REQUESTED ACTION

The Office of Energy and Planning (OEP) requests authorization to amend the **SOLE SOURCE** Contract Agreement (Contract #1040046) with Community Action Partnership of Strafford County (CAPSC) (VC #177200), Dover, NH, by extending the end date from March 31, 2015, to June 30, 2015, and by increasing the contract amount by \$39,367.56 from \$97,919.39 to \$137,286.95 for the federal Weatherization Assistance Program effective February 25, 2015, upon Governor and Council approval. This contract was originally approved by Governor and Council on September 17, 2014, Item #33. 100% Federal Funds.

Funding is available in the following account, with the authority to adjust encumbrances in each of the State fiscal years through the Budget Office, if needed and justified:

Office of Energy and Planning, Low Income Weatherization	<u>FY 2015</u>
01-02-02-024010-77060000	
074-500587 Grants for Pub Assist & Relief	\$39,367.56

EXPLANATION

Due to personnel changes at CAPSC, the agency was not able to expend a portion of its Program Year 2013 federal Low-Income Weatherization Assistance Program (WAP) contract funds by the close of the program year. This amendment will allow full expenditure of available funds as well as continued leveraging of other funding sources to provide weatherization services to eligible low income families in New Hampshire.

This contract is **SOLE SOURCE** due to the US Department of Energy's grant guidance (10CFR 440.15) giving Community Action Agencies preferred status due to their non-profit status, and their role providing a range of services to clients eligible for WAP, as well as their historical performance in the weatherization program.

In the event that the Federal Funds are no longer available, General Funds will not be requested to support this program.

Respectfully submitted,

Meredith A. Hatfield

REQUESTED ACTION

1) Authorize the Office of Energy and Planning (OEP) to enter into a **RETROACTIVE SOLE SOURCE** contract with Community Action Partnership of Strafford County (VC #177200), Dover, NH, in the amount of \$97,919.39 for the federal Weatherization Assistance Program (WAP) effective July 1, 2014 through March 31, 2015, upon approval of Governor and Executive Council. 100% Federal Funds.

Funding is available in the following account:

Office of Energy & Planning, Low Income Weatherization

01-02-02-024010-77060000	<u>FY 2015</u>
074-500587 Grant for Pub. Assist & Relief	\$97,919.39

2) Further request authorization to advance to the vendor \$26,154.02 of the above-referenced contract amount.

EXPLANATION

OEP contracts with New Hampshire's Community Action Agencies (CAAs) to provide weatherization services at the local level. OEP estimates that approximately one hundred eighty-three (183) homes will be weatherized throughout the State as a result of the US Department of Energy award. The number of homes is based on the average investment per dwelling unit of \$5,000.00.

This request is **RETROACTIVE** due to delays in the Congressional authorization of the federal grant that supports New Hampshire's Weatherization Assistance Program. Due to these delays, the US Department of Energy (US DOE) has authorized OEP to approve invoices from sub-recipients for eligible weatherization expenses for the full program year, which is from April 1, 2014 through March 31, 2015. OEP seeks authority to approve CAA expenses back to July 1, 2014.

This contract is **SOLE SOURCE** because of US DOE's grant guidance (10 CFR 440.15) giving Community Action Agencies preferred status due to their non-profit status, their role providing a range of services to clients eligible for WAP, as well as their historical performance delivering the weatherization program.

OEP is responsible for administering New Hampshire's statewide WAP. The objective of the program is to weatherize homes to reduce energy consumption and to reduce energy costs in low-income households. Priority is given to the elderly, disabled, households with infant children, and households with high energy usage.

The requested advance of funds will enable Community Action Partnership of Strafford County to operate the program between monthly reimbursements from the State.

In the event that Federal Funds are no longer available, General Funds will not be requested to support this contract.

Respectfully submitted,

Meredith A. Hatfield
Director

The State shall have no liability to the Contractor other than the contract price.
5.3 The State reserves the right to offset from any amounts otherwise payable to the Contractor under this Agreement those liquidated amounts required or permitted by N.H. RSA 80:7 through RSA 80:7-c or any other provision of law.

8.2.2 give the Contractor a written notice specifying the Event of Default and suspending all payments to be made under this Agreement and ordering that the portion of the contract price which would otherwise accrue to the Contractor during the period from the date of such notice until such time as the State determines that the Contractor has cured the Event of Default shall never be paid to the Contractor;

9.2 All data and any property which has been received from the State or purchased with funds provided for that purpose under this Agreement, shall be the property of the State, and shall be returned to the State upon demand or upon termination of this Agreement for any reason.

