

NEW HAMPSHIRE  
EARLY TOWN PAPERS.

---

GILMANTON.

This is one of the old townships, and was granted May 20, 1727, to Nicholas Gilman and one hundred and seventy-five others, but was not settled until about 1761, when Benjamin and John Mudgett moved into town with their families and there settled.

The Masonian Proprietors claimed the land, but a settlement was made whereby they relinquished their claim to all but eighteen shares, giving the town proprietors a quitclaim deed June 30, 1752.

Iron ore was discovered in the town, and works for the manufacture of iron were built as early as 1763, but the business not proving remunerative was in a few years abandoned.

Governor's Island was annexed to the town December 30, 1799. June 16, 1812, the northerly part of the town was set off and incorporated into a town by the name of Gilford. July 5, 1851, a tract of land was severed from this town and annexed to Gilford.

By an act passed June 29, 1859, the town was divided, and the north-westerly part incorporated into a town by the name of Upper Gilmanton, which name was changed to Belmont June 24, 1869.

Gen. Joseph Badger was the first magistrate, and for many years a prominent citizen of the town. He was a member of the council in 1784, 1790-'91, 1795-'96. Gen. Badger was born in Haverhill, Mass., January 11, 1722, and died April 4, 1803; was grandfather of Gov. William Badger.

*The Petition* of a Committee of the Proprietors of Gilman-

Humbly Sheweth—That the Propriet<sup>rs</sup> afores<sup>d</sup> live in Several  
Towns within this Province & Some of them who became So  
by Purchase live in the Province of the Mass<sup>s</sup> Bay—whereby  
they can by no means already Provided, Collect the money

That for want of Legal Authority to Collect the Said money  
the Settlem<sup>t</sup> of the Said Town is greatly Retarded, and an un-  
equal Burthen bio't upon Such of the Said Proprietors as are  
Diligent & forward in carrying on the Settlem<sup>t</sup> who are Some-  
times obliged to pay more than their proportion to prevent a  
total neglect of the Settlement.

That the Propriet<sup>rs</sup> who are zealously Concern'd to promote  
the Said Settlem<sup>t</sup> have been at Great Charge to Cut a Way up  
to the Said Township, & building houses of Defence, Laying  
out their Lots &c—which they only have Defrayed—

To His Excellency John Wentworth Esq<sup>re</sup>—Captain General and Governour in Chief the Hon<sup>ble</sup> Council and the Hon<sup>ble</sup> House of Representatives of His majesties province of New hampshire in New England—

The Petition of us the subscribers Inhabitants of the Town of Gilmantown, Humbly shew that by an act of this Government the proprietors of said Town were obliged to make a Road through the same and that we have Been always Informed that the Inhabitants had no Concern in it and the proprietors have Disobeyed the Courts order and voted that they would not make the Road and the Courts Committee have Been obliged to Do it and we understand that some of the proprietors of said Town are Desirous that this Great and Honourable Court would order that all the Lotts in said Town should be Taxed to pay that Charge which we apprehend would be a Grievous Burden upon us that are Inhabitants there for the Inhabitants have Ventur<sup>d</sup> their Lives and fortunes to settle that town and have had no help from the proprietors to make any Road in it or but a very little and are obliged to be at the Expence of two Hundred Dollars a Year to make and maintain their Necessary Roads and if the Expence of making the province Road should be paid by a Tax on the Lotts there is a Great Number of proprietors who own Large Interest in the Common Lands that will pay Little or nothing by Reason they have sold the Greatest part of what

is Laid out and at an Exorbitant price by Reason of the settlement and Roads we have made at our own Expence

Therefore your Petitioners Humbly pray that Your Excellency and this Great and Honourable Court would take the matter into Consideration and Grant us some Releif as Your Excellency and Honours in your Great wisdom shall Judge proper

and your petitioners as in Duty bound shall Ever pray &c

65 men in all

There is eight wanting of the number required, which are from Leavitts town two from Tamworth two from Middletown three from Sandbornton one—The reasons are as follows viz. Leavitts town having no officers nor selectmen nor Committee of Safety I applied to Tho<sup>s</sup> Parsons Esq who said that they were so exposed being the frontier town that he thought it would not be safe to spare any men out of that town, and did not think he could possibly raise any

The Cap<sup>t</sup> of Tamworth writes to me that the state of their town is that they have fourteen men now in the service and but twelve men at home fit for duty but with great difficulty he has obtained one man who appeared on muster day but on hearing his complaint and the Captains Letter by advice of Deac Knowles the muster master I Released him

The selectmen of Middletown were desired to Raise five men that being their propoition and they made return that there were so many of their men now in the service that they had done all in their power and could raise but three men and on muster day one of the selectmen came with two of the men and said that the third was taken sick and like to remain so there was but two mustered

The Cap<sup>t</sup> of Sandbornton says that they have twenty six men now in the service but notwithstanding he raised the men sent for but Col<sup>l</sup> Walker the muster master put by one by reason he was so small and the Captain prays he may be excused from raising another to supply his place by reason it would be attended with so much difficulty

Col<sup>l</sup> Evans Taxed me Publickly at Concord for obtaining an order for my men to march by misrepresenting the number of my Company but if I did it was what was Impossible for any one to avoid for if I remember I wrote that my Company would consist of Between fifty and sixty men and at that time I had Return of five men from Wakefield five from New Durham, one from Middletown and one from Tamworth, that they would appear on muster day but afterwards ten of them enlisted with Cap<sup>t</sup> Drew and one proved sick and one I released which no man could foresee which twelve men added to forty four now gone would make fifty six which would I think agree very near with what I wrote Notwithstanding all Col<sup>l</sup> Evans parade

about the superiority of his Regiment and of the ancient town of Dover when we mett at Concord it was in the power of my men to have chosen every officer but when the Cap<sup>t</sup> was chose I spoke to my men and desired that they would consent that Col<sup>l</sup> Evans<sup>s</sup> men should Nominate the two Lieutenants which they unanimously agreed to had Col<sup>l</sup> Evans<sup>s</sup> men been more in numbers than mine I believe it is the opinion of the Gentlemen spectators that he would not have advised as I did. I would not have been so troublesome but as my Character Laboured I thought it necessary to sett the matter clear

I am your Honours most ob<sup>d</sup> Hum<sup>l</sup> Serv<sup>t</sup>

Amherst 14<sup>th</sup> June 1794—

Sir—

The duties of my Office require my attendance on Tuesday next, at Moultonborough, Eighty or ninety Miles from this place—Since I was before the Hon<sup>l</sup> Senate a Doubt has arisen, whither the Land voted by the Town, of Gilmanton for the use of an Academy, can be holden for the use of. Such an institution, If it should turn out that they cannot be holden, there would be a great impropriety in the vote of the Town carrying so large a feature in the Act—What amendments the Hon<sup>le</sup> Senate may propose—I shall be so unfortunately situated, as not to know at present—under these circumstances. If my Proposals of amendment should not meet the approbation of the Hon<sup>le</sup> Senate, & no relief granted, I must, under all circumstances request the Hon<sup>le</sup> Senate to Postpone the Bill until the next Session of the Gen<sup>l</sup> Court—Perhaps before that time we shall compromise & settle the matter, which at present appears to be in dispute between us—

I am Sir with much esteem Yours &c—

Thomas Cogswell—

Amherst June 12<sup>th</sup> 1794—

Sir

it often happens that a Citizen doing Business with the Legislative Body of the State is under the Necessity through you to Communicate his Sentiments on a Subject that is not only interesting to himself but the public, under these circumstances I trust it will be a Sufficient apology for me to request you to lay before the Representative Body of this State the following Sentiments—Viz —Sometime Since the Town of Gilmantown appointed Joseph Badger Esq and others a Committee to open

a Subscription for the Benefit of an Accademy in Said Town, and to apply for an Act of incorporation early in this Session a Petition was prefer'd to this Honorable Body for an Act of incorporation of an Accademy in Said Town and an Order of this Court Issued with Leave to bring in a Bill accordingly. The Act for that purpose now under consideration contains a Clause fixing the place of said Accademy in Said Town which to me appears to exceed the power of the Committee or agents from the Town.—to exceed the request of the Petitioners, to Exceed the Order of Court thereon and is differant from any other grant of this kind, known in the Union—it will have a tendency (if So continued) to enhance the Board of pupils and many ways discourage and hinder the increase and prosperity of Such a Seminary of Learning—under these considerations, I Flatter myself it will be considered when I Suggest the Idea of the Clause fixing the Accademy at a Certain place to be Struck out, that I have no other view than the General Good—

I am Sir

with Every Sentiment of Esteem

your Most Obe<sup>t</sup> hum<sup>l</sup> Servant

## GILSUM.

This town was granted December 28, 1752, to Joseph Osgood and others, by the name of Boyle. None of these grantees ever settled in the town, probably on account of the depredations of the Indians, and the grant was forfeited.

It was regranted July 13, 1763, to Samuel Gilbert and others. Said Gilbert and Thomas Sumner were prominent in procuring the grant. Their families were connected by marriage, and the town was named by taking the first syllable of each name and coning the word Gilsum.

Jonathan Bliss and Josiah Kilburn were the first settlers, in 1762. March 9, 1769, the west part of the town was set off, and, with a portion of Westmoreland, incorporated into the town of Surry.

September 27, 1787, the south-east part of the town was set off, joined with portions of Keene, Stoddard, and Packersfield (Nelson), and incorporated into the town of Sullivan.

A dispute relative to the boundary line between this town and Stoddard was settled by an act passed June 27, 1797, by which the "curve line of Mason's Patent" was made the dividing line of the two towns, and Gilsum lost another tract of land.

In 1873 a few acres of land were taken from Sullivan and annexed to this town.

Every man in town signed the "Association Test," and the town did its full share in the Revolutionary war and in the suppression of the Southern Rebellion.

Among the prominent men of the town was Hon. George W Hammond, for many years an eminent physician. He was a member of the constitutional convention of 1850, member of the state senate in 1855-'56, and died January 30, 1872, at the age of 70 years.

To the respectable Body of Delegates Assembled in Provincial Congress at Exeter in New Hampshire—The Petition of a Considerable number of the Inhabitants of Said Province.

Humbly Sheweth—That your Petitioners are Strongly attached to the true Interest, welfare and safety of this their native Country, and are willing to Exert themselves to the utmost in

the Defence of their Just and Constitutional rights and Privileges and imagine that any man or Bodies of men who endeavor to wrest them from us ought to be anathematized—

It is real anxiety and concern for our Distressed Country, which causes us thus to trouble you at this time, Your Petitioners apprehend (not that we would Presume to Dictate) that all Persons who have in any measure or Degree Discovered themselves inimical to those Persons, (who have from the first rise of the Controversy Betwixt Great Brittain and the Colonies, approved themselves to their Fellow Countrymen true and Disinterested Patriots, or those who have Deided and Set at nought the Proceedings and resolutions of the united Wisdom of the Colonies in the Late Continental Congress) ought not to Sustain any Office, Either Civil or military in this Critical conjuncture of affairs—Upon a review of these Sentiments, we were not a Little Surprised to here that James Reed Esq of Fitzwilliam was not only in nomination but Actually Appointed a Commander of a Regiment in the Army to be raised for Defending those rights and Immunities which, by some past Conduct we have reason to think were not very highly Esteemed by him ; it is truly painfull for us, thus to Impeach the Character of a reputed Gentleman, much more that, of one who otherwise is really so ; yet we imagine the Exigency of our affans will in a Great Measure, if not altogether, atone for Such a Measure of Procedure,—We Earnestly Desire that neither he or any other Person (who have not Approved, themselves Steady and real Friends to the Great and Glorious Cause in which we are Engaged) Should be Promoted Either in the Civil or Military Lists, Gentlemen Your Influence in this matter will Oblige Thousands besides Your Humble Servants

The township was granted by the Masonian proprietors in 1748 to Rev. Thomas Parker, of Dracut, Mass., and others. It took its name from Col. John Goffe, and in the act of incorporation it is given "Goff's Town."

It was incorporated June 16, 1761, by the governor and council of New Hampshire, to continue a corporate body until March 25, 1763; and April 5, 1763, the incorporation was revived, to continue "until we shall please to approve or disallow the same."

July 2, 1822, a portion of the town was taken, and, with portions of Dunbarton and Chester, incorporated into the town of Hooksett.

June 20, 1825, some islands in Merrimack river were annexed to the town.

June 18, 1836, the farm of Isaac Parker was severed from New Boston, and annexed to this town.

The line between Dunbarton and Goffstown was established by an act passed Jan. 7, 1853.

July 1, 1853, a portion of Goffstown was annexed to Manchester, the town previously extending to the Merrimack river.

[*Relative to Church Matters:*]

County of Hillsborough Province of New Hampshire

To his Excellency John Wentworth Esq' Cap<sup>t</sup> General & Commander in Chief in and over his Majesties Province of New Hampshire, and to the Honorable his Majesties Council, and House of Representatives

We his Majesties loyal Subjects, living in the town of Goffstown in S<sup>d</sup> Province, beg leave to offer to your Excellency & Honors our Remonstrance against the Petition of a Number of the Inhabitants of S<sup>d</sup> town, who call themselves Presbyterians, and who have prayed your Excellency & Honors to set them off as a distinct Parish,—and to be invested with priviledges as such.

We humbly beg leave to inform your Excellency & Honors, that the Town of Goffstown is by no means at present able to Support two Ministers of the Gospel, and the Salary which they now give is very Small, by reason of their incapacity; as was said when voted & therefore voted part to be paid in labour & in the Necessaries of Life. the town Subsists of about ninety Families; Some of which are under very poor Circumstances, not able to raise their own Bread Corn—or Scarcly to clothe themselves and Children in any comfortable & decent Manner.

And the town Considering the inconveniences which would unavoidably arise from their Being at present, in their weak Circumstances set of into two distinct Parishes, proposed & offered at a legal town Meeting, to those who were inclining to be Presbyterians—that if they would assist & dwell together in Love as becometh people professing Godliness—when ever it should be supposed by reasonable & indifferent Persons, that the town was able in a decent Manner to support two Ministers—they would assist them in building a Meeting as far as they had already assisted in building the present One. this proposal was rejected by them—

We would likewise beg leave to acquaint your Excellency & Honors that some of the Petitioners who want to be erected into a distinct Parish in Goffstown, were never Inhabitants of S<sup>d</sup> town, neither were ever rated in S<sup>d</sup> town Some of those which live in S<sup>d</sup> town were never educated, in what they call the Presbyterian Way, but thro' the importunity of others were perswaded to joyn them

It is likewise certain that a learge Number of them have had their Children baptized by congregational Ministers & without the least dissatisfaction—

therefore we pray your Excellency & Honors to consider our Circumstances, and how unhappy we should be, if made into

two distinct Parishes—neither Parish would be able to support a gospel Minister among them, & of consequence both must be destute—and being bound in Duty Shall Ever pray

To His Excellency John Wentworth Esq<sup>r</sup> Captain General Governor & Commander in Chief in and over his Majesty's Province of New Hampshire in N England And to the Honorable his Majestys Council and House of Representatives in General Assembly convened

The humble Petition of his Majesty's Subjects Inhabitants of Goffestown and Province aforesaid sheweth

That your Petitioners most or all of them have been educated in the Presbyterian persuasion and look on themselves as bound in conscience still to adhere to the same persuasion

That your Petitioners generally inhabit one part of the said Goffestown which renders their associating together for public Worship more convenient

That your Petitioners have had some Supply of Preaching from the Presbytery to which we are connected and expect more from time to time and soon to be in a capacity (through Providential Smiles) to build a Meeting House and settle a Minister of their own persuasion

May it therefore please your Excellency and Honors impartially to consider the premises and by your Authority to enact that your Petitioners may be a distinct Society clothed with Parish powers that so they may be in a legal Capacity of levying Parish Charges and your Petitioners as in duty bound shall ever Pray &c

[4-119] [*Petition for a Lottery to build Bridges over Piscataquog River, 1778.*]

*To The Hon<sup>ble</sup> Council and House of Representatives of the good People of y<sup>e</sup> State of New Hampshire in General Court assembled December 1777*

The Petition of the Inhabitants of Goffstown, County of Hillsborough & State aforesaid and others,

*Humbly Sheweth*

That, There are two Large Streams, running through said Town, more Particularly one known by the name of Piscataquog River, which is well known to be wide, and Very rapid, at Sertain Seasons, Passing through the Center of said Town,

That your Petitioners, are under the Necessity of Supporting, three Large Bridges, over said River, for the Publick benefit Viz<sup>t</sup>—

1<sup>st</sup> a bridge near twenty Rods in Length, (verry much Improved) on the great County Road, that Leadeth through Ware, &<sup>c</sup> many Different ways, Northerly & Westerly to The Interior Parts of the State,—

2<sup>d</sup> another bridge, near 15 Rods in Length, of great use to the Publick, & near the Center of the Town that the Major Part of the Inhabitants are under necessity of crossing it to attend Public Worship—

The Thud Bridge is on the North Branch of said River, Near the Division line, of New Boston & Goffston on the Leading Road through N. Boston, to the Western Part of the State—

The other Stream is called Black Brook, large, and verry rapid at Sertain Seasons, where we are obliged to Support three other expensive Bridges, also a large share of Smaller Bridges, which with the aforesaid,—make an almost Intolerable Burden, for a Town so thinly Inhabited to bear, and what still adds to it, we have never been able to make a bridge cross the Piscataquog of but few years Duration, and as their is an absolute and Imediate Necessity of rebuilding s<sup>d</sup> Bridges, and we are not able to go to the expence of Stone piers & Butments (which we find necessary,) your Petitioners humbly Pray they may be Indulged with the Benefit of a Lottery To raise Two Thousand five hundred Dollars which will Enable them to build Sutable & Durable Bridges in such Places as shall be

most convenient, an Beneficial to the Publick, as the moneys raised by said Lottery will be apply<sup>d</sup> to so Necessary & Important a Purpose—We doubt not of a Speedy Sale of the Tickets, by which we shall be Imediatly enabled to enter on this great work—

And your Petetioners as in Duty bound will ever Pray &c—

[4-120] [*Petition for the Privilege of sending a Representative without being Classed with Derryfield.*]

To the Honourable Council & House of Representatives of the Good peopel in the State of New Hampshire Conveaned at Exeter &c,

The petition of the Inhabitants of Goffstown when in Town meeting assembled,—your petitioners beg leave once more to remind your Honours, that they have for three or four years past, contrary to their wish & will, been coupled with Derryfield, by the precept sent them by your Honours for the choice of a Representative, alth<sup>o</sup> your petitioners have repeatedly beg'd the favour of your Honours, that a precept might be sent them Independent of any Town whatever, which they Humbly conceive they have an Undoubted right to as well as any other Towns in Similer Circumstances with Goffstown; which consists of near One Hundred & fifty families; when at the same

time, we would observe to your Honours, that their is no less then Nineteen Towns in this State, & all less in Numbers as to their Inhabitents, then Goffstown, & Yet, have precepts sent to Each of them, Independant of any Towns whatever; and some of them have htle more than half our Numbers; surely this is worthy of your Honours consideration, as well as the attention of your petitioners who must be void of fealing at this day, If not tenacious of their Natural Rights and liberties; are we not Spending our Blood and Treasure in defence of them against Greate Brittan, and was not Taxation without a full and free Representation a pearte of the dispute, Surely it was, and can Goffstown be said to have a full and free Representation when compeled to Joyn with a nother Town and contrary to their wills; we your petitioners do not meen to call your Honours authority in question, it is our Just Rights we are pleading for, which has hearetofore ben denied us, for we cannot conceive upon any Just principles why any Town that consists of 150 families can be denied a full and free Representation & Independant of any other town; at least nothing has been offered in any of our leate Conventions to the contrary, it Seemed the pre- valing oppinion there was, that 100 famelies had an undoubt- ed Right to Send a Representative and we hope and trust your Honours will Remain of the same Oppinion, and If the Custom should be contineued for Issuing precepts, we trust and hope your Honours will provide for Derryfield in som Other way, & that Goffstown be allow'd their previledge in common with Other towns, which to their great mortification, has ben too Long withhild from them; in granting of which, your petition- ers in Duty bound will Ever pray

[4-129] [*Trouble between the Congregational and Presbyterian Parishes, 1783.*]

State of New Hampshire

To the Honourable the Council & Gentlemen of the Honourable House of Representatives in General Assembly at Concord convened the Seventeenth day of December Anno Dom: 1783—

The humble petition of the several persons Inhabitants of Goffstown in the County of Hillsboro' and State *aforsaid* whose names are hereunto set and subscribed, Sheweth,

That the said Goffstown consists of two *seperate* and distinct Parishes, one of them distinguished by the name of the Congregational Parish, the other the Presbyterean.

That on the first Monday of March in the present year (the day appointed by Charter to hold their Annual Meeting) two of the Selectmen, the Town Clerk, and a few of the Inhabitants met (without having previously warned the said last Parish) opened the Meeting, and proceeded to choose a Moderator, Town Clerk and Selectmen by hand Votes, and here your petitioners beg leave to observe that amongst those few who voted several were not *qualified* for that purpose according to law—

That afterwards, when the Inhabitants were generally assembled at their usual time of attending and before the said new Officers had taken their several Oaths of Office, ten of the Inhabitants of said Town who were qualified Voters, moved the Moderator, to put it to Vote by polling, to see if the Inhabitants then present were content with the transactions of that Meeting or not, but the Moderator refused to put it.

That a petition (herewith exhibited) was then signed by more than twenty of the Inhabitants *legual Voters* and delivered to the Clerk desiring him to open the Meeting again; and to let the Voters be qualified, but this was also refused. We then entrd a protest against the proceedings of the Meeting, as being *illegal* in our opinion and amongst the rest, they had Voted a gratuity to the two Constables of said Town of Ten Dollars each without the least hint thereof in the warrant.

That the said Town Meeting being adjourned to the 24 day of the same month, another petition was signed and delivered to the Clerk to the same purpoit as above mentioned, but the same petition was again rejected and the Clerk refused to deliver it Back to the petitioners, but told them they might have a Copy. That they then entred a second protest against said Meeting—That the said Selectmen afterwards called another Town Meeting without warning the said distinct Presbyterian Parish and the same was held on Monday the 13 day of October, where they also voted to raise 700 Dollais to defray a pretended Debt of said Town on account of Beef and Rum, notwithstanding a sufficient Sum of money had been voted & assessed before that time to answer the same—and your Petitioners again, protested against said Meeting and voted not.

That the said Selectmen since have called another Meeting for the purpose of choosing a Representative and without warning the said Presbyterian Parish of said Choise, have elected a man to represent them in General Court, said Meeting was held on Monday the 8<sup>th</sup> day of December Instant and your Petitioners entered a protest against said Meeting and Voted not.

Therefore your Petitioners have taken the liberty of laying before your Honours the Difficulties they labour under, and shewing how hard they have struggled in a *legal* way in Defence of their Rights and Priviledges.

We petitioned the Committee of Safety as early as April but without effect. The same petition was piferred to the Honourable Council and House of Representatives at their June Session but without its desired effect—

afterwards we petitioned the same Honourable Court in October when a day of hearing was appointed and an Order of Court given thereon, but before the day commenced the said Court *desolved* yet as the matters of Complaint are still increasing, and as your petitioners & others are obliged to submit to a party, headed by some person full of Craft, Cunning & Design Your Petitioners humbly hope that your Honours will be pleased to interpose in their behalf in this day and that the said petition and papers belonging thereto which is now in the Office together with this petition be taken into your wise consideration and that all the said arbitrary Proceedings may be declared null & void, or give such other remedy, as to you in your great wisdom shall seem most meet, and Your Honours petitioners as in duty bound shall ever pray—

This town was formed from portions of Fishersfield (Newbury), Wendell (Sunapee), Newport, Unity, and Lempster, and incorporated December 27, 1791.

The act of incorporation provided that the inhabitants of the portion taken from Lempster should continue to pay ministerial taxes to the support of the Rev. Elias Fisher, and did so until said provision was repealed, Dec. 8, 1796.

By an act approved June 22, 1797, the boundary lines of the town were established, and the same were in part changed June 17, 1806.

A tract of land was severed from Unity, and annexed to Goshen, July 6, 1837.

The portion of the town taken from Sunapee was first settled in 1769, by Capt. Benjamin Rand, William Lang, and Daniel Grindle.

Why the Bible name Goshen was given to the town is unknown to the editor.

### G R A F T O N .

The township was granted August 14, 1761, to Ephraim Shearman and others, and named in honor of an English nobleman.

This grant was surrendered by a vote of the grantees, December 27, 1762, and the township was regranted September 12, 1769, to Josiah Willard and others, many of whom were from towns in Cheshire county.

The first settlement was made in 1772 by Capt. Joseph Hoyt, of Poplin, now Fremont. Capt. Alexander Pixley and family settled soon after.

The town was incorporated by the legislature November 11, 1778, in answer to a petition from the inhabitants, Daniel Sanders being authorized to call the first meeting.

An act relative to the boundaries was passed March 28, 1781, and one establishing the same was approved June 18, 1802. See Vol. XI, page 726.

A fine quality of mica has been mined in this town for many years, and excellent specimens of beryl are occasionally found.

#### GRANTHAM.

This town was granted July 11, 1761, to John Kathan  
and others. No settlements were made under this grant,  
and it was forfeited.

It was regranted June 8, 1767, to "Col. William Simms"  
and others.

June 23, 1780, the westerly part of this town and the  
easterly part of Plainfield were erected into a parish for  
parochial purposes, which has since been known as Meri-  
den.

February 5, 1788, in answer to a petition, the name of  
the town was changed to New Grantham, and so remained  
until June 12, 1818, when it was changed to Grantham.

December 2, 1808, an act was passed establishing the  
lines between this town and the towns of Cornish and  
Croydon.

By an act passed January 13, 1837, a tract of land was severed from Grantham, and annexed to Enfield.

December 25, 1844, some territory was severed from this town, and annexed to Cornish.

By an act passed June 25, 1858, the gore between Grantham and Springfield was annexed to this town.

Grantham, or New Grantham as it was then called, was one of the towns which attempted to form a union with Vermont, and was represented in the convention at Cornish, April 5, 1781, by Capt. Abel Stevens.

1<sup>st</sup> Unequal Representation. 3<sup>dy</sup> In the System of Government. [4-150] [*Petition for a Parochial Parish, 1780.*]

To the hon<sup>ble</sup> the Council & House of Representatives of the State of New Hampshire in General Assembly convened June 1780—  
Humbly Shews

Benjamin Giles Esq<sup>r</sup> in behalf of the Inhabitants of the westerly part of Grantham and the easterly part of Plainfield in the County of Cheshire.

That from local Circumstances they labour under great difficulties & inconveniences with Respect to Parochial Matters, which might be removed if they could be united into a Parish—That the westerly part of Grantham is separated from the easterly part thereof by a Ridge of very high mountains running quite across said Town so that there is scarce a possibility of passing from one to the other—That it would be much more convenient for the Inhabitants of the Easterly part of Plainfield, in those matters, to Join and be connected with the westerly part of Grantham than with the other part of said Plainfield—

That the other Inhabitants of said Towns are willing they should be separated from them & incorporated into a Parish for

the Purposes aforesaid—Wherefore he prays that they may be erected into a Parish within the following bounds beginning at the North line of Plainfield three Miles & Eighty Rods from Connecticut River thence running south forty Degrees West to a beach Tree marked standing in the South Line of said Plainfield then Easterly by said Line & the South Line of Grantham to the Top of said Ridge then Northerly by the Top of said Ridge to the North Line of Grantham then westerly by said Line & the North line of Plainfield to the place where it began, to have continuance & Succession forever And that they may be invested with the Power of Assessing levying & raising Money for the Sole Purpose of building a Meeting house & keeping the Same in Repair & for Settling & constantly maintaining a Gospel Minister in the Same—& that they may be liberated & exempted from paying towards the Same in other part of their Respective Towns & as bound Shall pray &c—

Ben<sup>n</sup> Giles

[4-151] [*Petition to have the Name of the Town established as New Grantham, 1787.*]

To the Honourable Senate and House of Representatives now sitting at Charlestown the Petition of Samuel Duncan in behalf of the Inhabitants of New Grantham humbly shews,

That whereas the s<sup>d</sup> Township is recorded in the Treasurers Office by the Name of Grantham, and the Inhabitants of s<sup>d</sup> Township being settled under the Name of New Grantham as appears by the Charter, it makes it very difficult for s<sup>d</sup> Inhabitants to collect any Taxes; the Warrants issuing from the Treasurers office in the Name of Grantham and the Inhabitants and nonresident Proprietors holding their Title by the Name of New Grantham, are unwilling to pay s<sup>d</sup> Taxes, and the Collectors do not conceive themselves sufficiently authorized by s<sup>d</sup> Warrants to dispose of their Land for the Payment thereof your Petitioner therefore prays your honours would Order the Name of said Township to be altered in the Treasurer's Office and that all Proceedings of s<sup>d</sup> Inhabitants in consequence of collecting Taxes by Order of s<sup>d</sup> Warrants may be established.

And your Petitioner further prays that said Inhabitants may have an Abatement of their Taxes in those Years in which they were doomed, they conceiving s<sup>d</sup> Doomage to be much more

than their Proportion of Taxes which they are ready to make appear by their Lists, and also desires your Honours to look into the State of the Fine laid on s<sup>d</sup> Inhabitants for neglecting to send Soldiers, and if it shall appear reasonable, make an Abatement of the same, and your Petitioner as in Duty bound shall ever pray—

Samuel Duncan

GREENFIELD.

This town was incorporated June 15, 1791, and was composed of portions of Society Land, Peterborough, and Lyndeborough, and land between the two last named towns, called Lyndeborough Gore. Daniel Emerson, Esq., was authorized to call the first meeting.

By an act passed Dec. 28, 1791, the boundaries of the town were changed and established. Dec. 11, 1792, the two east ranges of lots of land in Greenfield, in that portion which previous to the incorporation of the town was known as Lyndeborough Addition, were annexed to Francestown, together with the following inhabitants: Ithamar Woodward, Andrew Cresey, Francis Epes, Jacob Dutton, William Draper, John Batten, Isaac Balch, Israel Balch, and Richard Batten.

July 4, 1872, another portion of this town was annexed to Francestown. A portion of the territory now comprised in Greenfield was settled in 1771 by Major A. Whittemore, Capt. Alexander Parker, Simeon Fletcher, and others. It has been stated that the name Greenfield was given the town by Major Whittemore.

[4-153] [*Petition of Sundry Inhabitants to be annexed to Francestown, 1792.*]

To the honorable the Senate & House of Representatives of the State of Newhampshire in General Court convened the first Wednesday of June ADomini 1792  
Humbly shew

The Subscribers now living, within the bounds of the Town, lately incorporated, in the County of Hillsboro' in said State,

by the name of Greenfield—That it is with unspeakable sorrow, they consider themselves as included within the bounds of said Greenfield, to which they have been uniformly & decidedly opposed, since the first movement with respect to said Greenfield, & with which they never can with any degree of contentment be connected—The high opinion they entertain of the wisdom & integrity of the honorable General Court, convinces them that their situations & dispositions were misrepresented to the Court, or they never would have passed an Act, which your petitioners consider, as totally disfranchising them from all Town privileges, to which they were before entitled in Lyndeborough. There they had spent their best days in bringing forward the Town, building a meeting house, settling a minister & providing for the education of their children, & flattered themselves, that under the enjoyment of our present constitution, the second article, of the bill of *Rights*, would have been a sufficient security against their being deprived, of those means of happiness without their consent, & are so pained at the Idea of finding themselves and their posterity in a place, where the greatest part of the burden, incident to new Towns, are yet to be submitted to, & their future prospects of ever enjoying the advantages, they once had of the Gospel—& of Schools &c.—that they are constrained to apply to your honours, and with the most profound humility, but greatest importunity supplicate the further attention of the honorable General Court to their unhappy situation—With the provision made for their poling to Lyndeboro', they cannot consider themselves, as properly belonging to any town, or entitled to privileges in any—With Greenfield they cannot join, with Lyndeboro' they can claim no rights, tho' they doubt not of a friendly reception; but do not wish to be viewed as interlopers or enjoy privileges by mere Courtesy—The beg leave to suggest to your honours, that the Estates of your petitioners, all lay contiguous to each other, & are not mixed with those of any persons, who wish to go a different way, That they are all on the borders of Francestown & within two or two & a half miles of Francestown meeting-house & the shortest distance from said lots to said meeting-house but one mile & seventy one rods, & a good road leading thereto—That they have long attended public worship in s<sup>d</sup> Francestown, not only on account of its being the nearest & most convenient for them: but on account of the minister whom they highly esteem—& can be better accommodated with Schools there, than in any other place—That the distance from the place, now talked of, for holding public worship in Greenfield, is a quarter, or a third further, from your petitioners & the road much worse, & always likely to be so, & the real centre of Greenfield still more distant, and the annexing

your petitioners to Francestown will mend the form of that Town without injuring that of Greenfield—Your petitioners therefore pray that they may be rescued from the bondage of belonging to Greenfield, or living within the limits of it, & be annexed to Francestown, where they can enjoy priviledges, which they will consider, as a compensation, for those they had a right to in Lyndeboro' & on account of local situation, superiour to any they ever can hope in Lyndeborough or in Greenfield—Wherefore as your petitioners always have been averse to any connection with Greenfield, as their interest, convenience, inclination, & local situation all so stronly lead to Francestown—as Greenfield will not be hurt in its form, and Francestown will be mended by our being set from one Town to the other—as Lyndeborough have consented to release us & Francestown to receive us And Greenfield have no present right to us & will be better able to do without us in all probability hereafter than at present, we therefore beg your honours to set off the two east ranges of Lyndeboro' adition so called containing six lots from Greenfield, annex them to Francestown & thereby deliver your petitioners from their present distress & misery, and they as in duty bound will ever pray &c

State of New Hampshire County of Hillsborough

To the Honourable Senate and House of Representatives Convened at Concord in said State the fifth Day of June one thousand seven hundred and Ninety three—

The Petition of *We* the Subscribers Inhabitants of the Town of Greenfield in the State & County aforesaid Humbly Sheweth that it appears by the Charter of said Greenfield that the South Range of the Odione Right so called, is divided nearly the middle, and it being much to our' Damage to be the outskirts of two towns—We therefore pray *you* Honours would take into consideration and annex the remaining part of our Lands to

#### GREENLAND.

This is one of the old towns, and was settled in the latter part of the seventeenth century, at which time it belonged to the town of Portsmouth. John Farmer states that it "was incorporated as a distinct town in 1703;" but I cannot find any mention of it in the records of the council and assembly for that year. The following documents seem to show conclusively that Mr. Farmer was mistaken.

In May, 1705, the inhabitants petitioned for the privilege of having a minister and schoolmaster among themselves, and to be exempt from paying towards the support of the church and school at Portsmouth, which was granted, and Rev. William Allen was ordained there July 15, 1707.

Greenland was assessed by the assessors of Portsmouth, and paid province rates in connection with that town until 1721; after that year they were assessed by themselves, but had no representative in the assembly until the fall of 1732.

Jan. 3, 1716, the inhabitants of Squamscot Patent, living on the east side of the "line running from Wall Creek to Hampton bounds," were "joined to the Parish of Greenland." When Greenland became a town I am unable to ascertain. It was called a parish in an act passed in 1757.

Dec. 18, 1805, some land belonging to Brackett Weeks was severed from Stratham and annexed to this town; and on July 2, 1847, a tract belonging to Samuel Hatch was also taken from Stratham and annexed to Greenland.

By an act approved June 23, 1859, the divisional line between this town and Stratham was established, but said act was amended June 27, 1860.

To His Excellency Joseph Dudley<sup>Esq</sup> Governour and Commander in Chiefe of Her Majesties province of New Hampshire and the Honourable Her Majesties Council and House of Representatives now Conven<sup>d</sup> in General Assembly

The humble petition of the Inhabitants of the parish of Greenland Humbly Sheweth,

That there is great occasion for your petitioners to Know the Bounds of their parish that they may not be Oppressed by being taxed as Some of them is Said to live in portsm<sup>o</sup> parish or in Bloody point parish; but that a line may be Run betwixt Greenland parish and Bloody point parish; but that a line may be Runn betwixt Greenland parish and Bloody point parish and betwixt portsmouth parish & Greenland parish that Every Inhabitant may know what parish he properly belongs to. And that Such persons as your Excellency and the Hon<sup>abls</sup> Board may think meet be appointed for doeing the Same; And that your Excellency and the General Assembly would be pleased Soe to Order that your petitioners in Maintaineing the principle School and poor among themselves may be Exempted from all other Charges Save only the province tax, and tax of the assembly; all which wee humbly conceive to be Reasonable

Wee therefor most humbly Crave your Excellency & their Honours Concurrence to these our requests, and your petitioners as in duty Bound shall pray &c.

[4-160] [*Vote relative to forming a State Government, 1776.*]

Colony of New Hampshire

To the hon<sup>ble</sup> Council & House of Representatives lately appointed for said Colony—

At a legal full Meeting of us the Freeholders & Inhabitants of Greenland in the County of Rockingham, on Friday y<sup>e</sup> 12<sup>th</sup> Day of Jan<sup>r</sup> 1776, to consider of the Propriety & Expediency of forming a new Government in this Colony—After mature Deliberation upon this very interesting & important Concern, We are clearly of Opinion that the erecting of a new Government in this Colony at this critical moment is unnecessary & impolitic, unnecessary as all the Business of the Colony might as effectually be done in Congress as under the present new form of Government and impolitic as it wears the appearance of a permanent Government & savours of Independance and in its Consequences is likely to prove detrimental to the glorious Cause in which all the Colonies are embarked and to disarm our Friends in great Britain of the most powerful Weapons in our favor Wherefore we humbly pray that the hon<sup>ble</sup> Council & House of Representatives would resolve themselves again into a Congress which was the Line in which their Constituents expected they would conduct—

State of New Hamp<sup>t</sup> Rockingham ss

To the hon<sup>ble</sup> the Council & House of Representatives for said State in General Assembly conven'd at Concord the 25<sup>th</sup> day of Decem<sup>r</sup> A D 1783

Humbly shew the subscribers being a majority of the legal voters for the choice of Representatives in the Town of Greenland in the County of Rockingham and State aforesaid that the Inhabitants have long had the exclusive right of electing a Representative for themselves and that they have very nearly the number of male Inhabitants paying a poll tax for themselves which the new Constitution requires to intitle them to send a Representative and that the Inhabitants of said Greenland are so situated as to render the classing them with any other Town, Parish or Place very inconvenient. [4-163] [*Petition for Authority to raise Money by Lottery to Build a Bridge, 1789.*]

To the honourable Senate & honourable House of Representatives for the State of New Hampshire in General Court assembled—

The Petition of the Inhabitants of Greenland and others, humbly sheweth that Rebuilding the Bridge over what is called little Harbour River whereby New-Castle, or what is called great Island may be joined to the main Land and a free Communication opened between s<sup>d</sup> Island and the Country, is of great Importance not only to New-Castle & Towns adjacent, but to the State in general—That by increasing the Numbers & Wealth of New-Castle, the Fishery will be increased; and the Wealth thereby obtained, be in the Issue thrown into the Lap of the State in general and so the rebuilding the Bridge afores<sup>d</sup> become of extensive & general Advantage—That on the other hand if s<sup>d</sup> Bridge is not rebuilt New-Castle must impoverish & dwindle, & in Time must sink into Nothing to the diminishing of the Fishery and Wealth of the State in general—And whereas the Inhabitants of s<sup>d</sup> New-Castle & their Neighbours adjacent have not Strength to the arduous Work without the public Aid: these are therefore most earnestly to request the Legislative Body of the State to hear our joint Petition & Request with the Inhabitants of s<sup>d</sup> Town of New-Castle & others, and grant a Lottery to raise a Sum not exceeding fifteen hundred Pounds for the Purpose of rebuilding the Bridge afores<sup>d</sup> under the Care and Management of such Trustees as the honourable Legislature shall appoint—Which we your Petitioners most dutifully pray &c.—

 GROTON.

The township was granted to George Abbott and others July 8, 1761, by the name of Cockermouth. No settlements being made, the grant was forfeited, and on November 22, 1766, it was regranted to John Hale and others, who made some settlements in 1770,—James Gould, one of the grantees, Capt. Ebenezer Melvin, Jonas Hobart, Phinehas Bennet, and Samuel Farley settling that year. The full conditions of the latter grant, however, were not complied with, and Governor Wentworth granted an extension January 24, 1772, for three years.

In 1792 a portion of this township was united with a por-

tion of Plymouth, and incorporated into a town by the name of Hebron.

By an act approved December 7, 1796, the name of the town was changed to Groton, in answer to a vote of the town.

By an act approved June 26, 1845, a tract of land known as the Gore, and some other lots, were severed from Hebron, and annexed to Groton.

Among the Revolutionary soldiers from Groton were Gideon Fletcher and John Hazelton, in the First Regiment.

[4-165] [*Relative to a Road through Plymouth, etc., 1781.*]

To the Honb<sup>l</sup> Council And House of Representatives for the State of New Hampshire in Gen<sup>l</sup> Assembly, convened at Exeter, on the Second Wednesday of this Instant,

The Petition of the Inhabitants of Cockermonth, Dorchester, Lyme, & others; Humbly Sheweth,

That your Petitioners have ever Since the Settlement of these Towns Labourd under many hardships, & great Inconvenienses, for want of a good Carriage way through that part of

Plymouth, that falls between Cockermouth and Alexandria, upon the road that leads from Doct<sup>r</sup> Bartlett's Farm in S<sup>d</sup> Cockermouth, to M<sup>r</sup> John M<sup>r</sup>Murfey's in S<sup>d</sup> Alexandria; which is So extreme Bad at present, that it is not passable without the greatest Difficulty on horse-back, much less with Teams.—

Besides there is a road, located and mark'd through the N. W. part of S<sup>d</sup> Cockermouth, part of which is already cut out and Cleared, and the remaining part, will be Cleared immediately into the Township of Wentworth, which Town is also, preparing a Road, in the most direct line of communication to Cooss. Your Honours will be pleased to observe, that when this Road is Completed, the Inhabitants of Cooss with the Towns adjacent thereto, & likewise the Easterly Part of this State, that have concerns thither; as also the greatest part of the Massachusetts, may have access & recess, to & from each other; fifteen or perhaps twenty miles nearer, than the Road that is now travel'd: which your Petitioners humbly presume, will be readily granted, by all the impartial, that are acquainted with that part of the Country and also that it may be made as good or better Road than that which is now occupied.—And besides. the many disadvantages, that accrue to your Petitioners and others, at present from the badness of that Road, through that part of Plymouth above mention'd, your Honours, will be pleas'd to take Notice also, that the principal Impediment, with respect of this new Road to Cooss, lies in this way through Plymouth.—And that Some of your Petitioners, have made repeated application, to Plymouth for a reparation of this Road, but hitherto it has been to no effect.

And the Inhabitants of Cockermouth, have also Petitioned to this Honb<sup>l</sup> House heretofore, for redress upon this Head, which was then read, and postpon'd, by reason of the member from Plymouth, engaging that this Road Should be repair'd immediately; but it has Still been neglected.

Therefore your Petitioners humbly conceive, that your Honours, will at once See the Necessity, Propriety and public Utility, in the immediate Reparation of S<sup>d</sup> Road, and humbly Pray that the Township of Plymouth, may be compell'd Speedily, to Clear, Bridge, and Casway, this road, So that it might be render'd convenient, for passing—Or that your Honours, would be pleas'd to appoint Some other method whereby S<sup>d</sup> Road may become Commodious for the Public benefit.

And as in Duty bound your Petitioners will ever Pray &c.

To the Honorable Council, and House of Representatives for the State of Newhampshire, In General Assembly Convened, at Concord March 1782.

The Petition of the Inhabitants of Cockermonth, Dorchester, and others :

Humbly Sheweth, That the Road from the Northerly Line of Alexandria through which Town Your Petitioners & others must pass, to Transact near all our Publick Business of importance is Extreme Bad, and uncomfortable to Travil in. That Some of your Petitioners have often Broke their Slays, Sleds, and Carriages in Conveying the Necesaries of Life to our Families through S<sup>d</sup> Town. Our Selves, Oxen, and Horses have often Been Greatly Ingur'd, by the Badness of S<sup>d</sup> Road, and this too, more or Less, at all Seasons of the Year.

Your Honors will further Observe, That Repeated applications have Been made to the S<sup>d</sup> Alexandria, to make S<sup>d</sup> Road a good Waggon one, Notwithstanding which the S<sup>d</sup> Road Remains as is above Represented. Wherefore Your Petitioners Humbly Pray that the S<sup>d</sup> Alexandria May be enabled and Compell'd or the Proprietors of said Town to make us a good Waggon Road, from the Road lately Repaired By the Proprietors of Plymouth on the Northerly Line of S<sup>d</sup> alexandria, to

Joshua Tolphords Esq, in S<sup>d</sup> Town, and as In Duty Bound  
your Petitioners Shall ever Pray &c.

[4-167½] [*Petition relative to Boundaries, 1785.*]

State of New } The Hon<sup>ble</sup> the Senate and house of Represent-  
Hampshire } atives convened at portsmouth in the state  
aforesaid the Tenth day of June Anno Domini 1785.

The petition of the Proprietors of the Town of Cockermouth in said State of New Hampshire—

Most Humbly sheweth That in October Anno Domini 1780 The State made an act intituled "An Act to survey & establish the bounds of sundry towns in the Counties of Strafford & Grafton" which towns are particularly mentioned in said Act And also in & by said Act among other things empowering Ebenezer Thompson Esq<sup>r</sup> & others as Committee to survey & lay out by proper metes & bounds the following towns viz—Rumney, Wentworth, Warren, Plymouth, Campton, Piermont & Orford. And a return of s<sup>d</sup> Survey being made into the Secretaries Office under the hands of s<sup>d</sup> Committee or any three or more of them in one year from the passing said Act, should be binding & conclusive in Law upon all persons upon certain conditions & limitations therein mentioned—

And whereas the running the lines of the afores<sup>d</sup> towns, your Petitioners apprehend will be very detrimental to the town of Cockermouth for the following reasons viz—First, That altho' said Act sets forth that public notice had been given & no person had appeared to oppose the same yet that the Proprietors of Cockermouth who are mentioned in said Act & are materially concerned in the Issue of running lines, never were notified, neither was said Cockermouth ever notified as a town.—

Secondly—That the lines of the towns of Lyme, Dorchester & Cockermouth were all surveyed by order of the Honorable the Superior Court of the Province of New Hampshire, more than ten years ago, which surveys were made use of in trials of actions at law then depending between the said Proprietors of Cockermouth & Plymouth, And that agreeable to said Surveys, said proprietors of Cockermouth recovered in all said Actions, & have constantly possessed, occupied & improved said land, paid the taxes thereof, & defended the same against the Common Enemy throughout a tedious war & that a considerable part of the land in said Cockermouth has been sold for State & proprietary taxes within that time—

Thirdly—That by the return of the Committee who were authorised by the before mentioned Act, your petitioners are informed, the said town of Plymouth will have one line of about two miles in length more than their Charter gives them,—whereas in fact it appears that they should come to a point, & leave out the said line of two miles, whereby a very large tract of land is included, more than Plymouth Charter contains.

Wherefore your Petitioners humbly pray a day of hearing may be assigned them and that in the mean time the said town of Plymouth may be ordered not to make any assesments upon the poles and estates of the inhabitants within the Claim of the township of Cockermonth, until the boundaries of s<sup>d</sup> Plymouth & Cockermonth shall be established by the General Court, and that your Excellency & Honors would be pleased to pass such further order thereon as you in your wisdom shall think fit—

His Excellency the President, the Hon<sup>ble</sup> Senate & House of Representatives for the State of New Hampshire in Gen<sup>l</sup> Court convened

The petition of us the subscribers humbly sheweth, that by a late establishment of the boundaries of the Town of Plymouth

(of which we are Inhabitants) our connection with said Town of Plymouth is rendered exceeding difficult, as the road at present is new and in a great measure unoccupied, and the length of way from the principal part of us nearly six miles to the now Centre of said Plymouth. And further that the greater part of us have been at a great expence in settling a Gospel Minister & supporting the Gospel among ourselves without any assistance of the Town of Plymouth aforesaid, & having previously obtained approbation of the inhabitants of said Plymouth by a unanimous vote herewith inclosed and preferred to your Honors signifying that our desires may be fully gratified

Wherefore we pray, that such a part of said Plymouth as is expressed by metes and bounds in said vote herewith preferred by the bearer William Cummings may be set off & incorporated into a Township and that we the Inhabitants of the same may be invested with Town privileges in such way as your Honours in wisdom may Judge fit and we your Honours petitioners as in duty bound shall ever pray—

#### HAMPSTEAD.

Previous to the establishment of the line between this state and Massachusetts, the territory comprising this town was considered as parts of Haverhill and Amesbury, and went by the name of Timberlane.

Settlements were made in 1728.

The town was incorporated by the government of New Hampshire January 19, 1749, and named by Governor Wentworth from a town in England.

A dispute arose, about the year 1757, between the proprietors of the town and some Kingston parties, who claimed land under a grant from Massachusetts, which created considerable bitterness, but was finally settled by the payment of £3,000 old tenor, amounting to £150 lawful money, by the town of Hampstead, and the procuring of a grant from the governor of a township, from which land enough was transferred to the Kingston parties to satisfy them. It is said that men from both sides went to the township thus granted (situated in what is now Sullivan county) with bitterness in their hearts, but came to an amicable settlement, shook hands, and parted in UNITY, and named the town in commemoration of the happy event.

By an act passed June 23, 1859, a portion of Atkinson was annexed to this town.

June 28, 1877, a small tract of land was severed from Hampstead, and annexed to Danville.

Among the noted early inhabitants of the town was Richard Hazzen, a graduate of Harvard college in 1717. He was a surveyor, and in March and April, 1741, surveyed the line between New Hampshire and Massachusetts, from the south-east corner of the present town of Pelham to Connecticut river. He died in 1754.

Hon. John Calfe, born June 13, 1741, was judge of the court of common pleas for twenty-five years, and for the same number of years clerk of the house of representatives. He died October 30, 1808.

To His Excellency John Wentworth Esq<sup>r</sup> Govenor and Commander in Chieff in and over His Majestys Province of New Hampshire & to the Hon<sup>le</sup> his Majestys Council and House of Representatives Convean<sup>d</sup> in General assembly for Said Province—

The Petition of us the Subscribers in behalf of the freeholders of the Town of Hampstead Humbly Sheweth That Where as there has Been an unhappy Dispute Long Subsisting Between the freeholders of the Town of Hampstead (who hold their Lands in said Hamps<sup>d</sup> under the ancient Grants of Haverhill & Almsbury) and the Proprietors of Kingstown and others Claming under them: Respecting the title of Land within said Hampstead: and to Settle this unhappy Debate; the said freeholders of Hampstead have Past a vote to Give the agriev<sup>d</sup> Party Claming said Land under Kingstown the sum of three thousand Pounds old tenor Equal to one Hundred & fifty Pounds Lawfull money; and Likewise to be at one half the Charge of Gitting a Tonship Granted in order to Give to the Said agriev<sup>d</sup> Party for their Clames in Hamps<sup>d</sup> and it hath Pleas<sup>d</sup> His Excellency our former Govenor to Grant a Township by the name of Unity; that there might be an ammicable Settlement made between the Contending Parties; Now the agreiv<sup>d</sup> Party Claming under Kingstown has Recc<sup>d</sup> a Deed of the Township of Unity from the Grantees of it and have taken the same in Part of the above said Settlement, and now the one Hundred & fifty Pounds yet Remains to be Paid to Compleat the agreement; and although the money be assess<sup>d</sup> for the Payment of the above said sum and for Defraying the Charges; agreeable to a vote of said

freeholders, yet we suppose that we have not Power to Collect the same or any ones Purportion that Refuses to Pay it; which there is maney; Some have farms or tracts of Land in said Hampstead and Live out of this Province; and others are Late Purchessers and are unwilling to Pay their Purportion unless they Can Come Back upon their Warrantees, for Damage as being an incumbrance upon the Land when they Bought it. So that we Labour under a Great Difficulty and Cannot finish the agreement. Therefore the Prayer of your Petitioners, is that your Excellency and Honnours would be Pleased to Take our unhappy Case under your Wise Consideration and Grant us Power to Collect the above said assessment as in your Wisdom Shall be thought most Proper. So that these unhappy Disputes which have subsisted above thirty years may be brought to a final and Happy End.

State of New Hampshire

To the Hon' the Senate and House of Representatives in General Court convened—

The Petition and Memorial of the Inhabitants of Hampstead in said state to your Honours respectfully sheweth—That early in the late war with great Britain your Memorialists not only willing to comply with every requisition of the Honb' Legislature, but anxious to have their quota of men in the field, gave to several persons considerable sums of money over and above what the public promised as an inducement to engage in the defence of the Country—amongst others they hired one Bradley Richards to serve three years in the Continental army and paid him therefor Thirty pounds besides promising to take care of and supply his family in his absence which they did to the amount of upwards of twelve pounds more than he left money with them to make provision with—That before said term expired the Army Petitioned the General Court to have the depreciation of the then paper currency made up to them which said Court agreed to do on the following conditions, namely, that all supplies Gratuities Town Bounties &c should be allowed in part satisfaction for the depreciation and accordingly ordered the Several Towns to charge the state with the Sums by them advanced as bounties or Supplies, as may be seen by a Resolve of the Legislature of the 26<sup>th</sup> of March 1779 in order that each Town in the state might bear an equal proportion according to their proportioned value and also to reward the volunteer in as full and ample a manner as the hired Soldier—That in consequence of the method pursued by the Legislature there was with-held from the said Bradley Richards the Sum of forty two pounds and upwards of the depreciation that would have been his due had not the Town paid him said Sum—That afterwards (to wit) Jan. 16<sup>th</sup> 1782 an Act passed the Legislature which entitled the Several Towns to receive the Sums by them advanced—That the said Richards has now brought an Action against your Memorialists for said Sum of forty two pounds and upwards for money had and received which if he should recover it would open a door by which every Soldier Similarly circumstanced might recover what has been stopped out of their depreciation on account of the Sums to them severally advanced by Towns and Individuals which would intirely frustrate the righteous design of the Legislature and leave the burden upon such Towns as were foremost in the cause while Towns that did not exert themselves nor procure any Soldiers

but such as enlisted for the public bounties only would go free of any part of said burden.

Your Memorialists taking the matter into consideration & knowing that hundreds if not thousands, of Actions might be commenced on the same footing which might occasion much uneasiness in the state and also knowing that Several persons have been busy in procuring at small expence powers to recover said sums thus deducted from the soldiers depreciation, thought fit to state the matter to your Honours, not knowing, but that you in your wisdom would think proper to interpose so far as to point out some method of relief whereby your Petitioners and others in Similar circumstances may be saved harmless, or point out such remedy as to your Honours shall appear most agreeable for which Interposition of your Honours, your Petitioners at this time pray &c

To his Excellency the President the Hon<sup>ble</sup> the Council of the state of New Hampshire—

The petition of the subscribers freeholders and Inhabitants of the Town of Hampstead in said State in behalf of themselves & others Humbly shew.

That the Hon<sup>ble</sup> John Calfe of said Hampstead Esq<sup>r</sup> is the only person Commissioned as a Justice of the peace in said Town—that he is one of the Justices of the Court of common Pleas in the County of Rockingham and sustains other public offices & appointments in said state which Occasions his being absent from said Town a great part of the Time. By means whereof the good People in said Town & the vicinity thereof often labour under great difficulties & embarrasments in transacting their business, for want of some other suitable person being appointed to the office of Justice of the peace in said Town—That the subscribers are fully sensible it is not their Constitutional right to nominate or appoint a person to that office yet they entertain Such an opinion of the Candor & good intention of your Excellency & Honours that it is only necessary for you to be made acquainted with the wishes and real interest of the Citizens of this state to ensure your favorable attention—The subscribers therefore take the liberty to mention as their opinion that Major Edmund Moores, of said Hampstead is a Gentleman well qualified for the office of Justice of the peace, and would give great satisfaction to the most reputable

part of his acquaintance and would render service to the people in this vicinity & do honor to himself & those that should appoint him—much might be said in favor of this Gentlemans qualifications and Character in life & respecting the services he has rendered his Country in the day of tribulation but as the subscribers have already trespassed on the patience of your Excell<sup>y</sup> & Hon<sup>rs</sup>—

Therefore only beg leave to request that the said Edmund Moores may be appointed & Commissioned a Justice of the peace for the County of Rockingham and as in duty Bound will Pray

## HAMPTON.

This is one of the oldest towns in the state, and originally included the territory which now constitutes the towns of Hampton Falls, North Hampton, Kensington, and Seabrook. It was formerly a place of considerable importance in the fishery business and in ship-building, and for some years past its beaches have been much resorted to in summer by persons seeking health or pleasure. Settlements were made as early as 1638, the place at that time being called Winnicomet. The present name was given by the general court of Massachusetts in 1639. It was "allowed to be a town and hath power to choose a constable and other officers," June 6, 1639, by the government of Massachusetts, which claimed jurisdiction over it.

