001), Concord, NH to continue providing a statewide domestic violence prevention program, by increasing the price limitation by \$3,652,652 from \$5,921,162 to \$9,573,814 and by extending the completion date from June 30, 2021 to June 30, 2023 effective July 1, 2021 or upon Governor and Council approval, whichever is later. 71% General Funds. 29% Other Funds (Fees).

The original contract was approved by Governor and Council on June 7, 2017, item #11. It was subsequently amended with Governor and Council approval on December 6, 2017, item #6, October 3, 2018, item #12, June 19, 2019, item #67, and most recently amended with Governor and Council approval on January 22, 2020, item #9.

Funds are anticipated to be available in the following accounts for State Fiscal Years 2022 and 2023, upon the availability and continued appropriation of funds in the future operating budget, with the authority to adjust budget line items within the price limitation and encumbrances between state fiscal years through the Budget Office, if needed and justified.

See attached fiscal details.

EXPLANATION

This request is **Sole Source** because the contract was originally approved as sole source and MOP 150 requires any subsequent amendment to be labeled as sole source. The New Hampshire Coalition Against Domestic and Sexual Violence (Coalition) is the only vendor in the State of New Hampshire working with victims of domestic and sexual violence and continues to be uniquely qualified to provide these services. The Coalition is designated by the Department as the coordinator to administer the domestic violence program, as specified in NH RSA 173-B.

The purpose of this request is to continue to provide additional funding for statewide domestic violence prevention services, as required by RSA 173-B. The funds provide grant money to New Hampshire programs that provide aid and assistance to victims of domestic and sexual violence. Domestic violence grant funds are disbursed by the Coalition to twelve (12) local organizations around the state and are used to fund such services as: 24-hour crisis telephone lines; emergency transportation; shelters; community outreach; education; and support services to thousands of victims of sexual and domestic violence each year. To ensure that potential providers have competitive access to deliver these services at the local level, the Coalition solicits

His Excellency, Governor Christopher T. Sununu
and the Honorable Council
Page 2 of 2

proposals from local agencies and awards sub-contracts to perform these services throughout the state.

Approximately 10,000 individuals will be served from July 1, 2021 to June 30, 2023.

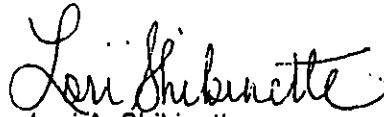

The New Hampshire Coalition has successfully performed the mandates set forth in RSA 173-B:20 for the past several years. Additionally, hundreds of people receive emergency transportation and thousands of individuals are provided legal and social services advocacy by the vendor. Other services include, operating domestic violence support groups, and publishing and distributing fact sheets, brochures, stickers and ribbons in order to promote awareness of domestic violence issues.

Should the Governor and Council not authorize this request the Coalition's ability to provide domestic violence prevention services may be greatly diminished.

Area served: Statewide.

In the event that the Other Funds become no longer available, General Funds will not be requested to support this program.

Respectfully submitted,

Lori A. Shibinette
Commissioner

Report on the Financial Statements

We have audited the accompanying financial statements of New Hampshire Coalition Against Domestic and Sexual Violence (a nonprofit organization), which comprise the statement of financial position as of June 30, 2020 and the related statement of activities and changes in net assets, functional expenses, and cash flows for the year then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of New Hampshire Coalition Against Domestic and Sexual Violence as of June 30, 2020 and the changes in its net assets and its cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Report on Summarized Comparative Information

We have previously audited the New Hampshire Coalition Against Domestic and Sexual Violence's 2019 financial statements, and we expressed an unmodified audit opinion on those audited financial statements in our report dated October 4, 2019. In our opinion, the summarized comparative information presented herein as of and for the year ended June 30, 2019, is consistent, in all material respects, with the audited financial statements from which it has been derived.

Other Matters

Other information

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The accompanying schedule of expenditures of federal awards, as required by Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*, is presented for purposes of additional analysis and is not a required part of the financial statements. New Hampshire Coalition Against Domestic and Sexual Violence

Notes to Financial Statements

Years Ended June 30, 2020 and 2019

NOTE A-NATURE OF ACTIVITIES AND SIGNIFICANT ACCOUNTING POLICIES

Nature of Activities

The Coalition is a private, non-profit, tax-exempt organization committed to ending domestic and sexual violence. The Coalition serves as a coordinating organization for its 13 member agency crisis centers that in turn provide services to survivors of sexual assault, domestic violence, human trafficking, and stalking. Twelve of the Coalition's member agencies are autonomous, private, non-profit organizations with their own mission, structure, and board of directors; one is a university-based program. The Coalition receives 96% of its funding from federal and state agencies and less than 1% from private fundraising.

