REQUESTED ACTION

Authorize the NH Department of Corrections to enter into a contract amendment, Amendment # 1, to exercise the first renewal option of the contract, Agreement, with Academy Computer Services, Inc. (VC# 256055), 290 Main Street, Suite 4, Stoneham, MA 02180, for the provision of Correctional Law Library Services, to increase the price limitation by \$30,492.00 from \$65,461.00 in the amount not to exceed \$95,953.00 and extend the completion date of the Agreement from December 31, 2015 to December 31, 2016, effective upon Governor and Executive Council approval. The original Agreement was approved by Governor and Executive Council on August 5, 2014, Item #48 with two (2) options to renew of up to one (1) year each. 100% Offender Funds.

The requested action does not involve the expenditure of State funds, as the offenders' Inmate Recreation Fund will support the cost of the hardware, installation, maintenance and security for this computer-based, electronic on-line legal research, law library system.

EXPLANATION

Currently, LexisNexis® provides legal content, on-line legal research services, for inmate use to the NH Department of Corrections via an on-line content thin client system as part of the services provided by Academy Computer Services, Inc. In the original Agreement, Academy Computer Services, Inc. provided contractor owned hardware, installation, maintenance and monitoring services designed specifically for prison legal law library systems to establish a stand-alone network, completely separate from the State network, to deliver secure, legal content in electronic format. Each facility, NH Northern Correctional Facility (NCF), NH State Prison for Men (NHSP-M) and NH State Prison for Women (NHSP-W), received isolated thin client networks (law library system: end user terminals, modems, UPS, switches, firewall, surge protection, printers and etc.), separate and distinct from the Department's operational data networks, consisting of four thin clients for NCF, ten thin clients for NHSP-M and two thin clients for NHSP-W. Each facility network is physically isolated from the staff network with no common data wires, switches or other network components and will function independently from one another.

In addition to the installation and maintenance services, Academy Computer Services, Inc. provides live remote monitoring of usage, firewall (logon failures, site blocks, and external hacking attempts), server, and keg logs of the law library system(s) through real-time observation with suspicious activity reported to the NH Department of Corrections.

As the original Agreement provided installation, maintenance and monitoring services of the isolated thin client networks, Amendment #1 will continue to provide maintenance services of the thin client networks to include system(s) replacement as needed for any reason in whole or in part, updates, on-site visits, on-line access and annual software licensing and enhancements and live remote monitoring services for each facility location.

Amendment Agreement # 1 shall modify the Agreement's, completion date and price limitation of the original contract, Agreement.

Respectfully Submitted,

REQUESTED ACTION

Authorize the New Hampshire Department of Corrections to enter into a contract with Academy Computer Services, Inc. (VC# 256055), 290 Main Street, Suite 4, Stoneham, MA 02180, in the amount of \$65,461.00 for the provision of Correctional Law Library Services effective upon Governor and Executive Council approval through December 31, 2015 with the option to renew for two (2) additional periods of up to one (1) year each. 100% Offender Funds

The requested action does not involve the expenditure of State funds, as the offenders' Inmate Recreation Fund will support the cost of the hardware, installation, maintenance and security for this computer-based, electronic on-line legal research, law library system.

EXPLANATION

The NH Department of Corrections seeks to provide inmates a modern method of delivering up to date, legal content (on-line legal research services) in a manner that is secure and monitored for appropriate usage. Currently, LexisNexis® provides legal content to the New Hampshire Department of Corrections via an external hard drive (EHD) supported by the Inmate Recreation Fund. The NH Department of Corrections would like to convert the EHD hardware component to an on-line content thin client system as part of the services provided by Academy Computer Services, Inc.

Academy Computer Services, Inc. will provide contractor owned hardware, installation, maintenance and monitoring services designed specifically for prison legal law library systems to establish a stand-alone network, completely separate from any State network, to deliver secure, legal content in electronic format.

Each location, NH Northern Correctional Facility (NCF), NH State Prison for Men (NHSP-M) and NH State Prison for Women (NHSP-W), will receive isolated thin client networks, separate and distinct from the Department's operational data networks, consisting of four thin clients for NCF, ten thin clients for NHSP-M and two thin clients for NHSP-W. Each system will be physically isolated from the staff network with no common data wires, switches or other network components and will function independently form one another.