9.3 Confidentiality of data shall be governed by N.H. RSA chapter 91-A or other existing law. Disclosure of data requires prior written approval of the State.

10. TERMINATION. In the event of an early termination of this Agreement for any reason other than the completion of the Services, the Contractor shall deliver to the Contracting Officer, not later than fifteen (15) days after the date of termination, a report ("Termination Report") describing in detail all Services performed, and the contract price earned, to and including the date of termination. The form, subject matter, content, and number of copies of the Termination Report shall be identical to those of any Final Report described in the attached EXHIBIT A.

11. CONTRACTOR'S RELATION TO THE STATE. In the performance of this Agreement the Contractor is in all respects an independent contractor, and is neither an agent nor an employee of the State. Neither the Contractor nor any of its officers, employees, agents or members shall have authority to bind the State or receive any benefits, workers' compensation or other emoluments provided by the State to its employees.

12. ASSIGNMENT/DELEGATION/SUBCONTRACTS.

The Contractor shall not assign, or otherwise transfer any interest in this Agreement without the prior written consent of the N.H. Department of Administrative Services. None of the Services shall be subcontracted by the Contractor without the prior written consent of the State.

13. INDEMNIFICATION. The Contractor shall defend, indemnify and hold harmless the State, its officers and employees, from and against any and all losses suffered by the State, its officers and employees, and any and all claims,

liabilities or penalties asserted against the State, its officers and employees, by or on behalf of any person, on account of, based or resulting from, arising out of (or which may be claimed to arise out of) the acts or omissions of the Contractor. Notwithstanding the foregoing, nothing herein contained shall be deemed to constitute a waiver of the sovereign immunity of the State, which immunity is hereby reserved to the State. This covenant in paragraph 13 shall survive the termination of this Agreement.

14. INSURANCE.

14.1 The Contractor shall, at its sole expense, obtain and maintain in force, and shall require any subcontractor or assignee to obtain and maintain in force, the following insurance:

14.1.1 comprehensive general liability insurance against all claims of bodily injury, death or property damage, in amounts of not less than \$250,000 per claim and \$2,000,000 per occurrence; and

14.1.2 fire and extended coverage insurance covering all property subject to subparagraph 9.2 herein, in an amount not less than 80% of the whole replacement value of the property.

14.2 The policies described in subparagraph 14.1 herein shall be on policy forms and endorsements approved for use in the State of New Hampshire by the N.H. Department of Insurance, and issued by insurers licensed in the State of New Hampshire.

14.3 The Contractor shall furnish to the Contracting Officer identified in block 1.9, or his or her successor, a certificate(s) of insurance for all insurance required under this Agreement. EXHIBIT A

Scope of Services

1. Community Action Partnership of Strafford County, hereinafter “the Contractor” or “Subgrantee,” agrees to perform weatherization services and all additional services and other work necessary to provide Weatherization Assistance Program (WAP) services to eligible low income individuals in accordance with the regulations set forth by the U. S. Department of Energy in 10 CFR 440 dated February 1, 2002, and 10 CFR 600 as amended, and in accordance with the provisions and procedures contained in the most recent New Hampshire Weatherization Assistance Program (NHWAP) State Plan, Policies and Procedures Manual, Field Guide, and as otherwise administered by the Office of Energy and Planning (OEP).

Periodically OEP may issue Subgrantee Guidance (SG) and Subgrantee Notices (SN) or other clarifications as necessary. All such changes shall be considered as incorporated into the NH Weatherization Policies and Procedures Manual and Field Guide. The Contractor agrees to alter the Program procedures in accordance with a SG, SN or other instructions.

The Subgrantee agrees to abide by changes in the NH Weatherization Assistance Program designed to improve program delivery and further agrees to perform Weatherization Program services in a manner that will successfully interact with utility administered energy efficiency programs for low-income households in order to provide the best services for New Hampshire’s low-income households.