The Vision of the Coalition is:

All New Hampshire communities provide safety for every person.

The Mission of the Coalition is:

The New Hampshire Coalition Against Domestic & Sexual Violence creates safe and just communities through advocacy, prevention and empowerment of anyone affected by sexual violence, domestic violence and stalking.

This mission is accomplished by the Coalition, which includes 13 independent community-based member programs, a board of directors and a central staff working together to:

- Influence public policy on the local, state and national levels;
- Ensure that quality services are provided to victims;
- Promote the accountability of societal systems and communities for their responses to sexual violence, domestic violence and stalking;
- Prevent violence and abuse before they occur.

To elaborate on the above mission and vision statements, the Coalition supports member agency staff with specialized training, resources and technical assistance; convenes member agency staff to facilitate shared learning and peer support; and collects and disseminates best practices and current information. The Coalition supports the development of new services and serves as a statewide clearinghouse and coordinating organization related to victim services. It administers state and federal contracts that provide funding for its member programs.

Coalition staff provide education and training to court and law enforcement officials and attorneys, and collaborate with legal assistance organizations that provide lawyers for survivors and their families. Coalition staff work to promote cross-system collaboration with child protective services and child advocacy centers to assure safety for children exposed to or who have experienced domestic and sexual violence, and for their parents. Coalition staff participate on numerous statewide boards and commissions to advocate for effective responses to victims.

The Coalition's Public Affairs staff work closely with other advocacy groups, legislators and survivors to draft legislation, organize testimony, and advocate for policy changes throughout the legislative session. The Coalition either takes an active role in or tracks close to 150 bills each legislative session. These bills address a wide range of issues including domestic and sexual violence; stalking; family law; divorce and child custody/visitation/support; reproductive rights; law enforcement and courts; privacy and personal information; healthcare; and economic justice.

Coalition staff also provide resources and sources for responsible news media and reporting. Coalition staff create and distribute statewide communications materials to raise awareness about sexual assault, domestic violence, prevention and services available to victims.

NOTE A-NATURE OF ACTIVITIES AND SIGNIFICANT ACCOUNTING POLICIES, (continued)

Nature of Activities (Continued)

The Coalition plays a key leadership role in efforts to prevent domestic and sexual violence throughout New Hampshire. Coalition staff collaborate with state and local entities to support policies and practices to advance effective prevention education. Coalition staff are proactive in educating the public about the causes and effects of domestic and sexual violence and stalking and as well as services available across the state. The Coalition has sponsored research on the prevalence of violence in New Hampshire.

The Coalition also manages several specific programs to assist its member crisis centers and the public. The following are three distinct programs that directly affect survivors of domestic violence, sexual violence and stalking:

AmeriCorps Victim Assistance Program (AVAP)

The AmeriCorps Victim Assistance Program (AVAP) founded in 1994 is a multi-agency collaboration housed by the Coalition that ensures that direct services are available to victims of domestic and sexual violence and stalking throughout New Hampshire. AVAP is part of AmeriCorps, a national service program that offers opportunities to Americans who are interested in making a substantial commitment to serve their country through national service.

Members of the AmeriCorps Victim Assistance Program are placed throughout New Hampshire at member agencies, police departments, prosecutor offices, the New Hampshire Department of Corrections, and child advocacy centers to offer support and information to victims of domestic and sexual violence and stalking. Currently, AVAP members are focusing their advocacy efforts on providing financial literacy and housing services to survivors of domestic violence, sexual assault, and stalking. AVAP members are trained in the AllState Foundation's Moving Ahead through Financial Management curriculum which they use in one-on-one sessions and in financial literacy workshops focused on an array of topics from basic budgeting to checking a credit report. Members also provide information and facilitate referrals to local financial and housing services.

Sexual Assault Nurse Examiner (SANE) Program

A Sexual Assault Nurse Examiner (SANE) is a Registered Nurse who has been specially trained to provide comprehensive care to sexual assault survivors, who demonstrates competency in conducting medical/forensic examinations and who has the ability to be a witness in a sexual assault prosecution. Coalition staff are responsible for training and working with registered SANEs and medical professionals across the state to ensure that sexual assault victims receive consistent and professional care during forensic exams.

The Family Violence Prevention Specialist Program

Research shows a high correlation (40-60%) between the perpetration of domestic violence and the perpetration of child abuse and neglect in the same family. The Family Violence Prevention Specialist Program was built on the principle that abused and neglected children are best served when they can remain in a safe household with a non-violent parent.