Academy Computer Services, Inc. will be responsible for the installation of all contractor owned hardware components and the oversight of any network wiring required to deliver legal content to the facilities. Academy Computer Services, Inc. will be responsible for the maintenance of all hardware, repairs and replacements for the duration of the contracted services, thus warranting for damaged or defective hardware. Academy Computer Services, Inc. will provide live remote monitoring of usage, firewall (logon failures, site blocks, and external hacking attempts), server, and keg logs of the law library system through real-time observation with suspicious activity reported to the Department of Corrections.

The costs for this provision for SFY 15 will consist of an initial hardware fee in the amount of \$22,509.00 and monthly monitoring and maintenance fees prorated at 11 months (August 1, 2014 through June 30, 2015) in the amount of \$27,706.00. The costs for SFY 16 will consist of monitoring and maintenance fees, in the amount of \$15,246.00, at 6 months since the contract end date is December 31, 2015, for a total estimated contract price of \$65,461.00. The initial hardware fee is a one-time start up cost for Academy Computer Services, Inc. to acquire the necessary contractor owned hardware and components for the installation of the thin client electronic law library system (e.g. end user terminals, servers, modems, UPS, switches, firewall, surge protection, printers and etc.) for the NCF, NHSP-M and NHSP-W facilities. Monitoring and maintenance fees will consist of live remote monitoring; system(s) replacement as needed for any reason in whole or in part, updates, onsite visits, on-line access, annual software licensing and enhancements.

The New Hampshire Department of Corrections issued a request for proposal (RFP) for the provision of Correctional Law Library Services services. The RFP was posted on the New Hampshire Department of Corrections website: <http://www.nh.gov.nhdoc/business/rfp.html> for six (6) consecutive weeks and notified three (3) potential vendors of the RFP posting. As a result of the issuance of the RFP, two (2) potential vendors responded by submitting a proposal. After the review of the proposals, in accordance with the RFP Terms and Conditions, the New Hampshire Department of Corrections awarded the Contract to Academy Computer Services, Inc., subject to Governor and Executive Council approval.

This RFP was scored by a three (3) person evaluation committee for the purposes of preserving the privacy of the evaluators. The evaluation committee consisted of New Hampshire Department of Corrections employees: Ron Cormier, Sr. Business Systems Analyst; Daniel Tanguay, Education Director, Institutional Programs; and Kim MacKay, Former Deputy Director, MS, Medical/Forensic Services.

Requested Action

Authorize the New Hampshire Department of Corrections (NHDOC) to enter into a contract with Academy Computer Services, Inc. (Vendor # 256055), 290 Main Street, Suite 4, Stoneham, MA 02180, for the provision of Correctional Law Library Services.

The requested action does not involve the expenditure of State Funds as the offenders through the Inmate Recreation Fund will support the cost of the computer based solution for the maintenance and security of an electronic legal on-line reference material law library system.

The NH Department of Corrections seeks to provide inmates a modern method of delivering up to date legal content in a manner that is secure and is monitored for appropriate usage.

Academy Computer Services, Inc. provides hardware and services designed specifically for prison legal libraries. They will provide all hardware needed to establish a stand-alone network, completely separate from any state networks to deliver secure legal content in electronic format. They will be responsible for all hardware repairs and replacements for the duration of the agreement. In addition, Academy Computer Services will provide live monitoring of the usage of the law library through the use of real-time observation, firewall monitoring and monitoring of server and key logs. Any suspicious activity will be reported to the Department of Corrections immediately. This project will be paid for in its entirety with inmate recreation funds and does not involve any state funds.

Alternatives and Benefits

The maintenance and monitoring of the inmate law library has been an issue for many years. This system has never been part of the support agreements between DOC and DOIT. However DOIT staff has at times agreed to assist with keeping the system operational. The only alternative to this contract would be to amend the agreement between DOC and DOIT to have support added to this system. After discussions between DOC and DOIT management it was determined that third party support and monitoring of the law library was the best, most cost effective solution. Both agencies benefit by having a secure system that has better maintenance and monitoring than the agencies could provide internally. This contract will also result in a more secure legal library suitable for inmate usage.

(2) The contractor certifies it does **NOT** qualify for insurance requirements under RSA 21-I:13, XIV (Supp. 2006).

Please indicate your current comprehensive general liability coverage limits below, sign, date and return with your proposal package.

