STATE OF NEW HAMPSHIRE DEPARTMENT OF EDUCATION 101 Pleasant Street Concord, N.H. 03301 FAX 603-271-1953 Citizens Services Line 1-800-339-9900

May 15, 2018

His Excellency, Governor Christopher T. Sununu and the Honorable Executive Council State House Concord, New Hampshire 03301

REQUESTED ACTION

Authorize the Department of Education, to amend a contract on a sole source basis with Family Resource Center, Gorham, NH (Vendor Code #162412), by increasing the price limitation by \$143,000.00 from \$674,500.00 to \$817,500.00, to offer extended day programming for youth and their families, effective July 1, 2018 through June 30, 2019 upon Governor and Council approval. Item originally approved by Governor and Council on 6/18/14 (Item #150), renewed on 6/24/15 (Item #160), renewed on 6/29/16 (Item #103) and 6/21/17 (Item#133). 100% Federal Funds.

Funds to support this request are anticipated to be available in the account titled 21st Century Community Title IV as follows,

06-56-56-562010-25190000-072-500577

Grants-Federal

<u>FY19</u> \$143,000.00

EXPLANATION

The Department is requesting approval of this **sole source** amendment. The Dept. went out for RFP in 2014 with the intent of including a renewal option. The renewal option was included in the Governor and Council letter but not stated in the contract warranting that this amendment be submitted on a **sole source** basis. This is the fifth year of a five year grant. The United States Department of Education legislation allows for five-year 21st Century Community Learning Center grants to serve youth and their families during the out-of-school-time hours. Grants are awarded annually pending the receipt of an Annual Performance Report that indicates sufficient progress and the availability of federal funds.

This program provides grants to inner city and rural schools, community based organizations, youth development agencies and other educational agencies to provide expanded learning opportunities for children outside of regular school hours in a safe environment. The programs will offer students a broad array of additional services, programs, and activities such as tutorial services, youth development activities, drug and violence prevention, counseling programs, art, music, recreation programs, and technology education.

These programs and services are designed to reinforce and complement the regular academic program of the participating students.

His Excellency, Governor Christopher T. Sununu and the Honorable Executive Council May 15, 2018 Page 2 of 2

The program services provided by the grant cited above will be coordinated by the Family Resource Center in Gorham, NH in collaboration with the Gorham School District. This collaborative approach will serve elementary and middle school Gorham School District youth and their families.

In the event Federal Funds are no longer available, General Funds will not be requested to support this program.

Respectfully submitted,

Frank Edelblut Commissioner of Education

AMENDMENT TO GRANT AGREEMENT

Now come the New Hampshire Department of Education, Bureau of Integrated Programs, hereinafter "the Agency," and the Family Resource Center, Gorham, NH, hereinafter "the Grantee", and, pursuant to an agreement between the parties that was approved by Governor and Council on 6/18/14 (Item #150), renewed on 6/24/15 (Item #160), renewed on 6/29/16 (Item #103) and renewed on 6/21/17 (Item#133), hereby agree to modify same as follows:

1. Agreement, General Provisions, Block 1.6, remove June 30, 2018 and replace with June 30, 2019.

2. Agreement, General Provisions, Block 1.8, remove \$674,500.00 and replace with \$817,500.00.

3. Replace B-1 – Budget with B-2 Budget.

4. All other provisions of this agreement shall remain in full force and effect.

5. This amendment shall commence upon Governor and Council approval and shall terminate on June 30, 2019.

This modification of an existing agreement is hereby incorporated by reference to the existing agreement by the parties and must be attached to the said agreement.

THE STATE OF NEW HAMPSHIRE

IN WITNESS WHEREOF, the parties, hereto have set their hands as of the day and year first above written.

May 1, 2017

His Excellency, Governor Christopher T. Sununu and the Honorable Executive Council State House Concord, New Hampshire 03301

REQUESTED ACTION

Authorize the Department of Education, to amend a grant agreement on a **sole source** basis with Family Resource Center, Gorham, NH (Vendor Code #162412), by increasing the price limitation by \$187,000.00 from \$487,500.00 to \$674,500.00 and extending the end date from June 30, 2017 to June 30, 2018 to continue to offer extended day programming for youth and their families, upon Governor and Council approval. Item originally approved by Governor and Council on 6/18/14 (Item #150), renewed on 6/24/15 (Item #160), and renewed on 6/29/16 (Item #103). 100% Federal Funds.

Funds to support this request are anticipated to be available in the account titled 21st Century Community Title IV as follows, contingent upon legislative approval of the next biennium budget:

Grants-Federal

. .

<u>FY18</u> \$187,000.00

EXPLANATION

The Department went out to RFP for these grant funds in January 2014 with the intent of including a renewal option. The renewal option was included in the Governor and Council letter but not stated in the contract warranting that this amendment be submitted on a **sole source** basis. This is the fourth year of a five year grant. The United States Department of Education legislation allows for five-year 21st Century Community Learning Center grants to serve youth and their families during the out-of-school-time hours. Grants are awarded annually pending the receipt of an Annual Performance Report that indicates sufficient progress and the availability of federal funds.

New Hampshire anticipates a FY 2018 grant award in the amount of \$4,900,000.00 from the United States Department of Education under Title IVB, the 21st Century Community Learning Center Program. This program provides grants to inner city and rural schools, community based organizations, youth development agencies and other educational agencies to provide expanded learning opportunities for children outside of regular school hours in a safe environment. The programs will offer students a broad array of additional services, programs, and activities such as tutorial services, youth development activities, drug and violence prevention, counseling programs, art, music, recreation programs, and technology education.

INDEPENDENT AUDITORS' REPORT

Report on the Financial Statements

We have audited the accompanying financial statements of Family Resource Center at Gorham (a New Hampshire nonprofit organization), which comprise the statements of financial position as of June 30, 2016 and 2015, and the related statements of activities, cash flows, and functional expenses for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Family Resource Center at Gorham as of June 30, 2016 and 2015, and the changes in its net assets and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The accompanying schedule of expenditures of federal awards, as required by Title 2 U.S. Code of Federal Regulations (CFR) Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards, is presented for purposes of additional analysis and is not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated, in all material respects, in relation to the financial statements as a whole.

Other Reporting Required by Government Auditing Standards

In accordance with Government Auditing Standards, we have also issued our report dated October 17, 2016, on our consideration of Family Resource Center at Gorham's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with Government Auditing Standards in considering Family Resource Center at Gorham's internal control over financial reporting and compliance.

ì

NOTES TO FINANCIAL STATEMENTS FOR THE YEARS ENDED JUNE 30, 2016 AND 2015

1. ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Organization

The Family Resource Center at Gorham (the Resource Center) is a voluntary, not-forprofit corporation incorporated under the laws of the State of New Hampshire (RSA 292) and organized exclusively for tax exempt chantable and educational purposes. The principal activity of the Resource Center is to deliver programming that empowers and educates children and families so they can overcome obstacles to healthy family development while providing access to social and educational services to underserved North Country populations. Primary programs include:

home visiting programs that deliver evidence based early child development and parenting support curricula which empowers parents and gives them the motivations and skills to improve parenting and foster healthy family dynamics;

afterschool programs that supports the academic, social and emotional developmental of students in grades K-8; and,

an IRS sanctioned Volunteer Income Tax Assistance (VITA) program that provides free tax preparation services to a continuum of the population with a focus on maximizing income tax refunds and earned income tax credits for all individuals entitled to claim such credits.

Basis of Accounting

The financial statements have been prepared on the accrual basis of accounting.

Basis of Presentation

The Resource Center is required to report information regarding its financial position and activities according to three classes of net assets: unrestricted net assets, temporarily restricted net assets, and permanently restricted net assets. The classes of net assets are determined by the presence or absence of donor restrictions.

<u>Unrestricted:</u> Net assets that are not subject to donor-imposed stipulations. Board designated unrestricted net assets consist of cash and cash equivalents which are to be used only with a specific vote of the board.

<u>Temporarily Restricted:</u> Net assets whose use is limited by donor-imposed stipulations that will either expire with the passage of time or be fulfilled or removed by actions of the Resource Center. When a donor restriction expires, that is, when a stipulated time restriction ends or purpose restriction is accomplished, temporarily restricted net assets are reclassified to unrestricted net assets and reported in the statement of activities as net assets released from restrictions. Absent explicit donor stipulations about how long long-lived assets must be maintained or the manner of their disposition, the Resource Center reports expirations of donor restrictions when the donated or acquired long-lived

assets are placed in service. The Resource Center reports expirations of continuing donor restrictions regarding use or disposition of long-lived assets over the assets' expected useful lives.

<u>Permanently Restricted:</u> Net assets that are subject to donor-imposed stipulations that they be maintained permanently by the Resource Center. Generally, the donors of these assets permit the Resource Center to use all or part of the income earned on related investments for general or specific purposes.

As of June 30, 2016 and 2015, the Resource Center has unrestricted and permanently restricted net assets.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Cash and Cash Equivalents

Cash and cash equivalents include all monies in banks and liquid investments with maturity dates of less than three months. The carrying value of cash and cash equivalents approximates fair value because of the short maturities of those financial instruments.

Investments

Investments are accounted for according to Accounting Standards Codification (ASC) 958-320 Not For Profit Entities – Investments – Debt and Equity Securities. Under ASC 958-320, investments in marketable securities with readily determinable fair values and all investments in debt securities are valued at their fair values in the statement of financial position. Unrealized gains and losses are included in the change in net assets. Fair values of investments are based on quoted prices in active markets for identical investments.

Property and Equipment

Property and equipment is recorded at cost if purchased and at fair value if donated. Depreciation is computed using the straight line method over the estimated useful lives of the related assets as follows:

Furniture and equipment	5 - 15 years
Leasehold improvements	20 years

The Resource Center's policy is to capitalize all assets over \$2,500 with an expected life of one year or longer. Assets sold or otherwise disposed of are removed from the accounts, along with the related depreciation allowance, and any gain or loss is recognized.

Contributions

Contributions received are recorded as unrestricted, temporarily restricted, or permanently restricted support depending on the existence and/or nature of any donor or

time restrictions. A temporary restriction permits the Resource Center to use donated assets as specified for a particular purpose. Permanently restricted net assets are those that are required to be permanently maintained, but income from such investments may be used for specified purposes. All donor restricted support is reported as an increase in temporarily or permanently restricted net assets, depending on the nature of the restriction. When a restriction expires (that is, when a stipulated time restriction ends or purpose restriction is accomplished), net assets are reclassified to unrestricted net assets and reported in the statement of activities as net assets released from restrictions.

Contributed Services

From time to time, the Resource Center receives donated services in carrying out the mission and fundraising activities of the Resource Center. Such donations do not meet the criteria for recognition under ASC 958 and accordingly no amounts are reflected in the financial statements for those services.

Functional Allocation of Expenses

The costs of providing the various programs and other activities have been summarized in the statement of activities. Accordingly, certain costs have been allocated among the programs and supporting services benefited.

Refundable Advances

The Resource Center records grant/contract revenue as a refundable advance until it is expended for the purpose of the grant/contract, at which time it is recognized as revenue.

Income Taxes

The Resource Center is exempt from federal income taxes under Section 501(c)(3) of the Internal Revenue Code. In addition, the Resource Center qualifies for the charitable contribution deduction under Section 170(b)(1)(a) and has been classified as an organization that is not a private foundation.

Management has evaluated the Resource Center's tax positions and concluded that the Resource Center has maintained its tax-exempt status and has taken no uncertain tax positions that would require adjustment to the financial statements. With few exceptions, the Resource Center is no longer subject to income tax examinations by the United States Federal or State tax authorities prior to 2012.

Leased Facilities

The Resource Center leases its current facility from the Town of Gorham. In lieu of rent, the Resource Center is responsible for the cost of repairs and maintenance, insurance, utilities and rubbish removal. The lease is for a 20 year period and expires on May 19, 2018. The Resource Center in turn sublets space in the facility to other nonprofit and community agencies at an average rate of approximately \$10 - \$14 per square foot. All participating organizations must provide services to a client base that is at least 66% low and moderate income.