Considerable matter relative to the early history of Hampton may be found in Vol. I of this series.

The south part of the township petitioned, in December, 1709, for parish privileges, which not being granted they petitioned again in May, 1710, and were virtually successful, so far as related to ministerial purposes. (Vol. III, p. 428.)

North Hill parish was set off November 17, 1738, and incorporated into the town of North Hampton November 26, 1742.

Considerable dispute arose at sundry times relative to boundary lines between this and other towns, and documents concerning the matter may be found in a volume entitled "Town Boundaries" in the office of the secretary of state.

\*Ebenezer Webster was a son of Thomas Webster, who died in Hampton in 1715, aged 83. He had a son Ebenezer, and a grandson by the same name, who was born in Kingston in 1739, and settled in Salisbury in 1763. The latter was one of "Rogers' Rangers," and was in the army in 1757 to 1759. He commanded a company at Bennington, and was the father of Ezekiel, born 1780, and Daniel, born 1782.

To his Excellency Jonathan Belcher Esq<sup>r</sup> Governour and Commander in Cheif in and over his Maiesties Province of New Hamp<sup>r</sup> and to the Honourable his majesties Council the Petition of sundry Inhabitants of the Town of Hampton in the s<sup>d</sup> Province humbly sheweth—

That most of the Towns and Parishes within the province of New Hamp<sup>r</sup> have been favoured respectively with Charters for considerable tracts of his Majesties Wast Lands within this province for the making of new Towns proper to them, and though it was proposed in the time of granting these Charters that a Charter should be granted to the Inhabitants of the Town of Hampton, yet through neglect due notice was not given to the greatest part of the Inhabitants of that town to seek after a right in any of the new Towns or in any entire body of Land for their proper use, most of whome have done very great service in this his Majesties province as souldiers against the Indian enemy but have not been favoured with any share in the new grants, at which they are extremely grieved, and therefore earnestly pray for help from your Excellency and Honours, and pray that you will please to grant your Petitioners who are represented by the subscribers and a List of their names hereto annexed, a Tract of Wast Land within this province to be embodied into a Town as the other new Towns be, or that whereas your Petitioners are informed that the Charter of Chichester is forfeited by the Proprietors by their neglect of fulfilling the conditions thereof, which Town was originally designed for the Town of Hampton that your Excellency and Honours will please to make them a grant thereof, and yo<sup>r</sup> Petitioners will punctually comply with the conditions to be set thereon and shall ever pray as in duty bound &c

[4-210] [*Petition of North Hill Inhabitants relative to paying Ministerial Rates: addressed to Gov. Belcher and the Assembly, 1738.*]

The Petition of Sundry of the Inhabitants of the North Part of Hampton in said Province humbly Sheweth That your petitioners labour under great difficulty as to attending the Public

worship of God at the meeting house at Hampton Town by reason of the distance from it, That there has been for some years past a meeting house erected at North Hill so called in Hampton aforesaid, where there has been preaching at times for some years past, that the charge of Supporting the Preaching there has been carried on by a few, who at the same time have paid the full of all Town Charges, That in many of your Petitioners familys there are six or seven that generally attend the publick worship of God at North Hill meeting House when there is preaching there, when at the same time not more than two or three of them at most, could attend at Town, That your Petitioners are very desirous of having the Public worship of God among them so as they and their familys may constantly attend thereon—

Wherefore your Petioners Humbly Pray your Excellency the Honorable the Council and House of Representatives in your Great Wisdom and Goodness to take your Petitioners Case under Consideration and to exempt your Petitioners Estates and Polls and the Polls under them ratable, from being rated towards the defreying any part of the Town Rate or Rates of Hampton afores<sup>d</sup> for so long time as the Public Worship of God shall be carried on and maintained at the said North Hill and your Petitioners as in duty bound shall ever pray &c.

[In H. of Rep., September 3, 1738, a hearing was ordered for the next session. In same, November 15, 1738, the parties were heard, and the house "Voted that the Petitioners be Poled off from Hampton old Town, and that their persons families & estates be cleared from paying to the ministry of the old Town, and from any payment to the Widdow of the Late Reverend m<sup>r</sup> Gookin, and from payment to the Town School so long as they keep and maintain an able orthodox Minister of the Gospell amongst them." The council concurred, with this amendment,—“That they be exonerated from paying to the support of a school at the old Town no longer than they support a writing & reading

schoolmaster amongst themselves,"—and further, that they should not be discharged from paying their proportion of the grant made by Hampton to the widow of Rev. Nathaniel Gookin, who died in 1734. House concurred, and Gov. Belcher "assented." Act passed accordingly, November 17, 1738. The parish thus set off was incorporated as North Hampton November 26, 1742.—ED.]

To the Rev<sup>d</sup> Ministers whom we have invited to be our mouth in addressing the throne of Grace For direction in the important affairs before Us & to others whom it may concern—

North hill in Hampton May 24<sup>th</sup> 1739—

Rev<sup>d</sup> Sir<sup>e</sup> Seeing there is a misrepresentation of our designs In our present proceedings made to you by our Brethren & neighbours as tho' we were about to Involve them in charge & contention against their wills. These may inform you that our Designs & aims are to set up & support the Gospie among us which we trust will be to the Glory of God & the great advantage of our selves & families

And we think we shall be able honourably to support it tho' our numbers be not increas'd for we trust that God will bless the labour of our hands to enable us to Bear the charges of it as he has heretofore done—And it is not in our design (were it in our power) To bring any into our Society untill they are willing Tho' they live never so convenient being sensible that Peace and Unity are what God is well pleased with and what will be our greater comfort & Security than larger numbers—

This declaration we make & engage to Stand by and accordingly promise that we will not petition for any Parish line untill the major part within that line shall joyn in the petition—

[4-214] [*Report of Committee concerning Lines between North Hill and the old Parish, 1742.*]

Whereas we the subscribers with others Being appointed By the Gen<sup>l</sup> Court at there Sessions on Sept. 17<sup>th</sup> 1742 To Go To hamton old Town & north Hill Parish and see whether it be Convenient to have a Line Settled between the old Town of hamton & north hill Parish or not If a Line then where to State It, or whether both Ministers shall be paid by one General Rate &c—In pursuence whereof we with Peter Gilman who was also one of Said Comitte mett at s<sup>d</sup> hamton on october 4<sup>th</sup> 1742, and viewed both Parishes and heard the arguments used by the agents of s<sup>d</sup> Parishes, and have Determined as fol<sup>o</sup>: That we think It most Convenient That the ministers Rates of Both Parishes be Paid by one General Rate. But if the Gen<sup>l</sup> Court should think Proper It should not be then we are of opinion they have a deviding Line between s<sup>d</sup> Parishes: and that it be as fol<sup>o</sup>: The Line to begin at the Country high way that Leads from Portsm<sup>o</sup> to hamton one Rod to the Southward of Cap<sup>t</sup> Joseph Taylors new dweling house and from thence to Run on a Strait Line to the Sea Striking the Sea Eighty rods to the Southward of the mouth of the Litle River where it now Emties Into the Sea, & then to begin at the high way afores<sup>d</sup> at the Place where the Line before-mentioned first begun & from thence to Run a Strait Line To the Corner bounds between Exeter and Stratham at hamton Line. That To be the Deviding Line between the two Parishes—

which is according to the best of our Jugem<sup>ts</sup> and is Humbly Submitted To the Gen<sup>l</sup> Court as our Report

[4-215] [*Remonstrance to foregoing Report.*]

The Humble Petition of Sundry Persons Inhabitants of the Northern Part of the Town of Hampton in said Province Sheweth—

That your Petitioners have been Informed that the Parishioners of the North Hill Parish so called have Petitioned the General Assembly for a Line of Division between that & the Town or old Parish In pursuance of which a Committee has viewed & Reported their Opinion (which your Petitioners were informed of before) that both ministers should be maintained by one Rate—or that a Line should be fixed as set forth in their Return—as to the first part, we humbly conceive it would be Intro-

ductive of Multiplied Confusions & altogether Impracticable for any length of time but as that is more Immediately the Concern of the Town we wave it & Refer it to those whose Province it is—But as the proposed Line greatly affects us we beg leave Humbly to Remonstrate That we families & estates will be thereby Comprehended within the North Hill Parish utterly against our Inclinations as well as Interests—That as this Parish was at first erected without our agency we think it Reasonable the charge of it should be supported without our aid and it would be a very hard case (as we conceive) to compel us to contribute to the ease & Conveniency of others at the Expence of our own or that the wills of our neighbours should abridge or rather Destroy our Liberty & that in direct Contradiction to their own solemn promise—

That there has not been a Parallel Instance at least within our knowledge but whenever Parishes have been erected those who were unwilling to belong to them have by the Indulgence of the General Court (agreeable to the Example of the Legislature at Home) had leave to continue as they were & were Poll'd off accordingly from the new Parishes which is but just and Reasonable for otherways it would be in the power of a few men frequently in a sort to Tyranize over their neighbours—That the Inconveniency hereby bro't upon us will be greater than those the Petitioners would be under if they were Reduced to their former condition & belong'd to the old Parish or at least equal to them—

Wherefore we most Humbly pray that this Court would according to their wonted Goodness in Such Cases if a Line shall be Settled let us Poll off Families & Estates from the said North Hill Parish & y<sup>e</sup> Petition<sup>r</sup> as in duty bound shall ever pray &c.

Jeremiah Marston and came from number four about the 20<sup>th</sup> of november last and got home to my own house the 20<sup>th</sup> of said november, and well when I came home and after I had been at home eleven days I was taken sick and brook out with the small pox which was verely shoking and destresing to me and to my family who all left me and went to a house at a distance and no body with me for some days but onely Ceazer Long.——\* \* \*

To His Excellency Benning Wentworth Esqr Captain General & Commander in Chief in & over his Majesties Province of New Hampshire And to the Honorable his Majesties Council And the General Assembly of this Province now Conven'd

May it please Your Excellency & the Honorable Council & the General Assembly—

The Humble Petition of the Minister & Two Selectmen of Hampton Town, Humbly Sheweth—

Whereas it hath pleased God in his Sovereign Providence to send the Small pox among us, & we have the Greatest Reason to fear it will soon spread into divers parts of the Town If Speedy & Effectual Care be not taken to prevent it—And though The Select Men have Impressd several houses to remove suspected persons into, according to Law—Yet they have been resisted by the owners of those houses—& their Lives threatned—So that the Major Part of the Select Men are discouraged & Determind to do Nothing further. And our present Danger being extremely great—We do therefore most humbly & Earnestly Entreat that the Legislature of this Province now assembled, would be pleased Imediately to appoint & empower some sutable persons to Come Imediately & remove these Infected persons to Sutable places, One of which lives so near to the Meeting house, that the publick worship of God must be broken up if not remov'd, & the other person Living close upon the Country Road in the Heart of The Town—which will prevent all Travellers as well as Endanger Considerable Neighborhoods—We do therefore earnestly beg the Imediate help of

You Our Civil Fathers, According as You in your Great Wisdom Shall see fitt, And so Your Petitioners shall ever pray &c

To the Hon<sup>ble</sup> The Senate, & House of Representatives in General Court Convened, January 5<sup>th</sup> 1791—

Respectfully Shews,

The Subscribers, in behalf of the Inhabitants of Hampton; that the main Road from Boston, to Portsmouth, in passing through said Town, crosses one main Branch of Hampton River, & Salt Meadow Ground, for about half a Mile in length; over which the Inhabitants of said Town by much labor, & Expencc have built a bridge & a Causeway, & have kept the same in as good Repair, as could possibly be expected considering the smallness of the Town, & the very great Expenditures it required—Nevertheless by high Tides & Freshets, it is frequently rendered impassable, & at other times dangerous, & difficult for Travellers; & as the Cost of raising said Causeway

to such an height as to make it safe & convenient passing at all Seasons, would exceed the Abilities of the Town, & considering the great Advantage it would be to the publick to have it done; Induces us to petition your Honors for Liberty to raise a sufficient Sum by Lottery to effect it, under such Regulations, and Restrictions as you may think proper, & your Petitioners as in Duty bound will ever pray—

## State of New-hampshire

To the honourable Senate & House of Representatives for said State in General Court convened at Exeter the first Wednesday of June 1796—

Humbly shew the subscribers inhabitants of Hampton in the county of Rockingham and state aforesaid, That they always have been and are conscientiously of the congregational persuasion which has been the established mode of public Worship in said Town ever since the first settlement thereof untill very lately—When about one third of the church and a major part of the congregation, professing themselves Presbyterians, called & Settled a Minister of the presbyterian order, notwithstanding the rest of the church and congregation dissented therefrom. The dissentients being conscientiously of a different persuasion, and desirous of worshipping their creator in a social manner, according to the dictates of their conscience; have since the unhappy separation took place, provided a house for public worship and procured preaching at their own expence, and being anxious to join with the church of congregationalists in said Town, in settling a minister of their own persuasion Your petitioners pray that they with the congregational church there may be erected into a Poll Parish and vested with such rights and privileges as other parishes have and exercise, and your petitioners as in duty bound will ever pray &c

## HAMPTON FALLS.

This town was formerly a part of Hampton.

In 1709, by a vote of the council, the inhabitants of that portion of the town of Hampton west of Taylor's river, called Hampton Falls, were authorized to choose assessors, and raise money for "the maintenance of such learned and orthodox minister to officiate in the New Church" as they might call to service there, with advice of Rev. Mr. Cotton.

In 1685 there were 212 inhabitants in what is now Hampton Falls.

In council, May 12, 1718, Peter Weare and others "of the new parish" petitioned that it might be separated from the old parish, and were granted the privilege of holding annual meetings to choose selectmen and other officers to manage their parish affairs, and to choose one representative to the general assembly, but were to pay province rates as they had before. In accordance therewith they met and chose Peter Weare as assemblyman, who took his seat October 7, 1718. He was speaker of the house in 1724.

John Farmer says Hampton Falls "was separated and incorporated in 1712." I do not find this to be the fact; but do find that they were not entirely separated in parish affairs until November 23, 1726. After that each parish was to be free from the other in raising their ministers' salaries.

The west part of the town was set off April 1, 1737, and incorporated into the town of Kensington.

June 3, 1768, the town was again divided, the south part set off, and incorporated by the name of Seabrook.

By an act passed December 4, 1742, a part of the town of South Hampton was annexed to this town.

December 7, 1816, a small tract of land was severed from this town, and annexed to Seabrook.

[4-234] [*Petition of Quakers relative to Service in the Army, 1761.*]

Province of New Hampshire

To Benning Wentworth Governour and Commander in Cheif in and over said Province the Council and assembly of said Province. In General assembly February 3, 1761.—

The Petition of John Brown and Elijah Brown of Hampton falls in the Province aforesaid Husbandmen. Being members of the Friendly Society Called Quakers—

That in the war Some time about four Years Since the Petition<sup>r</sup> then living together on their farm in Common and undivided and Elijah Being a minor under the age of Twenty one Years, he was Impressed to go into the war which he Refused to obey as being against his Relegion upon which Refusal Nathan Green a Clerk of a Company to which they said we did Belong Came with a Warrant from the Cheif officer of said Regiment and took a Yoke of good four Year old Steers and Sold them and hired a man to go in the Room of Elijah, the said Steers then being also undivided. But this Grevance would not have been Repeated had not Something farther been laid upon the Petitioner By an act of the Government Called the Quaker act, past the Last Year which they apprehend you have before you to Refer you to it, by which act they are apprehensive that the Court laid a Burden on Some of the Quakers that was never intended by the Court. and Especially on the Petitioners, for after a man being hired out of their Joint Substance they are Tax<sup>t</sup> by means of the Act aforesaid upwards of fifty pounds old Tenor Each to pay for their part of the people that was Called the Quaker proportion the Last years War Which the Petitioner

apprehend as a Very Great burden on them as they think they were properly Cleard from that Duty for the Reasons aforesaid—

Wherefore the Petitioners would be Glad of the Consideration of this Court on the matter. and order us Such Releif in the Last mentioned Tax as to you may Seem Right.

[4-235½] [*Objections to the Meeting called by Justices Bryant and Emery, 1770.*]

Province of New Hamp<sup>e</sup>

To the worshipfull Walter Bryant and Noah Emery Esq<sup>m</sup> two of his majestys Justices of the Peace for said Province who have warnd a Meeting of the Inhabitants of Hampton falls to be held the 30<sup>th</sup> Jan<sup>r</sup> 1770

The following Objections to the Legality & Propriety of the Calling and holding said Meeting are humbly offered—

1. Justices have no authority to Call town meetings unless the Selectmen Refuse—But such a meeting as is now Called hath not been Requested of the Selectmen or Refused by them Consequently the Justices authority cannot take place

2 The Denial of the Selectmen must appear to be unreasonable Otherwise Justices have no authority and the Justices cannot know that the Denial is unreasonable without hearing what Reasons the Selectmen have to offer unless they will Judge Exparte which cannot be presumed—But in the present case the Selectmen had Sufficient Reason to give (if they could have had Opportunity to have offered them) why they Did not call the meeting Requested So that if the warning for this Meeting had been the same as was Requested of them their Denial was not unreasonable

3 On Supposition that in Strictness you might have authority yet it is humbly Submitted whether it is Prudent to call a meeting for such Purposes as have a Direct tendency to bring the Parish into much Greater Confusion and Difficulty than any already arisen: and this appears to be the tendency of the present warning

Humbly Shew Your Petitioners Freeholders and Inhabitants of Hampton falls in said Province, That many Disputes and Difficulties have Arisen and Still are Subsisting in said Parish Respecting the Situation and Building of a Meeting House for the Publick Worship of God in said Parish—That at present there Appears no Prospect of Accomodateing Matters and Settling said Disputes But Great Danger that Lawsuits may Arise And the Parish be Greatly Divided And put to Great Expençe and Difficulty if not wholly Broken up without the Interposition of this Honourable Court.

Wherefore your Petitioners Humbly Pray that a Committee may be Appointed to view the Situation of the Parish to hear what Any Party may have to offer Respecting the Situation And Building of A Meeting house And to Make Report to the General Assembly what is best to be Done by the Parish to put An End to those Disputes which have Arisen Respecting these Matters. [*Report of the Committee.*]

Province of New Hampshire, June 11<sup>th</sup> 1770

Pursuant to the order on this Petition, we have viewed the Parish of Hampton Falls and heard what the Petitioners & others of said Parish tho't proper to offer on the Subject matter thereof.—And altho' it does not appear that the new Meeting House is placed as it could have been for conveniency when the Parsonage House &c is bro't into consideration, yet it is well Situate for a House of Publick Worship for said Parish. And therefore are of opinion that all concerned would do well to accept of it as such.

And for conciliating affairs in the Parish, we think two things would have a tendency that way, viz, That such persons of the Parish who in three months signify their inclination to

have Pews in the new Meeting House, should by some resolution of said Parish (after said three months, to be taken) be put on the same foot relative to having Pews as tho' no sale thereof had been.

And Secondly that those persons who are better accommodated by the new Meeting House & assisted in building the same, (and no others) should present the Rev<sup>d</sup> M<sup>r</sup> Pain Wingate, with the Sum of Sixty pounds, in order to provide Suitable carriage &c for Travel of himself & family to and from Meeting. And this seems reasonable, in consideration the House of Publick worship will be near Two miles distance more from him than it was when he settled; and in general so much the more commodious to those on which this otherwise seeming burthen is proposed to be laid.

All which is most Humbly submitted by

[4-237] [*Proceedings in a Parish Meeting, 1773.*]

We the subscribers being present at the Annual Parish meeting at Hampton falls 9<sup>th</sup> of march 1773.—Jon<sup>a</sup> Fifield Esq<sup>r</sup> was Chosen moderator after which he the Moderator ordered the Voters to bring in their Votes for a Clerk in writing and after the Moderator had counted them he declared Cap<sup>a</sup> Caleb Sanborn was Chosen Clerk—A Dispute Immediately Arose and a Poll demanded, which was denied some Considerable space of time, but more than one hour after the first demand, the Moderator granted a Poll, & ordered them that were for M<sup>r</sup> Benj<sup>a</sup> Tilton to be Clerk, to go out at the east end of the Meeting house, & them that were for Cap<sup>t</sup> Caleb Sanborn, to go out at the west end, & ordered m<sup>r</sup> David Batchelder to number them, said Batchelder said, the number for Tilton was forty Three—But those that were for Sanborn kept there places, in the meeting House, & would not go out to be numbered the Moderator & others then said Sanborn was Chosen by Proxy, & that was the end of the Law The party for Benj<sup>a</sup> Tilton still required a fair Devision by Poll, & about Twenty then again demanded it—After some time more was Spent in dispute the Moderator ordered all them that were for m<sup>r</sup> Benj<sup>a</sup> Tilton to be Clark to go into the Womens seats, and them for Cap<sup>t</sup> Sanborn to go into the mens seats, and again m<sup>r</sup> David Batchelder Number'd both parties—After which said Batchelder said the number for Tilton was fifty five and the number for sanborn did not exceed Thirty three—and directly after said Batchelder had repored the numbers, the Moderator Administered the oath of a Clerk to Cap<sup>t</sup> Caleb Sanborn—Our Judgement by Appearance of the Numbers is that their was more than two for Tilton to one for Samborn—

[4-239] [*Petition concerning aforesaid Dispute.*]

To his Excellency John Wentworth Esq<sup>r</sup> Captain General Governour and Commander in Chief in and Over his Majestyes Province of New Hampshire; To the Hon<sup>ble</sup> his Majestys Councill, And to the Hon<sup>ble</sup> House of Representatives in General Court Assembled May 1773.

Humbly Shew your Petitioners That at our Annual Parish Meeting in March Last, after the Moderator was without controversy or Opposition Chosen it was moved that the Parish Clerk Might be Chosen by written votes. they were Accordingly Called for and Regularly brought in and no Exceptions taken or Complaint made that the Ballot was not fair, untill it appear'd by counting the Votes that Cap<sup>t</sup> Sanborn was Chosen, Then a Poll being Demanded was granted, And the two Parties who were for or against the Clerk that had been Declared Chosen being Separated and no Exception taken that the Separation was not Sufficient for Determining the Poll exactly, the Moderator desired One of the Last years Selectmen to Count those on One Side and who were of his party, while he Carefully Numbered the Other Party himself; at length M<sup>r</sup> Batchelder, who was the person Desired by the Moderator to Count one side Returned to the Moderator, and without Expressing any uneasiness as to the Manner of the Poll or doubt as to the Number of persons he was Employed to tell, Declared the Number precisely, and the Moderator Declar'd the Number on the Other Side, Whereby it appeared that Cap<sup>t</sup> Sanborn was Chosen Clerk by Poll as he before had been by Ballot—nor did any Dispute Arise about the Regularity or Validity of the Poll that had been taken untill the Number were Declared on both sides and it Appeared who was Chosen. Then a Poll again Demanded which was Judged needless and unreasonable by many and they

declined paying any regard to it, Insisting that the Clark was clearly Chosen already both by Ballot and Poll, and the Moderator altho' willing to have gratified even an unreasonable Request yet thought it incumbent upon him and did proceed to Admit him by Oath to his Office—That as the Selectmen and Other Parish Officers there is no dispute of their being legally Chosen and so no pretence for having the Choice of them made void, had the adverse Party been a Majority at the Meeting as has been pretended they might have had an Oppertunity of Shewing it by After Pollings and Choosing such officers as they pleased, But as we doubt not they being Conscious that they were the Minority withdrew and left the Majority peaceably to Choose those Officers they saw fit. That at the Adjournment of the Meeting, upon a Motion made by one in Opposition to the proceedings of the Meeting it was put to vote whether the Parish would reconsider their Votes respecting the Choice of Parish Officers and it passed in the Negative, That the Selectmen and Other Officers have proceeded in their business as bound by the duty of their Offices Excepting wherein they have been prevented by some persons unreasonably keeping the books and Other necessary papers belonging to the Parish out of their hands—That it would put the Parish to very great Trouble and Expence to Call a new Meeting, and Especially to Choose all the officers anew wou'd throw many Affairs into great Confusion such as takeing the Invoices for Taxation as by law Directed, paying the School Marster and the Like which we trust will not be done only in Case of necessity and much less where there is no pretence of Dispute in any transaction of the Meeting except in the Choice of Parish Clerk and in that as we humbly Conceive very unreasonable. And we apprehend that the Major Part of the Parish who were at Said Meeting are not only fully Satisfied that the Meeting was legally and fairly Conducted but also well Contented with the Persons Chosen to the Several Offices, We are led thus to Lay before your Excellency and Honours an Account of the Proceeding at Said Meeting being informed that a Number of the Inhabitants of Hampton falls have Petitioned the General Assembly representing the Proceedings at said Meeting to be illegal and unfair and praying they may be Set aside A Copy of which Petition with the order of Court for a hearing thereon has been Read to, but Refused to be left with the Moderator of Said Meeting, so not being Acquainted with any thing more then the General purport of the Petition cannot make so purticular a Reply As Otherwise he might. But can only give a true Account of the Proceedings of the Meetings by which we trust it will appear Clear to your Excellency and Honours that their Petition is Groundless and Calculated to keep up Divisions and Disputes in the Parish—

Wherefore your Petitioners humbly Pray That said Petition may be Dismiss'd, and as in Duty Bound we Shall Ever pray &c :

To His Excellency John Wentworth Esquire Captain General Governour & Commander in Chief in & Over his Majesties Province of New Hampshire

To the Hon<sup>ble</sup> his Majesties Council and House of Representatives for Said Province Convened in Generall Assembly—

Most Humbly Sheweth

The Subscribers Freeholders and Inhabitants of the Parish of Hampton-falls in the County of Rockingham in Said Province—

That at the Annual Meeting of the Freeholders and Inhabitants of Said Parish held at the New-meetinghouse in Said Parish on the Ninth day of March AD 1773—Jonathan Fifield Esq<sup>r</sup> was Chosen Moderator for Said Meeting, and Called upon the Voters to bring in their Votes for a Parish Clerk, whereupon one Party Voted for Caleb sanborn and the Other Party (of which your Petitioners are) Voted for Benjamin Tilton to be Parish Clerk for the Currant year, and upon Sorting the Votes

the Said Moderator Declared that Capt Caleb Sanborn was chosen, But we (Suspecting that Several who Voted for Said Sanborn were not Legal Voters and that some had put in more than One Vote Each) to the Number of Eighteen Desired and Requested a Poll, which was for some time Denied us, but at length Granted, and David Batchelder one of the Select men was Ordered to Number the Polls of the Voters, who made Report to the Said Moderator that there was Fifty five Votes for the Said Tilton & Thirty two or thirty three for Said Sanborn— Notwithstanding which the Said Moderator then (to our great Surprise) declared the Said Sanborn to be Chosen Clerk and immediately Administered the Oath to him Accordingly—

Which Proceedings We humbly Conceive to be Unfair, Illegal and Designed by the Said Moderator to hurt and Injure the Major Part of the Legal Voters in Said Parish—

Wherefore and for many other good Reasons to be offered & Proved to your Excellency & your Hon<sup>rs</sup> upon a hearing of this our Petition We Humbly Pray your Excellency & Honours to take our Case under your wise Consideration and Nullify and make Void the Proceedings of said Meeting and Order the Selectmen for the last year or some other Person or Persons to Call and warn another Meeting of said Freeholders & Inhabitants as soon as may be for the Choice of all Parish officers in said Parish for the Currant year, Or Otherwise grant us Such Relief in the Premises as to your Excellency and Honours Shall Seem Meet.—

And your Petitioners as in Duty Bound shall ever Pray &c

[4-246] [*Relative to working Highway Taxes in Hampton Falls and Seabrook Parishes, 1791.*]

To the Hon<sup>ble</sup> President Senators and House of Representatives  
of the State of New Hampshire in General Court Assembled.

The Petition of the Subscribers chosen as a Committee in

behalf of the Parish of Hampton falls at a Legal Meeting of the freeholders and Inhabitants Thereof in August last passed for the purpose of making application to the Honorable General Court, humbly Sheweth—

That some Years ago, upon the settlement of the Rev<sup>d</sup> M<sup>r</sup> Wingate as the Minister of this Parish,—Seabrook was taken off from Hampton-falls and made a distinct Parish on account of their dissent from said settlement; and a line of Division was Drawn betwixt the said Parishes by Order of General Court.

That notwithstanding the said line of Division Liberty was given by the Court to any Person on either side of said Line to Poll off with their Estates into the other Parish within Two Months after the said Division was made the plain Design of which was that they might have their choice as to the enjoyment of the Privileges of religious worship in one Parish or the Other—

That in consequence of this Liberty some Persons within the Line of Seabrook Polled into Hampton falls; and likewise sundry Persons within the line of Hampton-falls Polled into Seabrook; by which means much difficulty hath been occasioned as to doing their part in repairing highways:

Whereas it would be more convenient for both Parishes if they who have Polled; might be Obligated to do their part of Labour on the Road within the Lines of the Parishes in which they belonge; why this was not mentioned in the Charter was entirely thro' forgetfulness:

Therefore it is our Humble Petition that Your Honours in your wisdom would Pass an Act that all those Inhabitants who Lives within the Bounds of s<sup>d</sup> Hampton falls who have Polled into Seabrook be caused to work or pay their proportion of Taxes According to their Polls and Estates on Roads or Highways within the Bounds of s<sup>d</sup> Hampton falls; Also all those Inhabitants who Live within the Bounds of Seabrook who have Polled into Hampton falls be caused to work or pay their proportion of Taxes According to their Polls and Estates, on Roads or highways within the Bounds of Seabrook,—As in Duty Bound shall Ever Pray.

## HANCOCK.

This town was incorporated November 5, 1779, and named in honor of Gov. John Hancock of Massachusetts, who was one of the original proprietors of the town. The territory comprised in the township was a portion of Society Land, so called, belonging to the Masonian Proprietors, some of which had been settled by John Grimes in 1765, and, within four or five years from that time, by Moses Morison, William Lakin, and others.

January 16, 1794, the farm of Joseph Putnam, of Society Land, was annexed to this town.

January 1, 1849, the farm of John Flint, of Antrim, was annexed to Hancock.

the Humble petition of us the Subscribers Inhabitants of that part of the Society So Called Laying on the west Side of Contoocook River and South of Antrim North of Peterborough & Dublin & East of Packersfield—

To The Hon<sup>ble</sup> the Council and House of Representatives for the State of Newhampshire afores<sup>d</sup> in General Assembly Covened—

The petition of the Inhabitants and Proprietors of the Lands of the place called and Known by the Name of y<sup>e</sup> Society Land in the County of Hillsb<sup>o</sup> in the State of New hampshire afores<sup>d</sup> humbly sheweth—

That y<sup>e</sup> said Place called y<sup>e</sup> Society Land is Taxed for y<sup>e</sup>

Current Year for a Larger Sum than other places and Towns in Proportion, in the same State, being One pound five shillings 11<sup>d</sup> to Every Thousand pound—and we further Shew that in fact we the said Inhabitants are very poor and Low in the world, our Lands are a great Part of them Low and Sunken. we have many Large ponds and some very mountainous and Rocky Land—which are not nor Ever Can be improved—The Road thro y<sup>e</sup> Township could not be made Good and passable for Teams, in One year, for y<sup>e</sup> whole Sum y<sup>e</sup> Township is worth, it being so Exceeding Rocky mountainous and Sunken—

We declare our Selves Good and faithfull Subjects to the state afores<sup>d</sup> and Truely willing to pay our full Proportion of publick Taxes; but at the same time upon considering Every Circumstance, we are assured and do plainly See that our Valuation was given in three Times too Large, in Proportion to other Towns, Therefor We humbly pray for an abatement in our Tax in such proportion as your Hon<sup>rs</sup> in your Wisdom shall see fit, and your Petitioners as in Duty bound shall Ever pray—

## HANOVER.

The township was granted July 4, 1761, to Edmond Freeman and others.

Col. Edmond Freeman, who came from Mansfield, Connecticut, made a settlement in town in May, 1765. The following year Benj. Davis and Benj. Rice, from the same place, made settlements, and others came soon after from Coventry, Conn.

In 1770 there were about twenty families in town, living in log-houses. In September of that year Rev. Eleazer Wheelock, of Lebanon, Conn., settled in the town, and established Dartmouth college, a charter having been obtained from Governor Wentworth, dated December 13, 1769, for that purpose.

An additional grant was made to the proprietors of the township January 9, 1775, of some 2,000 acres on the north side of the town, in consequence of some misunderstanding concerning the bounds of the original grant.

About 300 acres of land in the south-west corner of the town was granted to Dartmouth college December 19, 1771, and 200 acres adjoining to Rev. Dr. Eleazer Wheelock, president of the college.

TO THE SELECT-MEN OF HANOVER—IN SAID COLONY,  
GREETING. You are hereby required to notify the legal Inhabitants paying Taxes in the Towns of Hanover, Lebanon, Relhan, Canaan, Cardigan & Grafton (giving them fifteen Days Notice) to meet at some convenient Place in your Town, to

elect one Person (having a real Estate of the Value of Two Hundred Pounds Lawful Money in this Colony) to represent them in General Congress now setting at Exeter—And to empower such Representative for the Term of one Year from the 21<sup>st</sup> of December cur<sup>t</sup> to transact such Business and pursue such measures as they may judge necessary for the public Good.

And the Person who shall be elected, You are to notify, that he attend at Exeter abovementioned. And make Return hereof with your Doings thereon.

By order of Congress,

MATTHEW THORNTON, PRESIDENT.

Exeter Nov. the 14th 1775.

E. THOMPSON, *Secretary*.

[No return was made on the back of the foregoing, as no representative was chosen. A similar precept, dated Sept. 30, 1776, was sent to the town, which was returned with the following endorsement on the back :—ED.]

[5-39]

Hanover Nov<sup>r</sup> 27<sup>th</sup> 1776—

Pursuant to the within Precept We notified the Inhabitants paying Taxes in the Towns of Hanover Canaan and Cardigan to meet at the meeting house in said Hanover this day for the purposes within mentioned—Who being met passed the following Votes. Viz.

1. Voted unanimously That the Address of the Inhabitants of this and other Towns, to the People of the several Towns thro' this Colony, published by their Committees in July last, is truly expressive of our Sentiments respecting Representation and the unconstitutional Formation and procedures of the present Assembly of this State—

2. Voted unanimously that we will not chuse a Representative as 'directed in the Precept issued by the Assembly of this State for the following Reasons Viz.

1. Because no plan of Representation is as yet formed in this

State consistant with the Liberties of a free people; in that the people have not universally had a full Representation in any Assembly since this State was declared independent of the Crown of Great Britain, by which declaration we conceive that the powers of Government reverted to the people at large and of course annihilated the political Existence of the Assembly which then was; notwithstanding which they have since presumed to act in the name of the people, and in their precept undertaken to prescribe & limit the mode of proceedure in our Choice of a Representative which it does not appear that they are to be chosen for the purpose of recognizing the rights of the people and assuming such Government as shall be agreeable to them, tho' nothing of that nature has at any time been done in this State; except a Plan formed by the Representatives of a part of this State, by which the whole Rights of the People are assumed by that House.

II. Because the Precept in Consequence of which this meeting was called is inconsistent with the Liberties of a free people; in that it directs to have different corporate Towns (who have a right to act by themselves in all Cases) to unite for the purpose of chusing a Representative and Counsellor

III. Because it limits us in our Choice to a Person who has a real Estate of £200. L. M. whereas we conceive that there ought to be no pecuniary Restriction; but that every Elector is capable to be elected.

3. Voted Unanimously that the Select Men be directed to make return of the foregoing Vote with the reasons annex'd together with the Precept to the Assembly proposed to be held at Exeter on the third wednesday in Dec' next.

4. Voted unanimously that we will not give in our votes for a Counsellor as directed in the Precept I. Because we can see no important end proposed by their Creation, unless to negative the proceedings of the House of Representatives; which we humbly conceive ought not to be done in a free State.

II. Because every Elector ought to have a Voice in the Choice of each Counsellor (in Cases where they are needful)—and not be restricted in his Choice to any particular Limits within the State—For which Reason we protest against a Counsellor being chosen in this County, as directed in the Precept.

5. Voted unanimously that the Clerk be directed to make return of the last Vote with the Reasons annex'd, and our Protest, as the Precept directs relative to Vote for a Counsellor.

6. Voted that this meeting be dissolved—And it was accordingly dissolved

[5-41] [*Petition to have a part of Hanover incorporated into a new Town, 1783.*]

To the honorable Council and Assembly of the State of New Hampshire. Humbly sheweth The petition of the subscribers residents of a district of land hereafter described in the vicinity of Dartmouth College in the county of Grafton and State of New Hampshire That at the settlement of said College in the southwest part of Hanover A. D. 1770 it was proposed that a distinct town or parish should be formed contiguous to it out of the towns of Hanover and Lebanon; in compliance with which proposal the said towns have passed votes expressing their consent that it may be effected—That the inhabitants within said territory have formed settlements there in expectation that such town would soon be formed; and great inconveniences must arise on account of their situation from a connection with Hanover and Lebanon in town matters—That in consideration of such inconvenience and by consent of said towns the said inhabitants have transacted matters separate from the said towns for near six years last past, which necessity has at many times in the course of the war compelled them to in cases of alarms & C as a separate military company was established there before the commencement of the war—Your petitioners therefore humbly pray that all that part of the town of Hanover bounded southerly by the southern line of said town, eastwardly by the two mile road (so called) and the second hundred acre lots drawn to the original rights of the first Minister and Prince

Freeman northwardly by the southern and western lines of the second hundred acre lots drawn to the original rights of John Sherwin Stephen Walcot Nathan Wright and Otiss Freeman and the fifty third river lot, and westwardly by the western line of said Hanover—Also all that part of the town of Lebanon bounded as follows viz. Beginning at an hemlock tree (marked 4 on the south side and 5 on the north side) being the north-west corner of said Lebanon thence running eastwardly on the northwardly line of said town three miles to a white pine tree marked 3 thence turning off at right angles and running southerly one mile and a half, thence turning at right angles and running westwardly to the westward line of said town, thence northerly on said line to the first mentioned bound be incorporated and erected into a distinct town and be invested with such privileges and immunities as other towns within the State have and enjoy, and so as shall best subserve the rights and interest of said College,

And we would further request that Bezaleel Woodward Esq<sup>r</sup> (whom we have appointed our Agent in this matter) may be heard on the premises in our behalf as occasion may require.

[5-43] [*Petition for the Appointment of a Magistrate, 1784.*]

To his Excellency, the President: the Hon. Council for the State of New Hampshire.

The Petition of a number of the Inhabitants of the town of Hanover, in the County of Grafton in s<sup>d</sup> State; Humbly Sheweth that the Inhabitants of the Town; are so large, as to be more than a Competent number for one Representative; and that the Settlements are made in almost every part of s<sup>d</sup> town; and at present, we have no Justice of the Peace appointed, except M<sup>r</sup> Woodward; who lives in that part called the College District, which is at one Corner of the Town, and remote from the main body of the Inhabitants; which renders it very inconvenient for the People back from the College part.

We therefore, pray, that your Excellency, and Hon<sup>rs</sup>, would take our Case into your wise and Candid Consideration; and at your Next meeting to appoint the Authority, in the State, would Nominate, and appoint M<sup>r</sup> Russel Freeman: to the office of Justice of the peace: and your Petitioners, as in Duty bound, will ever Pray.

To the Honourable the General Court of the State of New Hampshire

The petition of the Inhabitants of the Town of Hanover in the County of Grafton Humbly sheweth

That in the oppinion of your petitioners, the County road as laid by the states Committee through said town of Hanover, May be altered to great advantage to the public in general as well as to this Town in particular, as we are fully persuaded we can show where a road may be laid through said Town on more suitable land for the purpose both on account of the Hills and dryness of the Land, and the distance of which from the College to the Southeastly corner of said Town will not be so great as where y<sup>e</sup> road is now laid by more than one mile & half—That this alteration will save y<sup>e</sup> Town great expence in making said road, and as the Committee who laid said road had not the Benefit of viewing this place, Your petitioners would Humbly pray your Honours to take this matter into your wise consideration, and to appoint an Impartial Committee to look into the aforesaid matter and act thereon as may be most conducive to the public good—

HAVERHILL.

The township was granted May 18, 1763, to John Hazzen and 74 others, some of whom were from Haverhill, Mass., and the town derived its name from that place. It had previously borne the name of Lower Cohos, and was a favorite place with the Indians, who had a fort on the bank of the river, near where Capt. John Hazzen settled in 1764.

By an act approved June 21, 1815, the town was divided into two parishes. Samuel Morey of Orford, Jonathan Merrill of Warren, and Samuel Hutchins of Bath, were appointed to run the divisional line between the two parishes.

Among its prominent men prior to 1800 was Hon. Moses Dow, a native of Atkinson, and a graduate of Harvard college in 1769. He was elected a member of congress by the legislature of this state in 1784, but declined the honor. He was a member of the New Hampshire senate in 1784, and of the council in 1785 and 1786, and again in 1792, and was a judge of the court in Grafton county at the time of his death, March 31, 1811, aged 64.

[5-49]            [*Petition for a Ferry, 1772.*]

To his Excellency John Wentworth Esq<sup>r</sup> Captain General Governor and Commander in Chief in and over the Province of New Hampshire and vice Admiral of the Same In Council—

The Petition of Thomas Johnson of Newbury in the County of Gloucester & Province of New York, humbly Sheweth that by Charter, there is but one Ferry, Across Connecticut River in Haverhill in the County of Rockingham, by Charter allowed to be kept, which by said Charter ought to be kept within one mile of the Point of the *little Ox Bow* (so Call'd) as said

River runs and that said Ferry so allow'd to be kept, hath hitherto been, kept, more than four miles above said Point, as said River runs, and that there hath, for a number of Years before the making-out said Charter, a Boat been kept and us'd, for the Conveniency of Travellers, passing said River, at y<sup>e</sup> Place where the publick Highway passes s<sup>d</sup> River from said Haverhill to said Newbury near the now Dwelling House of Richard Chamberlin in said Newbury which place is almost two miles below s<sup>d</sup> Point, of the little Ox Bow, where your Petitioner begs Leave to Say a Ferry ought Still to be kept for the Conveniency of Travellers, Whereupon your Excellency's Petitioner, humbly prays, that Your Excellency would Grant him, Liberty to Sett up & keep a Ferry, accross said River, at or near s<sup>d</sup> places where said Highway passes, from said Haverhill to s<sup>d</sup> Newbury by y<sup>e</sup> House of s<sup>d</sup> Chamberlin under usual Regulations & Restrictions and as in Duty bound Shall ever pray

Pursuant to a Vote of Councill appointing us a committee to consider of the petition of Thom<sup>s</sup> Johnson for the priveledge of a Ferry across Connecticut river between the Towns of Haverhill and Newbury also the grant made to Asa Porter Esq<sup>r</sup> of a Ferry priveledge between said Towns beg Leave to report as follows. The grant made to Asa Porter Esq<sup>r</sup> we suppose fixes the place where said ferry is to be kept at the point of the little Ox Bow and that the priveledge of one mile above and one mile below said point is to be measured upon the river agreeable to its general course, but upon viewing the plans exhibited to us by the Parties we find that the ferry now kept by M<sup>r</sup> Porter is between three & four miles upon the river above said point & the place fixed upon by M<sup>r</sup> Johnson is near Two miles upon the river below the aforesaid point. it also appears to us absolutely necessary for the public utility that two ferries be established across the River between the aforesaid Towns & nearly in the places now fixed upon by Mess<sup>rs</sup> Porter & Johnson as there is no Spot upon the river within a mile either above or below said point convenient for keeping a ferry we would also humbly suggest that care should be taken in all such grants that the Taxes arising therefrom should be paid in this Government

[5-53] [*Enoch Bartlet's Complaint, 1780.*]

To the Hon<sup>ble</sup> the Council And Representatives of the State of New Hampshire in General Court Assembled

The Petition Memorial And Address of Enoch Bartlet of Haverhill Humbly Shews.—

That he Your petitioner has lately Suffered Much injury by a Sort of Banditti who in Contempt of all laws did at Northumberland in the County of Grafton in Said State in September last without Any colour of right commit a most horrid ravage, by entering Upon his Your petitioners Grist Mill And Saw Mill in Said Northumberland (lately erected or repaired at a great expence) And Cut and destroy'd the wheels Shafts &c And took Away all the Iron Work of Said Mills Mill Stones and other Gear And a Quantity of Boards and Carried them a Cross Connecticut River into the State Called Vermont And improved them for other Mills—And have Since when demanded refused pay for the damages done—And that he having Apply'd to Gentlemen of the law in order to bring his Process Against the trespassers is informed by them, that Unless Some further provision is Made by the legislators of the State the good And wholesome laws of it Cannot be carried into execution—And As it has ever been esteem'd a great and most valuable part of our English liberties And Constitution founded on Magna Charta—That Justice and right Should Not be delay'd or denied to Any Man—And as the Suppression of laws And good Order in a State is Attended with Anarchy And the most fatal Consequences—He therefore humbly prays that you As the guardians of the just rights of the people And as legislators of the State will make provisions for the due And just Administration of Justice by law in every part of it—

And your petitioner is humbly of Opinion that if Such flagrant Acts of injustice Are conniv'd at And Not prosecuted, Every ones property in that county will be in danger, And that if he Shall Again furnish Stones Iron truck &c And repair Said Mills for the benefit of the Inhabitants he cannot think they will be Secure Against Such Free Bootery—And your petitioner also further Says—That he has Suffered much at the town of Bath in s<sup>d</sup> County for that he could not enforce the Contract Against his Tenant who has improved his house And land there

for Some Years past—And for that on his Said Tenants leaving it without Notice, He by his attorney was obliged to let it on Very disadvantageous terms to procure one to enter immediately, To prevent one who was going to enter And get Possession of it without leave

And Further Says that he cannot Suppose that his affairs (tho not the most trivial) will alone put you Upon Acting on the affair ; But that a due consideration of the many Instances of Fraud, Injustice and oppression that prevails in that County Since the laws were Suppress'd—will influence You to Make the Necessary Provision Pray'd for And he As in duty bound Shall ever pray—

[5-54] [*Moses Dow declines to accept an Election as a Member of the Congress of the United States.*]

Haverhill Oct<sup>r</sup> 4<sup>th</sup> 1784.

Sir

Having lately received from your Secretary a copy of the vote of the Gen<sup>l</sup> Court, appointing the Hon<sup>ble</sup> Abiel Foster, Jon<sup>s</sup> Blanchard & John Langdon Esquires, with myself delegates to represent this State in the Congress of the United States, the ensuing year. I take this opportunity to make my sincere and hearty thanks, to your Excellency & the Court for the honor done me in this appointment.

I feel the most agreeable sensations, when I find, that I possess so much of the confidence of my fellow-citizens, as leads them to such an election and as I have always made it my principal design, uprightly to endeavor the promotion of the public good, my ambition is highly gratified, while I thus experience the public approbation.

I acknowledge the appointment, to be honorable, & very respectable, and conceive, the tour & employment would be exceeding pleasant and agreeable—and that all the unhappiness I should find in the pursuit, would arise from a consciousness of my inability to render that service to the State, my inclination would dictate.

As I have had no apprehension, but some two of the three worthy Gentlemen, at the same time elected, who are experienced, & much better qualified for the purpose, at this important and critical juncture, when matters of the last Consequence are before Congress, which require the greatest wisdom & perseverance, would have undertaken the representation of the State, I have intirely neglected every necessary preparation.

The present infirm state of my health, the real conviction of my inequality to the business of the mission, and many other circumstances, unnecessary to be mentioned, render it extremely difficult, or rather impossible for me to engage in a trust so arduous & interesting; And I doubt not but the candor of your Excellency, and of the worthy members of the General Court, will readily apologize for, and excuse me, while I say that I cannot conceive it to be my duty, or by any means, see my way clear, at this time, to undertake an appointment of such weight & importance

With the highest sentiments of esteem, I have the honor, to subscribe myself,

your Excellency's  
most obedient & most humble Servant

Moses Dow

His Excellency Meshech Weare Esquire President of the  
State of New Hampshire.

[It is difficult in these times to believe that any man would decline to accept an election as member of the United States Congress, on the plea of a lack of ability to fill the position.—ED.]

[5-55] [*Vote of Town relative to Paper Money, 1786.*]

[5-56] [*Selectmen's Protest to the grant of a Ferry to Ezekiel Ladd.*]

To the Hon'ble the Senate & the Hon'ble House of Representatives of the State of New Hampshire in General Court to be convened at Exeter on the fourth Wednesday of December 1788

Humbly shew the Subscribers Selectmen of Haverhill, in behalf of said Town that they have been honored with the copy of the petition of Ezekiel Ladd Esq<sup>r</sup> for the grant of ferry in this Town & the order of Court thereon & beg leave to object to granting that privilege to an individual, when very many of the inhabitants of this town have equal pretensions to it—This

town was a frontier during the late war & much exposed to & harrassed by the enemy—whereby they were obliged to expend great sums of money, as well as time & labor, for their own safety as well as for the public good, for a great part of which they have hitherto laid no claim for reward or compensation—

That the grant of all privileges of ferries in this Town, not already made, would be considered by the inhabitants as some compensation for said services & sufferings

Wherefore your petitioners, in behalf & at the direction of said town pray your Honors that all the privileges & emoluments of ferries across Connecticut river against said town, not already chartered, may be granted & secured to & for the benefit of the Inhabitants of said Town & their successors forever

And your petitioners as in duty bound shall ever pray &c

To the Honorable the Senate, and House of Representatives of the State of New Hampshire; In General Court to be Convened at Exeter on the Twenty-fifth day of December 1793—

Wherefore they pray your Honors; to grant them an Incorporation, to enable them with more propriety and Efficacy to pursue their Object, and render Service to the Publick—

[5-58] [*Subscriptions towards building a Bridge over Connecticut River, 1794.*]

Whereas Benjamin Chamberlin of Newbury proposes building a bridge over Connecticut River betwixt Haverhill & s<sup>d</sup> Newbury at or near the place where he & his fathers have kept a ferry for more than thirty years, that is from the beginning of the first settlements in said Towns to the present time—which is upon the nearest—best & oldest road for passing said river from the State of New Hampshire into the State of Vermont & to the northerly & north westerly settlements therein & to Canada—And has petitioned the General Court of the State of New Hampshire to grant him the privilege of building & tending a bridge at said place for reasonable toll

And whereas we the subscribers are of opinion that this is the best & easiest place of any betwixt said Towns to build a bridge & the place where it is most likely for a bridge to stand—& best situated to serve the public—

Therefore We are desirous of becoming adventurers & undertakers in promoting a plan so beneficial to the public good & as we conceive, advantagious to our own interest And do hereby agree & promise severally to advance & pay towards building a bridge at the place aforesaid the sums annexed to our respective names—upon condition that the said Chamberlin shall obtain such grant, & of our receiving our several proportions of the profits arising therefrom, agreeably to the sums by us respectively subscribed—Witness our hands—

Province of New Hampshire—

To His Excellency John Wentworth Esq<sup>r</sup> Governor & Com<sup>dr</sup>  
 in Chief of s<sup>d</sup> Province in Council—

The Pétition of Asa Porter of Haverhill in the County of Rockingham Esq<sup>r</sup> humbly sheweth—

That in behalf of the Towns of Haverhill & Newbury on Connecticut River He would represent the Necessity of an establish<sup>d</sup> Ferry over s<sup>d</sup> River to be kept at a convenient Place near the Center of the afor<sup>s</sup> Towns to accommodate the Inhabitants and many Others that occasionally travel that way, which He the s<sup>d</sup> Porter would willingly undertake to do having a large Boat well suited to the Purpose, Therefore prays your Excellency would be pleas<sup>d</sup> to favour Him with a Grant of such a Ferry to be established at certain Rates & with a Privilege including s<sup>d</sup> River within the Compass of five Miles from the Place where s<sup>d</sup> Ferry shall be kept, or otherwise under such Limits & Directions as to your Excellency may seem meet— And your Petitioner as in Duty bound shall ever pray—

[5-60]            [*John Hurd relative to Roads, 1774.*]

Province of New Hampshire

To His Excellency John Wentworth Esq<sup>r</sup> Captain General,  
 Governor & Commander in Chief—The Honble His Majesty's Council, and The Honble House of Representatives in  
 in General Assembly convened—

The Memorial of John Hurd of Haverhill in the County of Grafton Esq<sup>r</sup> humbly Sheweth—That the late Act of the General Assembly made for the purpose of opening a Road thro' the new settling Towns Westward, to Haverhill, or Coho'os,

on Connecticut River, being expired—but a considerable part of the said Road remaining yet unfinish'd, and that thro' the most difficult & mountainous Tracts of the Country to the great Detriment & Discouragement of the New Settlers; as the Transportation of all Their necessary Stores thro' this Road in its present Situation is not only very expensive but dangerous for Man & Beast, being miry, rooty, rocky, & narrow with bad pitches in many places—And whenever it may be necessary for the Honble Judges of the Superior Court to attend their Business at Haverhill, unless something is speedily done upon the Road, will render their Journey very tedious & hazardous—But as the Expence of immediately making the said Road good, & safely passable, will be a peculiar Hardship on those particular Towns lying on the Highth of Land in their now infant State, without the public Aid, tho' if once completed would be greatly advantageous not only to the Upper Settlements, but to this lower part of the province to w<sup>ch</sup> all their spare produce may then with Ease be conveyed—Your Memorialist humbly prays in behalf of all the Settlers on that part of Connecticut River, & the Towns adjacent—Your Excellency & Honors would take this Matter into Consideration—that the aforesaid Act may be revivd with the addition of a New Committee to prosecute the Business, and such Alteration or Amendment & such public Assistance as to your Wisdom may seem meet. And Your Memorialist as in Duty bound will ever pray &c. &c.

[5-62] [*Representation of Services done by the Town during the War, and its Present Condition, 1798.*]

To the Hon'ble Senate & Hon'ble House of Representatives in  
General Court now convened at Concord

Humbly shew the Subscribers

That in the year 1776, James Bayley, Ephraim Wesson, Charles Johnston, Joseph Hutchins Joshua Howard & Simeon Goodwin, were appointed a Committee of safety for the Town of Haverhill,—In which year, this western frontier, was much exposed to & in eminent danger of being ravaged, by the enemies from Canada—Insomuch that many of the inhabitants of this town removed, to more safe & central parts of the State—Those that stood by the shipp spent a great part of their time, & considerable part of their property in building forts, that is

four large ones in this town, supporting & paying guards, & scouting parties, in order to keep up a frontier at this place—

That we were very poorly supplied with arms & many poor persons, tho perhaps the best soldiers, were intirely destitute— We considered the cause as common to the whole Country, & greatly interesting to all, & were zealous to do every thing in our power to contribute to the salvation of the Community—

Thus circumstanced, and disposed, we in our said capacity, employed Major Jonathan Hale, then a reputable citizen of said Haverhill, & in behalf of said Town—to make a tour to Exeter, where the Convention or supreme Government of the State or Colony were then in Session, and make application for protection or means, to help us to defend ourselves, & contribute our mite in holding this frontier & aid in the protection of the State—Maj<sup>r</sup> Hale failed in procuring the arms of the State as we wished & expected—Yet the government, advanced to him two hundred pounds of the then paper money, out of the treasury, to procure arms for the common defence

Accordingly Major Hale after receiving said money traversed the sea coasts as far as Salem, & round the adjacent parts of the Country—& purchased up at very exorbitant prices, tho doubtless to the best advantage that the time & circumstances would admit, Guns & parts of Guns—such as, barrels, locks & stocks, in detached parts—& brought to Haverhill & delivered them to said Committee—& said Committee, gave said Hale their obligation for said Guns &c & for his cost in going to Exeter—getting said money, purchasing said Arms & transporting them here.