2. The contract period will commence on July 1, 2014, and will have a completion date of March 31, 2015, subject to the approval of Governor and Executive Council.
3. Plans for expenditure of funds for Training and Technical Assistance, Audit Compliance and Leveraging Activities must be defined in the Contractor’s Management Plan (CMP) and approved by OEP. Requests to deviate from the plan must be made in writing in advance, and approved by OEP as prescribed in the NH Policies and Procedures Manual.
4. The Contractor agrees to perform Weatherization Services on a minimum of eighteen (18) dwelling units according to the standards outlined in the most recent NH Weatherization Policies and Procedures Manual and Field Guide.
 - (a) Weatherization Services are intended to increase the energy efficiency of the home, and to improve the home’s comfort and safety. A certified energy auditor first performs a NHWAP energy audit on the home using scientific test equipment. Specific energy conservation measures and heating source repairs are then implemented in order of priority and cost effectiveness. This integrated activity is carried out in accordance with provisions and procedures outlined in the most recent NH Policies and Procedures Manual and Field Guide.
 - (b) The minimum number of dwelling units and the amount of funds to be expended shall conform to the provisions of this contract and shall be incorporated into the CMP. Deviations of more than 20% from expected dwelling unit goals in any given quarter may result in a reduction of the contract amounts and a reallocation of funds to other contractors.
 - (c) By the end of the program year, the Contractor’s completion of dwelling units shall not vary from the minimum number of dwelling units set out in this contract by more than 10% without prior approval from OEP.

This contract provides the funding for a minimum of one (1) staff member to be trained and certified as a Quality Control Inspector (QCI). 6. Effective April 1, 2015, all work performed under the Weatherization Assistance Program (WAP) must meet the minimum specifications defined in the US Department of Energy's "Quality Work Plan" (QWP) and the associated Standard Work Specifications (SWS). Details are presented in the Standard Work Specifications (SWS) for Home Energy Upgrades referred to in US DOE Weatherization Program Notice 14-4 (the link is provided in paragraph 5 above). These requirements do not apply during Program Year 2014, but Contractor must ensure, and be able to document for OEP, that all staff and contractors who will perform Weatherization work beginning on April 1, 2015, are properly trained and certified for that work and have been informed that their work must meet the requirements of the SWS or dwelling units will not be considered complete and reimbursement will not occur.

Disbursement of the Contracted Amount shall be made in accordance with the procedures established by the State and as detailed in the most recent NHWAP Policies and Procedures Manual and Field Guide.

Administrative costs are provided to cover a specified number of unit completions at minimal standards. Administrative funds may be pro-rated by OEP if production unit completions do not meet expected production goals.

CERTIFICATION REGARDING DEBARMENT, SUSPENSION, AND OTHER RESPONSIBILITY MATTERS - PRIMARY COVERED TRANSACTIONS

Instructions for Certification

- (1) By signing and submitting this proposal (contract), the prospective primary participant is providing the certification set out below.
- (2) The inability of a person to provide the certification required below will not necessarily result in denial of participation in this covered transaction. If necessary, the prospective participant shall submit an explanation of why it cannot provide the certification. The certification or explanation will be considered in connection with the NH Department of Health and Human Services' (DHHS) determination whether to enter into this transaction. However, failure of the prospective primary participant to furnish a certification or an explanation shall disqualify such person from participation in this transaction.
- (3) The certification in this clause is a material representation of fact upon which reliance was placed when DHHS determined to enter into this transaction. If it is later determined that the prospective primary participant knowingly rendered an erroneous certification, in addition to other remedies available to the Federal Government, DHHS may terminate this transaction for cause or default.
- (4) The prospective primary participant shall provide immediate written notice to the DHHS agency to whom this proposal (contract) is submitted if at any time the prospective primary participant learns that its certification was erroneous when submitted or has become erroneous by reason of changed circumstances.
- (5) The terms "covered transaction," "debarred," "suspended," "ineligible," "lower tier covered transaction," "participant," "person," "primary covered transaction," "principal," "proposal," and "voluntarily excluded," as used in this clause, have the meanings set out in the Definitions and Coverage sections of the rules implementing Executive Order 12549: 45 CFR Part 76. See the attached definitions.
- (6) The prospective primary participant agrees by submitting this proposal (contract) that, should the proposed covered transaction be entered into, it shall not knowingly enter into any lower tier covered transaction with a person who is debarred, suspended, declared ineligible, or voluntarily excluded from participation in this covered transaction, unless authorized by DHHS.
- (7) The prospective primary participant further agrees by submitting this proposal that it will include the clause titled "Certification Regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion - Lower Tier Covered Transactions," provided by DHHS, without modification, in all lower tier covered transactions and in all solicitations for lower tier covered transactions.
- (8) A participant in a covered transaction may rely upon a certification of a prospective participant in a lower tier covered transaction that it is not debarred, suspended, ineligible, or involuntarily excluded from the covered transaction, unless it knows that the certification is erroneous. A participant may decide the method and frequency by which it determines the eligibility of its principals. Each participant may, but is not required to, check the Non-procurement List (of excluded parties).
- (9) Nothing contained in the foregoing shall be construed to require establishment of a system of records in order to render in good faith the certification required by this clause. The knowledge and information of a participant is not required to exceed that which is normally possessed by a prudent person in the ordinary course of business dealings.
- (9) Except for transactions authorized under paragraph 6 of these instructions, if a participant in a covered transaction knowingly enters into a lower tier covered transaction with a person who is suspended, debarred, ineligible, or voluntarily excluded from participation in this transaction, in addition to other remedies available to the Federal government, DHHS may terminate this transaction for cause or default.

