**REQUESTED ACTION**

Authorize the Department of Environmental Services to award a Local Source Water Protection grant to Pennichuck Water Works, Inc. (VC #155870 B001) in the amount of \$20,000 to complete a project to protect public drinking water supplies, effective upon Governor and Council approval through May 31, 2021. 100% Federal Funds.

Funding is available in the following account:

03-44-44-441018-4718-072-500574

Dept. Environmental Services, DWSRF Loan Management, Grants- Federal

FY2020

\$20,000

**EXPLANATION**

The Department of Environmental Services issued a request for proposals for 2020 Local Source Water Protection Grants. These grants are funded by set-asides under the Drinking Water State Revolving Loan Fund. Eighteen proposals were received. The proposals were evaluated and ranked based on criteria included in the request for proposals, such as whether the project fulfills a component of a source water protection program, that the proposed project addresses appropriate threats, and that the project will deliver a valuable and useful product. Based on the available federal funding, the Department determined that it could offer grants to nine source protection planning projects and four source security projects. See Attachment A for the full list of grants awarded and list of reviewers.

Pennichuck Water Works, Inc. (PWW) will use the source water protection grant funds to develop a Modified Source Water Protection Plan (MSWPP) prior to the activation of the new source water intake from the Merrimack River for the communities of Litchfield and Merrimack. The MSWPP is a condition of the 2019 NH Drinking and Groundwater Trust Fund received by PWW for the construction of the new intake.

This agreement has been approved as to form, substance, and execution by the Office of the Attorney General. In the event that the federal funds are no longer available, General funds will not be requested to support this program.

We respectfully request your approval of this item.

11.2.2 give the Grantee a written notice specifying the Event of Default and suspending all payments to be made under this Agreement and ordering that the portion of the Grant Amount which would otherwise accrue to the grantee during the period from the date of such notice until such time as the State determines that the Grantee has cured the Event of Default shall never be paid to the Grantee; and

11.2.3 set off against any other obligation the State may owe to the Grantee any damages the State suffers by reason of any Event of Default; and

11.2.4 treat the agreement as breached and pursue any of its remedies at law or in equity, or both.

## 12. TERMINATION.

12.2 In the event of Termination under paragraphs 10 or 12.4 of these general provisions, the approval of such a Termination Report by the State shall entitle the Grantee to receive that portion of the Grant amount earned to and including the date of termination.

12.3 In the event of Termination under paragraphs 10 or 12.4 of these general provisions, the approval of such a Termination Report by the State shall in no event relieve the Grantee from any and all liability for damages sustained or incurred by the State as a result of the Grantee's breach of its obligations hereunder.

12.4 Notwithstanding anything in this Agreement to the contrary, either the State or except where notice default has been given to the Grantee hereunder, the Grantee, may terminate this Agreement without cause upon thirty (30) days written notice.

against the State, its officers and employees, by or on behalf of any person, on account of, based on, resulting from, arising out of (or which may be claimed to arise out of) the acts or omissions of the Grantee of Subcontractor, or subgrantee or other agent of the Grantee. Notwithstanding the foregoing, nothing herein contained shall be deemed to constitute a waiver of the sovereign immunity of the State, which immunity is hereby reserved to the State. This covenant shall survive the termination of this agreement.

## 17. INSURANCE AND BOND.

17.1 The Grantee shall, at its sole expense, obtain and maintain in force, or shall require any subcontractor, subgrantee or assignee performing Project work to obtain and maintain in force, both for the benefit of the State, the following insurance:

17.1.1 statutory worker's compensation and employees liability insurance for all employees engaged in the performance of the Project, and

Each policy shall contain a clause prohibiting cancellation or modification of the policy earlier than ten (10) days after written notice has been received by the State.

18. WAIVER OF BREACH. No failure by the State to enforce any provisions hereof after any Event of Default shall be deemed a waiver of its rights with regard to that Event, or any subsequent Event. No express waiver of any Event of Default shall be deemed a waiver of any provisions hereof. No such failure or waiver shall be deemed a waiver of the right of the State to enforce each and all of the provisions hereof upon any further or other default on the part of the Grantee.

19. NOTICE. Any notice by a party hereto to the other party shall be deemed to have been duly delivered or given at the time of mailing by certified mail, postage prepaid, in a United States Post Office addressed to the parties at the addresses first above given.

**EXHIBIT A**  
**SCOPE OF WORK**

**Pennichuck Water Works (PWW):**

PWW will use New Hampshire Department of Environmental Services (NHDES) grant funds to develop a source water protection (SWP) plan for the Merrimack River, a surface water source serving the City of Nashua and surrounding communities. The plan will inventory potential contamination sources (PCSs) within a 10-hour Hydrologic Area of Concern (HAC), identify data gaps, and complete a risk assessment to prioritize risks to drinking water with a focus on catastrophic spills and releases. This work will also consider options for water quality monitoring and establish protocols and standard operating procedures to improve emergency response planning. Work will be completed as stated in *Proposal to Develop a Modified Source Water Protection Plan for Pennichuck Water Work's Merrimack River Deep River Raw Water Intake* (Geosyntec Consultants, Inc., April 2, 2020).

Deliverables identified in tasks listed in Exhibit B will be submitted to NHDES for review and comment prior to finalization per the timeline established in the Geosyntec, Inc. proposal.

**Quarterly progress report forms must be completed by grant recipients or their subcontractor and submitted to NHDES every three months, beginning with the first full three (3) month quarter after grant approval from Governor & Council.**

**EXHIBIT B**  
**BUDGET & PAYMENT METHOD**

All services shall be performed to the satisfaction of the Department of Environmental Services before payment is made. All payments shall be made upon receipt and approval of stated outputs and upon receipt of the associated invoice. **If the invoice is less than the initial estimate, only the amount on the invoice will be paid.** Payments shall be made in accordance with the following schedule, based upon completion of specific tasks:

**EXHIBIT C**  
**SPECIAL PROVISIONS**

Subparagraph 1.7 of the General Provisions shall not apply to this Agreement. The comprehensive public liability insurance against all claims of bodily injuries, death, or property damage under Subparagraph 17.1.2 of the General Provisions shall be reduced from \$2,000,000 to \$1,000,000 for bodily injury or death in any one incident. A reduction from the State's standard liability coverage is warranted in light of the minimal risk associated with the activities required under this contract.

Changes to the Scope of Work or reallocation of grant funds require NHDES approval in advance.

Work must be completed by the completion date listed on the grant agreement (section 1.6). Requests for payment along with required proof of work must be submitted no later than 90 days after the completion date or the grant will be closed out and funds will no longer be available.

If a deadline extension is requested, the grantee must make that request for approval at least two months before the completion date. Failure to do so may result in lower rankings of future grant applications.

Federal Funds paid under this agreement are from a Grant to the State from the U.S. Environmental Protection Agency, Drinking Water State Revolving Fund Set-Asides under CFDA #66.468. All applicable requirements, regulations, provisions, terms and conditions of this Federal Grant are hereby adopted in full force and effect to the relationship between this Department and the grantee.