New Hampshire Coalition Against Domestic and Sexual Violence
Notes to Financial Statements
Years Ended June 30, 2020 and 2019

NOTE A-NATURE OF ACTIVITIES AND SIGNIFICANT ACCOUNTING POLICIES, (continued)

The Family Violence Prevention Specialist program began in 1998 as a coordinated effort between the Coalition and the Division for Children, Youth, and Families (DCYF). Family Violence Prevention Specialists (FVPSs) are employed by local member agencies of the Coalition, and are co-located at local DCYF District Offices. The FVPSs are a source of assistance and training to child protective service workers while providing advocacy services to victims of domestic violence involved with DCYF. This program results in more effective assistance to victims through the development of interventions that recognize the adult victim's need for support and advocacy in order to improve safety outcomes for children.

Significant Accounting Policies

The financial statements of the Coalition have been prepared in conformity with Generally Accepted Accounting Principles (GAAP) as applied to not-for-profits. The Financial Accounting Standards Board (FASB) is the accepted standard-setting body for establishing accounting and financial reporting principles for not-for-profits. The more significant of the FASB's generally accepted accounting principles applicable to the Coalition, and the Coalition's conformity with such principles, are described below. These disclosures are an integral part of the Coalition's financial statements.

Basis of Presentation

The Coalition reports information regarding its financial position and activities according to two classes of net assets: net assets without donor restrictions and net assets with donor restrictions.

Net assets without donor restrictions - These net assets generally result from revenues generated by receiving contributions that have no donor restrictions, providing services, and receiving interest from operating investments, less expenses incurred in providing program-related services raising contributions, and performing administrative functions.

Net assets with donor restrictions - These net assets result from gifts of cash and other assets that are received with donor stipulations that limit the use of the donated assets, either temporarily or permanently, until the donor restriction expires, that is until the stipulated time restriction ends or the purpose of the restriction is accomplished.

Basis of Accounting

The financial statements of the Coalition have been prepared on the accrual basis of accounting and accordingly reflect all significant receivables, payables and other liabilities.

Grants Receivable and Promises to Give

Contributions are recognized when the donor makes a promise to give to the Coalition that is, in substance, unconditional. Contributions that are restricted by the donor are reported as increases in net assets without donor restrictions if the restrictions expire in the fiscal year in which the contributions are recognized. All other donor-restricted contributions are reported as increases in net assets with donor restrictions. When a restriction expires, net assets with donor restrictions are reclassified to net assets without donor restrictions.

New Hampshire Coalition Against Domestic and Sexual Violence**Notes to Financial Statements**

Years Ended June 30, 2020 and 2019

NOTE A-NATURE OF ACTIVITIES AND SIGNIFICANT ACCOUNTING POLICIES, (continued)**Contributed Services**

During the Years Ended June 30, 2020 and 2019, the value of contributed services relating to printing, community education, direct training and professional fees were \$83,144 and \$106,680, respectively.

In addition, many individuals volunteer their time and perform a variety of tasks that assist the Coalition; these amounts have not been recognized in the accompanying statement of activities because the criteria for recognition as contributed services has not been met.

Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Compensated Absences

Employees of the Coalition are entitled to paid vacation depending on job classification, length of services, and other factors. The statement of financial position reflects accrued vacation earned, but unpaid as of June 30, 2020 and 2019 in the amounts of \$70,244 and \$63,255, respectively.

Allocation of Expenses

The costs of providing the various programs and other activities have been summarized on a functional basis in the statements of activities and functional expenses. Accordingly, certain costs have been allocated among the programs and supporting services benefited based on estimates that are based on their relationship to those activities. Those expenses include payroll and payroll related expenses and occupancy costs. Occupancy costs are allocated based on square footage. Payroll and payroll related expenses are based on estimates of time and effort. Other cost allocations are based on the relationship between the expenditure and the activities benefited.

Property and Equipment

It is the Coalition's policy to capitalize property and equipment over \$2,500 and all expenditures for repairs, maintenance, renewals and betterments that prolong the useful lives of assets. Lesser amounts are expensed. Purchased property and equipment is capitalized at cost. Donations of property and equipment are recorded as contributions at their estimated fair value. Such donations are reported as contributions without donor restriction unless the donor has restricted the donated asset to a specific purpose. Assets donated with explicit restrictions regarding their use and contributions of cash that must be used to acquire property and equipment are reported as restricted contributions. Absent donor stipulations regarding how long those donated assets must be maintained, the Coalition reports expiration of donor restrictions when the donated or acquired assets are placed in service as instructed by the donor. The Coalition reclassifies net assets with donor restrictions to net assets without donor restrictions at that time. Property and equipment are depreciated using the straight-line method. The ranges of useful lives are as follows:

Improvements	39 Years
Equipment	3-7 Years

Depreciation expense recorded by the Coalition for the Years Ended June 30, 2020 and 2019 was \$6,393 and \$7,584, respectively.

