EXPLANATION

The Department requires on-call technical consulting services from three (3) firms to perform tasks to identify and evaluate impacts on properties and sites listed in, and/or eligible for listing in the National Register of Historic Places. The need for such services is in response to the National Environmental Policy Act of 1969, P.L. 91-910, which directs that, during the development of a project, a systematic interdisciplinary approach be used to assess beneficial and adverse social, economic and environmental effects of projects. It also addresses the requirements of the National Historic Preservation Act of 1966, as amended in 2006, and NH RSA 227-C:9 to identify and evaluate historic resources and the effect of projects upon such resources.

In pursuing this agreement, the Department followed a pre-qualified low-bid selection procedure in accordance with Section 2.2 "Statewide Low Bid Contracts" of the Department's manual, "Policies and Procedures for Consultant Contract Procurement, Management and Administration," dated August 25, 2017. To enable proper comparison of bids, a sample project with hypothetical tasks for work to be conducted under the agreements was provided to all bidders. Bids were received from the four (4) pre-qualified firms. Agreements will be awarded to the three (3) lowest bidding firms. The bids for the sample project from each pre-qualified firm were as follows:

Vendor	City/State	Bid Amount
Lisa B. Mausolf	Reading, MA	\$16,040.00
Preservation Company	Kensington, NH	\$18,781.00
Hunter Research, Inc.	Trenton, NJ	\$23,918.32
Kleinfelder Northeast, Inc.	Augusta, ME	\$31,340.00

Three (3) agreements are proposed to assure timely services as required to meet Department design and construction schedules.

The consultant selection process employed by the Department for this pre-qualified, low-bid contract is in accordance with RSAs 21-1:22-c, 21-1:22-d, 228:4 and 228:5-a, and all applicable Federal laws.

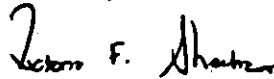

Lisa Mausolf, Preservation Consultant, has a solid reputation and is qualified to provide the required architectural history services. This area of expertise is essential to the Department's on-going environmental effort in support of the transportation program.

Lisa Mausolf, Preservation Consultant, has agreed to furnish the on-call services for an amount not to exceed \$200,000.00. The cost for individual Task Orders assigned under this contract will be negotiated and use specific rates of pay in accordance with their contract labor rates used on the hypothetical bid tasks. No new tasks may be assigned after the above-noted completion date, however, completion of previously assigned work begun prior to the completion date shall be allowed, subject to the written mutual agreement of both parties, which shall include a revised date of completion.

This Agreement (Statewide On-Call Architectural History Services, 43264) has been approved by the Attorney General as to form and execution. The Department has verified that the necessary funds are available. Copies of the fully-executed Agreement are on file at the Secretary of State's Office and the Department of Administrative Services, and subsequent to Governor and Council approval will be on file at the Department of Transportation.

It is respectfully requested that authority be given to enter into an Agreement for consulting services as outlined above.

Sincerely,

Victoria F. Sheehan
Commissioner

STATEWIDE ON-CALL
ARCHITECTURAL HISTORY SERVICES
43264

**AGREEMENT
FOR PROFESSIONAL SERVICES**

PREAMBLE

THIS AGREEMENT made this 2nd day of February in the year 2020 by and between the STATE OF NEW HAMPSHIRE, hereinafter referred to as the STATE, acting by and through its COMMISSIONER OF THE DEPARTMENT OF TRANSPORTATION, hereinafter referred to as the COMMISSIONER, acting under Chapter 228 of the Revised Statutes Annotated, and Lisa Mausolf, Preservation Consultant, with principal place of business at 6 Field Pond Drive, in the City of Reading, Commonwealth of Massachusetts, hereinafter referred to as the CONSULTANT, witnesses that:

The Department of Transportation, State of New Hampshire, hereinafter referred to as the DEPARTMENT, requires on-call technical services to have necessary evaluations for proper documentation of cultural resources for various transportation-related projects and activities located throughout the state.

