EXPLANATION

The Department of Business and Economic Affairs (BEA) seeks to accept and expend **\$51,728,530** in Coronavirus Capital Project Funds (CPF) from the United States Department of the Treasury. These funds are a part of the American Rescue Plan Act of 2021 (ARPA). The entire grant amount is \$122,066,151, that will be available for use through December 31, 2026.

The accept and expend request for the remaining \$70,337,621 will be requested when the US Treasury approves the Broadband Matching Grant Initiative (BMGI) Program.

The following are the anticipated programs and budget needed for FY2023 per program:

\$50 million – Broadband Connect Program

The Broadband Connect Program was approved by U.S. Treasury on June 7, 2022. The program will serve as the initial program funded by CPF award funds and is designed to fund a local internet service provider (ISP) to provide internet service to the most rural parts of the state lacking internet service – areas where it would not be possible without CPF funds. The program is designed to fund broadband infrastructure that is designed to deliver reliable internet service that meets or exceeds 100/100 Mbps symmetrical speeds. The program also requires that the ISP takes part in the FCC's Affordable Connectivity Program (ACP) – a \$30 per month subsidy for low-income families – and that they provide at least one low-cost option at speeds sufficient for households with multiple users to simultaneously telework and engage in remote learning.

\$800,000 – Mapping Services

The State of New Hampshire has determined the best way to provide ISPs, municipalities, and the public a view of the unserved locations in the state is through a comprehensive mapping. In addition, this mapping will be used to determine where fiberoptic infrastructure is located, statewide. This will be an asset for municipalities and ISPs when the state begins its BMGI program (expected later in 2022).

\$750,000 – Consultant Contractor for Capital Project Funds Guidance

As these funds are one-time funds and expire after 2026, administrative funds would most effectively be used to hire third-party consultants to work with the state directly as opposed to contracting staff. Consultants hired will have the experience of the reporting, auditing, and regulatory requirements to which the ISPs and the state must adhere throughout the expected completion of Capital Project Funds buildout by mid-2026. The contract will be for not more than \$3 million; BEA is projecting \$750,000 towards the first year of the contract.

The Honorable Karen Umberger, Chairman
Fiscal Committee of the General Court

His Excellency, Governor Christopher T. Sununu
and the Honorable Council

\$133,380 – Broadband Personnel

In FY22, the Fiscal Committee approved the broadband office to funding for personnel through the State and Local Fiscal Recovery Funds (SLFRF) through June 30, 2023. However, U.S. Treasury requires recipients to track personnel time spent on the CPF activities. The expectation is that half of the office time will be spent on CPF, and the two sources of funding will be split equally.

In the event that Federal Funds become no longer available, General Funds will not be requested to support this program.

Respectfully submitted,

SCHEDULE 1
U.S. DEPARTMENT OF THE TREASURY
CORONAVIRUS CAPITAL PROJECTS FUND
STATES AND TERRITORIES
AWARD TERMS AND CONDITIONS

The following are the standard terms and conditions applicable to awards issued by the U.S. Department of the Treasury (Treasury) under the Coronavirus Capital Project Fund (CPF) program established by section 604 of the Social Security Act (the CPF Statute), as added by section 9901 of the American Rescue Plan Act of 2021.

Defined terms used but not otherwise defined herein shall have the meanings ascribed to them in the Guidance for the Coronavirus Capital Projects Fund for States, Territories, and Freely Associated States issued by Treasury on September 20, 2021, as it may be amended from time to time.