New Hampshire Coalition Against Domestic and Sexual Violence**Notes to Financial Statements**

Years Ended June 30, 2020 and 2019

NOTE A-NATURE OF ACTIVITIES AND SIGNIFICANT ACCOUNTING POLICIES, (continued)**Income taxes**

The Coalition has been notified by the Internal Revenue Service that it is exempt from federal income tax under Section 501(c) (3) of the Internal Revenue Code. The Coalition is further classified as an organization that is not a private foundation under Section 509(a)(3) of the Code. The most significant tax positions of the Coalition are its assertion that it is exempt from income taxes and its determination of whether any amounts are subject to unrelated business tax (UBIT). The Coalition follows the guidance of Accounting Standards Codification (ASC) 740, Accounting for Income Taxes, related to uncertain income taxes, which prescribes a threshold of more likely than not for recognition of tax positions taken or expected to be taken in a tax return.

Cash and Cash Equivalents

For purposes of the statements of cash flows, the Coalition considers all highly liquid investments (short-term investments such as certificates of deposits and money market accounts) with an initial maturity of three months or less to be cash equivalents. The following table provides a reconciliation of cash and cash equivalents reported within the statement of financial position to the sum of the corresponding amounts within the statement of cash flows as of June 30:

	<u>2020</u>	<u>2019</u>
Cash and Cash Equivalents	\$ 48,920	\$ 54,183
Restricted Cash and Cash Equivalents	89,537	46,760
Cash and Cash Equivalents Designated for Long-Term Investment	<u>-</u>	<u>350,655</u>
Total	<u>\$138,457</u>	<u>\$451,598</u>

Certificates of Deposit

Certificates of deposit are reported on the accompanying statement of financial position. The certificates bear interest ranging from 1.50% to 3.50% as of June 30, 2020. Maturities range from six months to four years.

Segregation of Accounts

Under Title I, New Hampshire, The State and Its Government, Chapter 15 Lobbyist Section 15:1-a, the Coalition is required to physically and financially separate state funds from any non-state funds that may be used for the purposes of lobbying or attempting to influence legislation, participate in political activity, or contribute funds to any entity engaged in these activities. The Coalition has established and maintains a separate bank account for this purpose. The account balances were \$3,450 and \$2,061 at June 30, 2020 and 2019, respectively.

Concentration of Credit Risk

The Coalition maintains cash balances in several accounts at local banks. These accounts are insured by the Federal Deposit Insurance Corporation up to \$250,000. At various times throughout the year, the Coalition may have cash balances at the financial institution that exceeds the insured amount. Management does not believe this concentration of cash results in a high level of risk for the Coalition. At June 30, 2020 and 2019 the Coalition had uninsured cash balances of \$85,316 and \$0, respectively.

Advertising Costs

The Coalition follows the policy of charging the production costs of advertising to expense as incurred. Advertising expense at June 30, 2020 and 2019 was \$5,995 and \$3,697 respectively.

New Hampshire Coalition Against Domestic and Sexual Violence

Notes to Financial Statements

Years Ended June 30, 2020 and 2019

NOTE A-NATURE OF ACTIVITIES AND SIGNIFICANT ACCOUNTING POLICIES, (continued)

Comparative Financial Information

The financial statements include certain prior-year summarized comparative information in total but not by net asset class. Such information does not include sufficient detail to constitute a presentation in conformity with generally accepted accounting principles. Accordingly, such information should be read in conjunction with the Coalition's financial statements for the year ended June 30, 2019, from which the summarized information was derived.

Financial Instruments

The carrying value of cash and cash equivalents, certificates of deposit, grants receivable, prepaid expenses, accounts payable and accrued expenses are stated at carrying cost at June 30, 2020 and 2019, which approximates fair value due to the relatively short maturity of these instruments. Other financial instruments held at year-end are investments, which are stated at fair value.

Reclassifications

Certain financial statement and note information from the prior year financial statements has been reclassified to conform with current year presentation format.

Subsequent Event

Management has evaluated subsequent events through February 23, 2021, the date on which the financial statements were available to be issued to determine if any are of such significance to require disclosure. It has been determined that no other subsequent events matching this criterion occurred during this period.

