His Excellency, Governor Christopher T. Sununu  
and the Honorable Council  
State House

Bureau of Planning & Community Assistance  
August 28, 2018

REQUESTED ACTION

Authorize the Department of Transportation to **retroactively** amend PO #4005106 with Vanasse Hangen Brustlin, Inc., Bedford, NH (Vendor #174584) to provide planning, design engineering and technical design services for the update of the Hampton Beach Area Master Plan from June 30, 2018 to August 31, 2018, effective upon Governor and Executive Council approval. The original agreement was approved by Governor and Executive Council on September 17, 2014, Item #21. Time extension only, no new funding.

EXPLANATION

The purpose is to **retroactively** bring the Governor & Executive Council approval in-line with the actual contract end date.

The Department wishes to continue utilizing the services of the very qualified planning/engineering consultant services of Vanasse Hangen Brustlin (VHB) to continue to assist the Hampton Beach Area Commission (HBAC) with an update to the transportation components of the current 50-year Hampton Beach Master Plan. The HBAC has been active and engaged throughout the duration of the project of date and their desire to more fully involve the public in the discussion regarding potential improvements to the Hampton Beach area has caused some delays in completing the project. The maximum funding available to the contract continues to be \$300,000.00 from a federal Transportation Community and System Preservation (TCSP) Program award to the HBAC. Given the funding limitation, the design efforts will focus on taking identified design concepts as far as possible with the current funding.

This agreement is to extend the original Governor and Executive Council approval date (June 30, 2018) to agree with the original contract completion date (August 31, 2018) to allow VHB to complete remaining tasks and continue support for the project through the original contract completion date. Of the original \$300,000.00 amount for this contact, there is a balance of approximately \$85,500.00 remaining (100% federal funds).

This agreement has been approved by the Attorney General as to form and execution. Copies of the fully executed amended Agreement are on file at the Secretary of State's Office and the Department of Administrative Services and subsequent to Governor and Executive Council approval will be on file at the Department of Transportation.

It is respectfully requested that authority be given to this agreement for consulting services as outlined above.

Sincerely,

Victoria F. Sheehan  
Commissioner

ASSISTANT COMMISSIONER

Bureau of Planning and Community Assistance
August 12, 2014

Her Excellency, Governor Margaret Wood Hassan
and the Honorable Council
State House
Concord, New Hampshire 03301

REQUESTED ACTION

Authorize the Department of Transportation to enter into an Agreement with Vanasse Hangen Brustlin, Inc., Bedford, NH (Vendor #174584) for a total fee not to exceed \$300,000 to provide planning, design engineering, and technical design services for the update of the Hampton Beach Area Master Plan, effective upon Governor and Council approval, through June 30, 2018. 100% Federal funds.

Funding is available as follows for FY 2015 and is contingent upon the availability and continued appropriation of funds in FY 2016, FY 2017 and FY 2018:

Table with 5 columns: Line Item, FY 2015, FY 2016, FY 2017, FY 2018. Rows include Municipal Aid - Federal and 072-500574 Grants to Local Gov - Federal.

EXPLANATION

The Department wishes to retain the services of a qualified planning/engineering consultant firm to assist the Hampton Beach Area Commission with an update to the transportation components of the current 50-year Hampton Beach Master plan. The contract will be an on-call agreement with initial task orders that will consist of plan updates. Once the Plan update has been completed, there will be additional assignments that will bring the identified infrastructure improvements from the concept/plan update phase into more detailed design phases. The task orders will be either lump sum or modified cost-plus-fixed-fee, as negotiated by task order. The plan updates are anticipated to take between 12-18 months to complete, with the remaining work to be accomplished within 4 years of award. The maximum funding available to the contract is \$300,000 from a federal Transportation Community and System Preservation (TCSP) program award to the Hampton Beach Area Commission. Given the funding limitations, the design efforts will focus on taking identified design concepts as far as possible within the current funding.

The consultant selection process employed by the Department for this qualifications-based contract is in accordance with RSAs 21-I:22, 21-I:22-c and 21-I:22-d, all applicable Federal laws and the Department's "Consultant Selection and Service Agreement Procedures" dated December 1999. The Department's Consultant Selection Committee is a standing committee that meets regularly to administer the process and make determinations. The Committee is comprised of the Assistant Director of Project Development (chair), the Chief Project Manager, the Administrators of the Bureaus of Highway Design, Bridge Design, Environment, and Materials and Research, and the Municipal Highways Engineer.