Grants Receivable

Grants receivable from various public and other nonprofit organizations at June 30, 2016 and 2015 were considered fully collectable and therefore no provisions for bad debts have been made in these financial statements.

<u>Advertising</u>

Advertising costs are expensed as incurred.

Subsequent Events

Subsequent events have been evaluated through October 17, 2016, which is the date that the financial statements were available to be issued.

Reclassifications

Certain amounts in the prior year financial statements have been reclassified for comparative purposes to conform with the presentation in the current year financial statements.

Fair Value of Financial Instruments

ASC Topic No. 820-10, *Financial Instruments*, provides a definition of fair value which focuses on an exit price rather than an entry price, establishes a framework in generally accepted accounting principles for measuring fair value which emphasizes that fair value is a market based measurement, not an entity specific measurement, and requires expanded disclosures about fair value measurements. In accordance with FASB ASC 820-10, the Resource Center may use valuation techniques consistent with market, income and cost approaches to measure fair value. As a basis for considering market participant assumptions in fair value measurements, ASC Topic 820-10 establishes a fair value hierarchy, which prioritizes the inputs used in measuring fair values. The hierarchy gives the highest priority to Level 1 measurements and the lowest priority to Level 3 measurements. The three levels of the fair value hierarchy under ASC Topic 820-10 are described as follows:

Level 1 – Inputs to the valuation methodology are quoted prices available in active markets for identical investments as of the reporting date.

Level 2 - Inputs to the valuation methodology are other than quoted market prices in active markets, which are either directly or indirectly observable as of the reporting date, and fair value can be determined through the use of models or other valuation methodologies.

Level 3 - Inputs to the valuation methodology are unobservable inputs in situations where there is little or no market activity for the asset or liability and the reporting entity makes estimates and assumptions related to the pricing of the asset or liability including assumptions regarding risk.

At June 30, 2016 and 2015, the Resource Center's investments were all classified as Level 1 and were based on fair value.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at June 30, 2016 and 2015.

Mutual Funds: Valued at the net asset value (NAV) of shares held by the Resource Center at year end.

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Resource Center believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

2. DEMAND NOTE PAYABLE

In April 2013 the Resource Center entered into a revolving line of credit with a bank. The revolving line of credit provides for maximum borrowings up to \$75,000 and is collateralized by a certificate of deposit held at the same bank. The revolving line of credit and the certificate of deposit both renew every six months. At June 30, 2016 and 2015, the interest rate on the revolving line of credit was stated at the bank's prime rate of 3.20%. There was no balance outstanding as of June 30, 2016. The balance outstanding at June 30, 2015 was \$29,500.

3. AGENCY DEPOSITS

The Resource Center serves as a fiscal agent for the Androscoggin Valley Community Partners (formerly the Berlin Area Healthcare Consortium), a collaborative effort of area health and social services agencies intended to provide health related education, information and communications to the communities of Berlin and Gorham. The amounts held on behalf of the consortium as of June 30, 2016 and 2015 were \$22,181 and \$22,179, respectively:

The Resource Center began serving as a fiscal agent for the North Country Veterans Committee during the year ended June 30, 2016. The committee has done extensive outreach, education and awareness throughout the North Country of New Hampshire in building a stronger safety net for North Country veterans and their families. The amount held on behalf of the committee as of June 30, 2016 was \$4,140.

REFUNDABLE ADVANCES

Refundable advances from program grants and contract advances at June 30, 2016 and 2015 totaled \$22,448 and \$41,887, respectively.

5. CONCENTRATION OF CREDIT RISK - CASH

The Resource Center maintains cash balances that, at times, may exceed federally insured limits. The cash balances are insured by the Federal Deposit Insurance Corporation (FDIC) up to \$250,000 per bank at June 30, 2016 and 2015. The Resource Center has not experienced any losses in such accounts and believes it is not exposed to any significant risk with these accounts. At June 30, 2016 and 2015, there were no cash balances in excess of FDIC coverage.

13

6. UNRESTRICTED NET ASSETS - DESIGNATED

By vote of the Board of Directors funds have been designated for long term building maintenance. Unrestricted net assets designated by the board was \$14,627 and \$12,219 at June 30, 2016 and 2015, respectively.

7. OPERATING LEASE OBLIGATIONS

The Organization has entered into a one year operating lease agreement to rent satellite office space. The Organization also rents various other office space on a month to month basis. Rent expense under these agreements aggregated \$8,995 and \$7,480 for the years ended June 30, 2016 and 2015, respectively.

The approximate future minimum lease payments on the above leases is as follows:

Year Ending			•	,	
June 30				Amount	
		•			
.2017				<u>\$5,500</u>	
•					

8. INVESTMENTS

Investments held in the form of mutual funds at Bank of America are stated at fair value. Realized gains and losses are determined on the specific identification method. Gains and losses (realized and unrealized) are reported in the statement of activities as increases or decreases to unrestricted net assets, except for those investments for which their use is restricted. Information on investments at June 30, 2016 and 2015 is presented as follows:

Year	Investment	<u>Cost</u>	Market <u>Value</u>	Excess of Market Over <u>Cost</u>	Investment Income
	Bank of America. Bank of America		\$177,573 \$177,349	\$23,987 \$24,774	\$4,448 \$4,243

PERMANENTLY RESTRICTED NET ASSETS

In 2007, the Resource Center established a permanent endowment fund for the organization with the intent of accumulating donations and interest earnings of one million dollars. During 2013 the Resource Center began taking allowable distributions from the fund. Per the laws of the State of New Hampshire (RSA 292-B:4), 7% of the fair market value of the endowment fund, calculated on the basis of fair market value determined at least quarterly and averaged over a period of not less than three years may be appropriated for operating account expenditures.

The Not-for-Profit Entities Topic of the FASB ASC (ASC 958-205 and subsections) intends to improve the quality of consistency of financial reporting of endowments held by not-forprofit organizations. This Topic provides guidance on classifying the net assets associated with donor-restricted endowment funds held by organizations that are subject to an enacted version of the Uniform Prudent Management Institutional Funds Act (UPMIFA). New Hampshire has adopted UPMIFA. The Topic also requires additional financial statement disclosures on endowments and related net assets.

The Resource Center has followed an investment and spending policy to ensure a total return (income plus capital change) necessary to preserve the principal of the fund and at the same time, provide a dependable source of support to help build healthier families and stronger communities.

In recognition of the prudence required of fiduciaries, the Resource Center only invests the fund in cash and mutual funds. The Resource Center has taken a risk adverse approach to managing the endowment fund in order to mitigate financial market risk such as interest rate, credit and overall market volatility, which could substantially impact the fair value of the endowment fund at any given time.

As of June 30, 2016 and 2015, the endowment fund was entirely composed of permanently restricted net assets.

Fund activity for June 30, 2016 and 2015 was as follows:

		Balances as of June 30, 2015		Activity for the Year Ended June 30, 2016		Balances as of <u>June 30, 2016</u>

NOTE A - BASIS OF PRESENTATION

The accompanying schedule of expenditures of federal awards (the Schedule) includes the federal grant activity of Family Resource Center at Gorham under programs of the federal government for the year ended June 30, 2016. The Information In this Schedule is presented in accordance with the requirements of Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements; Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance). Because the Schedule presents only a selected portion of the operations of Family Resource Center at Gorham, It is not intended to and does not present the financial position; changes in net assets, or cash flows of Family Resource Center.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Expenditures reported on the Schedule are reported on the accrual basis of accounting. Such expenditures are recognized following the cost principles contained in Uniform Guidance, where in certain types of expenditures are not allowable or are limited to reimbursement. Negative amounts shown on the Schedule represent adjustments or credits made in the normat course of business to amounts reported as expenditures in prior years.

NOTE C - INDIRECT COST RATE

Family Resource Center at Gorham has elected to use the 10-percent de minimis indirect cost rate allowed under Uniform Guidance.

INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTINGAND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

To the Board of Directors Family Resource Center at Gorham Gorham, New Hampshire

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of Family Resource Center at Gorham (a New Hampshire nonprofit organization), which comprise the statements of financial position as of June 30, 2016 and 2015, and the related statements of activities; cash flows and functional expenses for the years then ended, and the related notes to the financial statements, and have issued our report thereon dated October 17, 2016.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered Family Resource Center at Gorham's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Family Resource Center at Gorham's internal control. Accordingly, we do not express an opinion on the effectiveness of Family Resource Center at Gorham's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to ment attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether Family Resource Center at Gorham's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the organization's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the organization's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

INDEPENDENT AUDITORS' REPORT ON COMPLIANCE FOR EACH MAJOR PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY UNIFORM GUIDANCE

To the Board of Directors Family Resource Center at Gorham Gorham, New Hampshire

Report on Compliance for Each Major Federal Program

We have audited Family Resource Center at Gorham's compliance with the types of compliance requirements described in the *OMB Compliance Supplement* that could have a direct and material effect on each of Family Resource Center at Gorham's major federal programs for the year ended June 30, 2016. Family Resource Center at Gorham's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with the requirements of laws, regulations, contracts, and grants applicable to its federal programs.

Auditors' Responsibility

Our responsibility is to express an opinion on compliance for each of Family Resource Center at Gorham's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance). Those standards and the Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about Family Resource Center at Gorham's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of Family Resource Center at Gorham's compliance.

Opinion on Each Major Federal Program

In our opinion, Family Resource Center at Gorham complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2016.

Report on Internal Control Over Compliance

Management of Family Resource Center at Gorham is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered Family Resource Center at Gorham's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of Family Resource Center at Gorham's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A material weakness in internal control over compliance is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance is a deficiency or a combination of deficiencies, in internal control over compliance is a deficiency or a combination of deficiencies, in internal control over compliance is a deficiency or a combination of deficiencies, in internal control over compliance is a deficiency or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

Virginia M. Barry, Ph.D.

Commissioner of Education Tel. 603-271-3144

Her Excellency, Governor Margaret Wood Hassan and the Honorable Council State House Concord, NH 03301

REQUESTED ACTION

Authorize the Department of Education, Bureau of Integrated Programs to amend grant agreement on a **sole source** basis with the Family Resource Center, Gorham, NH (Vendor Code #162412), by increasing the price limitation by \$244,500.00 from \$243,000.00 to \$487,500.00 and extending the end date from June 20, 2016 to June 30, 2017 to continue to offer extended day programming for youth and their tamilies, effective upon Governor and Council approval for the period of July 1, 2016 through June 30, 2017. Item originally approved by Governor and Council on June 18, 2014 (Item #150) and renewed on June 24, 2015 (Item #160). 100% Federal Funds.

Funding is available in the account titled 21st Century Community Title IV, as follows:

06-56-56-563010-75380000-072-500577 Grants -- Federal \$244,500.00

EXPLANATION

The Department went out to RFP for these grant funds in January 2014 with the intent of including a renewal option. The renewal option was included in the Governor and Council letter but not stated in the contract warranting that this amendment be submitted on a **sole source** basis. This is the third year of a five year grant. The United States Department of Education legislation allows for five-year 21st Century Community Learning Center grants to serve youth and their families during the out-of-school-time hours. Grants are awarded annually pending the receipt of an Annual Performance Report that indicates sufficient progress and the availability of federal funds.

New Hampshire anticipates a FY 2017 grant award in the amount of \$5,716,698.00 from the United States Department of Education under Title IVB, the 21st Century Community Learning Center program. This program provides grants to inner city and rural schools, community based

TDD Access: Rolay NH 1-800-735-2964 EQUAL OPPORTUNITY EMPLOYER- EQUAL EDUCATIONAL OPPORTUNITIES Her Excellency, Governor Margaret Wood Hassan and The Honorable Council Page 2 of 2 June 13, 2016

organizations, youth development agencies and other educational agencies to provide expanded learning opportunities for children, outside of regular school hours in a safe environment. The programs will offer students a broad array of additional services, programs, and activities such as tutorial services, youth development activities, drug and violence prevention, counseling programs, art, music, recreation programs, and technology education. These programs and services are designed to reinforce and complement the regular academic program of the participating students.

The program services provided by this grant will be coordinated by the Family Resource Center in Gorham, NH in collaboration with the Gorham School District. This collaborative approach will serve elementary and middle school Gorham School District youth and their families.