Newly Adopted Accounting Pronouncement

During the year ended June 30, 2019, the Coalition adopted the requirements of the Financial Accounting Standards Board's Accounting Standards Update No. 2016- 14—Not-for-Profit Entities (Topic 958): Presentation of Financial Statements of Not-for-Profit Entities (ASU 2016- 14). This Update addresses the complexity and understandability of net asset classification, deficiencies in information about liquidity and availability of resources, and the lack of consistency in the type of information provided about expenses and investment return between not-for-profit entities. A key change required by ASU 2016-14 is the net asset classes used in these financial statements. Amounts previously reported as unrestricted net assets are now reported as net assets without donor restrictions and amounts previously reported as temporarily restricted net assets and permanently restricted net assets are now reported as net assets with donor restrictions.

Recent Accounting Pronouncements

In June 2018, the FASB issued ASU 2018-08, Not-for-Profit Entities (Topic 958)—Clarifying the Scope and the Accounting Guidance for Contributions Received and Contributions Made. The FASB issued this ASU to clarify and improve the scope and the accounting guidance for contributions received and contributions made. The amendments in this ASU should assist entities in (1) evaluating whether transactions should be accounted for as contributions (nonreciprocal transactions) within the scope of Topic 958, Not-for-Profit Entities, or as exchange (reciprocal) transactions subject to other guidance and (2) determining whether a contribution is conditional.

In May 2014, the FASB issued ASU 2014-09, Revenue Recognition (Topic 606)—Revenue from Contracts with Customers. This ASU introduces a new five-step revenue recognition model in which an entity should recognize revenue to depict the transfer of promised goods or services to customers in an amount that reflects the consideration to which the entity expects to be entitled in exchange for those goods or services.

New Hampshire Coalition Against Domestic and Sexual Violence**Notes to Financial Statements**

Years Ended June 30, 2020 and 2019

NOTE A-NATURE OF ACTIVITIES AND SIGNIFICANT ACCOUNTING POLICIES, (continued)**Recent Accounting Pronouncements (Continued)**

In February, 2016, the FASB issued ASU 2016-02, Leases (Topic 842). Under the new guidance, a lessee will be required to recognize assets and liabilities for leases with lease terms of more than twelve months. Consistent with current GAAP, the recognition, measurement, and presentation of expenses and cash flows arising from a lease by a lessee primarily will depend on its classification as a finance or operating lease. However, unlike current GAAP—which requires only capital leases to be recognized on the statement of financial position—the new ASU will require both types of leases to be recognized on the statement of financial position.

The Coalition is presently evaluating the effects that these ASUs will have on its future financial statements, including related disclosures. ASUs above are effective for fiscal years beginning after December 15, 2019 and the Coalition will be required to adopt them in the year ending June 30, 2021.

NOTE B – NET ASSETS WITH DONOR RESTRICTIONS

Net assets with donor restrictions consist of funds received by the Coalition, restricted as to use or time. The restrictions are considered to expire when payments are made. As of June 30, 2020 and 2019 respectively, the net assets with donor restrictions are available for the following purpose:

	<u>2020</u>	<u>2019</u>
Housing Assistance to Survivors	\$ 24,615	\$ 20,310
Data Assessment	-	5,500
Direct support to Survivors	19,200	-
Technology Improvement	5,117	-
Human Trafficking Services	20,574	-
Economic Support to Survivors	<u>20,031</u>	<u>20,950</u>
Total	<u>\$ 89,537</u>	<u>\$ 46,760</u>

Net assets in the amount of \$674,468 and \$79,440 were released from donor restrictions by incurring expenses satisfying the restricted purpose during the years ended June 30, 2020 and 2019, respectively.

NOTE C – DESCRIPTION OF LEASING ARRANGEMENTS

The Coalition presently leases office equipment under short-term operating lease agreements.

The Coalition entered a ten-year lease agreement for office space and parking spaces on March 1, 2018, expiring in 2028. Annual rent was \$74,556 with 4% annual escalations each year on the anniversary of the lease term. Annual parking was \$7,800 with no more than 2% annual increases. The future minimum lease payments on this agreement as of June 30 are:

2021	\$ 96,343
2022	99,611
2023	103,011
2024	106,546
2025	110,223
Thereafter	<u>312,566</u>
Total	<u>\$ 828,300</u>

Rent expense related to the lease was \$85,400 and \$82,777 for the years ended June 30, 2020 and 2019 respectively. Rent paid for parking spaces totaled \$7,800 during the years ended June 30, 2020 and 2019, respectively, and are included in parking expense on the statement of financial expenses.