The Committee, disposed of said Guns, to poor persons who were not able to pay for them, but yet perhaps the best soldiers, for no more than the first costs paid by said Hale, & took their obligations—Many of which obligations if ever paid, were not paid till money had depreciated, to ten, twenty & perhaps forty for one—

That two of said Committee viz Bayley & Wesson are removed, at a distance out of this State & the burden may fall upon the residuc, the obligation being out lawed in Vermont

Your petitioners would further suggest, that they are informed, that sundry towns, who were favoured with money out of the treasury about the same time have been considerably favoured, by the State in the settlements thereof—

That they have applied to & petitioned the States Committee for abatements in a settlement thereof but said Committee, not feeling themselves authorz<sup>d</sup> for that purpose recommended, petitioning this honourable body—We therefore, pray this Hon<sup>ble</sup> Court to take our case under their candid consideration & grant us such abatement, or deductions, in our settlement with

said Hale or his settlement with the State, which will dispose him to settle with us in the same proportion, as reason & justice under our peculiar situation & circumstances, in your Honors wisdom, prudence & benevolence may seem reasonable & just—

And your petitioners as in duty bound pray &c

H E N N I K E R .

This township was granted by the government of Massachusetts in December, 1735, but the grant was not located and confirmed until 1737. It was called No. 6 in the line of towns, and sometimes New Marlborough, many of the grantees living in Marlborough, Mass.

On a settlement of the state boundaries in 1741, the township proving to be in New Hampshire, and within the limits of the Masonian Proprietors' Purchase, was granted by them July 16, 1752, to Andrew Todd and others, mostly Londonderry men. It was incorporated November 9, 1768, and named by Governor Wentworth in honor of John Heniker, of London, Eng.

The township was granted six miles square, and I believe no territory has been severed from it or added to it since.

In the House of Representatives Nov<sup>r</sup> 13<sup>th</sup> 1778.

The Committee on the Petitions &c of wounded soldiers &c reported their opinion that Joseph Paterson, a soldier in Cap<sup>t</sup> Emery's Company in Col<sup>o</sup> Baldwin's Regiment who was wounded at White plains and lost sundry articles to the amount of five pounds fourteen shillings be allowed & paid the said sum of five pounds fourteen shillings, which is submitted—

signed Nich<sup>l</sup> Gilman for the committee

[The said amount was allowed and paid. It has been handed down in the family that Joseph Patterson was on guard at the time of attack by the British troops at White Plains, October 28, 1776. He fired an alarm, and was immediately shot, the ball entering back of the ear, and passing out through the cheek. He fell, and was for some time unconscious, but reviving he found the enemy passing over him. Watching his opportunity, he rolled under a log, and remained apparently dead till all was quiet. He then succeeded in getting to a house, in an exhausted condition, found the woman friendly to the cause of the colonies, and was cared for by her for some weeks. When sufficiently recovered, he gave the woman all the money he had, and started on foot for New Hampshire. He had received an overcoat from home just before the battle, and attempted to take that with him; but one day, while attempting to ford a rapid stream, the coat became saturated with water, and being too weak to stem the current with it on, he was obliged to take it off and let it drift. He reached home, and lived to tell the tale to his grandchildren, to one of whom, Hon. James W. Paterson, I am indebted for the foregoing.—ED.]

HILL.

The township was granted by the Masonian Proprietors, September 14, 1753, to eighty-seven proprietors, mostly Chester men, and went by the name of New Chester until January 14, 1837. In 1768, settlements were made by Capt. Cutting Favour and Carr Huse. The latter was town-clerk for thirty-three years, and held other offices. Several other families from Chester settled the same year.

The town was incorporated November 20, 1778, in answer to a petition from the inhabitants, and named New Chester at their request.

The town being about nineteen miles long, and in one place not more than one mile wide, made it very inconvenient, and it was divided February 12, 1788, the north part being incorporated into the town of Bridgewater.

In answer to a petition from the selectmen, an act was passed by the legislature, June 11, 1808, appointing William Webster, Bradstreet Moody, and Enoch Colby "to determine the jurisdictional lines between the Towns of New Chester, Alexandria, and Danbury," and report to the legislature.

By an act approved June 24, 1819, all that part of the town "which lies northerly of Smith's river" was, with a portion of Bridgewater, incorporated into a town by the name of Bristol.

December 21, 1820, the town was enlarged by the annexation of a portion of Alexandria; and by an act approved December 21, 1832, a tract of land was severed from New Chester, and annexed to Wilmot.

The name of the town was changed, January 14, 1837, to Hill, in honor of the Hon. Isaac Hill, who was at that time governor of the state.

The town lost another portion of territory June 26, 1858, when certain lots of land were severed, and annexed to Danbury.

The town was in Grafton county until July 1, 1868, at which time it was annexed to the county of Merrimack.

Difficulties and Disadvantages in our present Circumstances by  
Reason of the Town Being Exceeding Long and in one place

Nineteen miles in Length. Wee your Humble Petitioners

## HILLSBOROUGH.

The township was granted by the government of Massachusetts previous to the settlement of the province boundaries in 1741, and settlements were made by James McCalley, Samuel Gibson, and others, under this grant, but were broken up and deserted through fear of Indians.

A settlement of the province boundaries decided the land to be in New Hampshire, and being within the limits of the Masonian Proprietors' Purchase, it was granted by them to Col. John Hill, of Boston, and derives its name from him. Hill was one of the proprietors under the Massachusetts grant. The town was incorporated by the governor and council Nov. 14, 1772, to contain about six miles square of territory, and none has been added or severed since that I am aware of. Petition for incorporation may be found in Vol. IX, p. 380.

Hon. Franklin Pierce, president of the United States from 1852 to 1856, was a native of this town, where he was born Nov. 23, 1804. He graduated at Bowdoin college, 1824, was a member of Congress two terms, from 1833 to 1837, when he was elected to the United State senate.

William Dummer, Anthony Stoddard, William Brattle, and John White, of Boston, who owned by purchase the tract of land west of the river known as the "Equivalent Lands." It was named for Mr. Dummer, as was also the town of Dummerston, Vt.

The inhabitants and others petitioned the government of New Hampshire for a grant of the township, and were favored with one dated Sept. 3, 1753, which covered all the territory on the west side of Connecticut river now in the town of Vernon, Vt., in addition to what is now Hinsdale, except the north part east of the river, which was contained in the grant of Winchester, made July 2, 1753, and by which the north part of Winchester extended to Connecticut river. On the 26th of September of the same year, Gov. Wentworth, with advice of the council, decided and declared that the east line of Hinsdale, instead of running no further north than the old north line of Northfield, should run through to Chesterfield, thus taking a considerable portion of land that had been granted to Winchester, but leaving the latter a more compact township.

The name of the town is derived from Col. Ebenezer Hinsdale and is so spelled in the charter, and in many other documents prior to 1800. So far as I have seen, the colonel always wrote his name as above, and it is so written in most of the original manuscripts of the documents published in Vol. IX. The petition for the charter may be found on page 382 of that volume.

On the formation of the state of Vermont the town lost about one half its territory: with that exception I believe no change has been made in its boundaries since Sept. 26, 1753.

[5-90] [*Petition for a Grant of a Ferry, 1785.*]

To his Excellency the President the Honorable Senate and House of Representatives in General Court convened.

Humbly shews your respectful Petitioner the Subscriber, that over Connecticut River in the Town of Hinsdale at a place known by the name of Fort Dummer there has been a ferry way much improved for a long time—

That the same has been supplied with boats and attended upon by the late father of your petitioner and others of the said family for the space of fourscore years—

That the land on both sides of the river belongs to the heirs of his said father—that one of the heirs at present waits at the same ferry, and has convenient boats for the conveyance over of passengers & their Cattle & Carriages of all kinds. The prayer of your petitioner therefore is, that he may have a grant of the exclusive right to said ferry way upon such terms and under such restrictions as to your Excellency and Honors shall seem expedient. And your petitioner as in duty bound shall ever pray

To the Hon<sup>ble</sup> John Langdon Esq<sup>r</sup> President of said State: The honourable Senate and House of Representatives in General Court assembled.

The petition of James Hubbard of Hinsdale in the County of Cheshire in said State Yeoman:

Humbly sheweth: That there being great need of a stated Ferry over Connecticut River, in said Hinsdale against where the Fort called Dummer formerly stood; as there is much travel with Teams Horses Carriages &c—And as said Ferry has not been properly provided with Boats, to carry over loaded Teams by which means mens lives and properties, have been much exposed, and some have sustained, great damage and loss. ### HOLDERNESS.

The township was granted Nov. 10, 1751, to John Shepard and others by the name of Holderness; the conditions of this grant not being fulfilled, it was forfeited. It was re-granted Oct. 24, 1761, to Major John Wentworth and others; some of whom were grantees by the first charter. Six of the grantees bore the name of Shepard, and seven the name of Cox. In this grant the town was named New Holderness, in honor of Robert Earl of Holderness, and retained that name until June 12, 1816, when it was changed to Holderness, in accordance with a vote of the town. It was in the county of Strafford until it was annexed to Grafton, Sept. 14, 1782. By an act approved July 1, 1868, the southwest part of the town was set off and incorporated by the name of Ashland.

[5-108] [*Petition for the laying out of a Road from Plymouth to Hill, 1798.*]

To the Honorable Senate and House of Representatives of the State of New Hampshire in General Court convened—

The Subscribers respectfully shew that a road from Plymouth Court House across the River into New Holderness and thence on the most suitable ground near the River through New Holderness and New Hampton and across the River again to the house of Captain Cutting Feavour in New Chester would be very useful to the public—That the Laws of this State do not empower any Court to lay out such Road, the same having to pass through a part of two Counties—Wherefore they pray the Legislature to pass an Act authorizing some suitable persons, at the expence of the petitioners if thought proper, to survey, and if in their opinion the public good requires it, to lay out such Road, ordering the Towns respectively to compensate Individuals for damage done by means of the road passing on their Lands—

## HOLLIS.

Thomas Brattle, Jonathan Tyng, and 24 others, petitioned the general court of Massachusetts, Sept. 15, 1673, O. S., for a grant of land on what was then and for many years thereafter the frontier; and on the 16th day of October following (October 27, 1673, N. S.) received a grant of the large tract of land afterwards known as the township of Dunstable, which included nearly all of the present town of Hollis.

Dec. 28, 1739, the westerly portion of Dunstable was "erected into a separate and distinct precinct" by the government of Massachusetts, and went by the name of West Dunstable until April 3, 1746, when in answer to a petition from the inhabitants about one half of it was incorporated with full town privileges by the governor and council of the province of New Hampshire, and named Holles. I think there can be no reasonable doubt about the origin or orthography of this name. Benning Wentworth was governor of the province, and owed his position to Thomas Pelham Holles, Duke of New Castle, who was colonial secretary. It is well known that Gov. Wentworth named many of the towns in this state in honor of his friends, sometimes when the inhabitants had petitioned to be incorporated with a name of their own choosing, they preferring to accept a name which was distasteful to them rather than incur the governor's displeasure, and perhaps refusal to grant their charter. As to the orthography of the name of the Duke of New Castle, I think John Farmer is mistaken in writing it Hollis, as there are manuscript documents in the office of the secretary of state to which the duke signed his name "Holles New Castle." That the town was named for him I think there can be no question; and because of his ignorance and detestable character, its citizens were justified in changing it to Hollis, as they evidently did to perpetuate the name of Thomas Hollis, the benefactor of Harvard college.

Dec. 13, 1763, the place called One Pine Hill was annexed to Hollis, thus extending its domains further east. March 30, 1769, a strip was taken from the west side of the town one and a quarter miles wide, and with "mile slip" incorporated into the town of Raby (Brookline). A small addition

was made to the town May 14, 1773, of land taken from Dunstable.

On the 17th day of February, 1786, a strip three quarters of a mile wide, the entire length of the west side of the town, was annexed to Raby.

Hollis has a record for service in the Revolution not exceeded by any town of its size in the state, and the town furnished more than its quota of men for the suppression of the slave-owners' rebellion. Many eminent men were born or received their early training in the town: among the latter was Joseph E. Worcester, LL. D., the lexicographer.

To his Excellency John Wentworth Esq<sup>r</sup> Captain General Governor and Commander in Chief in and over said Province, and the Honourable his Majestys Council, and House of Representatives in General Assembly Conven<sup>d</sup> in May 1773—

The Memorial of the Subscribers Humbly sheweth, that Your memorialists are Inhabitents in the southwesterly corner of Dunstable in said Province, that our Situation is so Remote from the Meeting House in said Dunstable, that we and our Families cannot conveniently Attend the publick Worship of God there, by Reason of the Distance; & that we are about three Miles nearer to the Meeting House in Holles, then we are to Dunstable; that if we & our Lands were Annexed to Holles, it would be much more for our benefit & Advantage and Your Memorialists beg leave to Acquaint Your Excellency and Honours, that Nashua River is the Boundary Line where we live, between said Dunstable and Holles, that the River there is not in Either of the Townes, as Dunstable Bounds on the east side, & Holles on the west side, that a dispute haith Arose between these two Towns with Respect to Building a Bridge Over said River, on A Publick Antient Road leading through our Improvements, and as the River is not in either of the Towns where said Road Crosses, so the Bridge could not be built Unless by Subscription, (as the Bridge built there, by Subscription was Cary<sup>d</sup> away, by y<sup>e</sup> water & Ice) or by Application to the Legislature, and in order for an Accommodation we

[R. 2-94] [*Petition of Capt. Reuben Dow, 1778.*]

State of New Hamp<sup>r</sup>

To the Honorable The Council & House of Representatives for said State in General Court Assembled at Exeter December 1778.

The Petition of Cap<sup>t</sup> Reuben Dow humbly sheweth

That your Petitioner animated with a true Zeal to serve his Country Ingaged in the Service of the United States of America immediately upon the Commencement of Hostilities & had the honor to Command a Company, & attended his duty in that Station with great delight & pleasure to himself & to the satisfaction & approbation of the Public

That on the 16<sup>th</sup> Day of June 1775, he together with his Company with others was ordered to take possession of the ground near Bunker Hill, & on the 17<sup>th</sup> day was in the Heaviest part of the Battle at said Hill, at which time he had the Misfortune to be wounded in his right Ankle, by a musket Ball, which broke & much fractured the Bones, which caused him great pain & distress for a long time before it was healed—by means whereof he has lost the use of that joint, which renders him incapable of performing his duty in his Station, or undergoing the fatigues & hardships of the war—& whereby he is prevented from using and exercising (in a great measure) his usual and necessary occupation and business, for which he has received no consideration—

Wherefore he humbly prays your honors to take his case into your consideration & grant him such relief as your honors shall see fit, & your Petitioner as in Duty bound ever prays

To the Hon<sup>ble</sup> Council and house of Representatives to be Convened at Concord in September Anno Domini 1782—

We the Subscribers or a number of us Subscribed our names to a petition praying that your honours would Restore the Ancient Town of Monson to its former Situation as to boundaries, & that it might be invested with the same powers & immunities which said town formerly held and Enjoyed—And whereas upon further Consideration we are well Satisfyed that it will be a Great Disadvantage to all the inhabitants of the tract of Land formerly Called Monson if the prayer of said petition should be Granted, because we Consider that the inhabitants who are settled up thro' the middle of the town are Chiefly new, and pay but a very small proportion of taxes, as yet, and we see that our present taxes are heavy, and making new roads from the various parts of said town to the Centre, together with the many other Charges to which Towns are Subjected, we are Convinced will be Exceedingly burdensome—

Wherefore we humbly pray your honours would not Grant the prayer of said petition, but that you would Alltogether Reject the same, and your humble petitioners will ever pray &c.

To y<sup>e</sup> Hon<sup>ble</sup> Committee of Safety for y<sup>e</sup> State of New Hampshire—

Gentlemen,

Sensibly Touch'd with a matter of Grievance, I take an Opportunity to acquaint your honours with it in as few words as Possible concerning the Extant issu'd against the Town of Hol-

lis which not to impeach the Authority, as a Town we take it exceeding hard—

not to magnify Our good Deed, we must remind your honours of our faithfully answering every Requisition thro' a Series of Hardships in the past Calamitous Times we have not been Deficient a pound of Beef neither has a man been Wanting on our part, even the man in Dispute with what we give him the Supplies of his family Exclusive of this last Trouble cannot be computed at less than £100 Lawful money—

Your honours are Sensible of the Grievous burden of Taxes our People are under which we bear with Patience as appropriated in Defence of a Righteous Cause, but add to all this, for the People of Hollis to bear the Odious name of being Corrected for Deficiency while Innocent, this may it please your honours causes us to sigh deeply at heart and is it not enough to fetch Tears from our Eyes You alone Gentlemen can rectify this matter and as the Eyes of Servants are to their masters, or rather as the Eyes of Children full of Grief, are to their Tender Parents so our Eyes are to you, while we Esteem it a Blessing of heaven that we have those at the head of Our affairs who are ready to hear and we have not in our hearts to Suppose your honours would willingly see us injured, Wherefore we implore your kind interposition in this matter which so nearly concerns us and that no advantage may be taken by reason of our Papers being out of Our hands for we are not disputing a Nice Point in the Law nor are we able to for we are illiterate men and want nothing but Justice if we offend by Speaking too much we willingly ask Pardon and desire to Acquiesce in your Determination while with duty & Respect we rest your honours most Obedient & Humble Servants—

To Daniel Emerson Esq. Representative for the Town of Hollis—

Agreeable to the above votes of the Town of Hollis, impowering You to Oppose the Petition of the Town of Raby, & us to give you Instructions thereon, You are hereby instructed to oppose said Petition—in behalf of the Town of Hollis, for the following Reasons (viz).

first as the said Petitioners represent their Weakness and inability to Support the Gospel or maintain Schools, it cannot be supposed that the addition of nine families Settled on such a Tract of Land as they Represent unfit for Cultivation if Granted could remove the Difficulties of which they complain—

2<sup>d</sup> as they represent in said Petition, that they at their Incorporation had reason to expect some further help from said Town of Hollis, that we know of no Reason that they had to expect any such thing unless it was by some mistake in their own Measure as they themselves measured it before the incorporation, that the Town of Hollis never measured nor Joined in Measuring until after the Incorporation, That the Votes of the Town of Hollis, previous to said incorporation of Raby were design'd to fix the meeting House in the Centre of the Town east & west, which Votes of said Town were confirmed by the Charter of the Town of Raby—

3<sup>d</sup> That as they in their Petition request to begin at the Great Sand Bank so Called, and run a Paralel line with the Town of Raby opposite to their Northeast Corner, then a closing line to their Northeast Corner, which if granted will leave a Tract of land with a Number of inhabitants on the same about two miles Square, belonging to Hollis, at the northerly end of Raby extending as far west as the west line of Raby excepting the width of the mile Strip—

4<sup>th</sup> That the meeting-House in Hollis now stands on a plat of Ground which it seems nature form'd for that purpose being pleasantly Situated, that the Town has been at a Great Expence

in laying Out and making Roads to accommodate the same, which well convenes the Inhabitants from all parts of said Town That if said Petition should be granted, consequently, the meeting house would not be in the sentre of the Town—which may probably cause an uneasiness in the Easterly part of y<sup>e</sup> Town, which might cause the Town to live in Contention or lay them under the disagreeable Necessity of building a New meeting house, and of being at a Vast expence to accommodate Roads, to the same, which never can be done with that Convenience that it now is—

This town was incorporated by an act approved July 2, 1822, and was composed of portions of the towns of Chester, Dunbarton, and Goffstown; set off from those towns in answer to a petition from the inhabitants. The name "Isle au Hooksett" and "Isle au Hooksett Falls" was attached to the locality many years before the incorporation and naming of the town, but the editor is unable to ascertain its derivation. As long ago as 1746, a pond in the north part of Chester was called "Isle Hook's pond," by one of Capt. Ladd's scouts, who, says they camped near it. It is now known as Lakin's pond. I am inclined to think the locality was named by Indians or Canadian French.

The following documents do not relate to Hooksett as a town, but to the locality, and for that reason are given in this place.

A slight change was made in the boundaries of the town Jan. 5, 1853, when a small tract was severed from Hooksett and annexed to Allenstown.

[5-155] [*McGregore and Duncan for Exclusive Privilege of Locking Hooksett Falls, 1794.*]

To the honb<sup>ls</sup> the Senate and house of Representatives for the State of New Hampshire, convened at Exeter on wednesday the 25<sup>th</sup> of Dec. 1793.—

Humbly shew your petitioners, that they conceive the advantages arising from canals opened round the falls of Rivers in a

Country of such vast extent as ours, and at a great distance from the sea-ports, to be almost innumerable. That the enterprise and public spirit of the present age, have afforded ample proofs of this, and have inspired your petitioners with an intention of commencing a work of such universal utility. That, should the river Merrimac, as is projected, be made navigable for boats, timber &c from its mouth, round Amoskeig-falls; the benevolent intention of the legislature would be rendered quite useless, unless a canal was also cut, for that purpose, by Isle-a-hooksett-falls, upon the same river and above the said falls of Amoskeig. Your petitioners are sensible that an undertaking of this nature is hazardous and expensive, and attended with almost insurmountable difficulties.—But that the public may be accommodated with a work of such obvious utility, your petitioners have resolved, with the encouragement of the legislature, to cut and perfect a canal round the said Isle-a-hooksett-falls with all possible diligence.—

They therefore pray, that this honorable body would grant to them the exclusive privilege of cutting a canal round said Isle-a-hooksett-falls, for said convenient purpose of navigating boats, timber &c, by said falls with safety and dispatch; and that they would allow them such reasonable toll to compensate their trouble and expence as they may think proper. And that they may have leave to bring in a bill accordingly. And as in duty bound will ever pray.—

Exeter January 1<sup>st</sup> 1794.—

Robert M<sup>c</sup>Gregore  
William Duncan

[In H. of Rep., Jan. 4, 1794, the petitioners were granted leave to bring in a bill. Subsequently the privilege asked for was granted, and the same was extended in 1797.—Ed.]

### HOPKINTON.

This town was granted by the government of Massachusetts, Jan. 16, 1735, and was No. 5 in the "line of towns" granted by that province on territory which the settlement of the line in 1741 decreed to be in New Hampshire. The grantees were men of Hopkinton, Mass., and this township was called New Hopkinton until it was incorporated by the governor and council of New Hampshire, Jan. 10, 1765.

John Jones, of Hopkinton, Mass., was authorized, Nov.

24, 1736, by the general court of that province to call a meeting of the grantees of No. 5.

The grant of this town covered some of the territory contained in the grant to Bow by the government of New Hampshire in 1727, and trouble arising in regard to collecting the province tax, an act was passed Dec. 13, 1763, decreeing that Abel Kimball, Timothy Kimball, Timothy Clements, Eliphalet Colby, Green French, John Chadwick, Abraham Kimball, Jeremiah Kimball, James Kimball, Moses Straw, Jonathan Straw, John Eastman, William Peters, Hezekiah Foster, Jeremiah Kimball, Jr., Thomas Jewell, Reuben Kimball, Daniel Watson, Obediah Perry, Joshua Bayley, John Kimball, John Jewell, Parker Flanders, Isaac Colby, Thomas Hoit, the widow Susanna Kimball, and their estates, which were within the limits of Bow grant, should be joined to the "District of New Hopkinton." (See Vol. IX, p. 406.) A house was built "near the meeting house spot" by Henry Mellen, prior to Sept. 30, 1738, as a proprietors' meeting was called to be held in his house at that time.

Among the early settlers was John Jones, who settled in the westerly part of the town. Aaron Kimball from Bradford, Mass., came about 1739, and built a fort about a mile east of the present village of Hopkinton. He was the father of Abraham Kimball, the first white male child born in town. Samuel and John Putney, from Amesbury, Mass., built a fort on what is known as Putney's Hill. David Woodwell came from Hopkinton, Mass., and built a fort near the location of the present village of Contoocook; the place is identified by the depression made in excavating the cellar. It was surprised by Indians in April, 1746, and eight persons captured. The first minister was James Scales; the second, Elijah Fletcher, from Westford, Mass., ordained Jan. 27, 1773. His daughter, Gratia, was the first wife of Daniel Webster.

The township was within the bounds of "Mason's Patent," and was regranted by the Masonian Proprietors, Nov. 30, 1750, to Henry Mellen and others, but for what consideration is unknown.

The legislature held sessions in this town in 1798, 1801, 1806, and 1807; and it was for some years one of the shire towns of Hillsborough county, prior to the formation of Merrimack county in 1823.

The reader is indebted for much of the foregoing to C. C. Lord, Esq., who kindly furnished the editor with an able article, the result of much research, from which extracts have been made.

To his Excellency John Wentworth Esq<sup>r</sup> Captain General, and Governour in chief, in and over his Majestys Province of New-Hampshire; And vice Admiral of the same—

The Petition of the Inhabitants of Hopkinton, in the County of Hillsborough in the Province of New-Hampshire aforesaid, in Town-Meeting assembled, on Thursday the twenty eighth Day of October, Anno Domini 1773, and in the fourteenth Year of his Majesty's Reign, humbly Sheweth—

That whereas your humble Petitioners think it would be an Advantage to them to be represented in the great General Court of this Province by a Man of their own Town, and of their own chusing. Therefore we humbly pray that your Excellency would, in your great Goodness grant us the Liberty & Privilege of chusing & sending a Man to the General Court for that Purpose, now, and for the future—For which Goodness, Your humble Petitioners, for your Excellency, as in Duty bound shall pray—

Voted in the said Meeting, That Capt<sup>n</sup> John Putney prefer the above Petition to his Excellency the Governour.

ton in the County of Hillsborough and Province aforesaid humbly Sheweth That whereas some Difficulty has arisen of Late among us in this town which we cannot decide our Selves and which we think Requires the Wisdom and Authority of the Honourable general Court to adjust and Determine. We therefore your Humble Petitionors hereby apply our selves to your Excellency and your Honours with all Humillity for Direction and help—Our Difficulty began Emediately after the Publication of an Act of the Legislature of this Province approved of by his Majesty in Council for Dividing said Province in Countys which after following the first County Line, from the mouth of Piscatqua River Round to Concord Line (It says) Thence Round the westerly lines of Bow Concord and Pembroke to Merrimack River—which if it means the westerly line of Bow as it was first laid out or the Line to which we the Inhabitents of said Hopkinton purchased—Then it will Nessacarily follow that all that Part of said Hopkinton which was within Bows Claim is in the County of Rockinham and then said Hopkinton is divided part into the county of Rockingham and part into the county of Hillsborough which makes a great difficulty respecting our town affairs therefore we your Humble Petitionors Earnestly pray that your Excellency and your Honours would be graciously pleased to take the matter into your Judicious Consideration and Resolve us in this thing (Viz) Whether your Honours ment or Intended that all Hopkinton agreeable to their Incorporation should be in the County of Hillsborough or Whether you Intended that all that part of Hopkinton that was formerly in Bows Claim Should be in the County of Rockinham if the former we are fully satisfied but if y<sup>e</sup> Latter we humbly Beg that your Exelency and Honours would so order and Determine that all our said town may be in the County of Hillsborough and that we may be all one as we were agreeable to an act of the Honourable General Court in January 1765 by which act all that part of said Hopkinton that was within Bows Claim was separated from said Bow and was joined with and United to said Hopkinton to all Intents and Purposes for which Favour your Humble Petitionors for your Exellency and Honours as in Duty bound shall ever pray—

State of New Hampshire

To the Hon<sup>ble</sup> the Senate and House of Representatives for said State to be Convened at Portsmouth the fourth Wednesday of December AD 1789—

Humbly shews the Subscribers Inhabitation of the Town of Hopkinton in the County of Hillsborough and State aforesaid That it is Rational to Suppose and favoured by the Constitution of Said State that no person ought to be Compelled to pay Taxes for the Support of a Minister of the Gospel whose Sentiments in Religion are Different from his That in February last the Revd. Jacob Cram was Ordained in Said Hopkinton Previous to which many of us by ourselves and Agents Objected against his being Ordained thinking his Sentiments not agreeable to ours Notwithstanding he was Ordained and we are Taxed toward his Support We think it Cruel that we Should in a day when a Spirit of Liberality in Religious Sentiments Pervades the Continent and not a Single Constitution in the United States compells a Man to pay where he cannot Conscientiously hear & be Compelled to Pay this Man ; We wish to Support the Preaching of the Gospel at the Same time Wish for a Man of our own Choosing We therefore Beg that we may either have a Poll Parrish in Said Town or that the same may be divided in Such manner as the Hon<sup>ble</sup> Court shall think best And as in duty bound Shall ever Pray

### HUDSON.

The largest part of the territory contained in this town was included in the ancient grant, by the provincial government of Massachusetts Bay, of the township of Dunstable, October 16, 1673, O. S. In 1722 a portion of this grant was annexed to the town of Londonderry, and in 1732 all that remained of Dunstable east of Merrimack river was incorporated into a town named Nottingham.

In 1734 the north part was taken off, and, with other territory, incorporated into a town named Litchfield. The aforesaid changes were made by the general court of Massachusetts, the territory being considered a part of that province until the line was established in 1741.

Settlements were made on the banks of the Merrimack as early as 1710, the people living in garrisoned houses, and planting their corn on land cleared by Indians for that purpose.

The town was incorporated by the governor and council of New Hampshire, July 5, 1746, in answer to a petition from the inhabitants (Vol. IX, page 417), and named Nottingham West, and retained that name until it was changed to Hudson by an act of the legislature approved July 1, 1830.

The south-westerly part of Londonderry was annexed to this town by an act passed March 6, 1778.

To His Excellency Benning Wentworth Esq<sup>r</sup> Cap<sup>t</sup> General Governor & Commander in Chief in & Over His Majestys Province of New Hampshire the Hon<sup>ble</sup> His Majestys Council & House of Representatives for said Province in General Assembly Convened the 2<sup>d</sup> day of December, 1747.

The humble Petition of Josiah Cummings & others whose Names are hereunto subscribed Inhabitants of Nottingham West in said Province shews

That the Inhabitants of said Town since their Incorporation as a Township under this Government, have proceeded to call & settle one M<sup>r</sup> Nath<sup>l</sup> Merrill as the Gospel Minister of said Town which your Petitioners Opposed and from which they always dissented Requesting that they might be Excused both from calling him & paying towards his Support because they could not like him for their Minister.

That notwithstanding the different Sentiments of your Petitioners in this matter & the steps they took to discover their dislike of the Proceedings the Town have calld & settled the said Minister & have rated your Petitioners as others who have been Active therein—and your Petitioners supposing the Town in general was not desirous of compelling them to join against their Inclination have Requested the Select Men of said Town to Insert a Clause in a Warr<sup>t</sup> for calling a Town meeting to see if the Town would not Excuse your Petitioners & discharge them from paying as afores<sup>d</sup> till they should attend the Ministry of M<sup>r</sup> Merrill (which as yet they do not) or to call a meeting for that purpose both of which has been denied by the select men—

That your Petitioners conceive had such a motion been regularly made at the Town meeting the Town would have dismiss'd your Petitioners & Exonerated them from any charge having the Example as well as the Advantage of such a Dismission made by the Town of Dunstable of a Number of their Inhabitants who dissented from the proceedings there Relating to the Settlement of a Minister whereby the Town of Nottingham will not upon the whole be prejudiced—But however that may be your Petitioners humbly conceive it to be a hard Case to oblige them to belong to & to support the Ministry they cannot like & do not attend & when they may attend the Ministry at Dunstable to their Satisfaction & with Equal Conveniency as in Nottingham Wherefore they humbly pray that they may be discharged both Polls & Estates from paying any thing towards the support of the Ministry at said Nottingham so long as they attend else where & they shall Ever pray

To His Excellency Benning Wentworth Esq<sup>r</sup> Cap<sup>t</sup> General Governor and Commander in Chief in & over His Majestys Province of New Hampshire the Hon<sup>ble</sup> his Majesty's Council & House of Representatives for said Province in General Assembly convened the 12<sup>th</sup> Day of May 1747

The Humble Petition of Josiah Cummings of Nottingham West in said Province in behalf of himself & Sundry other Inhabitants & freeholders of said Town shews

That on the 9<sup>th</sup> Day of March last past the Inhabitants & freeholders of said Town met to chuse the Town Officers for the Ensuing year & to transact other affairs proper to a General Town Meeting and after chusing of a Moderator they proceeded to business, in the conduct of which the Moderator was greatly negligent of his duty in suffering Persons to Vote who were not Qualified for nor Intitled to that Privilege by which means things were carried against the Minds of a Majority of the Qualified Voters & such Votes past as will (if put in Execution) be very prejudicial to the Interest of the Town as well as many particular Persons and tho' Objection was made to the Moderator against admitting such unqualified voters yet he disregarded & over Ruled the same against Law & Right

That as this is a thing of a very pernicious tendency & Dangerous consequence & which ought not in any Instance to be tolerated as it is an abuse of a very great Privilege as well as a breach of the Good & wholsom Laws in that case provided every honest man ought bear Testimony against & do his Endeavour to have discountenanced by that Authority which is the Guardian of English Liberties as well as Enacter of good Laws—

Wherefore your Petition<sup>r</sup> Humbly prays the premises may be Inquired of and if found in any Degree as above Represented that the said Meeting be declared Void & the proceedings & Votes then & there past Vacated, a new Meeting Called for the purposes of the first, and a suitable Person Appointed Moderator to Govern the same and your Petition<sup>r</sup> as in duty Bound shall Ever Pray &c—

We the Subscribers being Neighbors to m<sup>r</sup> Jon<sup>th</sup> Sarles and have been acquainted with him this some time, and for his Relief we are Desirous to Let all Generous People know his Conduct, & Cirumstances, &c—

He has Lived this some years in the Town of Notting<sup>m</sup> west, and is, (as far as we know) an honest Principled man and has been honest in his Dealings with mankind as far as he was Capable of, to the utmost of his Ability,—But fortune has not favoured him with the Good things & comforts of this Life, by Reason of Sickness & other frowns of Providence, for he has had Sickness in his family at certain times for many years Past, and more Especially since about five years ago Last April he hath had a Daughter Sick & under the care of Physicians the biggest Part of the time, and She is Reduced as it were to a Skeleton & a mear nothing, and is Exceeding Troublesome, for she has been confined to her bed this two or three years Past, and we Don't know as she is Likely Ever to be any better, but may continue so, this many Years, he has had for her the Advice of many Physicians, to no Purpose—he has also two Children besides her, that will never be capable to maintain & take care of themselves—one of them is 22 years of age, or near it & has had convulsion fitts from a Child & is an object of Pitty. The other is about 18 years of age, which is Incapable of Doing much Business, for Nature & Providence has not Endowed him with faculties & Activity Enough to Provide for himself, & besides all this, he is scarcely Ever well in

health, & is very often under the Doctors care—M<sup>r</sup> Sarles himself is purblind, and of late his Sight is much Depraved & Impaired being something Advanced in years—and therefore he is not fit to Do much work—he has also another Child that is not Endowed with Active Lively faculties & foresight, sufficient to manage without Directions from time to time, & Likewise being not so well calculated for business as is Common, by Reason of the Total loss of the sight of one Eye, Even from a child Therefore if you that see these Lines, think that you can bestow something to such a Needy person and help him a Little in his Great Difficulty & trouble it would be a Deed of Charity in your so Doing, to help the Poor & needy in their Distress—

To the Honorable the Council and house of Representatives  
for the State of Newhamp<sup>m</sup> in General Court—

May it please your hon<sup>m</sup> we your humble petitioners understanding that there is an act made in this Honorable Court ordering a Sluice to be made through Moses Hadleys mill Dam in Nottingham-west and to continue open about 3 months which of course will draw of the water so that the Mill will be En-

tirely useless till the water can be raised again which cannot be done till fall of the year and as s<sup>d</sup> mill is of the utmost service in the time when s<sup>d</sup> Sluice is to be open all the other mills round at that season being dry and cant grind and this mill if there is no Sluice to draw off the water can and does Supply a great number of Families wherefore your Humble Petitioners pray that s<sup>d</sup> act may be reconsidered and ordered that instead of a Sluice (which will ruin the mill) that there may be a ditch at one End of the dam which may Easily be made so that the fish may go up and down and it will not draw the water so but the mill will be of great use to many distressed Families while the water is running in s<sup>d</sup> Ditch and we Likewise pray that the time set forth for the water to be running may not Exceed six weeks which will be long Enough for the fish to pass and repass in gratifying us in these things you will oblige your Humble petitioners Ever to pray.

[5-173] [*Thomas Caldwell's Petition, 1783.*]

To the Honorable Council and House of Representatives in  
General assembly Convened—

The Petition of Thomas Caldwell of Nottingham-west Hum-  
bly Shews

That about three years ago your Petitioner requested the Se-  
lect<sup>rs</sup> of said Town to lay him out a public Road from his dwell-  
ing house Northerly to the Country Road crossing Jon<sup>s</sup> Searles's  
land and all the objection they then had was the Towns being  
Obliged in Such case to pay for the land—your Petitioner than  
applied to the Court of Sessions for the County of Hillsborough  
praying for an Order to Lay out such a Road and in pursuance  
thereof a Committee was appointed who with great Circum-  
spection view'd the premises, when all parties were present, and  
then lay'd out the road requested and it was afterwards estab-  
lished by the S<sup>d</sup> Court—and Searles's Damages awarded him—  
and the road ordered to be Opened as mentioned in the Said re-  
port—

That the Select<sup>rs</sup> of Said Town have lay'd out a road quite  
aCross your Petitioners Farm and to make all things easy he  
has offered to Abate the Town the Sum awarded him as dam-  
ages Provided the other road Could be opened and the said  
Searles paid his damages (which is not a larger sum than Or-  
dered your Petitioner) but Still the same is not don neither is  
there any appearance of it—and now it Seems Som restless peo-  
ple are about applying to this assembly to have this report re-  
versed, or altered in a manner very prejudicial to your Petition-  
er and to deprive him from his main road to Meeting Mill Mar-  
ket &c—the other Road not being of the least Advantage to him  
for any of the aforesaid purposes, and was lay'd there purely to  
Serve a few individuals and not for any general purpose—and  
now your Petitioner is inform'd that some persons in Notting-  
ham are about Presenting a Petetion as herein before hinted at  
—& that your Honers may have Som Just notion of the matter  
this representation is humbly presented and your Petitioner is  
encouraged to hope that Such light will be thrown on the Mat-  
ter as to prevent a Formal hearing of any Such Petetion and to  
have the Same rejected, as a thing already Settled by a Court  
Proper for Such matters whoes determination ought to be final  
& so rest unless *Great*, and *Manifest*, injury is done

This matter of Petetioning your honors has been agitated in  
public Town meeting when the inhabitants were pretly Gener-  
ally assembled, and the Vote against Petetioning was very unan-  
imious and now is Prosecuted only by a few Designing men and  
for no good Purpose as may be Shewn in the Sequel—

Your Petitioner Therefore most heartily relying on the Prudence Justice and Wisdom of this Honorable Body of men and that they will prefer Public good to Private Pique and rather discourage Such Applications as Can Only Tend to impede and Obstruct the Ordinary State Business And Tend to promote Such Petitions in numberless Instances, he therefore humbly hopes the Said Order Respecting the Laying out the Said Road made and Establish<sup>d</sup> by the Court of Sessions for the County of Hillsborough may not be Altered But any Petition for the Same may be dismiss'd—and Your Petitioner as in duty bound Shall Ever pray &c—

We the Subscribers being in habitants of Said Nottingham-west have perused the foregoing Petition and think it Contains a very fair representation of the matter wherefore we do hereby Signify our desire that the road lay'd out by the Said Committee may be opened and repaired as ordered in the Said report

### JACKSON.

This town was incorporated December 4, 1800, by the name of Adams.\* It included Fowle's Location; the grant to Lt. Samuel Gilman, of Newmarket, of 2,000 acres, made March 1, 1770; the grant of 3,000 acres made to Capt. Richard Gridley, February 5, 1773; the grant to Capt. Robert Rogers, of Portsmouth, of 3,000 acres, made July 4, 1764; the grant of 8,740 acres, made March 4, 1774, to Mark Hunking Wentworth, Daniel Rogers, and Jacob Treadwell, of Portsmouth; and 13,893 $\frac{1}{2}$  acres of land belonging to the state. Jonathan and Clement Meserve petitioned for the incorporation in 1796, and again in 1797. The grants to Gilman, Gridley, and Rogers were made for service in the French war, by virtue of a proclamation of the king, of October 7, 1763.

Capt. Gridley was in command of a regiment under Gen. Amherst at Crown Point in 1756; was at Louisbourg in 1758, and "went from thence with the Fleet, and acted at the Siege of, and Reduction of Quebec in 1759, with the forces under General Wolfe."

June 14, 1806, 300 acres of state land in Adams was granted the town for school purposes.

June 22, 1819, the farm of "William Stephens" was severed from Adams, and annexed to Bartlett.

July 3, 1822, the farm of Nathaniel Carlton was severed from Bartlett, and annexed to Adams.

\* Said to have been called New Madbury  
about 1793.

July 3, 1839, the farms of Nathaniel Tufts and Stephen Carleton, 2d, were severed from Bartlett, and annexed to this town.

The name of the town was changed to Jackson, July 4, 1829, in honor of Andrew Jackson, then president of the United States. It received its first name when John Adams was president.

[5-174] [*Petition for an Incorporation, 1796.*]

To the Honourable the Senate and House of Representatives in General Court convened at Exeter on Wednesday the first day of June 1796

The petition of Jonathan Meserve and Clement Meserve humbly Sheweth your petitioners having moved with themselves & Families on Gridley's Location in the County of Grafton and the most northerly part of the State of New Hampshire and the most Mountainous part of the State, and perhaps the most mountainous part of North America, but by the Industry & exertions of your petitioners & Families has been a means of bringing a number of good Settlers on the other Locations adjoining viz Wentworth's Roger's, Gilmans, and Martins Locations, and Land sold by the Committee for making & repairing Roads from Conway to Cohas,—but Still your petitioners & other Settlers is put to many difficulties in that Mountainous Country for want of haveing good Roads & in no regular order to do anything in respect to Roads Schools &c but what every Man thinks proper to do by his own free will, All which is a very great Greviance and Discouragement to the Settlement of the Northerly part of the State therefore your petitioners pray a Township may be laid out joining Southerly on Bartlett Easterly on Chatham, Northerly on Shelburne Addition and Westerly on the White Hills, Including the Locations before mentioned, According to a plan herewith exhibited & incorporated with all the privileges that other Towns in the State have & enjoy and your petitioners pray that all the unlocated Land contained in said plan may be granted to your petitioners and associates on such terms & Conditions as you in your wisdom shall think proper and your petitioners as in duty bound shall ever Pray.—

### JAFFREY.

The township was granted November 30, 1749, by the Masonian Proprietors, to Jonathan Hubbard and thirty-nine others, residents of Hollis, Dunstable, and Lunenburg, and was known by the names of Monadnock No. 2, Middle Monadnock, and Middletown, until it was incorporated by the

governor and council August 17, 1773, and named in honor of Hon. George Jaffrey, a member of the council. The first meeting of the proprietors was held in the house of Joseph French, of Dunstable, January 16, 1750. Settlements were made by Moses Stickney and others in 1752, but were abandoned. In 1758 permanent settlements were made by John Grout and others. Wolves had dens on the Monadnock mountain, and occasionally one was killed. In 1793 Benjamin Dole killed four and Benjamin Spaulding one, and each received a bounty therefor.

The township granted was a parallelogram, nearly rectangular, five miles by seven, and so remains to this day.

Lieut. John Harper, Jacob Pierce, Benjamin Dole, John Dole, and Dudley Griffin were in the battle of Bunker Hill.

Ebenezer Hathorne was a veteran of the French war, and was taken prisoner by the Indians at the surrender of Fort William Henry. He manufactured steelyards as early as 1775, and one of his make is now in use in the family of the editor of this volume, who is, maternally, a lineal descendant of said Hathorne.

To His Excellency John Wentworth Esq<sup>r</sup> Captain General, Governor and Commander in Chief, in and over his Majestys Province of New Hampshire, and Vice Admiral of the Same in Council:—

The Petition of Enoch Hale of Rindge, in the County of Cheshire in the Province aforesaid Esq<sup>r</sup> in behalf of the Inhabitants of a Township commonly known by the Name of Monadnock N<sup>o</sup> 2 or middle Monadnock, unto Your Excellency & Honours humbly Shews—

That the Said Township is now settled with more than forty Families. And many more that have begun Settlements that they will shortly remove on, That they are destitute of the legal Privileges & Franchises of Corporate Towns, whereby they suffer many Inconveniences for Want of Town Officers, and especially at this Time, when they are taxed for the Support of the Government, but cannot legally assess or collect the same, and are also unable to warn out any Poor, idle Vagrants, That too frequently force themselves into New Towns, to the manifest Injury of such Towns in particular, & the Province in General

Wherefore your Petitioner humbly prays (in behalf of his Constituents, the Inhabitants aforesaid) That Y<sup>r</sup> Excell<sup>y</sup> & Honours would be pleased to condescend, to indulge them with the Corporate Priviledges of other Towns in this Province, for the Purposes aforesaid, and That they may have a Charter thereof, by such a New Name as your Excellency may think proper to give unto said Township, and as in Duty bound, Y<sup>r</sup> Petitioner & his Constituents shall ever pray—

Convened at Concord, in S<sup>d</sup> State, on the first Wednesday in  
June

We the Subscribers, being a Committee in Behalf of the town of Jaffrey, beg Leave to present this our Address and Remonstrance to this Hon<sup>le</sup> Assembly, against a petition that has been perferred to the General Court at their Last Session, by Com<sup>os</sup> of the inhabitants of Sliptown, So Called, praying that a Strip one mile wide may be taken off the Southeasterly part of this our town of Jaffrey, and that the Same be Annexed to the west end of Said Sliptown, Which Measure, if Admitted, will Exceedingly injure, and destroy our publick priviledges and Enfranchisements, which were granted and Confirmed by our Charter to the inhabitants of Jaffrey and their Successors for ever, and leave us in a State of Anarchy and Confussion, and tend greatly to Create debates, divisions and anomosities among the now peacefull inhabitants of this town, and as the altering of Charters, and adding and Lessening of the Territory and Jurisdiction of States and districts by the Brittish Ministry, in the Late Revolution, were Some of the great Evils we Complaind of, as being Contrary to the true Spirit and design of the English Constitution; and in order to prevent these and other unjust acts of the Brittish Parliament taking place in these States, we Spent our Blood and Treasure, and obtained a Compleat and Glorious Victory over all Opposition, So as we Conceive this Greavance we hereby Remonstrate against, is in Some measure Simaler, we do Apprehend that no authority men, or Body of men, on any pertence whatever, have any Right by Law, or by the Constitution, to alter, or deminish our Terretory or Jurisdiction, or deprive us of any of the priviledges and immunities granted, or Stipulated to us, by our Charter, without our Consent. Neither do we imagine, that any person, or people, have any Right to Require, or demand any of our Sacred or Civil Rights, that are granted and Conveyed to us, by our Charter and Seek to Agrandize, and build themselves up upon the Ruins of any of our invaluable Rights and priviledges, and in order the more fully, and Effectually to Represent to your hon<sup>l</sup> the great Evil, and distructive tendency, which the above mentioned Greivance, if Carried into Execution, will produce in this town, we will hereby, Lay before your hon<sup>l</sup>, a detail of Some of the Evils, and disadvantages that will Naturely attend this measure if admitted, in the first place, we have Raised, and finished on an Eminence a Large, and Statly meeting house, 60 by 45 feet, and near 30 feet post, Verry near the Centre of our town, we have Laid out ten acres of a Common, on which the Meetting house Stands, and have Cleared the Same, and Spent thereon a great deal of Labor, we have laid out on Said Common a Large Burreing Yard, and fenced the Same with great Stone wall, and there is a great Number interred there, we have Settled a Minister, and given him a large

farm adjoining Said Common, and he has built him a Large house and Barn Verry Near the meeting house, and their is on the East Side line of Said Common a Row of Large and Elegant Buildings, which together with the Meeting house makes a Beautiful appearance, and the Roads in Said Jaffrey are laid out, and opened, Leading to the meeting house So as to Conven the whole town, and the town is divided into School districts, and Some of these districts have built their School houses, and as the town is now Scituated, the Most Remote inhabitants are Content, and the whole town is Compleatly United, and Chearfuly Contributes for the Support of its publick priviledges, but Should this unhappy Measure take place the western part of the inhabitants of this town will make application for the priviledges above mentioned to be moved to a New Center and the grounds westward from the meeting being Low and Swampy and Verry inconvenant for a New Center would Create an Ever lasting Quarrel and dispute amongst us and be attended with great Cost and trouble, Moreover their is a Verry great mountain in this town and a great Number of Large ponds which Renders about the fourth part thereof not habitable besides a great deal of other wast Land which makes the habitable part of this town but barely Sufficient to maintain our minister and Support our publick priviledges also the inhabitants that would be taken off, provided one mile is Set off to Sliptown is Unanimosly against being Set off as it would greatly discomode them in their publick priviledges and Cause them to be at the Expence of Begining all anew to Build a meeting house and Settle a Minister and then be a great distance from their Centre when at the Same time they have Contributed their porportion here for the Same priviledges and in order to Manifest their desire they have hereunto Set their names, furthermore as Sliptown does lay only against about the one half of the East part of this town their would be a Leg about one mile wide Left which if the meeting house Should be Removed would leave the inhabitants of this leg at a great disadvantage, also the County line is between this town and Sliptown and if one mile is Set off one part will be in this County and the other part in another County and as Sliptown is Now Nearly Six miles from East to west one mile taken from this town would make it almost Seven miles long and about two or three miles Broad we Cannot Conceive any advantage it would be to Sliptown to take one mile from the South East part of this town and add it to that

The above mentioned Reasons Contain a part of the evils and disadvantages that would attend Such a Seperation in the mean time we Refer the above matter to your Wise Consideration and flatter our Selves that your wisdom will interpose in our behalf

and deliver your Remonstrants from the Evils that threaten us  
and we as in duty bound Shall ever pray

JEFFERSON.

The township was granted October 3, 1765, to Col. John Goffe of Derryfield and others, in 64 equal shares, by the name of Dartmouth. As in case of most of the Wentworth grants, one share was reserved for a glebe for the Episcopal church; one share for the first settled minister; one share for the benefit of the "Society for the Propagation of the Gospel in Foreign Parts;" and one share for the benefit of a school in said town.

The proprietors not making settlements agreeably to said grant, it was regranted June 26, 1772, with new boundaries, to Hon. Theodore Atkinson and other influential men in different parts of the state, among whom were Col. Joseph Hammond, Col. Josiah Willard, and others from Cheshire county. Col. Joseph Whipple and Samuel Hart, of Portsmouth, made settlements in the town soon after the regranted, but the population increased slowly, and there were but twenty-four families in town in 1793.

It was incorporated with town privileges December 8, 1796, and named in honor of Thomas Jefferson.

By an act of the legislature, approved December 7, 1842, some territory was severed from Kilkenny, and annexed to this town.

[5-190] [*John Goffe relative to Township Bounds, 1770.*]

Province of New Hampsh<sup>r</sup>

To His Excellency John Wentworth Esq<sup>r</sup> Captain General, Governor & Commander in Chief in and over his Majestys Province aforesaid in Council—

The Petition of John Goffe of Derryfield in said Province Esq<sup>r</sup>, in behalf of Himself and the other Proprietors of the township of *Dartmouth* unto y<sup>r</sup> Excellency & the Honourable Council most humbly shews

That your Petitioners obtained a *Grant* of the said Township from Benning Wentworth Esq<sup>r</sup> late Governor of this Province in Behalf of his Majesty, with whom y<sup>r</sup> Petitioners entred into certain Stipulations on their part to be done and performed in Settlement of said Township, which they humbly beg leave to assure y<sup>r</sup> Excell<sup>y</sup> & Honours that they should have fulfilled, but the Want of Roads, the scarcity of Grain, the distance of its Situation from Settlements, and in a more especial manner, the Difficulty they have been at to ascertain the Locality of said Township by Reason of the Bounds of Lancaster being very loose & uncertain through the Geography of the River of Connecticut not being at the time of their said Grant particularly known, as it has since by actual Survey been found, whereby it made a material alteration in y<sup>e</sup> bounds of s<sup>t</sup> Lancaster, and consequently affected the Lines of Dartmouth, all which Difficulties have necessitated y<sup>r</sup> Petitioners to supplicate y<sup>r</sup> Excellency & Honours to extend your favours, by granting them a further time to fulfill their Charter, as they are determined to pursue it having got clear of chief of those embarrassments and been at great expence in compleating their necessary Roads which are especially and materially conducive to their Designs—Wherefore they humbly pray y<sup>r</sup> Excell<sup>y</sup> & Honours to grant the Prayer of this Petition for the Reasons sett forth, and as in Duty bound, y<sup>r</sup> Petitioners will ever pray.—

[5-191] [*Petition for an Act of Incorporation, 1793.*]

State of New Hampshire.

To the honorable Senate, and house of representatives convened in general assembly.

The petition of the subscribers, inhabitants of a place called Dartmouth, in the County of Grafton, and State of New Hampshire, humbly sheweth, that said Dartmouth is inhabited by twenty four families, which labor under many inconveniences for want of legal authority to conduct town business, in consequence of which, they suffer much on account of highways being neglected, which not only injures the inhabitants, but has a tendency to retard further settlement: wherefore your

petitioners pray this honorable court to consider their case, and incorporate them into a town, that they may be vested with such authority as other towns within said State by law exercise and enjoy. And your petitioners shall ever pray

Joseph Whipple, as agent for the town, dated May 20, 1796, which was granted.—Ed.]

#### KEENE.

This was one of the Massachusetts grants, made in accordance with a vote of the general court of that province of July, 1733. On the 19th of October following, a committee, consisting of Joseph Kellog, Timothy Dwight, and William Chandler, was appointed to lay out the townships on Ashuelot river forthwith. They reported in February, 1734, and the township was lotted in May or June following. The first proprietors' meeting was held in Concord, Mass., June 26, 1734; and in September following Jeremiah Hall, Daniel Hoar, Josiah Fisher, Elisha Root, Nathaniel Rockwood, Seth Heaton, and William Puffer visited Upper Ashuelot, as the place was called, and held a proprietors' meeting. Some settlements were made, and a fort built soon after, but the town was abandoned in 1746, in consequence of the atrocities of Canadian Indians, and not again occupied until 1750.

The settlement of the province line determined the township to be within the limits of New Hampshire; and a petition, dated February 2, 1753, was addressed to the governor, asking to have the grant confirmed, and the township

chartered. Their request was granted, the town being incorporated April 11, 1753, and named by the governor in honor of Sir Benjamin Keene, an English baronet.

The main street was originally laid out but four rods wide, and the city owes a debt of gratitude to the proprietors, who, at a meeting held September 30, 1736, voted to widen it, giving the proprietors of the lots on the west side four rods wide on the rear of their lots, they surrendering four rods in front, thus making a beautiful street eight rods in width, which is admired by all visitors.

The north-east corner of the town was set off September 27, 1787, united with portions of Gilsum, Stoddard, and Packersfield, and incorporated into the town of Sullivan.

Another portion was set off from the east side December 9, 1812, united with portions of Packersfield and Marlborough, and incorporated into the town of Roxbury.

An act passed the legislature in 1865, granting a city charter, but they refused to adopt the same. Another act was passed July 3, 1873, which was adopted.

Col. Isaac Wyman was Lieut. Col. in the First Regiment under Stark in 1775, and until appointed colonel in July, 1776. Among other prominent Revolutionary men were Samuel Wetherbee, Davis Howlett, and William, Timothy, and Benjamin Ellis, all of whom held commissions, and did good service in the field.

Keene owes much of its beauty to the good sense of the inhabitants in years past in keeping intact, in many instances, the original lots, thus giving ample grounds around their residences, and avoiding that crowded and irregular appearance that mars so many of our New England cities.