The competition process includes a Bidders Conference, publication of the RFP, technical support during the proposal writing process, review and scoring of the proposal by three reviewers, and award determinations based on this review process. The reviewers for all proposals include representation from experienced 21st Century Community Learning Center and school day professionals, higher education, state agencies and community based organizations.

In the event Federal Funds become no longer available, General Funds will not be requested to support this program.

Respectfully submitted,

VirginiduM. Barry, Ph.D. Commissioner

VMB:sbs Enclosures

AMENDMENT TO GRANT AGREEMENT

Now come the New Hampshire Department of Education, Bureau of Integrated Programs, hereinafter "the Agency," and Family Resource Center, Gorham, NH, hereinafter "the Grantee", and, pursuant to an agreement between the parties that was approved by Governor and Council on June 18, 2014 (Item #150) and renewed on June 24, 2015 (Item #160), hereby agree to modify same as follows:

- 1. Agreement, General Provisions, Block 1.6, remove June 30, 2016 and replace with June 30, 2017.
- 2. Agreement, General Provisions, Block 1.8, remove \$243,000 and replace with \$487,500.
- Remove OBM Form 1, Project Application Budget and Designation of Application Manager/Project Manager, with Project Period July 1, 2015 through June 30, 2016 with a Budget of \$243,000.00 and Insert OBM Form 1, Project Application Budget and Designation of Application Manager/Project Manager, with Project Period July 1, 2016 through June 30, 2017 with a budget of \$244,500.00
- 4. All other provisions of the agreement shall remain in full force and effect.

This modification of an existing agreement is hereby incorporated by reference to the existing agreement by the parties and must be attached to the said agreement. This modification shall be effective upon the date of approval from the Governor and the Executive Council for the period of July 1, 2016 through June 30, 2017.

IN WITNESS WHEREOF, the parties, hereto have set their hands as of the day and year below written.

CERTIFICATE OF VOTE

I, Katherine Baublis, of The Family Resource Center at Gorham, do hereby certify that:

- I am the duly elected Secretary/Treasurer of the Family Resource Center at Gorham Board of Directors
- The following are true copies of two resolutions duly adopted at a meeting of the Board of Directors of the corporation, duly held on March 16, 2016.

RESOLVED: That this corporation enters into a contracts with the State of New Hampshire, acting through its Department of Health and Human Services, Division of Children Youth and Families.

RESOLVED: That the President of the Family Resource Center at Gorham Board of Directors is hereby authorized on behalf of this corporation to enter into said contract with the State and to execute any and all documents, agreements, and other instruments; and any amendments, revisions, or modifications thereto, as he/she may deem necessary, desirable, or appropriate. Nathan Morin is the duly elected President of the corporation.

3. The foregoing resolutions have not been amended or revoked and remain in full force and effect as of May 25, 2016.

IN WITNESS WHEREOF, I have hereunto set my hand as the Secretary/Treasurer of the corporation this 25th day of May, 2016.

Baublie Secretary/Treasurer

STATE OF NEW HAMPSHIRE COUNTY OF COOS

The foregoing instrument was acknowledged before me this 25th day of May, 2016 by Katherine Baublis.

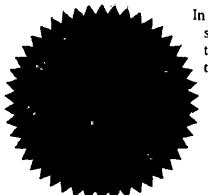

Notary Public/Justice of the Peace My Commission Expires:

PEGGY LEE BRICKLEY
Notary Public, State of New Hampshire
My Commission Expires May 4, 2021

State of New Hampshire Bepartment of State

CERTIFICATE

I, William M. Gardner, Secretary of State of the State of New Hampshire, do hereby certify that THE FAMILY RESOURCE CENTER AT GORHAM is a New Hampshire nonprofit corporation formed April 3, 1997. I further certify that it is in good standing as far as this office is concerned, having filed the return(s) and paid the fees required by law.

In TESTIMONY WHEREOF, I hereto set my hand and cause to be affixed the Seal of the State of New Hampshire, this 27th day of January A.D. 2016

William M. Gardner Secretary of State

INDEPENDENT AUDITORS' REPORT

CERTIFIED PUBLIC ACCOUNTANTS WOLFEBORO • NORTH CONWAY DOVER • CONCORD

We have audited the accompanying financial statements of Family Resource Center at Gorfani Wa nonprofit organization) which comprise the statements of financial position as of June 30, 2015 and 2014, and the related statements of cash flows, and notes to financial statements for the years then ended, and the related statement of activities and statement of functional expenses for the year ended June 30, 2015.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Family Resource Center at Gorham as of June 30, 2015 and 2014, and its cash flows for the years then ended, and the changes in its net assets for the year ended June 30, 2015 in accordance with accounting principles generally accepted in the United States of America.

Report on Summarized Comparative Information

We have previously audited the Family Resource Center at Gorham's 2014 financial statements, and we expressed an unmodified audit opinion on those audited financial statements in our report dated November 5, 2014. In our opinion, the summarized comparative information presented herein as of and for the year ended June 30, 2014, is consistent, in all material respects, with the audited financial statements from which it has been derived.

NOTES TO FINANCIAL STATEMENTS FOR THE YEARS ENDED JUNE 30, 2015 AND 2014

1. ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Organization

The Family Resource Center at Gorham (the Resource Center) is a voluntary, not-for-profit corporation incorporated under the laws of the State of New Hampshire (RSA 292) and organized exclusively for tax exempt charitable and educational purposes. The principal activity of the Resource Center is to deliver programming that empowers and educates children and families so they can overcome obstacles to healthy family development while providing access to social and educational services to underserved North Country populations. Primary programs include:

home visiting programs that deliver evidence based early child development and parenting support curricula which empowers parents and gives them the motivations and skills to improve parenting and foster healthy family dynamics;

afterschool programs that supports the academic, social and emotional developmental of students in grades K-8; and,

an IRS sanctioned Volunteer Income Tax Assistance (VITA) program that provides free tax preparation services to a continuum of the population with a focus on maximizing income tax refunds and earned income tax credits for all individuals entitled to claim such credits.

Basis of Accounting

The financial statements have been prepared on the accrual basis of accounting.

Basis of Presentation

The Resource Center is required to report information regarding its financial position and activities according to three classes of net assets: unrestricted net assets, temporarily restricted net assets, and permanently restricted net assets. The classes of net assets are determined by the presence or absence of donor restrictions.

<u>Unrestricted</u>: Net assets that are not subject to donor-imposed stipulations. Board designated unrestricted net assets consist of cash and cash equivalents which are to be used only with a specific vote of the board.

<u>Temporarily Restricted</u>: Net assets whose use is limited by donor-imposed stipulations that will either expire with the passage of time or be fulfilled or removed by actions of the Resource Center. When a donor restriction expires, that is, when a stipulated time restriction ends or purpose restriction is accomplished, temporarily restricted net assets are reclassified to unrestricted net assets and reported in the statement of activities as net assets released from restrictions. Absent explicit donor stipulations about how long long-lived assets must be maintained or the manner of their disposition, the Resource

Center reports expirations of donor restrictions when the donated or acquired long-lived assets are placed in service. The Resource Center reports expirations of continuing donor restrictions regarding use or disposition of long-lived assets over the assets' expected useful lives.

<u>Permanently Restricted:</u> Net assets that are subject to donor-imposed stipulations that they be maintained permanently by the Resource Center. Generally, the donors of these assets permit the Resource Center to use all or part of the income earned on related investments for general or specific purposes.

As of June 30, 2015 and 2014, the Resource Center has unrestricted and permanently restricted net assets.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Cash and Cash Equivalents

Cash and cash equivalents include all monies in banks and liquid investments with maturity dates of less than three months. The carrying value of cash and cash equivalents approximates fair value because of the short maturities of those financial instruments.

<u>Investments</u>

Investments are accounted for according to Accounting Standards Codification (ASC) 958-320 Not For Profit Entities – Investments – Debt and Equity Securities. Under ASC 958-320, investments in marketable securities with readily determinable fair values and all investments in debt securities are valued at their fair values in the statement of financial position. Unrealized gains and losses are included in the change in net assets. Fair values of investments are based on quoted prices in active markets for identical investments.

Property and Equipment

Property and equipment is recorded at cost if purchased and at fair value if donated. Depreciation is computed using the straight line method over the estimated useful lives of the related assets as follows:

Furniture and	equipment	
Leasehold im	provements	

5 - 15 years 20 years

The Resource Center's policy is to capitalize all assets over \$2,500 with an expected life of one year or longer. Assets sold or otherwise disposed of are removed from the accounts, along with the related depreciation allowance, and any gain or loss is recognized.

Contributions

Contributions received are recorded as unrestricted, temporarily restricted, or permanently restricted support depending on the existence and/or nature of any donor or time restrictions. A temporary restriction permits the Resource Center to use donated assets as specified for a particular purpose. Permanently restricted net assets are those that are required to be permanently maintained, but income from such investments may be used for specified purposes. All donor restricted support is reported as an increase in temporarily or permanently restricted net assets, depending on the nature of the restriction. When a restriction expires (that is, when a stipulated time restriction ends or purpose restriction is accomplished), net assets are reclassified to unrestricted net assets and reported in the statement of activities as net assets released from restrictions.

Contributed Services

From time to time, the Resource Center receives donated services in carrying out the mission and fundraising activities of the Resource Center. Such donations do not meet the criteria for recognition under ASC 958 and accordingly no amounts are reflected in the financial statements for those services.

Functional Allocation of Expenses

The costs of providing the various programs and other activities have been summarized in the statement of activities. Accordingly, certain costs have been allocated among the programs and supporting services benefited.

Refundable Advances

The Resource Center records grant/contract revenue as a refundable advance until it is expended for the purpose of the grant/contract, at which time it is recognized as revenue.

income Taxes

The Resource Center is exempt from federal income taxes under Section 501(c)(3) of the Internal Revenue Code. In addition, the Resource Center qualifies for the charitable contribution deduction under Section 170(b)(1)(a) and has been classified as an organization that is not a private foundation.

Management has evaluated the Resource Center's tax positions and concluded that the Resource Center has maintained its tax-exempt status and has taken no uncertain tax positions that would require adjustment to the financial statements. With few exceptions, the Resource Center is no longer subject to income tax examinations by the United States Federal or State tax authorities prior to 2011.

Leased Facilities

The Resource Center leases its current facility from the Town of Gorham. In lieu of rent, the Resource Center is responsible for the cost of repairs and maintenance, insurance, utilities and rubbish removal. The lease is for a 20 year period and expires on May 19, 2018. The Resource Center in turn sublets space in the facility to other nonprofit and community agencies at an average rate of approximately \$10 - \$14 per square foot. All participating organizations must provide services to a client base that is at least 66% low and moderate income.

Grants Receivable

Grants receivable from various public and other nonprofit organizations at June 30, 2015 and 2014 were considered fully collectable and therefore no provisions for bad debts have been made in these financial statements.

<u>Advertising</u>

Advertising costs are expensed as incurred.

Subsequent Events

Subsequent events have been evaluated through October 16, 2015, which is the date that the financial statements were available to be Issued.

Prior Year's Information

The financial statements include certain prior year summarized comparative information in total but not by function. Such information does not include sufficient detail to constitute a presentation in conformity with accounting principles generally accepted in the United States of America. Accordingly, such information should be read in conjunction with the Resource Center's financial statements for the year ended June 30, 2014, from which the summarized information was derived.

Reclassifications

Certain amounts in the prior year financial statements have been reclassified for comparative purposes to conform with the presentation in the current year financial statements.

Fair Value of Financial Instruments

ASC Topic No. 820-10, *Financial Instruments*, provides a definition of fair value which focuses on an exit price rather than an entry price, establishes a framework in generally accepted accounting principles for measuring fair value which emphasizes that fair value is a market based measurement, not an entity specific measurement, and requires expanded disclosures about fair value measurements. In accordance with FASB ASC 820-10, the Resource Center may use valuation techniques consistent with market, income and cost approaches to measure fair value. As a basis for considering market participant assumptions in fair value measurements, ASC Topic 820-10 establishes a fair value hierarchy, which prioritizes the inputs used in measuring fair values. The hierarchy gives the highest priority to Level 1 measurements and the lowest priority to Level 3 measurements. The three levels of the fair value hierarchy under ASC Topic 820-10 are described as follows:

Level 1 – Inputs to the valuation methodology are quoted prices available in active markets for identical investments as of the reporting date.