NOTE E – FAIR VALUE MEASUREMENTS

In accordance with FASB ASC 820, *Fair Value Measurements and Disclosures*, the Coalition is required to disclose certain information about its financial assets and liabilities. Fair values of assets measured on a recurring basis at June 30 were as follows:

	Fair Value	Quoted Prices In Active Markets For Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)
<u>2020</u>			
Investments	\$ 347,689	\$ 347,689	\$ -

The Coalition has net assets designated for various future needs. These funds are comprised of the following as of June 30:

	<u>\$ 211,427</u>	<u>\$ 221,051</u>

NOTE G – LIQUIDITY & AVAILABILITY OF FINANCIAL ASSETS

The Coalition has a policy to structure its financial assets to be available as its general expenditures, liabilities and other obligations come due. The Coalition's primary source of support is grants. That support is held for the purpose of supporting the Coalition's budget. The Coalition had the following financial assets that could be readily made available within one year to fund expenses without limitations:

	<u>2020</u>	<u>2019</u>

FASB Accounting Standards Codification Topic 820-10 *Fair Value Measurements* defines fair value, requires expanded disclosures about fair value measurements, and establishes a three-level hierarchy for fair value measurements based on the observable inputs to the valuation of an asset or liability at the measurement date. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. It prioritizes the inputs to the valuation techniques used to measure fair value by giving the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurement) and the lowest priority to measurements involving significant unobservable inputs (Level 3 measurement).

Under Topic 820-10, the three levels of the fair value hierarchy are as follows:

Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that the Coalition has the ability to access at the measurement date.

Level 2 inputs are inputs other than quoted prices included in Level 1 that are either directly or indirectly observable for the assets or liabilities.

Level 3 inputs are unobservable inputs for the assets or liabilities.

The level in the fair value hierarchy within which a fair measurement in its entirety falls is based on the lowest level input that is significant to the fair value measurement in its entirety.

All investments are measured at Level 1. Inputs to the valuation methodology are unadjusted quoted prices for identical assets in active markets.

The individual investments contain net assets without donor restrictions. Investments in marketable equity securities and marketable debt securities are carried at fair market value determined by “quoted market prices” per unit (share) as of the statement of financial position date. All other investments are stated at cost. Donated investments are recorded at the mean of the high and low price as of the date of receipt. Gains and losses on investments are reported as increases or decreases in net assets without donor restrictions, unless their use is restricted by explicit donor stipulation or by law.

Spending Policy

Each fiscal year the Coalition is authorized to withdraw up to 5% of the total market value of the total portfolio of the Fund. The amount available to be withdrawn in a fiscal year will be up to 5% of the Fund market value as of the last business day of the fiscal third quarter of the preceding fiscal year. Only with the approval of a majority vote of the Board of Directors, present at a meeting duly called for such purpose, may the Coalition exceed the 5% spending cap.

The line of credit is secured by all business assets. There were no borrowings against the line as of June 30, 2020 and 2019.

NOTE J – SBA PAYROLL PROTECTION PROGRAM LOAN

On April 23, 2020 the Coalition received approval of a loan from The U.S. Small Business Administration as part of the Paycheck Protection Program in the amount of \$175,000. This loan calls for interest fixed at 1%. No payments are required for six months from the date of the loan. This note will mature two years from the date of first disbursement of the loan. It is likely that this loan will be forgiven under the provisions of Section 1106 of the Coronavirus Aid, Relief, and Economic Security Act (CARES Act) (P.L. 116-136).

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING
AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL
STATEMENTS PERFORMED IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS*

Board of Directors
New Hampshire Coalition
Against Domestic and Sexual Violence
Concord, New Hampshire

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of New Hampshire Coalition Against Domestic and Sexual Violence (a nonprofit organization), which comprise the statement of financial position as of June 30, 2020, and the related statements of activities and changes in net assets and cash flows for the year then ended, and the related notes to the financial statements, and have issued our report thereon dated February 23, 2021.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered New Hampshire Coalition Against Domestic and Sexual Violence's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of New Hampshire Coalition Against Domestic and Sexual Violence's internal control. Accordingly, we do not express an opinion on the effectiveness of New Hampshire Coalition Against Domestic and Sexual Violence's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements, on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether New Hampshire Coalition Against Domestic and Sexual Violence's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the organization's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the organization's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE FOR EACH MAJOR PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE

Board of Directors
New Hampshire Coalition
Against Domestic and Sexual Violence
Concord, New Hampshire

Report on Compliance for Each Major Federal Program

We have audited New Hampshire Coalition Against Domestic and Sexual Violence's compliance with the types of compliance requirements described in the *OMB Compliance Supplement* that could have a direct and material effect on each of New Hampshire Coalition Against Domestic and Sexual Violence's major federal programs for the year ended June 30, 2020. New Hampshire Coalition Against Domestic and Sexual Violence's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

Management Responsibility

Management is responsible for compliance with federal statutes, regulations, and the terms and conditions of its federal awards applicable to its federal programs.