COR 307.02 Contraband on prison grounds is prohibited. The possession, transport, introduction, use, sale or storage of contraband on the prison grounds without prior approval of the commissioner of corrections or his designee is prohibited under the provision of RSA 622:24 and RSA 622:25.

COR 307.03 Searches and Inspections Authorized.

- a) Any person or property on state prison grounds shall be subject to search to discover contraband...
Travel onto prison grounds shall constitute implied consent to search for contraband. In such cases where implied consent exists, the visitor will be given a choice of either consenting to the search or immediately leaving the prison grounds. - b) All motor vehicles parked on prison grounds shall be locked and have the keys removed. Custodial personnel shall check to insure that vehicles are locked and shall visually inspect the plain-view interior of the vehicles. Vehicles discovered unlocked shall be searched to insure that no contraband is present. Contraband discovered during searches shall be confiscated for evidence, as shall contraband discovered during plain-view inspections.
- c) All persons entering the facilities to visit with residents or staff, or to perform services at the facilities or to tour the facilities shall be subject to having their persons checked. All items and clothing carried into the institution shall be searched for contraband.

**FEDERAL BUREAU OF INVESTIGATION
CRIMINAL JUSTICE INFORMATION SERVICES
SECURITY ADDENDUM**

The goal of this document is to augment the CJIS Security Policy to ensure adequate security is provided for criminal justice systems while (1) under the control or management of a private entity or (2) connectivity to FBI CJIS Systems has been provided to a private entity (contractor). Adequate security is defined in Office of Management and Budget Circular A-130 as "security commensurate with the risk and magnitude of harm resulting from the loss, misuse, or unauthorized access to or modification of information."

The intent of this Security Addendum is to require that the Contractor maintain a security program consistent with federal and state laws, regulations, and standards (including the CJIS Security Policy in effect when the contract is executed), as well as with policies and standards established by the Criminal Justice Information Services (CJIS) Advisory Policy Board (APB).

This Security Addendum identifies the duties and responsibilities with respect to the installation and maintenance of adequate internal controls within the contractual relationship so that the security and integrity of the FBI's information resources are not compromised. The security program shall include consideration of personnel security, site security, system security, and data security, and technical security.

The provisions of this Security Addendum apply to all personnel, systems, networks and support facilities supporting and/or acting on behalf of the government agency.

1.00 Definitions

1.01 Contracting Government Agency (CGA) - the government agency, whether a Criminal Justice Agency or a Noncriminal Justice Agency, which enters into an agreement with a private contractor subject to this Security Addendum.

1.02 Contractor - a private business, organization or individual which has entered into an agreement for the administration of criminal justice with a Criminal Justice Agency or a Noncriminal Justice Agency.

2.00 Responsibilities of the Contracting Government Agency.

2.01 The CGA will ensure that each Contractor employee receives a copy of the Security Addendum and the CJIS Security Policy and executes an acknowledgment of such receipt and the contents of the Security Addendum. The signed acknowledgments shall remain in the possession of the CGA and available for audit purposes. The acknowledgement may be signed by hand or via digital signature (see glossary for definition of digital signature).

3.00 Responsibilities of the Contractor.

3.01 The Contractor will maintain a security program consistent with federal and state laws, regulations, and standards (including the CJIS Security Policy in effect when the contract is executed), as well as with policies and standards established by the Criminal Justice Information Services (CJIS) Advisory Policy Board (APB).

4.00 Security Violations.

4.01 The CGA must report security violations to the CJIS Systems Officer (CSO) and the Director, FBI, along with indications of actions taken by the CGA and Contractor.

4.02 Security violations can justify termination of the appended agreement.

4.03 Upon notification, the FBI reserves the right to:

- a. Investigate or decline to investigate any report of unauthorized use;
- b. Suspend or terminate access and services, including telecommunications links. The FBI will provide the CSO with timely written notice of the suspension. Access and services will be reinstated only after satisfactory assurances have been provided to the FBI by the CJA and Contractor. Upon termination, the Contractor's records containing CHRI must be deleted or returned to the CGA.

5.00 Audit

5.01 The FBI is authorized to perform a final audit of the Contractor's systems after termination of the Security Addendum.

