EXPLANATION

In 2007, the Department contracted with SunGard/Performance PLUS (formerly Performance Pathways) to implement their Performance Tracker, Assessment Builder and Tech Paths software. This software is available to all educators and enables districts and schools to analyze state and local assessment data in conjunction with student demographics, enrollment and academic data. Schools can also develop and administer local assessments as well as import data from national assessments they conduct locally.

Also, in 2012, the Department received a three year SLDS grant with three major initiatives: 1) develop tools to help schools evaluate effective educators, 2) develop tools to allow a variety of stakeholders access to individual and/or aggregate student data to improve student education and 3) develop tools as part of an early warning system and college readiness system to help ensure students are successful in K-12 schools and prepared for college. Training is a major component of all three grant initiatives. The SLDS Grant provides the funding for the PerformancePLUS tool and also provides funds for training. This grant has been extended for an additional year.

Her Excellency, Governor Margaret Wood Hassan
And the Honorable Council

Ann Mordecai has been organizing and managing data teams throughout the state. She trains staff to understand how the data can be used to make ongoing decisions that will support student growth. Ann will provide training on the data use and analysis tools available to schools and districts throughout the state. These tools include PerformancePLUS, the Early Warning System, Longitudinal Reports and the Educator Evaluation Management System.

The Request for Proposal (RFP) was advertised in the Union Leader February 26, 2015 through March 1, 2015, and posted on the DOE website from February 26, 2015 March 13, 2015. The Department received 8 responses to the RFP. Department staff members Irene Koffink, Gretchen Tetreault and Sandy Hyslop, who are knowledgeable about the services needed, scored the proposals. The Department plans to contract with the top 6 candidates and Ann Mordecai is in the top 6.

Should other funds become no longer available, general funds will not be requested to support this program.

Respectfully submitted,

Virginia M. Barry, Ph.D.
Commissioner of Education

Her Excellency, Governor Margaret Wood Hassan
And the Honorable Council