This AGREEMENT becomes effective upon approval by the Governor and Council.

ARTICLE I

ARTICLE I - DESCRIPTION OF PROFESSIONAL SERVICES TO BE RENDERED

NOW THEREFORE, in consideration of the undertakings of the parties hereinafter set forth, the DEPARTMENT hereby engages the CONSULTANT, who agrees to render services to the DEPARTMENT which shall include, but not be restricted to, the following items, in accordance with conditions and terms hereinafter set forth:

A. DESCRIPTION OF SERVICES

The types of technical and professional services required under the terms of the AGREEMENT shall be those architectural history assessment efforts deemed necessary by the DEPARTMENT to obtain environmental clearances and implement mitigative work for possible architectural history properties. These services shall include preliminary examinations, followed, if necessary, by a series of intensive assessments by a professional architectural history firm to determine the possible existence, significance and nature of the historic properties, and by the documentation of the significance of said properties.

B. SCOPE OF WORK

The CONSULTANT shall perform, as necessary, architectural history studies for the DEPARTMENT in order to acquire data for the environmental analysis of transportation location and design studies and projects required under the National Environmental Policy Act of 1969, Section 106 of National Historic Preservation Act, State RSA 227C, and Section 4(f) of the Department of Transportation Act. In general, there will not have been previous studies done in this field for any given project. For those projects, however, where some study has been previously undertaken, the data collected during that study will be used to supplement the results of the investigations conducted under this AGREEMENT.

The objective of the work proposed under the AGREEMENT is to obtain architectural and/or historical data in an area where transportation improvement studies and projects are being considered so that an assessment of the potential existing resources and impacts of a transportation improvement may be addressed.

Studies under this AGREEMENT may consist of preparation of any of the following, using the NH Division of Historical Resources Guidelines:

- Town Wide Area Form
- Project Area Form
- Historic District Area Form
- Individual Inventory Form
- Request for Project Review Form
- Historic American Engineering Record and Historic American Building Survey documentation, including NH Historic Property Documentation

ARTICLE I

- Wording for state historic markers
- Historic contexts
- Reports for project planning purposes
- Constraints mapping and narratives in environmental documents summarizing the significance, integrity, and National Register of Historical Places eligibility of architectural properties associated with projects across the state
- Interpretive exhibit text
- Other related work required by federal and state historic preservation regulations for any assigned project or study

All work will be conducted by staff qualified under 36 CFR 61 for the position they hold and will be consistent with the following guidelines: "NH Individual Inventory Form Architectural Survey Manual I" (2015); "How to Complete the NH Division of Historical Resources Area Form" (2003); any updates to NHDHR policy and guidance; and the *Secretary of the Interior's Standards and Guidelines for Architectural and Engineering Documentation*.

The provisions of 23 CFR 771 and 36 CFR 800, as appropriate, are incorporated into this AGREEMENT. 23 CFR 771 is a Federal Highway Administration regulation that sets forth procedures for complying with other environmental laws, principally Section 4(f) of the Department of Transportation Act, 49 U.S.C. 1653(f) and 23 U.S.C. 138, and provides guidance for the preparation of environmental documents.

The Advisory Council on Historic Preservation regulation, 36 CFR 800, governs the process of review and comment for federally supported projects that affect historic properties and serves to implement the provisions of Section 106 of the National Historic Preservation Act of 1966.

It is intended that close cooperation be maintained between the CONSULTANT and the DEPARTMENT and that the Federal Highway Administration (FHWA) shall be afforded full opportunity to observe and review all phases of authorized work.

The number of times a CONSULTANT is retained to provide the services described in this AGREEMENT is dependent on several factors, namely:

- the current number of projects assigned to the CONSULTANT, this being at the discretion of the DEPARTMENT and FHWA, as appropriate;
- the amount of cultural resources assessment work required for any given project;
- the ability of the DEPARTMENT to perform the required environmental services with in-house personnel; and
- the DEPARTMENT'S/FHWA'S satisfaction with the performance of the CONSULTANT'S services.