6.00 Scope and Authority

6.01 This Security Addendum does not confer, grant, or authorize any rights, privileges, or obligations on any persons other than the Contractor, CGA, CJA (where applicable), CSA, and FBI.

6.02 The following documents are incorporated by reference and made part of this agreement: (1) the Security Addendum; (2) the NCIC 2000 Operating Manual; (3) the CJIS Security Policy; and (4) Title 28, Code of Federal Regulations, Part 20. The parties are also subject to applicable federal and state laws and regulations.

6.03 The terms set forth in this document do not constitute the sole understanding by and between the parties hereto; rather they augment the provisions of the CJIS Security Policy to provide a minimum basis for the security of the system and contained information and it is understood that there may be terms and conditions of the appended Agreement which impose more stringent requirements upon the Contractor.

6.04 This Security Addendum may only be modified by the FBI, and may not be modified by the parties to the appended Agreement without the consent of the FBI.

6.05 All notices and correspondence shall be forwarded by First Class mail to:

CERTIFICATION

I hereby certify that I am familiar with the contents of (1) the Security Addendum, including its legal authority and purpose; (2) the NCIC 2000 Operating Manual; (3) the CJIS Security Policy; and (4) Title 28, Code of Federal Regulations, Part 20, and agree to be bound by their provisions.

I recognize that criminal history record information and related data, by its very nature, is sensitive and has potential for great harm if misused. I acknowledge that access to criminal history record information and related data is therefore limited to the purpose(s) for which a government agency has entered into the contract incorporating this Security Addendum. I understand that misuse of the system by, among other things: accessing it without authorization; accessing it by exceeding authorization; accessing it for an improper purpose; using, disseminating or re-disseminating information received as a result of this contract for a purpose other than that envisioned by the contract, may subject me to administrative and criminal penalties. I understand that accessing the system for an appropriate purpose and then using, disseminating or re-disseminating the information received for another purpose other than execution of the contract also constitutes misuse. I further understand that the occurrence of misuse does not depend upon whether or not I receive additional compensation for such authorized activity. Such exposure for misuse includes, but is not limited to, suspension or loss of employment and prosecution for state and federal crimes.

**PRISON RAPE ELIMINATION ACT
ACKNOWLEDGEMENT FORM**

The Prison Rape Elimination Act (PREA) of 2003 (with Final Rule August 2012) is a federal law established to address the elimination and prevention of sexual assault and sexual harassment within correctional systems and detention facilities. This Act applies to all correctional facilities, including prisons, jails, juvenile facilities and community corrections residential facilities. PREA incidents involve the following conduct:

- Resident-on-resident sexual assault
- Resident-on-resident abusive sexual contact
- Staff sexual misconduct
- Staff sexual harassment of a resident

The act aimed to curb prison rape through a “zero-tolerance” policy, as well as through research and information gathering. The NH Department of Corrections has zero tolerance relating to the sexual assault/rape of offenders and recognizes these offenders as crime victims. Due to this recognition and adherence to the federal Prison Rape Elimination Act (PREA) of 2003, the NH Department of Corrections extends the “zero tolerance” to the following:

- Contractor/subcontractor misconduct
- Contractor/subcontractor harassment of a resident

As a Contractor and/or Subcontractor of the NH Department of Corrections, I acknowledge that I have been provided information on the Prison Rape Elimination Act of 2003 and have been informed that as a Contractor and/or Subcontractor of the NH Department of Corrections, sexual conduct between Contractor and/or Subcontractor and offenders is prohibited. Sexual harassment or sexual misconduct involving an offender can be a violation of NH RSA 632-A:2, 632-A:3 and 632-A:4, Chapter 632-A: Sexual Assault and Related Offenses, and result in criminal prosecution.

As a Contractor and/or Subcontractor of the NH Department of Corrections, I understand that I shall inform all employees of the Contractor and/or Subcontractor to adhere to all policies concerning PREA, RSA 632-A:2, RSA 632-A:3, RSA 632-A:4 and departmental policies including NHDOC PPD 5.19 - PREA; NHDOC Administrative Rules, Conduct and Confidentiality Information regarding my conduct, reporting of incidents and treatment of those under the supervision of the NH Department of Corrections. (Ref. RSA Chapter 632-A, NHDOC PPD 5.19 and Administrative Rules, Rules of Conduct for Persons Providing Contract Services, Confidentiality of Information Agreement).