Level 2 - Inputs to the valuation methodology are other than quoted market prices in active markets, which are either directly or indirectly observable as of the reporting date, and fair value can be determined through the use of models or other valuation methodologies.

Level 3 - Inputs to the valuation methodology are unobservable inputs in situations where there is little or no market activity for the asset or liability and the reporting entity makes estimates and assumptions related to the pricing of the asset or liability including assumptions regarding risk.

At June 30, 2015 and 2014, the Resource Center's investments were all classified as Level 1 and were based on fair value.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at June 30, 2015 and 2014.

Mutual Funds: Valued at the net asset value (NAV) of shares held by the Resource Center at year end.

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Resource Center believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

2. DEMAND NOTE PAYABLE

In April 2013 the Resource Center entered into a revolving line of credit with a bank. The revolving line of credit provides for maximum borrowings up to \$75,000 and is collateralized by a certificate of deposit held at the same bank. The revolving line of credit and the certificate of deposit both renew every six months. At June 30, 2015 and 2014, the interest rate on the revolving line of credit was stated at the bank's prime rate of 3.10% and 3.20%, respectively. The balance outstanding at June 30, 2015 was \$29,500. There was no balance outstanding as of June 30, 2014.

3. AGENCY DEPOSITS

The Resource Center serves as a fiscal agent for the Androscoggin Valley Community Partners (formerly the Berlin Area Healthcare Consortium), a collaborative effort of area health and social services agencies intended to provide health related education, information and communications to the communities of Berlin and Gorham. The amounts held on behalf of the consortium as of June 30, 2015 and 2014 were \$22,179 and \$22,177, respectively

4. REFUNDABLE ADVANCES

Refundable advances from program grants and contract advances at June 30, 2015 and 2014 totaled \$41,887 and \$70,122, respectively.

5. CONCENTRATION OF CREDIT RISK - CASH

The Resource Center maintains cash balances that, at times, may exceed federally insured limits. The cash balances are insured by the Federal Deposit Insurance Corporation (FDIC) up to \$250,000 per bank at June 30, 2015 and 2014. The Resource Center has not experienced any losses in such accounts and believes it is not exposed to any significant risk with these accounts. At June 30, 2015 and 2014, there were no cash balances in excess of FDIC coverage.

6. UNRESTRICTED NET ASSETS - DESIGNATED

By vote of the Board of Directors funds have been designated for long term building maintenance. Unrestricted net assets designated by the board was \$12,219 and \$9,210 at June 30, 2015 and 2014, respectively.

7. OPERATING LEASE OBLIGATIONS

The Organization has entered into a one year operating lease agreement to rent satellite office space. The Organization also rents various other office space on a month to month basis. Rent expense under these agreements aggregated \$7,480 and \$7,250 for the years ended June 30, 2015 and 2014, respectively.

The approximate future minimum lease payments on the above leases is as follows:

Year Ending June 30	Amount				
2016	<u>\$6,000</u>				
Total	<u>\$6.000</u>				

8. INVESTMENTS

Investments held in the form of mutual funds at Bank of America are stated at fair value. Realized gains and losses are determined on the specific identification method. Gains and losses (realized and unrealized) are reported in the statement of activities as increases or decreases to unrestricted net assets, except for those investments for which their use is restricted. Information on investments at June 30, 2015 and 2014 is presented as follows:

			Market	Excess (Deficiency) of Market Over	Investment
<u>Year</u>	Investment	<u>Cost</u>	<u>Value</u>	Cost	Income
2015 2014	Bank of America Bank of America	\$152,575 \$158,775	\$177,349 \$188,804	\$24,774 \$30,029	\$4,243 \$4,139

9. PERMANENTLY RESTRICTED NET ASSETS

In 2007, the Resource Center established a permanent endowment fund for the organization with the intent of accumulating donations and interest earnings of one million dollars. During 2013 the Resource Center began taking allowable distributions from the fund. Per the laws of the State of New Hampshire (RSA 292-B:4), 7% of the fair market value of the endowment fund, calculated on the basis of fair market value determined at least quarterly and averaged over a period of not less than three years may be appropriated for operating account expenditures.

The Not-for-Profit Entities Topic of the FASB ASC (ASC 958-205 and subsections) intends to improve the quality of consistency of financial reporting of endowments held by not-for-profit organizations. This Topic provides guidance on classifying the net assets associated with donor-restricted endowment funds held by organizations that are subject to an enacted version of the Uniform Prudent Management Institutional Funds Act (UPMIFA). New Hampshire has adopted UPMIFA. The Topic also requires additional financial statement disclosures on endowments and related net assets.

The Resource Center has followed an investment and spending policy to ensure a total return (income plus capital change) necessary to preserve the principal of the fund and at the same time, provide a dependable source of support to help build healthier families and stronger communities.

In recognition of the prudence required of fiduciaries, the Resource Center only invests the fund in cash and mutual funds. The Resource Center has taken a risk adverse approach to managing the endowment fund in order to mitigate financial market risk such as interest rate, credit and overall market volatility, which could substantially impact the fair value of the endowment fund at any given time.

As of June 30, 2015 and 2014 the endowment fund was entirely composed of permanently restricted net assets.

Fund activity for June 30, 2015 and 2014 was as follows:

	Balances as of <u>June 30, 2014</u>	Activity for the Year Ended June 30, 2015	Balances as of <u>June 30, 2015</u>		
Permanent gifts	\$175,809	\$ -	\$175,809

- · Working with young children in a safe & healthy environment

NICOLE PALMIERI

Address:

EDUCATION: Bachelor of Arts in Mathematics, Castleton State College, December 2008 New Hampshire State Licensure in Elementary Education (K-6), 2009-Current Reading Recovery Teacher, Training Completed Spring 2012

EDUCATIONAL AND CHILD-BASED EXPERIENCE

First Grade Teacher: Edward Fenn Elementary School, Gorham, NH. August 2009 – Current, Principal: Chris Blair

• Two years experience teaching in a self-contained classroom, and three years experience in a co-teaching model. During two of these years, I also provided Reading Recovery services to struggling learners.

Daycare Supervisor: Penguin Playground, Okemo Mountain Resort, VT.

November 2008 -- July 2009, Daycare Manager: Jean Edwards

• Supervised operations of daycare for 38 children ages 6 months to 4 years. Provided a safe and clean environment for children and staff. Took guest reservations and provided information about daycare.

Daycare Teacher:

Penguin Playground, Okemo Mountain Resort, VT. November 2006 - April - 2008, Daycare Manager: Jean Edwards

Provided age appropriate play for children ages 6 months to 4 years. Planned daily craft activities and "circle time" for children.

Park and Recreation Summer Track, Springfield VT. Summers 2001-2008, Park and Recreation Director: Andy Bladyka

 Designed and ran an eight week summer track program for children ages 2-14 that encouraged students to exercise and participate in friendly competition. Provided children with an introduction to a variety of track and field events.

Camp Counselor:

Summer Daze Children's Camp, Springfield VT. Summers 2006, 2007, 2008, Camp Director: Tami Stagner

• Created and planned history curriculum for students in grades second through fourth that focused on the Revolutionary War. Engaged students in whole and small group activities both in a classroom setting and outside. Supervised students as they engaged in summer camp activities.

Cassie DeMontigny

SUMMARY:

Highly motivated and dedicated professional seeking entry level paraprofessional position. Previous work experience includes working with traditional and special education students. Strong technological skills and an understanding of analytic research and statistical analysis.

EDUCATION:

Franklin Pierce University, Rindge NH

Bachelor of the Arts in History and Education, May 2013

CERTIFICATION:

State of New Hampshire

- Paraeducator 2
- EdID # 99171

CONFERENCES ATTENDED:

North Country Education Services

Differentiating Assessment Grading in a World Common Core Standards and Accountability

WORK EXPERIENCE:

Her Excellency, Governor Margaret Wood Hassan and the Honorable Council State House Concord, NH 03301

REQUESTED ACTION

Authorize the Department of Education to exercise a renewal option to grant funds to the Family Resource Center, Gorham, NH (Vendor Code162412), originally approved by Governor and Council on 06/18/14, item #150, to continue to offer extended day programming for youth and their families, effective upon Governor and Council approval for the period of July 1, 2015 through June 30, 2016 in an amount not to exceed \$243,000.00. 100% Federal Funds.

Funding is available in account titled 21st Century Community Learning Center.

<u>FY 16</u>

06-56-56-563010-75380000-072-500577

\$243,000.00

Subject to Governor and Council approval and pending approval of the next biennium budget authorize the Department of Education to exercise a renewal option on this grant for up to three additional fiscal years.

Explanation

The United States Department of Education legislation allows for five year 21st Century Community Learning Center grants to serve youth and their families during the out of school time hours. Grants are renewed annually pending the receipt of an Annual Performance Report that indicates sufficient progress and the availability of federal funds.

> TDD Access: Relay NH 1-600-735-2984 EQUAL OPPORTUNITY EMPLOYER- EQUAL EDUCATIONAL OPPORTUNITIES

Her Excellency, Governor Margaret Wood Hassan and The Honorable Council Page Two May 26, 2015

New Hampshire anticipates a FY 2016 grant award in the amount of \$5,643,198.00 from the United States Department of Education under Title IVB, the 21st Century Community Learning Center program. This program provides grants to inner city and rural schools, community based organizations, youth development agencies and other educational agencies to provide expanded learning opportunities outside of regular school hours for children in a safe environment. The programs will offer students a broad array of additional services, programs, and activities such as tutorial services, youth development activities, drug and violence prevention, counseling programs, art, music, recreation programs, and technology education. These programs and services are designed to reinforce and complement the regular academic program of the participating students.

The program services provided by the grant cited above will be coordinated by the Family Resource Center in Gorham, NH in collaboration with the Gorham School District. This collaborative approach will serve elementary and middle school Gorham School District youth and their families.

The competition process includes: a Bidders Conference, publication of the RFP, technical support during the proposal writing process, review and scoring of the proposal by three reviewers, and award determinations based on this review process. The reviewers for all proposals include representation from: experienced 21st Century Community Learning Center and school day professionals, higher education, state agencies and community based organizations.

This is the second year of a five year grant. In the event Federal Funds become no longer available, General Funds will not be requested to support this program.

