Total	<u>\$ 33,000</u>

EXPLANATION

DAS is authorized pursuant to RSA 21-1:28, to enter into contracts with any organization to administer the health benefits program. This request is a **sole source** cooperative agreement because the UNH Institute for Health Policy and Practice (IHPP) is uniquely situated to provide these services by bringing the State of New Hampshire Employee and Retiree Health Benefits Program together with three other public purchasers to create the New Hampshire Purchasers Group on Health (NHPGH). This Agreement is made pursuant to the State's Master Agreement with the University System of New Hampshire that was approved by Governor and

Executive Council on November 13, 2002 and follows prior agreements approved by Governor and Executive Council.

The NHPGH is a collaboration of the state's four largest public health care purchasers, representing more than 120,000 covered individuals and nearly three quarters of a billion dollars in annual health care expenditures. In addition to the State of New Hampshire Employee and Retiree Health Benefits Program (HBP), the members of the NHPGH include the Health and Wellness Program for the University System of New Hampshire, HealthTrust and SchoolCare. The four NHPGH members, including the State's HBP, work to impact the quality, efficiency and effectiveness of health care provided to our health benefit plan members that include employees, retirees and eligible family members.

The NHPGH is committed to advancing the triple aim for health care, e.g. lowering cost, improving quality and health outcomes and improving the patient care experience for enrolled employees HBP members. NHPGH goals include the following: learning about changes to health care delivery, laws, and policy that could be beneficial to the NHPGH members including the State's HBPs; monitoring changes in the state and national health care markets which will impact HBP operations; and educating health plan participants to be more informed and engaged in their benefits to improve their health status. The IHPP supports the NHPGH's vision by coordinating the NHPGH meetings and acting as an impartial resource to keep the group apprised of the current trends in health care cost containment and quality initiatives. Through their continued involvement in the NHPGH, members have the option to incorporate this information into their own quality and cost containment strategies.

The NHPGH relies on the IHPP for coordinated data analytics, project management, and research and administrative support. Efforts continue toward the development of common reporting and comparative information so that the respective governmental units can target health cost drivers with appropriate health promotion and purchasing interventions.

DAS staff attends monthly meetings of the NHPGH. These meetings support the HBP managers by providing updates on legal and policy changes at the federal and state level that have an impact on health care costs and care delivery in the State of New Hampshire. This information is an important resource to DAS as it manages the HBP on a daily basis as well as when it procures for health benefit services.

In summary, this agreement enables the IHPP to assist the NHPGH, including DAS, in providing local and national information on value-based purchasing strategies; providing a central point of contact; coordinating data analytics activities; and managing group projects, such as coordinated wellness programming. DAS believes the services outlined in this agreement will assist the State in responding to an evolving health care system.

Respectfully submitted,

Joseph B. Bouchard
Assistant Commissioner

(4) **Obligations of Covered Entity**

- c. Covered entity shall promptly notify Business Associate of any restrictions on the use or disclosure of PHI that Covered Entity has agreed to in accordance with 45 CFR 164.522, to the extent that such restriction may affect Business Associate's use or disclosure of PHI.

(5) **Termination for Cause**

In addition to Paragraph #14 of the Agreement, the Covered Entity may immediately terminate the Agreement upon Covered Entity's knowledge of a breach by Business Associate of the Business Associate Agreement set forth herein as Exhibit I. The Covered Entity may either immediately terminate the Agreement or provide an opportunity for Business Associate to cure the alleged breach within a timeframe specified by Covered Entity. If Covered Entity determines that neither termination nor cure is feasible, Covered Entity shall report the violation to the Secretary.

- e. Segregation. If any term or condition of this Exhibit I or the application thereof to any person(s) or circumstance is held invalid, such invalidity shall not affect other terms or conditions which can be given effect without the invalid term or condition; to this end the terms and conditions of this Exhibit I are declared severable.
- f. Survival. Provisions in this Exhibit I regarding the use and disclosure of PHI, return or destruction of PHI, extensions of the protections of this Exhibit in section (3)(l), and the defense and indemnification provisions of section (3) and Paragraph #14 of the Agreement shall survive the termination of the Agreement.