ARTICLE I

The work actually assigned to the CONSULTANT, if any, may vary and may consist of a portion of the steps described in the scope of work.

C. STAFFING

The CONSULTANT shall furnish the DEPARTMENT with a list of qualified personnel including their labor classification and current direct-labor wage rates prior to entering into negotiations for this AGREEMENT. The CONSULTANT shall utilize the personnel approved by the DEPARTMENT during negotiations for this AGREEMENT for the performance of the work. If at any time the CONSULTANT is unable to use the personnel specified, it shall request approval from the DEPARTMENT to use other personnel. To obtain DEPARTMENT approval, the CONSULTANT shall request the personnel changes in writing and provide resumes for the new individuals at least 14 days in advance of the proposed personnel changes, for review by the DEPARTMENT.

D. QUALITY CONTROL

The CONSULTANT is expected to perform in a professional manner and all work shall be neat, well organized, fully comply with the requirements of this AGREEMENT and Task Orders, and meet the specified accuracy requirements. The DEPARTMENT will reject any data that does not comply with the above. The DEPARTMENT will decide when the data and services have fully met the project requirements. The CONSULTANT will not be paid for insufficient work.

E. TASK ORDERS

As needs develop, the DEPARTMENT will issue specific Task Orders to the CONSULTANT. A Task Order is an individually funded order with its own unique scope of work issued against the basic contract scope of work, terms and conditions, to carry out a specific project for the DEPARTMENT. These Task Orders will be initiated by a Request for Proposal (RFP) letter that may include a detailed description of the project or elements of work, an outline of the services required, responsibilities of the parties, materials to be supplied by the DEPARTMENT, specified accuracy requirements, and other information necessary to complete the work for the Task Order. The CONSULTANT shall then submit to the DEPARTMENT for approval a scope of work and fee proposal and a tentative work schedule and completion date for each Task Order assigned. The DEPARTMENT will review the CONSULTANT'S proposal and schedule negotiations, if necessary, to clarify the proposed scope of work, the number of work hours needed, and any other associated proposed costs in order to establish the final not-to-exceed or lump-sum amount for the Task Order. Upon approval of the CONSULTANT'S proposal by the DEPARTMENT and FHWA (if applicable), the DEPARTMENT will issue a Task Order Authorization to Proceed Letter. The CONSULTANT shall sign the Authorization to Proceed Letter and return it to the DEPARTMENT. A conference may be required to

ARTICLE I

turn over a Task Order to the CONSULTANT. Costs associated with the CONSULTANT'S preparation of a scope of work and fee for a Task Order are non-reimbursable.

F. MATERIAL FURNISHED BY THE DEPARTMENT OF TRANSPORTATION

The DEPARTMENT will furnish the following data to the CONSULTANT:

1. Appropriate maps, plans and reports, as available, for use by the CONSULTANT
2. Results from other investigations and studies
3. When necessary, a letter of introduction or right-of-entry permit, allowing access to the property and permission to perform testing and other necessary work.

G. WORK SCHEDULE AND PROGRESS REPORTS

The CONSULTANT shall be aware that the services to be performed under this AGREEMENT will be on an as-needed basis. In addition, the CONSULTANT shall realize that emergency situations may arise that will require immediate response/action.

Following approval of the contract by the Governor and Council, the CONSULTANT shall be available to begin performance of the services designated in the Contract promptly upon receipt from the DEPARTMENT of a Notice to Proceed Letter. Upon receipt of a Task Order Authorization to Proceed Letter, the CONSULTANT shall complete the services required for each Task Order without delay unless unable to do so for causes not under the CONSULTANT'S control.

It is imperative that close coordination between the CONSULTANT and the DEPARTMENT be maintained at all times so as to ensure compliance with the DEPARTMENT'S requirements for specific Task Orders.