Respectfully submitted,

Vilgeman Dr. Bener

Virginia M. Barry, Ph.D. Commissioner

Grantee Initials NM Page 1 of 3 Date 1/14/15

- <u>AREA COVERED</u>, Except as otherwise specifically provided for herein, the Grantee shall perform the Project in, and with respect to, the State of New Hampshire.
 9.2.
- 4. EFFECTIVE DATE: COMPLETION OF PROJECT.
- 4.1. This Agreement, and all obligations of the parties hercunder, shall become effective on the date in block 1.5 or on the date of approval of this Agreement by the Governor and Council of the State of New Hampshire whichever is later 9.3. (hereinafter referred to as "the effective date").
- 4.2. Except as otherwise specifically provided herein, the Project, including all 9.4. reports required by this Agreement, shall be completed in ITS entirety prior to the date in block 1.6 (hereinafter referred to as "the Completion Date").
- 5. GRANT AMOUNT: LIMITATION ON AMOUNT: VOUCHERS: PAYMENT.
- The Grant Amount is identified and more particularly described in EXHIBIT B, attached hereto.
- 5.2. The manner of, and schedule of payment shall be as set forth in EXHIBIT B.
- 5.3. In accordance with the provisions set forth in EXHIBIT B, and in consideration 10. of the satisfactory performance of the Project, as determined hy the State, and as timited by subparagraph 3.3 of these general provisions, the State shall pay the Grantee the Grantee under this subparagraph 5.3 those sums required, or permitted, to be withheld pursuant to N.H. RSA 80:7 through 7-c.
- 5.4. The payment by the State of the Grant amount shall he the only, and the complete payment to the Grantee for all expenses, of whatever nature, incurred hy the Grantee in the performance hereof, and shall be the only, and the complete, compensation to the Grantee for the Project. The State shall have no 11. liabilities to the Grantee other than the Grant Amount. 11.
- 5.5. Notwithstanding anything in this Agreement to the contrary, and notwithstanding unexpected circumstances, in no event shall the total of all 11.1.1 payments authorized, or actually made, hereunder exceed the Grant limitation 11.1.2 set forth in block 1.8 of these general provisions. 11.1.3
- 6. <u>COMPLIANCE BY GRANTEL WITH LAWS AND REGULATIONS</u>. In 11.1.4 connection with the performance of the Project, the Grantee shall comply with 11.2 all statutes, laws regulations, and orders of federal, state, county, or municipal authorities which shall impose any obligations or duty upon the Grantee, 11.2.1 including the acquisition of any and all necessary permits.
- 7. RECORDS and ACCOUNTS.
- 7.1. Between the Effective Date and the date three (3) years after the Completion Date the Grantee shall keep detailed accounts of all expenses incurred in connection with the Project, including, but not limited to, costs of 11.2.2 administration, transportation, insurance, telephone calls, and elerical materials and services. Such accounts shall be supported by receipts, invoices, bills and other similar documents.
- 1.2. Between the Effective Date and the date three (3) years after the Completion Date, at any time during the Grantee's normal business hours, and as often as the 11.2.3 State shall demand, the Grantee shall make available to the State all records pertaining to matters covered by this Agreement. The Grantee shall permit the 11.2.4 State to audit, examine, and reproduce such records, and to make audits of all contracts, invoices, materials, payrolls, records of personnel, data (as that term is 12. hereinafter defined), and other information relating to all matters covered by this 12.1. Agreement. As used in this paragraph, "Grantee" includes all persons, natural or flectional, affiliated with, controlled by, or under common ownership with, the entity identified as the Grantee in block 1.3 of these general provisions.
- B. PERSONNEL.
- 8.1. The Grantee shall, at its own expense, provide all personnel necessary to perform the Project. The Grantee warrants that all personnel engaged in the 12.2. Project shall be qualified to perform such Project, and shall be properly licensed and authorized to perform such Project under all applicable laws.
- 82. The Grantee shall not hire, and it shall not permit any subcontractor, subgrantee, or other person, firm or corporation with whom it is engaged in a combined 12.3. effort to perform the Project, to hire any person who has a contractual relationship with the State, or who is a State officer or employee, elected or 8.3. appointed.
- The Grant Officer shall be the representative of the State hereunder. In the event of any dispute hereunder, the interpretation of this Agreement by the Grant 12.4
- 9. Officer, and higher decision on any dispute, shall be final.

9.1. DATA: RETENTION OF DATA: ACCESS.

As used in this Agreement, the word "data" shall mean all information and 13. things developed or obtained during the performance of, or acquired or developed by reason of, this Agreement, including, but not limited to, all studies. reports. files, formulae, surveys, maps, charts, sound recordings, video recordings, pictorial reproductions, drawings, analyses, graphic representations. computer programs, computer printouts, notes, letters, memoranda, paper, and documents, all whether finished or unfinished

- Between the Effective Date and the Completion Date the Grantee shall grant to the State, or any person designated by it, unrestricted access to all data for examination, duplication, publication, translation, sale, disposal, or for any other purpose whatsoever.
- No data shall be subject to copyright in the United States or any other country by anyone other than the State.
- On and after the Effective Date all data, and any property which has been received from the State or purchased with funds provided for that purpose under this Agreement, shall be the property of the State, and shall be returned to the State upon demand or upon termination of this Agreement for any reason, whichever shall first occur.
- The State, and anyone it shall designate, shall have unrestricted authority to publish, disclose, distribute and otherwise use, in whole or in part, all data.
- <u>CONDITIONAL NATURE OR AGREEMENT</u>. Notwithstanding anything in this Agreement to the contrary, all obligations of the State hereunder, including, without limitation, the continuance of payments hereunder, are contingent upon the availability or continued appropriation of funds, and in no event shall the State be liable for any payments hereunder in excess of such available or appropriated funds. In the event of a reduction or termination of those funds, the State shall have the right to withhold payment until such funds become available, if ever, and shall have the right to terminate this Agreement immediately upon giving the Grantee notice of such termination.
- EVENT OF DEFAULT. REMEDIES.

9.5.

- 11.1. Any one or more of the following acts or omissions of the Grantee shall constitute an event of default hereunder (hereinafter referred to as "Events of 11.1.1 Default"):
 - .1.2 Failure to perform the Project satisfactorily or on schedule; or
- 11.1.3 Failure to submit any report required hereunder: or
 - 1.1.4 Failure to maintain, or permit access to, the records required hereunder; or
- 1.2 Failure to perform any of the other covenants and conditions of this Agreement.
- Upon the occurrence of any Event of Default, the State may take any one, or 11.2.1 more, or all, of the following actions:
- Give the Grantee a written notice specifying the Event of Default and requiring it to be remedied within, in the absence of a greater or lesser specification of time, thirty (30) days from the date of the notice; and if the Event of Default is not timely remedied, terminate this Agreement, effective two (2) days after 2.2 giving the Grantee notice of termination; and
- Give the Grantee a written notice specifying the Event of Default and suspending all payments to be made under this Agreement and ordering that the portion of the Grant Amount which would otherwise accrue to the grantee during the period from the date of such notice until such time as the State 2.3. discriming that the Grantee has sured the Forent of Default shall prove the paid to
- 1.2.3 determines that the Grantee has cured the Event of Default shall never be paid to the Grantee; and
- 1.2.4 Set off against any other obligation the State may owe to the Grantee any damages the State suffers by reason of any Event of Default; and

 Treat the agreement as breached and pursue any of its remedies at law or in 2.1. equity, or both.

TERMINATION.

In the event of any early termination of this Agreement for any reason other than the completion of the Project, the Grantee shall deliver to the Grant Officer, not later than fifteen (15) days after the date of termination, a report (hereinafter referred to as the "Termination Report") describing in detail all Project Work performed, and the Grant Amount earned, to and including the date of termination.

In the event of Termination under paragraphs 10 or 12.4 of these general provisions, the approval of such a Termination Report by the State shall entitle the Grantee to receive that portion of the Grant amount earned to and including

the date of termination. In the event of Termination under paragraphs 10 or 12.4 of these general provisions, the approval of such a Termination Report by the State shall in no event relieve the Grantee from any and all Hability for damages sustained urincurred by the State as a result of she Grantee's breach of its obligations hereunder.

Notwithstanding anything in this Agreement to the contrary, either the State or, except where notice default has been given to the Grantee hereunder, the Grantee, may terminate this Agreement without cause upon thirty (30) days written notice.

<u>CONFLICT OF INTEREST</u>. No officer, member of employee of the Grantee, and no representative, officer or employee of the State of New Hampshire or of the governing body of the locality or localities in which the Project is to be performed, who exercises any functions or responsibilities in the review or

Grantee Initials Page 2 of 3

NM

Date 6/10/15

approval of the undertaking or carrying out of such Project, shall participate in 17.2. The policies described in subparagraph 17.1 of this paragraph shall be the any decision relating to this Agreement which affects his or her personal interest or the interest of any corporation, partnership, or association in which he or she is directly or indirectly interested, nor shall he or she have any personal or pecuniary interest, direct or indirect, in this Agreement or the proceeds thereof.

GRANTEE'S RELATION TO THE STATE. In the performance of this 18. Agreement the Grantee, its employees, and any subcontractor or subgrantee of the Grantee are in all respects independent contractors, and are neither agents nor employees of the State. Neither the Grantee nor any of its officers, employees, agents, members, subcontractors or subgrantees, shall have authority to bind the State nor are they entitled to any of the benefits,

15, workmen's compensation or emoluments provided by the State to its 19, employees.

ASSIGNMENT AND SUBCONTRACTS. The Grantee shall not assign, or otherwise transfer any interest in this Agreement without the prior written consent of the State. None of the Project Work shall be subcontracted or 20.

16. subgranted by the Grantee other than as set forth in Exhibit A without the prior written consent of the State.

INDEMNIFICATION. The Grantee shall defend, indemnify and hold hamiless the State, its officers and employees, from and against any and all 21 losses suffered by the State, its officers and employees, and any and all claims. liabilities or penalties asserted against the State, its officers and employees, by or on behalf of any person, on account of, based on, resulting from, arising out of (or which may be claimed to arise out of) the acts or omissions of the Grantee or Subcontractor, or subgrantee or other agent of the Grantee. Notwithstanding the foregoing, nothing herein contained shall be deemed to 22, constitute a waiver of the sovereign immunity of the State, which immunity is

17. 17.1 hereby reserved to the State. This covenant shall survive the termination of 23, this agreement.

INSURANCE AND BOND.

- The Grantee shall, at its own expense, obtain and maintain in force, or shall 17.1.1 require any subcontractor, subgrantee or assignce performing Project work to 24 obtain and maintain in force, both for the benefit of the State, the following
- 17.1.2 insurance:

14

Statutory workmen's compensation and employees liability insurance for all employees engaged in the performance of the Project, and

Comprehensive public liability insurance against all claims of bodily injuries. death or property damage, in amounts not less than \$2,000,000 for hodily injury or death any one incident, and \$500,000 for property damage in any one incident; and

standard form employed in the State of New Hampshire, issued by underwriters acceptable to the State, and authorized to do business in the State of New Hampshire. Each policy shall contain a clause prohibiting cancellation or modification of the policy earlier than ten (10) days after written notice thereof has been received by the State.

WAIVER OF BREACH. No failure by the State to enforce any provisions hereof after any Event of Default shall be deemed a waiver of its rights with regard to that Event, or any subsequent Event. No express waiver of any Event of Default shall be deemed a waiver of any provisions hereof. No such failure of waiver shall be deemed a waiver of the right of the State to enforce each and all of the provisions hereof upon any further or other default on the part of the Grantee.

NOTICE. Any notice by a party hereto to the other party shall be deemed to have been duly delivered or given at the time of mailing by certified mail. postage prepaid, in a United States Post Office addressed to the parties at the addresses first above given.

AMENDMENT. This Agreement may be amended, waived or discharged only by an instrument in writing signed by the parties hereto and only after approval of such amendment, waiver or discharge by the Governor and Council of the State of New Hampshire.

CONSTRUCTION OF AGREEMENT AND TERMS. This Agreement shall be construed in accordance with the law of the State of New Hampshire, and is binding upon and inures to the benefit of the parties and their respective successors and assignces. The captions and contents of the "subject" blank are used only as a matter of convenience, and are not to be considered a part of this Agreement or to be used in determining the intend of the parties hereto.

THIRD PARTIES. The parties hereto do not intend to benefit any third parties and this Agreement shall not be construed to confer any such benefit.

ENTIRE AGREEMENT. This Agreement, which may be executed in a number of counterparts, each of which shall be deemed an original, constitutes the entire agreement and understanding between the parties, and supersedes all prior agreements and understandings relating hereto.

SPECIAL PROVISIONS. The additional provisions set forth in Exhibit C hereto are incorporated as part of this agreement.

.

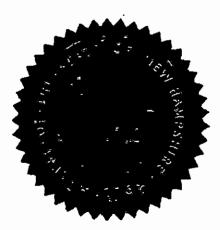

. . . .

8/2005

State of New Hampshire Bepartment of State

CERTIFICATE

. I, William M. Gardner, Secretary of State of the State of New Hampshire, do hereby certify that THE FAMILY RESOURCE CENTER AT GORHAM is a New Hampshire nonprofit corporation formed April 3, 1997. I further certify that it is in good standing as far as this office is concerned, having filed the return(s) and paid the fees required by law.

In TESTIMONY WHEREOF, I hereto set my hand and cause to be affixed the Seal of the State of New Hampshire, this 6th day of March A.D. 2015

William M. Gardner Secretary of State

CERTIFICATE OF AUTHORITY

I, Katherine Baublis, of The Family Resource Center at Gorham, do hereby certify that:

- 1. I am the duly elected Secretary/Treasurer of the Family Resource Center at Gorham Board of Directors
- 2. The following are true copies of two resolutions duly adopted at a meeting of the Board of Directors of the corporation, duly held on June 10, 2015

RESOLVED: That this corporation enters into a contract with the State of New Hampshire, acting through its Department of Education.