The consultant selection process for this qualifications-based contract was initiated by a solicitation for consultant services for engineering & planning services for the Hampton 23821 project. The assignment was listed as a "Project Soliciting for Interest" on the Department's website on July 12, 2013, asking for letters of interest from qualified firms. From the list of firms that submitted letters of interest, the Committee prepared a long and then short list of Consultants on November 20, 2013 for consideration and approval by the Assistant Commissioner. Upon receipt of that approval, three shortlisted firms were notified on January 9, 2014 through a technical "Request for Proposal" (RFP). Committee members individually rated the firms on June 28, 2012 using a written ballot to score each firm on the basis of comprehension of the assignment, clarity of the proposal, capacity to perform in a timely manner, quality and experience of the project manager and the team, previous performance, and overall suitability for the assignment. (A compilation of the completed individual rating ballots and the ranking summary form is attached.) The individual rankings were then totaled to provide an overall ranking of the three firms, and the Committee's ranking was submitted to the Assistant Commissioner for consideration and approval. Upon receipt of that approval, the short listed firms were notified of the results and the highest-ranking firm was asked to submit a fee proposal for negotiations.

The following firms were considered for this assignment, with the short list of three (3) consultant firms appearing in bold as follows:

## ARTICLE II

### ARTICLE II - COMPENSATION OF CONSULTANT FOR TASK ORDER BASED AGREEMENTS

#### A. AGREEMENT GENERAL FEE

In consideration of the terms and obligations of this AGREEMENT, the STATE, through the DEPARTMENT, hereby agrees to pay and the CONSULTANT agrees to accept as full compensation for the combined total cost of all work, expenses, and profit for Task Orders issued under this AGREEMENT, an amount not to exceed \$300,000.00. (The CONSULTANT shall note that no payments will be made for work, expenses, or profit, whether authorized or not, exceeding the \$300,000.00 total amount.)

#### B. METHOD OF COMPENSATION FOR TASK ORDERS

The method of compensation for Task Orders issued under this agreement will either be a **Modified Cost-Plus-Fixed-Fee** format with method of payment as described in Section C, below, or a **Lump-Sum** format with method of payment as described in Section D, below.

#### C. MODIFIED COST-PLUS-FIXED-FEE FORMAT

The following costing items are incorporated as part of this AGREEMENT:

1. Task Order Cost - The negotiated not-to-exceed cost of each modified cost-plus-fixed-fee format Task Order will be based on the types of labor classifications required along with the number of labor hours negotiated for each labor classification multiplied by the corresponding contract labor rate for the current contract period, and the other factors (fixed fee, direct expenses, and subconsultant costs) as follows:

$$\begin{aligned} & \text{Labor Costs (Sum of negotiated hours x contract labor rates)} \\ + & \text{ Fixed Fee (negotiated amount)} \\ + & \text{ Direct Expenses (estimated amount)} \\ + & \text{ Subconsultant Costs (estimated amount or lump sum)} \\ = & \underline{\underline{\text{Task Order Cost}}} \end{aligned}$$

2. Contract Labor Rates - The contract labor rates will be the total hourly wage for each labor classification including overhead and annual contract adjustment rate (when applicable) as follows:

$$\begin{aligned} & \text{Direct Labor Rate (\$/hr)} \\ + & \text{ Direct Labor Rate x Overhead Rate (\%)} \\ = & \underline{\underline{\text{Contract Labor Rate (\$/hr) for Base Period (CLRBP)}}} \end{aligned}$$

$\text{CLRBP} \times \text{Annual Contract Adjustment Rate (\%)} = \text{Contract Labor Rate for Contract Period 2 (CLRCP2)}$   
 $\text{CLRCP2} \times \text{Annual Contract Adjustment Rate (\%)} = \text{Contract Labor Rate for Contract Period 3 (CLRCP3)}^*$   
\*Same formula for additional contract periods, when applicable.

The contract labor rates will be a firm-fixed-price per contract period. The originally negotiated contract labor rates for the labor classifications included in this AGREEMENT shall remain in effect for a one-year base period from the date that this AGREEMENT becomes effective. The rates for

## ARTICLE II

subsequent one-year periods include an annual contract adjustment rate. However, contract labor rates that are in effect at the time a particular Task Order is issued shall remain effective throughout the duration of that Task Order and shall apply to all amendments issued for the Task Order. The contract labor rates for a Task Order will not be adjusted for the annual contract adjustment rate if the contract year changes during the duration of the Task Order.