To the Honorable the Council and General Assembly of the State of New Hampshire—

The Petition of the Selectmen of the Town of Keen in the County of Cheshire and State of New Hampshire; Humbly Sheweth—

Whereas by Reason of the Scituation of the Town of Keen Several Rivers and Large Streams of Water Centre in Said Town which Causes a Large Number of Bridges and Causes to be Necessary in Said Town; and by the Rapidity of some of said Rivers Especially in Time of high water it very often happens that Bridges are Carried off which has been of Great Cost and Charges to the Inhabitance and Likely so to Remain Especially Upon a Certain Rapid Stream Called the East Branch of Ashuelot River where of Late a Large Bridge is almost Ruin'd and the Banks of Said Stream being of Loose Gravel it often happens they are torn and the Course of the Stream much Altered and makes it almost Impossible to make a Bridge to Stand any Considerable Time which Causes great Difuculty and Danger to Travelers Especially in high water— However there is a Certain place upon said Stream at some Distance from place now used—where a Bridge might be made

that would much Beter Accomodate Travelers to Boston Portsmouth or any other Port then the place now Used but the Town by Reason of so many Other Bridges are not Able to Build one at said place as the Cost would be considerable ; we therefore your Humble Petitioners pray in the Name and behalf of the Town that your Honours in your Wisdom would Order and Appoint Some way that we may have Some Assistance Either by Granting a Publick Lottery or any other way which your Honours Shall think proper it being a Road much Used from Different parts of the Contry with which if your Honours Do Comply your Humble Petitioners as in Duty Bound Shall ever pray

Humbly Shews, Charles Rice of Keene, that in the year 1775 being a Soldier in Captain Jeremiah Stiles's Company & Col<sup>o</sup> John Stark's Regiment he received a most distressing wound through the breast at the memorable battle of Bunker Hill—which has ever since rendered it impossible for him to gain a comfortable subsistence for himself—much more for a numerous family which daily look to him for that assistance which he would most readily afford were it in his power.—That your petitioner has never received the least assistance from his Country being entirely ignorant of any feasible method of making application—He therefore prays your Honorable body to compassionate his case and lend him such assistance as in your clemency you shall judge proper—And as in duty bound ever prays

Keene Sept<sup>r</sup> 14-1782

Sirs

I retain a due Sense of Gratitude for the many favors and Honors bestowed upon me by the General Assembly of the State of New Hampshire; and in particular for their appointing me Colonel of the Regiment, which I now Command. I am still tenacious of the Rights and Liberties of Mankind, and attached to the State of New Hampshire. The Appointment was very unexpected, and (as I thought I had neither Leisure, nor Ability to perform with Honor the Duties which that Station required) very undesirable to me. However, I accepted the same, hoping that I should soon be succeeded by some person more suitably qualified. But as I find myself disappointed in that Respect, I must beg Leave to decline acting any longer in that Capacity, and Send this my Resignation; trusting that the Hon<sup>ble</sup> Assembly will Soon appoint Some person to take the Command of this Regiment, who will conduct with Wisdom, understanding, Fidelity and Honor. I am, Sir,

### KENSINGTON.

The township was set off from Hampton Falls, April 1, 1737, and "erected into a distinct parish" by its present name, which is probably derived from some English town. John Weare, Joseph Wadley, and Ezekiel Dow were authorized to call the first meeting.

A mistake was made in describing the bounds in the act above referred to, which was rectified by an act passed the 26th of the following August. Rev. Jeremiah Fogg was settled as parish minister in November, 1737, and remained until he died, December 1, 1789.

Kensington was a populous town at the breaking out of the Revolution. The following are the names of their men in the First N. H. Regiment:

Joseph B. Hoit, entered March 21, 1781; discharged December, 1781.

Orson Lock, entered April 14, 1777; discharged September 19, 1777.

The latter was killed.

[Samuel Elliot, of Kensington, says he was in the service in 1760, went as far as Wentworth's ferry, and came home from there by permission of his officer, notwithstanding

which he was returned as a deserter by Capt. Marston. He wants to be righted. The petition was dismissed March 13, 1761.—ED.]

### KINGSTON.

The township was granted Aug. 6, 1694, in the sixth year of the reign of William and Mary, by Lieut. Gov. John Usher, to James Prescott, Sr, Isaac Godfrey, Thomas Philbrick, Jr., Gershom Elkins, Samuel Calcott, Thomas Webster, Samuel Dearborn, William Godfrey, Jacob Garland, John Mason, Ebenezer Webster, Nathaniel Sandburn, Benjamin Sandburn, John Moulton, Daniel Moulton, Francis Towle, and others, mostly of Hampton. It was named Kingstown, the derivation of which is obvious, and the name was generally so spelled until about the year 1800. This grant covered the territory which is now contained in the towns of East Kingston, Danville, and Sandown. Settlements were commenced soon after the grant, but little progress was made until after the treaty of peace with the Indians, which was signed at Portsmouth, July 11, 1713. Rev. Ward Clark, ordained in 1725, was their first settled minister.

Nov. 17, 1738, the easterly part of the town was set off and incorporated by the name of Kingstown East Parish.

The west part of the town, as originally granted, was set off April 6, 1756, by the governor and council, and incorporated into the town of Sandown. Another portion was incorporated into a town by the name of Hawke (now Danville), Feb. 22, 1760. In consequence of these acts, the town at present contains but a small portion of its original grant.

Dr. Josiah Bartlett commenced practice in this town in 1761. He was a member of the state committee of safety from May 19, 1775, to Jan. 20, 1776; from Jan. 20, 1777, to May 28, 1778; and from Jan. 5, 1779, to May 29, 1784;

one of the justices of the supreme court from Nov. 14, 1782, until he was elected president of the state in 1790, holding the office of chief executive four years. He died May 19, 1795, at the age of 65.

[5-240] [*Petition for a Confirmation of the Grant and Specification of its Bounds.*]

To His Excellency Benning Wentworth Esq<sup>r</sup> Captain General, Governour and Commander in Chief in and over his Majestys Province of New Hampshire in New England and to the Honorable his majestys Council for said Province

The Petition of the Inhabitants of the Town of Kingstown in the Province of New Hampshire Most Humbly Shews

That on the Sixth of August A. D. 1694—John Usher Esq<sup>r</sup> then Lieutenant Governour & Commander in Chief in and over said Province with the advice & Consent of the Council for s<sup>d</sup> Province by a Charter of, that date did give and Grant a certain tract of land lying within the said Province of New Hampshire described and bounded as in the said charter (reference thereto being had may fully appear) unto the persons mentioned in said Charter, and unto Severall others of their Majestys loving Subjects, that then did or Should Inhabit within the said Grant—That from the Date of said Charter till the Settlement of the Boundary line between the Province of New Hampshire on the South and the Province of the Massachusetts Bay on the North there has been both a publick and private dispute Subsisting which has been no Small Detriment to the said Town of Kingstown—

That your Petitioners apprehend the Boundary Line between the Two provinces is now fixed and that the Southern Bounds of Kingstown is the same as the dividing line between the Two Provinces—

That there is some ambiguity and uncertainty in the said Charter as to the bounds of said Grant—which, for want of an Explanation may possibly hereafter be the occasion of disputes and expense of much time and Money, which by your Excellency and Honours in your great wisdom may be prevented

Wherefore your Petitioners pray your Excellency and Honours to take this Petition and the Charter afores<sup>d</sup> (a copy of which your Petitioners will lay before your Excellency & Honours) under your wise consideration and to Confirm the aforesaid Grant and to rectify any mistakes and uncertaintys there may be touching the description or bounds of the said tract of Land intended to be given and granted by the aforesaid Charter

so that the said Grant may take effect according to the true intent and meaning thereof—And your Petitioners as in Duty bound shall Ever pray &c—

[5-244] [*Petition of Inhabitants of the Easterly Part for a New Parish, 1738.*]

To his Excellency Jonathan Belcher Esq<sup>r</sup> Cap<sup>t</sup> Gen<sup>l</sup> and Govern<sup>r</sup> in Chief in and over his Majesties Province of New Hamps: in New England, And to the Hon<sup>ble</sup> his Majesties Council and Representatives in Gen<sup>l</sup> Court Assembled May y<sup>e</sup> 2<sup>d</sup> 1738

The Petition of Sundry of the Inhabitants of Kingstown in the Easterly part thereof, In the Province afores<sup>d</sup> Humbly Sheweth: That Whereas divine Providence (which Sets Bounds to all our habitations) hath placed us at a great Distance from the place of Publick worship up in Town And so rendered our attendance there very Difficult & often Impracticable for our families—This has put us upon Building a New Meeting House Among our Selves to Accommodate our women & Children as well as our Selves that we might More Conveniently attend the Publick worship of God And with more Ease & Comfort Enjoy the word & Ordinances and Means of Grace which are So Necessary to our Spiritual Edification and Eternal Salvation Upon which we being desirous to Maintain the worship of God among our Selves at our own Cost And Charge applied our Selves to the Town to Set us off to be a Distinct Parish or Precinct from them But they not Duly ConSidering our Difficult Circumstances have unreasonably rejected our request: Wee therefore now humbly Apply our Selves to your Excellency and Hon<sup>rs</sup> for relief And pray that this Hon<sup>ble</sup> Court would please to Consider and Compassionate our Difficult Case and Make us a Distinct Parish or precinct by fixing a Parish Line, or Polling off our persons & Estates who are Subscribers hereunto that we may be Discharged from paying to the Ministry or School in the other part of the Town and enjoy the Powers & Priviledges of a Distinct Parish by our Selves; We have paid our part of the Towns Extraordinary Charge in Building A New Meeting House, and Settling a new Minister,

& buying a Parsonage House & Land Among them ; And they are Numerous And Sufficiently able to Carry on without us, It Seems then very unreasonable for them to deny us our request, and we have been at an Extraordinary Charge to Build A Meeting House and to procure preaching for Some time as well as to Maintain a School among our Selves at our own Cost. and hope God will Enable us Still to do it Cheerfully and prosper us in so good an Undertaking which tends so much to promote religion and the best good of our families & Children ; And we pray that your Excellency and Hon<sup>m</sup> would in your great Wisdom and Goodness Encourage us in so good a design and Accordingly Grant our request

So Shall we as in duty Bound Ever pray &c

[5-245] [*Petition for a Grant of Land, 1738.*]

To his Excellency Jonathan Belcher Esquire Commander in Chief in and over his Majesties Province of New Hampshire and to the Honourable his Majesties Council

The Humble Petition of us Inhabitants of Kingstown,—

Most Humbly sheweth,

That with Earnest desire of Enlarging the dominion of the Supreme of the English Territories ; and to Accomodate our

Posterity under the most happy Administration on Earth: WE have exposed our Persons and Families Goods and Fortunes to the Ravage and Insults of a barbarous Enemy, and many of our dear Friends and Relatives have lost their Lives in the Enterprise, and Others undergone a long and Sore Captivity and some of them redeemed with vast Labour and difficulty and great Expençe which has so impoverished many of us that We have been Obliged to sell much of our Lands to the Inhabitants of Other Towns in which distressing and Calamitous Wars we have been their Barrier, and thro' the unhappy Disputes arising between this and the adjacent Province much of our Lands has been Seized and Settled by the Inhabitants of the neighbouring Province which has caused Some of us Inhabitants great Tryalls and Perplexities in being harrassed with Uncomfortable & Chargeable Lawsuits;

On These and several other Motives we did humbly Request a Tract of Land near adjoining to Ammiskeeg Falls which has laid upon File near Fourteen Years, thro' the unsettled state of this Province in respect to the Line. WE Have been at the Charge of sending a Number of Men to view the Inland and to give us a plan of a suitable Tract of Land which may be indisputable and thro' the Guidance of Providence they have found such a spot between Winnepeseokke & Pemissegawassett Rivers. WE Therefore humbly Request the favourable and Compassionate consideration of your Excellency and Honours in the Grant of a Township there of Ten miles square or of such other Dimensions and Quantity as in your Wisdom may seem meet, and your Petitioners as in duty bound shall ever Pray &c.—

[5-253] [*Petition for Encouragement to Manufacture Salt, 1776.*]

To the Honourable the Council, and House of Representatives  
of The state of Newhampshire

The petition of Ebenezer Griffing of Kingstown in the County of Rockingham in said state Humbly sheweth

That the Great Scarcity of the Necessary Article of salt and the Difficulty of procuring in the Usual way by Importation, has induced your petitioner to be at Considerable Expençe in Order to Erect works for Making the same from sea water  
That if proper Encouragement is Given he has Reason to think that He shall in a short time be Able to procure Large Quantities that way  
That the Erecting proper works for that purpose will be Attended With Very Considerable Cost and Expençe And as the Manufacturing that Very Necessary Article will be of Very Great Advantage to the publick, He humbly prays that your honors will Take the Matter into your Consideration and Grant him such Encouragement as to you in your wisdom shall think fit—  
And as in Duty Bound shall Ever pray &c.

[5-254] [*Petition for a Lottery, 1777.*]

To The Hon<sup>ble</sup> The General Assembly of the State of New Hampshire Humbly Shew—

Ebenezer Griffing of Kingston in said State. hath, at his own Cost, and Charge, erected, Salt Works: within this State, as well for the Publick, as, his own particular Benefit—being moved, thereto, from the Present—and future prospect of the great Scarcity, of the Valuable and very necessary Article Salt—on Reflection, he finds his Works Insufficient to make a Quantity barely sufficient to Supply the Wants of his Vicinity—the Uncommon Demand of Salt throughout this State being such as strongly urges your Petitioner to make further Trials (in the Art of Salt making) he haveing allready by Labour and enquiry made good progress therein) to Effect which he finds he must make further Additions which must be Attended with great Cost too much for him Individually to hazard. that Salt is absolutely necessary for Publick and Private Use that it is now uncommonly Scarce and the Demand therfor daily increaseth—and that there is no Present prospect of Supplys from the former Resources are facts notorious to your Honours your Petitioner Therefore prays your Honours to take Under Consideration the Subject matter of this Petition & if Consistent—grant him Power to form and Accomplish a Lottery under the Immediate Inspection & Direction of the Hon<sup>ble</sup> General Assembly of this State for the Sole purpose of Assisting him in his Endeavours of Increasing the Quantity of Salt Sufficient for the Demands of the Publick & your Petitioner as in Duty Bound Shall pray

[5-256] [*Another concerning Militia, 1785.*]

To the Honourable the Senate and House of Representatives of the State of New Hampshire in General Assembly Convened at Concord the 9<sup>th</sup> day of Feb<sup>y</sup> 1785.

The Petition of the Subscribers humbly shew that in the last session of the General Assembly, among other alterations and arrangements of the regiments of Militia in this State, they thought proper to take off the Town of Southhampton from the Third Regiment commonly called Hampton Regiment, and annex it to the seventh commonly called Kingstown Regiment, and then to devide the last mentioned regiment into Two seperate & Distinct regiments; that with great Differance to the opinion of the Legislature your petitioners humbly conceive, that the devision of said regiment might be made in a different manner to more advantage, and beg leave to request that it may be taken up again and altered if it shall seem proper to your Honours—that in giving Rank to the said two Reg<sup>ts</sup> the southwesterly regiment, by much the youngest part of the said Seventh Regiment, is allowed the Rank of the Seventh Regiment, while the Northeasterly regiment by much the oldest part of said seventh Regiment, is reduced to the twentieth—that the Town of Kingstown is the first Chartered town in the State, and was first settled after the four old towns, as they are called, viz Portsmouth, Dover, Hampton, & Exeter; and your petitioners can conceive of no good reason why the said town, together with the two parishes thereof viz East Kingston & Hawke which make up the greatest part of the said Northeast regiment, should be degraded from their former rank to which they are so Justly intituled by age, and which they

have not forfeited by any misconduct as they humbly Conceive.—

That at the time the arrangement was made, we are informed that the two Representatives from the said Northeasterly regiment were both necessarily absent from Court, and so had not an opportunity of laying the matter properly before them, which we conceive is the reason that the arrangement passed as it did, as we have too high an opinion of the wisdom & justice of the Legislature of the State, than to suppose that it would have been passed in the manner it was, had the matter been properly laid before them:—

We therefore pray that your Honours will be pleased to take the matter of this petition into your wise Consideration, and if it shall seem to you proper, make some alteration in the lines Deviding the said former Regiment; And that you will be pleased to restore to the Northeasterly regiment their former rank of the seventh regiment, to which we humbly conceive they are justly intitled; And your petitioners as in duty bound will ever pray &c

## LANCASTER.

This township was granted July 5, 1763, to David Page and others, and named for a town in Massachusetts. The following September, David Page, Jr., and Emmons Stockwell cut a path through from Haverhill to the township, built a camp, and wintered there; and in 1764, the senior Page and his family, with Edwards Bucknam, and others, moved in and commenced settlements. The conditions of the grant, however, were not fully complied with, and on the 20th of September, 1769, an extension was granted. Indian depredations during the Revolutionary war caused most of the inhabitants to leave: others came when peace was restored, so that the town contained twenty-four families in 1787.

By an act approved June 22, 1819, the tract of land known as Barker's Location was annexed to Lancaster. This was a tract of 3,020 acres, which was granted to Capt. Joshua Barker, Oct. 21, 1773, for service in the French war.

The farm of E. Winchester was severed from Stark and annexed to this town Dec. 4, 1840.

Lancaster was still further enlarged by the annexation of a portion of Kilkenny, Dec. 15, 1842. It is now one of the most flourishing towns in the northern part of the state.

Lancaster, Dec<sup>m</sup> 2<sup>d</sup> 1783

The Number of all the male Poles from twenty one years old

great inconveniences, and without that succour and releif which every infant Country expects from the Government to which she owes her allegiance, they must remain in but very indignant circumstances; and the state not receive that emolument, that it might justly expect from a Country so fertile as this, when properly peopled. Nothing more effectually hinders the emigration of inhabitants to this part of the state, than the badness of our roads, and the want of a convenient place to worship that being, to whom all owe their existance. The formation of the town being very peculiar, on account of marshes creeks and large streams and the number of inhabitants being but very small; consequently the expence of making and mending roads, building bridges meeting house &c must be very great—

One large stream, known by the name of Israels river, is so formidable where it must be bridged, to accomodate the travel up and down Connecticut river and likewise the travel to and from Portsmouth, (our most advantageous port) that it must cost, at a moderate Computation two hundred pounds. The inhabitants have solicited the nonresidant land owners, for assistance (many of whom live out of the state,) but they have entirely refused,—

Your petitioners are therefore, necessitated to pray your honours to pass an act empowering the selectmen of said Lancaster to levey, and Collect a tax of three pence on each acre of land (Publick Rights excepted) for the purpose of making roads building bridges meeting house &c, &c. and a continuation of one penny on the acre, annually for the term of five Years, to be appropriated to the aforesaid purposes. And that the prayer of your petitioners be granted, or such assistance or directions be given, as Your honours may see fit; your Petitioners as in duty bound shall ever pray

[Capt. John Weeks settled in Lancaster in 1787. He was the father of Hon. John W. Weeks, who commanded a company in the war of 1812, and was brevetted for gallant service at Chippewa. He was a member of the state senate in 1827 and 1828, and of congress in 1829 to 1831. He died in 1853.

Emmons Stockwell was one of the first settlers, a sturdy old hero, who refused to be frightened away by the Indians, and occupied his castle in that frontier town during the Revolutionary war.—[ED.]

---

LANDAFF.

The township was granted Jan. 31, 1764, to James Avery and others, who failed to comply with the conditions of the grant, and it was declared by the governor and council to be forfeited.

Jan. 19, 1770, the tract was granted to Dartmouth college, with the usual conditions and reservations. Settlements were made under the latter grant to some extent, roads opened, and a mill built at the expense of the college, and on the 11th day of November, 1774, the town was incorporated by the governor and council.

After the Revolutionary war the first grantees claimed that their alleged forfeiture was not legal, and maintained their claim: the college had to abandon its title and lose what it had expended in making settlements. A compensation was however made to the college soon after, by the grant, Feb. 5, 1789, of a tract of land containing 40,960 acres on Connecticut river.

By an act approved July 2, 1845, a tract of land was severed from Lincoln and annexed to this town. June 23, 1859, all that part of Landaff lying north-west of Ammonoosuc river was annexed to Lisbon.

The town was divided July 20, 1876, and the east part incorporated into a town by the name of Easton.

State of New Hampshire County of Grafton—

To the Honorable the general Court of the said State, to be convened at Portsmouth on the first day of February ADom. 1786—

The petition of the Inhabitants of the Town of Landaff in said County, humbly sheweth; that innumerable & inexpressible were the difficulties and distresses your petitioners suffered thro' the course of the late war in America; by being situated in a large extensive uncultivated Country almost destitute of Inhabitants, inviron'd about with a barbarous, cruel & merciless enemy, we were undefended and utterly unable to put ourselves in a warlike state of defence against those sanguinary Savages, who were lying in ambush to kill, burn, lay waste and destroy indiscriminately, all that were opposite to their vile & inhuman proceedings. Being thus exposed and living in constant jeopord of our lives, we were frequently alarm'd and obliged to join our feeble efforts on sudden emergences for the immediate preservation of our lives and properties, and were at great expence in guarding, scouting, building Forts &c. for which service we have never received any recompence or reward, from the State. Notwithstanding, if we could suppose ourselves to be upon an equality with other towns in this State, and that we had done no more than our just proportion, we should rest perfectly easy and satisfied with the benefits accruing from the glorious Conquest obtained by the loss of immense quantities of Blood and Treasure. Altho' our Cir-

cumstances at this day are very difficult indeed by reason of the extreme scarcity of Money; taxation is almost an insupportable burden, nevertheless your petitioners will exert every Nerve, with the greatest alacrity for the due observance of all your laws & regulations, but as it hath been a Custom heretofore to reward those that have done service or expended Money in the Common cause for the Defence of the State, we take encouragement therefrom, and most ardently pray your honors to take our Circumstances under your wise Consideration and make us some allowance for our former Services as set forth in this petition, or otherwise as your honors shall think proper.

And your petitioners as in duty bound shall ever pray—

[6-3] [*Relative to Representative Class, 1788.*]

State of New Hampshire County of Grafton—

To the Hon<sup>ble</sup> the Senate & house of Representatives to be convened at Concord on wednesday the fourth day of June next—

The petition of Nathaniel Hovey, Jonathan Blake, John Clark, Nathaniel Webber, James Snow, Jeremiah Hutchins, Jacob Hurd, John Cleaveland, Henry Hancock and John Merrill in behalf of themselves & the inhabitants of the Towns of Landaff and Bath in said County, humbly shews—That the difficulties and inconveniences attending the said Towns being classed with Gunthwait, Lymon, & Littleton to chuse a Representative, are numerous and almost insuperable, on account of the great distance the people have to travel, (more especially those that live in the extreme parts of said Towns,) to attend the meetings held for that purpose, at a season of the year when the Roads are generally extreme bad and the Rivers open or about breaking up, so that it is very dangerous and sometimes almost impossible to pass over them For which reasons and others that might be enumerated, the choice of our Representatives heretofore has been very unequal and commonly made by a small number. The situation of the Contry is such & the people live so remote from each other that they never can assemble together in any one place in this District as now formed, without much fatigue & difficulty; and the said Towns of Landaff & Bath having at least one hundred & forty one legal voters therein, and are so well situated to form a District that might be attended with many advantages, and the people

favoured with many privileges that they cannot otherwise enjoy ; therefore your petitioners most ardently entreat your honors to take the premises under your wise consideration and grant liberty for the inhabitants of said Landaff & Bath to send a Representative to the general Court of said state, and that the meetings for electing one, might be held annually at the dwelling house of Cap<sup>t</sup> Jeremiah Hutchins in said Bath—or otherwise as you may think proper And your petitioners as in duty bound shall ever pray &c—

To the Hon<sup>o</sup> General Court of said State to be Convened at Portsmouth on the first Day of Feb<sup>r</sup> next by adjournment—

The Petition of the Inhabitants of Landaff humbly sheweth— That when the Requisition for soldiers was made to the State said Inhabitants being inform'd that they ware cal'd on to furnish one man for three years or during the war at great expence hir'd one Edward Mardin then lately come to Town, to serve and answer for their Proportion of said Requisition.— That through some mistake said Mardin was returned for Northumberland, without the knowledge of said Mardin, Landaff, or Northumberland,—That said Mardin was never an Inhabitant of Northumberland. \* \* \* \*

[R. 2-180] [*Relative to a Bunker Hill Soldier, etc.*]

To the Honourable Senate and House of Representatives in  
General Court convened—

Humbly shews—James Mitchell of Landaff in said State, that in June 1775, he furnished his Brother William Mitchell, then a soldier, with a valuable Gun and some other articles (to the amount of four pounds) necessary for the then intended expedition against the British Troops in Boston which gun and other articles were lost at the Battle at Bunker Hill, where the said William lost his Life—that in September 1777 he hired one Amos Hastings, and in July 1778 one Stephen Hall, to go into the service of the United States for him, for which your petitioner gave them about eleven pounds as a Bounty expecting that at some future period some equitable mode would be devised for reimbursing those; who had contributed more than their proportion in defence of their Country—for all which your petitioner has received no kind of compensation—Your petitioner begs leave further to shew, that in September 1778, at the special desire of Major Henry Moore, then a Collector of Cattle for the use of the army, he purchased thirteen oxen and gave his notes for the same, amounting to six hundred and sixty five pounds payable in six weeks; expecting within that time to receive the money of the said Moore;—that he was put to great expence in keeping and driving the said oxen, and was kept out of the money so long, and so distressed by law suits for it, that your petitioner sustained a loss of one hundred and fifty pounds at least, and was obliged to sell his Farm for a sum much below its value. \* \* \*

## LANGDON.

The town was formed from territory taken from the towns of Charlestown and Walpole, and incorporated Jan. 11, 1787. It was named in honor of Hon. John Langdon, at that time speaker of the house of representatives.

Settlements were made on territory now in this town by Seth Walker in 1773, and by Nathaniel Rice and Jonathan Willard the year following. Rev. Abner Kneeland, who was ordained over a Universalist church here in 1805, was one of the leading men in that denomination in New England for some years, and published a periodical devoted to his peculiar tenets, called the *Boston Investigator*. In 1795 the town might have been extended to Connecticut river, but it refused, by vote, to accept the proffered addition.

LEBANON.

The township was granted July 4, 1761, to Nehemiah Estabrook and 59 others, in 68 equal shares, with the usual reservations. Some of the grantees were from Lebanon, Conn., and the town was named for their old home.

The first settlements were made by William Dana, Silas Waterman, William Downer, and Nathaniel Porter.

Lebanon was one of the towns that attempted to unite with Vermont, and was represented in the convention at Cornish, April 5, 1781, by Col. Elisha Payne and Elihu Hyde. Some documents relative to the matter may be found among the following papers.

This was the first town settled on Connecticut river north of Charlestown, and has been for many years one of the leading towns in that section in wealth and population. Lead and iron ore were found here many years ago, and a copper mine, more recently discovered, is now being developed by the Mascoma Mining Company.

of New Hampshire—

We the Subscribers Did prefer A Petition to your Honours Dated at Lebanon 15<sup>th</sup> Decem<sup>r</sup> 1778. Setting forth Some Difficultys & grievances we Laboured under,—& praying for Redress in the premisses,—We Rec<sup>d</sup> an Answer to Said Petition from the Com<sup>tee</sup> of Safety Dated 8<sup>th</sup> Jan<sup>y</sup> 1779 informing us that the General Assembly had Resolved to take up & Consider the matter and Endeavour to Redress our Grievances,—Recommending to us to pay no Obedience to any Authority but what was Derived from the Legeslature of New Hampshire, which Recommendation we have Steadily Adheared to—and have publickly Remonstrated against the Illegal & irregular proceedings of the Town in Town Meeting, as will Appear by A Remonstrance herewith Exhibitted, which was Laid before the Town &c—

We would inform your Honours we have always Stood Ready to pay our Equal proportion of the Taxes Call<sup>d</sup> for by the Authority of New Hampshire, but by Reason of being over powered by Numbers Could Never obtain to have A Regular List made up to have our Tax proportioned or any Legall officer to Collect, by which means the money haith Died in our pockets,—

We now putting Confidence in your Great wisdom and Goodness being fully perswaded that you will Compasionate & hear the prayer of your Distressed Leage Subjects, Do now again most Earnestly Petition to your Honours to Consider our Case, and grant us Such Releife in the premisses as in your wisdom you Shall think Just & Reasonable, So as that your Petitioners may be as Little Sufferers as possible by the Disorderly & Dis-

obedient Conduct of the Town, and the Great Evils and Disadvantages they have involved themselves in by not Continuing Loyal Subjects of the State, and paying their Taxes in Season—

[6-32] [*Relative to recording Grants in Office of the Secretary of State; 1782.*]

To the Honourable Council of the state of New Hampshire and to the general Assembly of said State to meet at Concord in said State on the second Tuesday of June in the Year of our Lord Seventeen hundred and eighty two—

We the Subscribers Inhabitants of the town of Lebanon in the County of Grafton in said State humbly petition and shew to your Honors—That they are, either original Grantees of land, granted either by Benning Wentworth, Esq; or John Wentworth, Esq; late Governors of said State, or claim land by virtue of conveyances from such original Grantees—That in consequence of the confusion that has prevailed in said County but a small part of the Laws of said State have been received in said County, for a number of Years so that your Petitioners never heard of the act of the General Assembly of said State, entitled An Act For Recording Grants, Locations or Charters of Lands granted by the late Governors thereof—passed March the fourth in the year of our Lord Seventeen hundred and Eighty, until the time limited in said Act for filing said Grants &c in the Secretary's Office in said State was elapsed—That your Petitioners have lately been informed that the time of filing said Grants &c as aforesaid has since been lengthened by an Act of said Assembly, but that the time allowed by this Act had also expired before they received this information—And that your Petitioners are in danger of losing their lands in consequence of their not knowing of the passing of said Acts—

Your Petitioners therefore pray that a further time may be allowed for the receiving and recording such Grants &c as aforesaid—or that such other relief may be granted to your Petitioners as to your Honors shall seem meet, as in duty bound shall ever pray

[6-33] [*Protest against the Incorporation of a District to be called Dresden, 1783—incomplete.*]

Objections against the Incorporation of a part of Lebanon & Hanover in the County of Grafton into a distinct Town—

1.—The freeholders of that part of Lebanon, which is subject to taxation, & proposed to be taken into said corporation, are unanimously opposed to such an Incorporation—That is, those of them, who reside in said Lebanon—Fourteen hundred and forty Acres are all the land (exclusive of College lands) lying in said Lebanon proposed to be taken in—Thirteen hundred Acres of which are owned by said resident Freeholders, and a considerable part of the one hundred and forty Acres remaining are owned by a Minor—

2. That the said resident Owners, have done already their proportion for building up Dartmouth College, and they can see no reason why they should be subject to the Authority of said College and their dependants—They have given one hundred and fifty Acres of Land, and in money and labour, to the amount of Fifteen pounds—Altho but eight in number, and subject to those difficulties, which generally attend those, who settle a new Country, And if such an Incorporation should be made every vote would be carried according to the Inclinations of the said Authority, who will always have a sufficient number of Dependants to assist them in carrying any point—whereby the situation of the said resident Owners would be exceedingly uncomfortable.—

3. By such an Incorporation the said Freeholders will be excluded from all benefit to public rights, and to ministerial and school privileges in s<sup>d</sup> Lebanon—The public rights in s<sup>d</sup> Lebanon are so far improved and disposed off that a considerable sum accrues to Lebanon from such Improvements and disposal, A minister is settled—a meeting house and several School-houses are built—

From which benefit, the s<sup>d</sup> Freeholders would be excluded by such an Incorporation—

4. Many new roads must be made to accomodate such a Town as is desired—whereas if the s<sup>d</sup> Freeholders remain as they are in conjunction with Lebanon, the expence of said new roads will be saved—

5. That the s<sup>d</sup> Incorporation will ever greatly be burthened with poor to maintain—Dependants must be introduced and not warned out 'till they become a town-charge—

6. That the expence of maintaining town order will be great, & a very large part of that expence will fall upon the s<sup>d</sup> Freeholders in proportion to their interest. The s<sup>d</sup> Freeholders are the owners of double, if not treble the land in s<sup>d</sup> proposed

township, which will be subject to taxation—and the College will ever own stock and other ratiable property whereby the s<sup>d</sup> Freeholders are apprehensive that they shall be obliged to do a great, if not the greatest part towards supporting the poor, and discharging other town expences, which they feel unable ever to perform—

7. That it would be unprecedented to seperate any from a particular Corporation, they had joined without their consent either explicit or implicit

[See Hanover papers, ante.—Ed.]

[6-34] [*Relative to the Collection of Taxes.*]

To the Honourable the Senate and House of Representatives of the State of New Hampshire now setting in Concord—

The petition of the Select Men of the Town of Lebanon in the County of Grafton Humbly sheweth

That from the year 1777 till the year 1781—sundry sums of money were from time to time voted by said Town for defraying necessary Town charges, and for defending ourselves on the Frontier against the Common Enemy, that tax bills were from time to time made out agreeable to said Votes, but Collected only in part, untill the year 1781 when at a Legal Meeting of the Inhabitants of said Town M<sup>r</sup> Constant Storrs was appointed to Collect the aforesaid Taxes, and they were accordingly Committed to him to Collect—That as said Bills were made on Inventories not conforming to the then Laws of this State, though at the same time making the Average to each person so taxed very nearly the same, as the law in that Case would have done, and were made by the General Order Vote, and direction of the people of s<sup>d</sup> Town, yet as we apprehend it unsafe to proceed to collect said Taxes unless the said Collector is duly authorized so to Do—

Your Petitioners therefore humbly pray that your Honours would pass such act or resolve as may enable said Collector to complete the Collection of s<sup>d</sup> Bills

And your Petitioners as in Duty bound will ever pray—

[6-37] [*William Dana for a Ferry, 1784.*]

To the Hon<sup>o</sup> the General Assembly of the State of New Hampshire to sit at Exeter in March in the Year of our Lord Seventeen hundred & eighty four—

Humbly shews William Dana of Lebanon in the County of Grafton in s<sup>d</sup> State—That he was one of the first settlers in s<sup>d</sup> Lebanon, that he has suffered greatly by the passing of persons thro' his land, in going over Connecticut river, to Hartford in the State of Vermont (so call'd)—That the privilege of a ferry

in s<sup>d</sup> river parallel with s<sup>d</sup> Lebanon has not been granted—But the profits of assisting to the crossing s<sup>d</sup> river against s<sup>d</sup> Lebanon have been ingrossed by those that live not in the State of New-Hampshire, & have no estate therein, & can easily evade any law of s<sup>d</sup> State for the regulation of Ferries—Your Petitioner therefore prays, the granting to him & his heirs the privilege of a ferry, beginning at the Northwest Corner of his house Lott in s<sup>d</sup> Lebanon—thence extending across s<sup>d</sup> river in a direct line with the north line of s<sup>d</sup> Lott to the western bank of s<sup>d</sup> river—thence south on s<sup>d</sup> bank one mile & an half—thence east across s<sup>d</sup> river to the North bank of the river Mascoma—thence North on the eastern bank of the first mentioned river to the first mentioned bound—as in duty bound shall ever pray

The township was set off from Durham Jan. 16, 1766, and incorporated with full town privileges, by the name of the "Parish of Lee." For petition, see Vol. XI, pp. 584, 586. "Joseph Syas Gent<sup>n</sup>" was authorized to call the first meeting.

A dispute arose concerning the south boundary line of Lee and Durham, which was settled by an act approved June 19, 1818, establishing the line as follows: "A straight line from an ancient red oak tree, being the south corner bounds of the town of Nottingham, and the western boundary between said Lee and Epping, to a large picked rock in the south butment of Durham and Lamperell River bridge so called, beginning at said red oak tree, and running south eighty-three degrees east, nine hundred and fifty-five rods to the easterly line of Epping and the westerly line of Newmarket; thence the same course four hundred and eighty-seven rods to the westerly line of Durham, thence the same course six hundred and ninety eight rods to the aforesaid picked rock."

## LEMPSTER.

The township was granted Jan. 1, 1753, to Samuel Clark Pain and others, by the name of Dupplin. This grant was made four days later than the grant of Acworth, and probably for the same purpose.

No settlements were made under this grant, neither were any attempted or expected. A re-grant of the territory was made Oct. 5, 1761, to Benadam Gallop and others. The conditions of this grant were not fulfilled in the matter of settlements, and another grant was made Jan. 5, 1767, to Dudley Woodbridge and others, in sixty-seven equal shares. Settlements were made under this grant, by people from Connecticut, about the year 1770; and in January, 1772, there were eight families in town, not enough, however, to comply with the conditions of the grant, and on the 21st day of that month the time for completing the settlement was extended three years. See petition, Vol. IX, p. 466.

By an act passed Dec. 27, 1791, the north-east part of the town was set off, and, with portions of Unity, Newport, Fishersfield (Newbury), Wendell (Sunapee), incorporated into the town of Goshen.

The jurisdictional line between this town and Washington was settled by an act approved Nov. 27, 1812.

State of New Hampshire—

To the Honorable House of Representatives in General Court to convene at Concord on the first Wednesday of January next—

The Petition of the subscribers Inhabitants of the Town of Lemster liveing in that part of Said Town which is included by a plan which was exhibited to the General Court at their session in December last with a Petition signed by Daniel Grendell & Others: which Petition Requested the Honorable Court to incorporate the Teritory included by Said plan into a Township—Your Petitioners beg leave to inform your Honours that we are very unwilling to be incorporated as requested by the Above mentioned Petitioners that the line will divide our farms leaveing part in one Town and part in another: and if our situation is remote from the center as is represented in the Above mentioned Petition: we would inform your Honors that we had much rather live in a remote part of the Town of Lemster than in a remote part of their intended new Township—Your Petitioners are sure that to divide the Town of Lemster will be a very material injury to our own Interests & to that of S<sup>d</sup> Town in General—Therefore your Petitioners most Humbly request your Honors that the Petition of the Said Daniel Gren-

To the Honorable Senate and House of Representatives for the State of New Hampshire to be Convened at Concord on the First Wednesday of June Next,

The Petition of us the Subscribers Inhabitens of Lempster being fully perswaded that the Northeast Corner of the Town of Lempster with a part of Sundry other Towns adjoining ought to be Incorporated into a Town for the Situation of the Inhabitants is Such that they cannot be accomodated without great Damage to the other parts of Said Town and in our opinion it will not hurt the Town of Lempster as the Situation of Lempster is Such but will leave it in a better Situation without them than it will to have Said Corner Continued as it now is and therefore your Petitioners are So fully Satisfyed that it will be for the Interest of this Town as well as for the Peace and happiness of the Same to have them Set of as Soon as may be as your Honours in your Wisdom Shall See fit. [Depositions of Peter Porter, Nathan Willey, Charles Willey, and Allen Willey were introduced, from which it appears that one reason why the town opposed the separation was the extra tax it would be on those who remained to support Rev. ## L I N C O L N .

The township was granted January 31, 1764, to James Avery and others in seventy-one equal shares. It is a mountainous tract of land, and but few settlements have ever been made in the town, the population numbering but 66 in 1880.

[6-84] [*Petition for re-grant of Township.*]

Province of New-Hampshire

To his Excellency John Wentworth Esq<sup>r</sup> Cap<sup>n</sup> General, Governor & Commander in Chief, in & over his Majesty's Province of New-Hampshire & Vice Admiral of the same, & to the Honorable his Majesty's Council for said Province.

The Petition of Stephen Maynard of Westbury in the Province of the Massachusetts Bay & Associates unto your Excellency & Honors humbly shews,

That your Petitioner & Associates are desirous of settling a Tract of his Majesty's unappropriated Lands within said Province of New Hampshire of the Contents of six Miles square being the same Tract which was granted

to a humber of Grantees by the Name of Lincoln, who hav<sup>t</sup> fail'd to fulfill any part of the Conditions of their said Grant it now remains forfeited & reverts to his Majesty Wherefore your Petitioner in behalf of himself & his said Associates humbly Prays your Excellency & Honors would be pleased to grant the Prayer of their Petitioner & that the said Tract of Land may be laid out by the Surveyor General & your Petitioner be thereby prepared immediately to settle the same under the usual condition of such Grants & your Petitioner as in Duty bound shall ever pray

Stephen Maynard In behalf of himself & his Associates

## L I S B O N .

This township was first granted, August 6, 1763, to Joseph Burt and others by the name of Concord. This

grant was made, and the town thus named, nearly two years prior to the incorporation and naming of Concord in the county of Merrimack. Very nearly the same territory was again granted, January 31, 1764, to John Fansher and others, and named Chiswick. Why this grant was made does not appear. It seems to have been ignored, and the township regranted at the end of five years from the first grant, at which time, October 20, 1768, the grantees failing to fulfil the conditions of the same as to settlement, it was regranted to Leonard Whiting and others, in ninety-four equal shares, and named Gunthwaite. The boundaries of the latter grant varied somewhat from the former, but began and ended at the same place in both. Settlements were made by virtue of titles from the grantees of 1763, and some by virtue of titles from the grantees of 1768, which naturally led to a bitter controversy, as may be seen by the following documents. An act passed January 9, 1787, appointing Col. Charles Johnstone, of Haverhill, to call a meeting of the proprietors and inhabitants to choose officers to assess and collect the taxes, contained the following: "Provided nothing in this act, shall be construed to affect the title of any person claiming lands under either the Grant made to Gunthwaite or Concord." The town, which was incorporated in its last grant by the name of Gunthwaite, assumed the name of Concord, and in state papers was alluded to as "Concord alias Gunthwaite," and later as "Concord in the county of Grafton," until June 14, 1824, when it was changed to Lisbon by the legislature.

By an act approved June 23, 1859, all that part of Landaff lying north-west of Ammonoosuc river was annexed to this town.

[6-87] [*Statement of Condition of the Town and Service in  
the War, 1786.*]

State of New-Hampshire Grafton ss Jan<sup>y</sup> 12<sup>th</sup> 1786

To the Hon<sup>l</sup> General Court of said State to be Convend at  
Portsmouth on the first Wednesday of February Next by Ad-  
journment—

The petition of the Inhabitants of the Town of Concord in  
said County Humbly sheweth—That at the commencement of  
the late war with Great Britain there were very few settlers in  
said Town as by Return herewith Exhibited may appear—all  
which had then very latly moov'd there from various parts of  
the Differant States—and it is well known that men of fortune  
seldom turn out into uncultivated parts of the Country—there-  
fore conceive it unnecessary to make mention that we were poor  
as well as few in number at that time Notwithstanding when  
the noise of war was heard in this part of the State almost  
Every man in this Town turn'd out in Defence of the Cuntry,  
and march'd to Canada under the Command of Gen<sup>l</sup> Mont  
Gomery for the term of six months,—that a number of them  
Inlisted in the service for the year 1776—at the close of which  
several persons Inlisted for three Years and During the war—  
some of whom Died in service and left their families in very  
poor Circumstances—

That we never suppos'd any of those persons which in fact  
went from this Town could be turn'd over for any other Town  
untill we had Credit for our proportion therefore rested very  
easy knowing that we had more than could possibly fall to our  
Quota of soldiers in service—

That we living in the Exterior part of the State Expos'd to

the Ravagè of the savage Enemy who were dailey scouting among us, having the promise of Bounties for prisoners scalps &c were many times cal'd out on alarms leaving women and Children to hide in the woods to suffer the fear of being slain by the Enemy

That we built a fort in said Town (which cost at least one Hundred pounds to shelter ourselves in) at our own Expence—

That had it not been for poverty (which in many Instances is mens only protection) we should have left the Town and very probably the State long before the close of the war—

That Notwithstanding the distresses and Difficulties we have Gone through in time of war as aforesaid; we are inform'd that there is now an Extent out Ready to be serv'd on the Selectmen (if to be found) in said town to the amount of two Hundred and sixteen pounds and twelve shillings for want of our proportion of soldiers in said war—and that there are very large charges against us for arrears of Taxes—

all of which we humbly conceive is very unjust Therefore most humbly pray that your Honours would take our singular and distressed case under Your wise and serious Consideration and Grant us such Redress and Relief respecting the premises as to your Honours may appear just and your petitioners will Ever pray &c

At a Meating of the Inhabitants of this town—Voted that Major Samuel Young be Requested to proceed to Portsmouth in Concert with our Representative at the Session of the General Court on the first Wednesday of February Next—and lay the foregoing Petition before said Court—and doubt not but every attention will be paid thereto that the nature of the case Demands—

Humbly sheweth—

That the proprietors & Inhabitants of said Concord settled before the late war & kept up their settlement during the same at great risque, trouble & expence on alarms scouts & building forts & garrisons & in supplies &c—

That the Inhabitants, by reason of persons living among us unfriendly to the revolution, & by means of the Vermont faction—were not organized with town officers till within a few years nor represented in the gen<sup>l</sup> Court, in consequence of which they laboured under very heavy arrears of Taxes—that the Inhabitants within two years last past have been at great expence, after getting leagally organized with Town Officers, in collecting this arrearage for about two years back—stating their extra Accounts of expenditures during the war & in supporting their agents at the gen<sup>l</sup> Court about one hundred Days, to effect a redress of greivences they labored under—so that the gen<sup>l</sup> Court in consideration of their expenditures, & in full of their accounts were induced on the 2<sup>d</sup> of March 1786 to pass a resolve abating about one half of their arrearages—& enabling the select men of said Concord to assess the remainder which was done & committed to the constable to collect accordingly, who having collected a considerable part thereof & got through the necessary rules established by law in order for compleatting the same, they found themselves surprisingly defeated by an obscure Intricate unintilligible, & as we conceive an unconstitutional act passed at the instigation of one Leonard Whiting, calling himself agent of the proprietors of Gunthwaite—& by the more subtle insinuations of his advocate in framing said act in a very different maner from what was necessary to releive from the grievence stated in their pition Or the prayer of the same thereby involving your petitioners in matters & consequences affecting the peace & quiet of society & the titles to the land they live upon, & to plunge them unnessarily into numerous long tedious & oppressive law suits which we believe was not the Intention of the Legislature, but incompassed by the intrigues of said Whiting, and his Advocate notwithstanding it is expressly declared in the last clause of said act that nothing therein contained shall any way effect the title of the different Claimants to said Township—But to what purpose is it to declare in an act that it shall not effect title to lands when the oppuration thereof will immediately turn the possessors out of their Habitations into the uncultivated woods—and your petioners are still more surprized when they experience the purposes, said act is used to effect,—owing to the Intricacy or unintelligableness thereof, as no inhabitant upon the premises was allowed to vote at said meeting unless he wood acknowledge himself a holder of land under the regrant, when at the same time one person & a Non Resident was allowed to carry

twenty six votes without shewing title under either Concord or Gunthwaite, or that there ever was a grant by the name of Gunthwaite or that the persons he said he acted for were grantees, if there had been such a grant & the Inhabitants possessing large farms were denied the privilege of carrying one vote because they would not acknowledge their title to be under gunthwaite grant, which they did not know ever existed nor was it shewn in said meeting—your petitioners humble conceive that the Intention of the legislature in said act was that every Inhabitant upon the premises should have equal right to vote in said meeting with any Other Individual that might appear there let his intent or agency be more or less, as no order was made in said act to vote according to Intirest—

Your petitioners further beg leave to Observe to your honours that the meeting was called on the 23<sup>d</sup> of May last, and without any Clerk being chosen to record their doings, as expressly pointed out in & by said act, the meeting was declared by the moderator to be adjourn<sup>d</sup> when a great Majority was against the adjournment to the Eleventh of June then next at one of the clock afternoon; & although we supposed the adjournment would be Illegal the Inhabitants attended at time & place & there waited untill after five O'clock then withdrew to their respective homes, at about six O'clock, the Moderator & three persons not residents in this Town appeared and said they had a right to negative all the Inhabitants of the Town if they were present and at about seven O'clock s<sup>d</sup> Meeting was opened & the Moderator proceeded and a number of the Inhabitants not present for reasons aforesaid all of which we humbly conceive to be directly contrary to the laws of this state, wherefore your petitioners pray that your honours would repeal said act and declare the doings thereon to be nul & void or make the same Intilgible in such a way & manner as your petitioners may enjoy their natural rights & town privileges as the law and Constitution in such cases made & provided directs—

and your petitioners as in duty bound shall ever pray—

I Benjamin Sawyer of lawful age, & Disinterested person testify & say that I was at the House of Major Samuel young in Concord alias Gunthwaite on the eleventh day of June Current at work & when I came in to Dinner a number of the Inhabitants of said Town were assembled at said youngs, and I understood that it was on account of an adjourned Meeting of the Proprietors & Inhabitants of said Town to be holden at one Oclock on said day, and about six or Seven Oclock on the same Day I was present & many objections was made by the Inhabitants to the Meeting going on, & the following are some of the objections, namely first because there was, nor could be, no legal Record of the adjournment as no Clerk was chosen at the first meeting—2<sup>d</sup> because a great number of the Inhabitants had withdrew to their homes at about half after five o'clock the Moderator not then being present &° and one Captain Leonard Whiting urged that the Meeting should go on—saying if all the Inhabitants were present he alone had a right to negative them, the Moderator accordingly proceeded, & no one was allowed to vote unless he could be made satisfied he owned an Interest in Gunthwaite under the Proprietors thereof, & in that case to vote in proportion to his or their Interest, which proceedings was protested against by a number of the Inhabitants—

[6-89] [*John Young relative to Town Affairs, 1789.*]

State of New Hampshire June 22<sup>d</sup> 1789—

To the Honorable General Court of said State now seting at Concord—

Humbly sheweth the Proprietors and Inhabitants of Concord in the County of Grafton—That in consideration that the said Proprietors, who are Setlers, & the other Inhabitants had during the late war made many Exertions in defending themselves

against the common Enemy, the General Court of said State were Induced, on the 2<sup>d</sup> day of March 1786 to pass a Resolve abating about one half of their Taxes, and enabling the Selectmen to Collect the remainder from the Proprietors,—that said Selectmen took the necessary steps for Collecting the same,—That afterward, namely on the 6<sup>th</sup> day of Jan<sup>y</sup> 1787 the General Court passed an act at the request of Leonard Whiting Esq<sup>r</sup> nullifying the proceedings of said Selectmen upon said Resolve, and making the said Inhabitants liable to pay the same again, if the proceedings thereon shall be considered to be according to the Spirit & meaning of said Act,—Your Petitioners beg leave to make known to your Honors that a Meeting by virtue of said Act was cal'd on the 23<sup>d</sup> day of May last & by the Moderator declar'd to be adjourn'd to the eleventh day of June then next, without any Clerk being chosen as expressly pointed out in & by said Act—That notwithstanding we conceiv'd no legal Meeting could be holden by virtue of such Declaration, the Inhabitants attended at one O'clock on the said eleventh day of June which was the Hour that the Moderator declar'd said Meeting to stand adjourned to and tarried there until half after five O'clock, then a considerable number of said Inhabitants withdrew to their respective homes, at six O'clock the Moderator appear'd, & three persons with him, who are not residents in said Town, at Seven O'clock the Meeting was opened much against the will of your Petitioners, & the Moderator suffered said Nonresidents to vote by Rights as in Propriety Meetings, which we conceive was not agreeable to the Spirit and meaning of said act, by means of which a Clerk was chosen liveing out of said Town, a Major part of the assessors live out of Town, & the Collector in Holles in the County of Hillsborough,—and if the proceedings of said Meeting is consider'd to be legal our Incorporation which has ben had according to Law is totally set aside,—Your Petitioners would further beg leave to add, that at the time of passing said act it was not pretended that any thing therein Contain'd should prevent any legal voters in town meetings from having equal right to vote for the choice of their officers, & if there was to be a negative by any one person against all the Inhabitants why were they Notify'd of said Meeting; was it to see a man living an Hundred and forty miles from said Town carry on a Meeting in just such way as he might have done in his own Chimney Corner, for was not the Laws as Good for enabling the Proprietors of one Town to call Propriety Meetings as another, if so then what need was there for passing a Special Law for them, could they not have cal'd a Proprietors Meeting without said Act, to raise money could they not have applyed it for what purposes they pleas'd, & was there any danger of the Lands being sold for payment of

Taxes if they were paid without such sale,—but perhaps it may be said there is no Danger of said Act being used to affect any bad purposes, but how can your Honors Determine whither it will or not, as there is a Dispute concerning the property; then ought there to be any act of the Gen<sup>l</sup> Court against either of the Grants we do not mean to Impute any thing to Your Honors in passing said act, but only pray you to consider whether it is such an one as our Constitution will warrant,—& although the greatest part of the Rights under the Regrant, are own'd by persons who have left the States and join'd the Enemy thereof they expect to make use of said act to Eject the Settlers under the Original Charter, or in some way git an advantage against them, notwithstanding we have many of us ben Residents through the late war, & although not one of the Regrantees were in Town during the same,—

Therefore your Petitioners pray your Honors to take thier case under your wise consideration & Repeal said Act & declare the doings thereon to be nul & void, or otherwise order & Determine as may appear just & your Petitioners will ever pray,—

in behalf of the Petitioners—

State of New Hampshire—

To the Honorable General Court of said State holden at Portsmouth on the thirtieth day of November 1791—

Humbly sheweth John Young of a place caled Concord in the County of Grafton in the State aforesaid—that Your Petitioner has invented and found out a method & Art of building Chimnies, & of altering those already built, which will render Chimnys built & altered according to his plan, intirely certain of drawing Smoke—which art is new and has never been practised in this State, nor to the knowledge of your Petitioner, in any part of the *world*—that the publication of said art would be of great utility to the public not only as it respects the *moral* certainty of Chimnies drawing Smoke when built & altered according to said plan—but also as it respects the vast saving of that very costly article, of fire-wood, which may be made by having Chimnies built upon said plan—because that when Rooms are tight & well finished, the Chimnies will draw smoke as well, or better than in Houses & Rooms open & cold—wherefore Your Petitioner pray Your Honors to take the premises

into consideration, & Grant him his heirs & assigns the Sole & exclusive privilege of building and altering Chimneys according to his plan within this State forever or for such term of time as Your Honors please, or take such order respecting the same as shall appear most proper & Your Petitioner will ever pray

[6-86] [*Capt. Samuel Young's Petition, 1797.*]

To the Hon<sup>ble</sup> Senate and House of Representatives convened at Concord & now setting—

The Petition of Sam<sup>l</sup> Young of Concord in the County of Grafton humbly shews that on or about June 1775 your Petitioner for and at the request of the Inhabitants of Concord and other adjacent Towns, made application to the then new Hampshire Congress for ammunition to defend themselves from the ravages of the enemy that he received a cask of Powder and gave his receipt or note therefor to be paid if it was not wanted for publick use, lead & flints your Petitioner purchased & transported them to said Concord with the Powder and deposited said powder lead & flints in the Custody of Cap<sup>t</sup> Richardson who was to deliver the same to the Soldiers of his Company if it appeared necessary.—

that said ammunition was made use of in alarms—that in the year 1776 soon after the defeat of General Montgomery your Petitioner marched to Canada, that fire arms for part of his Company could not be obtained that on my arrival at S<sup>t</sup> Johns I made application to the Commanding officer of that Garrison for Guns—he Informed your Petitioner there was no spare arms in that garrison, but gave directions to purchase Guns of the Soldiers who had them & were discharg<sup>d</sup> & on their march home your petitioner purch<sup>d</sup> twenty six of s<sup>d</sup> Guns for the use of his Company and gave from eight to twelve dollars apiece

for them—that when your petitioners Comp'y was discharged he agreed with a wagoner to transport said guns from Mount Independence to Charlestown N<sup>o</sup> 4 had made a chest & put them therein on which Gen<sup>l</sup> Gates ordered that they should be deposited in the stores or Magazines for the use of the Army and that your petitioner should receive pay therefor from the state of New Hampshire, your petitioners situation was such that he was obliged to purchase said Guns as he had received marching orders from the commanding officer at S<sup>t</sup> Johns & was obliged to deposit them in the public stores & has not yet been able to git any settlement or pay therefor. \* \* \*

#### LITCHFIELD.

The territory embraced in this town was a portion of the old Dunstable grant, made by the government of Massachusetts Bay, Oct. 16, 1673, O. S. (Oct. 27, 1673, N. S.). Several "farms" had been granted in this vicinity prior to this; one, of territory now in Litchfield, was granted to William Brenton, who was afterward governor of New Jersey, and the locality was known as "Brenton's Farm." At the time of the Dunstable grant, the Naticook Indians occupied the locality now known as Thornton's Ferry, and relinquished their claim to the Dunstable grantees for a small sum of money.