RESOLVED: That the President of the Family Resource Center at Gorham Board of Directors is hereby authorized on behalf of this corporation to enter into said contract with the State and to execute any and all documents, agreements, and other instruments; and any amendments, revisions, or modifications thereto, as he/she may deem necessary, desirable, or appropriate. Nathan Morin is the duly elected President of the corporation.

3. The foregoing resolutions have not been amended or revoked and remain in full force and effect as of June 10, 2015.

IN WITNESS WHEREOF, I have hereunto set my hand as the Secretary/Treasurer of the corporation this 10th day of June, 2015.

acherine Baublis

STATE OF NEW HAMPSHIRE COUNTY OF COOS

The foregoing instrument was acknowledged before me this 10th day of June, 2015 by Katherine Baublis.

Notary Public/Justice of the Peace

INDEPENDENT AUDITORS' REPORT

CERTIFIED PUBLIC ACCOUNTANTS WOLFEBORO • NORTH CONWAY DOVER • PEABROKE STRATHAM

We have audited the accompanying financial statements of Family Resource Center at Gorham, (a nonprofit organization) which comprise the statements of financial position as of June 30, 2014 and 2013, and the related statements of cash flows, and notes to financial statements for the years then ended, and the related statement of activities and statement of functional expenses for the year ended June 30, 2014.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether or not due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Family Resource Center at Gorham as of June 30, 2014 and 2013, and its cash flows for the years then ended, and the changes in its net assets for the year ended June 30, 2014 in accordance with accounting principles generally accepted in the United States of America.

Report on Summarized Comparative Information

We have previously audited the Family Resource Center at Gorham's 2013 financial statements, and we expressed an unmodified audit opinion on those audited financial statements in our report dated October 17, 2013. In our opinion, the summarized comparative information presented herein as of and for the year ended June 30, 2013, is consistent, in all material respects, with the audited financial statements from which it has been derived.

FAMILY RESOURCE CENTER AT GORHAM

NOTES TO FINANCIAL STATEMENTS FOR THE YEARS ENDED JUNE 30, 2014 AND 2013

1. ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Organization

The Family Resource Center at Gorham (the Resource Center) is a voluntary, not-for-profit corporation incorporated under the laws of the State of New Hampshire (RSA 292) and organized exclusively for tax exempt charitable and educational purposes. The principal activity of the Resource Center is to deliver programming that empowers and educates children and families so that can overcome obstacles to healthy family development while providing access to social and educational services to underserved North Country populations. Primary programs include:

home visiting programs that deliver evidence based early child development and parenting support curricula which empowers parents and gives them the motivations and skills to improve parenting and foster healthy family dynamics;

afterschool programs that supports the academic, social and emotional developmental of students in grades K-8; and,

į

÷

an IRS sanctioned Volunteer Income Tax Assistance (VITA) program that provides free tax preparation services to a continuum of the population with a focus on maximizing income tax refunds and earned income tax credits for all individuals entitled to claim such credits.

Basis of Accounting

The financial statements have been prepared on the accrual basis of accounting.

Basis of Presentation

The Resource Center is required to report information regarding its financial position and activities according to three classes of net assets: unrestricted net assets, temporarily restricted net assets, and permanently restricted net assets. The classes of net assets are determined by the presence or absence of donor restrictions.

<u>Unrestricted:</u> Net assets that are not subject to donor-imposed stipulations. Board designated unrestricted net assets consist of cash and cash equivalents which are to be used only with a specific vote of the board.

<u>Temporarily Restricted</u>: Net assets whose use is limited by donor-imposed stipulations that will either expire with the passage of time or be fulfilled or removed by actions of the Resource Center. When a donor restriction expires, that is, when a stipulated time restriction ends or purpose restriction is accomplished, temporarily restricted net assets are reclassified to unrestricted net assets and reported in the statement of activities as net assets released from restrictions. Absent explicit donor stipulations about how long long-lived assets must be maintained or the manner of their disposition, the Resource Center reports expirations of donor restrictions when the donated or acquired long-lived assets are placed in service. The Resource Center reports expirations of continuing donor restrictions regarding use or disposition of long-lived assets over the assets' expected useful lives.

<u>Permanently Restricted:</u> Net assets that are subject to donor-imposed stipulations that they be maintained permanently by the Resource Center. Generally, the donors of these assets permit the Resource Center to use all or part of the income earned on related investments for general or specific purposes.

As of June 30, 2014 and 2013, the Resource Center has unrestricted and permanently restricted net assets.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Cash and Cash Equivalents

Cash and cash equivalents include all monies in banks and liquid investments with maturity dates of less than three months. The carrying value of cash and cash equivalents approximates fair value because of the short maturities of those financial instruments.

Investments

Investments are accounted for according to Accounting Standards Codification (ASC) 958-320 Not For Profit Entities – Investments – Debt and Equity Securities. Under ASC 958-320, investments in marketable securities with readily determinable fair values and all investments in debt securities are valued at their fair values in the statement of financial position. Unrealized gains and losses are included in the change in net assets. Fair values of investments are based on quoted prices in active markets for identical investments.

Property and Equipment

Property and equipment is recorded at cost if purchased and at fair value if donated. Depreciation is computed using the straight line method over the estimated useful lives of the related assets as follows:

Furniture and equipment Leasehold improvements 5 - 15 years 20 years

The Resource Center's policy is to capitalize all assets over \$2,500 with an expected life of one year or longer. Assets sold or otherwise disposed of are removed from the accounts, along with the related depreciation allowance, and any gain or loss is recognized.

Contributions

Contributions received are recorded as unrestricted, temporarily restricted, or permanently restricted support depending on the existence and/or nature of any donor or time restrictions. A temporary restriction permits the Resource Center to use donated assets as specified for a particular purpose. Permanently restricted net assets are those that are required to be permanently maintained but income from such investments may be used for specified purposes. All donor restricted support is reported as an increase in temporarily or permanently restricted net assets, depending on the nature of the restriction. When a restriction expires (that is, when a stipulated time restriction ends or purpose restriction is accomplished), net assets are reclassified to unrestricted net assets and reported in the statement of activities as net assets released from restrictions.

Contributed Services

From time to time, the Resource Center receives donated services in carrying out the mission and fundraising activities of the Resource Center. Such donations do not meet the criteria for recognition under ASC 958 and accordingly no amounts are reflected in the financial statements for those services.

Functional Allocation of Expenses

The costs of providing the various programs and other activities have been summarized in the statement of activities. Accordingly, certain costs have been allocated among the programs and supporting services benefited.

Refundable Advances

The Resource Center records grant/contract revenue as a refundable advance until it is expended for the purpose of the grant/contract, at which time it is recognized as revenue.

Income Taxes

The Resource Center is exempt from federal income taxes under Section 501(c)(3) of the Internal Revenue Code. In addition, the Resource Center qualifies for the charitable contribution deduction under Section 170(b)(1)(a) and has been classified as an organization that is not a private foundation.

Management has evaluated the Resource Center's tax positions and concluded that the Resource Center has maintained its tax-exempt status and has taken no uncertain tax positions that would require adjustment to the financial statements. With few exceptions, the Resource Center is no longer subject to income tax examinations by the United States Federal or State tax authorities prior to 2010.

Leased Facilities

The Resource Center leases its current facility from the Town of Gorham. In lieu of rent, the Resource Center is responsible for the cost of repairs and maintenance, insurance, utilities and rubbish removal. The lease is for a 20 year period and expires on May 19, 2018. The Resource Center in turn sublets space in the facility to other nonprofit and community agencies at an average rate of \$10 per square foot. All participating organizations must provide services to a client base that is at least 66% tow and moderate income.

Grants Receivable

Grants receivable from various public and other nonprofit organizations at June 30, 2014 and 2013 were considered fully collectable and therefore no provisions for bad debts have been made in these financial statements.

Advertising

Advertising costs are expensed as incurred.

Subsequent Events

Subsequent events have been evaluated through November 5, 2014, which is the date that the financial statements were available to be issued.

Prior Year's Information

The financial statements include certain prior year summarized comparative information in total but not by function. Such information does not include sufficient detail to constitute a presentation in conformity with accounting principles generally accepted in the United States of America. Accordingly, such information should be read in conjunction with the Resource Center's financial statements for the year ended June 30, 2013, from which the summarized information was derived.

Reclassifications

Certain amounts in the prior year financial statements have been reclassified for comparative purposes to conform with the presentation in the current year financial statements.

Fair Value of Financial Instruments

ASC Topic No. 820-10, *Financial Instruments*, provides a definition of fair value which focuses on an exit price rather than an entry price, establishes a framework in generally accepted accounting principles for measuring fair value which emphasizes that fair value is a market based measurement, not an entity specific measurement, and requires expanded disclosures about fair value measurements. In accordance with FASB ASC 820-10, the Resource Center may use valuation techniques consistent with market, income and cost approaches to measure fair value. As a basis for considering market participant assumptions in fair value measurements, ASC Topic 820-10 establishes a fair value hierarchy, which prioritizes the inputs used in measuring fair values. The hierarchy gives the highest priority to Level 1 measurements and the lowest priority to Level 3 measurements. The three levels of the fair value hierarchy under ASC Topic 820-10 are described as follows:

Level 1 -Inputs to the valuation methodology are quoted prices available in active markets for identical investments as of the reporting date.

Level 2 - Inputs to the valuation methodology are other than quoted market prices in active markets, which are either directly or indirectly observable as of the reporting date, and fair value can be determined through the use of models or other valuation methodologies.

Level 3 - Inputs to the valuation methodology are unobservable inputs in situations where there is little or no market activity for the asset or liability and the reporting entity makes estimates and assumptions related to the pricing of the asset or liability including assumptions regarding risk.

At June 30, 2014 and 2013, the Resource Center's investments were all classified as Level 1 and were based on fair value.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at June 30, 2014 and 2013.

Mutual Funds: Valued at the net asset value (NAV) of shares held by the Resource Center at year end.

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Resource Center believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

2. <u>DEMAND NOTE PAYABLE</u>

In April 2013 the Resource Center entered into a revolving line of credit with a bank. The revolving line of credit provides for maximum borrowings up to \$75,000 and is collateralized by a certificate of deposit held at the same bank. The revolving line of credit, and the certificate of deposit, both renew every six months. At June 30, 2014 and 2013, the interest rate on the revolving line of credit was stated at the bank's prime rate of 3.20% and 3.15%, respectively. There was no balance outstanding at June 30, 2014 and 2013.

3. AGENCY DEPOSITS

The Resource Center serves as a fiscal agent for the Androscoggin Valley Community Partners (formerly the Berlin Area Healthcare Consortium), a collaborative effort of area health and social services agencies intended to provide health related education, information and communications to the communities of Berlin and Gorham. The amounts held on behalf ~ of the consortium as of June 30, 2014 and 2013 were \$22,177 and \$22,175, respectively

4. <u>REFUNDABLE ADVANCES</u>

Refundable advances from program grants and contract advances at June 30, 2014 and 2013 totaled \$70,122 and \$98,326, respectively.

5. CONCENTRATION OF CREDIT RISK - CASH

The Resource Center maintains cash balances that, at times, may exceed federally insured limits. The cash balances are insured by the Federal Deposit Insurance Corporation (FDIC) up to \$250,000 per bank at June 30, 2014 and 2013. The Resource Center has not experienced any losses in such accounts and believes it is not exposed to any significant risk with these accounts. At June 30, 2014 and 2013, there were no cash balances in excess of FDIC coverage.

6. UNRESTRICTED NET ASSETS - DESIGNATED

By vote of the Board of Directors funds have been designated for long term building maintenance. Unrestricted net assets designated by the board was \$9,210 and \$8,496 at June 30, 2014 and 2013, respectively.

7. OPERATING LEASE OBLIGATIONS

The Organization has entered into a one year operating lease agreement to rent satellite office space. The Organization also rents various other office space on a month to month basis. Rent expense under these agreements aggregated \$7,250 and \$6,000 for the years ended June 30, 2014 and 2013, respectively.