In the event that the Completion Date for this AGREEMENT is extended for a period of six months or less, either in accordance with the provisions included in Article I, Section J - Date of Completion, or by an amendment to the AGREEMENT, the contract labor rates for the last Contract Period shall remain in effect. For an extension to the Completion Date of this AGREEMENT for a period of longer than 6 months, the annual contract adjustment rate shall apply and an additional Contract Period will be established.

In accordance with DEPARTMENT policy, the maximum direct labor rate allowed for all labor classifications under this AGREEMENT shall be \$50.00 per hour (including the annual contract adjustment rate) for the life of the Contract. For this AGREEMENT, the \$50.00 per hour maximum direct labor rate translates to a \$128.95 per hour maximum contract labor rate.

Any change to the fixed fee shall be documented in writing by a DEPARTMENT Bureau-level amendment. overhead expenses whether performed by the CONSULTANT or other parties and shall be billed at actual cost. The reimbursable costs for mileage and for per diem (lodging and meals) shall be that allowed by the CONSULTANT'S established policy but shall not exceed that allowed in the Federal Acquisition Regulations (Subpart 31.205-46) and in the Federal Travel Regulations. The General Services Administration (GSA), Regulation 41 CFR Part 301-4, specifies the FTR automobile mileage reimbursement. Mileage and per diem costs shall be subject to approval by the DEPARTMENT.

7. **Subconsultant Costs** – Subconsultant costs may be either negotiated as a not-to-exceed amount for each Task Order and reimbursed at actual cost or negotiated as a lump-sum amount.

### D. **LUMP-SUM FORMAT**

1. **Task Order Cost** - The negotiated total amount of each lump-sum format Task Order will be considered full compensation for all services for the Task Order performed to the satisfaction of the DEPARTMENT. Said lump-sum amount includes all labor, overhead, profit (maximum 15.00% of total labor + total overhead; based on the estimated risk to be borne by the CONSULTANT), direct expenses, and subconsultant costs. The lump-sum amount may only be adjusted (increased or decreased) if there is a significant change in the scope or character of the work, as determined by the DEPARTMENT. Any change to the lump-sum amount shall be documented in writing by a DEPARTMENT Bureau-level amendment.

- (f) Amount billed through this invoice (contract cumulative)
- (g) Percentage of contract complete

The DEPARTMENT will compensate the CONSULTANT the amount agreed to for said Task Order upon the satisfactory completion and acceptance of the work. Payments will be made upon approval of the submittals/deliverables by the DEPARTMENT. The CONSULTANT may request partial payment

## ARTICLE II

for each separate Task Order, provided that no successive request for partial payment is submitted closer than 28 days. A progress report, a proper invoice, and, if requested by the DEPARTMENT, a copy of the plans and other supporting data, shall be submitted with each request for partial payment. A progress report shall be prepared and submitted by the CONSULTANT every thirty (30) days with each invoice requesting a partial payment for all Task Orders that exceed 60 days in length. The fixed fee invoiced amounts for a modified cost-plus-fixed-fee format Task Order shall be based upon the overall percentage complete of the Task Order scope of work as approved by the DEPARTMENT. Upon satisfactory completion and acceptance of the work for each individual Task Order, the CONSULTANT may submit a proper invoice to request final payment.

### G. RECORDS - REPORTS

The CONSULTANT shall maintain adequate cost records for all work performed under this AGREEMENT. All records and other evidence pertaining to cost incurred shall be made available at all reasonable times during the AGREEMENT period and for three (3) years from the date of final voucher payment for examination by the STATE, Federal Highway Administration, or other authorized representatives of the Federal Government, and copies thereof shall be furnished if requested. The DEPARTMENT shall have the right, at the time of audit, to review all items charged to overhead on this project. If, in the opinion of the DEPARTMENT, such payment is unreasonable, the CONSULTANT shall be required to justify such payment or payments before they will be approved as direct or indirect costs.

All costs as described in the foregoing paragraphs are to be determined by actual records kept during the term of the AGREEMENT, which are subject to audit by the STATE and Federal Governments. The final payment, and all partial payments made, may be adjusted to conform to this final audit. In no case will any adjustments exceed the total amount to be paid shown in Article II, Section A - Agreement General Fee. All Subconsultant costs may also be subject to audit by the STATE and Federal Governments.