In accordance with the above laws and regulations issued pursuant thereto, the Applicant agrees to assure that no person in the United States shall, on the ground of race, color, national origin, sex, age, or disability, be excluded from participation in, be denied the benefits of, or be otherwise subjected to discrimination under any program or activity in which the Applicant receives Federal assistance from the Department of Energy.

Applicability and Period of Obligation

In the case of any service, financial aid, covered employment, equipment, property, or structure provided, leased, or improved with Federal assistance extended to the Applicant by the Department of Energy, this assurance obligates the Applicant for the period during which Federal assistance is extended. In the case of any transfer of such service, financial aid, equipment, property, or structure, this assurance obligates the transferee for the period during which Federal assistance is extended. If any personal property is so provided, this assurance obligates the Applicant for the period during which it retains ownership or possession of the property. Subrecipient Assurance

The Applicant shall require any individual, organization, or other entity with whom it subcontracts, subgrants, or

subleases for the purpose of providing any service, financial aid, equipment, property, or structure to comply with laws and regulations cited above. To this end, the subrecipient shall be required to sign a written assurance form; however, the obligation of both recipient and subrecipient to ensure compliance is not relieved by the collection or submission of written assurance forms.

Such information shall include, but is not limited to the following: (1) the manner in which services are or will be provided and related data necessary for determining whether any persons are or will be denied such services on the basis of prohibited discrimination; (2) the population eligible to be served by race, color, national origin, sex, age and disability; (3) data regarding covered employment including use or planned use of bilingual public contact employees serving beneficiaries of the program where necessary to permit effective participation by beneficiaries unable to speak or understand English; (4) the location of existing or proposed facilities connected with the program and related information adequate for determining whether the location has or will have the effect of unnecessarily denying access to any person on the basis of prohibited discrimination; (5) the present or proposed membership by race, color, national origin, sex, age and disability in any planning or advisory body which is an integral part of the program; and (6) any additional written data determined by the Department of Energy to be relevant to the obligation to assure compliance by recipients with laws cited in the first paragraph of this assurance.

The Applicant agrees to submit requested data to the Department of Energy regarding programs and activities developed by the Applicant from the use of Federal assistance funds extended by the Department of Energy. This assurance is given in consideration of and for the purpose of obtaining any and all Federal grants, loans, contracts (excluding procurement contracts), property, discounts or other Federal assistance extended after the date hereof, to the Applicants by the Department of Energy, including installment payments on account after such data of application for Federal assistance which are approved before such date. The Applicant recognizes and agrees that such Federal assistance will be extended in reliance upon the representations and agreements made in this assurance, and that the United States shall have the right to seek judicial enforcement of this assurance. INDEPENDENT AUDITORS' REPORT

Report on the Financial Statements

We have audited the accompanying financial statements of Community Action Partnership of Strafford County (a New Hampshire nonprofit organization), which comprise the statement of financial position as of December 31, 2013, and the related statements of activities, cash flows, and functional expenses for the year then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Community Action Partnership of Strafford County as of December 31, 2013, and the changes in its net assets and its cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The accompanying schedule of expenditures of federal awards, as required by Office of Management and Budget Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*, is presented for purposes of additional analysis and is not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated, in all material respects, in relation to the financial statements as a whole.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated June 24, 2014, on our consideration of Community Action Partnership of Strafford County's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Community Action Partnership of Strafford County's internal control over financial reporting and compliance.
