REQUESTED ACTION

The Office of Energy and Planning (OEP) respectfully requests authorization to enter into a **SOLE SOURCE** contract with Tri-County Community Action Program, Inc., (VC #177195), Berlin, NH, in the amount of \$9,403.00 for the Senior Energy Assistance Services Program (SEAS) contingent upon Governor and Executive Council approval through June 30, 2013. 100% Other Funds (NH DHHS).

Funding is available in the following account:

<u>Office of Energy & Planning, Fuel Assistance</u>

074-500587 Grants for Pub Assist & Relief	

EXPLANATION

SEAS is a statewide program that makes home energy more affordable for households with members who are age sixty or older and not eligible for the New Hampshire Fuel Assistance Program. This contract is sole source based on the historical performance of the community action agencies with the New Hampshire Fuel Assistance Program. The community action agencies determine eligibility for the New Hampshire Fuel Assistance Program and are able to efficiently distribute these funds to households not eligible for that program.

A small federal grant from Older Americans Act funds (Title IIIB) awarded to New Hampshire Department of Health and Human Services' (NH DHHS) Division of Elderly and Adult Services provides funding for the Senior Energy Assistance Services Program.

In the event that the Other Funds become no longer available, General Funds will not be requested to support this program.

Respectfully submitted,

Meredith A. Hatfield

INDEPENDENT AUDITORS' REPORT

March 30, 2012

To the Board of Directors of
Tri-County Community Action Program, Inc.
Berlin, New Hampshire

We have audited the accompanying statements of financial position of Tri-County Community Action Program, Inc. as of June 30, 2011 and 2010, and the related statements of activities, functional expenses, and cash flows for the years then ended. These financial statements are the responsibility of the Corporation's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and the significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Tri-County Community Action Program, Inc. as of June 30, 2011 and 2010, and the changes in its net assets and its cash flows for the years then ended in conformity with accounting principles generally accepted in the United States of America.

In accordance with *Government Auditing Standards*, we have also issued our report dated March 30, 2012, on our consideration of Tri-County Community Action Program, Inc.'s internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be considered in assessing the results of our audit.