In 1732 all of the Dunstable grant lying east of Merrimack river was incorporated by the government of Massachusetts into a town by the name of Nottingham, which in 1734 was divided, and the north part incorporated by the name of Litchfield. The settlement of the province line in 1741 decided the territory to be in New Hampshire; and in answer to a petition from the inhabitants, the town of Litchfield was incorporated by the governor and council of that province, June 5, 1749,—the town of Nottingham being thereafter designated as Nottingham West until its name was changed to Hudson in 1830.

Settlements were made in the part of Dunstable now in this town about the year 1720, by families from Billerica and Chelmsford.

Hon. Wyseman Claggett, who resided in town during the latter portion of his life, was attorney-general of the province from 1765 to 1769; of the state from 1776 to 1778, and again in 1781; a member of the council in 1776 and in 1781. He died Dec. 4, 1784, at the age of 63.

To the Hon<sup>ble</sup> the Council and Gent<sup>n</sup> of the Hon<sup>ble</sup> House of Representatives in Gen<sup>l</sup> Assembly at Portsmouth Convened 13<sup>th</sup> October 1780

The humble Petition of the several Inhabitants of Litchfield in the County of Hillsborough & State aforesaid, whose names are hereunto set and subscribed.

Sheweth that upon taking up Government the said Litchfield was joined to Nottingham West, for the purpose of chusing a person to represent them in General Assembly, And Altho at the time of such Junction there was a great Majority in favour of said Nottingham as their members greatly exceeded Litchfield, Yet were your Pet<sup>rs</sup> content at that time.

But now so it is, May it please Your Honors that by Act of Gen<sup>l</sup> Assembly, many Families from Londonderry claim, have been added lately to said Nottingham West, so that that Town now consists of upwards of 100 families, and Litchfield of little more than 40, By means of which inequality Your Pet<sup>rs</sup> are always liable to be out numbered and out voted (if the Inhabitants of said Nottingham West shall see fit), and to lose all benefit and privilege of Election.

Your Pet<sup>rs</sup> therefore pray leave to bring in a Bill, whereby to seperate them from said Nottingham West, and that they may be joined in future for the purpose aforesaid to the Neighbouring Town of Derrifield, between which & them there is a good understanding and with whom Your Pet<sup>rs</sup> will stand more upon a Par And that as to the place of Election a Preference may be given to such of the two towns as shall pay most taxes to Government

S<sup>r</sup> I Beg leave to inform you that I am now Seventy three years old and have lived on lands which formerly belonged to

M<sup>r</sup> Thomson now an Inhabitant of Great Britain 33 years said land lying in Litchfield I took a lease of said Thomson of the farm I now live on to pay him the sum of sixty dollars yearly to be paid in money or improvements on the farm which I have Comply<sup>d</sup> with: untill last year when I was about putting Seed into the Ground in the month of April I was informed that the State had taken the farm into their hands and appointed an Agent to rent out the same; Some evil minded person as I suppose offered to give one hundred dollars yearly rent: having done a considerable part of my Spring Labour was Constrained to give that Sum or move off: your Hon<sup>r</sup> and every Gen<sup>l</sup> in the Hon<sup>bl</sup> Committee must be sensible that the Public Tax for the Defence of the present war is very high which with the rent aforesaid and the hire of Labourers amounted to a very great sum I Beg leave to Observe that I have had no notice to move off before very lately when I have prepared for a new Crop I Expected to have had the farm at the rent that I Contracted for last year tho very high yet I would been content but to my great Surprise I have been informed that some person have offered more; the Agent Co<sup>l</sup> Chase being sensible that the rent paid last year with the Tax that will be Called for this year is as much if not more than the farm is worth

He desired me to send to your Hon<sup>m</sup> to know whither I may have the farm at the same Rent that I paid last year I paying the whole Tax for this year; which is not Customary when a Tennant takes a farm by the Shares he pays half of the Tax only; I Beg further that a person or persons may be appointed to settle all Back arriages and to Receipt for the same and to put me in full possession in the name of the State I would further Observe that I have been Oblidged for several years past to purchess the greater part of the wood for my use there being little wood on the farm as I am an old man and willing to give the whole value for the farm Reather than move of at present your Hon<sup>m</sup> Compliance will much Oblidge your Hon<sup>m</sup>

To the Honourable the Council and Gentlemen of the Honourable house of Representatives at Exeter Convened the Twelfth day of February 1783—

The Humble Petition of the Selectmen of Litchfield in the County of Hillsborough & State of New Hampshire whose Names are hereunto Subscribed

Sheweth that the Inhabitants of the said Town have had the Honor of being distinguished, by many General assemblies, for their *Loyalty* and *Zeal* in promoting the Public Welfare, according to their utmost Abilities

That—the premises being granted Your Honors may easily conceive, that your Pet<sup>r</sup> must be under the deepest concern, when they find themselves, and their Constituents, lie under the Imputation of Disloyalty at this day, and the Sherif approaches with an Extent to levy a large sum of money on Your Pet<sup>r</sup> Estates, in their said Capacity, upon a Supposition that one Soldier is wanting in their Quota.

That the Matter arises from the desertion, of one William Raiment, whom the Town procured in 1779, at a very great Expence, to serve them as a Soldier, during the War, whom they saw duly mustered—receive his proportion of provisions shoes, and Stockings at Exeter, and march to Worcester with the rest of the Soldiers—What co<sup>d</sup> they do more ?

But—Your Pet<sup>r</sup> pray leave to refer Your Hon<sup>r</sup> to the Depositions herewith exhibited, In humble confidence, that upon mature deliberation of the premises you will be pleased to resolve, that the Sherif of the County aforesaid, may be Injoined to surcease the said Extent, and that your Hon<sup>r</sup> will resume the Consideration of the premises, and grant such relief therein as to You in your great Wisdom shall seem most meet.

And Your Pet<sup>r</sup> as in Duty bound shall ever pray &c

To the Honorable Legislature of the State of Newhampshire to be convened at Amherst on the first Wednesday of June 1794—

A Petition for a Bridge at Cromwell's Falls

Whereas from experience it is found practicable and of great publick convenience to have Bridges over Merrimack River and as one at Cromwells falls at the lower end of the Town of Lytchfield would greatly facilitate the passing from the westerly part of this State to our Metropolis—Therefore we pray your Honors to make us a grant for that purpose similar to that made to Col<sup>o</sup> M<sup>o</sup>Gregore & others at Amoskeig Falls—And your petitioners as in duty bound will ever pray—

### LITTLETON.

This town embraces the southern portion of a grant made, Nov. 17, 1764, to James Avery and others, by the name of Chiswick, which grant also comprised the present town of Dalton.

The grantees were bought out by Moses Little, merchant, of Newburyport, Moses Little, Jr., of Newbury, both in the province of Massachusetts, Israel Morey, of Orford, N. H., and Alexander Phelps, of Hebron, Conn., who petitioned for a re-grant of the township. The request was favorably considered by Gov. Wentworth, and on the 18th day of January, 1770, the township was re-granted by the name of Apthorp to the foregoing, with George Apthorp, of London, Eng., Nathaniel Carter, Benjamin Harris, and Tristram Dalton, of said Newburyport, and Samuel Adams, of Boston, as associates. Five hundred acres each were reserved for Benning Wentworth, Theodore Atkinson, and Mark Hunking Wentworth, they being grantees under the Chiswick charter. The town bore the name of Apthorp, in honor of George Apthorp, until Nov. 4, 1784, when by an act of the legislature it was divided, the north part incorporated by the name of Dalton, in honor of Tristram Dalton, and the south part by the name of Littleton, in honor of Moses Little, both of whom were large owners in the townships respectively. The first settler was Capt. Nathan Caswell, about the year 1770. The town did not gain in population very fast, and contained but fourteen rateable polls in 1785. Since 1800, however, the increase has been more rapid, and the town is now one of the most enterprising and prosperous in the state.

The Petition of the Inhabitants of Littleton in said state humbly sheweth, that your Petitioners for eighteen years last past, have laid under many and greivous difculties—your Petitioners cannot ascertain the number of acres of Land in said Littleton, neither can we find out the original Proprietors of said Town, so that we can not Tax said land except we have a special act of this Hon<sup>ble</sup> court for that purpose, your Petitioners woo'd further Inform your honors that although we were promised by said Proprietors or owners of land (as they cal'd themselves) to have our land given us for settlement & that the compliment of settlers according to charter shoo'd then soon be

To the Honorable Senate and House of Representitives in General Court convened and now siting this 12<sup>th</sup> day of February 1791—

The petition of the Selectmen of Littleton in said state Humbly shew that an act passed the General Court January 1789—directing the Selectmen of said Town for the time being to assess and cause to be collected all publick Taxes due there from prior to the first day of January 1789 on the lands of the proprietors of said Town in one tax bill in way and manner as

taxes by Law are collected of Non, resident proprietors in other Towns in this state which act your petitioners would have most chearfully complied with had it been in their power but said Littleton together with a Town or part of a Town known by the name of Dalton, was first granted by the name of Chesuwich afterward by the name of Aphthorp then divided into Littleton and Dalton to particular Gentlemen and not in proprietary shares as is usually the custom in other towns in this state—your petitioners would further Suggest that the act for taxing Lands in said Littleton and Dalton for the purpose of making and repairing roads therein is under the aforesaid Imbarisments—

Your petitioners would therefore pray your Honors to pass an act Impowering the Selectmen of said Littleton for the time being to assess and cause to be collected all publick taxes due from said town in one tax bill on the lands therein not confining them to any particular rights but to sell as much of said Lands in one body as will pay said tax with Incidental charges also in the same way and manner to sell as much land as will compeat said road throug said Town as also that they may be Impowered in the same way and manner to sell as much land in Dalton as will complete the road leading through the same and give a reasonable time to levy and collect said Taxes or grant such other relief in the premises as to your Honors may appear reasonable and Just and stay the extents against said Littleton untill a final determination be had and your petitioners as in duty bound shall ever pray—

## LONDONDERRY.

The township was granted, June 21, 1722, by Gov. Samuel Shute to John Moor and one hundred and seventeen others. The grantees were Scotch Presbyterians, who came in 1718 from the north part of Ireland, where their ancestors, emigrants from Scotland, had settled about one hundred years before. By an agreement dated March 26, 1718, Rev. William Boyd was appointed by them as agent to obtain a grant of land from Gov. Shute, and succeeded in obtaining a promise of a grant whenever they decided upon a location.

On receiving this encouragement they came over, landing in Boston Aug. 4, 1718. A portion of them went to Casco Bay, then in the province of Massachusetts, with the intention of settling there; but not being pleased with the country, they returned and located here in April, 1719, O. S. Many of them came from the city of Londonderry, Ireland, and named this town in honor of their old home, which some of them had helped to defend in 1689 against the emissaries of James the Second. They were an industrious and thrifty people, and strongly attached to their religious opinions.

The town was divided into two parishes, by an act approved Feb. 25, 1740, in accordance with a vote of the town passed in 1735.

Feb. 12, 1742, the southern portion of the town was incorporated into a parish by the name of Windham, the first meeting of which was to be called by Robert Dinsmore, Joseph Waugh, and Robert Thompson, on March 8th of that year.

The north-west part of the town was taken off Sept. 3, 1751, and with other territory incorporated into the town of Derryfield.

A portion of the town was annexed to Nottingham West (Hudson), March 6, 1778.

Sept. 26, 1777, sundry persons and their estates were severed from Londonderry and annexed to Windham. Nov. 26, 1778, Samuel Clark and his estate were also annexed to Windham, and the line between these towns was established by an act passed Nov. 22, 1782.

Another portion of this town was annexed to Windham, Dec. 25, 1805.

An act was passed July 2, 1827, dividing the town nearly in the middle, and incorporating the east half by the name of Derry.

People from Londonderry were among the first settlers of the towns of Bedford, Merrimack, Antrim, Acworth, Cherry Valley, N. Y., and other places.

To His Excellency Jonathan Belcher Esq<sup>r</sup> Governour & Command<sup>r</sup> In Chief In and over His Majestys Province of New Hamp<sup>t</sup> the Hon<sup>ble</sup> His Majestys Council, and the House of Representatives in General Court assembled—

The Petition of Sundry the Inhabitants of the Town of London-Derry in the Province of New Hamp<sup>t</sup>—Most humbly shews—

That It hath been the Custom in said Town, ever since they have acted as a Town, at their General Town meetings in March yearly to allow all persons that payed rates in said town

to Vote in chusing town officers until at the town meeting held in said Town on the fifth day of March Instant when the Select men for the last year produced a list of Persons names who the select men said should be voters only.—That notwithstanding a Considerable majority of the persons present proceeded according to the usual method of said Town to Chuse a Moderator, and then to chuse a Town Clerk, selectmen and other town officers, and that the two Justices in said Town refused to swear any of said officers so chosen, and that a minor part of the persons then present in a by-part of the meeting-house made choice of another set of Town officers, which last sett the Justices in said Town have since sworn, which has already occasioned much disorder strife and confusion in said Town, and will We fear tend to the utter ruin and destruction of the peace and good orders of said Town unless something be done by the General Court to redress our Grievances.—

Therefore Your Petitioners most humbly Pray Your Excellency the Hon<sup>ble</sup> the Council and House of Representatives In your Great wisdom to ratify & Confirm what was done at the last meeting in said Town according to the former usage and Customs of said Town, or to Explain that paragraph in the Act for regulating Townships, choice of Town officers and setting forth their power relating to the qualification of Voters in Town meetings, and order that There be another Town meeting in said Town to Chuse Town officers, and your Petitioners as in Duty bound, Shall Ever Pray—

[*Proposals for Peace, 1737.*]

To our Christian friends and Brethren of y<sup>e</sup> old Congregation in London Derry; proposals of peace  
Breth<sup>n</sup>

It is a lamentable Truth, Too evident To be denyd, y<sup>e</sup> the

Scandalous divisions, both in Civils and Ecclesiasticks, which have Too long Subsisted among us, are a stain to our holy profession; that they have a Natural tendency; to provoke God; to procure Judgments and to render us a hissing a reproach and a byword to our Neighbours and that these are aggravated from our circumstances, we being Strangers, which ought to excite us to a stricter amity and unity among our Selves.

but then Seing it is not Complaints & lamentations only, but proper remidys also, that are Necessary to effect an accomodation among us; we therefore out of a Sincere and Disintrested view To peace, do Chearfully & unanimously make y<sup>e</sup> following proposals.

Proposal 1<sup>st</sup> whereas it has been (as we are Inform'd) Suggested or Insinuated, that The design of us who belong to the New Congregation, is To draw away the Strength of y<sup>e</sup> old Parish, and Consequently To build upon its Ruins; we propose that we who are already Incorporated in the new parish, with Those who are at present willing to joyn us, who in all are not one half of y<sup>e</sup> town, will oblige our Selves to maintain the Gospel in Our own Congregation, without demanding any help from our Neighbours in the Other parish; or if this will not Satisfie, we propose that the Salary's of both Ministers be ases'd in common, and equally levyd from y<sup>e</sup> whole town in general.

As to the Ecclesiastick part of our divisions, we wou'd be heartily glad that this also were Accomodated: that which renders a reconciliation in this particular more difficult, is the want of a Synod, To whose Judgment all partys Consonant To presbyterian principles behoof'd to be Subject: but Since we have not this Superior Judicature To have Recource To, in this part of the world: Since appeals to a foreign Church, in Our present Scituation and Circumstances is Impracticable even in the Opinion of Several of y<sup>e</sup> ministers of y<sup>e</sup> own party, whose dissent against Such Appeals, is extant in y<sup>e</sup> minutes of the presbytery; and Since there is a Schism among the Members of presbytery. So that they being partys cannot be admitted as proper Judges, what must be y<sup>e</sup> Consequence, as Things are thus Circumstanced, but that Except Some other methode be found out, Our uncumfortable Debates be protracted time without End: for Remidy wherof we propose.

Proposal 2<sup>d</sup> that a number of ministers, of y<sup>e</sup> Congregational perswasion, Such as you and we can mutually agree upon; Shall be Invited To meet on this affair; and that having heard the whole of what is To be Said Pro and Con by the Respective partys, they Shall then draw up in writing their Result: whether S<sup>d</sup> Result Shall be finally decisive or Not, we leave to be Considered. Note, y<sup>e</sup> S<sup>d</sup> Ministers Shall be Obliged to judge the affair agreeable to presbyterian Rules. We for see no objection

of any Seeming weight that can be made against this last proposal but Such as follows; to which by way of anticipation we Return Some Answer.

Objection 1<sup>st</sup> the persons whom you propose as Judges are of a different perswasion; we Answer by Concession we grant they are So, but the Difference is not So wide, but that Some of y<sup>e</sup> greatest Divines of y<sup>e</sup> presbyterian perswasion, and even of those who have wrote against them, particularly the judicious M<sup>r</sup> Rutheroord, has Adress'd them with the friendly Epithet of D<sup>r</sup> Brethren; for our part we firmly believe, that NotwithStanding the Difference in principle, there are To be found among them, Many men, of Learning, Goodness, Candor, Impartiality, and Every qualification, which may Render them very fit Judges in this affair.

Object<sup>n</sup> 2<sup>d</sup> this proposal if Complied with, wou'd cast a Reflection on the Presbyterian Government, as if it were not Sufficient to answer all the Ends of Govern<sup>t</sup>, without being beholden To another perswasion: we Answer y<sup>e</sup> objection has no weight in it; for 1<sup>st</sup> let it be Considered that presbyterian Govern<sup>t</sup> Consists in a Subordination of Judicatures, The Inferior To the Superior; Now if we had a Synod To apply too and yet this Remedy were Necessary, it wou'd then Argue a Defect in the Constetution; but otherwise the Objection is of No weight. 2<sup>d</sup> let it be Considered, that the judges we propose, tho of another perswasion, are bound to judge by Presbyterian Rules: the Salutary Medicin is Still the Same, though the Application be made by Other hands.

we are far from being So preptory or wedded to Our own proposols, as to Say that these and these only are the terms on which we will be at peace; but these Are what we look on as Reasonable and Christian; and if you think them Not Such, we wou'd be glad to hear Some from you that are more So.

In the Conclusion we beseech you Brethren, Seriously To Consider that 'tis your as well as Our Duty if it be possible, as much as lies in you, To live peacably with all men. to Seek peace, and pursue it. to lay Down your Gift at the Alter, and go be Reconcil'd with your Brother: and that Except we Do so Our Religion is Vain, that tho we had all faith to y<sup>e</sup> Removing of mountains and have Not Charity, we are as A Sounding Brass and tinkling Cymbal. and that he who Says he loves God and hates his Brother is a lyar: let the Serious Concideration of these Awful and weighty truths, leave Such a deep Impression on us, that we may be willing for peace, on the most Reasonable terms; and let us look on All Such as wou'd diswade us from hearkning to Reasonable proposols of accomodation, to be publick Nusances, the Bane of Civil Society, y<sup>e</sup> obstruckers of Brotherly love, and the Active Instruments of Satan, and as

Such let us Avoid them with detestation. we are your friends  
and Brethren in Christ.

To His Excellency Benning Wentworth Esq. Captain, General, Governor, & Commander, in Chief, in & Over his Majesty's, Province of New-Hampshire, The Honourable his Majesty's Council, & House of Representatives, in General, Assembly, Convened.

The Humble Petition, of the Subscribers Inhabitants of Londonderry & Province aforeSaid, Humbly Sheweth, That the Number, of Taverns, are so Multiplied, in Londonderry Afore-said, they are become a Snare to the Youth, & of Evil Tendency, to every Age of Injudicious persons, & if they are All Continued (or which is worse Increased) we fear they will More & More Debase, & Debauch, the Manners & Morals of All such persons as Abovesaid.

Therefore Your Petitioners Humbly pray, that for the future there may be but four Taverns, & Retailers, Allowed in Londonderry, aforeSaid. & the Inn-holders, to be Chosen by A majority, of Votes at the Annual Meeting, & so Annually Untill the Circumstances, of the Town Requires a greater, Number, & them that are pro Tempore, to be under such Regulations, in Respect to Travellers, Towns-Men Sabbath-Days, &

[6-128] [*An Address to the Governor, 1773.*]

To his Excellency John Wentworth Esq<sup>r</sup> Cap<sup>t</sup> Gen<sup>l</sup> and Gov<sup>r</sup> in chief in and over his Majestys Province of New Hampshire—

The inhabitants of the town of Londonderry, beg leave to approach your Excell<sup>y</sup> and to express their sentiments of gratitude, and affection, to your Excellency's person, and administration.—

We esteem it a peculiar mark of the favor of his gracious Majesty, that he has appointed to the supream command here, a Gentleman whose birth, and education, have been in the province, over which he presides. From these circumstances, and your Excell<sup>ty</sup>'s known character, we early conceived, the most sanguine hopes, from your administration. Nor have we been disappointed. The unabated attention you have given to the intrests of the Province, has not only been felt by the people of your charge; but has been observed (we had almost said envied) by our neighbours who are without the line of your jurisdiction.

The cultivation of land within the government, and the extension of settlem<sup>t</sup> even to regions that were scarce known when your Excell<sup>y</sup> came to the chair, must be attributed in a great measure, to your care, and the benignity of your Government, But it has not been in this view alone that you have been the Patron of this people. To extend settlements, or to cultivate lands, while the people that settle and cultivate, are without the means of knowledge, might be rather injurious than beneficial. But these have not escaped your Excellenc<sup>ty</sup>'s attention. The institution of a College in the wilderness, and the

liberal encouragement it has received from your hand is an abundant evidence of this attention.—

We cannot help mentioning as a peculiar happiness, of the people under your Excell<sup>y</sup> charge, that your ears have been always open to their voice.—The easie access they have gain'd; and the polite reception they have Met with; from you has afforded them the means of communicating and your Excell<sup>y</sup> of receiving all necessary information of their wishes, and of their wants.—

We have been excited to make this address to your Excel<sup>y</sup> as a testimonial of our sense of your benign Administration; and as an evidence of our opinion of any suggestions, that may have been made to the prejudice of your Excellency in these respects. And to assure you of our loyalty to the King and our affection to your Person—

That your Excell<sup>y</sup> may live long; and long continue the happy Instrum<sup>t</sup> in the hands of Providence, of much good to this people, is our ardent wish and prayer

Londonderry April 29 A. D 1773—

The Above Address was Read in a town-Meeting Legally Called for that purpose and it was Unanimously Voted that it should be presented to His Excellency John Wentworth Esq.

[In H. of Rep., March 5, 1778, the committee on sick and wounded soldiers reported "that said Barnett was seized with a Fever and Scorbutic Disorders at Ticonderoga;" that "he sustains the Character of an able & brave officer." Said committee recommended that he be employed in some suitable service, and he was, on the first day of June, 1779, mustered into the regiment of invalids as lieutenant, as may be seen in R. 2-224, and the following :—ED.]

[6-138] [*Petition for the Release of Stephen Holland, 1777.*]

To the Hon<sup>ble</sup> the Committee of Safety for the State of New Hampshire—

Humbly Shew

The Subscribers Inhabitants and Freeholders in Londonderry—

That the distressed situation of our neighbour Col<sup>o</sup> Stephen Holland, a Person naturally of a Slender Constitution, now greatly impaired, by his long Confinement (in a loathesome Goal, replete with the noxious fumes of an infectious Vault) under which we conceive, nothing but conscious innocence, & the Expectation of an Honourable delivery by the impartial Verdict of his Country could have supported him, induces us to interest ourselves in his behalf—

That, as the Superiour Court of Judicature, at which he expected to have his Trial next week, is, as we learn, to be adjourned to the twenty first Day of October next, we apprehend

that before that time, unless he is speedily relieved by an Alteration of Diet, fresh Air & Exercise, his Strength already almost exhausted, will totally fail him, & the State by his dissolution be prevented of that Enquiry into his Conduct which Justice to it & him demands—

That as the inflicting Punishment upon any Person, for a Supposed offence, is incompatible with Justice, & the Principles of a free Government, so we conceive it is far from your honours intention with Regard to him; but would humbly submit to your Candid Consideration, whether such a tedious Confinement as he has undergone is not of itself a punishment; especially, if, in this State, no person, supposed guilty of the Offence, he is accused of, was ever deemed not bailable—

Wherefore we Humbly pray your Honours in your great Humanity, to commiserate his Condition, and admit him to Bail, upon such Security as in your wisdom, you shall Judge adequate—And as in duty bound Shall ever pray & C

[Col. Stephen Holland was a prominent man in town prior to the Revolution; was a member of the provincial assembly from 1771 to 1775, being succeeded by Matthew Thornton in April of that year. Having been suspected and charged with being unfriendly to the American cause, he appeared at a town-meeting in Londonderry April 29th, and made a public declaration to the contrary. [6-141] [*Petition of Certain Persons to be annexed to Nottingham West, 1778.*]

To the Honourable the Council and assembly of the State of New Hampshire convened on the Eleventh day of Feb<sup>r</sup> Ins<sup>d</sup> at Exeter, within & for said State

The petition of us the subscribers being Inhabitants of the southwesterly part of Londonderry, Humbly shews, that we your petitioners live very remote from that part of Londonderry where all Bussiness of a public nature is transacted, nor is it but very seldom we can hear of the public Meetings of the said Town, And should we hear of such Meetings the distance is so far that but very few of us could Attend at all, & those who do, must do it at a Considerable Expence having Eight or Ten Miles to Travel for that purpose

That it very often happens, that when any Material Business is to be transacted, meetings are held, without our Knowledge, by which we loose the privileges enjoyed by Others. And as our Situation is much Nearer to the middle of Nottingham West it would be greatly for our Interest to be Annexed to that town, which we think will not prejudice Londonderry, as we pay no part towards supporting the Gospel in that town, but do it to the town of Nottingham West where we have helped to build a Meeting House and settle A Minister, and the Chief of Other Town Charges will diminish in proportion to the deduction made in Consequence hereof.

Your petitioners therefore most humbly pray that your Honours, will take the premises into consideration and give us leave to bring in a bill to Annex the south westerly part of Londonderry as described by a map of the same to be shewn the day of hearing, to the town of Nottingham West, agreeable to a Vote of the said town of Nottingham for that purpose,

or otherwise as your Honours in your Wisdom shall see meet.

[6-146] [*Relative to the Line between this Town and Windham, 1782.*]

To the Honorable the Council, and House of Representatives of the State of New-Hampshire in general Assembly convened at Concord, the 10<sup>th</sup> Sept<sup>r</sup> 1782, the petition of the selectmen of Londonderry humbly sheweth, that,

Whereas, by an act of the general Court of the Province of New-Hampshire, passed the 12<sup>th</sup> February 1741-2, a certain district was laid off the south side of Londonderry, and incorporated into a town, by the name of Windham, limited by certain metes and boundaries (viz) beginning at the house of John Hopkins, and thence running eastward and westward, as appears from a copy of the act; it was generally supposed by the inhabitants living near the line, that the easterly line would strike a certain internal angle of said Londonderry, as seems to have been the intention of said act; but, contrary to expectation when, about four years ago, the said easterly line was run, it was found to leave the said angle a little to the southward, by which means a strip of land, one mile and three quarters long, and but about fifty five rods wide, is included in said Windham, as appears from the plan herewith presented; and some of the owners of land in said strip are taxed in Windham for the same, which has always been considered and taxed as belonging to Londonderry, which is looked upon by us as a great grievance: we, therefore, your petitioners in behalf of the town and the aggrieved, humbly pray your Honors that the said easterly line should be continued no further than till it comes opposite to the said angle, or that it should run directly from the said John Hopkins's house to the said angle—

The Humble Petition of the several persons Inhabitants

That the People in General are Greatly Alarmed as beleiving sho<sup>d</sup> that Lady return she will be the Channel of Intelligence and correspondence between our Enemies at New York and those here amongst us, And your Petitioners dread the Consequence

[6-176] [*Letter,—Col. Reid to the President of the State, 1787.*]

Londonderry March 17<sup>th</sup> 1787—

Sir—

The time is near at hand when we did expect your Excellency in this quarter in Order to make a General review of the Troops under your command—I should be exceeding happy in seeing you here on that Occasion, but Coll. Reynolds has intimated to me his sincere wish, that the review of his regiment might be postponed untill next fall; I believe his reasons are something weighty, to my knowledge three of the companies in this Town are in the utmost confusion & disorder, occasioned by the late unhappy disturbance, I beleive he is using his greatest exertions to have matters arranged and put in the best order possible, himself will give your Excellency his reasons for this request more fully—

I have the honor to be

Your Excellencys most

[6-178] [*Petition of Congregationalists for an Incorporation, 1796.*]

To the Honorable Senate and House of Representatives in General Court convened at Exeter in and for the State of New Hampshire June 6<sup>th</sup> 1796

Humbly sheweth

That whereas the Town of Londonderry is large in its extents, and numerous in its Inhabitants, and but Two Societies established for religious worship, both of which are of the Presbyterian denomination, and that a very considerable part of the Inhabitants of said Town have been Educated under, and are in Sentiment with the Congregational denomination, and by reason of many scruples of Conscience, cannot freely subscribe to the Creed of either of the societies aforesaid, And that another very considerable number of said Town, altho Educated under the Presbyterian government, have been unused to the rigid & Arbitrary mode of Government, adopted by the present Presbytery of Londonderry, and that the government of said society, under the present mode of Administration, is so rigid, and arbitrary, as gives much occasion for complaints to those who have submitted thereto. Your petitioners therefore Inhabitants of Londonderry, being desirous of forming themselves into a Congregational society and of worshiping God in a social manner according to the dictates of their own Consciences, and when of sufficient ability, to settle, and in a corporate capacity to contract with a minister of the Congregational denomination, Humbly pray, that they with such other persons as may hereafter join them in said Town, may be incorporated into a poll Parish, and vested with such powers, rights, and priviledges, as other Parishes enjoy, And your petitioners as in duty bound shall ever pray—

## L Y M A N .

This township was granted November 10, 1761, to Daniel Lyman and sixty-three others. Eleven of the grantees bore the name of Lyman, which accounts for the name of the town.

The conditions of the grant not being fulfilled, an exten-

sion was granted July 20, 1769, in answer to a petition from Abraham Thompson, of Connecticut, agent for, the original grantees.

But few settlements were made in town prior to the Revolutionary war, there being but ten ratable polls in 1777.

By an act approved July 13, 1854, all that portion of the town lying west of Gardner's mountain was severed from Lyman, and incorporated into a town by the name of Monroe.

Gold, copper, and lead have been found in this town, and mined to some extent.

[6-194] [*Petition for an Extension of the Charter.*]

To His Excellency John Wentworth Esq<sup>r</sup> Captain General Governor & Commander in Chief in & over his Majestys Province of New Hampshire in Council—

The petition of Abraham Thompson of New Haven in the Colony of Connecticut, Agent & Trustee for the original grantees of the Township of Lyman in the said Province of New Hampshire, Humbly sheweth—that your petitioner & his constituents obtained of the Late Governor of said Province, a Charter for the said Township of Lyman, and have proceeded to survey & allot the same and have also made some Settlements thereon but your petitioners have been greatly impeded in their progress by the unexpected Divisional Line, making Connecticut River the Boundary between the province of New York & New Hampshire, as your petitioners were Proprietors in several Towns on the western Side of said river on which they had made great Improvements, that this sudden & unexpected Determination threw them into great consternation, and they have been greatly harrassed by the Governor of New York, which with other expensive Discouragements, they have been unable to bring forward the Settlement of said Township so soon as they expected, but are determined to make a progress therein on the Ensueing Spring—Wherefore your Petitioner in behalf of himself & his Constituents the other Grantees of said Township of Lyman, humbly pray that Your Excellency & the Hon<sup>ble</sup> Council would be pleased to renew their Charter for said Township of Lyman or lengthen out the Time for settling the same, assuring y<sup>r</sup> Excell<sup>y</sup> & Honours, that we shall not fail to comply with the same, and further we pray to be relieved on the Premises as Y<sup>r</sup> Excellency & Hon<sup>rs</sup> in your Wisdom,

shall think may most conduce to Answer the Prayer of their Petition, and Your Petitioners as in Duty bound shall ever pray—

To the Hon<sup>l</sup> Gen<sup>l</sup> Court of said State to be Conven'd at Portsmouth on the first Wednesday of February next by adjournment—

The Petition of the Town of Lyman Humbly sheweth—

That at the commencement of the Late war with Great Britain—Notwithstanding the many Imbarrisments we then laboured under, by Reason of being Expos'd to our Enemy &<sup>e</sup>

A number of the Inhabitants of said Town Inlisted and went into the service for short Campaigns That a number of said Inhabitants did Inlist into said service for three Years and Dureing the war—that in the year of our Lord 1781 your petitioners Received the Apportionment of this States Quota of Soldiers in said service (and Notwithstanding we conceiv'd we were Doom'd much to high) found we had abundantly more

than our proportion in service—and proceeded to make return thereof to the Secrety—conceiving that we were not call<sup>d</sup> on to send the Number as affixed to us if we had already said number in the service of the war—

That notwithstanding (and to our Great surprise) we are Inform'd that there are now an Extent out against us for want of our proportion of Soldiers in said service when we in fact suppos'd that we had done as much more than our proportion, as to free us at least from paying any Tax during the war,—

That in addition to our many Distresses—in the Year 1776 Every family and person in Town Had to moove out of the Town and kept Garrison untill they found they might as well be Kill<sup>d</sup> by the Enemy as Die by famine, then mooved to Town again where they have ever since continued—and endeavoured by every possible means in Honesty to acquire a living—

That if your Honours see fit to grant us some Relief according as the Nature of our case Requires it will prevent our leaving Town—as all the personal property in said Town is Not sufficient to pay the Demand that the State has against us—

Lyman Jan<sup>r</sup> 19<sup>th</sup> 1786

At a meeting of the Inhabitants of said Town

Voted that Captain Nathan Hodges—be appointed an agent to repair to the General Court at their next Session and the foregoing petition is voted to be laid before said Court and request the agen<sup>r</sup> of our Representative touching said petition—and Doubt not but Every attention will be paid thereto that the Nature of our case Requires,—and your Petitioners will Ever pray &<sup>c</sup>

The Petition of John Penhallow Samuel Cutts & John Wendell Esq<sup>r</sup> in behalf of themselves and Others Non Resident Prop<sup>r</sup> of the Township of Lyman in the County of Grafton unto your Honours humbly shews—

That this Hon<sup>le</sup> Court at their Sessions in Feb<sup>r</sup> last were pleased to remitt to the Inhabitants of said Township all their Taxes for a certain Number of Years by aspecial Resolve for that purpose—Which Resolve the said Selectmen considered as a total Exemption of their real & personal property towards said Taxes in Consideration of Services done by y<sup>e</sup> said Inhabitants of which they made no Charge to Government and as they knew not how to make their proportionable Abatement they have laid the whole Taxes on the Non resident Lands w<sup>ch</sup> is considered by them unjust and illegal—

## L Y M E .

This township was granted July 8, 1761, to John Thompson and others. Settlements were commenced in the spring of 1764 by William and John Sloan and Walter Fairfield. These men came from Connecticut, and named the town from Lyme in that state.

Twenty-one families were residing in the town in 1770, which, however, was not enough to comply with the conditions of the grant; which was in reality forfeited in 1769 in consequence thereof, but was extended on the 21st day of February, 1770, by the governor and council.

Documents relative to the settlement of town lines, 1780, may be found in Vol. XI, p. 723.

The name of the town is written "Lime" in the charter, and that erroneous orthography was perpetuated for some years, but has been spelled Lyme for the last fifty or more years.

That your Memorialist is informed that Sundry Persons is about to Petition your Excellency and Honors for a Grant of the said Township, supposing the same intirely reverted to his Majesty for the Nonperformance of the Conditions in the present Charter Stipulated—Your Memorialist begs leave to inform your Excellency & Honors, that there are now Setled, and settling Fifteen Families, that have made Considerable Cultivations on their respective shares in said Township, and many have been resident thereon Sundry Years, and have built thereon—under these Circumstances if your Excellency should grant the said Township to other proprietors without having regard to the present Setlers, it might prove ruinous to them respectively. Wherefore he humbly Prays your Excellency and Honors that such a Grant may not be made, without some Notice given to the Tenants that they may have an Opportunity

The township was first granted by the government of Massachusetts to Capt. Samuel King and others who were in the Canada expedition in 1690. Some of the grantees being inhabitants of Salem, Mass., the township was called Salem-Canada, until it was re-granted by the Masonian proprietors, Dec. 5, 1753, to Benjamin Lynde, of Salem, Mass., and thirty others, and named Lynde Borough. (See Vol. IX, p. 536.) It was incorporated as a town April 23, 1764. Settlements were made in 1750. June 15, 1791, a portion was taken from the westerly part of the town, joined with some other tracts, and incorporated into the town of Greenfield.

The town lost another portion of territory June 11, 1796, the same being annexed to Temple.

Jan. 5, 1853, the north-easterly portion of the town was set off and annexed to Mont Vernon.

June 27, 1873, some territory was taken from the south-easterly side of the town and annexed to Milford.

Salem 12 Sept<sup>r</sup> 1779—

Hon<sup>ble</sup> Sir

Hearing you are President of the Council in your State, I take the Freedom, from our past Acquaintance & your general good Character; to Write you, and Petition to your Court, for taking off a Part of Lyndbor<sup>e</sup> Called Beavins Corner, & annexing it with other Lands, into a new Parrish.

There are Certain Facts, that in all Justice & reason must greatly Influence in such Affairs:—about 12 or 14 years agoe, when the Inhabitants Proposed a second Meetinghouse, the first being never finish'd, a Place was agreed on near to the then Inhabitants, but as those who were at Beavins Corner Tho't it hard as they were some of the first Setlers to have it Carryed furth from them, It was at last Determin'd only to move it a litle nearer, tho in the Same Lott, to Favour the Inhabitants in that part—and Placed it puerly to oblige them—tho far from the Midle & against the minds of the Majority of the Proprietors, whose Interest lead to Place it further Northwest, as the Town by Charter was enlarged West & N West,—so that an Alteration now, would be Attended with great Detriment & an Heavy Charge—

I am Apt to think, Hon<sup>d</sup> Sir, Your own Observation, I am Sure mine does, Shows That the multiplying Parishes naturally tends to Impoverish the Clergy; breaks the Union of Society's, and when the times are so Difficult, will Disolve all but the richest Parishes—

Such are the Heavy Taxes now, That one had as good Give away poor Lands as pay the Taxes—especially with you, who allow no right of Redemption, as is practised in other States— This will Encourage all Tresspassors who for less than a Shill<sup>s</sup>, can purchase an acre of Land

I ask the Favor of your Showing this to Hon<sup>ll</sup> Jacob Abbot Esq<sup>r</sup>, of your Board—& if the Facts are such as in Justice must Stop the Proceeding, I Trust he will Join in it—

I am S<sup>r</sup> with great Respects to Your Selfe & M<sup>rs</sup> Weare—

Your Hon<sup>rs</sup> Most Obed<sup>t</sup> Serv<sup>t</sup>

The Petition of the Select men and other Freeholders and Inhabitants of the Town of Lyndborough humbly Sheweth Whereas we Suppose there will be a petition prefer<sup>d</sup> to this Honorable Court by a Number of the Inhabitants of the North

west part of the Town of Lyndeborough praying that they may be Sett off from Said Lyndeborough as a Town by them Selves we your Petitioners pray their Petition may not be granted for the following Reasons (viz)

Reason first the Town being Laid out in Such a form, Should Such a piece of the Town be taken off as is Requested by the Said Northwest part of this Town it will leave the Remainder of Said town in Such a form that it Cannot be Supposed that it will long Exist as a Town—

2<sup>d</sup> Should they be Contented to Continue in Such an Illconvenient form there is so much mountainous Land that will not admit of Settlement it will make it Very burthensom for us to Support the Gospel which we have Regularly Settled with us—

State of New Hampshire

To the Honourable the Sennate and House of Representatives  
In General Court assembled 1784

The Town of Lyndeborough humbly Sheweth Agreeable to an Order of the Honourable the Sennate and House of Representatives to us directed upon a petition of a Number of the Inhabitance of the westerly part of this Town and others praying they may be Set off as a Town by them Selves—

The Town of Lyndborough at a Legol Meeting have taken Said petition under their Consideration and beg leave to offer Some Reasons why the prayer of Said petitioners Should not be granted—

As to the Town of Lyndborough being Very Larg as is Set forth in Said petition we would Inform the Hon<sup>l</sup> Court that it was at first Laid out but Six miles Square Except a little Corner that New Boston took off on the North East Corner, after wards there was a large piece of the Town taken off from the South part of Said Town and Added to Wilton, by Joseph Blanchard Esq<sup>r</sup> who was agent for the Masonian proprietors, which was a great dammage to this Town. for the piece that was added to this Town. on the north part of it, in Lieu of it, we Cannot Expect to hold to this Town when they Request to be Set off to Frances-town, it being but about a mile from Said Frances-town Meeting House—

the South East part of this Town by Reason of their distance from the Meeting House petitioned the General Court in the Year 1779 to be taken off from this Town and together with Duxbery School Farm and part of Amharst to be Incorporated a distinct Town by them Selves. but the Hono<sup>l</sup> Court Viewing the plan of this Town and Considering its Circumstances Resolved that the Request of Said petitioners ought not to be granted—

As to the present petition before the Honourable Court their Request appears to us So Extravigant and unreasonable that it is a Matter of wonder to us that Men So Zealous for the publick worship as the petitioners Express them Selves, Should So fail in the Second branch of Duty (viz) Love to their Neighbour, for it appears to us that their petition Cannot be granted without the Distruction and aniolation of the Town as your Hon-

ours may See by the plan of that part of that Town that will be left, for not only the unpresidented form it will ly in, but the large quantity of Land that lays Easterly of the Meeting House that never will admit of Settlement, will have a tendency to break up the Town, and farthermore the Southeasterly part of the Town have almost as far to travil to the Meeting House as a great part of the petitioners now have, likewise the North Easterly part of the Town in which Corner of the Town and East of the line the petitioners have drew a Crost the Town, and behind the Said Mountain, there is about thirty families that have to go over Said Mountain to Meeting where it is much More Steeper and Rougher than where the petitioners Cross it, likewise your Honnours will See by the Plan what a Cituation the Southwest Corner will be left in.—

Upon the whole we think needless to trouble your Honours with any thing that is lengthy in this way, the true State of the Matter will we trust appear So plain by the plans Exhibeted to your Honnours and what may be Said on the Subiect on the Day of hearing, that we humbly Refer the Matter to your wise Consideration and Paternal Care of us trusting that the Matter will be Settled agreeable to Justice and Equity—

permit us farther to add that we could wish to Accommodate the owners and few Inhabitants of the Said Slip of Land agreeable to their plan and make that the Center of a fine Town bounded out as they please Could it be done without So great Expençe as the Ruin of this Town, likewise we think and take it to be the minds of the Town and that they are heartily willing to allow to their Breatheren the petitioners that belong to this Town a full Equality of priviledge as to the place of Meeting by Moving the Meeting House, to the Center, or Some other way that may be thought Best. but we Cannot be Recon- siled to the thought of haveing the Town torn to pieces accord- ing to the Request of the petitioners, there fore it is the prayer of this Town that the prayer of the petitioners may not be granted, for which the Town of Lyndborough who as in Duty bound will Ever pray

[6-225] [*Another Statement of the Situation, 1784.*]

State of New Hamshire

To the Hon<sup>l</sup> the Senate and House of Representatives In General Court Assembled—

Humbly sheweth the Petition of Us the Subscribers being partly Inhabitants of the westerly part of Lyndeborough and partly proprietors and Inhabitants of Lyndeborough Strip so Called and owners of Land on the East of Peterborough—

Whereas the Town of Lyndeborough is large in its Circumference and lyeth in such form and Situation as renders it Exceeding difficult for the Inhabitants to meet together for the purpose of Public & Social worship: and on all other Occasions, the Distance from the abode of your petitioners to the meeting House in said Town is very great: But that is not all, the Land in that part is very mountainous and Rough—there is a hill Called Lyndeborough Mountain lying Southwardly & Northwardly Cross the Town—Several Miles in Length by reason of which the Communication of the East & West parts are rendered exceeding difficult—there not being but one place that is passable over said mountain for about four miles—and the rise and fall on each side is very long and Steep—and there is as much as fifty Seven families on the West Side of said mountain in said Town and on Said Strip, who have no way to get to Meeting only in that one place or way (excepting a few): and we think we can Safely say the greatest part of said families are as much as five Miles from the Meeting House and a Considerable Number are more than Six and some more than Seven miles distant and many more will be as much as Seven when the unimproved Lands are Settled which we have reason to think would soon be, could that place be accommodated as Towns in General are—But the present situation of that part of

said Town is such that it discourages the Settlement thereof: and those who are already settled there are almost worn out with their difficulties in getting to meeting and Attending other public and Necessary Business,—Ever since they been there they have always lived in hope that they should be better accommodated when they should increase to such a Number as to be Able to support a Gospel Minister they suppose they have the greatest reason to expect it Considering the situation of the Town, and they always Understood that it was the Opinion of every one that was well acquainted therewith that a Division would take place—: It is but a small part of Holy Time Your petitioners can Attend public worship, and our women and Children many of them are almost Strangers in the meeting House, we hope we can truly say not altogether for want of love to the Divine Ordinances, But are obliged to Neglect Public worship from their inability to Attend thro the Difficulties above mentioned—We do not wish to Injure the Town of Lyndebourough, it is not for any decension in principles or manners that we would separate from them, we have hitherto lived in peace & harmony as a Town: and we wish ever to Cultivate and Maintain such a Temper of Mind toward each other—But we cannot in our Situation enjoy these Rights and priviledges which we think belong to a Christian people—and we are fully perswaded in our own minds and Consciences that Considering our Circumstances which we beleive are almost if not quite unparalleled in the whole state, a Separation would be far more beneficial to us and to our posterity than the disadvantage can be to the other part of the Town—and your Petitioners are of humble Opinion, that on the Westerly Side of said mountain in said Lyndborough and said Strip of Land together with one Mile Square of the Society land (or what is called the undivided Land) with the east Range of Lots in Peterborough (that is) four Miles from the North line—all which is Contained in a Plan herewith prefered to your Honors—your Petitioners are of Opinion would be sufficient for a small Town, and as the Town of Peterborough is very large we understand not less than Six Miles Square, your Petitioners think it would not be prejudicial to that Town if said east Range of Lots Should be Set off to Accomodate your Petitioners and those who may hereafter improve and dwell on said Lots—

Wherefore Your Petitioners Humbly pray Your Honors to take their Case with all the Difficulties attending it, into Your Consideration and Paternal Care, and if in your wisdom and Judgment you should find it Consistant with Justice and Equity to accommodate them by makeing them a Distinct Town, (which we are in full Confidence your Hon<sup>rs</sup> will Do) Then the prayer of your petitioners is that your Honors Will Incor-

porate into a Town & Body Politic all those who Dwell within the Limets and bounds with the Lands agreeably to the Plan herewith Committed—Granting to them all the Rights Previdges & Emunities Equal to Other Towns In said State—for which your petitioners as in Duty bound will ever pray—

If the Representation of our Affair herein Given should not be satisfactory to the Honourable Court; we would humbly Ask the feavour that a Committe might be Appointed by the Hon<sup>l</sup> Court to Come and View our Situation and make Repourt thereof and we the Subscribers will pay the Charge thereof if the Hon<sup>l</sup> Court Sees fit we should

We the Subscribers being a commette chosen by the Petitioners of the North westerly part of the Town of Lyndeborough to meet a commette Chosen by the Town of Lyndeborough to see if the too Commettes in behalf of the parties could come into any method of agreement for the preasant agreeable to the advice of Hon<sup>l</sup> Commettee from the General Court concerning A petition witch now lies in the General Court the prayer of witch petition is that the s<sup>d</sup> North west part together with the strip &c be incorporated into a town We the Comette do say in Behalf of the petitioners that we are willing to Remain together with the Town for the Term of three years from the 7 day of Next September 1785 Provided we draw four fifths of what money we pay toward our Revn<sup>d</sup> Ministers Sallery in money or preaching By a Vote of the

[6-230] [*Remonstrance to a Division of the Town.*]

To the Honorable the Council & House of Representatives of the State of New Hampshire in General Court Assembled—

The petition of the Inhabitants of the town of Lyndeborough by their Committe—Humbly sheweth—

That Whereas the town has been served with a Copy of a petition of a number of the Inhabitants of this Town Requesting that they with a particular part of the town of Lyndeborough therein Mentioned May be set of & Incorporated with Duxbury School Farm Mileslip with a part of Amherst into a Town &c &c And Calling upon the town of Lyndeborough to Appear & shew Reasons If any they have why the prayer of said petition should not be Granted At their Next sessions on the second Thursday Whereupon the town being Legally Assembled Voted & Choose a Committe to Appear & Assign Reasons Accordingly—

We therefore the Committe beg leave in the Name & behalf of the Town Humbly to Represent the following Reasons why the prayer of s<sup>d</sup> petition should not be Granted & that part of Lyndeborough therein Mentioned set<sup>r</sup> of & Annexed to Duxbury School farm &c.

That in the year 1765 When the Town was Small but few Inhabitants About 40 families in all when we Attempted to build a Meeting house & settle the Gospel among us—Frequently when Town Meetings were Called & we attempted to Agree upon a Particular Spot of Ground for the Meeting house

to Stand upon—They Voted Against Our proceedings & threw in Protests offering the Following Reasons—Viz That the place Voted is not Commodious for building a Meeting upon—And that they were not able to Support a Minister—And in 1766 after the Meeting house Spot Was fixed upon for their Accommodation they Cordially Agreed with the other Inhabitants to proceed in building a Meeting house & settling the Gospel in Town—And Accordingly the town did Unanimously proceed in 1768 to build a Meeting house on s<sup>d</sup> Spot to Accommodate s<sup>d</sup> petitioners in particular & to settle the Gospel in s<sup>d</sup> Town which was done with Great Uninimity & which still Continues—And as s<sup>d</sup> Meeting house stands at a Great distance from the Center of the Town Not More than two Miles from the East line Measuring from the Meeting house And at least five miles from the west line of s<sup>d</sup> town—And the Meeting house has been handsomely & Decently finished at the no Small Cost & charge of the Town, And as the Town is settling fast in the North North west, West, & South, west part some of the Inhabitants have now the Travil of 4, 5, 6 & 7 Miles as their Roads Run to Attend Publick Worship; And If s<sup>d</sup> part of Lyndeborough Sh<sup>d</sup> be set of such Inhabitants from s<sup>d</sup> parts of the Town will Immediately Call for a Remove of the Meeting house or to be set off by themselves into Seperate Parishes to the Destruction of the Town Whereas the Cost & Charge of Building & furnishing the Meeting house & settling the Gospel is hardly Got Over by the Inhabitants in General as they are Now Compact together—Altho there has been the Greatest harmony & Concord thro' the Whole Charge Moreover that from the North East of the Meeting house to the East line of the Town the Land is poor & not Capable of making Settlements & in all Probability will Never be Improved And as from this Circumstance It will fully Appear that the Meeting house was settled in its Present Place to Accommodate s<sup>d</sup> Petitioners Your Hon<sup>rs</sup> will Easily See the Unreasonableness of their being set off from the Town—

Again that in the Northwest part of the Town there is a Large Range of Mountains About two Miles from the Meeting house And a Great Number of Inhabitants Now settled on the West & North west part of the Town beyond those Mountains And in all probability the whole Tract will be settled in the Course of a few Years, when it is Likely they will be set off by Themselves—And If the Prayer of the Aforesaid Petitioners Sh<sup>d</sup> be Granted & the Land therein Mentioned be set off And in Process of Time the west Part of the Town likewise It will leave a Poor Parish indeed such an One as Cannot by any means Support the Gospel & Other Necessary Charges

We therefore Submit these Considerations to Your Hon<sup>rs</sup>

Wisdom to Do therein as to Justice Shall Appertain And as in  
Duty Bound Shall Ever pray

[6-226] [*Relative to Military Affairs, 1785.*]

To the Hon<sup>ble</sup> General Court of the State of New-Hampshire

The Petition of the subscribers, Inhabitants of the Town of New-Ipswich, Peterborough Temple, Lyndeborough, Wilton, Mason, Peterboro'-Slip, Hancock & Society-land in behalf of our-selves and the Towns we belong to

Humbly sheweth

That by a vote of the General Court, passed the last sessions the Inhabitants of the Towns above mentioned were constituted the 23<sup>d</sup> Regiment of Militia: and that the Towns of Rindge, Jaffrey, Dublin, Packersfield, Marlborough and Fitz william were constituted the 12<sup>th</sup> Regiment, retaining the Number which they had, when connected with the greater part of the Towns

first mentioned; which we conceive to be injurious, inverting the order which ought to have taken place in their numbers. And presuming that the General Court were not rightly informed, as to the circumstances of those two Regiments, beg leave to lay before your Honours some facts, in order to procure an alteration in their numbers, which we think ought to take place for the following reasons:—The nine petitioning Towns are the oldest by about twenty years, taking their age upon an average; Cap<sup>t</sup> Woolson of New-Ipswich having a Commission in the 6<sup>th</sup> Reg<sup>t</sup> Dated in the year 1744; before there was a single Inhabitant in any of the six Towns above named; and many years before a commission was given to any person within their limits.—By means of being united with those Towns we lost our number from 6 to 12; therefore ought not to lose from 12 to 23 by dissolving the connection.—By comparing their numbers and wealth it will appear that we pay £49-15 to the Thousand: they but £32-13s: that there are eleven hundred rateable polls in this Regiment; and little more than six hundred in that:—That there are four field officers in this Reg<sup>t</sup> who will think them-selves degraded by renewing their Commission in the 23<sup>d</sup> Reg<sup>t</sup>; and only one in that (& that one a second Maj<sup>r</sup>).

Thus, Gentlemen, whatever we substitute as a Criterion to determine the right of precedence; whether Age, Numbers, wealth, residence of field officers or whatever else we can conceive to operate in the minds of the Legislature, the preference is most clearly on our side. And as we would not be vainly ambitious for honour, to which we had no title; so neither would we be thought so mean as tamely to submit by which we are degraded below our Inferiors. We therefore apply to your Honours as the Guardians of our Rights, humbly praying for a reconsideration of the vote complained of; and that we may be permitted to retain the original number.

And your petitioners as in Duty bound shall ever pray &c

[6-232] [*Inhabitants of Lyndeborough Gore for an Incorporation, 1790.*]

To the Honourable the Senate and house of Representatives in General Court to be Convened at Concord in New Hampshire on the first wednesday of June Next

The Petition of the Subscribers Inhabitants of a gore of Land lying between Lyndeborough and Peterborough known by the Name of Lyndeborough Gore, Humbly Shews—

That your Petitioners have been encouraged to Settle in this Mountainous part of this State in Expectation of being incorporated with some Adjacent Inhabitants into a body Politic with the same priviledges that other Towns enjoy—that your petitioners and famileys Consist of Forty one Souls—and live Seven miles or upward from Lyndborough Meeting house, and in Addition to the badness of Travel generally Attending New Settlements we have to Cross the Petit Manadinack Mountain to Attend Public worship—that we have not power to raise any money for laying out and repairing highways or Schooling our Children—that public Instruction in the great duties of life and the education of our Children we Esteem as a duty and Priviledge, and think it of great importance either in a Religious or political View, which we are by our local Situation deprived of, and must so remain or quit our habitation unless releived by the Hon<sup>ble</sup> General Court, that, That part of Lyndeborough that is Adjacent to us lies west of the Petit Monadinock Mountains, and that part of the Society land that lays South of the Croched Mountain and is bounded on the west by Contoocook River can never be Accommodated in any other way than by being incorporated together with us and one Range of Lots in the Town of Peterborough, and that with them we think ourselves Able to make every Necessary provision for the enjoyment of Priviledges & Advantages that other Towns enjoy—

Therefore we pray that your Honours would incorporate us with the Inhabitants above mentioned into a body Politic with the same priviledges & Emmunities that are enjoyed by other Towns in this State—or Grant us Releife as you in Your wisdom shall See fit—and Your Petitioners as in duty bound will ever pray—

[6-246] [*Proceedings of a Town-Meeting relative to the foregoing, 1791.*]

To the Honourable the Senate and House of Representatives in and for the State of New Hampshire—

The Memorial of the Town of Lyndborough humbly Sheweth—

Agreeable to the Order of the Honourable Senate and House of Representatives upon a petition prefered to them last June by a Number of the Inhabitation of the westerly part of this Town and Others, praying to be Set off from this Town and Incorporated into a Town by themselves—

The Town at their Meeting on the 27 Day of December Instant took the Matter into their Consideration agreeable to an Article in the warrant for Said Meeting and Voted as follows (viz)—

1<sup>t</sup> that it appears Evident to us that if More of this Town Should be Set off to the Petitioners than we Voted to them at a Meeting of this Town last April it will Intirely break up the Town and that it Cannot Subsist as Such, after So large a part of it is taken off.

