REQUESTED ACTION

Authorize the Office of Energy and Planning (OEP) to amend the **SOLE SOURCE** Contract Agreement (Contract #1044258) with Southern New Hampshire Services, Inc. (VC #177198), Manchester, NH, by increasing the contract amount by \$8,537.00 from \$449,965.00 to \$458,502.00 for the federal Weatherization Assistance Program, effective December 2, 2015, upon approval of Governor and Executive Council through March 31, 2016. This contract was originally approved by Governor and Executive Council on June 24, 2015, Item #99. 100% Federal Funds.

<u>Office of Energy and Planning, Low Income Weatherization</u>	<u>FY 2016</u>
01-02-02-024010-77060000	
074-500587 Grant for Pub. Assist & Relief	\$8,537.00

EXPLANATION

Federal rules for the administration of the Weatherization Assistance Program allow New Hampshire to carry-forward unspent funds from Program Year 2014 into the current program year. This amendment will allow full expenditure of available funds as well as continued leveraging of other funding sources to provide weatherization services to eligible low income families in New Hampshire. This three-year federal grant expires March 31, 2016.

This contract is **SOLE SOURCE** due to US DOE's grant guidance (10 CFR 440.15) giving Community Action Agencies preferred status for the Weatherization Assistance Program due to their non-profit status, their role providing a range of services to clients eligible for WAP, and their historical performance delivering the weatherization program.

In the event Federal Funds are no longer available, General Funds will not be requested to support this contract.

Respectfully submitted,

Meredith A. Hatfield
Director

Agenda Item 99

PO 1044258

REQUESTED ACTION

1) Authorize the Office of Energy and Planning (OEP) to enter into a **RETROACTIVE SOLE SOURCE** contract with Southern New Hampshire Services, Inc. (VC #177198), Manchester, NH, in the amount of \$449,965.00 for the federal Weatherization Assistance Program (WAP) effective April 1, 2015, through March 31, 2016, upon approval of Governor and Executive Council. 100% Federal Funds.

Funding is available in the following account, Low Income Weatherization, contingent upon the availability and continued appropriation of funds in the FY 2016 operating budget, as follows:

	<u>FY 2015</u>	<u>FY 2016</u>
01-02-02-024010-77060000		
074-500587 Grant for Pub. Assist & Relief	\$115,734.00	\$334,231.00

2) Further request authorization to advance to the vendor \$115,734.00 of the above-referenced contract amount.

EXPLANATION

OEP is responsible for administering New Hampshire's statewide Weatherization Assistance Program (WAP), funded by a grant from the U.S. Department of Energy (USDOE). The objective of the program is to weatherize homes to reduce energy consumption and energy costs in eligible low income households. Priority is given to households that include elderly, disabled, or children, and households with high energy usage. OEP contracts with New Hampshire's Community Action Agencies (CAAs) to provide weatherization services at the local level. OEP estimates that approximately one hundred seventy-two (172) homes will be weatherized throughout the State as a result of the State's USDOE grant award.

This request is **RETROACTIVE** due to delays in the Congressional authorization of the Federal grant that supports New Hampshire's Weatherization Assistance Program. Due to these delays, the US DOE has authorized OEP to reimburse sub-recipients for eligible weatherization expenses for the full WAP program year, which is from April 1, 2015, through March 31, 2016.

This contract is **SOLE SOURCE** because of US DOE's grant guidance (10 CFR 440.15) giving Community Action Agencies preferred status for the Weatherization Assistance Program due to their non-profit status, their role providing a range of services to clients eligible for WAP, and their historical performance delivering the weatherization program.

The requested advance of funds will enable Southern New Hampshire Services, Inc., to operate the program between monthly reimbursements from the State, and may only be used for allowable program expenses as detailed in Exhibit B.

In the event that Federal Funds are no longer available, General Funds will not be requested to support this contract.

Respectfully submitted,

Meredith A. Hatfield
Director

The form, subject matter, content, and number of copies of the Termination Report shall be identical to those of any Final Report described in the attached EXHIBIT A.

Notwithstanding the foregoing, nothing herein contained shall be deemed to constitute a waiver of the sovereign immunity of the State, which immunity is hereby reserved to the State. This covenant in paragraph 13 shall survive the termination of this Agreement.

EXHIBIT A

Scope of Services

1. Southern New Hampshire Services, Inc., hereinafter "the Contractor" or "Subgrantee," agrees to perform weatherization services and all additional services and other work necessary to provide Weatherization Assistance Program (WAP) services to eligible low income individuals in accordance with the regulations set forth by the U. S. Department of Energy in 10 CFR 440 dated February 1, 2002, and 10 CFR 600 as amended, and in accordance with the provisions and procedures contained in the most recent New Hampshire Weatherization Assistance Program (NHWAP) State Plan, Policies and Procedures Manual, Field Guide, and as otherwise administered by the Office of Energy and Planning (OEP).

Periodically OEP may issue Subgrantee Guidance (SG) and Subgrantee Notices (SN) or other clarifications as necessary. All such changes shall be considered as incorporated into the NH Weatherization Policies and Procedures Manual and Field Guide. The Contractor agrees to alter the Program procedures in accordance with a SG, SN or other instructions.

The Subgrantee agrees to abide by changes in the NH Weatherization Assistance Program designed to improve program delivery and further agrees to perform Weatherization Program services in a manner that will successfully interact with utility administered energy efficiency programs for low-income households in order to provide the best services for New Hampshire's low-income households.