1. **General.** Recipient agrees that the funds disbursed under this award will be subject to the requirements of the CPF Statute, all other applicable federal statutes, regulations, executive orders, the Guidance for the Coronavirus Capital Projects Fund for States, Territories and Freely Associated States issued by Treasury on September 20, 2021, as it may be amended from time to time, and any other guidance issued by Treasury regarding the CPF (together with the September 20, 2021 guidance, the Guidance).
2. **Use of Funds.**
 - a. Recipient may use award funds for Program Administrative Costs, subject to the requirements of the cost principles provided in 2 C.F.R. § 200 subpart E.
 - b. Recipient may use award funds for Project Costs upon approval by Treasury of a Program Plan. Project Costs are subject to the requirements of the cost principles provided in 2 C.F.R. § 200 subpart E and any other restrictions Treasury may impose as a condition to approving Recipient's Grant Plan(s) and applicable Program Plan(s).
 - c. Recipient will determine that it has institutional, managerial, and financial capability to ensure proper planning, management, and completion of any Project using these grant funds prior to engaging in any such Project.
3. **Program Administrative Costs.**
 - a. Program Administrative Costs are defined for purposes of this Grant Agreement as (i) costs associated with completing the Application and Grant Plan (including Program

Plans), and (ii) costs related to complying with grant administration and audit requirements, including both direct and indirect administrative costs.

- i. Absent Treasury's express consent, Program Administrative Costs over the period of performance may not exceed 5% of the award. The limitation on Program Administrative Costs includes the combined total of direct and indirect administrative costs charged to the award by Recipient and all its subrecipients.
- ii. Recipient may request a higher limit on Program Administrative Costs by providing a rationale for the use of additional funds for administrative purposes, which must be approved by Treasury. Recipients seeking to request a higher limit may submit a written request, along with the rationale via email to capitalprojectsfund@treasury.gov.
- iii. Consistent with 2 C.F.R. § 200.414(f), if Recipient does not have a current negotiated indirect cost rate, Recipient may elect to charge indirect costs to the award using the de minimis rate of ten percent of modified total direct costs for program administration.
- iv. Recipient may use its negotiated cost rate agreement so long as the total of all administrative costs incurred by the Recipient and all subrecipients, whether direct or indirect administrative costs, does not exceed the applicable limit on Program Administrative Costs.

4. Availability of Funds.

- a. Upon execution of this Grant Agreement, Recipient will have access to the amount of funds requested in the Application for Program Administrative Costs subject to the 5% limitation described in Section 3 above. If Recipient requests less than the maximum amount of funds available to it for Program Administrative Costs in the Application, it may submit a subsequent request for the remaining available amount via email to capitalprojectsfund@treasury.gov.
- b. Recipient will have access to funds for a Program upon approval by Treasury of a Grant Plan that includes at least one Program Plan. Funds for additional Programs will subsequently be made available as each applicable Program Plan is approved by Treasury. Treasury will assess and approve each Program Plan separately and shall separately provide access to funds for each Program Plan when approved. The amounts, timing, and conditions of such payments will be determined by Treasury in its sole discretion. All Program Plans must be submitted to Treasury for consideration no later than September 24, 2022.
- c. Funding for Programs for which no complete Program Plan is received by the deadline above will be considered forfeited by Recipient, unless Treasury, in its sole discretion, grants a deadline waiver.

5. **Civil Rights Compliance.** Recipient agrees to provide any documentation Treasury may require concerning its compliance with Title VI of the Civil Rights Act of 1964, Treasury's implementing regulations at 31 C.F.R. Part 22, and the government-wide regulations contained in 28 C.F.R. Part 42, Subparts C and F. Recipient acknowledges and agrees that award funds will not be made available to Recipient for Project Costs and may not be used by Recipient for Project Costs until such time as Recipient has submitted information and documentation as required by Treasury in accordance with 31 C.F.R. § 22.6 and 28 C.F.R. § 42.406, and Treasury provides notice of approval of such submission.
6. **Execution of Projects.** Recipient agrees to carry out any and all Projects in the manner described in Recipient's Program Plan approved by Treasury, subject to the requirements provided by the Grant Plan, this Grant Agreement, or requirements contained in the CPF Statute, Guidance, applicable laws, regulations, or executive orders.

Such costs are allowable only to the extent they would have been allowable if incurred after the date of the award and only with the written approval of Treasury.