2<sup>v</sup> therefore Voted that the Prayer of this Town be presented to the Honourable Court at their next Sessions at Concord on the first Wednesday of January next by our Member in Said Court, praying that the prayer of the Petitioners may not be granted, farther than this Town Voted them at the aforesaid Meeting—

3<sup>v</sup> Voted that in Case the Honourable Courts Committee Should Report different from the aforesaid Vote of this Town, or Report that more of Said Town be Set off to Said Petitioners than Said Town have Voted, and if the Reasons that may

be Offered Should not be Sufficient to Convince the Honourable Court that this Town have Voted off to the Petitioners as much of Said Town as is Consistent with Reason and Justice, then Voted to pray the Honourable Court to grant us a Committee upon the Expence of the Town to take a View of that part of Said Town Called the Old Town, that the Situation of the whole Town with all the Circumstances that attend it may be taken into Consideration as the late Honourable Committee by the Order of the Honourable Court were Confined to View the Situations of the Petitioners only—

4<sup>th</sup> Chose Peter Clark Levi Spaulding Esq<sup>r</sup>, and Lieut Jeremiah Carleton a Committee to Assign Reasons to the Hon<sup>d</sup> Court why the prayer of the Petitioners Should not be Granted—

A true Copy of the Vote of the Town of Lyndborough at their Meeting aforesaid

attest pr Ephraim Putnam Town Clerk

Agreeable to the foregoing Vote the aforesaid Committee beg leave to Inform the Honourable Court of the Difficulties and perplexities (like the present) that have attended the Town of Lyndborough in years past, as, also, the present Circumstances—and the Consequences that will follow, Should the prayer of the present Petitioners be granted—

And in the first place as to the Town being Very large as Set forth in the present petitioner, it was laid out Six Miles Square Except at the North East Corner where New Boston Corner Came in about two miles Said New Boston holding its Square Corner being the prior grant, afterwards there was a larg part of this Town taken of and added to Wilton as may be Seen by the Plan of Lyndborough) which was a great Dammage to this Town, for the Land Added on the west and North did by no Means Compensate for what was taken off by Wilton, for the Addition on the North lay So in with Francestown that they were Very Sure of having it annexed to them Sooner or later, accordingly Francestown Set their Meeting House within about one Mile of Said Addition, and in the Year 1777 Petitioned the Town of Lyndborough to have the Said Addition Set off to them, which the Town of Lyndborough then Refused to do— however the Land then not having many Inhabitants Settled upon it, and Francestown being Very Sure that when it had, they would be for Coming to them, let the Matter Rest untill last Spring.—

Likewise Duxbery School Farm with part of Amherst and the Inhabitants on the South East part of this Town in the year 1777 petitioned the Town of Lyndborough and also the General

Court to be Incorporated into a Town by them Selves, but the Honourable Court Viewing the Cituation of Lyndborough Resolved that the prayer of Said petition Ought not to be granted—

The Town then had Rest from an Invasion untill the Year 1774 when Lyndborough Slip So Called and Some of the Inhabitants of the westerly part of this Town Petitioned the Town, also the General Court, to be Set off by the Same lines the present petition Sets forth, and they had a Committee from the General Court, who after viewing the Situation of the Town Reported Unanimously that the prayer of Said Petition be not granted—

thus Matters Rested untill last Spring at which time the Inhabitants that were Settled on the four Lots in the Southwest Corner of this Town petitioned to be Set off to Temple likewise the present Petitioners to be Set off by the Same lines as heretofore as may appear by their petition now before the Honourable Court—likewise the Inhabitants on the before Mentioned part of this Town lying next to Francestown, again Petitioned together with the Town of Francestown to have Said land with the Inhabitants thereon Annexed to Said Town.—

The Town being thus Harass with petitions from So many quarters at their Meeting Chose a Committee to Consider of the Matter, and Report to the Town which they did accordingly, which Report was accepted by the Town, Said Report being had may more fully appear—

The next Movement was made by those petitioners who wish to be annexed to Francestown together with the Selectmen of Said Town who again petitioned the Town of Lyndborough at their meeting held on the 30<sup>th</sup> Day of August last to be Set off to Francestown by Such bounds as Set forth in their petition now before the Hono<sup>l</sup> Court—the prayer of which Petition the Town at Said Meeting Voted to grant—

Thus by the before going Memorial the Honourable Court may See how this Town has been Harassed—and to prevent any farther Difficultyes in this way the Town has Voted off to the Several Petitioners all the Land that was added on to this Town to make up for what Wilton took from us amounting to above Six Thousand Acres and have Reduced the Town to the bigness of about five Miles and a half one way and about five Miles and one quarter the other, Excepting the South East Corner which brings the Meeting House near the Senter and Should we be permitted to Reap So much benefit from the Charter heretofore granted to this town as to only Suffer the loss of what Wilton took from us and Injoy only what they left us without any part of the additions we might possibly remain as a Small Town, but if the lines that the Town has prescribed

for them Selves and wish to hold to, are broken Over, or if the prayer of the petitioners is granted farther than the Town has Voted them, we Expect nothing but Contention Divisions and finally the braking up and Distruction of the Town, to prevent which we humbly present the prayer of this Town to the Honourable Court (whom we Esteem as the Guardians of and Defenders of our Rites) that the prayer of the Petitioners may not be granted—

Signed Peter Clark for y<sup>e</sup> Committee

To the Honourable Senate and House of Representatives in and for the State of New Hampshier.

The petition of a Number of the Inhabitants of the Town o Lyndeborough Humbly Sheweth.—

That whereas the Town of Lyndeborough at their meting on the 30 Day of August last past Agreeable to our petition to them Voted the Following tract of Land being of the Town of Lyndeborough Should be Set off and annexed to the Town of Francestown with all such of the Inhabitants on said tract that chuse to be thus Annexed (provided the Honourable Court would Confirm it) Said tract of Land bounded as follows (viz) Begining at the South east Corner of Ithamar Woodwards Land then running Westwardly by the North Line of Lt Amas Whittemor's Land and Enoch Ordway and Noah Lawrence Land untill it comes to the East line of the East teer of Large lots so Called then Running Northwardly untill it Comes to the South Line of the Lot Moses Lewis and John Stiles is Setled upon, then running Westwardly on the Line of Said Lot untill it comes to the Southwest Corner of Said Lot then running North on the Line of Said Lot to Francestown Line, Bounded Northwardly and Eastwardly on Francestown Line to the first Mentioned Bounds. Furthermore we would observe that we have Never Signed any petition or manifested any Disire of being Set off with the Inhabitants of the west part of Lyndeborough in the way and manner Expressed in their petition but on the Conterary have ever Been averse there unto and have Constantly acted Accordingly. Therefore we Pray your Honours to take the premises into your Consideration and assign us to Francestown or Otherways Let us Remain as we are Inhabi-

[6-244] [*Petition from Inhabitants of the south-west part to be annexed to Temple, 1795.*]

State of New Hampshire

To the Honorable the Senate & the Honorable the House of Representatives in General Court Convened, at Concord the first Wednesday of December 1795.

Humbly sheweth Benjamin Killam, Joseph Killam, John Kidder Jun<sup>r</sup> Theodore Barker, Ebenezer Stiles, Joseph Richardson & Samuel Killam all of Lyndeborough in the County of Hillsborough in said State of New Hampshire that your petitioners are situated on four lots of land in the southwest corner of said Lyndeborough viz<sup>t</sup> Coner's, Flucker's, Lynde's & Mofatt's lots, bounded south & west by the town of Temple—Your petitioners being situated in a very remote part of the town, six or seven miles from the meeting house, the road being naturally very bad, & but little prospect of its ever being made much better by reason of the very few inhabitants settled on it which renders it very difficult & inconvenient for them to attend on public worship in that place—and as they are situated within three or four miles of Temple meeting hous having a good road they have always attended public worship there—And it is likewise very difficult for them to school their children, as their number is too small for a class & no other Lyndeborough inhabitants living within about two miles, but the inhabitants in Temple are situated so near as to make it very convenient to class with them—These motives have urged your petitioners to request the inhabitants of Lyndeborough to set them off to the Town of Temple or otherwise allow them to pay their minister & School tax there—but this they refuse. Your petitioners therefore earnestly pray that your honours would take their unhappy situation into your wise consideration & do them that justice that nature & equity demand by annexing them to the Town of Temple & your petitioners as in Duty bound &c

These May certify whom it may concern, that in the year 1776; I was called upon, at that time, as a Minister of the gospel, to attend Several funerals, at the House of M<sup>r</sup> Joseph Hobbs living in the Southwesterly part of Lyndeboro<sup>r</sup>, Adjoining on Temple And as there Was then No road from the Meeting house, directly to that part of the Town; I was Obliged to go thro' a part of Willton and Temple; and from my own dwelling at least ten miles,—finding the difficulty So great, I requested the Rev<sup>d</sup> M<sup>r</sup> Webster then Minister of Temple living

about three miles And an half from that neighborhood—to Visit the Sick & attend funerals in that part of the Town—which he cheerfully engaged to do—Since which, the distance continuing the Same & the road Very, Uncomfortable I have requested the Rev<sup>d</sup> M<sup>r</sup> Miles—Now Minister of Temple to perform ministerial duties there, which he has cheerfully consented to—

### M A D B U R Y .

The territory comprised in this town was formerly a portion of the ancient grant of Dover.

It was erected as a parish by its present name by an act of the legislature passed May 31, 1755, by which it was empowered to raise money for the separate support of the ministry, schools, and paupers, but remained as before with respect to province taxes, highways, etc., until May 20, 1768, at which time it was invested with full town privileges by act of the legislature.

The petition for a parish may be found in Vol. XI, page 524.

It appears that the place was called Madbury some time prior to its incorporation as a parish, and that an unsuccessful attempt was made in 1743 to procure an incorporation as a parish of the territory now in this town, including a portion of the town of Durham.

## MANCHESTER.

The township was formed from territory taken from Londonderry, Chester, and a tract of land lying on Merrimack river belonging to the Masonian proprietors, called Harrytown, and was incorporated by the governor and council, Sept. 3, 1751, by the name of Derryfield. The first town-meeting was held at the house of John Hall, innholder, Sept. 23, 1751, at which town officers were chosen. As incorporated, the town was wholly on the east side of Merrimack river.

By an act passed by the H. of Rep., June 17, 1795, and by the senate, December 4, same year, a gore of land was annexed to the north side of the town. This was a portion of "Harrytown," and was intended to be included in the original incorporation.

In answer to a petition from the inhabitants, the name of the town was changed to Manchester, June 13, 1810. It is said that this name was suggested as a compliment to Hon. Samuel Blodgett, who constructed a canal around Amoskeag falls, and who had often asserted that the place would some day be the Manchester of America. Could he visit the city now, he would undoubtedly experience even a greater feeling of exultation than he did on that "May Day," 1807, when he passed through his canal and locks around Amoskeag falls for the first time.

An act granting the town a city charter was approved by the governor July 10, 1846, since which time its growth in manufactures, wealth, and population has been very rapid. In 1830 its population was 877; in 1880, 32,630.

By an act passed July 1, 1853, that portion of the city since known as Amoskeag was severed from Goffstown, and that portion known as Piscataquog was severed from Bedford, and severally annexed to Manchester.

The city was authorized to construct works to convey water to the city from Massabesic pond in 1871, which were completed in 1874.

Manchester at this time is one of the largest manufacturing communities in New England, and its products are used in almost every civilized portion of the world.

Gen. John Stark, a stern old patriot, whose name will be forever inseparable from those of Bunker Hill and Bennington, resided many years in the north part of the town, and died there May 8, 1822, at the age of 93.

May it please your Excellency

I went at the Request of Masons Proprietors to the Society Land between Pettersborah & Hillsborah to see where the Trespassers had ben at work & whose Lots they had Improved upon & found they had cleared, at least cut a grate deal of Timber down, had built a camp upon Solly & Marches\* & on Meservey & Blanchards and your Excellencys Lots on the west side of Con-tucook River they have don a grate deal of work fenced it all In with a Considerable Good Runing fence have built a camp on it & altho' no body was their when we were their yet we are prity sure that Doc<sup>t</sup> Pery is the man that has Trespassed upon your lot & petty it is that he should not be prosecuted as he Is the Ringleader of all the Rest, the[re], and as son as they Git to work again I have 2 men Ingaged to see them at work & acquaint me with their names.—The Land is Exceeding Good but I think your Excellencys is superior to any at that part of the Society Land and that maid them fellows Covet it it is certainly worth mony—I intended to have wated upon your Excellency when the Infer<sup>r</sup> Cort set but I hurt my self when up their with heat and laying out in the Wet so that I have not ben well sence I came from their.—Your Excellency may Remember that we In Derryfield petitioned the Gen<sup>l</sup> Cort for an act to call a town meeting for the choice of town officers which when I cal'd John Hall with Col<sup>o</sup> Barr who have strived all that is in their power to Injure me of late & at the meeting Col<sup>o</sup>

[If Colonel Goffe stated the truth in the foregoing, the practice of hiring voters is not so modern as many would have us believe.

The meeting mentioned in the foregoing was a special meeting called by virtue of an act of the legislature, passed July 9, 1766, which act nullified the proceedings of the regular annual meeting, at which two sets of town officers were chosen. Said act was passed in answer to a petition from sundry of the inhabitants, who stated that one party (probably the John Hall party, as he was town-clerk) opened the meeting and elected one set of officers before the usual hour, and their opponents, on their arrival, elected another set.—ED.]

[7-15] [*Relative to the Discontinuance of a Road, 1753.*]

Province of New Hamp .

To His Excellency Benning Wentworth Esq Governor &c to the hon<sup>ble</sup> his Majestys Council & house of Representatives for said Province

Wheaeas att his Majestys Court of General Quarter Sessions for this Province held in September 1752 on a Representation of the necessity of a Road by the River thro' Derryfield Order issued to a Committee to lay it out who proceeded made return and after all parties in the Town having time to consider & make their Objections, was Accepted & passed on Record for an Highway since which we have this Week been inform'd that Since on the request of some Persons the Hon<sup>ble</sup> the General Assembly has tho't fit to take Cognizance of the Affair & by their Committee to view in order for the discontinuance of that Part of said Road against Namaskeeg falls, Now therefore We

the Subscribers Inhabitants of this Province & Residents in the Towns Adjoining to Merrimack River woud most humbly Remonstrate That that Part of said Road against Namaskeeg falls cannot be discontinued without a very great Prejudice to the Public—For that the River is become of very great Service to the Inhabitants of this part of the Government that as the new Settlements above the said Falls as well on all the Arms as the Main River are constantly increasing & are under necessity of clearing their Lands where there is great Quantities of valuable Lumber which must be lost with almost equal Charge to Consume as to turn into the River, unless they can be benefited by rafting down or otherwise using the River, that this Business at present is very great & must daily increase for a number of years to come and profitably employ a Multitude of Labourers, the Land on both Sides for more than Seventy miles to the Northward of the said Falls & on all the smaller Streams which woud contain more than a Million Acres with a very small land Carriage are yet to clear & the Timber not culled except a few small Towns & they but Lately began in which Merrymac River will be of Infinite Service, & of Absolute Necessity for the favour & Protection of the Government in facilitating their Passages down the River, The Charge of clearing the Falls in several Places but more especially at Namaskeeg woud amount to a Larger Sum Than can be Expected to be rais'd this many years—The great Losses those who venture down the falls meet with, will constrain them to carry by the falls, by Land, all such Lumber they can—That there is a very convenient Place for Landing, the Bank Sutable both at the head & foot of the said falls, a Level good Road & but about Six Score Rods—and commodious to lye very near the River—the River not being a Fence does not increase that Charge, The Land where the Road lyes, cannot be of great Value, the Owners content all but two Small Lots One belonging to the Heirs of Alexander M<sup>c</sup>Murphy the Other to One M<sup>c</sup>Neal who has lately enter'd there—That altho' a Road can be had the West side the River, & as short Travel yet the Draught much heavier but both will be wanted, the Land is mean sandy Pitch Pine Plain in general for more than two Miles back the west side, And Inhabitants Cannot live there Sufficient in the Season to hale by all the Lumber which Usually must be done by Hay the Easterly side much better accommodated & will always be—and in freshets very difficult to carry Teams a cross the River the Principal Time they are wanted—For these Considerations we humbly hope the Petition will be dismiss'd without day But if this Hon<sup>ble</sup> Assembly shoud otherwise determine. We humbly pray that the Inhabitants of this Part of the Government for whose Use this Road was design'd may have Opportunity to

lay their Grievance more fully before this Hon<sup>ble</sup> Assembly As not now having had but about twenty four hours Notice of the Affair, & none before the committee was on the Spot—And Your Petitioners as in Duty bound Shall ever Pray

State of New Hampshire—

To the Hon<sup>ble</sup> the Council & Gent<sup>n</sup> of the Hon<sup>ble</sup> House of Representatives in Gen<sup>l</sup>. Assembly at Portsmouth convened 13<sup>th</sup> October 1780.

The humble Petition of the several Persons whose names are hereto set, and subscribed, Inhabitants of Derrifield in the County of Hillsborough, and State aforesaid.

Sheweth That pursuant to plan of Government, the said Town of Derrifield was annexed to Goffestown, for the purpose of chusing annually a person to represent them in General Assembly which Union has turned out to be a great Grievance and highly inconvenient to Derrifield.

That Your Pet<sup>rs</sup> conceive Goffestown to consist of 100 families, and therefore not needing the Aid of Derrifield, whilst the latter contains little more than 50 families, And consequently in every Choice as aforesaid must (if the Inhabitants co<sup>d</sup> possibly be present) be overpowered by numbers, and outvoted And therefore not fairly represented.

But may it please Your Honors, so it is, that frequently the said Inhabitants of Derrifield cannot be present at such Choice as the same is by precept always at Goffestown & at a time of Year when many times they cannot pass the River Merrimack without peril of their Lives.

That your Pet<sup>rs</sup> are sensible, that they cannot stand alone in representation, but as they are informed by their Neighbors,

Inhabitants of Litchfield, that they also conceive themselves to be under Circumstances somewhat similar to the above, with respect to Nottingham West, and that they also are about to apply to Yo<sup>r</sup> Hon<sup>s</sup> for relief

Your Pet<sup>r</sup> for the Causes aforesaid, pray leave to bring in a Bill, whereby they may be declared Seperate from said Goffestown and joined in future to said Litchfield for the purpose aforesaid.

And shall ever pray &c—

[7-19] [*Relative to Sabbath-Breaking, 1784.*]

To the Honorable Senate and House of Representatives to be convened at Portsmouth upon the third wednesday of October AD 1784—

The petition of the select men of Derryfield in behalf of the Inhabitants of said town, humbly sheweth—that the breach of the sabbath is become so frequent that few hours of that day passes but repeated instances of it, is to be seen upon any of our public roads. Not only traveling upon foot and Horse but driving loaded teams, as if they pursued there secular busnes upon that day with more alacrity then any other. A practice not only unjustifiable but the day is not fare past that a single instance of it, would have been alarming to a whole County, And that it was Expressly the command of the Supreme Being that that day should be carefully Observed—and strictly enjoined upon those who holds the reins of civil Government to punish the aggressor is well known to your Honors. And the act of law in this State dos not point out the duty of the several officers so accurately nor the fine so high as your petitioners wish for. But we look up to you who are our political fathers who has the undouted right to pass all Edicts for the Good of the Subject, to pass such a law as will more Effectually put a stop to those vicious practises—

Wherefore we humbly pray your Honors to pass a new act for the observing of that day and the duty of every officer clearly pointed out and they strictly enjoined to see that the law be Observed, the fine raised, and any person not in office may stop travellers on said day. And your petitioners as in duty bound shall ever pray

[7-24] [*Relative to Amoskeag Bridge, 1792.*]

To the Honorable the Senate and House of Representatives in General Court convened—

Humbly shew the Proprietors of Amoskeag-bridge that they have at great expence and risk erected the said bridge and have expended in so doing the sum of six thousand dollars, which is almost double the sum at first computed and expected it would cost—

That the bridge is situate a very commodious place for the public convenience—and is in fact for the goodness of the construction an honor to the State—The mony laid out by your petitioners in building said bridge has greatly benefited the Inhabitants of the vicinity—Your petitioners were induced to the undertaking of the aforesaid business in the presumption no grant would be made so near as to interfere with their emoluments granted them for building the bridge—They further shew that a grant made near them would but serve to injure both

parties and but little benefit would accrue to the public—They humbly conceive that as the undertaking has proved so expensive and is even now hazardous—it is an enterprize which intitles them to the smiles—not the frowns of the public.—They are perfectly willing (lest any one should apprehend they are realizing a large property by the Grant) to give up or release to the State their estate in the bridge, upon a reimbursement of the money by them expended and a reasonable compensation for their extra trouble and expence—this they conceive must silence all objections to their motives being patriotic and for the public good—Upon all these considerations they think they have a just right to make this reasonable request—which is that Your Honors would secure to them that privilege which they before building the bridge apprehended they had viz that no other bridge should be erected so as to interfere with or injure their dear earned property—Wherefore they most humbly pray Your Honors that you would grant them liberty to bring in a bill to secure to them their heirs assigns the exclusive privilege so far that no toll bridge, shall be granted upon Merrimack river within ten miles of said bridge—nor any such bridge be erected within such limits And as in duty bound will ever pray—

[7-26] [*Petition for a Grant of Land, 1794.*]

To the Honorable Senate and house of Representatives of the State of New Hampshire convened at Exeter on the forth wednesday of December AD 1793—

The petition of the subscribers citizens of said State humbly sheweth, That Your petitioners have an intention of begining a settlement in some uncultivated part of the Cuntry and On enquiry find that they could be Accommodated with lands in several of the States, or in the Neighbouring Government of Canada on very Moderate terms, but as they have a particular affection for their Native State and an entire satisfaction in its constitution and Government would Greatly prefer a settlement therein, and as the support of the State Greatly depends upon Agriculture we think that Cultivating the wilderness will ad to her welth number of Inhabitance and Respectability, and Your petitioners having been informed that there is in the northerly

part of this state a tract of unlocated Lands and conceiving that it might be advantageous to the state to dispose of said Lands to persons who would make immediat settlement thereon, and likewise that it would be to the advantage of Your petitioners to obtain a Grant of part of said Lands on reasonable terms—

Your petitioners therefore humbly pray Your Honors would Grant and confirm to them a tract of Land eight Miles Square (without lakes or ponds being included in the Measure) some place where it will be Most convenient and joining on the Grants that has been made on which Your petitioners will make a settlement as soon as may be and either Give a reasonable consideration therefore or on any Other conditions as your honors in Your Great wisdom shall think best, And Your petitioners as in duty bound shall pray—

[7-28] [*Samuel Blodgett for a Charter to construct a Canal around Amoskeag Falls, 1794.*]

To the honorable the Senate & House of Representatives of the State of New Hampshire, the Petition of Samuel Blodgett most respectfully sheweth,—

That a spirit of enterprize and exertion has of late been wonderfully and successfully displayed by the citizens of a neighbouring State in the erection of bridges and forming of canals, even in places, which, not many years since, were esteemed impracticable—that a canal round Patucket falls is nearly compleated—that another leading from said falls to Boston, by a rout not exceeding twenty miles, will be commenced next spring—that a third carried round the falls at Amoskeag would, in conjunction with these, open a direct water-communication with Boston & Newburyport to the inhabitants of an extensive country on the banks of the Merrimac above said falls, the wood and timber of whose forests are now of inconsiderable value, occasioned principally by the loss of immense quantities of lumber of the most valuable kind in passing over

the falls; a melancholy proof of which they at all times exhibit—that your petitioner is fully convinced that the whole of this loss may be prevented by a canal—that under this conviction he has purchased the only piece of ground over which one is practicable—& has actually entered upon the enterprize, with an intention to risque his fortune in accomplishing a work of so much public utility—Your petitioner, therefore, relying on the public spirit of the honorable Court, requests that your honors will take the premises into consideration, and grant him a Charter, by which he may be secured in the peaceable enjoyment of the valuable property, which he is about to invest in the proposed canal—& assign him a reasonable toll to compensate him for his services; & give him leave to bring in a bill accordingly.

And as in duty bound shall ever pray

[*Blodgett's Canal, 1798.*]

The Hon<sup>le</sup> Senate and House of Representatives in General Court convened at Concord on the third Wednesday of Nov<sup>r</sup> 1798—

The petition of Sam<sup>l</sup> Blodgett of Derryfield humbly sheweth—

That your petitioner hath expended more than Thirty Thousand Dollors in cutting a Canal erecting Dams, Locks, Mills, &c. on his own Land near Amoskeag Falls which is nearly finished and will of course in a few years be a great benifit to the public, as a property of this kind requires a particular attention both as to regulation of Toll as well as security of property and the keeping up a good understanding with whom he may have to do—

Your Petitioner humbly prays that he may with those he shall sell to be made a Corporate body politic by the name of the proprietor or proprietors of Blodgets Canal—and your Petitioner as in duty bound will pray—

[7-31] [*Petition for the Incorporation of a Company to construct a Canal from Merrimack River to Massabesic Pond, 1799.*]

To the Honorable General Court now sitting at Concord,  
Humbly Shews,

The Undersigned, that opening a water Communication from the westerly part of Massabesick Pond, so called, to Merrimack River, by the way of great Cohass Brook, by cutting a Canal, and making locks on certain Falls, and making the same Navigable for Boats and Rafts, would be of Public Utility, as there is a large Tract of uncultivated Land adjoining said Pond; the Timber of which might become valuable; & would also greatly facilitate the Transportation of Country Produce to the Sea Port Towns for Market. Your petitioners therefore pray, that they with such others as may become Proprietors with them, be Incorporated into a Body Politic and Corporate for the purpose of Canaling and opening said water Communication, & that they have Leave to take a certain Rate of Tolage to reimburse their Expenditures; and that the same be granted under such Regulations & Restrictions as you in your Wisdom shall think proper, and as in duty bound will ever Pray.

[7-33] [*Petition for Authority to raise Money by Lottery to complete the Canal, 1799.*]

The Hon. the Senate & House of Representatives, for the State of New Hampshire in General Court assembled, on the first Wednesday, of the present month, of December, A. D 1799.

The petition of Samuel Blodget of Derryfield in said State Humbly shews—that your petitioner, many years since saw that Nature had declared in favour of an inland Navigation into the Interior parts of this State, which Now abounds with Masts, Yards, Timber, Wood, and all kinds of Lumber, which is beyond Calculation, the Lands are fertile, and the Inhabitants Numerous, they abound in Cattle, and all other produce in abundance, all which are in great Demand, in our Sister States, but the Great distance, the Obstructions, and Impediments, so many, that the inhabitants, derive but Small advantages, at present from these goodly Lands, and must Continue So untill Art Embraces Nature, Your Petitioner Early saw this, that an inland Navigation would of Course take place, Your petitioner, Anxious for the happy day Cheerfully began this great undertaking, Although, in the Eve of Life, your petitioner determined, that Neither age, or the dread of Fatigue, should deter him from this pleasing & usefull Project, Accordingly on the first day of April 1793. He began this great Work, of Canalizing & Locking Amoskeig-Falls, on which heretofore, much property, has been lost, they are Still A great Barrier, to immense property; at this Moment, theirfore it is of the utmost importance to the inhabitants of these states, that these Impediments be removed, in attempting this Enterprise, Your Petitioner has Spared, no pains, or property to Effect it, he has Already expended thirty five thousand Dollars in this Work,—but in the Course of unforeseen Events, Such times has taken place, that No right Calculation Could be made, & in the event

Exceeded much beyond his expectation, therefore, to Compleat this great design, it will Require,

Nine Thousand Dollars, as appears by a Late Survey of Col. Baldwins.—when these Canals. are Compleat. the Inhabitants of these states, will of Course receive the greatest advantage by them. Your Petitioner has had Recourse to his friends in the Common-Wealth of Massachusetts for assistance. but without affect. yet Nevertheless the inhabitants of Boston & Newbury-Port. are not insensible of the great advantage that will derive. as well to the Poor as to the Rich, especially in the Article of Wood, which at present. is at high price in those Towns. therefore all Classes have an Interest in the Canals, and they have their wishes that may they be finished—and would most Chearfully Come forward, by way of a Lottery. to finish it—Your Petitioner. has Such Assurance from many Respectable Affluent Characters. as well as those in a more humble. State. Both in Boston; Newbury-Port, &c &c as leaves him. not the least Doubtfull that if your Honors should please to grant him One, for the purposes. herein Requested. being fully assured. those Tickets in the Sale would be ye most Rapid, (and with much Defference believe them to be more So.) than any. heretofore offer'd to the publick, Therefore Your Petitioner, Most Humbly prays that Since he has taken Such pains. as well as the great Expence, heretofore mentioned of thirty five thousand Dollars. already, and is desirous to Compleat it, and to Open A Most Valuable and extensive, well Inhabited Country; abounding with Cattle, and produce, in Abundance, by which an inland Navigation, of Trade, & Commerce will thrive and flourish, between the Inhabitants of this, and Our Sister States; Interest, & advantage, to a Very great Amount—theirfore in Consideration of this great Expence—Your Humble Petitioner has Expended, in the premises aforesaid, Which is unfinished—he therefore humbly Solicits your Honors Aid, to grant him A Lottery. to finish the same, in Consideration. that. when Compleated, will arise every advantage that an Inland Navigation to the States. Can Suggest. and in as much as his Friends in the Common Wealth of Massachusetts, So much Request it or Otherwise, to grant him Such aid as will Enable him to Compleat. and finish the work, as in your great Wisdom Shall Seem Meet,—and as in duty Bound will ever pray—

Derryfield 7<sup>th</sup> December 1799.

[In H. of Rep., December 21, 1799, the foregoing petition was granted.—ED.]

[7-34] [*Relative to Locks and Canals on Merrimack River, etc.*]

Within a few Years past Inland Navigation. Seems to be the Spirit of Enterprise, the great & Arduous, undertaking, to cutt the Middlesex Canal, in the state of Massachusetts, from Boston to Merrimack River, Through an Inland Country of Thirty Miles has been the work of many Years, the Compleating of this great Work, has been doubted by some, but he assured, the Most difficult part of these Works are finished, and Others in great forwardness, this Work is Executed, in a Manner, that would do Honor to One of the first European Characters in this Line. in A word, the Works are So Nearly finished, that it leavs No doubt in my Mind, of its being Completed the Next Season, this Canal, enters Merrimack-River, a little above Pettucket Falls from thence, up the Said River, 29 Miles. to Amoskiege—these Falls, are 47 feet 3 Inches 5 Tenth Fall, & are the Key of the great Country above them, the Locking of Which, has been underken by M<sup>r</sup> Blodget, who has Expended 35000 Dollars in this Enterprise, by A late Survey of Colonel Baldwin, it will Cost 9000 Dollars more to Compleat this great Work, According to his late survey, the Next Falls above, is eight Miles from M<sup>r</sup> Blodgets Canal, the next is, 4 Miles farther up, Called, Garvins Falls, Charters are granted for Locking them Both, & the Toll fixed, & its Supposed 4000 Dollars will Lock them, Turkey River, & Sewals, are the Only Falls, above, untill we reach Salisbury, they are Small, & it is Supposed will not Exceed, 600 Dollars to Compleat them, these being finished, Navigation, will be compleat up as far as Salisbury, 100 miles from Boston, the Other Small Falls, between the Middlesex, & M<sup>r</sup> Blodgets Canal, will be soon Locked, & Cleared, So as to make it Navigable for Boats. in the Shoalest. Water. in the Summer-Season, from Salisbury, to Boston, when all these are Completed, the advantage of Inland-Navigation will take place, which will be beyond discription, these advantages, will not so readily Occur, to every One at the first View, therefore it will not be Amiss to mention, Some of them, the first is—

upon the Subject of Beef-Cattle, the great Loss that attends the Driving them from A great distance to Market, Report Says that their ware 7000 Head of beef Cattle, drove from the States of New-Hampshire, and Vermont, the present, Year, into Boston and Other Market-Towns, upon Supposition of its fact, the Charge & Expence for driving 7000 at 7/6 onely Amounts to Doll. 8,750

Supposing Each Creature. lost or Wasted, by long & Tedious driving; on an Average, 30 lb Tallow,

or in the Juices of the Beef, equivalent to it, this  
 at 9<sup>d</sup> p<sup>r</sup> lb amounts to— Dollars—24,500

Dol 33,250

I am told by Some, that I have rated this loss two low, however that may be, this sum, is great, and is A Total Loss to the publick, as well as to the Owners of the Cattle, & Ought to be remedied.—and this Can be done, as will more readily appear, by the following Statement; Supposing. 7000 Cattle ware Killed and Salted in Barrels, put up fit for Market, even as far up as Sanborntown, 100 miles from Boston, each Neating 400 lb and is two Barrels, this takes 14000 Barrels. to salt 7000 Cattle. these being Manufactured, Near the place of Slaughtor, will Cost but fifty Cents each, and amounts to Doll, 7,000  
 & will take 14000 Bushels of Salt, at One Bushel p<sup>r</sup> Barrel, the Freight, from Boston, to Sanborntown, is established—and does not exceed 15/ p<sup>r</sup> Ton, which is 8 Cents p<sup>r</sup> Bushel this amounts to 1,120  
 The freight & Toll, on 14000 Barrels of Beef. from Sanborntown to Boston, at 15 / p<sup>r</sup> Ton, ten Barrels to A Ton, is 25 Cents Each, and is Dollars 3,500

added—\$11,620

here is the first Cost of the Barrels, the expence of the Transportation, of the Salt from Boston; to Salt the Beef With, and the freight of the Beef, Safely landed in Boston Market, and all amounts to no more than Dollars 11,620  
 these Barrels, Although full of Beef, will Sell for 6/ Each Amounts to 14,000  
 the 11,620\$ being deducted; leaves Neat profits on the Manufactory of our own Doll. 2,380  
 and Makes A saving of 33,250 Dollars— 33,250

which would be lost by driving 7000. Cattle to Market, Total 35, 630

by this Statement it appears, that these Cattle, Can, be Salted and Barreled, in prime Order, in the Country 100 miles from Boston, and Transported to that Market, by Water, without the least loss or waste of Beef or Tallow, Trouble, or Fatigue in driving them, but will receive a Neat profit, as above mentioned on the Casks of — — — Dollars 2,380\$ in favour of the drovers;—thus far upon the Article of Beef.— it is however. Still worthy of Notice, that the Hides of these

Cattle. Ought to be Computed among the Advantages. result-  
 ing from Our Inland Navigation, 7000 hides Manufactured, in  
 this State at 9/ is — — — — — Doll. 10,500  
 the Loss is great to the Inhabitants, here to have So Large A  
 Number, of Cattle drove from this State and their Hides. Man-  
 ufactured, at Our Expence, because wee have to repurchas  
 them again, after they Are Manufactured, in another advantage,  
 readily Occurs to me, is, in the Article of Wood, the freight,  
 Toll, &c, are Considered at 15/ per Cord, from Salisbury, into  
 Boston, if to Newbury-Port. 7/ at this Rate, if the high price  
 that, Wood Now is. which is 8 doll<sup>m</sup> p<sup>r</sup> Cord at Boston & 6½  
 Dollars. in Newbury-Port, (wood is now 9½ Dol<sup>m</sup> in Boston &  
 8 in Newbury Port) should Continue the advantage, to the In-  
 habitants of this State. is Incalculable, Especially if wee take  
 into Consideration, the Articles of Timber, Masts, Plank, and  
 all Other kinds of Lumber, (when an Inland Navigation. Runs  
 through Such an Extensive Country,) the Lands, must Settle  
 Rappidly, as well to increase in Value to Millions of Dollors,  
 A Calculation was made in Boston, by Gentlemen, of Informa-  
 tion, Viz. that if this Inland, Navigation, had been Opened,  
 last Spring, it would have been the saving to the inhabitants  
 of Boston. in the Article, of Wood Only,—of more than  
 60000 Dollars. the present year, and it is Supposed 15000  
 Dollars to Newbury-Port.—Query—would it not have been as  
 advantageous to the Sellers, as to the Buyers of Wood,—Other  
 great advantages may be Calculated from this Inland Naviga-  
 tion but this is left for time to Discover—Suppose A Person in  
 Boston consumes 20 Cords of Wood, Annually, at the price of  
 6 Dollars p<sup>r</sup> Cord—is — — — — — Dollars. 120  
 When the Canal is Opened Wood is 5 Dollars— 100  
 then 20 Cord. is a Saving to the purchacer at

this Reduced price — — — — — Dollars 20  
 and as long as the reduced price of Wood, Continues, of One  
 dollar p<sup>r</sup> Cord, p<sup>r</sup> year, So that if he advances 20 Dollars One  
 Year, and the Canals, are opened & in Operation, in Conse-  
 quence of it, he then recovers 100 per Cent, p<sup>r</sup> Annum, for the  
 Money be advanced, and Suppose. 20 Dollars are advanced,  
 and he purchased A Ticket with it, in the Lottery. which is  
 granted for the finishing of the Canal, he has a Chance of the  
 highest, or Some Other prize—if they should be all drawn  
 Blanks. he has Still his 100 p<sup>r</sup> Cent, p<sup>r</sup> Annum for his Money,  
 and So long as Wood remains at the reduced price of one Dol-  
 lar p<sup>r</sup> Cord,—for the Money he advanced,—Simular advant-  
 ages, will be received by all Owners, & Drovers of Cattle, to  
 the saving of the large Sum of 40,000 Dollars Annually on the  
 Article of Beef, as has been heretofore Mentioned all Other

persons, in proportion. to their Interest and Concerns in this Inland Navigation,—the Banks of the Merrimack Anticipates, the happy days. when Trade an Commerce will flourish beyond Our Most Sanguine Expectations, Which Time Only can Develope.—

[7-38] [*Another Petition for the Protection of Fish in Cohass Brook, 1800.*]

To the Honorable the Senate and House of Representatives in General Court Convened at Concord on the first wednesday of June AD—1800—

The petition of us the Subscribers, Inhabitants of Derryfield and the adjacent towns humbly sheweth—That

Formerly Great numbers of Alewives resorted to, and passed up, the stream known by the name of Cohass-Brook that leads from Massabeesick Pond to the river Merrimac. And for many years the Inhabitants of this and the adjacent towns drew ample supplies of these fish from the aforesaid Brook; until by means of Mill dams, erected across said stream, their passage to the aforesaid Pond was wholly obstructed. But application being made to the Honorable General Court, they with cheerfulness and alacrity caused the aforesaid Obstructions to be removed, and from time to time passed such acts as were judged best calculated to cause the returen and preservation of said fish; the salutary effects of which are now plainly perceived by the return of the fish to their wonted stream. But the water falls so rapidly for nearly thirty rods previously to its junction with the river Merrimac as to render it convenient for fishing with dip or scoop nets; and unless the Public are prohibited from fishing at the aforesaid rapids, no considerable number of fish will ever pass them. And doubts have arisen whether the fifteen rods from the mouth of said Brook and the five rods from the Mill dam, as now by Law established, will cover the said rapids—

Wherefore your petitioners humbly pray Your Honors would pass an act to prohibit the fishery for forty instead of fifteen rods from the mouth of said Brook. And as in duty bound do pray—

### MARLBOROUGH.

The township was granted May 20, 1752, by Joseph Blanchard, as agent for the Masonian Proprietors, to James Morrison and thirty-three others, by the name of Monadnock No. 5. Many of the proprietors and settlers came from Marlborough, Mass., and the town was unofficially called New Marlborough for some years prior to its incorporation, which occurred December 13, 1776, at which time it received its present name.

A township by the same name was granted by Gov. Benning Wentworth, April 29, 1751, to Timothy Dwight and others, which was located in the southern part of the present state of Vermont. That charter, being on record in the secretary's office in this state, misled John Farmer into applying it to the New Hampshire town; and subsequent writers, who copied from him instead of consulting the original records, have been led into the same error.

Settlements were commenced in town about 1760 by Abel Woodward, Benjamin Tucker, Daniel Goodenough, and others.

By an act approved January 8, 1794, a small tract of land was severed from Swanzey, and annexed to this town.

December 9, 1812, two ranges of lots, and a certain gore of land on the north end of the town, were combined with portions of Packersfield (Nelson) and Keene, and incorporated into the town of Roxbury.

The formation of the town of Troy, June 23, 1815, took a

portion of this town, and portions of Fitzwilliam, Swanzey, and Richmond.

June 13, 1818, Joel Porter, Phineas Farrar, Jr., and Ezra Porter, with their estates, were severed from the town of Dublin, and annexed to Marlborough.

A small tract of land belonging to William Tenney and Luther Hemingway was severed from the north-east corner of Swanzey, and annexed to Marlborough, December 15, 1842.

Among the Revolutionary soldiers from this town was Lieut. Col. Andrew Colburn, who was killed at Stillwater in September, 1777.

### MARLOW.

The township was granted October 7, 1761, to William Noyes and sixty-three others, at which time it received its present name. The reservation of five hundred acres for Governor Wentworth was located in the south-west corner. The conditions of this grant were not wholly complied with, and the inhabitants, on the 30th of December, 1771, petitioned for an extension of the charter, which was granted January 24, 1772, for a term of three years. In the petition they stated that twenty-eight families were resident in town, and that five more were to settle the following spring.

The grantees were residents of Connecticut, principally in the vicinity of the towns of Lyme and Colchester. Among the first settlers were Thomas and Samuél Gustin, Elisha and Solomon Mack, Jasper and Nathan Huntley, and Joseph Tubbs.

By an act passed June 21, 1797, all that portion of the town, as originally granted, lying east of the curve line of Mason's Patent, containing some four thousand acres, was declared to be under the jurisdiction and a part of the town of Stoddard.

An academy flourished here for some years, which was largely patronized by the inhabitants of the county and did a good work in the cause of education.

M A S O N .

The township was granted November 1, 1749, by Joseph Blanchard, as agent for the Masonian proprietors, to William Lawrence and others, and was called No. 1, until, in answer to a petition, it was incorporated with town priv-

ileges August 26, 1768, and given its present name in honor of Capt. John Mason, the original owner of that tract of land known as "Mason's Patent."

At a meeting of the inhabitants held June 22, 1768, they voted to have the town called Sharon; but Governor Wentworth, who generally named towns to please himself, named it Mason.

This town includes that portion of the town of Townsend, Mass., which was north of the province line as established in 1741.

By an act passed June 28, 1872, the north-west part of the town was set off, and incorporated into the town of Greenville, and the line between the two towns was established the following year.

Joseph Blood, of Mason, was killed in the battle of Bunker Hill. Ebenezer Blood, Jr., was taken prisoner at the same time, and never returned home.

Sheweth: That the said Tract of Land is about 5 Miles Square & is held by your Pet<sup>rs</sup> under a Grant from the Gent<sup>rs</sup> Proprietors of Mason's Patent and is bounded as follows Viz<sup>t</sup>

Beginning at a Stake & Stones on the Province Line, then running on the Province Line 5 Miles & 20 rods to the S: E. Corner of New Ipswich Thence running N<sup>o</sup> on said New Ipswich line 5 Miles to a White pine Tree to Wilton Corner Then running E. on the S<sup>o</sup> line of Wilton 5 Miles to a hemlock tree then running S<sup>o</sup> 5 Miles by the Needle to the Bounds first mentioned. That they have now Fifty Six Families on the Spot, and are ripe for Town Officers, a Minister &c

Wherefore they humbly pray a Charter of Incorporation and that they may be invested with all the Powers & Authorities Privileges & Franchises which other Towns enjoy within this Government by such Name as Your Excellency shall be pleased to appoint.

## MERRIMACK.

All that portion of this town lying south of Souhegan river was included in the Dunstable grant of 1673; the north part was a portion of Narragansett No. 5, and was called Souhegan East for some years.

In 1746 "Old Dunstable" was divided: the north-west corner was incorporated by the name of Monson, and the south-east corner by the name of Dunstable, on the first day of April; the south-west corner by the name of Holles, April 3; and the north-east corner by the name of Merrimack, April 2.

By this charter the latter town comprised that portion only of its present territory which lies south of Souhegan river. Col. Joseph Blanchard was authorized to call the first meeting of the inhabitants of Merrimack.

In 1750 the inhabitants petitioned for an addition on account of the small amount of their territory; and on the first day of June of that year, their request was granted by the addition of that portion of the town lying north of Souhegan river.

By an act passed Feb. 1, 1755, the town was authorized to assess and collect a tax of sixpence per acre, on all the non-resident lands in town, for the purpose of building a meeting-house.

Hon. Matthew Thornton, who was for many years a resident of this town, was a member of the first congress, and one of the signers of the Declaration of Independence. He died June 24, 1803, at the age of 89 years.

[7-60] [*Remonstrance to Petition of Matthew Thornton for a Ferry, 1784.*]

To the Honorable the Council & House of Representatives for the State of New Hampshire to be Conven'd at Exeter on the Last Tuesday of march 1784

the Petition of the subscribers Humbly shew

That we are Inform'd that Matthew Thornton Esq<sup>r</sup> Has petitioned your Honors that he may have the Exclusive right of ferrying people over merrimack river where Col<sup>o</sup> Lutwyche formerly kept the ferry and that a Hearing is Appointed the 2<sup>d</sup> Wednesday of your next session

We Humbly pray that his petition may not be Granted first Because it wou'd be unjust that he should have the Benefit of the ferry when the Owners & proprietors of Brintons farm have been at so much Cost and Exspence in Reserving lands on both sides merrimack river keeping proper Vesels for & tending the ferry 2<sup>d</sup>ly because that Col<sup>o</sup> Thornton sence he has Lived there has paid little or no Attention to serve the publick in that way and if your Honors Grant his petition the public as well as your petitioners will be much Injured as all that are Acquainted with him know that he never did attend to such matters neither can it be Exspected he ever will

Therefore we Humbly pray your Honors not to Grant his said petition all which your petitioners as in Duty bound do sincerely pray

[7-61] [Another Remonstrance to same.]

To the Hon<sup>ble</sup> the Council and House of Representatives for the State of New Hampshire in General Assembly Conveen'd at Exeter the last Tuesday of March 1784

The Petition of the Subscribers Humbly shews

That in some of the Late New Hampshire news papers They have seen it Advertis'd that Matthew Thornton Esqr Hath Petition'd Your Honers that the Exclusive priviledge of Ferrying people over Merrimack River might be granted to him as set forth in said petition and that your Honors have Order'd a hearing thereon the 2<sup>d</sup> Wednesday of Your next session. that any person may then Appear & shew Cause (if any they Have) why the prayer thereof should not be Granted—And as the Granting such Petition may be very Injurious to the publick as well as to Your Petitioners: they most Humbly beg leave to Remonstrate and Shew.—

That your petitioners are Owners & Inhabitants of a Farm of the Greatest part of the farm mentioned in the said Petition Called Brintons Farm—An *Ancient Grant*—lying on both sides of Merrimack River and now known by the names of

Litchfield & merrimack and principally included within said Towns & Conceive themselves Entitled in proportion to their Intrests to all the priviledges & Immunities within the Bounds of said Farm wheither by Land or Water—and Humbly Conceive the public as well as themselves wou'd be Greatly Injured if the prayer of that Petition should be Granted. As it is not Likely the ferry will be tended in the manner it Ought to be while under the direction of Col<sup>o</sup> Thornton as heithertoo he has paid little Attention to it Notwithstanding he mentions the ferry to be the main Inducement to his buying the farm—neither should we be willing an Exclusive right of Ferrying there should be Granted to any person in such a manner as to become a part of his Estate.

it is suggested in said Petition that the Court of General sessions of the peace in the County of middlesex Appointed Jonathan Cumings to keep said ferry and that Cumings sold it to Col<sup>o</sup> Lutwyche.

we dont know that the General sessions of the peace for the County of Middlesex Granting Licence to Cumings to tend said ferry Gave him a right to the ferry or in any manner Intitled him to Convey the same to any person whomsoever—we deny that Cumings sold it to Col<sup>o</sup> Lutwyche as not the Least mention is made thereof in Cuminges deed to Lutwyche

it is also mentioned in said Petition that said Lutwyche Obtained from the Governor of New Hamp<sup>t</sup> a Grant of said ferry to him his Heirs & Assigns forever and that the said Petitioner is the Legal Owner thereof

If so it seems needless to Trouble your Honors with a petition as he may have remedy at Common Law if he is Disturbed in his property we Cant Conceive your Honors will Indulge Petitioners in matters that can be properly Decided in a Leagal way else where and further we beg Leave to Inform your Honors that Col<sup>o</sup> Thornton has commenced a Suit against us on this very matter which is now pending; and to be Call'd to Answer at this Court and at a Law court at one and the same time Appears Rather Vexatious, that should your Honors make any regulations Concerning the said ferry we beg we may be Considered and that a ferry may be Established on the east side of said river for the sole use and Benefet of the proprietors and Owners of s<sup>d</sup> Brintons farm

This Petition will be Presented and Inforced by our Counsell who will represent us in what is further needful in the premises which we doubt not will have a patient hearing all which is submitted to your wise & Impartial Judgment and Determination and your petitioners as in duty bound will Ever pray—

[The exclusive privilege of keeping a ferry at this place was granted by Gov. Benning Wentworth, July 8, 1776, to Edward Goldstone Lutwyche, and managed by him until April 20, 1775, at which time he left the place and went to the enemy in Boston. His mother, Mrs. Sarah, continued the ferry until it was taken possession of by the committees of safety of the towns of Merrimack and Litchfield; they were, however, on the third of November, 1775, directed by the legislature to give up the ferry to Mrs. Lutwyche.

The following extract from the records of the committee of safety of the state, Sept. 10, 1778, indicates that she died not long prior to that date:

"Appointed Col<sup>o</sup> Nichols, M<sup>r</sup> Underwood & Maj<sup>r</sup> Chase to take an Inventory & possession of the Estate of Sarah Lutwyche, D<sup>e</sup>."

### MIDDLETON.

The township was granted by the Masonian proprietors March 21, 1770, and incorporated by the legislature March 4, 1778.

In 1785 the inhabitants of the north part of Middleton, and those of a portion of Wolfeborough, attempted to get set off from their respective towns and be incorporated into a separate town. The scheme did not succeed, being strongly opposed by Wolfeborough and the south part of Middleton.

In 1794 the matter was again brought before the legislature, and the town was divided by an act passed Dec. 30 of that year, the north part being incorporated into a town by the name of Brookfield.

The town was settled by men from Rochester and Lee.

MILFORD.

The town was formed of territory taken from the north-west part of Hollis, the south-west part of Amherst, all that portion of the "mile slip" not included in Brookline, and an ancient grant made by Massachusetts to the school at Duxbury, called "Duxbury School Farm." It was incorporated Jan. 11, 1794, at which time it received its present name.

The mile slip referred to was a strip of land about one

mile wide, lying west of the old Dunstable grant; the southern portion of which had been incorporated with Raby (Brookline) in 1769.

An attempt was made by some of the inhabitants resident thereon in 1779, and again the following year, to get these tracts of land incorporated into a town; but it was opposed by Amherst, and was not successful.

In 1792 the south-west part of Amherst succeeded in getting erected into a parish, after which the town gave its consent by vote to its entire separation, which removed the most serious obstacle to the formation of Milford.

An addition was made to the town Dec. 20, 1842, by the annexation of another portion of Amherst. Another addition was made June 27, 1873, of territory taken from Lyndeborough.

[7-81] [*Petition for an Incorporation, 1779.*]

To the Hon<sup>ble</sup> the Council and Gentlemen of the Hon<sup>ble</sup> House of Representatives in General Assembly at Exeter convened March the 1779.

The humble Petition of the Inhabitants of Duxbury Farm and Mile Slip in the County of Hillsborough, and State of New Hamp<sup>sh</sup> whose names are hereto subscribed.

Sheweth That they are not sufficiently numerous to settle and maintain a Gospel Minister, and it is not likely they ever will

That they are situate between the Towns of Amherst and Wilton but at such a distance from their Meeting-houses, that the aged and infirm are utterly unable to attend public Worship, and it is a great Inconvenience to the rest.

That divers of the Inhabitants of said Towns of Lyndsborough and Amherst, who live near the said Duxbury Farm and mile Slip labour under the same disadvantage, and as by reason of the largeness of the said Towns, and number of the Inhabitants, they can well be spared, are very desirous of being separate from their said Towns, and annexed to said Duxbury Farm and Slip. Your Petitioners therefore humbly pray Your Honors to take their said Case into your serious Consideration and that (if in your great Wisdom you shall see proper) your Pet<sup>rs</sup> may be at liberty to bring in a Bill, in order to annex a certain part of said Amherst and Lyndborough and the Inhabitants thereof to the said Duxbury Farm and Slip, Viz<sup>t</sup> in Amherst Beginning at the northwest corner of a lot belonging to william Peabody Ju<sup>sr</sup> lying on amherst west line thence an East point 396 Poles being the width of six lots to the northeast Corner of a lot belonging to from thence a southerly point to the East End of the house of John Burn then south to the south line of amherst then by s<sup>d</sup> line to the east side of the mile slip

and in Lyndsboro Beginning at the northeast corner of Duxbury-school-farm and running a westerly point by the north end of s<sup>d</sup> farm and mile slip to the east line of wilton then running north by s<sup>d</sup> wilton to the northeast corner of s<sup>d</sup> wilton thence a East point to amherst west line thence a southerly point by amherst west line to the northeast corner of Duxbury school farm

And that the whole may be Erected into a Township with such Priviledges and Immunities as are Enjoyed by other Towns within the said State.

And your Pet<sup>rs</sup> as in duty bound will ever pray &c

## MONSON.

This town was incorporated April 1, 1746, and comprised the north-west part of the old Dunstable grant.

It had an existence as a town until July 4, 1770, at which time, in answer to a request of the inhabitants, about two miles wide on the north side was annexed to Amherst, and the remainder to Hollis.

An unsuccessful attempt was made in 1782 to reëstablish the town as originally granted.

[7-88] [*Reasons for not granting foregoing Petition.*]

To His Exelency Bening Wentworth Esq<sup>r</sup> Governer in chief in and over his Majesties Province of New-Hampshire, The Honourable the Council, and House of Representatives in General Court Assembled—

We the subscribers Inhabitants and freeholders in the Town of Monson in the province aforesaid Humbly shew, that, Whereas the south of Monson aforesaid has petitioned the General Court aforesd to be Annexed to Hollis: And as the Honourable Assembly has seen Cause in Their great Wisdom and Clemency to send to us for our Reasons, why the prayer of s<sup>d</sup> Petition should not be granted so may it, please your Ex-  
celency and Honours We with the lowest Submission beg leave to offer them—and in the first place we look upon the Town of Monson sufficient to support the Gospell, provided it was settled; And we Impute the Reason of its not settling to the Neglect of Building a Meeting-House and settling the Gospell: It also appears to us quite an unreasonable thing that the south of Monson should be Annexed to Hollis, a Numerous People able to support the Gospell without them and we Humbly pray that

their Request May ne'r be Granted for if so we are disenabled to Defray Town Charges and to settle the Gospell, and we are well Assured that your Exelency and Honours will take no pleasure in enlarging of one Town by ruining of another and it appears to us that the Scheem they are upon to break Monson has no Heigher ends then Private Interest and an Immence Damage to the Publick the Consaquence will be either fatal to Amherst and New-Boston in splitting And taring them to pieces and puting them to an immence Cost and Bring on a quarel that perhaps may not soon end or else it will leave us under very distressing Circumstances by the smallness of our Number and Scantiness of our Town—

And now may it please your Exelency & Honours we Esteem it our Duty as a Body Politick to use those Means which has the greatest Tendency to promote its Increase and flourish In order there unto the Town was for Building a Meeting-House in order for a Gospell Settlement and indeed went so far as to get a vote for it though afterward when said vote was laid before the Town they did not see Cause to Comply with it And if the Laws of the Government oblidges every Town to have a Meeting-House and an orthodox Minister verily such Towns or Members thereof as Refus<sup>d</sup> Cast Contempt on Authority and we are well assured that their offence in such a Wise assembly shall not be their Defence—and as the Building of a Meeting-House and settling of the Gospell has been an effectual Means to the Increase of a Society so the Neglect has proved the Contrary, and as the Chief of the Land is settled on each side of the Town—so the land that lays wast and Destitute of Inhabitants lies in the Middle of the Town which although perhaps Reputed by some to be Broaken land Infeasable for Settlement yet in our Judgment tis as good Land as any in the Town except a piece on the River, and is it reasonable may it please your Exelency and Honours that Members of a Society after they have kept back the Increase thereof that a part of that Society should go of to another town and leave the Remainder unable to Defray their Charges, as will be the Case with us if the South sid is set to Hollis being at a great and Continual Charge to maintain our Poor—(as also the one half of two large Bridges upon Soughegan River which are a Constant and very heavy Cherge,) And if we are as Dutifull Subjects as others why ought we not to have our Properties Continued, and if we pay our dues as well as others Subjects why may we not have our Religious Privelidges Supported, and as this Honourable Assembly hold the same so undoubtedly it will be thought fit to oblidge those that have Refused to Comply with what duty and Interest Requires as also the promoting the Public Weal and Interest—therefore finally suffer

us to supplicate your Excellency and Hon<sup>rs</sup> to lay a Tax upon the Land in the Town of Monson to enable us to build a Meeting House in order to a Gospell Settlement and so we as in duty Bound Shall ever pray.

