Her Excellency, Governor Margaret Wood Hassan
and the Honorable Council
State House
Concord, New Hampshire 03301

REQUESTED ACTION

Authorize the Department of Administrative Services to amend the State Contract with Weld Power Service Company, Auburn MA (VC 208300), originally approved by Governor and Executive Council on November 14, 2012, Item #16 and amended on May 15, 2013, Item #19B, for the provision of generator maintenance services by extending the end date from December 31, 2015 to June 30, 2016, with a corresponding increase in the contract price limitation by \$28,260.00, from \$200,000.00 to \$228,260.00, effective upon Governor and Executive Council approval through June 30, 2016.

Funding is provided through individual agency expenditures; none of which shall be permitted unless there are sufficient appropriated funds in a specific Accounting Unit to cover the expenditure.

EXPLANATION

On November 14, 2012, item #16, and amended on May 15, 2013, Item #19B, Governor and Executive Council approved a three-year contract with Weld Power Service Company for generator preventive maintenance and miscellaneous repair, emergency calls and rental of temporary generators. The Department of Administrative Services is seeking an extension of the existing contract in order to complete a comprehensive competitive bid, under the same terms, conditions and pricing structure, subject to the requisite approval of Governor and Executive Council. This service is essential throughout the State agencies.

Based on the foregoing, I am respectfully recommending approval of the amendment to the contract with Weld Power Service Company.

Respectfully Submitted,

Vicki V. Quiram
Commissioner

REQUESTED ACTION

Authorize the Department of Administrative Services, Bureau of Purchase and Property, to enter into a contract with **[REDACTED]**, 14 Technology Drive, Auburn MA (Vendor No. 208300), for an amount not to exceed \$200,000.00 for a three year contract for generator maintenance. The term shall be for three years beginning with Governor and Council approval and ending on December 31, 2015.

Funding shall be provided through individual agency expenditures, none of which shall be permitted unless there is not sufficient appropriation to cover the expenditure.

EXPLANATION

This contract was sought in order to provide state agencies with access to services related to generators including: preventive maintenance and miscellaneous repair; emergency calls and rental of temporary generators.

On August 15, 2012, the Bureau issued a request for bid for generator maintenance contracts. On August 29, 2012, four compliant bids were received. Bids were evaluated on the basis of the bidders' lowest applicable fees in conjunction with a weighted measure for various criteria. The intent was to award contracts per county for the lowest price meeting the specifications. Attached are copies of the bid tab evaluation of the compliant bids. The advertisement soliciting bids was placed in a statewide newspaper August 20-22, 2012 and the bid was also posted on the Purchase & Property web site.

Based on the foregoing, I am respectfully recommending approval of the contract with Weld Power Service Co.

Respectfully submitted,