Auditor's Responsibility

Our responsibility is to express an opinion on compliance for each of New Hampshire Coalition Against Domestic and Sexual Violence's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Those standards and the Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about New Hampshire Coalition Against Domestic and Sexual Violence's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of New Hampshire Coalition Against Domestic and Sexual Violence's compliance.

Opinion on Each Major Federal Program

In our opinion, New Hampshire Coalition Against Domestic and Sexual Violence complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2020.

Report on Internal Control over Compliance

Management of New Hampshire Coalition Against Domestic and Sexual Violence is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered New Hampshire Coalition Against Domestic and Sexual Violence's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of New Hampshire Coalition Against Domestic and Sexual Violence's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. *A significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

EXPLANATION

This is sole source because the New Hampshire Coalition Against Domestic and Sexual Violence is the only program in the State of New Hampshire working with victims of domestic and sexual violence and continues to be uniquely qualified to provide these services. The Coalition is designated by the Department as the coordinator to administer the domestic violence program, as specified in NH RSA 173-B:18.

The purpose of this request is to provide additional funding for statewide domestic violence prevention services, as required by RSA 631:2-b. The funds provide grant money to New Hampshire programs that provide aid and assistance to victims of domestic and sexual violence. Domestic violence grant funds are disbursed by the New Hampshire Coalition Against Domestic and Sexual Violence (Coalition) to twelve (12) local organizations around the state and are used to fund such services as: 24-hour crisis telephone lines; emergency transportation; shelters; community outreach; education; and support services to thousands of victims of sexual and domestic violence each year. To ensure that potential providers have competitive access to deliver these services at the local level, the Coalition solicits proposals from local agencies and awards sub-contracts to perform these services throughout the state.

Approximately 10,000 individuals will be served through contracted services.

His Excellency, Governor Christopher T. Sununu
and the Honorable Council
Page 3 of 3

The New Hampshire Coalition has successfully performed the mandates set forth in RSA 173-B:20 for the past several years. Additionally, hundreds of people receive emergency transportation and thousands of individuals are provided legal and social services advocacy by the vendor. Other services include, operating domestic violence support groups, and publishing and distributing fact sheets, brochures, stickers and ribbons in order to promote awareness of domestic violence issues.

Should the Governor and Executive Council not approve this request, the New Hampshire Coalition Against Domestic and Sexual Violence's ability to provide domestic violence prevention services may be greatly diminished.

EXPLANATION

This agreement is retroactive, sole source with the New Hampshire Coalition Against Domestic and Sexual Violence due to crisis centers having less than ten (10) months to spend these additional funds distributed through the Domestic Violence Prevention Program, which places a hardship on the crisis centers. Because the centers largest expense, by a significant factor, is personnel costs, funds distributed to a crisis center with less than twelve (12) months to spend them places the center in a difficult situation when it comes to meeting their staffing and personnel needs. The impact of these funds on individual survivors has been tremendous, and the Coalition is eager to disburse these funds to the crisis center programs expeditiously. Therefore, allowing this retroactive request will provide the Coalition access to the full amount of funds allotted to them by the Legislature.

This is a sole source agreement because the New Hampshire Coalition Against Domestic and Sexual Violence is the only program in the State of New Hampshire working with victims of domestic and sexual violence and continues to be uniquely qualified to provide these services. The Coalition is designated by the Department as the coordinator to administer the domestic violence program, as specified in NH RSA 173-B:18.

Funds in this amendment will be used for the provision of statewide domestic violence prevention services as required by RSA 631:2-b. These funds provide grant money to New Hampshire programs that provide aid and assistance to victims of domestic and sexual violence. Domestic violence grant funds are disbursed by the New Hampshire Coalition Against Domestic and Sexual Violence (Coalition) to twelve (12) local organizations around the state and are used to fund such services as: 24-hour crisis telephone lines, emergency transportation, shelters, community outreach, and education and support services to thousands of victims of sexual and domestic violence each year.