Furthermore we the Subscribers Inhabitants and freeholders of the Town of Monson do Impower and desire Benj<sup>l</sup> Hopkins and Joseph Gould they or either of them to wait upon the General Assembly and oppose said petition and to shew how unreasonable the prayer thereof, is; so that the Same may not be granted, and also to Petition for such Priviledges for the Town to forward the settling the Gospell as they shall think best.

### MOULTONBOROUGH.

The territory was granted Nov. 17, 1763, by the Masonian proprietors to Col. Jonathan Moulton and others, and settlements were commenced the following year.

An addition was granted Jan. 24, 1765, by the same proprietors, which was sometimes called Moultonborough Gore. The town was incorporated by an act passed Nov. 24, 1777, and received its name in honor of Col. Moulton.

In consequence of disputes arising between this town and Sandwich relative to the divisional line, a committee, consisting of John Langdon, Joshua Wentworth, and Benjamin Chadbourne, was appointed Feb. 22, 1785, to settle the same, its decision to be final.

Long Island was annexed to this town Dec. 30, 1799. The Ossipee tribe of Indians once resided in this vicinity, and many relics have been found in years past.

Col. Joseph Senter was one of the leading men, and an officer of merit in the Revolution, as also was Col. Nathan Hoyt.

State of New Hampshire Strafford ss  
To the Hon<sup>ble</sup> Council and House of Representatives in General Assembly convened—

The Petition of Bradbury Richardson Nathaniel Ambrose, Abraham Burnam, Jonathan Moulton and John Adams a Committee for and in Behalf of the Town of Moultonborough in said State; Humbly shew, that there are great Uneasiness and disaffection, subsisting in said Town, which has been occasioned, by the Rev<sup>d</sup> Samuel Perley's removing himself and Family into Town with the Pretence of being the settled Minister of the Gospel here, and by his continuing as such in preaching and other Administrations; and by his unjustly claiming and demanding, publick Priviledges granted to the first settled Minister of the Town, which he the said Perley claims by Virtue of a pretended Settlement here, by certain Persons acting under the Denomination of an Ecclesiastical Council in October last—which Council this Town avers convened and acted in that Matter without either the Order, Voice or Concurrence of the Town, and against the general Sense of the Town, as much the greater part of the People were against his being settled here:—The Conduct of said Council, has since by this Town at a legal Meeting been wholly disavowed and greatly disapproved of, as their Records make appear all which said Perley has been duly advised of, and treated with to relinquish his aforesaid Settlement on equitable Terms; & has been legally requested by the Town with the Church to join the Town in calling a Council to judge of his aforesaid Settlement, all which he refused to comply with, but still persists in preaching and in his unjust Demands for the same—Wherefore your Petitioners in their aforesaid Capacity pray your Hon<sup>bl</sup> Court to view the particular Situation of this Town in the Difficulties they are under with Respect to s<sup>d</sup> Perley and the Inconvenience that will ever attend the Town in obtaining a regular settled Minister so long as there is a Person, laying Claim to that Office and the Priviledges belonging to the same; and that your Hon<sup>bl</sup> Court wou'd so far interfere in the Matter as to order & appoint an Ecclesiastical Council to take Cognizance of the Transactions that have happen'd here with Respect to said Perley, & to judge and determin whither said Perley has ever been fairly and legally settled as a Minister of the Gospel for the Town of Moultonborough and your Petitioners shall ever pray—

To the Hon<sup>ble</sup> Council & House of Representatives in General Assembly convened

The Petition Bradbury Richardson, Nath<sup>l</sup> Shannon, Joseph Ayres & Jonathan Moulton a Committee for & in Behalf of the Town of Moultonborough Humbly shew, that the Inhabitants of said Town humbly conceive, that they are overrated to the State and Continental Tax, by being doomed upon their Inventory sent to your Hon<sup>ble</sup> Court—which Inventory of the Polls & improvable Estates your Petitioners aver to be true & exact—and the Estimation therein of the Value of the unimproved Lands & Buildings your Petitioners conceive is as high as in any Town within this State—Your Petitioners impute the Doomage to some Misrepresentation or Misconception of the Situation of the Town—which Town since New Hampton has been incorporated by it self contains by the Division thereof only Two Hundred Acres to a Right that was thought worth laying out & but Seventy Nine Rights in the Town; Fifteen Hundred Acres of which Land laid out has since been claimed & settled by Sandwich Proprietors & pays Rates to that Town—and many other of the Lotts that were laid out are so mean in Quality as will forever render them Useless for Settlement;—With Respect to the Lands not laid out it is evidently known to be one Ridge of Mountains unfit for Improvements, So that the greater part of the Land fit for Improvements are settled upon by small Farms; & lays chiefly in View upon the Country Road, which tends greatly to raise the Town in the Opinions of People, beyond its true Value in general—Wherefore your Petitioners pray that the Doomage to this Town be taken off & the town pay only agreeable to their Inventory & your Petitioners shall ever pray.

[7-101] [*Petition of Non-Residents, 1790.*]

State of New Hampshire.

To the Hon<sup>ble</sup> the Senate and House of Representatives of the State of New Hampshire now in General Court convened at Portsmouth in said State,

The Memorial of John Peirce and others the Subscribers, proprietors of Land in Mason's Patent so called, in behalf of themselves and the rest of said Proprietors, and of other non resident owners of Land in Moultonborough in said State, Humbly Sheweth,

That an Act has just been passed to tax the lands of non-resident Proprietors in said Town, founded on a petition which your Memorialists never heard of till this day; otherwise they should have opposed the prayer for such an Act. That the Masonian Proprietors by express stipulations in the Charter of this and other Towns are free from the expences to be defrayed by this Tax, and the Grantees or other Proprietors took them upon themselves. And when this has been brought into view, they have been accordingly exempted in Acts of this general kind, to prevent their being retrospective, & annihilating former Contracts.

That this Act eases the Town and burdens non-resident Proprietors, with the expence of repairing all Roads and Bridges whatever in said town—And the monies raised may be applied to the building Bridges and repairing highways indefinitely according to the Terms of the Title, preamble, and Body of said Act.

That the Lands of non-residents are subjected to Sale for non payment of the Tax, without any liberty of, or provision for their Redemption. Wherefore your Memorialists pray your Honours to take their case into your wise consideration, and to annul and repeal the said Act, and grant them the privilege of being heard on said Petition, and they as in Duty bound shall ever pray

#### NASHUA.

This city occupies the south-east part of that portion of the old Dunstable grant of 1673, which proved to be in this state, and retained the ancient name when the old township was divided in 1746. It was incorporated April first of that year. In 1748 the citizens of the town had become so much divided in sentiment that they elected two sets of town officers, and a new election was ordered by the council and assembly, who appointed Thomas Colburne, of Nottingham West, as moderator of the meeting.

December 13, 1763, a portion of Dunstable, called "One Pine Hill," was annexed to Hollis, although so strongly opposed by the former as to create much hostility between the two towns. Another tract, comprising the farms of Daniel Merrill and Ebenezer Jaquith, was taken from Dunstable and annexed to Hollis, by an act passed May 14, 1773.

By an act approved December 8, 1836, the name of the town was changed to Nashua.

Nashua was divided June 23, 1842, by a line commencing on Nashua river at the line of Hollis, and running down said river to the Lowell railroad bridge; thence by said railroad to the old ferry road; thence by said road to Merimack river; and all that portion of the town lying north of that line was incorporated into a town by the name of Nashville, and so remained until June 27, 1853, when the two towns were united and incorporated as a city by the name of Nashua, which has become one of the most populous manufacturing communities in the state.

Artillery pond was thus named because it was included in a grant made by Massachusetts, October 11, 1673, O. S., to the Boston Artillery Company. That grant was of one thousand acres, and included the territory now in the compact part of the city north of Nashua river, and remained in possession of said company until it was purchased by Col. Joseph Blanchard about 1743.

Col. Blanchard was one of the leading men of Dunstable, and for some years agent for the Masonian proprietors.

To the Gen<sup>l</sup> Assembly of the Province of New Hampshire now Setting at Portsmouth in said Province

The Petition of the Freeholders of the Town of Dunstable in said Province Humbly sheweth, that there are several persons Returned as Representatives whose choice is illegal (*viz*) Joseph Blanchard Esq<sup>r</sup> for merrimac and monson Cap<sup>t</sup> Sam<sup>l</sup> Grele for Nottinghamwest and Litchfield Cap<sup>t</sup> Jon<sup>a</sup> Carlton for Plastow and Hamstead m<sup>r</sup> Joseph Wright for salem and Pelham and John Goffe Esq<sup>r</sup> for Bedford and Amherst and that— in the Election of Each of said Persons as Representatives many persons wer Allowed to vote who had no Real Estate in the Town Parrish or Precinct where such Election was. directly against a Law of this Province Intituled An Act for calling and Ellecting Assembly men and their Quallification and even the Returns of the writs for the choice of said persons for Representatives shew that the meetings for Electing them wer Illegall and tho' the Town of Dunstable had thirty five families settled in it in the year 1680 most of which wer within the bounds of said Town as now Incorporated in this Province yet we are omitted and deprived of having any voice in the Election of a Representative in this Assembly the said Town Rec<sup>d</sup> a Charter ap<sup>d</sup> 1<sup>t</sup> 1746 from the Governor and Council of this Province with all the Powers and authorities Immunities and Franchises with other Towns within said Province or any of them by Law have and Enjoy and yet other Towns not so long Settled nor Taxed so much have the previledge allowed them which we are denied

we pray that these Affairs may be Exam<sup>d</sup> into and Considered and something determined upon the same so that people may know how to practice for the future we pray the said persons may not be allowed to set in the Assembly to vote and Act as assembly men that we may not have any Laws or Votes passed before the House of Representatives be purged of those whose choice is Illegall and that said persons may not be Allowed to vote or act in any Affair before it be determined whether their Election is Legal or not we pray that we may

[7-107] [*Petition relative to the foregoing, 1762.*]

To the Gen<sup>l</sup> Assembly of the Province of New Hamp<sup>r</sup> Now  
Holden at Portsmouth in s<sup>d</sup> Province—

The Petition of the Freeholders of Dunstable in said Province Humbly Sheweth that on the 19<sup>th</sup> Day of January Instant the freeholders of the Town of Dunstable in s<sup>d</sup> Province met in s<sup>d</sup> Dunstable to Elect a Representative and more than fifty Freeholders of s<sup>d</sup> Town of Dunstable who had a real Estate in the same of fifty pounds value Chose Jonathan Lovewell Esq<sup>r</sup> for their Representative which choice was made by a Great majority of those present which had a real Estate in s<sup>d</sup> town of Dunstable of s<sup>d</sup> value. Tho after Reading the Law about the Quallification of voters in s<sup>d</sup> meeting we ware much Disturbed by the Select men of Holles and a Great number of people that Joined them from Holles monson and Pepperel who set up a meeting without Joining with the Selectmen of Dunstable to Qualify the meeting accoring to Law, and in their pretended meeting Declared that Doct<sup>r</sup> John Hale was chose a Representative for Dunstable and Holles but among them that voted for said Hale we Cant find ten persons that had any real Estate in said Dunstable so that the choice of s<sup>d</sup> Hale was not made by a majority of the Freeholders of the Town of Dunstable where the meeting was held but the choice of s<sup>d</sup> Lovewell was, we therefore pray that the Choice of s<sup>d</sup> Hale may be Declared Null because against a positive Law which says no person shall have the Liberty of voting in the choice of Representatives other than such who has a real Estate of the value of fifty pounds within the Town Parish or Precinct where such Election shall be and we Desire that the choice of s<sup>d</sup> Lovewell may be confirmed and accepted because agreeable to Law Except any fault in the writ and if that should be the case that a new

Writ may be sent to the s<sup>d</sup> Town of Dunstable from the assembly for a New choice without being Joined with any that cant agreeable to Law vote with us—

We pray that the point may be Determined and Settled so that we may know whither we shall practice according to the positive Laws of the Province or not

We pray that we may be Defended in our Lawfull Rights and prevelidges as a free people under the English Government and not Stript of them by any power or Number whatsoever we dont desire to act against the Kings Prerogative, but pray that we may not Loose our Previlidge as a people and we as in Duty Bound Shall Ever Pray—

[7-111] [*Relative to Bridge over Nashua River, 1773.*]

Province of Newhampshire

To His Excellency John Wentworth Esq captain general governour and commander in chief &<sup>th</sup> &<sup>th</sup> and to the honourable his majestys councill & house of representatives for said province.

The petition of William Nevins agent for & in behalf of the town of Holles in said province most humbly sheweth that Nashua river for the length of about two miles from the line of the province of the Massachusetts bay north ward is the boundary between Holles & Dunstable but comprehended in neither. And that the country road crosses the said river within that space. That a bridge was formerly built there by private property which is decayed. And there is a necessity of a new bridge being built for the safety and convenience of his majestys subjects. But the same not being within the bounds of any town there is no method to compell the building & repairing thereof without the interposition of this honourable court. Wherefore your petitioner prays that an act may be passed to oblige the said Towns of Holles & Dunstable to build & repair said bridge

at their joynt cost, and your petitioner in the behalf aforesaid shall ever pray &ca

William Nevens

Humbly apply the Subscribers, Legal Voters of twenty one Years of age & upwards paying for them selves a poll tax in Dunstable in said state.

That the new Constitution or form of Government for this State provides that every Town Parish or Place intituled to Town priviledges having one hundred & fifty rateable polls of twenty one Years of age & upwards may Elect one Representative.—and such Towns Parishes or Places as have less than one hundred & fifty rateable polls shall be Classed by the General Assembly for the purpose of Chusing a Representative.—and whenever any Town Parish or Place intituled to Town Priviledges shall not have one hundred & fifty rateable polls & be so Situated as to render the Classing thereof very inconvenient the General assembly may upon Application of a Majority of Voters in such Town Parish or Place issue a Writ for their Electing & sending a Representative to the Gener<sup>l</sup> Court.—That the Subscribers conceive that they fall within the last Description not being one hundred & fifty rateable polls & being so Situated as to render the Classing thereof very inconvenient.

NELSON.

The township was granted by the Masonian proprietors, and went by the name of Monadnock No. 6 until February 22, 1774, when it was incorporated and named Packersfield, in honor of Thomas Packer, of Portsmouth, one of the largest proprietors.

In 1777 an attempt was made to have the name changed to Sullivan, which was unsuccessful.

By an act passed September 27, 1787, a portion of the north-west part of the town, about two miles square, was combined with portions of Keene, Gilsum, and Stoddard, and incorporated into the town of Sullivan.

The formation of the town of Roxbury, December 9, 1812, took off the south-west corner of this town, and a portion of Keene and Marlborough.

The name of the town was changed to Nelson, October 1, 1814, in accordance with a vote of the legislature in June previous.

The boundary line between this town and Roxbury was changed June 15, 1820, a small tract of land being severed from the former and annexed to the latter town.

June 25, 1835, the farm of Ebenezer Tarbox was severed from Stoddard, and annexed to Nelson.

Breed Batchelder, a tory during the Revolutionary war, and Dr. Nathaniel Breed, commenced settling the town in 1767-8.

### NEW BOSTON

The township was granted by the government of the Massachusetts bay, March 20, 1735, O. S., to John Simpson and others, who were soldiers, or heirs of soldiers, engaged in the Canada expedition of 1690.

An arrangement was made December 24, 1752, whereby the Masonian proprietors relinquished their claim on the territory, including a large tract in addition to the Massachusetts grant, which addition was incorporated with Frankestown in 1772.

New Boston was incorporated with town privileges February 18, 1763, and Col. John Goffe, of Bedford, authorized to call the first meeting.

June 18, 1836, the farm of Isaac Parker, situated in the north-east corner, was severed from this town and annexed to Goffstown.

Some of the grantees and settlers were from Boston, Mass., and named this town in memory of their former home.

The men in the First N. H. Regt., in the Revolution, from this town were John Jordon, Thomas McNeil, Benjamin Stone, and a negro named Peter Brewer: the latter died in the service.

To His Exelency Bening Wentworth Govener in chief in and over his Majesties Province of New-Hampshire & To the Honourable His Majesties Councill

The Memorial of Thomas Cochran and others humbly Sheweth That Some Time before the War began about the Year forty Three a few famelies began to Settle upon a Tract of Land called New-Boston which Tract of Land was formerly Granted by the General Court of the Massechusets Bay to a party of Soldiers Belonging to the Canada Expedition formerly as a Reward in part for their good Service; which Tract of Land is Bounded Easterly upon Bedford and a Tract of Land called Goffs Town Notherly upon a Tract of Land called Hales Town Westerly upon a Slip of Land granted to said Proprie-

tors by the Purchasers of Masons Patent As also upon a Tract of Land formerly called Salem-Canada Latly Lindburrough Southerly upon a Tract of Land called Souhegan West The Contents of which is about Six Mild Square as will appear by the Plan. And altho' those few families that Settled before the War Commenced; Deserted the Settlements in the Time of the War, yet as Soon as the War concluded, immediately took possession and have made Considerable Improvement. Since which many More families have Settled upon the Same Tract of Land to the Number of Twenty families or upward—And as we are all of the Presbeterian Constetution, So we are Solicitous to Settle a Minister of our own Constetution, that we may quietly enjoy Christain Privileges. and we think an Incorporation tends greatly to promote the Same as well as to Advance the Settlement of the Town. and many other Advantages Consaquent upon it too Numerous to be incerted; So with the lowest Submission we beg leave to address your Excellency & Honours for a Charter of our Township according to the Contents above Specified and doubt not but that in your great Wisdom & Clemency will answer our reasonable Request. [7-125] [*Statement from the Committees of Safety of New Boston, Weare, and Francestown, 1775.*]

To the Honorable the Provincial Congress, Council of War or Committee of Safety sitting at Exeter in and for the Province of New Hampshire. Gentlemen—

We the Subscribers being Committees of Safety for our respective Towns think it our indispensable Duty to remonstrate to You Gent<sup>l</sup> as the Guardians of our Province the melancholly and unhappy Scituation of our County by Reason of a Number of Disorderly Persons who laying aside all Reason and Rules prescribed by You Gentle<sup>m</sup> and the Wisdom of the Continent, have set them-selves as it were in Battle Array against all Order; and pursue with hasty steps the very Road to Confusion and Effusion of Blood therefore from such unnatural Behaviour fearing the worst of Consequences if not speedily prevented and conscious that we have done every thing in our Power hitherto within our proper spheres of Action to prevent a Consequence so horrible in its Nature and so utterly subversive of Peace and Unity and seeing the dreadful Eve of domestick War now blackening over our Heads we now avail our-selves of the last Effort in applying to You Gent<sup>l</sup> in whom this Province has reposed so much Confidence, humbly beseeching You in your great Wisdom to point out Some more effectual Method than has heretofore been taken, that all Persons who have been fairly and impartially examined and Justly and honourably acquitted of the odious Names Tories and

Enemies to their Country may rest in Peace for the future and have an Opportunity by their future good Behavior to prove to the World what Malice itself must acknowledge and applaud and unless some such Method be Speedily taken (in our opinions) our County will soon discover that Committees of Safety are but Empty Names and the last Distress of Nations our only Asylum and Place of Resort If the Above Remonstrances should appear to you Gent<sup>l</sup> Reasonable and worthy of Notice Your Compliance therewith will conferr very great obligations on Gent<sup>l</sup> Your most obed<sup>t</sup> h<sup>o</sup> Serv<sup>ts</sup>

[7-126] [*Concerning Dr. Jonathan Gove, 1777.*]

State of New Hampshire—Hillsborough ss

To the Hon<sup>ble</sup> the Council and house of Representatives for the state aforesaid—

The Petition of us the Subscribers humbly sheweth that whereas D<sup>r</sup> Jonathan Gove of Newboston of the State and County afores<sup>d</sup> is Now and for better than three Months last past has been a Prisoner Closely Confined by your Honors we understand for being inimical to the American Cause and for Contriving and Plotting the Distruction of this and the other united States and assisting the Enemies thereof. We beg leave to assure Your Honors that we have had an intimate acquaintance with him the s<sup>d</sup> D<sup>r</sup> Gove for years before the Commencement of this unhappy and unnatural War, and what his thoughts have been Respecting the same we Humbly submit to God alone the only Searcher of Hearts and tryer of the Reigns of the Children of Men, but as to his Conduct he has been above his full Proportion in every Respect towards Maintaining and supporting both the civil and Military Government

of this State and that the Town is Now Considerably indebted to him for what he has paid over and above his Proportion for the support and maintainance of the Present War, we wish Not to Clear the Guilty, or to bernish Crimes but beg leave to say that we do not nor ever did Conceive of him as A Dangerous Man to the state but (quite the Contrary) A good generous and Peaceable subject of Society, and faithful and succesful in his Employment as A Physician verey tender of all Committed to his Care the want of whose assistance we verey tenderly feal in times of Sickness having scarcely anywhere else to go for Releif, Not having A Physician that we Can Depend upon within twenty Miles of us and knowing No Evil of him and being intimately aquainted with him beg Leave to intreat of your Honours that he may be liberated, and be Relieved from the Pains of Imprisonment and Restored to his Distressed Family and Friends again we fully Conclude that your Honours have No Persanal knowledge of him and that your Opinions must be founded upon the Evidence of others and we Can Conceive of No persons so likely to Evidence for or against him with Justice and truth as those who have had a long and intimate Acquaintance with him we have great Reason to belive that his Present Misfortunes have Reather arisen from Prejudice than from any good his accusers wish to do to the State or united States we only wish him Justice and Can't but think he has been wrongfully accused and Much injured. We fully Rely on your Honors Humanity and Desire of Doing Justice according to your Evidence and are fully persuaded that your Honors wish Not to punish the Innocent any More than to Clear the Guilty and that Your Honors Judgment will be swayed by that Evidence which is of the best kind, and humbly Conceave that no Persons Can be better acquainted with the General tenor of any Mans Conduct than those who have had a long and familiar acquaintance with him therefore we beg leave to Repeat that we do and Ever have Considered Him as a good Generous and Peaceable Member of Society, and that his behaviour has been such as Can and ought to be Justified Therefore we your Petitioners Earnestly pray that he May again have his Liberty and that he may be again a Benefit to and Receive benefit from Society in general and those of his Friends and Family more particularly and we your Petitioners as in Duty bound will Ever Pray

[R. 3-16] [*Jonathan Margery, wounded at Saratoga.*]

[Petition of Jonathan Margery addressed to the Council and House of Representatives.]

Sheweth—

That at the commencement of the War, he voluntarily enlisted into the service of the State, in the Regiment commanded by Coll Starks, and afterwards in that commanded by Coll Hale; in which he served untill the 25<sup>th</sup> day of July 1777;

when in an Action near Saratoga he received a Ball in his Hip, which has not yet been extracted: That his enlistment was during the War, and he being unable to perform duty in a marching Regiment, he returned home, since which, by order of the Honorable Committee of Safety, he has done duty, as an Invalid, at Port Washington, Piscatiqua-Harbour; during all of which time, he has been an obedient, diligent and faithful Soldier.

That he has a small Farm in New-Boston in this State partly improved, on which he could make a comfortable living for himself, and his Family, should the honorable Court be pleased to grant him a discharge from the Service; his pay as a Soldier, has been so small, and not received for so many months past, that his Family has suffered greatly; That his House, and small improvements on his little place, are all going to ruin, for want of his care and Labour; and his destitute Family in a short time must become a much greater burden, and expence to the community than his poor services as an Invalid-Soldier can possibly repay.

He therefore most humbly and earnestly intreats your Honors to take his Case into consideration and grant him a discharge from the Service; and your humble Petitioner as in duty bound, shall ever pray.

State of New Hampshire—

To the hon<sup>ble</sup> the General Court for said State humbly shew

That whereas D<sup>r</sup> Jon<sup>s</sup> Gove of New-Boston was convicted of passing Counterfiet Money knowing the same to be such (on or about the Month of Oct<sup>r</sup> 1778) and was then Sentenced to pay a heavy Fine—cost of Court and suffer Imprisonment &c which Sentence was duly executed, altho' we fully believe that that Conviction could never have happened had it not been for the Testimony of one Silas Hedges a most atrocious villian who (we reasonably suppose) to escape deserved Justice himself was induced by perjury and falsehood to saddle another with that Disgrace and punishment which he himself had most amply merited, we beg Leave to say that had his Character then been fully known his Evidence could not have had the least weight either with Court or Jury, and as the Constitution of this State expresly declares that every person has a Right to have Recourse to the Laws for Injuries that he has suffered—and said Gove has petitioned the General-Court for a rehearing upon that Conviction or upon his proving the perjury of the Evidence upon which He was convicted that his Sentence may be reversed and made void—We humbly conceive it to be a most Reasonable Request, and earnestly wish that the prayer thereof may be granted, for We fully believe that excepting the Matter of that Conviction—his Character ever has been and still is good—and that in his practice (which by no Means has been small) he has ever dealt faithfully and impartially always endeavoring as much as in Hjm Lay to afford Relief to Rich and poor Friend and foe without Distinction wherefore we earnestly pray that your honors would take his Case into your most serious Consideration and grant him his Request—and your petitioners Subjects of said State as in Duty bound will pray—

[7-129] [*Instructions to Representative, 1787.*]

To Doct<sup>r</sup> Jon<sup>s</sup> Gove—

Sir The Town of Newboston having placed great Confidence in your Abilities and Integrity (by a full and generous

Vote) have done you the honor to elect you their Representative for the ensuing year; and viewing the present a very dark and difficult Day, have also thought fit (through us) to give you some general Instructions, to regulate your Conduct; so far as the Oath which will be required of you; or the good Reasons which you now possess; or hereafter may have or obtain, (relative to any Matters which in General-Court may come before you) shall permit. We know Sir! that if you attend your Duty as you ought, your Task must be hard & difficult: Wherefore in the Name and Behalf of the Town, we most earnestly enjoin it upon you (in the first place) to pay a devout and religious attention to the Constitution, and Laws of this State; & also to the Confederation of the United States; and manfully oppose every Measure which shall not be consonant thereto; well knowing that if the General-Court are inattentive to—& Disregard their own Laws—the People will most certainly treat them with Neglect, & Contempt. You cannot be ignorant that the good of the People, ought to be your great Aim: And so far as you discharge your Duty in that Respect, you will merit the fullest Approbation of this Town—and all good Men. We do not pretend, to give you Directions in Matters, where it is impossible for us to know the Reasons, which may be given for, or against them; but most cheerfully submit them to your own Judgment, & Discretion; But beg Leave to Caution you against exercising a party Spirit in any of your Conduct: But that you ever keep in view the Good of the Whole, in which the happiness of Individuals must necessarily Consist, But as it will be a Duty incumbent on you, (in a more particular Manner) to attend closely to the Business of this State, and the welfare and happiness of it; we intreat you to strive to promote peace and Unanimity in the General-Court; as that will greatly strengthen the hands of Government—give Courage and Contentment to its Virtuous Citizens, whilst the flagitious and abandon'd shall thereby meet with every Discouragement, and be forced to their Duty; or depart from among us. In the next place, we most earnestly enjoin it upon you, to endeavor to ease the Burdens of the people, so far as you can consistent with Justice & Equity, not loading them with unnecessary Taxes, & thereby drive them to a State of Desperation; nor intermeddle with any Disputes, which neither Justice, our Constitution nor the Confederation either warrant; or require. We further instruct you to use your Influence that our waste Lands may be appropriated to the payment of our Debts, in the cheapest & most expeditious manner possible, so as to encourage & facilitate the settlement of them; & in all things endeavor to promote peace & Unanimity, which are generally

attended with happiness & prosperity : Whilst Division & Dischord tend to Destruction.

And it is our Desire, that the Tender Act may be continued with this alteration, that Creditor shall either by himself, or Attorney make a Demand of Monies due, or property, previous to his commencing his Suit, or in any Stage, thereof, accept the tender of the Same ; or his Neglect, shall be a Bar to all cost, which may arise thereon.

And also that a justice of the peace may have full power, to try any civil Action up to ten pounds ; & that all appeals from s<sup>d</sup> Justice may be entered up at the Superior Court, & also that all Actions upwards of ten pounds, may be entered first at the superior Court, and that the general sessions of the peace may not be permitted to set in the County of Hillsborough more than twice in one year—

and lastly that the Officers of Government may Conform to the Circumstances of the People (respecting Salaries) & not load them with Burdens exceeding their Abilities.

And now Sir—Sincerely wishing you Wisdom to desern ; & uprightness to conduct ; in the important Station in which this Town have placed you beg Leave to subscribe our-selves your most obed<sup>t</sup> h<sup>ble</sup> Serv<sup>ts</sup>

We Being Appointed a Committee by the Hon<sup>le</sup> General Court of said State to Perambulate ascertain and Establish the line between Goffstown and New Boston, Not to Effect the Property of any Individual, Beg leave to Report that by Examining the Grants and Plans of said towns; We find their is a Strait line from the Southeast Corner of New Boston at Amharst line to the Northwest Corner of Goffstown which is the Southwest Corner of Dunbarton and for our satisfaction we began at the Southeast Corner of New Boston from thence we Run a line North about five Degrees West about two Miles to a hemlock tree which is the Northwest Corner of Bedford and the Southwest Corner of Goffstown from thence we Run a line the same Course four miles and one hundred and four Rods and Erected Monuments thereon to a White Oak tree which is Called the Northeast Corner of New-Boston and the Southeast Corner of Weare thence We Run the same Course about one mile and three Quarters to Goffstown Northwest Corner and Dunbarton Southwest Corner; and we find all four of said bounds standing in a Strait line as Nigh as Can be Expected; Wherefore it is our opinions that the aforesaid line between the said hemlock tree which is Goffstown Southwest Corner; and the aforesaid White oak tree which is Called New Boston Northeast Corner is the Right line between said Goffstown and New Boston; As to the said line Effecting the property of Individuals the lots that lyeth in both towns on Each Side of said line Contains about the Number of Acres in them that they are Called by Estimation without Crosing the said line; We further

The township was granted by the Masonian proprietors, February, 1772, to John Fisher, of Portsmouth, and called Dantzick for some time, and afterwards Fishersfield, until it was changed to Newbury, July 4, 1837.

The town was incorporated Nov. 27, 1778, and annexed to Hillsborough county by the same act, previous to which it was partly in the county of Cheshire.

A portion of the town was taken off, and included in the territory incorporated into the town of Goshen in 1791.

Two tracts of land have been severed from this town and annexed to Bradford, one of which was Dec. 6, 1796, and the other June 22, 1859.

[7-236] [*Relative to Incorporating the Town, 1778.*]

To the Hon<sup>ble</sup> the Council and House of Representatives of the State of New Hampshire in General Assembly Convend May 20<sup>th</sup> 1778.

The Subscribers Inhabitants of the Township of Land Called Fishersfield in said State Humbly Shew to your Honors—That Having Seen a Petition to your hon<sup>rs</sup> for a remission or Suspension of the State tax of said Township, and for an Incorporation of the same, and also that the same may be wholly Joined to & Laid within the County of Hillsborough, Your Petitioners are Greatly Surprized to see what arguments are bro't by the Signers of that Petition to Induce your hon<sup>rs</sup> to Grant the prayer thereof, Namely That they Conceive your hon<sup>rs</sup> have Unconstitutionally Taxed them &c and therefore pray that the same may be remitted or Suspended, untill Your hon<sup>rs</sup> shall Incorporate them with Powers and Privileges to raise Taxes, lay out and repair highways &c—To which your hon<sup>rs</sup> now Petitioners beg leave to say that altho' the Tax on said Township is Heavy Yet as the Greater part of the Lands belong to Nonresidents We are willing to pay our equal proportion with others, and think Your hon<sup>rs</sup> have wisely provided a way to recover it without Incorporating said Township—and as to the Charge of Highways &c, we would say that in Case we should be Incorporated we fear the whole burthen of the highways will fall on the Inhabitants (being but about Twenty familys at most), and whilst Unincorporated we have Great hopes of help in that matter from the Nonresident Proprietors. We would further Suggest to Your hon<sup>rs</sup> that several of the Persons named as Signers of the aforesaid Petition are not nor Ever were Inhabitants of said Township, & some who never Signed the same,—The said Township is new and poorly settled, and not Yet well furnished for all Necessary Town officers &c—

For all which reasons and many more that might be offer'd We humbly request and hope your hon<sup>rs</sup> will Wisely Consider of these matters and Dismiss the aforesaid Petition or not Grant the prayer thereof, but Let the said Township remain Still Unincorporated untill Your hon<sup>rs</sup> shall find us better able and Qualified to receive such Incorporation—

And your Petitioners as in Duty bound Shall Ever pray—&c

To the Honourable Council and House of Representatives.  
Convened at Concord—

May it please your Honours We your most humble Petitioners Hereby beg leave to Lay the Grievence of the Town of Fishersfield and the Cause thereof before your Honours for your Candid and Deliberate Consideration Therefore we your Petitioners who were Chosen and served as two of the Selectmen in said Town of Fishersfield for y<sup>e</sup> year 1779 which was the first year the Valuation was taken after our Incorporation, and being Unacquainted with the Method of Procedure in such Capacity in New Settlements and with the advice of some whome we thought to have more knowledge in such Business then our selves we took the Valuation on all Lands in said Town on which Indean Corn Ry wheet or any other Nessacary produce Grew a Great part of which lands the Trees was only fell and the Land but Slightly Burnt over the Logs and Brush much of them being then on y<sup>e</sup> Grounds for which Reason we

now think that it would take more then four acres of such Land to make it Equal in Value for Produce with one Acre of old Improved tillage land and on y<sup>t</sup> account of the Valuation being taken and given in order for our being Taxed in Proportion to our Intrests with other Towns in said State together with there being Several Polls taken and given in in said Valuation which did not properly Belong to said Fishersfield We Humbly beg Liberty to Inform your Honours that we now think that Notwithstanding the abatement of Part of our Taxes in y<sup>e</sup> year 1780 that we are still taxed full one third too high when Compared with some other towns within our knowledge—

Wherefore We your Honours most Humble Petitioners in the name and behalf of y<sup>e</sup> Town of Fishersfield and by the Earnest Desire of our poor Inhabitants who Complain being on New Settlements and hardly able to Support their Families and much less able to pay their Respective Assessments most Humbly and Earnestly Pray that your Honours would take the matter of our Greivence under your Serious Candid and Deliberate Consideration and ease us so much of our taxes and such Number of Soldiers sent to for the Contentental Service as your Honours shall think Reasonable for the Reason above offered— And We your Honours most Humble Petitionors as in Duty bound Shall ever Pray—

State of New Hampshire

To the Honorable the Senate and the Honorable house of Representatives in General court convened at Exeter

The memorial of John Peirce of Portsmouth Merchant, Humbly sheweth that in Feb<sup>r</sup> 1772, John Fisher Esq<sup>r</sup> obtained a Grant from the Masonian Proprietors for the Township of Fishersfield, that your memorialist received said Fishers Deed for one half said Township—That the Settlement has been carried on at the joint expence of said Fisher & your Memorialist, That immediately after receiving said Grant they were call'd upon by the Government to clear the Province Road so Called through said Town, which was done accordingly, & these cost the said Fisher & your Memorialist £101, 10, 10 L M<sup>s</sup> that other very considerable sums have been since laid out in repairing & making other Roads—That the whole of the good Land owned by said Fisher & your Memorialist on said Province Road, was laid out for Settlers, and actually given away, with almost the whole north west Quarter of the Town besides, and not less than One hundred Acres of the best Land the Settlers could pick, to any one,—That of the large number of inhabitants now in the Town a very small part of them, perhaps not more than five or Six, whose lots were not given for Settlement, and all of whom by agreement expressed or implied were forever to support the proprietary Charges.

Your Memorialist would further shew that by their said Grant they were obliged to settle only twenty five Families—That they actually gave away Forty lots to settlers very soon after receiving their Grant, and have since given away lots to more than ten other Settlers—

Their only inducement to do so much more than their Charter required, was that the Charges of the Roads should not be burthensome to the Settlers.—Your memorialist is now sur-

prized at hearing a request from the inhabitants for a Tax by which they now intend to shift off the whole burthen of the Roads on your Memorialist,—and that one branch of the Legislature has actually, so far granted the prayer of a petition for that purpose as to permit a bill to be brought in, without the usual Notice in such unreasonable cases.—It is clearly seen that if the law requested should pass, that it must operate extremely unequally—for of the Common Land now owned by your Memorialist, a very considerable part is Mountaneous & never can or will be cultivated, whereas Seven or eight thousand Acres in possession of the Settlers is picked Land, of the whole Town, and all very good, and is undoubtedly worth ten times the sum, the same Quantity of Land like the unsettled Lands in that Town, for which reason a Tax by the Acre would operate very unequally—Your Memorialist would further Suggest the possibility if not probability of great injustice in collecting such a Tax, for by putting it in the power of the Inhabitants to collect the Tax at will, by advancing the price of Labour above the Cash value, they may not only free their own Lands from the Tax but put money in their pockets—

For all which and many other good reasons Your memorialist most humbly request the Petition of the Select Men or Inhabitants of Fishersfield may be dismissed—and your Memorialist as in duty bound will ever pray.

NEW CASTLE.

This is one of the oldest towns in the state, and was formerly known by the name of Great Island. It was the seat of government for some years, and meetings of the governor and council were held here as late as 1718.

Previous to 1793 the inhabitants were assessed by the selectmen of Portsmouth, but being dissatisfied with the assessment made that year they appealed to the governor and council, who disapproved the assessment; and, in answer to a petition from the inhabitants of Great Island, severed them from the "Bank," and granted them a charter with town privileges by the name of New Castle, which name came from the Duke of New Castle.

The charter was granted by Governor John Usher and

his council, is dated May 30, 1693, and included some territory now belonging to the town of Rye. A settlement was made here as early as 1623 by one David Thompson, who soon after built a house on Odiorne's Point, which remained standing for many years, and was known as Mason's Hall.

An earthwork fort was built on Frost's Point at an early date. It was rebuilt in 1704-5 under the direction of Col. Wolfgang William Romer, one of the queen's engineers, who came over from England for that purpose, and was called "Fort William and Mary" for eighty years or more prior to the Revolution.

A fort was built on Jerry's Point in 1775. An ancient, crude plan showing its location, and also the locations of Forts Washington and Sullivan, is in manuscript, Vol. 7, p. 134, from which volume the following documents are copied.

In 1725 or '26 sundry persons belonging to New Castle, Sandy Beach, Portsmouth, and Hampton, petitioned the general assembly to be erected into a parish by themselves; and an act passed that body on the 30th of April, 1726, providing "that the great island in the Town of New Castle together with the Estates of Lieutenant John Sherburne George Wallis deceased, Tobias Lear John Odiorne Capt Henry Sherburne James Randall & John Leach be a distinct parish by their antiant Name of New Castle, and that all other parts of New Castle be another or second Parish by the Name of Rye;" and all the petitioners who lived in Portsmouth and Hampton were "Polled of to the said Parish of Rye" for ministerial and school purposes. From this I think that John Farmer must be in error in his statement that "Rye was incorporated in 1719."

By an act passed December 22, 1791, all that part of New Castle situated on the "south-west side of the River" was severed from the town, and "annexed to the Parish of Rye."

Ancient New Castle engaged quite extensively in the fishery business: modern New Castle is engaged somewhat in entertaining summer visitors, it being one of the pleasantest places on the Atlantic coast.

To the Hon<sup>ms</sup> The P<sup>r</sup>esident and Council now Setting in Ports-  
m<sup>o</sup> June the 6<sup>th</sup>, 1682

May it please yo<sup>r</sup> Hon<sup>rs</sup>

In Obedience to an order of Councill bearing Date the 2<sup>d</sup> May, 1682 Wee Convend the Town, to agitate & Confer about the Settment of a Minister Upon the great Island and have taken notice of the Petition p<sup>r</sup>esented yo<sup>r</sup> Hon<sup>rs</sup> by Some of the Gent: men of S<sup>d</sup> Island, who Call them-Selves p<sup>r</sup>sons Unanimusly chossen by ye Inhabitants for that End. but Upon Agitation & Conference the Inhabitants of the other partes of the Town, Culd not See cause to Consent to the motion of those on great Island at p<sup>r</sup>esent, for Sundrye Reasons.

1: The Gen<sup>t</sup> of Great Island are equally ingaged with us to the payment, of One Hundred pound per Annum to Moody During his continuance here, we then advancing, to the Utmost of our abillities, for the promoting of so Good a work, in Expectation of being Daily Eased by the Increasing of our Inhabitants and Estates, but providence of Late hath not So Smil<sup>d</sup> Upon Us, as to admitt of any Addition to our rates, with out prejudice to our familes.

2: We think it very Unreasonable they Should be sollicitos for the setling a new, till all arrears are adusted with the old Minist<sup>r</sup>, which will not be readily Done, by reson of the great aversion of the inhabitants of the Island, to the payment of the rats now in the Constable hands as by S<sup>d</sup> Constable Complaints Doth appeare, when that is Done, together with what, Concerns the Town, we Shall Studiously endeavor the Accomidation of the Great Island, as far as may Consist w<sup>th</sup> the Peace and unety of the Town.

3: We are very fearfull Should this be admitted it would

tend to a great Divission in the Town, for Such like reasons may Greenland Sandy beach, &c: Desier the Same, and then how far we Shall be able, to Comply w<sup>th</sup> o<sup>r</sup> Obligation to m<sup>r</sup> Moody, and allow Maintainance to others in the Same Capacity, we Humbly Submitt to yo<sup>r</sup> Hon<sup>rs</sup> Judgm<sup>t</sup>

4: What the Gen<sup>l</sup> of the Island Dessier is purely for their own, with out respect to the Towns convenience, but when the Intrest, of the Whole, and a part comes in Competition, we leave themselves to Judg which ought to be p<sup>r</sup>fer'd.

How Ever we are not insensible of the Inconveniency attending the Inhabitants, of the Island, in Coming to meeting, intimated in their petition; & we beg them to be So Charitable to beleive we Sympathise with them, (but to their Reasons we would Say one word)

1: Concerning the profaning of the Lords Day &c and (2<sup>d</sup>) —abundance liveing with out ever hearing a Sermon So as they will grow heathenish,

We Say, the Sabath will be profaned by Some whither neare or farther off, but one Good help here in will be for mast's of families, to teach, & Instruct those Under their care and government, as Christians ought to Doe, and this will be a means to remedy Heathenissim, and abate much of the profanity of the Sabath.

for the 3<sup>d</sup> namely Servants Complaining of their Labour & hazarding health if not lives, we would Say its imposable; all in these Scattering towns, Should live Equally convenient, to the meeting-house, Sume must Undergoe, more then others,

But the meeting house was Sett where it is, principally for the Convenience of the Inhabitants of great Island, and we never heard, and hope never shall, of any lives Lost, in attempting to come to meeting, if at any time, there Should be any Danger of that, they well know mercy is to be preferd befor Sacrifise as to his Maj<sup>ty</sup> fortification being Exposed to an enemy; Scarce one Sufficient man Staying at home &c.

Wee Humbly leave that to yo<sup>r</sup> Hon<sup>rs</sup> in time of wars or Danger to take Such care as in yo<sup>r</sup> wisdom, Shall be thought meet, of which we presume they need not Doubt.

These with other considerations, which we Culd offer, give — Humbly of Opinion, that the motion of the Gent men of great Island is at this time very Unreasonable, and that we had rather Unite both in Church & Town, which if we Doe, Hope Sume waye may be found out in Due time, to gratifie the Gent<sup>l</sup> of great Island with out Dissatisfaction to the rest of the Town.

May it please Yo<sup>r</sup> Hon<sup>rs</sup>

I find my self oblidged to notefye to Yo<sup>r</sup> Hon<sup>rs</sup> that there is 6 or 7 weecks worck more to do at Her Maj<sup>ties</sup> Fort will<sup>m</sup> & Mary and that all materials in the major part are ready at hand there, for that finishing part, and whereas the Assembly, by their last Sessions, could not rayse anny supply of mony for that service, which is y<sup>e</sup> only obstackle that His Excell<sup>ty</sup> could not resolve on that head, I therefore by just raysons generously resolved in order to take that obstackle away of no mony in the Treasury to advance the mony necessary out of my one Estate.—

Now to promote this important affaire for owre Great Queens service & the Publick interesst, I therefore desire Yo<sup>r</sup> Hon<sup>rs</sup> that You will please to make an effectuall adres to His Excell<sup>ty</sup> that he may be pleased to order matters thus, that I may under a due protection finishe the Fort as aforesaid, and to consider that whereas there is no mony granted: sume worck halff finished, together with y<sup>e</sup> damage by the last violent storm & high water donne, will be of verry bad consequence, if not altogether in every respect prouve fatall; (which if should happen the fault can not be myn :) in cas it should not be finished at present & the damage as before hinted mended, which all I leave to Yo<sup>r</sup> Hon<sup>rs</sup> Serious considerations, and I shall alwais remain the Same as have been hittheronto

To His Excellency Sam<sup>l</sup> Shute Esq<sup>r</sup> Cap<sup>t</sup> Gen<sup>l</sup> & Gov<sup>r</sup> in Cheife in & over his Maj<sup>ties</sup> S<sup>t</sup> Province & Vice admirall of the Same & to the Hon<sup>ble</sup> The Councill & house of Representatives Now Setting in Gen<sup>l</sup> Assembly—

The Memoriall of Sundry His Maj<sup>ties</sup> Loyall & Good Subjects of y<sup>e</sup> town of New Castle Most Humbly Remonstrates

That Whereas the Governm<sup>t</sup> in y<sup>e</sup> Reigne of our Late Sovereigne King Charles y<sup>e</sup> 2<sup>d</sup> of Blessed Memory, Did Under the wise & good Conduct of Edward Cranfeild Esq<sup>r</sup> then Gov<sup>r</sup> of S<sup>d</sup> Province, order Erect & build a Bridge Over y<sup>e</sup> branch of Pisc<sup>a</sup> River Cal'd y<sup>e</sup> ferry or fording place of Little Harbour, and that for y<sup>e</sup> Gen<sup>l</sup> Good & Benifitt of all his Maj<sup>ties</sup> Good Subjects, in Saving Six Miles travill at least, from Hampton to York & So further East, as also a Much better & Safe Road in time of Warr & also that His Maj<sup>ties</sup> Fort on the Island May be Soon Reliev'd in Case of an Attack from forreign Enemies, as also to prevent that Common & frequent Practice of Wronging y<sup>e</sup> King of thee Revenues & P<sup>t</sup> Duties Lay'd on Goods Importe'd Whereby his Maj<sup>ties</sup> Governm<sup>t</sup> Might (& ought) to be Supported, & that to Ease to all his Maj<sup>ties</sup> Well Meaning Subjects in y<sup>e</sup> Province, the Which Bridge Did then prevent, (until the Providence of God did by a Very Great Storme &c break & Carry away S<sup>d</sup> Bridge,) Since which his Maj<sup>ties</sup> & all his Good & faire Dealing Subjects hath been Much Impeded & hurt in their Just Duty & trade by Unfair Dealers Stealing into that Creek to Defraud the King & y<sup>e</sup> Province of y<sup>e</sup> Duty & Impost, and for as much as our late L<sup>t</sup> Gov<sup>r</sup> & Comand<sup>r</sup> in Cheif, Coll<sup>o</sup> Usher, with the Consent of y<sup>e</sup> Councill, Did Incorporate the Inhabitants of G<sup>t</sup> Island & Sandy beach into a town Cal'd New Castle, with Severall priveledges, as per Charter Inrold, whereby We are Oblig'd by Law to Repair all Bridges and high Waies within S<sup>d</sup> Boundaries, of y<sup>e</sup> Charter & for as Much as y<sup>e</sup> Said Inhabitants found Upon Serch that they Ought to Repair or Rebuild S<sup>d</sup> Bridge, they Did in March 1712 Raise Mony by Publick Subscription to Cary on So Good a Work, but finding y<sup>e</sup> People So poor y<sup>e</sup> Could Not Accomplish S<sup>d</sup> Work themselves, Whereupon Severall Worthy Gen<sup>l</sup> of this & y<sup>e</sup> Neighbouring Province Subscrib'd their hands & Promised large Mony to help Carry on So Good A Work, & Accordingly y<sup>e</sup> Greatest part of y<sup>e</sup> timber, was Got & brought Nigh the place on Rafts, but was by Some Wicked & Unwarrantable hand Cutt Loose & turn'd a Drift, & we his Maj<sup>ties</sup> Good Subj<sup>ts</sup> & y<sup>e</sup> Country in Generall, Much hurt, & was then & hath been Ever Since threatned y<sup>e</sup> if we went on, they would Cutt it Down Even in a Publick Manner & by force & Arms, Upon which we Remonstrated the Matter to our late Gov<sup>r</sup> Coll<sup>o</sup> Dudley, whose Act on the Matter we Now Lay before you, where you will See the first part, or Introduction to ye Petition, we have been Serv'd With, by S<sup>d</sup> papers, proved to be false & quite the Reverse

2<sup>y</sup> As to the Query in S<sup>d</sup> Petition, its Very Strange & odd

for Men to Query whether a thing Can be Done that hath been Done, and then to Call that the Main river of Little Harbour, & to Say its Navigable Up to the Bridge its a Very Great Mistake, for that we Do wade Over frequently, & When the tide is up Swim our horses for want of a Bridge, the ferry Never being Kept as it Ought to be, & that because the Right thereof is Disputable, as May Appear if Need be, tho he who of Right it belongs to Does Relinquish it for y<sup>e</sup> Sake of S<sup>d</sup> Bridge

and for as Much as your Querest there Sayes it's Not Justifiable Nor practible to build a Bridge a Cross any Navigable River, (its plain its both) for that within our own town & Province, its Done, particularly at y<sup>e</sup> branch Cal'd Sevey's Creek, Stands, a tide Mill & a fast Dam, which Very Much Incommodes y<sup>e</sup> Inhabitants of New Castle from Bringing of their Wood from y<sup>e</sup> Common Land, but for further Illustration, there is fast Bridges over both branches of Hampton River which is More Navigable, & hurtfull to those people, because they have No Other Way Up to their Estates which these have, as also at Newberry Lyn & Mistick, & Sundry Others as Cape Anne Cambridge &c<sup>a</sup> and for as Much as this Bridge at New Castle No Waies hinders Vessells Comming in to the S<sup>d</sup> Little Harbour for Safety if Need be in a Storm.

And for answer to y<sup>e</sup> first Assertion, in S<sup>d</sup> Petition, in Gen<sup>l</sup> terms, its a Mistake for first the ferry as afores<sup>d</sup> is Not Settled on the Person whome they pretend for that it has been Kept (as they have Kept it) by another & that there Never Was a high Way Laid out through. that proprietors land Neither is that Casway fit for a horse to pass over,

2<sup>v</sup> as to the Inhabitants passing & repassing ferrage free on Publick Daies, its wrong, for that the town payes it & that ordered by a Publick Vote & tho it is p<sup>d</sup> by y<sup>e</sup> town yet Sundry y<sup>e</sup> Inhabitants of New Castle On Sandy beach Side, are as they have Often pretended (& we beleave Some truth in) So Much put to Difficulty, to Come over, with themselves & their little ones that they Chuse Rather to Neglect the Publick Worship of God, than to Come Over to hear their own Minister, & Even Wholly Neglect y<sup>e</sup> Ordinances App<sup>d</sup> for themselves & Children, Unless Some Now & then, to Save being presented Ride Up to Portsm<sup>o</sup> tho other Arguments, & false Insinuations, hath been Used to Insnare Ignorant people to Signe against the bridge (to wit) that we Intend<sup>d</sup> to hinder boats of Hay wood &c<sup>a</sup> to Pass & Repass, & that it was to be a Province Charge, which Poor people already burthen'd with the Charge of y<sup>e</sup> Publick taxes, groons under & that NCastle would have it a tole bridge & Ingross the Benifitt to themselves,

3<sup>d</sup> That y<sup>e</sup> Want of the Bridge will be a Security in Case of a War, is Very Inconsistent with reason, and has been Suffi-

ciently ans<sup>d</sup> by all our former Gov<sup>m</sup> Masters of y<sup>e</sup> ordnance & Engineers as also y<sup>e</sup> having it is a Great advantage to his Maj<sup>ty</sup> in y<sup>e</sup> Customs as per Rob<sup>t</sup> Armstrong Esq<sup>r</sup> his Memoriall, Laid before Coll<sup>o</sup> Dudley & the L<sup>ds</sup> Commissioners at home,

4<sup>thly</sup> That Whereas Sundry persons, have Laid Out, their Estates, in the fishery Who they Say Must be Unavoidably Ruined per Stopping their pass<sup>s</sup> when its Evedent that they Could Never Could Come in, that Way Unless Just at high water, and then it is alwaies as Good & a Much Safer Way for them to Come in at y<sup>e</sup> Main Harbour, but were the Case So we humbly Conceive that two or three private Interests Should Not abridge y<sup>e</sup> Publick advantage of a Country.

5<sup>ly</sup> as to the Ice Jamming at y<sup>e</sup> bridge its Wrong to Imagine that, for that the Narrows above alwaies breakes & Shatters the Ice, So y<sup>e</sup> it will Run through any one of y<sup>e</sup> Sluces of y<sup>e</sup> Bridge,

6<sup>ly</sup> As to that Unspeakable hardship, which is So Emphatically Express'd & lookt Upon to be y<sup>e</sup> Greatest Injury that y<sup>e</sup> Pet<sup>rs</sup> Set forth as Sufferers by S<sup>d</sup> Bridge, is answered in Every Article for that their Will be ten Sluces fitting for any hay or Wood boat to pass & Repass,

& that if y<sup>e</sup> Excellency & Hon<sup>rs</sup> & Gentlemen of y<sup>e</sup> Assembly had Ever requir'd A Number of hands, to this Remonstrance We Do Assure you that we Could have had 50 to one for building y<sup>e</sup> Bridge, & those to be Men of Honour, Justice & Estate & well Dispos'd to Serve the Publick Weal & Welfare, & Not Men out of a private Sinister End Either to Defraud the King of his Dues, or Else for the Sake of Engrossing y<sup>e</sup> trade. & traffick of y<sup>e</sup> Country people

And therefore your Memorialest, humbly prayes. their May be No Stop or hindrance put to S<sup>d</sup> Bridge

To His Excellency Jonathan Belcher Esq<sup>r</sup> Governour and Commander in cheif in and over his majesties Province of New Hampshire to His majesties Council & Hon<sup>ble</sup> House of Representatives in General Court assembled The Petion of John Blunt Humbly sheweth

That being informed it has been offered by sundry Gentlem<sup>n</sup> as an argument against paying the p<sup>r</sup> Annum Due from the Province to the minister of New-Castle Due (by an act of the General Court in the 12th year of King George the first) that It was what Is never Expected at His first Settling in this Place He begs Leave to assure y<sup>m</sup> that It was what he Expected from his first Settlem<sup>t</sup> to be assure to him as his Salary from the Town or otherwise had never Settled with y<sup>m</sup> on Such terms that he has all along looked on himself as a Common Sufferer with those to whom the Province has been Indebted for these Several years Past and y<sup>t</sup> to be at last denied the Paym<sup>t</sup> of what he has been So long Expecting would be a matter truly Surprising and grievouse—That He has given Constant attendance to the Souldery at y<sup>e</sup> fort as to his Parishoners and tho So small a Number yet Such has been the Sickness of them and their families for these 2 years past more Especially that it has taken up no inconsiderable Part of his time to attend y<sup>m</sup> So that if there had been no act of the Governm<sup>t</sup> to Pay any thing to him on that account he cant but think it reasonable that he sh<sup>d</sup> have been Satisfied for his Labour. In as much as no man goeth a warfare at his own charge and the Labourer is worthy of his hire, which Is humbly offered to Consideration by the Subscriber—

Most Humbly shews That your Memorialist was in the late Expedition against Louisbourg as a Physician and Chirurgion in the Regiment that went out of this Province, That he was in the Service Five months and Twenty days, That he had for some time after landing on the Island of Cape Briton the sole care and charge of the said Regiment as Physician and Chirurgion, That he was oblig'd to tarry in the Camps out of the City Ten days after it was Surrendered to look after and take care of upwards of Thirty Sick, and wounded persons having no person or persons to aid and assist him therein That, there is due unto your Memorialist of his Allowance whilest in the above service as follows Nam'ly Forty Seven days bread, Twenty Seven days Meat and peas and his whole allowance of Rum except One quart and half a pint That your Memorialist made use of his own Instruments during the whole time of his being in the said service.