2. The contract period, to be known as Program Year 2015 (PY15), will commence, retroactively, on April 1, 2015, and will have a completion date of March 31, 2016, subject to the approval of Governor and Executive Council.
3. Plans for expenditure of funds for Training and Technical Assistance, Program Implementation, and Leveraging Activities must be defined in the Contractor's Management Plan (CMP) and approved by OEP. Requests to deviate from the plan must be made in writing in advance, and approved by OEP as prescribed in the NH Policies and Procedures Manual.
4. In PY15, Contractor agrees to complete Weatherization Services on 68 (sixty-eight) dwelling units according to the standards outlined in the most recent NH Weatherization Policies and Procedures Manual and Field Guide.
 - (a) Weatherization Services are intended to increase the energy efficiency of the home, and to improve the home's comfort and safety. A certified energy auditor first performs a NHWAP energy audit on the home using scientific test equipment. Specific energy conservation measures and heating source repairs are then implemented in order of priority and cost effectiveness. This integrated activity is carried out in accordance with provisions and procedures outlined in the most recent NH Policies and Procedures Manual and Field Guide.
 - (b) The minimum number of dwelling units and the amount of funds to be expended shall conform to the provisions of this contract and shall be incorporated into the CMP. Deviations of more than 20% from expected dwelling unit goals in any given quarter may result in a reduction of the contract amounts and a reallocation of funds to other contractors.

6. Effective April 1, 2015, all work performed under the Weatherization Assistance Program (WAP) in New Hampshire, using federal money from any WAP program year, must meet the minimum specifications defined in the US Department of Energy's "Quality Work Plan" (QWP) and the associated Standard Work Specifications (SWS). Contractor must ensure, and be able to document for OEP, that all staff and contractors who will perform Weatherization work beginning on April 1, 2015, are properly trained and certified for that work and have been informed that their work must meet the requirements of the SWS or dwelling units will not be considered complete and reimbursement will not occur.

CERTIFICATION REGARDING DEBARMENT, SUSPENSION, AND OTHER RESPONSIBILITY MATTERS - PRIMARY COVERED TRANSACTIONS

Instructions for Certification

- (1) By signing and submitting this proposal (contract), the prospective primary participant is providing the certification set out below.
- (2) The inability of a person to provide the certification required below will not necessarily result in denial of participation in this covered transaction. If necessary, the prospective participant shall submit an explanation of why it cannot provide the certification. The certification or explanation will be considered in connection with the NH Department of Health and Human Services' (DHHS) determination whether to enter into this transaction. However, failure of the prospective primary participant to furnish a certification or an explanation shall disqualify such person from participation in this transaction.
- (3) The certification in this clause is a material representation of fact upon which reliance was placed when DHHS determined to enter into this transaction. If it is later determined that the prospective primary participant knowingly rendered an erroneous certification, in addition to other remedies available to the Federal Government, DHHS may terminate this transaction for cause or default.
- (4) The prospective primary participant shall provide immediate written notice to the DHHS agency to whom this proposal (contract) is submitted if at any time the prospective primary participant learns that its certification was erroneous when submitted or has become erroneous by reason of changed circumstances.
- (5) The terms "covered transaction," "debarred," "suspended," "ineligible," "lower tier covered transaction," "participant," "person," "primary covered transaction," "principal," "proposal," and "voluntarily excluded," as used in this clause, have the meanings set out in the Definitions and Coverage sections of the rules implementing Executive Order 12549: 45 CFR Part 76. A participant may decide the method and frequency by which it determines the eligibility of its principals. Each participant may, but is not required to, check the Non-procurement List (of excluded parties).
- (9) Nothing contained in the foregoing shall be construed to require establishment of a system of records in order to render in good faith the certification required by this clause. The knowledge and information of a participant is not required to exceed that which is normally possessed by a prudent person in the ordinary course of business dealings.
- (9) Except for transactions authorized under paragraph 6 of these instructions, if a participant in a covered transaction knowingly enters into a lower tier covered transaction with a person who is suspended, debarred, ineligible, or voluntarily excluded from participation in this transaction, in addition to other remedies available to the Federal government, DHHS may terminate this transaction for cause or default.

Independent Auditor's Report

To the Board of Directors
Southern New Hampshire Services, Inc.
Manchester, New Hampshire

Report on the Financial Statements

We have audited the accompanying combined financial statements of Southern New Hampshire Services, Inc. (a nonprofit organization) and affiliates, which comprise the combined statements of financial position as of July 31, 2014 and 2013, and the related combined statements of activities, functional expenses and cash flows for the years then ended, and the related notes to the combined financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these combined financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of the combined financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these combined financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States. Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the combined financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the combined financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the combined financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Organization's preparation and fair presentation of the combined financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Organization's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the combined financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

1111 Lisbon Street • Lewiston, Maine 04240 • Telephone: (207) 786-0328 • FAX: (207) 783-9377 • www.oacpas.net

Opinion

In our opinion, the combined financial statements referred to above present fairly, in all material respects, the financial position of Southern New Hampshire Services, Inc. and affiliates, as of July 31, 2014 and 2013, and the changes in its net assets and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Other Information

Our audit was conducted for the purpose of forming an opinion on the combined financial statements as a whole. The combining schedule of financial position and the combining schedule of activities are presented for purposes of additional analysis and are not a required part of the combined financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the combined financial statements. The information has been subjected to the auditing procedures applied in the audit of the combined financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the combined financial statements or to the combined financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the combined financial statements as a whole.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued a report dated April 30, 2015 on our consideration of Southern New Hampshire Services, Inc.'s internal control over financial reporting and on our tests on its compliance with certain provisions of laws, regulations, contracts, grant agreements, and other matters. The purpose of this report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. The report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Southern New Hampshire Services, Inc.'s internal control over financial reporting and compliance.