The CONSULTANT'S sequence of operation and performance of the work under the terms of this AGREEMENT shall be varied at the direction of the DEPARTMENT to give priority in critical areas so that schedules and other STATE commitments, either present or future, can be met.

The CONSULTANT shall report progress monthly for each active Task Order with activity during the billing period, in accordance with the DEPARTMENT'S Standardized Invoicing.

H. SUBMISSION OF REPORTS, PLANS AND DOCUMENTS

Each submission shall be supplemented with such drawings, illustrations and descriptive matter as are necessary to facilitate a comprehensive review of proposed concepts. Any and all CAD/D-related work during the course of this project shall be performed in conformance with the DEPARTMENT'S CAD/D Procedures and Requirements in effect at the time of execution of this AGREEMENT, which will be coordinated on each assignment.

1. Performance of Services Outlined in the Scope of Work

ARTICLE I

Upon notification to proceed, the CONSULTANT shall perform such work as defined in the Authorization to Proceed Letter and the project-specific scope of work. Work to be accomplished shall be prosecuted within the definition provided in this AGREEMENT.

It is the intent of the DEPARTMENT under this AGREEMENT that the CONSULTANT shall furnish all professional and technical services and personnel and other such services and equipment as are necessary to perform the authorized work.

2. Architectural/Historical Evaluations

The forms, reports, or other products (original, plus 2 to 3 copies as needed) documenting the findings of the work performed shall be filed with the DEPARTMENT upon completion of the authorized work. The products shall be filed in a timely manner with the DEPARTMENT upon completion of the authorized work. The products shall follow the format provided to the CONSULTANT in the notification to proceed. Report format generally follows those guidelines provided in Article IB. Draft products must be reviewed and found acceptable to the DEPARTMENT and the Federal Highway Administration, and final products with requested change may be requested.

3. Disposition of Artifacts Found

The CONSULTANT will recommend the location for storage and describe provisions for handling the artifacts collected during the work. It will be the responsibility of the CONSULTANT to deliver, and prepare the artifacts for storage, to the approved location. The expense of shipping objects to the nearest point at which suitable transportation or storage is available and preparing such artifacts may be included in the work provided under this AGREEMENT. In general, artifacts are deposited at the Airport Road Laboratory of the NH Division of Historical Resources. The CONSULTANT will be expected to support its design proposals in any issues resulting from review by the DEPARTMENT or in the public participation phase (including agency coordination), with alternative studies and reasonably-itemized study cost comparisons for alternate schemes.

All work and supporting documents for Task Orders completed under this AGREEMENT shall be developed by the CONSULTANT and delivered to the DEPARTMENT according to the following formats:

The Office of Federal Contract Compliance Programs is solely responsible for determining compliance with Executive Order 11246 and 41 CFR Part 60 and the CONSULTANT should contact them regarding related compliance issues.

ARTICLE IV

N. DISADVANTAGED BUSINESS ENTERPRISE POLICY AGREEMENT REQUIREMENTS

1. **Policy.** It is the policy of the United States Department of Transportation (USDOT) to ensure nondiscriminatory opportunity for Disadvantaged Business Enterprises (DBE's), as defined in 49 Code of Federal Regulations (CFR) Part 26, to participate in the performance of agreements and any subagreements financed in whole or in part with Federal funds. Consequently, the DBE requirements of 49 CFR Part 26 apply to this AGREEMENT.
2. **Disadvantaged Business Enterprise (DBE) Obligation.** The STATE and its Consultants agree to ensure nondiscriminatory opportunity for disadvantaged business enterprises, as defined in 49 CFR Part 26, to participate in the performance of agreements and any subagreements financed in whole or in part with Federal funds. In this regard, the STATE and its Consultants shall take all necessary and reasonable steps in accordance with 49 CFR Part 26 to ensure that disadvantaged business enterprises have the opportunity to compete for and perform work specified in the agreements. The STATE and its Consultants shall not discriminate on the basis of race, color, religion, age, sex, handicap, sexual orientation, or national origin in the award and performance of agreements financed in whole or in part with Federal funds.
3. **Sanctions for Non-Compliance.** The CONSULTANT is hereby advised that failure of the CONSULTANT, or any Subconsultant performing work under this AGREEMENT, to carry out the requirements set forth in paragraphs 1 and 2 above shall constitute a breach of agreement and, after the notification of the United States Department of Transportation, may result in termination of this AGREEMENT by the STATE or such remedy as the STATE deems appropriate.