His Excellency, Governor Christopher T. Sununu
And the Honorable Council
Page 3 of 3

To ensure that potential providers have competitive access to deliver these services at the local level, the Coalition solicits proposals from local agencies and awards sub-contracts to perform these services throughout the state.

The New Hampshire Coalition has successfully carried out the mandates set forth in RSA 173-B: 18 for the past several years. Additionally, hundreds of people receive emergency transportation and thousands are provided legal and social services advocacy by the vendor. Other services include operating domestic violence support groups, and publishing and distributing fact sheets, brochures, stickers and ribbons in order to promote awareness of domestic violence issues.

This contract contains language which allows for the option to renew contract services for up to two (2) years, subject to the continued availability of funds, satisfactory performance of services and approval by the Governor and Executive Council.

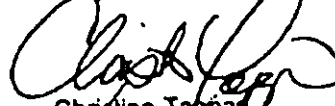

Should the Governor and Executive Council not approve this request, the New Hampshire Coalition Against Domestic and Sexual Violence's ability to provide domestic violence prevention services may be greatly diminished.

Geographic area served: Statewide

Source of funds: The special fund for domestic violence programs established by RSA 173-B:15. 37% Other (Marriage and License Fees), 63% General Funds.

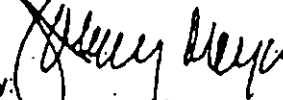

If the Other Funds become no longer available, general funds will not be requested to support the program expenditures.

Respectfully submitted,

Christine Tappan
Associate Commissioner

EXPLANATION

This is a retroactive, sole source agreement. Currently, crisis centers had less than five (5) months to spend these additional funds distributed through the Domestic Violence Prevention Program, which placed a hardship on the crisis centers. Because the centers largest expense, by a significant factor, is personnel costs, funds distributed to a crisis center with only a short time to spend them places the center in a difficult situation when it comes to meeting their staffing and personnel needs. The impact of these funds on individual survivors has been tremendous, and the Coalition is eager to disburse these funds to the crisis center programs expeditiously. Therefore, being able to go retroactive will allow the Coalition to gain access to the full amount of funds allotted to them by the Legislature. This was authorized and funds appropriated by the Legislature on July 1, 2017.

This is a sole source agreement because the New Hampshire Coalition Against Domestic and Sexual Violence is the only program in the State of New Hampshire working with victims of domestic and sexual violence and continues to be uniquely qualified to provide these services. The Coalition is designated by the Department as the coordinator to administer the domestic violence program, as specified in NH RSA 173-B:18.

Funds in this amendment will be used for the provision of statewide domestic violence prevention services as required by RSA 631:2-b. These funds provide grant money to New Hampshire programs that provide aid and assistance to victims of domestic and sexual violence. Domestic violence grant funds are disbursed by the New Hampshire Coalition Against Domestic and Sexual Violence (Coalition) to twelve (12) local organizations around the state and are used to fund such services as: 24-hour crisis telephone lines, emergency transportation, shelters, community outreach, and education and support services to thousands of victims of sexual and domestic violence each year. To ensure that potential providers have competitive access to deliver these services at the local level, the Coalition solicits proposals from local agencies and awards sub-contracts to perform these services throughout the state.

The New Hampshire Coalition has successfully carried out the mandates set forth in RSA 173-B: 18 for the past several years. Additionally, hundreds of people receive emergency transportation and thousands are provided legal and social services advocacy by the vendor. Other services include operating domestic violence support groups, and publishing and distributing fact sheets, brochures, stickers and ribbons in order to promote awareness of domestic violence issues.

This contract contains language which allows for the option to renew contract services for up to two (2) years, subject to the continued availability of funds, satisfactory performance of services and approval by the Governor and Executive Council.

Should the Governor and Executive Council not approve this request, the New Hampshire Coalition Against Domestic and Sexual Violence's ability to provide domestic violence prevention services may be greatly diminished.

The certification or explanation will be considered in connection with the NH Department of Health and Human Services' (DHHS) determination whether to enter into this transaction. However, failure of the prospective primary participant to furnish a certification or an explanation shall disqualify such person from participation in this transaction.
3. The certification in this clause is a material representation of fact upon which reliance was placed when DHHS determined to enter into this transaction. If it is later determined that the prospective primary participant knowingly rendered an erroneous certification, in addition to other remedies available to the Federal Government, DHHS may terminate this transaction for cause or default.

A participant may decide the method and frequency by which it determines the eligibility of its principals. Each participant may, but is not required to, check the Nonprocurement List (of excluded parties).
