COMMISSIONER

Her Excellency, Governor Margaret Wood Hassan
and the Honorable Council
State House
Concord, New Hampshire 03301

Requested Action

Pursuant to RSA 21-P:43, the Department of Safety, Division of Homeland Security and Emergency Management requests authorization to enter into a grant agreement with the Town of Marlow (VC# 159902-B001), for a total amount of \$123,093.75 for implementation of projects identified through the evaluation of natural hazards. Effective upon Governor and Council approval through January 9, 2016. Funding source: 100% Federal Funds.

Funding is available in the SFY 2015 operating budget as follows:

02-23-23-236010-4393000	Dept. of Safety – HSEM – Pre-Disaster Mitigation	
072-500574	Grants-Federal – Grants to Local Gov't-Federal	\$123,093.75
Activity Code: 23PDM13 4393		

Explanation

The Town of Marlow plans to use these funds to replace and upgrade culverts on Marlow Sand Pond Road. The existing pair of 4-foot wide corrugated metal pipe culverts will be replaced with one concrete box culvert that will be 12-foot wide and 6-foot high. The road elevation will be raised to accommodate the culvert and to prevent future washout and overtopping. The grant listed above is funded from the FFY 2013 Pre-Disaster Mitigation Competitive (PDMC) Grant Program, which was awarded to the Department of Safety, Division of Homeland Security and Emergency Management (HSEM) from the Federal Emergency Management Agency (FEMA). The PDMC Grant Program provides funding to sub-grantees for cost-effective hazard mitigation activities that complement a comprehensive mitigation program. FEMA provides PDMC funds to states that, in turn, provide sub-grants or contracts for a variety of mitigation activities, such as the implementation of projects identified through the evaluation of natural hazards. Notification of this program is made to every community by email and by letter sent to the chief elected official. All community applications for this grant are reviewed for eligibility by the State Hazard Mitigation Officer prior to being submitted to FEMA.

The PDMC Grant Program is 75% federally funded by the Federal Emergency Management Agency with a 25% match requirement supplied by the sub-grantee. The sub-grantee acknowledges its match obligation as part of Exhibit A to the grant agreement.

In the event that Federal Funds are no longer available, General Funds and/or Highway Funds will not be requested to support this program.

Respectfully submitted,

Jm
John J. Barthelmes

 - 11.2.2 Give the Grantee a written notice specifying the Event of Default and suspending all payments to be made under this Agreement and ordering that the portion of the Grant Amount which would otherwise accrue to the grantee during the period from the date of such notice until such time as the State determines that the Grantee has cured the Event of Default shall never be paid to the Grantee; and

- 12.3. In the event of Termination under paragraphs 10 or 12.4 of these general provisions, the approval of such a Termination Report by the State shall in no event relieve the Grantee from any and all liability for damages sustained or incurred by the State as a result of the Grantee's breach of its obligations hereunder.
- 12.4. Notwithstanding anything in this Agreement to the contrary, either the State or, except where notice default has been given to the Grantee hereunder, the Grantee, may terminate this Agreement without cause upon thirty (30) days written notice.

No such failure of waiver shall be deemed a waiver of the right of the State to enforce each and all of the provisions hereof upon any further or other default on the part of the Grantee.