O. DOCUMENTATION

The CONSULTANT shall document the results of the work to the satisfaction of the DEPARTMENT and the Federal Highway Administration. This shall include preparation of progress reports, plans, specifications and estimates and similar evidences of attainment of objectives called for in this AGREEMENT.

P. CLEAN AIR AND WATER ACTS

If the amount of the AGREEMENT or subcontract thereunder exceeds \$100,000, the CONSULTANT or subconsultant shall comply with applicable standards, orders or requirements issued under Section 306 of the Federal Clean Air Act (43 U.S.C. 1857(h)), Section 508 of the Federal Clean Water Act (33 U.S.C. 1368), Executive Order 11738, and Environmental Protection Agency regulations (40 CFR Part 15), which prohibit the use under non-exempt Federal contracts, grants or loans of facilities included on the EPA List of Violating Facilities. The CONSULTANT or subconsultant shall report violations to the FHWA and to the U. S. Environmental Protection Agency Assistant Administrator for Enforcement (EN-329).

ATTACHMENT A

Special Contract Provisions for COVID-19

The CONSULTANT acknowledges and agrees that this AGREEMENT was entered into following the coronavirus disease 2019 (COVID-19) outbreak. The CONSULTANT agrees that to the extent the COVID-19 outbreak, or any federal, state or local orders, regulations, rules, restrictions, or emergency declarations relating to COVID-19, disrupt, delay, or otherwise impact the Scope of Services to be performed by the CONSULTANT as set forth in Article I of this AGREEMENT, any such disruption, delay, or other impact was foreseeable at the time this AGREEMENT was entered into by the Parties and does not excuse the Contractor's performance under this AGREEMENT. The CONSULTANT agrees that any such impact, including any disruption to supply chains, workforce reductions, delays or interruptions in performance, or other effects on businesses, are not the fault of the STATE and the CONSULTANT may not seek damages against the STATE for any such impacts.

If the CONSULTANT experiences or anticipates any such COVID-19-related impacts to this AGREEMENT, the CONSULTANT shall immediately notify the DEPARTMENT'S Contract Manager. In the event of any COVID-19-related impact or anticipated impact to this AGREEMENT, the Contract Manager shall have the right to temporarily modify, substitute, or decrease the services, without the approval of the Governor and Executive Council, upon giving written notice to the CONSULTANT. The STATE'S right to modify includes, but is not limited to the right to modify service priorities, including how and when services are delivered, and expenditure requirements under this AGREEMENT so as to achieve compliance therewith, provided such modifications are within the Scope of Services and cost limitations of this AGREEMENT. By exercising any of the rights described within this subsection, the STATE does not waive any of its right under this AGREEMENT.

In the event that a modification by the STATE under this subsection would result in a permanent reduction of services that cannot be supplemented during the remaining term of this AGREEMENT with either replacement or substituted services of substantially similar value, the Parties shall submit a formal amendment to this AGREEMENT with a commensurate reduction in the price. This amendment will require the approval of the Governor and Executive Council. In order to facilitate reconciliation of services performed under this AGREEMENT, the CONSULTANT shall submit weekly reports detailing the following for any service not fully performed pursuant to the terms of the AGREEMENT:

- 1) The services required to be performed under the terms of this AGREEMENT as written;
- 2) The services actually performed;
- 3) Any replacement or substituted services performed with reference to the associated unperformed contracted services.
