			Total:	\$200,000

EXPLANATION

The purpose of this request is to enter into an agreement with Portland Webworks, Inc. to provide website design and hosting services in support of the Department's goal to re-align the substance use disorder (SUD) service access system into a streamlined and standardized approach as part of the State Opioid Response (SOR) grant, as awarded by the Substance Abuse and Mental Health Services Administration (SAMHSA).

The establishment of a single website for information and service referral is critical to the Department's Opioid Response Plan. In the current environment, a multitude of disparate websites and resource lists are available for individuals seeking information and services for SUD. The website that results from this agreement will serve as a single repository designed to capture Department vetted information about prevention, treatment, recovery and harm reduction services. Funds will be utilized by Portland Webworks, Inc. to design, develop, implement, provide the hosting for and manage a single, consolidated website that ensures the general public in New Hampshire has access to consistent and accurate information on SUD services available in New Hampshire.

This website will ensure individuals who seek information about SUD are directed to the appropriate resources, including the 2-1-1 NH call center and Regional Hub services.

Portland Webworks, Inc. was selected for this procurement through a competitive bid process. A Request for Proposals was posted on the Department of Health and Human Services' website from September 14, 2018 through October 4, 2018. The Department received three (3) proposals. The proposals were reviewed and scored by a team of individuals with program specific knowledge. The Score Summary is attached.

As referenced in the Request for Proposals and in the Exhibit C-1 of this contract, this Agreement has the option to extend for up to four (4) additional years, contingent upon satisfactory delivery of services, available funding, agreement of the parties and approval of the Governor and Executive Council.

Notwithstanding any other provision of the Contract to the contrary, no services shall continue after June 30, 2019, and the Department shall not be liable for any payments for services provided after June 30, 2019, unless and until an appropriation for these services has been received from the state legislature and funds encumbered for the SFY 2020-2021 biennium.

Should the Governor and Executive Council not authorize this request, communications, information and resources available regarding SUD to individuals will continue to be separate and not communicate with a consistent message, which may result in delays to accessing care for SUD for individuals.

Area served: Statewide.

Source of Funds: 100% Federal Funds from DHHS, Substance Abuse & Mental Health Services Administration, Center for Substance Abuse Treatment, State Opioid Response (SOR) Grant – SAMHSA, (FOA) No. TI-18-015. FAIN #TI081685

In the event that the Federal (or Other) Funds become no longer available, General Funds will not be requested to support this program.

Respectfully submitted,

Katja Fox