[R. 3-23] [*Petition of Joseph Langmaid, Soldier, 1756, addressed to the General Assembly.*]

The Memorial of Joseph Langmaid a Soldier in the Fort

William and Mary in New Castle in said Province most Humbly shews.

That your Memorialist has been in said Fort near Fifty years, and have always endeavour'd to fulfil the Duty in the Capacity I sustained, and am now render'd incapable of serving any longer per reason of my Advanc'd Age, and A very bad Ulcer in my Legg that has been of long continuance And the Chyrurgeon that has the care of it is of Opinion that it will never be cured; unless I am put into A Salvation or a course of Physick that nearly resembles it which will be very expensive and almost insupportable for me in my present weakness of Body and Advanc'd Age; And if it should be thought that I could undergo such an Operation I can't in reason expect it because I have nothing to make any person satisfaction for such great trouble and expence The necessitous circumstances I am reduc'd to, for want of the comon necessaries of Life, such as Meat, Drink Clothing and Firewood mak's my case extremely miserable. The Wages I have received from time to time have been quite insufficient to afford any thing comfortable only a small support from Hand to Mouth; and being constantly employ'd in said Fort have nothing laid up either more or less to depend upon. Therefore your Memorialist most Humbly prays your Excellency and Honours to consider of this Memorial. And to make your Memorialist such necessary provision for his future support as you in your wisdom shall think proper. And your Memorialist as in Duty bound shall ever pray, &c.—

Humbly sheweth, John Odiorne Jnr of New Castle in the Province aforesaid Marriner, That on or about the 25<sup>th</sup> day of July 1753, he was Joyned in Marriage with Eunice Seavey of Rye in said Province Spinster. That on or about the month of December following the said Eunice was Delivered of a Child born of her body, which in the nature of things your Petitioner could not Possibly be the father off, because the said child was what is called a Molato, and consequently was begotten by Fornication and is a Bastard—Ever since wich your Petitioner hath been deprived of the Comforts and Conjugal affection he expected by Reason of his Marriage as aforesaid, and hath not Cohabited with her since—and as the word of God expressly

To the Hon<sup>ble</sup> his Maj<sup>y</sup> Council & the House of Representatives in General Assembly conven'd at Portsmouth y<sup>e</sup> 5<sup>th</sup> day of December 1763

A Petition in favor of the Select-Men of New-Castle humbly Shews that Geo: Frost Esqr hath Industriosly propagated among the Inhabitants of Said New-Castle, that in the last Proportion made by this Court The Mills owned by Cap<sup>t</sup> Abraham Trefethen of Said Town were enjoyned to pay £400—which has made great Uneasiness in S<sup>d</sup> Town And in defiance of all that can be Said or done, as a Certificate from the Secretary, Clerk of the House, and what is wrote at the foot of the Proportion, and every other Explanation (for the whole Taxation on New-Castle is but £500—for Trade, Short Inventory &<sup>ca</sup>) Yet M<sup>r</sup> Frost insists Still on what he Says to be right and that some of the Select-Men knows it to be so, which has disturbed the Peace of the Town to Such a degree that the Select-Men have Postponed making the Town Taxes till Such an Explana-

tion of the Matter from this Court as may convince M<sup>r</sup> Frost (if He may be capable of conviction) and restore Peace and tranquility to the Town again: which is what hereby is desired & prayed for by this Petition & what the Select-Men in Duty are obliged to ask—

Colony of New-Hampshire

To the Hon<sup>ble</sup> the Council and House of Representatives for said Colony in General Assembly convened June 5<sup>th</sup> 1776—

The humble Petition of us the Subscribers a Committee in Behalf of the Inhabitants of New Castle in the County of Rockingham in the Colony aforesaid—Sheweth That the Inhabitants of s<sup>d</sup> Newcastle being by their Insular Situation at the Entrance of the only Harbour in the Colony and by their Defenceless condition peculiarly exposed to the attacks & ravages of the Enemy—the last fall did remove themselves and Effects into the Country, where with great Difficulty & Expence they procured houses to reside in during the last Winter—In this Situation having expended in the Support of their Families, their little Savings Notwithstanding the alarming Aspect of Public Affairs, were obliged to Return, this Spring, to their old Habitations, Where they yet remain in a very dangerous & defenceless Situation, without a Bridge, by means of which a

Retreat might be secured for the Inhabitants and the Colony Troops Stationed there in case of any Emergence it should be found Necessary, & without any Batteries Fortifications or Cannon for Defence—As Newcastle is the Key to this Colony, the Securing the Possession thereof, cannot be thought of less Importance to the Colony; than the Acquisition of it must be to the Enemy, In order to secure the Lives & Interest of the People of the Colony in general & of the Inhabitants of said Newcastle & the Troops there in Particular, we humbly conceive a Bridge Should be erected across the River from the upper End of s<sup>d</sup> Newcastle to Ward's Island so called & from thence to Adam's Island so called, which would afford a Safe retreat to Fort-Washington, & also a Safe direct way to send Reinforcements to the Troops Stationed at said Newcastle when needed —We likewise conceive that Batteries or fortifications should be Built at Said Newcastle in some proper places for the Defence thereof, & to prevent the Enemy gaining a Stand so advantageous to them & so detrimental to the Colony—Wherefore we humbly pray that your Honors would take the Subject matter of this Petition into your Serious Consideration & being convinced of the Necessity & Utility of the Measure, that you would order the s<sup>d</sup> Bridge & proper Batteries for Defence to be Built immediately at the Expence of the Colony. And we as in Duty bound will ever pray

[7-167] [*Memorial relative to the Fishery business.*]

To The Hon<sup>d</sup> the Council and Assembly for the State of New Hampshire—

The Memorial of Henry Prescott in behalf of his Constituents, the Inhabitants of the Town of New-Castle—humbly Sheweth

That said Town was almost Intirely Supported by the Fishery in Times past, there not being any Foreign Trade Carried on in said Town. That on the 20<sup>th</sup> of July 1775 the Act of the British Parliament prohibiting the Fishery took place, at which time, and after, a British Ship of War lay off said Town which prevented even the Catching of fish in Boats—and in the Month of October following when Falmouth was Burnt the Inhabitants were at the Expence of Remooving Back into the Country for Safety, expecting New Castle would Share the same fate—But in the Spring following a Considerable part of the Inhabitants

Returned, and at an Unusual Expence fitted out Five fishing Vessells, Two of which were taken by the Enemy, and some of the Hands are yet on Board the Sloop of War which took them; and Since a Considerable part of the Inhabitants have Engaged in the Continental Service; and Others have no trade to Support them, That they at present are Unable to Support their Minister or School.—Wherefore your Memorialst would move that this Court would take their Case into their Calm Consideration and grant them such Relief with Respect to their Tax's for 1775 & 1776, as they may think Just & Reasonable in their present Distressed Situation

and your memorialst as in Duty bund shall ever pray—

[7-168] [*Petition for Authority to raise Money by Lottery to build a Bridge, 1778.*]

To the Hon<sup>bl</sup> The Council, and House of Representatives for the State of New Hampshire, Conven'd at Exeter, the Petition of a Number of the Inhabitants of the Town of New Castle Humbly Sheweth—

That your Petitioners, the greater part of them, being Scituate and Living on an Island, Renders their Communication with the Inhabitants on the main Extreemly Difficult, and Many times Utterly Impracticable; that for want of a Bridge we are Deprived of Any Markett from the Country Except what is by water, which is very Precarious and Uncertain; that in Case of an Attack from Our Enemys, Assistance from Our Bretheren on the Main would be Difficult to be Procured, and if Procured, a Retreat, in Case of a Defeat would be Attended with many and great Inconveniences That your Petitioners in this Time of general Calamity have been Deprived of the Usual means of geting their Livelyhood in a more Especial Manner, as their whole Dependance was upon Navigation and the Fishery, and are thereby Rendered Uncapable of doing any thing towards Building a Bridge themselves; That The Hon<sup>bl</sup> The Committee of Safety for this State did in the year 1776 Direct Col. Long when Stationed on this Island, with a Body of Troops, to Build a Bridge a Cross the River with the Materials of the Old One, as far as it would go, and also gave us some Old Condemned Masts and Booms to work into the New Bridge, But Unfortunately for Us Your Petitioners, the Season of the year was so far Advanced before He began that the work Remains Uncompleted

Your Petitioners Therefore humbly Request your Honor's would enable them by an Act of this State to Raise Two thousand Dollars by a Lottery to finish the Bridge already began, and your Petitioners as in Duty Bound Shall ever pray—

To the Hon<sup>ble</sup> the Council and House of Representatives of the State of New Hampshire in General Court Assembled—

The Petition of the Inhabitants of the Town of New Castle Humbly Sheweth—

That by Reason of the late Cruel and Distressing War your Petitioners have for a long Time been deprived of the Usual means of getting their Subsistance, and are so Impoverished in their Circumstances that they have been unable to pay their

Usual Proportion of the Public Expence, or even to Support a Minister, or School Amongst them, and also that their Numbers are greatly deminished, by which Means they are, at present, rendered unable to Support Representation—

Wherefore your Petitioners pray that they may be disannexed from the Town of Rye, and not Annexed to any Other Town for the Choice of a Representative, they Choosing rather in their present Circumstances, to Rely on the Justice and Clemency of the Hon<sup>bl</sup> the General Court of the State—

[7-172] [*Petition for Authority to raise Money by Lottery to build a Bridge, 1789.*]

To the Honourable Senate, and House of Representatives in General Court Assembled—

The Petition of the Inhabitants of the Town of New Castle, humbly Sheweth—that the well known Importance of the small Town aforesaid, Employed in the Fishing Business, to the State in General, and that the Increased Prosperity of it, is greatly Influential to the Fishery in general, that Publick source of Wealth, thrown into the Lap of the State, surely demands the Attention of the Legislature—And whereas, the Demolition of the Bridge, that connected the Island, to the main Land by means of which a Communication was Opened, and was a source of Prosperity, has greatly Impoveris<sup>h</sup> us, and is still a hindrance to Our, Increase, Welth, and Prosperity, the Continuance of this Inconvinience, must, Continue, our Poverty Weaken and Deminish our Numbers, our Business, and means of Prosperity, and must in the Issue deminish the Wealth of

the State in general, and so be a Publick detriment, unless the Bridge is Restored, and thereby a free Communication Opened to the Country,—And whereas the Inhabitants of said New Castle, are by no means Able to the Arduous Task of Rebuilding the Bridge without the help and Aid of the Publick, these are therefore Earnestly to Pray and Petition that your Honours would grant us a Lottery, to Raise Fifteen hundred Pounds Lawful Money, which sum we suppose will take to Rebuild the Bridge in said New Castle, and afford us Other help and Aid as you in your goodness and Wisdom may see fit, and we as in duty bound will Ever Pray &c—

[7-173] [*Petition from Inhabitants of Rye concerning the same.*]

State of New Hampshire—

To the Hon<sup>bl</sup> The Senate and House of Representatives in General Court Assembled, at Portsmouth On the 23<sup>d</sup> Day of December Instant—

The Petition of the Inhabitants of the Parish of Rye Humbly Sheweth—That the Ancient Town of New Castle has been greatly distressed and Impoverished by Means of the late War, and the Bridge a Cross Little Harbour which Connected them to the Main, has been demolished, and the Inhabitants thereof are by no Means Able to Rebuild said Bridge, without the Aid

of the Public—which we Apprehend will not Only be Beneficial to the Inhabitants of said Town, but to the Country in General, as thereby a Communication will be Opened with the Only place Conveniently Situated for Carrying On the Fishery in this State, the Necessity of said Bridge must be Obvious to all as it will Open a free Communication from the Country to the Only Fortress in the State—Wherefore your Petitioners Humbly Pray that your Honors would grant Liberty to Raise the Sum of fifteen Hundred Pounds Lawfull Money, by a Lottery, for the Purpose of Building a Bridge a Cross Little Harbour in New Castle aforesaid, and your Petitioners as in Duty bound will ever Pray.

To the Honb<sup>le</sup> Senate and the Honorable House of Representatives

cord—

The Petition of Sundry Inhabitants and Land holders of the  
Town of New Castle in said State—Humbly Sheweth that  
your Petitioners by Reason of their Local Scituation have Long  
Laboured under great inconveniencies in said town by being  
detached from the stated place of Public Town meetings and  
Schools by a river running between them and the Compact  
part of the town which is many times Impassable by reason of  
Tempestous weather Ice &c that our Annual town meeting is  
by Law on the first Tuesday of March at which Season of the  
year the River is often so Obstructed with Ice or wind as to  
render it Impossible for Us to attend, in Consequence of which  
we are Prevented from Voting on any Public business thereby  
Losing our Small Influence in Town affairs, and when we can  
Attend our numbers are so few that we Stand no Chance with  
the other Part of the town whereby we are forced to pay for  
what they Please to Vote, School masters in Particular without  
having any benefit of them. Some of Us Living Upwards of  
a mile from the River which if Passable we have another mile  
to walk to the School, which we Conceive to be a great Hard-  
ship as we are obliged some of Us to put our Children to School  
in other Towns, thereby Paying Double taxes for them which  
is a great Hardship to Such of Us in Particular who have  
tennants on our Land it being a great Discouragement to a ten-  
nants Living in such a town—We would also beg Leave to  
Suggest that in the year 1703 the Governor and Council Passed  
an order Releasing the then Ferryman from his Taxes yearly  
in Consideration of his Ferring over the Inhabitants Living on

the main on Public days Gratis which Custom was Constantly Complied with till Very Lately when the Select men to add another Grievance to Us have Compelled the Present Occupant of the Ferry to pay his Tax who now refuses to Let us pass the River without Pay, for these and many other Reasons your Petitioners most Humbly Pray your Honors that we may be Disannexed with our Estates from the town of New Castle and Annexed to the Town of Rye which is much more Convenient to us for meetings & Schools

State of New-Hampshire

Portsmouth June 8<sup>th</sup> 1792—

To the Honourable Senate and House of Representatives of the State of New-Hampshire now Sitting at Dover in general Court, in June 1792—

The Memorial of George Jaffrey of Portsmouth, in the County of Rockingham; and State of New-Hampshire—  
 Humbly Sheweth

That the Government of the State of New-Hampshire, in June 1775. began building a Fort on the land of your Memorialist at a place called Jerrys point, in the Town of New-Castle in Said State; and that Fort was built of the Sods, earth and Stone walls of Said place also many valuable trees were cut down on that place, to be used as materials for building or fuel for the fort—From the time of building that fort, your Memorialist was deprived of cutting the principal part of the hay for Supporting the Cattle he had upon The farm, containing about Seventy five Acres by Several years manuring the ground at Jerrys Point, by the appearance of the Grass, when the fort was begun to be built, the Tennant expected to make nine or

ten loads of hay on that point of land,—Since that time, have been obliged to transport hay by water, at an extraordinary expence, to Support the Stock on that farm, and the ground on the point has been of little or no benefit—when the Government removed the Platforms Barracks &<sup>ca</sup> from the fort, in expectation that the Fort would be removed, and the materials would be replaced,—prevented application to the general Court for ample and adequate compensation for the Damage to your Memorialist, by building Said Fort—wherefore he now prayeth The Honourable General Court would appoint a Committee to view the place where the Fort is built, examine and enquire into circumstances respecting the Damage done to your Petitioner, by building The Fort, &<sup>ca</sup> and to make a full Estimate of the Same and grant him a full Compensation for the Damage he sustain's and your Petitioner will ever pray &c

#### NEW DURHAM.

The township was granted to Ebenezer Smith and others in 1749, and incorporated with full town privileges December 7, 1762. Major Thomas Tash, a brave soldier of the French and Revolutionary wars, was authorized to call the first town-meeting.

A tract of land adjoining on the west, for some years called New Durham Gore, was incorporated as a town by the name of Alton, June 16, 1796.

The town was settled to some extent by people from Durham: hence its name. Col. Thomas Tash, a native of the last named place, removed to this town about the close of the Revolutionary war, and died here in 1809, at the age of 87 years.

Shews

That your Petitioners were in his Majestys Service against his Enemies and did their duty faithfully thro' much hardships Difficulties—That they have receivd their wages for every years Service but the Year 1760 for which they have received no pay tho' for that year their Service was as hard as the rest.—

That they cannot think that their leaving Crown point about a fortnight before their Dismission (which they have been told was the reason they were not paid for that year) could be such an Offence as justly Incurrd the forfeiture of a Years wages when their Circumstances there were such as made it greatly hazzardous to their health to Tarry and their Departure attend- ed with no Ill Consequences—Wherefore they most humbly Pray their case may be Considered & their wages paid accord- ing to Enlistment & time of Service—

[7-181] [*Relative to Library Society, 1797.*]

To the Hon<sup>ble</sup> Senate and House of Representatives for the State of New Hampshire to be convened at Concord, in said State on the first wednesday in June next—

The Petition of the Subscribers, a Committee appointed by the New Durham library Society, for the purpose, at their Meeting held in said Town on the twelvth day of September last—humbly shews That said Society consists, at present, of forty members, each of whom have paid four dollars a peice, for the use of said Society which money has been laid out to the best advantage, in furnishing said library with the best and most useful collection of books, for the use of the Members—that said Society is still increasing in number and respectability and would in their opinion much faster increase, if they were incorporated and made a body corporate and politic—on a plan similar to other institutions of the kind now existing in this State, that said Society at present are subject to inconveniences, for want of such incorporation—And as you are our political fathers and Guardians and, we are assured, wish to patronize and promote useful literature, knowledge and good order among the citizens at large, which beneficial ends are much facilitated by institutions of this kind—Your petitioners would therefore humbly pray, in behalf of themselves and their associates that your honors would be pleased to permit them to, introduce a bill of incorporation for the purposes aforesaid, under such regulations and restrictions, as your Honours may deem just and reasonable And your petitioners as in duty bound will ever pray—

#### NEW HAMPTON.

The territory was granted to Gen. Jonathan Moulton and others, proprietors of Moultonborough, January 24, 1765, and was called Moultonborough Addition. It was incor-

porated as a town November 27, 1777, and received its present name at that time at the request of General Moulton, in honor of his native town.

By an act passed December 7, 1797, the north-east part of the town was set off, and incorporated as a town by the name of Centre Harbour, which name was given in consequence of its containing within its bounds the centre one of the three principal harbors on the north side of the lake, said harbor having borne that name for some years prior to the incorporation of the town. (See Vol. XI, page 277.)

A literary institution, called the New Hampton Academy, established here, was incorporated June 27, 1821. The management of the institution was placed in the hands of three trustees, and so continued until 1826. In June of that year the name of the institution was changed by law to "The Academical and Theological Institution in New Hampton," and the number of trustees increased to eleven, five of whom were to be appointed by the proprietors, and five by the Baptist Convention. The principal of the school was also to be one of the trustees. By an act of the legislature, approved July 6, 1849, the control of the academy passed into the hands of the Baptist Convention, which was empowered to appoint all of the eleven trustees. This institution was removed to Vermont about 1852.

In January, 1853, The New Hampton Literary and Biblical Institution was chartered and organized, under the auspices of the Free-Will Baptist denomination. It was liberally endowed by Col. Rufus G. Lewis, of New Hampton. Since that time it has been in successful operation, and has performed a good work in the cause of education.

## NEWINGTON.

The township was a portion of the Dover and Squamscot Patent, and was called "Bloody Point Parish" for some years. A dispute arose concerning the boundary lines between this parish and the parish of Greenland, and a committee was appointed, May 12, 1714, "to ascertain the limits of said Parishes." (See page 65, ante.) Bloody Point was named Newington, the same day, by the governor. It had been separated from Dover as a parish about one year previous. When it was fully incorporated with town privileges I am unable to ascertain. Some writers give the date as 1764, but there is no act relative to the matter on record in the secretary's office in that year, and I am unable to find any manuscript authority for the statement. In May, 1764, John Knight and John Pickering, as agents for the town of Newington, petitioned to have the line straightened between said town and Portsmouth.

Newington was represented by John Knight, Jr., in the H. of Rep. in 1755, and by John Fabyan in 1745, at which time it had a set of town officers, from which I think it must have been invested with town privileges prior to that date.

June 26, 1821, a small portion of the town was severed, and annexed to Portsmouth.

resen, for said Province in Gen<sup>l</sup> Court Convened—

The Petition of Sundry of the Free-holders & Inhabitants of  
the Town of Newington in said Province in behalf of them-  
selves & others of said Town—Humbly Sheweth—

That on the twenty ninth Day of March Inst<sup>d</sup> the Annual  
Town meeting of the Inhabitants of Newington aforesaid was  
observed & held at which meeting there was much Contest and  
Disorder.

That such Irregularities & abuses were there Tolerated as  
ought not to be Suffered in any Civil Society, many Persons  
being Suffer'd to be voters who had neither freehold nor any  
other Estate in the Town and others who (afterwards) boasted  
they had put in four or five votes to a man—That many Per-  
sons objected against for not having Sufficient Estate to Entitle  
them to vote were yet allow'd to be qualified voters—whereby  
the affairs of the said Meeting were Transacted & Determined  
in such a manner as is Contrary to the minds of many of the  
Free holders of the Town, and to the Gen<sup>l</sup> Interest of the said  
Town & in Particular in removing a certain high way—Where-  
fore your Petition<sup>r</sup> Humbly pray that in yo<sup>r</sup> Great wisdom you  
would Explain the Law relating the Qualification of voters in  
Town meetings, that we may have no further Disputes of that  
Sort—that you would declare the meeting afores<sup>d</sup> void, & order  
another for the Choice of Town officers & the other matters

To His Excellency Benning Wentworth Esq<sup>r</sup> Captain General Governor & Comm<sup>r</sup> in Chief in & over His Majestys Province of New Hampshire The Honble His Majestys Council, and House of Representatives in General Assembly Convened, Dec<sup>r</sup> 13<sup>th</sup> 1763.

The humble Petition of John Knight Esq<sup>r</sup> and John Pickerin Husbandman Inhabitants of, and Agents for, the Parish of Newington in the said Province Sheweth

That in the year 1713 the said Parish was first legally Set of & Seperate from Dover

That in 1714, for the better Direction of Constables in Collecting Publick Taxes &c, the General Court upon due Consideration fixed the Bounds of Newington aforesaid as follows Viz<sup>t</sup> From Piscataqua River by the Inhabitants following Viz<sup>t</sup> James Gray, Henry Bennet, Joseph Johnson Samuel Thompson and Thomas Pickerin upon the Great Bay, And Ordered that those Inhabitants with the Lands and Estates they then lived upon & whosoever sho<sup>d</sup> live upon them thereafter or build within the Limits aforesaid sho<sup>d</sup> pay their parish Taxes to Newington

That the aforesaid Boundaries so determined by the General Court is so Crooked and uncertain as to be matter of great Dispute between Newington and the Town of Portsmouth, which matter might be remedied by fixing a Streight Line from Grays at Piscataqua River to Pickerins Farm at the Great Bay.

That the Owners and Possessors of the Lands and Farms upon the said Line have not any Objection as your Pet<sup>r</sup> apprehend to the Line last mentioned.

Wherefore your Petitioners pray your Excellency and Honours to take the premises into Consideration And that the said Line last mentioned may for the future be the proper Boundary between the said Parish of Newington and Town of Portsmouth And your Pet<sup>r</sup> will Ever pray &c

[7-224] [*Benjamin Adams's Communication.*]

To the Honourable Joshua Wentworth Esq<sup>r</sup> Sir I understand you have not thought me worthy of your Notic in appointing me a Justice of the Peace in the County, notwithstanding the Importunitise of my friends: and If my memory Serveth me Right you gave me Great Encouragement your Self but all I find is Subsided: I understand you have had the advise and Council of *Hushai*: who Councel'd against Ahitophel which has turned against me I understand there has been many Objections against me by my Enemies I Know them and I Shall Set a mark upon them as was Set upon Cain when he Slew his Brother Abel because his ways were Righteous and his wicked: I understand One Great Objection is that I was not friendly in the beginning of the Revolution. I Confess I Did not Step forward at first for many Good Reasons which I Could offer If time and paper would allow being acquainted with History both Civil and Sacred. I was afraid to act as forwardly as Some have Done Least I Should offend against God and the Dictates of my Own Conscience my Estate has Done Its part or more Sir you may Remember twelve Dollers in hard money being in your hands in a Lottery way you advanced to help the troops when In distress in Canaday and I was Paid in Paper with a Considerable Loss: I understand it is Objected that there is two Justices in Newington It being a Small town two was Sifficient I may Justly Say that there is not one Properly Speaking, for Richard Downing Esq<sup>r</sup> has not Taken the Oath nor will he If he must Pay a Doller for his Commision as he told me him Self and the Other is as the Learned Observeth: *Vox Et Preteria Nil*: I am afraid that you Gentlemen in authority are Runing into the Old Error In promoteing of men without Knowledge or Goodnes and Neglecting men of Learning and Religion which is a great Error When the Righteous are in authority the People Rejoice; but when the wicked bare Rule the People mourn. another Objection is the people in Newington are against me I know it what is the reason If is not against my morral Carracter nor Capasity in a Civil or Religious way for I have Served them as a Church Officer more than thirty years and Near twenty in a Civil List Sir I will Give you a Short Detail on the matter In

the year 1778 the Select men Cam to Pay my father his Salary for one year which was one hundred Silver Dollers which they had Paid: for A number of years and no more being onely one third of his Sallery yearly and they Brought him a hundred paper Dollers in the Lue there of which was onely Seven Pounds ten Shillings by the Scale and he Refused to Give them a Discharge in full and the town Passed a Vote Not to Pay him any more Salary till he Did Give them a Discharge in full and they Paid him no more to the time of his Death and I was In duty bound to Support him to the time of his Death; and then to burrey him without any assistance from the town and Some years Since his Death the town has Compounded with me and has Given their Security for though an Inferiour Sum which is the Cause of their Malice against me as to my being an Enemy to my Country I Deny the Charge I always was and Ever have been Redy and willing to Defend it in Person and Estate and am Now Redy and willing to Support Government provided I am properly treeted and promoted by those in authority or Otherwise I Shall be Discouraged and Probably may let matters take their Course without my Intermedling in those matters I apprehend it is a poor time to mak Enemies against Government the Country is full of them already to my Certain Knowledge and I fear the Consequence If Som thing Is not Done Speedily: for the President and Counsel to hear the nonsensical Rabble agains Men of Influcnc is Strange and Surprising: I Ever have Given my Vote for Cor<sup>r</sup> Wentworth for a Senator and Ever Expected to Use my Influcnc for him in that Office but If matters turn agains me in this way I have Done. I stepped forward the Other Day to Support Government and was the Second man to Coll Brewster who Stopped the Insurgents at the Bridg till we were properly Re in forced by General Silley and Others to the hasard of my Life and hors against their Naked bayonets, but the Poor mans Council and assistance is Dispised as the Good old mans Council was, that Saved the City which we have an account of in Scripture Sir by your Keeping Me out of power may prevent My Doing a Great Deal of Good to Government and my fellow men which I Should Rejoice to Serve Provided there is or may be proper Encouragement; two Justices in Newington is too many; there is four in Greenland and two in one house and No objection against it but two in Newington is too many I remember four Coroners appointed in Newington Successively and not one of them Could Draw up an Inquisition without my help and Some in the Civil List are as Insufficient to DisCharge their office without my assistance I think these thing are an Error in those in Comand: Sir I would not have you think I am Set up for a Dictator to those in Government I onely wist to show Matters in a Clear light

Strictly Speaking I Do not want [torn off] to any Set of men Onely I wish to be properly Respected by those in authority I am a free Citizen and am Dependent [torn] I Should think that the recommendation of John Pickering Esqr and Other Gentle men in the Neighbouring towns of my acquaintanc migt have more Influence in the Council than the Rabble party in Newington I fear Government may be Called on again to Disperse the Insurgent and If that Should be the Cause I believe I Shal Endeavour to Sleep in a whole Skin and not medle where I have no authority but I hope matters will be to my Satisfaction I Subscribe My Self a true friend to Government and would Recommend to my Self and all under my Influence to Remember the words of the aPostle Paul in 13<sup>th</sup> Chapter of Romans Let Every Soul be Subject to the higher Powers for the Powers that be are ordained of God and So onwards.

Humbly shew the subscribers being more than a majority of legal voters in the Town of Newington in the County of Rockingham and State afores<sup>d</sup>, that, the Inhabitants have had and exercised the Right and privilege of sending a Representative to the General Court for more than sixty years past—that tho' the number of voters for the choice of a Representative is short of what the new constitution of government requires in order to send a Representative yet the said Town is so situated as renders their being classed with any other Town, Parish or Place very inconvenient Wherefore your Petit<sup>n</sup> pray that a Writ may issue to s<sup>d</sup> Town to elect and send a Representative to the General Court and your Petitioners as in duty bound will ever pray &c

To his Excellency John Sullivan Esquire, President of the State of New Hampshire, &c &c &c—

The Petition of sundry Persons Inhabitants and Freeholders, of the Town of Newington in said State, subscribing hereto, Humbly sheweth,

That your Petitioners have been informed that M<sup>r</sup> Benjamin Adams of said Newington has been recommended by some person or persons, to your Excellency, to be appointed a Justice of y<sup>e</sup> Peace. They therefore beg leave with the greatest deference and submission to inform your Excellency, that said M<sup>r</sup> Adams is quite unacceptable to the Inhabitants of the said Town in general, and as they conceive, to the People of the County at large. That it is with regret they thus express their sentiments of a person whom they do not wish to injure, but they feel themselves constrained to speak their minds from a regard to your Excellency, to prevent the effect of mistaken, or Partial Information, which they have Heard has been given, and from a regard to the public Good, which they have the fullest Confidence is the Object of your Excellency's

Conduct. They therefore humbly pray that the said M<sup>r</sup> Adams may not be appointed to said Office, but that your Excellency would be pleased to appoint M<sup>r</sup> Timothy Dame of said Town, or some other suitable person, acceptable to the People, and a Friend to his Country; as to your wisdom shall seem good; and they as in duty bound shall ever pray &c &c &c—

That the said Proprietors some years ago formed themselves into a Society and have collected a Considerable number of Books, to which they are yearly making additions, by means of which they hope to promote and increase usefull knowledge among them, but finding themselves under Some disadvantages for want of being incorporated into a Body Politic, whereby they may be enabled to call upon each other, Your Petitioner therefore Prays your Honours that an Act may be passed Incorporating the said Society into a Body Politic, and as in Duty bound will ever pray—

#### NEW IPSWICH.

The township was granted by the government of the Massachusetts Bay, in 1736, to some inhabitants of Ipswich in that province, as surveyed by Jonas Houghton. The settlement of the province boundaries in 1741 severed a small portion of the Massachusetts grant from the township. The Masonian proprietors' claim, being confirmed in 1745, annulled the aforesaid grant; but the proprietors under it, with others, applied to Col. Joseph Blanchard, agent for said Masonian proprietors, and succeeded in procuring a grant from them at a small expense, said grant being dated April 17, 1750. This grant varied somewhat from the former, but covered much of the same territory.

July 5, 1762, the proprietors chose Capt. Reuben Kidder to get the township incorporated, which he succeeded in doing,—a charter being granted by the governor and council, dated Sept. 9, 1762, to have continuance until Jan. 1, 1766, in which the town was named Ipswich.

Another act of incorporation was granted March 6, 1766, by the same authority, "to have Continuance during Our Pleasure by the Name of New Ipswich."

New Ipswich Academy was incorporated June 17, 1789, and was the second academy incorporated in this state.

Phillips Exeter Academy, being the first, was incorporated April 3, 1781.

Province of New Hampshire

To His Excellency, Benning Wintworth Esq<sup>r</sup> and the Honorable His maj<sup>ty</sup> Counsel & House of Representatives—

The Petition of the Inhabitants of Ipswich Humbly Sheweth Whereas we, thy poor Petitioners, are Settled in the Wilderness, and Labour under many Inconveniences, which many new settlements are strangers to; Our Taxes are very heavy (considering our Poverty) we have not only a Tax to pay to the Province but our Minister, and other Taxes, which were formerly paid by the Propriety; must now be paid by a few poor Inhabitants: And Still our Burden must Infalibly Increase, as we are necessitated to Build a Meeting House. Since the House we now meet in will not Serve the Inhabitants, We thy Poor petitioners therefore (Judging it Impossible for us, to pay the Taxes which will be laid upon us, and Provide Necessary Sustenance for our families) Earnestly Pray, that you Would Consider us, Groaning under the weight of Our Burdens, and Grant us some Relief, by answering the following Humble Request (viz) that you would be Graciously pleased to Grant us a Land Tax, to Enable us to Surmount the aforementioned Difficulties; i. e. That you would be pleased to Lay a Tax, of one penny Sterling upon Each acre of Land Contained in this Town (or as much as shall be thought Reasonable by the Honorable Court) To be paid to the Town Treas<sup>r</sup> Annually Dureing the Term of five Years, to Enable us to Build the afore Mentioned Meeting House; we Likewise pray that you would Order the same Method of Gathering s<sup>d</sup> Tax as was formerly Used in the Propriety (viz) by sale of the Delinquents Land at publick Vendue, we would Inform the Honorable Court that the Proprietors Voted their willingness that the above Tax should be Laid upon the Lands\*. We therefore pray that you would harken to our Humble Petition, the answer of which will Greatly Oblige y<sup>r</sup> Humble and Obedient Servants

To the General Court of the State of New-Hampshire

Humbly shew the Inhabitants of the Town of New-Ipswich in said State, that they been since the commencement of the late American War at very great expence, and have been singular sufferers thereby, without receiving any compensation or consideration whatever, either from this State or this Continent therefor—

The said Inhabitants therefore humbly offer the Account in the Schedule herewith exhibited, for the mature deliberation and allowance of this Honorable Court, as containing not a single Article for which they have received the least value—They are ready, if this Honorable Court should judge necessary, to produce Vouchers for a further support of the Charges in said Account, if the Subscriptions and Oaths thereto, or the present attestations are not sufficient.—And therefore the said Inhabitants humbly pray that this Court would allow the said Account as it now stands, or that a day may be given as this Hon'ble Court shall appoint; and that the proof of the Articles and Charges in said Account may be admitted and if proved beyond a possibility of a doubt to this Hon'ble Court, that they would grant the same, is all the said Inhabitants wish for or desire—And as in duty bound will ever pray—

To the honorable Council and Assembly of the State of New Hampshire,

The Petition of the Subscribers, Inhabitants of the Town of New-Ipswich—humbly sheweth

That on the 2<sup>d</sup> Day of October last past we began our March to reinforce the Northern Army, (agreeable to the Order of the General Court) in a Company under the Command of Cap<sup>t</sup> Briant: that each of us took an Horse to carry Packs for ourselves, and others in the Company; that we joined the Army

and continued in the service till regularly dismissed; that, during our said service, each of us lost an Horse, which we have not since heard of, notwithstanding the Pains we have taken. Wherefore your Petitioners humbly pray your Honors to take the above into consideration and make such compensation for the loss we have sustained as you in your Wisdom shall think fit—and your Petitioners as in duty bound shall ever pray

[7-194] [*Relative to Oath of Allegiance, 1783.*]

To the Honourable Council and Gentlemen of the house of Representatives for the State of New-Hampshire,

the Petition of the Town of New-Ipswich Humbly Sheweth; that whereas the act of the Legeslature of Said State passed June 21<sup>st</sup> 1782 which Requires all Voters in Town meetings to take an Oath of Elegiance to the State, dos not answer the Purposes thereby Intended (but Quite the Reverse) for it dos not Seperate the Enemies of the State, from its friends but has Greatly Devided and Confused the People; Notwithstanding the arguments that has been use<sup>d</sup> with the People in this Town to Induce them to Take Said Oath but Sixty-two out of one hundred and Seventy-five has taken it; they Seem Temorous of Multiplying Oaths; the hundred and thirteen that has not taken

it, have Since the Contest as Cherfully paid Taxes and been as Ready to turn out on alarms as the Sixty-two that has taken S<sup>d</sup> oath; and are greatly Dissatisfied that they must be Deprivd of Prevaliges, unless they take an oath to be True when they have always been so, and Say that if they are Subject to Taxation they have a Right to Representation; if Said act Should be held in force, we much fear the Consequences; for we Learn Said act has the Same Effect in many other Towns in the State; and further if People Cannot Recover their Dues they Cannot pay Taxes; the Effects of Said act are obvious and plain; the Continuance of Said act we apprehend will be very Detremental to the Unity and Safty of the State.—

therefore we your Petitioners Humbly pray for Redress by a Repeal of Said act; and that your Honorable Body may Cultivate that Union among the People that is Sure to advance a State; if your Honourable Body Shall grant a favourable answer to this our Petition, we as in Duty Bound Shall Ever pray.—

[7-195] [*Relative to Militia Regiment, 1785.*]

To the Hon<sup>ble</sup> General Court of the State of New-Hampshire.

The Petition of the Subscribers, Selectmen and other Inhabitants of the Towns of New-Ipswich, Peterborough, Temple Lyndsborough, Wilton, Mason, Peterborough-Slip, Hancock, and Society-land, in behalf of our-selves and the Towns we belong to

Humbly sheweth—

That by a vote of the General Court passed at their last Session, the Inhabitants of the Towns above mentioned were constituted the 23<sup>d</sup> Regiment of Militia: and that the Towns of Rindge, Jaffrey, Dublin, Packersfield, Marleborough & Fitzwilliam were constituted the 12<sup>th</sup> Regiment, retaining the Number which they had when connected with the greater part of the Towns first mentioned: which we conceive to be injurious, inverting the order which ought to have taken place in their Numbers. And presuming that the General Court were not rightly informed as to the circumstances of those two Regiments, beg leave to lay before your Honors some facts, in order

to procure an alteration in their Numbers, which we think ought to take place for the following reasons:—The nine petitioning Towns are the oldest by about twenty years taking their age upon an average; Cap<sup>t</sup> Woolson of N-Ipswich having a Commission in the 6<sup>th</sup> Reg<sup>t</sup> Dated in the year 1744; before there was a single Inhabitant in any of the six Towns above named, and many years before a Commission was given to any person within their limits.—By means of being united with those Towns we lost our Number from 6, to 12; therefore ought not to lose from 12, to 23, by dissolving the Connection.—By comparing their Numbers and wealth it will appear that we pay £49-15 to the Thousand; they but £32-13:—That there are eleven hundred rateable polls in this Reg<sup>t</sup>; and little more than six hundred in that:—That there are four field officers in this Reg<sup>t</sup> who will think it degrading to renew their Commissions in the 23<sup>d</sup> Reg<sup>t</sup>: and but one in that: (and that a second Maj<sup>r</sup>)

Thus, Gentlemen, whatever we substitute as a Criterion to determine the right of precedence; whether Age, numbers, wealth, the residence of Field officers or whatever else we can conceive to operate in the minds of the Legislature, the preference is, most clearly, on our side. And as we would not be vainly ambitious for honour, to which we had no title; so neither would we be thought so mean, as tamely to submit to a sentence by which we are degraded below our Inferiors. We therefore apply to your Honours as the Guardians of our rights, humbly praying for a reconsideration of the vote complained of; and that we may be permitted to retain the original Number. And your petitioners as in duty bound shall ever pray &c

To the hon<sup>ble</sup> the General Court of the State of New-hampshire to be holden at Concord in said state on Wednesday 3<sup>d</sup> June 1789—

The petition of the subscribers humbly sheweth, that on the 15<sup>th</sup> day of Oct<sup>r</sup> 1787 your petitioners instituted a School in the Town of Newipswich in the County of Hillsborough, and from that time to the present have supported the same, with the assistance of the students, for the benefit of the public; that hitherto it has appeared to answer the design of its institution, and still is in a flourishing condition, being at such a distance from other public schools and Academies, as not in any considerable degree to interfere with the same; which has encouraged your petitioners to attempt a permanent establishment, For which purpose we have procured by subscription a fund of five hundred and twenty pounds lawfull money to be paid in cash or good securities on interest, and three thousand acres of land in the township of Cambden in the Commonwealth of Massachusetts by, valued at about three hundred

pounds, likewise two hundred acres in Washington in this state, together with some other lands of less value; exclusive of another subscription for erecting a building, which is already sufficient for that purpose. We have further made choice of the persons in whose hands we wish to deposit said fund, Viz; Rev<sup>d</sup> Stephen Farrar, Charles Barrett Esq<sup>r</sup> Cap<sup>t</sup> Ephraim Hartwell Mr. John Hubbard of Newipswich aforesaid, Daniel Emerson Esq<sup>r</sup> of Hollis, Rev<sup>d</sup> Seth Payson of Rindge, and Jacob Abbot Esq<sup>r</sup> of Wilton all of this state, Rev<sup>d</sup> Joseph Brown of Winchendon, Henery Wood Esq<sup>r</sup> of Pepperrill, in the State of Massachusetts bay; and that vacancies by death or resignation may be filled by the remaining or surviving members.

Wherefore your petitioners humbly pray your Honors to pass an act, incorporating said School into an Academy by the name of the Newipswich Academy; and that the Gentlemen above named may be appointed Trustees, with all the powers, privileges and immunities usually granted to institutions of that kind, under such limitations and restrictions as your Honors may think reasonable, and your petitioners as in duty bound shall ever pray.

The Complaint of W<sup>m</sup> Rogers of Bow Humbly Sheweth. that whereas Cap<sup>t</sup> Been of Bow aforesaid Yesterday out of Malice as I supposed Insulted me, at the same time Slighting the Commission your Honour was pleased to Confer upon me, in Drafting me to Go to Canada as a Private Soldier Before the Company you Commissioned me in Which I think is a Great imposition on me, & will if passed over unnoticed have a tendency to make all Commissions for the future of no Consequence Therefore upon the above Complaint I Report S<sup>a</sup> Cap<sup>t</sup> Been, & Desire that he be tryed By a Court martial For his Conduct

[12-43] [*Documents relative to a Convention of Delegates from sundry Towns, 1783.*]

To the Honourable the Council and House of Representatives in General Assembly Convened at Concord in the State of New Hampshire on the Twenty Eighth Day of October AD 1783—

Humbly Sheweth your Petitioners from the purest motives did early take an Active part in the Support and Defence of the libertys of the American United States—Despising all the Bombastick Thunder and hauty threats of Britain—and have never been Seduced from a firm and steady Attachment to the Interest of Our Country by All the Allureing Eloquence and Guileful Sophistry of the Archest of her Emisaries—and it is no Exaggeration to say that many of your Petitioners have as Faithfully Served, as Greevously Suffered—and as patiently Endured the fatigues and Distresses of the Severest Campains, and faced as many Dangers in the Service of the United States, as any class of men New-Hampshire can boast of—nor is it doing of us Justice to suppose that all the true Valour and Virtuous principals of the Army; were above our humble Sphere, and only to be found amongst those who were Honoured with Commissions, some of whose characters we should not Injure should we say they did not excell many to be found in the Ranks—so much in their mental powers, as in the Glitter of Dress and Military Parade and though your petitioners have greatly suffered in the Army by the Unparallel<sup>d</sup> fatigues of long and tedious marches—Severe Conflicts—and Miserable Accomodations in Our Cantonements from the want of money and necessary supplys so that many times we were Naked and Destitute, yet the Glorious prise for which we Struggled and the pleasing prospect of future happiness in a land of Freedom Excited to that fortitude and patience So Conspicuous in the Army—nor Can it be pretended that the Army were the only Sufferers by the War—many yea very many of our Virtuous Cityzens have Suffered almost unparalleled Distress by the Desolating Raveges and Barbarous Cruelty of the Enemy—

And those virtuous Patriots who have Served the publick in Court and Congress; with but a Scanty pittance for their Important Services together with those who have Used every Effort, by loaning their Interest to the publick to make the circumstances of the Army as Easy as possible and have Suffered Great loss by the Depreciation of a paper Currency and are now with us Suffering for their Dues have Justly merited the Attention of Our Legislature—

Your petitioners therefore beg leave to Unbosom their Poignant Grief to their Fathers and Guardians in General Court

Assembled (when we find that by the Resolves of Congress the Officers of the Army are Intitled to half pay for life or five Years full pay; as a Reward for their Sufferings—while those who (to say the least) have as Greatly Suffered are liable to be Taxed for the payment thereof) and Also to Expostulate a little on the Injustice of adding Unnecessarily to the Miseries of the Distressed And wherein doth it appear necessary that this Additional grant, should have been made to the Officers—were their Sufferings Greater than of those Already Enumerated—why then should they be thus Distinguished by the particular favours of Congress hath not their pay been Doubled since the Commencement of the War—and had the Soldier a proportional Allowance—

If it be said the Grant was necessary to prevent their leaving the Army—were they not under Equal or Greater obligations to Continue in the Service than the Soldier (if their Obligations Rose in proportion to their important trust) or why Doth the Deranged officers participate the Boon; while those whose impaired health Caused them to Resign are excluded—Can it be supposed that the murmurings of the Soldier would have so Readily procured him a Pension as a place in a Gaurd-house—Can it then be Just to Raise the Officers to a State of Opulence at the Expençe of the happiness of those full as Deserving—Will the State of Our Finances Admit of such liberal Donations—and Amidst the Acclamations of Joy at the Establishment of a happy Peace—how Dissonant must be the Groans of a Distressed multitude Sinking under the weight of an Accumulated Debt—and we are Confident that the most Deserving among the Officers of the Army Do not desire any Emolument which will so grievously Affect their Distressed Brethren—nor can your petitioners suppose the afore S<sup>d</sup> Resolves of the Nature of an irreversible Decree—Therefore in the most Humble and Importunate manner We Implore the interposition of Our Legislature that by a Remonstrance and Petition to Congress—Accompanied with particular Instructions to our Members they Endeavour that Congress Recind the afore S<sup>d</sup> Resolves and that such measures be taken as will be most Eligible for the Speedy payment of our Wages and for Discharging the Interest on the publick Debt and finally to preserve the States from Bankruptcy—Or that such other methods be taken as You in your Wisdom shall think most Effectual for the Accomplishing those Important purposes, and securing the peace and happiness of the State—And your Petitioners as in Duty Bound Shall Ever pray—

[12-49] [*Address from aforesaid Convention, 1783.*]

To the the Hon<sup>ble</sup> Council & house of Representatives of the state of New Hampshire, to be conven'd at Concord on the Third wednesday of December next—

May it please your Honours—

We the delegates of Twenty Three Towns in said state having met, beg leave to address & remonstrate to your honors & say, that the Convention being deeply impress'd with the importance of the subject wou'd lay the same before your Honors & permit us to be humbly importunate on the subject—The Convention at their last meeting remonstrated, and laid before the Late Hon<sup>ble</sup> Court (in part) their matters of grievance but the Close of the year & other causes enduced that Hon<sup>ble</sup> body to dissolve earlier than was Thought they wou'd have done, so that our desir'd redress cou'd not be Effected in any part. The Convention assur'd that Hon<sup>ble</sup> body of their firm intention to keep that good order & discipline, which all good government most necessarily require—The Convention beg leave again to assure your Honors of their same disposition & intention of doing all in their power to keep up that same good order—And be assur'd the Convention has the greatest abhorrence of a state of anarchy (so much to be dreaded) & that they will be as careful as in them lies, to shun every act that may tend that way—

The many Grievances which was laid before the late Hon<sup>ble</sup> House, were, the multiplicity of Lawsuits, the Enormous gratuities to be given to the officers who serv'd in the late war, the Tax on money at interest & the not laying the duty of 5 per Cent. on all imported Articles so strongly Urg'd & recommended by Congress—

The people, in the late war, have accumulated a learge Debt, a great part of the people Contracted the Debts they are now distriss'd for to support the war & many not having the least idea of the smallness of our finances, lent the Public learge sums, which the public pledged their faith that the same shoud

be immediately paid on the expectation of which, they contracted Debts with their neighbours, the Public still withholds payment whereby individuals are Cruelly sued perplex'd Harass'd & Brot almost to desparation—The war with all its Calamitys did not seem near so distressing as the present times—nothing but gold & silver, (which your honors are sensible are not to be had) will satisfy the gentleman who laid his plan to disconcert every measure that the states were taking to gain the independence they so much desird & which they have gain'd notwithstanding the many obstacles thrown in the way

The Convention apprehend that still those very men woud wish to do every thing that woud overturne the government & bring it into a state of anarchy & Distress (so much to be dreaded) & it seems, they embrace the opportunity to call for private debts which was contracted before & during the war for the Convention are really sensible those gen' woud not lend the Government one shilling in their distress, nor pay One shilling any otherways, than was extorted from them—Your Honors will be pleas'd to take into your wise consideration & adopt some measure that a medium of trade may be had or that a stop may be put to distressing Suits that is or may be Bro't—The Convention Humbly presume a new proportion will soon be made to levy future taxes by, beg leave to Hint to your honors the great inequality of the present Tax on money at interest and stock in trade and that those articles may have due Consideration with you in your new proportion—the Commutation to be giv'n the Gen' Officers who have serv'd in the late war is extremely heavy on the people who are to pay it—The people at home have labor'd hard, have had the war to support in its other branches, & are now reduc'd almost to an alternative of giving their all, & flying to some Howling wilderness & there to begin anew. The Convention woud be exceeding glad to do every thing in their power to compensate those gen' who have serv'd in the field & at the same time woud beg you woud not extort the whole of what is conquered. The war is now clos'd and they cannot, nay they must not expect to be the only gainers therefore the Convention beg your honors to remonstrate, & if any remedy is to be had, that the same may be effected which the Convention still hope & trust will be done—The duty which has been so strongly urged by Congress to be laid on all imported articles the Convention being fully sensible had it been done long before this it woud have been a great step towards raising a revenue and that the States woud by this time have rec'd great benifit from it as it woud have put it in their power at least to have paid part of the interest of the national Debt, and that Other nations woud have lent us money in our Distress if they cou'd be assur'd even of their interest

when due—Other nations raise large sums in this way, therefore the Convention prays your honors to take this matter into your wise Consideration and grant the same as our other states have done—the present method of collecting the excise the Convention humbly conceive might be collected in some other way less disagreeable and of greater utility to the government The Convention wou'd beg leave to suggest to your honors that they think some person in each Town might be appointed to collect the excise and be accountable in the same manner as other Taxes are accounted for—The Convention make no doubt but your honors will adopt the measure that will conduce to the good of the whole—The fee-table, the Convention wou'd beg leave to remonstrate to your honors that they think a regulation Ought to take place in many parts of it. Bills of Cost are mounted at this day to an Enormous sum. Nay, without being justly due in our humble opinion, therefore beg your honors to take into your wise Consideration and make such alterations as may seem to be more equitable and just—The Convention are Deeply sensible of the great embarrassments the government is in for want of regular payment of the Taxes call'd for. But the people have not the money Neither can they get it to pay. The Convention wou'd beg if it is consistant that those Extents for moneys due to the government for the Hier of Soldiers may be postpon'd from being extended, at present—Till the average can be made—the test Act, so call'd, has caus'd much disturbance with numbers of scrupulous minds, therefore beg your Honours to repeal so much of the clause of that act as relates to voters in town meeting—The confession act, so call'd seems to strike the minds of the people that the same if properly made will be very salutary and of great utility to the Public; therefore the Convention beg your hon' the same may be done—And that the Debtor have liberty to confess any sum that may be due and that a reasonable time (giving security for the personal appearance of the debtor or otherwise payment of the dept) be allow'd the debtor to make payment before Execution be issued—

To all which we pray your honors to give that attention that the necessity of the Case requires, & as in duty bound will ever pray—

In behalf of Convention—

Amos Dakin Charman

May it Please Your Honours—

The delegates of the Towns of Wilton New Boston Raby Mason New Ipswich Peterborough Rindge Jaffrey Dublin Packerfeild Marlborough Keen Surrey Chesterfield Marlow Lyndsborough and Richmond, Beg leave to remonstrate and lay before your Honors the distressing situation of the good people of this State, we wou'd Sincerely Wish the greatest good Order, and beleave us when we say we are determined (as far as in us lies) to maintain Our Government to the fullest extent, as we are Sensible Our All depends, On it. We are fully Sensible of the great embarrasment, and difficultys this State labours Under, and More especially, Our Hon<sup>ble</sup> General Court and are well assured they would be glad to do every thing in their power, But the many Objections that Arises to every method proposed by individuals of the General Court, is Augmented & therefore every part is laid Aside—we take the liberty to inform Your Honours we have Addressed and instructed the Hon<sup>ble</sup> Councilors and Representatives for the Several Towns before mentioned that they lay before your Honours the greivances, we labour Under—Therefore we must pray Your Honours to give Some Attention, and that we be redressed. The greivances which the good People that have Constituted us to Make Known, is the great Multiplicity of law Suits the Enormous Gratuities to be given to the Officers who Served in the late war, The Tax on Money at interest and The not laying the duty of five per<sup>ct</sup> on all imported Articles as Recommended by Congress and has been so Strongly Urged Therefore confiding in Your great Wisdom we rest Asured of Relief, and as in duty Bound Will Ever pray—

**JOINT RESOLUTION** relating to the preservation and publication of portions of the early state and provincial records and other state papers of New Hampshire.

*Resolved by the Senate and House of Representatives in General Court convened:*

That his excellency the governor be hereby authorized and empowered, with the advice and consent of the council, to employ some suitable person—and fix his compensation, to be paid out of any money in the treasury not otherwise appropriated—to collect, arrange, transcribe, and superintend the publication of such portions of the early state and provincial records and other state papers of New Hampshire as the governor may deem proper; and that eight hundred copies of each volume of the same be printed by the state printer, and distributed as follows: namely, one copy to each city and town in the state, one copy to such of the public libraries in the state as the governor may designate, fifty copies to the New Hampshire Historical Society, and the remainder placed in the custody of the state librarian, who is hereby authorized to exchange the same for similar publications by other states.

Approved August 4, 1881.

## EDITOR'S PREFACE.

---

In this volume is continued the publication of the same class of papers published in Volume XI, commencing with Gilman-ton, and taking the towns, as alphabetically arranged, to New Ipswich. They extend over a period, in some towns, of one hundred and fifty years, ending with the year 1800.

The editorial introduction to each town is intended to give data relative to the grant, charter, and incorporation, and all severances and annexations of territory, and all divisions for the purpose of forming new towns, said data being compiled from the manuscript records of the state in all cases. The petitions for various purposes are valuable, as furnishing much historical matter not elsewhere in existence, and the names of the inhabitants at various dates. They have been in all cases copied as originally written, scrupulously preserving the orthography, punctuation, capitalization, etc. Many valuable documents relative to soldiers of the various Indian and French and Revolutionary wars may be found in this and the preceding volume. Volume XIII, the printing of which has been commenced, will contain the remainder of this class of documents.

The editor desires to express his gratitude to many citizens of the state, who are especially interested in its history, for encouragement given him in his labor, and for the many favorable comments awarded to Volume XI, and particularly to His Excellency Charles H. Bell, for valuable advice and support.

Should this volume be as favorably received as its predecessor, the editor will be entirely satisfied with the result of his labor, and encouraged to future efforts.