The approximate future minimum lease payments on the above leases is as follows:

Year Ending June 30	Amount
2015	<u>\$6,000</u>
Total	<u>\$6.000</u>

8. INVESTMENTS

Investments held in the form of mutual funds at Bank of America are stated at fair value. Realized gains and losses are determined on the specific identification method. Gains and losses (realized and unrealized) are reported in the statement of activities as increases or decreases to unrestricted net assets, except for those investments for which their use is restricted. Information on investments at June 30, 2014 and 2013 is presented as follows:

				Excess (Deficiency) f of Market	-
<u>Year</u>	Investment	<u>Cost</u>	Market <u>Value</u>	Over <u>Cost</u>	Investment Income
2014 2013	Bank of America Bank of America		\$188,804 \$183,992	\$30,029 \$18,022	\$4,1 39 \$4,9 40

9. PERMANENTLY RESTRICTED NET ASSETS

In 2007, the Resource Center established a permanent endowment fund for the organization with the intent of accumulating donations and interest earnings of one million dollars. During 2013 the Resource Center began taking allowable distributions from the fund. Per the laws of the State of New Hampshire (RSA 292-B:4), 7% of the fair market value of the endowment fund, calculated on the basis of fair market value determined at least quarterly and averaged over a period of not less than three years may be appropriated for operating account expenditures.

The Not-for-Profit Entities Topic of the FASB ASC (ASC 958-205 and subsections) intends to improve the quality of consistency of financial reporting of endowments held by not-for-profit organizations. This Topic provides guidance on classifying the net assets associated with donor-restricted endowment funds held by organizations that are subject to an enacted version of the Uniform Prudent Management Institutional Funds Act (UPMIFA). New Hampshire has adopted UPMIFA. The Topic also requires additional financial statement disclosures on endowments and related net assets.

The Resource Center has followed an investment and spending policy to ensure a total return (income plus capital change) necessary to preserve the principal of the fund and at the same time, provide a dependable source of support to help build healthier families and stronger communities.

In recognition of the prudence required of fiduciaries, the Resource Center only invests the fund in cash and mutual funds. The Resource Center has taken a risk adverse approach to managing the endowment fund in order to mitigate financial market risk such as interest rate, credit and overall market volatility, which could substantially impact the fair value of the endowment fund at any given time.

As of June 30, 2014 and 2013 the endowment fund was entirely composed of permanently restricted net assets.

Fund activity for June 30, 2014 and 2013 was as follows:

		Activity for the	
	Balances as of	Year Ended	Balances as of
	<u>June 30, 2013</u>	<u>June 30, 2014</u>	<u>June 30, 2014</u>

	<u>\$195,742</u>	<u>\$_6,112</u>	<u>\$201.854</u>

10. UNBILLED SERVICES FOR THE YEAR ENDED JUNE 30, 2013

A delay by the State of New Hampshire's Department of Health and Human Services (DHHS) in approving, before July 1, 2012, the final contract documents for four grants awarded to the Resource Center resulted in no billings under these grants for the first quarter of the year ended June 30, 2013. For the four grants impacted, it amounted to approximately \$72,000 of unbilled services. Unlike prior years when such contract delays occurred, for the fiscal year ended June 30, 2013, DHHS prohibited retroactive billing for services provided.

Dear Judy Arsenault,

I was very pleased to learn of the opening for the Project Youth GMS Afterschool Program position

I have over six years of experience as a paraprofessional at Gorham Middle School working with students who have learning disabilities. 1 provide positive reinforcement to motivate students to become successful learners in an academic environment on a daily basis. I have experience working with students in one-to-one and group settings. My experience also includes teaching students how to overcome obstacles to learning resulting in academic success. I really enjoy working with students in all age groups and have been successful in building rapport with every student I have encountered to help them become responsible citizens and successful learners.

ł

A copy of my resume is enclosed. I look forward to the opportunity for an interview concerning this position,

Sincerely, Tammy I Messineo

Shannon Lavertu

OBJECTIVE: to work in a position that would allow me to use my experience and education to assist families, and challenge me to continue to learn and develop as a person.

EXPERIENCE

August 8, 2012 to Current

Fortier Library, White Mountains community College

Library Aide

- Assisting library customers
- Manning circulation desk
- Assist library staff in maintaining and operating the library
- > Organizing and shelving materials

August 8, 2012 to Current

Academic Support Center, White Mountains community College Peer Mentor/Tutor

- Assist peers with course assignments
- Support peers in on campus activities

December 1, 2012 to May 2014

Kids Only Daycare Center

Assistant Teacher per diem

- Assist lead teacher with daily lesson plans
- Assist students with activities
- Prepare meals

Employment

2009-2011 Intake Worker for Tri-County Community Action Program in Lancaster, NH Here I scheduled appointments for clients, met with them, and worked closely with them in the completion of their application for Fuel Assistance benefits and Electric Disount eligibility. Also, I provided communication between TCCAP's main office and the clients, to address any questions, concerns, and/or requirements regarding applications.

2011-2011 Office Manager for Malletts Bay Marina in Colchester, VT

At the Marina, I was in charge of communications between the Marina Manager, Owner, mechanics, staff, and customers. Keeping up with invoicing, payroll, accounts payable, and errands were part of my daily tasks.

2011-2013 Self-Employed

During this time, I stayed home with my daughter and eventually opened my home to children during the day. I planned for and bought supplies for our scheduled weekly activities and crafts, and planned and shopped for snacks and meals. I kept logs of each childs progress with different milestones they were showing, and took notes about each child's interests. I included activities in our weeks that were specific to each child's interest. I also communicated my observations to parents, along with tracking payments and families schedules.

2013-2014 Bookkeeper/Office Manager for Landscaping With Styles in Berlin, NH My job description at the landscaping company is very extensive. I communicate frequently, daily with the owner about his finances, jobs, employees, and appointments. I'm responsible for all yearly and quarterly forms and payments, weekly time sheets and paychecks, invoicing customers for regular property maintenance, creating quotes for construction customers, invoicing construction customers for periodic installments on projects, ordering and purchasing materials, all accounts payable, customer communications, and communicating with each employee daily about schedules and expenses.

May 14, 2014

Her Excellency, Governor Margaret Wood Hassan and the Honorable Council State House Concord, NH 03301

REQUESTED ACTION

Authorize the Department of Education to grant funds to the Family Resource Center, Gotham, NH (Vendor Code 162412), to offer extended day programming for youth and their families effective upon Governor and Council approval from July 1, 2014 through June 30, 2015 in an amount not to exceed \$220,000.00. 100% Federal Funds.

Funding is available in account titled 21st Century Community Learning Center.

<u>FY 15</u>

06-56-56-562010-32770000-072-500577

\$220,000.00

Subject to Governor and Council approval, authorize the Department of Education to exercise a renewal option on this grant for up to four additional fiscal years.

Explanation

The United States Department of Education legislation allows for five year 21st Century Community Learning Center grants to serve youth and their families during the out of school time hours. Grants are annually pending the receipt of an Annual Performance Report that indicates sufficient progress and the availability of federal funds.

New Hampshire anticipates a FY 2015 grant award in the amount of \$5,643,199.00 from the United States Department of Education under the 21st Century Community Learning Center program. This program provides grants to inner city and rural schools, community based organizations, youth development agencies and other educational agencies to provide expanded learning opportunities outside of regular school hours for children in a safe environment. The programs will offer students a broad array of

> TOD Access: Relay NH 1-600-735-2964 EQUAL OPPORTUNITY EMPLOYER- EQUAL EDUCATIONAL OPPORTUNITIES

Her Excellency, Governor Margaret Wood Hassan and The Honorable Council Page Two May 14, 2014

additional services, programs, and activities such as tutorial services, youth development activities, drug and violence prevention, counseling programs, art, music, recreation programs, and technology education. These programs and services are designed to reinforce and complement the regular academic program of the participating students.

The program services provided by the grant cited above will be coordinated by the Fomily Resource Center in Gorham, NH in collaboration with the Gorham School District. This collaborative approach will serve elementary and middle school Gorham School District youth and their families.

Funding for this grant is provided by the 21st Century Community Learning Center program under Part B of Title IV of the Elementary and Secondary Education Act (ESEA) of 1965, as amended. In January 2014 the New Hampshire Department of Education issued a Request for Proposals (RFP) soliciting proposals for these funds. School Districts, Community Based Organizations, and Extended Day Programs were notified through email about the Bidders' Conference and publication of the online RFP. The projects funded demonstrated that partnerships between school districts and community based organizations have promise to help youth improve academic achievement. Fourteen proposals were received and six were funded based on a peer review process. Peer Reviewers worked in teams of three to rate proposals based on the RFP's matrix criteria. Each team had an experienced 21st Century Community Learning Center member to help steer the review and two other experienced professionals to create well-balanced teams. The twelve peer reviewers were represented by experienced 21[#] Century Community Learning Center and school day professionals, higher education, the Department of Health and Human Services, and community based organizations. A list of reviewers and the results are included in this packet.

We request a renewal option for four additional fiscal years since those selected for funding are eligible for five years of funding based on previous successful progress.

This is the first year of a five year grant. In the event Federal Funds are no longer available, General Funds will not be requested to support this program.

Respectfully submitted,

anne M. Barry

To the Board of Directors Family Resource Center at Gorham Gorham, New Hampshire

INDEPENDENT AUDITORS' REPORT

We have audited the accompanying financial statements of Family Resource Center at Gorham, (a nonprofit organization) which comprise the statements of financial position as of June 30, 2013 and 2012, and the related cash flows, and notes to financial statements for the years then ended, and the related statement of activities and statement of functional expenses for the year ended June 30, 2013.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether or not due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Family Resource Center at Gorham as of June 30, 2013 and 2012, and its cash flows for the years then ended, and the changes in its net assets for the year ended June 30, 2013 in accordance with accounting principles generally accepted in the United States of America.

NOTES TO FINANCIAL STATEMENTS FOR THE YEARS ENDED JUNE 30, 2013 AND 2012

1. ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Organization

The Family Resource Center at Gorham (the Resource Center) is a voluntary, not-forprofit corporation incorporated under the laws of the State of New Hampshire (RSA 292) and organized exclusively for tax exempt charitable and educational purposes. The principal activity of the Resource Center is to deliver programming that empowers and educates children and families so that can overcome obstacles to healthy family development while providing access to social and educational services to underserved North Country populations. Primary programs include:

home visiting programs that deliver evidence based early child development and parenting support curricula which empowers parents and gives them the motivations and skills to improve parenting and foster healthy family dynamics;

afterschool programs that supports the academic, social and emotional developmental of students in grades K-8; and,

an IRS sanctioned Volunteer Income Tax Assistance (VITA) program that provides free tax preparation services to a continuum of the population with a focus on maximizing income tax refunds and earned income tax credits for all individuals entitled to claim such credits.

Basis of Accounting

The financial statements have been prepared on the accrual basis of accounting.

Basis of Presentation

The Resource Center is required to report information regarding its financial position and activities according to three classes of net assets: unrestricted net assets, temporarily restricted net assets, and permanently restricted net assets. The classes of net assets are determined by the presence or absence of donor restrictions.

<u>Unrestricted:</u> Net assets that are not subject to donor-imposed stipulations. Board designated unrestricted net assets consist of cash and cash equivalents which are to be used only with a specific vote of the board.

<u>Temporarily Restricted:</u> Net assets whose use is limited by donorimposed stipulations that will either expire with the passage of time or be fulfilled or removed by actions of the Resource Center. When a donor restriction expires, that is, when a stipulated time restriction ends or purpose restriction is accomplished, temporarily restricted net assets are reclassified to unrestricted net assets and reported in the statement of activities as net assets released from restrictions. Absent explicit donor stipulations about how long long-lived assets must be maintained or the manner of their disposition, the Resource Center reports expirations of donor restrictions when the donated or acquired long-lived assets are placed in service. The Resource Center reports expirations of continuing donor restrictions regarding use or disposition of long-lived assets over the assets' expected useful lives.

<u>Permanently Restricted</u>: Net assets that are subject to donor-imposed stipulations that they be maintained permanently by the Resource Center. Generally, the donors of these assets permit the Resource Center to use all or part of the income earned on related investments for general or specific purposes.

