Explanation

The purpose of this grant is for the Town of Hampstead to purchase and install equipment to support and enhance the community's communications tower. This project entails a new generator and new equipment to support this communications tower, which will strengthen the communications that have been heightened in past phases. The grant listed above is funded from the FFY 2019 Emergency Management Performance Grant (EMPG), which was awarded to the Department of Safety, Division of Homeland Security and Emergency Management (HSEM) from the Federal Emergency Management Agency (FEMA). The grant funds are to be used to measurably improve all-hazard planning and preparedness capabilities/activities, to include mitigation, preparedness, response, and recovery initiatives at the state and local level. Grant guidance and applications are available to all Emergency Management Directors and other qualified organizations in the State. Subrecipients submit applications to this office, which are reviewed by the HSEM Planning Chief, Assistant Planning Chief and Field Representatives and approved by the HSEM Director. The criteria for approval are based on grant eligibility in accordance with the grant's current guidance and the documented needs of the local jurisdictions.

The Emergency Management Performance Grants are 50% federally funded by FEMA with a 50% match requirement supplied by the subrecipient. The subrecipient acknowledges their match obligation as part of Exhibit B to their grant agreement.

In the event that Federal Funds are no longer available, General Funds and/or Highway Funds will not be requested to support this program.

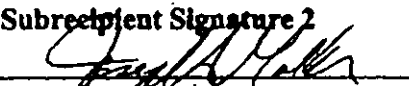

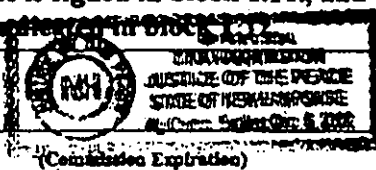

Respectfully submitted,

Department Heads

Highway Department- Jon Worthen

J. Worthen was present ask the Selectmen to award the paving bid. He stated that both bids received were over the budget that was approved. He went back and reworked what roads were being worked on this year along with what type of work was going to be done. He was able to bring the cost to \$374,498.00. He asked the Selectmen to award the contract to the low bidder Busby Construction Company. Chairman Murphy asked if Busby would be subcontracting the work and was told they would be. J. Worthen explained that the company that they have doing the subcontracting work also does work for Continental Paving and does a good job. He didn't see that they would have the same issue as happened when Emerson Avenue was done a few years ago. A motion was made by Selectman Guthrie to award the 2020 paving job to Busby Construction Company at a cost of \$374,498. The motion was seconded by Chairman Murphy. The motion passed unanimously 2-0.

J. Worthen also reported that he is going to be doing some work on Kent Farm Road from the town line towards Wheelwright Road. There is swale work to be done up to the catch basin. He will also look at working on the shoulders along Depot Road filling in the holes and making it look better. He would also be doing some prep work on the roads that are scheduled for paving.

Selectman Guthrie asked J. Worthen if he had the specs for the parking lot at the Meeting House and he stated that he believed R. Morris had them. Due to the estimated cost for the work there, it would need to go out to bid (over \$7,500).

Acceptance of the EMPG (Emergency Management Performance Grant for communications equipment for the Fire Department. The grant is to lease tower space, as well as purchase and locate the necessary equipment at the tower site, located at 94 Lane Road, Derry, NH. This grant will be used to enhance the town's communication system which is critical for the fire department and emergency management communications. The grant is a 50/50 cost share and the fire department has already established \$21,250 of their cost-share. To complete the project, it will cost \$39,170 and of this amount, the grant will fund \$30,210, the emergency management budget will fund \$2,000 and the fire department the remaining balance of \$6,960. All funds needed are in the current budgets. Chief Carrier requested

Selectmen's Meeting Minutes

that the Selectmen approve/accept the grant and authorize the cost sharing as indicated. The Town of Hampstead would also need to enter into a lease agreement with the owner of the tower. The required lease payments are within the EMD and Fire Dept. budgets. Chairman Murphy asked if the changing of the equipment from one tower to another would impact the dispatch services from Londonderry. Chief Carrier responded that it would actually enhance the communication with them.

Selectman Guthrie motioned to accept the terms of the Emergency Management Performance Grant as presented in the amount of \$30,210 to purchase and install communications equipment and a generator. Furthermore, the Board acknowledges that the total cost of this project will be \$60,420 in which the town will be responsible for a 50% match of \$30,210. The motion was seconded by Chairman Murphy. The motion passed unanimously 2-0.

There is also a lease agreement that the Selectmen need to enter into for the actual tower. The lease is to be with Dispatch Communications, LLC of Derry NH and the terms are for six years. The payment information is included in the lease agreement.

Selectman Guthrie motioned to enter into a lease agreement with Dispatch Communications, LLC of Derry NH for a 6-year term, subject to renewal notice and to the payment schedule specified in the lease. Chairman Murphy seconded the motion. The motion passed unanimously 2-0.

S. Theriault provided the lease and the grant for the appropriate signatures.

RFP- Heating Fuel and Maintenance

S. Theriault noted that there were two proposals received. She did explain that one of the proposals came via email, she verified the number of pages received and then put it into a sealed envelope. The Selectmen decided to accept the proposal that came via fax so that they had two proposals to open.

1. Irving Oil- There was no maintenance proposal.

Oil was at \$1.691, Propane at \$1.343 and diesel at the daily market rate. There are also some additional fees such as environmental for oil at \$.01375, for diesel at \$.01625 and Federal LUST at \$.001 for both.

2. Palmer Gas- Atkinson, NH

Oil was at \$1.749, Propane at \$1.39, and diesel at \$.30 off the daily market rate. One of the Selectman asked if there were any complaints on Palmer (our current vendor) and the response was no. The Selectmen thought it would be better to keep the fuel company and the maintenance company the same. With one of the vendors not providing a service agreement, we would need to find a maintenance vendor.

Selectman Guthrie motioned to accept the proposal from Palmer Gas for heating fuel and maintenance. The motion was seconded by Chairman Murphy. The motion passed unanimously 2-0.

Old Business

There was no old business.

Liaison Reports

Chairman Murphy noted that he attended the swearing in ceremony for the new Deputy Chief, Bob Kelley. He noted that it went well and the family was there to participate. Selectman Guthrie also announced that he was present at the swearing in ceremony.

Good Afternoon Chief Carrier,

I received the grant agreement documents today for the Communications Tower Enhancement Project (\$30,210). Everything is in order so I will continue to process this through our internal review!

When you get a chance I just need one item for clarification, can you please verify that the Town of Hampstead understands that this grant is being used to purchase and install equipment to support this communications tower, and *not* being used towards a lease agreement? We can't expend grant funds for

leasing equipment, so I just need in writing from you (email will suffice) that you are aware that this grant is to be spent on equipment that will be purchased by the Town.

Thanks so much and have a great weekend,