As of June 30, 2013 and 2012, the Resource Center has unrestricted and permanently restricted net assets.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Cash and Cash Equivalents

Cash and cash equivalents include all monies in banks and liquid investments with maturity dates of less than three months. The carrying value of cash and cash equivalents approximates fair value because of the short maturities of those financial instruments.

Investments

Investments are accounted for according to Accounting Standards Codification (ASC) 958-320 Not For Profit Entities – Investments – Debt and Equity Securities. Under ASC 958-320, investments in marketable securities with readily determinable fair values and all investments in debt securities are valued at their fair values in the statement of financial position. Unrealized gains and losses are included in the change in net assets. Fair values of investments are based on quoted prices in active markets for identical investments.

Property and Equipment

Property and equipment is recorded at cost if purchased and at fair value if donated. Depreciation is computed using the straight line method over the estimated useful lives of the related assets as follows:

Furniture and equipment	5 - 15 years
Leasehold improvements	20 years

The Resource Center's policy is to capitalize all assets over \$500 with an expected life of one year or longer. Assets sold or otherwise disposed of are removed from the accounts, along with the related depreciation allowance, and any gain or loss is recognized.

Contributions

Contributions received are recorded as unrestricted, temporarily restricted, or permanently restricted support depending on the existence and/or nature of any donor or time restrictions. A temporary restriction permits the Resource Center to use donated assets as specified for a particular purpose. Permanently restricted net assets are those that are required to be permanently maintained but income from such investments may be used for specified purposes. All donor restricted support is reported as an increase in temporarily or permanently restricted net assets, depending on the nature of the restriction. When a restriction expires (that is, when a stipulated time restriction ends or purpose restriction is accomplished), net assets are reclassified to unrestricted net assets and reported in the statement of activities as net assets released from restrictions. The Resource Center records donor restricted contributions whose restrictions are met in the same reporting period as unrestricted support.

Contributed Services

From time to time, the Resource Center receives donated services in carrying out the mission and fundraising activities of the Resource Center. Such donations do not meet the criteria for recognition under ASC 958 and accordingly no amounts are reflected in the financial statements for those services.

Functional Allocation of Expenses

The costs of providing the various programs and other activities have been summarized in the statement of activities. Accordingly, certain costs have been allocated among the programs and supporting services benefited.

Refundable Advances

The Resource Center records grant/contract revenue as a refundable advance until it is expended for the purpose of the grant/contract, at which time it is recognized as revenue.

Income Taxes

The Resource Center is exempt from federal income taxes under Section 501(c)(3) of the Internal Revenue Code. In addition, the Resource Center qualifies for the charitable contribution deduction under Section 170(b)(1)(a) and has been classified as an organization that is not a private foundation.

Management has evaluated the Resource Center's tax positions and concluded that the Resource Center has maintained its tax-exempt status and has taken no uncertain tax positions that would require adjustment to the financial statements. With few exceptions, the Resource Center is no longer subject to income tax examinations by the United States Federal or State tax authorities prior to 2009.

Leased Facilities

The Resource Center leases its current facility from the Town of Gorham. In lieu of rent, the Resource Center is responsible for the cost of repairs and maintenance, insurance, utilities and rubbish removal. The lease is for a 20 year period and expires on May 19, 2018. The Resource Center in turn sublets space in the facility to other nonprofit and community agencies at an average rate of \$10 per square foot. All participating organizations must provide services to a client base that is at least 66% low and moderate income.

Grants Receivable

Grants receivable from various public and other nonprofit organizations at June 30, 2013 and 2012 were considered fully collectable and therefore no provisions for bad debts have been made in these financial statements.

Advertising

Advertising costs are expensed as incurred.

Subsequent Events

Subsequent events have been evaluated through October 17, 2013, which is the date that the financial statements were available to be issued.

Prior Year's Information

The financial statements include certain prior year summarized comparative information in total but not by function. Such information does not include sufficient detail to constitute a presentation in conformity with accounting principles generally accepted in the United States of America. Accordingly, such information should be read in conjunction with the Resource Center's financial statements for the year ended June 30, 2012, from which the summarized information was derived.

Reclassifications

Certain amounts in the prior year financial statements have been reclassified for comparative purposes to conform with the presentation in the current year financial statements.

Fair Value of Financial Instruments

ASC Topic No. 820-10, *Financial Instruments*, provides a definition of fair value which focuses on an exit price rather than an entry price, establishes a framework in generally accepted accounting principles for measuring fair value which emphasizes that fair value is a market based measurement, not an entity specific measurement, and requires expanded disclosures about fair value measurements. In accordance with FASB ASC 820-10, the Resource Center may use valuation techniques consistent with market, income and cost approaches to measure fair value. As a basis for considering market participant assumptions in fair value measurements, ASC Topic 820-10 establishes a fair value hierarchy, which prioritizes the inputs used in measuring fair values. The hierarchy gives the highest priority to Level 1 measurements and the lowest priority to Level 3 measurements. The three levels of the fair value hierarchy under ASC Topic 820-10 are described as follows:

Level 1 – Inputs to the valuation methodology are quoted prices available in active markets for identical investments as of the reporting date.

Level 2 - Inputs to the valuation methodology are other than quoted market prices in active markets, which are either directly or indirectly observable as of the reporting date, and fair value can be determined through the use of models or other valuation methodologies.

Level 3 - Inputs to the valuation methodology are unobservable inputs in situations where there is little or no market activity for the asset or liability and the reporting entity makes estimates and assumptions related to the pricing of the asset or liability including assumptions regarding risk.

At June 30, 2013 and 2012, the Resource Center's investments were all classified as Level 1 and were based on fair value.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at June 30, 2013 and 2012.

Mutual Funds: Valued at the net asset value (NAV) of shares held by the Resource Center at year end.

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Resource Center believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

2. DEMAND NOTE PAYABLE

In April 2013 the Resource Center entered into a revolving line of credit with a bank. The revolving line of credit provided for maximum borrowings up to \$75,000 and is collateralized by the certificate of deposit held at the same bank. The revolving line of credit, and the certificate of deposit, both renew every six months. At June 30, 2013 the interest rate on the revolving line of credit was stated at the bank's prime rate of 3.15% and no amount was outstanding.

3. AGENCY DEPOSITS

The Resource Center serves as a fiscal agent for the Androscoggin Valley Community Partners (formerly the Berlin Area Healthcare Consortium), a collaborative effort of area health and social services agencies intended to provide health related education, information and communications to the communities of Berlin and Gorham. The amounts held on behalf of the consortium as of June 30, 2013 and 2012 were \$22,175 and \$22,172, respectively.

4. REFUNDABLE ADVANCES

Refundable advances from program grants and contract advances at June 30, 2013 and 2012 totaled \$98,326 and \$72,428, respectively.

5. CONCENTRATION OF CREDIT RISK - CASH

The Resource Center maintains cash balances that, at times, may exceed federally insured limits. The balances are insured by the Federal Deposit Insurance Corporation (FDIC) up to \$250,000 at June 30, 2013. At June 30, 2012 non-interest bearing accounts

were fully insured and interest bearing accounts were insured up to \$250,000. The Resource Center has not experienced any losses in such accounts and believes it is not exposed to any significant risk with these accounts. At June 30, 2013 and 2012 there were no cash balances in excess of FDIC coverage.

6. UNRESTRICTED NET ASSETS - DESIGNATED

By vote of the Board of Directors designated long term building maintenance was \$8,496 and \$9,057 at June 30, 2013 and 2012, respectively.

7. INVESTMENTS

Investments held in the form of mutual funds at Bank of America are stated at fair value. Realized gains and losses are determined on the specific identification method. Gains and losses (realized and unrealized) are reported in the statement of activities as increases or decreases to unrestricted net assets, except for those investments for which their use is restricted. Information on investments at June 30, 2013 and 2012 is presented as follows:

			Excess (Deficiency) of Market		
<u>Year</u>	Investment	Market <u>Cost</u>	Over <u>Value</u>	Investment <u>Cost</u>	Income
2013 2012	Bank of America Bank of America	• •	\$183,992 \$174,274	\$18,022 \$11,718	\$4,940 \$4,581

8. PERMANENTLY RESTRICTED NET ASSETS

In 2007, the Resource Center established a permanent endowment fund for the organization with the intent of accumulating donations and interest earnings of one million dollars. During 2013 the Resource Center began taking allowable distributions from the fund. Per the laws of the State of New Hampshire (RSA 292-B:4), 7% of the fair market value of the endowment fund, calculated on the basis of fair market value determined at least quarterly and averaged over a period of not less than three years may be appropriated for operating account expenditures.

The Not-for-Profit Entities Topic of the FASB ASC (ASC 958-205 and subsections) intends to improve the quality of consistency of financial reporting of endowments held by not-forprofit organizations. This Topic provides guidance on classifying the net assets associated with donor-restricted endowment funds held by organizations that are subject to an enacted version of the Uniform Prudent Management Institutional Funds Act (UPMIFA). New Hampshire has adopted UPMIFA. The Topic also requires additional financial statement disclosures on endowments and related net assets.

The Resource Center has followed an investment and spending policy to ensure a total return (income plus capital change) necessary to preserve the principal of the fund and at the same time, provide a dependable source of support to help build healthier families and stronger communities.

In recognition of the prudence required of fiduciaries, the Resource Center only invests the fund in cash and mutual funds. The Resource Center has taken a risk adverse approach to managing the Fund in order to mitigate financial market risk such as interest rate, credit and overall market volatility, which could substantially impact the fair value of the Fund at any given time.

As of June 30, 2013 and 2012 the endowment was entirely composed of permanently restricted net assets.

	Balances as of June 30, 2012	Activity for the Year Ended June 30, 2013	Balances as of <u>June 30, 2013</u>

Fund activity for June 30, 2013 and 2012 was as follows:

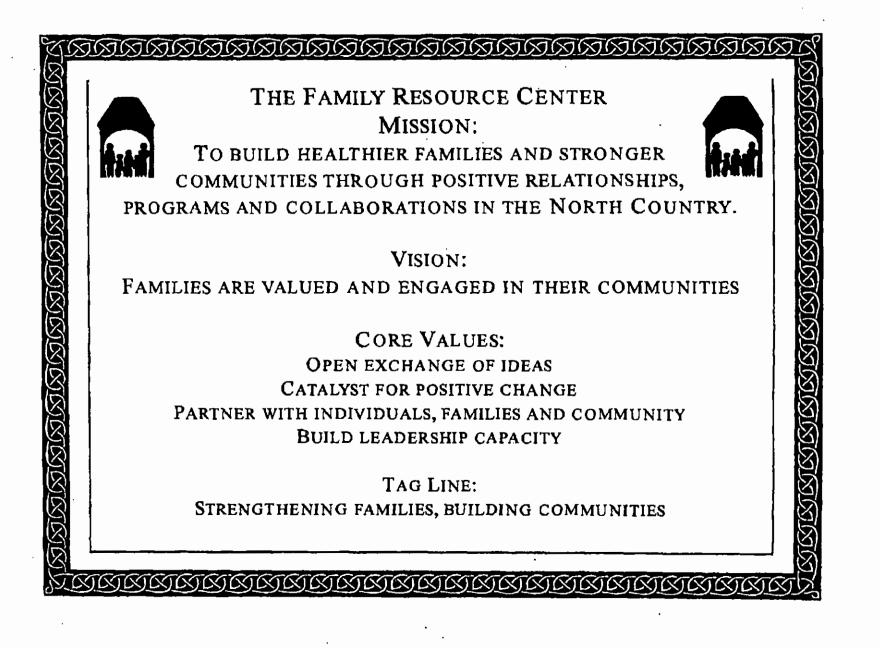

9. UNBILLED SERVICES

A delay by the State of New Hampshire's Department of Health and Human Services (DHHS) in approving, before July 1, 2012, the final contract documents for four grants awarded to the Resource Center resulted in no billings under these grants for the first quarter of the year ended June 30, 2013. For the four grants impacted, it amounted to approximately \$72,000 of unbilled services. Unlike prior years when such contract delays occurred, for this fiscal year DHHS prohibited retroactive billing for services provided.
